Mr. HARVEY of Wd. 24—Mr. President, if it is in order at this time, I would like to offer an amendment, which will possibly cover the objections which the gentleman has raised. I move to amend the order so that it will read that they be requested to provide "the sum of \$500, to be expended by the bath department for the construction only of the public landing, Dorchester Bay."

At the request of the President, Mr. Harvey reduced his amendment to writing.

The question came on the adoption of the amendment.

Mr. WATSON—Mr. President, I think, after the amendment offered by the gentleman from Dorchester, that I am perfectly willing to withdraw my objection.

Mr. HICKEY of Wd. 2—Mr. President, I am opposed to the amendment offered by the gentleman in the second division, principally on the ground that it is offensive and insulting in its language, and perfectly nonsensical in every particular. I maintain, Mr. President, that an order providing that the Board of Estimate and Apportionment be requested to appropriate the sum of \$500, to be expended for the completion of the Public Landing, Dorchester Bay, is explicit enough, and that the insertion of the word "only" is thoroughly childish, foolish and nonsensical. I am opposed to the amendment and hope that it will not be adopted. It has been said that the bath department is incompetent to spend the money entrusted to it, and that the members of the Council are on record as saying so. That statement, made by the gentleman from Wd. 18 (Mr. Watson), I do not concur with. It may be possible that some members of the Council have placed themselves on record in that line, but I wish to say that I am one of the members of this Council, and that I am proud to say that there are several other members of this Council, who believe that the bath department is competent to expend money entrusted to their charge.

Mr. WATSON—Mr. President, I think the gentleman who preceded me let the cat out of the bag. I think the bath department needs \$500 somewhere in the Ninth Congressional District. Now, I am in the position of saying that I would vote against this thing, and of again saying that I would withdraw my objection after the amendment had been offered. I think that is a proper amendment. However childish or foolish it may be, it matters not to me. A proper course of procedure is sometimes brought about by apparent foolishness. I desire to say, also, Mr. President, that although perhaps all the members of the Council did not vote to say that the bath department is not competent to expend money, I will say that all but a very few did so vote. I stand corrected to that extent. I hope that the order, as amended, will be passed.

Mr. WALKER of Wd. 25—Mr. President, it seems to me that a good way to close up this matter with satisfaction to all, and to have the thing definitely settled and in the right way, would be to have it referred to the Board of Estimate and Apportionment. I make that motion, to refer it to the Board of Estimate and Apportionment.

The motion was declared carried. Mr. Hibbard of Wd. 24 doubted the vote and asked for verification by a rising vote. The Council stood divided, but before the result was ascertained definitely the Chair declared the doubt solved, and declared the motion to refer to the Board of Estimate and Apportionment lost.

The question came on the adoption of the amendment, and it was declared not adopted. Mr. Hickey of Wd. 2 doubted the vote, and asked for a rising vote, which was taken, and the amendment was adopted, 24 members voting in the affirmative, 8 in the negative.

The order, as amended, was read a second time and passed. Mr. Hibbard of Wd. 24 moved to reconsider: lost. Sent up.

14. Ordered, That the Park Commissioners be requested to place North End Playground and North End Beach in proper condition for use during the present summer months.

Passed in concurrence.

15. Ordered, That the expense attending engrossing resolutions on the death of

the late Hon. John H. Sullivan be charged to City Council, Incidental Expenses.

Passed in concurrence.

16. An ordinance relative to the ward-room for Wd. 1.

Be it ordained, etc.:

Section 1, Chapter 32 of the Revised Ordinances of 1898 is hereby amended in section 4 by striking out, in the eighth line of said section, the words, "Chapman School-house, Tutaw St.," and inserting in place thereof the words "Emerson School-house, Prescott St."

The PRESIDENT—Under the rules the Chair will refer No. 16 to the Committee on Ordinances.

Mr. HICKEY of Wd. 2—Mr. President, I would ask the Chair to refer to the specific rule which requires that this shall be referred to the Committee on Ordinances?

The PRESIDENT—The Chair will call the attention of the gentleman to the rule which provides for the reference of all matters to the appropriate committee, or, in other words, for the reference of all ordinances to the Committee on Ordinances.

Mr. HICKEY—Mr. President, I would move a suspension of the rules that this ordinance may go upon its passage tonight. I would ask your attention and the attention of the Council to No. .. on the calendar—

The PRESIDENT—The Chair desires to state that this order has been referred, under the rule, to the Committee on Ordinances.

Mr. HICKEY—Well, Mr. President, as a matter of courtesy, I will ask the Chair to withdraw that reference.

The PRESIDENT—Mr. Hickey asks for the withdrawal of the matter from the Committee on Ordinances. Is there any objection?

(Several members objected.)

The PRESIDENT—There being objections, the Chair will declare the matter referred to the Committee on Ordinances.

17. Mayor's message transmitting a communication from the Chairman of the Trustees for Children relative to the crowded condition of the Parental School and the need of authorizing the sale of the Marcella St. Home property. The passage of the following order is urged in said message:—

Ordered, That the Trustees for Children be authorized to transfer to the Board of Street Commissioners the Marcella St. Home property, the same being no longer used as an institution for children, and that said Board of Street Commissioners be authorized, with the approval of His Honor the Mayor, to sell the same for such price, and upon such terms, as they may deem advantageous.

Referred to the Committee on Finance, on the part of the Common Council, on motion of Mr. Watson of Wd. 18.

18. Mayor's message transmitting the following order, passed by the Board of Estimate and Apportionment, June 22, the same coming down without alteration, viz:—

Ordered, That the sum of thirteen hundred dollars be appropriated, to be expended by the Bath Department in installing an electric plant at the Dover-St. bath-house; and that the City Treasurer be authorized to issue, from time to time, on the request of the Mayor, bonds of the City of Boston to said amount for said purpose.

Mr. WATSON—Mr. President, I move that further reading of the matter be dispensed with and that it be referred to the Committee on Finance.

The PRESIDENT—Does the Chair understand the gentleman to refer to the Joint Committee on Finance?

Mr. WATSON—No. The Committee of the Common Council. I desire to correct myself. I meant to refer it to the Com-

mittee on Finance on the part of the Common Council.

Mr. HICKEY of Wd. 2—Mr. President, I desire to amend the motion made by the gentleman from Wd. 13, to provide that it be referred to that Committee with instructions to report back at the next meeting of the Council.

The PRESIDENT—The Chair is somewhat in doubt as to whether that motion is susceptible to such an amendment, and would rule the amendment out of order.

Mr. HICKEY of Wd. 2—Mr. President, that is a motion that is not only made in the other branch of this government, but is a motion that I have heard made time and again at the State House, and I doubt very much if the Chair is correct in his ruling. A motion has been made to refer this matter to the Committee on Finance on the part of the Council. I merely move to amend the motion so that the Committee shall report back at the next meeting of the Council. If I am out of order, I am content to be so.

Mr. WATSON—Mr. President, I think I can give some information to the gentleman from Wd. 2 by saying that in the other branch the Chair does not recognize a motion to refer with instructions to report back at a certain date. He puts the motion as being simply to refer the matter to the Committee on Public Improvements, or to any other committee, and does not say that they shall report it back at a certain time, although that is sometimes understood, it being a fact that he does not consider it proper.

The PRESIDENT—The Chair desires to be entirely fair in this matter, and while he understands that it is the custom in the upper branch to refer matters with the understanding that they will be referred back, he understands that it is true that such a motion is there recognized as being entirely unparliamentary.

Mr. HICKEY—Mr. President, I respectfully ask for information as to what length of time the rules of this Council allow committees to consider a matter before reporting back any matter which is referred to them?

The PRESIDENT—The Chair understands that the rules provide that they shall report back within four weeks.

19. Mayor's message transmitting the following order, passed by the Board of Estimate and Apportionment, June 22, the same coming down without alteration, viz:—

The motion to refer the matter to the Committee on Finance on the part of the Council was carried.

Ordered, that the sum of fifteen hundred dollars (\$1500), formerly appropriated for a wall at Evergreen Cemetery and now lying unappropriated in the City Treasury, be, and hereby is, appropriated for a fence at the Evergreen Cemetery.

The message was placed on file and the order was passed in concurrence with the Board of Estimate and Apportionment.

20. Mayor's message transmitting the following order, passed by the Board of Estimate and Apportionment, June 22, the same coming down without alteration, viz:—

Ordered, that the additional sum of twenty-five thousand dollars (\$25,000) be appropriated, to be expended by the Water Department in extension of the water mains; and that the City Treasurer be authorized to issue from time to time, at the request of the Mayor, bonds of the City of Boston to said amount for said purpose.

Mr. CHAMBERLAIN of Wd. 12—Mr. President, I move that the reading of the matter be dispensed with and that the order be assigned to the next meeting of the Council.

The PRESIDENT—The Chair will ask the gentleman from Wd. 12 if he embodies printing the document in his motion?

Mr. CHAMBERLAIN—Yes, sir.
Mr. HICKEY of Wd. 2—Mr. President,

this is a subject of which I wish to confess at the outset that I have no particular knowledge. But I wish to call the attention of the members of the Council to the fact that in connection with every order on the calendar there is a question of right or wrong. This \$25,000 that is to be expended by the water department in connection with the extension of water mains is needed imperatively or not needed at all, and it seems to me that a motion to assign should not be made now, unless some good reason is given for it. It seems to me that some member of the Council might know about this matter and be able to explain it, although I do not know about it myself.

The PRESIDENT—The Chair desires to say, as a member of the Board of Estimate and Apportionment, the representative of this branch on that board, that the \$25,000 appropriated in the order No. 20 on the calendar is for the high service of buildings needing fire sprinkling service.

Mr. LINEHAN of Wd. 13—Mr. President, I sincerely hope that No. 20 on the calendar will not be assigned, because if there is one department out of all the departments of the city of Boston we can trust money with, it is the water department. I believe there is the only man who is capable of running a department, of all the heads of departments; and I sincerely hope that the members of the City Council will realize that at the head of the water department they have a man who knows his business, and a man who is capable of administering any kind of business, irrespective of what it is. I sincerely hope that the matter will not be assigned.

Mr. GIBBONS of Wd. 5—Mr. President, as a representative of Wd. 5, from which the head of the water department comes, I trust and sincerely hope that this Council will not assign this matter, but will pass this order for an appropriation of \$25,000 in concurrence with the Board of Estimate and Apportionment. Here is a man whose integrity and ability cannot be questioned—the head of the water department. I hope that the order will be passed tonight.

The question came on assignment.

Mr. CHAMBERLAIN—Mr. President, I have nothing at all to say against the gentleman who is at the head of the water department. But here is an order expending \$25,000, and I must confess that I have not had a chance yet to look into the matter at all to see whether it is necessary or not. Of course we expect almost any kind of an order coming from the Board of Estimate and Apportionment to go through the Board of Aldermen. It goes through there as though it were greased. But when it comes to the Common Council it seems to me on a good many matters the best thing we can do is to assign them at least until the next meeting, or until we can find out where we are at.

Almost six months of the year have gone by, and now, when we are about breaking up for the summer, in come half a dozen orders from the Board of Estimate and Apportionment, and I understand that there are more to follow which came to the Board of Aldermen today. I don't believe it is essential for the welfare of the city of Boston that this order should be passed tonight. I think that we might consider it for at least one or two weeks. If the Mayor of the city has seen fit to hold the matter back since the first of the year, it seems to me he can well afford to let it rest for one or two weeks longer, in order that some members of this body at least can have a chance to look into it.

The PRESIDENT—The Chair desires to take this time—perhaps it is perfectly proper now that the Chair should state it—to say that this \$25,000 authorized by the Board of Estimate and Apportionment is to be spent outside of the debt limit in accordance with statute law.

Mr. MULCAHY of Wd. 14—Mr. President, I trust that the matter will not be assigned. One particular reason is this, if we adjourn very soon—which we are likely to, this matter will not come back to us until we come back here next fall. Another reason seems to be that the presiding officer of this body, being a member of the Board of Estimate and Apportionment, voted there to approve of this order and gave to it his signature. It seems to me that that should satisfy the members that the order is all right, and I don't know why my friend from Wd. 12 (Mr. Chamberlain) will not agree to that. I hope the matter will not be assigned but will be passed this evening.

Mr. HICKEY of Wd. 2—Mr. President, I am glad to discover that the gentleman from Wd. 12 (Mr. Chamberlain) had no particular reason in asking for the assignment of this matter outside of his general antagonism to the democratic party and the Board of Estimate and Apportionment. I am glad too, Mr. President, that I objected to the assignment of this order, because it has, after all, brought out some information that may prompt the members of the Council to pass the order tonight and not assign it. I am of the opinion, after the debate tonight, that Mr. Murphy is a candidate for Mayor of Boston. It seems to me from the remarks of the gentleman—

The PRESIDENT—The Chair will ask the gentleman to speak to the question before the body.

Mr. HICKEY—from Wd. 13 and the gentleman from Wd. 5—

The PRESIDENT—The Chair will ask the gentleman to refrain from speaking while the Chair makes a ruling. The Chair will rule that the question being on assignment the remarks of the gentleman from Wd. 2 at this time are not in order, and will ask the gentleman to confine himself to the question before the Council, which is on assignment.

Mr. HICKEY—Mr. President, I would remind the Chair that the question was also on assignment when the gentleman from Wd. 13 (Mr. Linehan) and the gentleman from Wd. 5 (Mr. Gibbons) both passed their eulogies on Mr. Murphy to this body, and I want to go on record tonight as one who has no antagonism to Mr. Murphy, but as one who disbelieves the statement of the gentleman from Wd. 13, that he is the only head of a department in the city of Boston who knows how to manage his department, as saying a few words upon the matter. I am glad that the Chair has permitted me to make the statement after all. The statement of our representative on the Board of Estimate and Apportionment shows clearly that the money asked for in No. 20 on the calendar is a necessity, and I believe that our representative on that Board should be ready at all times to tell this body what he knows about what goes on in the Board of Estimate and Apportionment, and not accepting from a member a motion to assign a matter until that matter has been explained to this body.

The PRESIDENT—The Chair will allow no reflections—

Mr. HICKEY—Mr. President, I have concluded my speech.

The motion to assign was put, and the Chair being in doubt a rising vote was ordered. The Council stood divided and the motion to assign was declared carried, 22 voting in the affirmative and 17 in the negative.

Mr. HICKEY of Wd. 2 doubted the vote and called for the yeas and nays, which were ordered, and the motion to assign was lost, yeas 27, nays 35.

Yeas—Armistead, Atwood, Chamberlain, Cuddy, Emery, Fenton, Gibley, Hibbard, Howard, Jordan, Kiley, Klemm, Leftvith, Lorey, Lydon, MacDonald, Mansfield, Miller, Moore, O'Brien, Peck, Rolland, Simpson, Stone, Walker, Winsloe, Wood—27.

Nays—Bagley, Battis, Bordman, Bradley,

Brauer, Brennan, Broderick, Carroll, Collins, Connolly, Curley, Doherty, Donahoe, Doyle, Flynn, Gibbons, Harvey, Hickey, Johnson, Kasanof, Kelley, Linehan, Madden, Martin, Mildram, Mulcahy, Newhall, Rice, Sanderson, Stockton, Sullivan, Sweeney, Tobin, Turnbull, Watson—35.

Absent or not voting—Badaracco, Bennett, Casey, Donovan, Eddy, Horrigan, Leonard, Logan, McInerney, Nangle, Roemer, Stevens, Wells—13.

The order was passed in concurrence with the Board of Estimate and Apportionment.

The communication accompanying the order was placed on file.

21. Mayor's message transmitting the following order, passed by the Board of Estimate and Apportionment, June 22, the same coming down without alteration, viz.:

Ordered, that the Superintendent of Streets be authorized to expend nine thousand six hundred dollars (\$9,600) for asphaltting Charles St., from Fruit St. to Allen St., which amount is hereby appropriated for said purpose; and that the City Treasurer be authorized to issue, from time to time, on the request of the Mayor, bonds of the City of Boston to said amount for said purpose.

Mr. HICKEY of Wd. 1—Mr. President, I would respectfully move that the reading of No. 21 on the calendar be dispensed with, and that the president of this body, as our representative on the Board of Estimate and Apportionment, be invited to give us an account of the facts in reference to it.

The PRESIDENT—There being objection, the Chair will direct the clerk to read No. 21. If there is no objection, the communication will be placed on file.

The order was given its first reading.

The PRESIDENT—The Chair will state, for the information of the council and particularly for the gentleman from Wd. 2 (Mr. Hickey) that this appropriation is for a piece of street in front of the Mass. Charitable Eye and Ear Infirmary.

Mr. WATSON—Mr. President, I would like to ask the Chair in what ward that improvement will be? (Laughter.)

The PRESIDENT—The Chair desires to say that he understands it is in Wd. 8. (Laughter.)

The order was passed in concurrence with the Board of Estimate and Apportionment.

22. Mayor's message transmitting the following order, passed by the Board of Estimate and Apportionment June 22, the same coming down without alteration, viz.:

Ordered, That in addition to the amounts heretofore appropriated, the Trustees of the City Hospital be and hereby are authorized an additional sum of four thousand five hundred dollars (\$4,500) for new buildings, which amount is appropriated for said purpose, and that the City Treasurer be authorized to issue, from time to time, on the request of the Mayor, bonds of the City of Boston to said amount for said purpose.

The message was placed on file, and the order was passed in concurrence with the Board of Estimate and Apportionment.

23. Mayor's message transmitting the following order, passed by the Board of Estimate and Apportionment, June 22, the same coming down without alteration, viz.:

Ordered, That the order approved June 16, 1898, authorizing the Superintendent of Streets to expend \$71,000 for a new ferryboat, to take the place of the "East Boston," and appropriating for said purpose the sum of \$57,500 received from the United States government for the said ferryboat and the sum of \$13,500 from the loan authorized by chapter 435 of the Acts of 1895, be, and hereby is, rescinded; that the Superintendent of Streets, with the approval of His Honor the Mayor, be authorized to receive from the United States government the sum of \$57,500, received from the United

States government and from no other party the gunboats "East Boston" and "Governor Russell," being the former ferry-boats "East Boston" and "William E. Russell," which were purchased from the city by the United States government and converted by it into gunboats for use during the late Spanish war, and to reit the same for use as ferry-boats; that the sum of \$57.5, received from the United States government for the ferry-boat "East Boston," be appropriated toward meeting the expense of purchasing said gunboats and refitting them for use as ferry-boats, not to exceed forty thousand dollars (\$10,000), be charged to the appropriation for new ferry landing, authorized by chapter 435 of the Acts of 1895.

Mr. HARVEY of Wd. 24—Mr. President, I move that the reading of No. 23 be dispensed with.

Mr. WELLS of Wd. 16—Mr. President, I move that No. 23 be referred to the Committee on Finance on the part of the Council.

Mr. BAGLEY of Wd. 1—Mr. President, I sincerely hope that that order will not be referred to the Committee on Finance. The order is plain enough. We all understand what it is, and there is no doubt that the Ferry Department needs the boat.

Mr. HARVEY of Wd. 24—Mr. President, I hope this will not be referred to the Committee on Finance. While in general I am in favor of referring matters to committees, I think this order should be passed tonight. I understand that these boats are to be sold by the government in the near future, and I think it advisable that we pass this order. If the Ferry Department needs them, there is no question that they can buy them cheaply.

Mr. HICKEY of Wd. 2—Mr. President, as a member from East Boston, I, too, hope that this matter will not be assigned to any future meeting of the Council. I was a member of the Council last year, when this body voted unanimously to tender to the United States Government the use of these boats, and I feel that it would be a poor return for the patriotic spirit shown by the people of that district at the outbreak of the Spanish War now that the war is over to expect them to go on with the present crippled condition of the department. I hope no assignment will be had of the matter, but, inasmuch as the boats were bought directly from the United States Government, in connection with which there is no loophole for corruption of any kind, and, inasmuch as the Ferry Department is in a very poor condition, on account of being crippled for lack of boats—although in as good condition as it could be with any superintendent—I hope the order will not be assigned.

Mr. WELLS—Mr. President, as there seems to be an objection to reference, I will withdraw my motion.

The motion being withdrawn, the order was passed in concurrence with the Board of Estimate and Apportionment, and the communication accompanying the order was placed on file.

Mr. BAGLEY of Wd. 1 moved to reconsider; lost.

PLAYGROUND, MORSE FIELD.

The Council proceeded to take up No. 24, assignment, viz:—

24. Ordered, That the Superintendent of Public Grounds be authorized to hire the lot of land on Geneva Ave., between Olney St. and the New York, New Haven & Hartford Railroad, and known as "Morse Field," for temporary playground purposes, the expense of the same to be charged to the appropriation for Public Grounds Department.

The question came on giving the order a second reading.

Mr. BRENNAN of Wd. 17—Mr. President, I hope this order will be defeated for

the reasons I stated two weeks ago—that the department cannot afford to pay \$200 for this playground. That is the amount that the Councilman from Wd. 24 stated he believed was required. This district has plenty of places for the boys to play without trying to eripple that department by drawing \$200 from its treasury; and, as the money will all have to come out of the laborers of the department if the order is passed, I sincerely hope that the council will refuse to pass it tonight.

Mr. FLYNN of Wd. 17—Mr. President, I think if the members of the Council understood the financial condition of that department there would be no doubt that the order would be defeated. The appropriation for the department this year is smaller than it has been for a good many years, and even as large as it has been in the past men have had to lose from two to three and even four weeks without pay in some years. At the last of last year they were 17 weeks without any money. All of this money comes out of the laborers of the department—not out of Mr. Dogue or anyone else, but the laborers. I don't see how they can afford to appropriate any money for this playground. They haven't money enough now to run the department as it ought to be run and to do the work that they ought to do, and I sincerely hope that the order will be defeated.

Mr. MILLER of Wd. 20—Mr. President, I hope the Council will grant this privilege to that section. It is something that the children of the laborers themselves ask for. It is in a very thickly populated section, where there is no room except on the street. I hope the Council will pass the order tonight. It certainly is a necessity in that section that they have some place to go, and it is a section that does not call for very much.

Mr. WELLS of Wd. 16—Mr. President, I sincerely trust that this order will be passed here tonight. Every other part of the city of Boston has a playground, and Dorchester has only one playground—away out at Neponset. All we ask is that a small amount of money be taken from that department to hire a small lot of land for the children, and it seems to me that this antagonism for playgrounds for Dorchester should be done away with. We should have a playground for our children to amuse themselves on, the same as children of other sections of the city.

Mr. FLYNN—Mr. President, I don't feel badly because they want a playground in Dorchester—that is not what I am talking about. In regard to my friend from Wd. 20 saying this is for the laborers' children, I think bread and butter is better than a playground, because bread and butter are necessities. I think there ought to be some other way of providing the money for a playground instead of taking it from the laboring men. It is not Mr. Dogue, the head of the department, but the laborers who will lose the money. I think that they cannot afford it. I am probably as well acquainted with the department as any man in the Council, and acquainted with many of the men there. I know the condition of the department and the trials they have to go through with, and have had to go through with for the last two or three years. They have not had the money to run the department as it should be run and I don't see how it is going to be any great benefit to that department to take away still more money from them. It simply means a little pleasure and a good deal of hardship for these men. I think if the members understood this as well as I do they would feel the same as I do.

Mr. HOWARD of Wd. 20—Mr. President, I am somewhat surprised that there should be opposition to the hiring of a playground simply because it is located in Dorchester. I would like to say to the gentlemen who have opposed this, partially upon that ground, that Wd. 20 has

not a playground within its limits; and I venture to say that in the wards which the gentlemen come from they have more playgrounds and parks than we have. There was a time when Dorchester lots were open to the public, but in the past few years they have been built over and fenced in, and today the children of Dorchester have no better place to play than those of the North End—namely, the street. I hope that the opposition which has come forward here will be withdrawn and that the children will be allowed to have a playground in that section of Dorchester, which is now fast becoming very thickly settled. The people who live there are mostly laboring people, and it is their children who will reap the benefit of such an appropriation. It is certainly far better to pay a small sum for a playground in the summer than it is to compel these same laborers to pay innumerable doctor's bills in the winter time. This land is particularly well adapted to the purposes of a playground, and I certainly hope that the order will go through. I have no doubt that Alderman McDonald looked into the matter very thoroughly, and without doubt he took a good deal of advice in regard to it before he offered the order.

Mr. BRENNAN of Wd. 17.—Mr. President, I do not want to appear as antagonizing the hiring of a playground. There is nobody in this Council who is more in favor of playgrounds than I am. I wish to say to the gentleman from Wd. 20 that the boys in my district have further to go to a playground than those in his district have to go to Franklin Field or to the Locust St. ball ground, to get a playground, and we haven't any place where the boys can go and play baseball unless they play in the street. I know that the boys in the vicinity of this "Morse field" have not got more than a thousand yards to go to the most to be in Franklin Park or Franklin Field. I know the location very well and I know that it is not a very thickly populated section. I know that there is plenty of opportunity for the boys to play, and I know, also, that the appropriation for the department of public grounds cannot afford to have this money taken out of it. If there is any other place that the gentleman from Wd. 20, or from any other ward, can find an appropriation for this purpose, I am perfectly satisfied to vote for it, but I cannot see how they can vote to take this money from the appropriation of the department of public grounds. I know myself that the appropriation for the department of public grounds this year is smaller than it has been in past years, and I know that last year almost every man in the department was forced to take a vacation, with loss of pay, simply because the appropriation was so small. I do not desire to see that occur this year and that is why I oppose this order.

On motion of Mr. Flynn, the order was amended by striking out, at the end thereof, the words "public grounds department" and inserting in place thereof the words "park department."

The order, as amended, was passed. Sent up.

Later in the session Mr. Walker of Wd. 25 moved that the action on No. 24 be reconsidered.

Mr. WALKER—Mr. President, I suppose a word of explanation is in order. The shape in which this order is left is rather inconsistent. It provides, as amended and passed, that the Superintendent of Public Grounds be authorized to spend the money of another department—the Park Department. Now, this body has no right to do that—has no right to provide for the appropriation of any department's money, for that matter, and least of all to change over money from one department to another. That, of course, belongs to the Board of Estimate and Apportionment. If reconsideration prevails, I would like to offer an amendment along that line.

The motion to reconsider was carried, and Mr. Walker of Wd. 25 submitted the following:—

Moved that No. 24 on the calendar be amended by striking out the words "the Superintendent of Public Grounds be authorized to hire" and inserting instead thereof the words "Board of Estimate and Apportionment be requested to appropriate the sum of \$200 for hiring," also to strike out the words "the expense of the same to be charged to the appropriation for the Park Department."

The question came on the adoption of the amendment.

Mr. CONNOLLY of Wd. 17.—Mr. President, owing to the absence of the Councilmen who are interested in this matter, I move that it be assigned to the next meeting of the Council.

Mr. MILLER of Wd. 20.—Mr. President, I hope that assignment will not prevail. I hope the Councilman will withdraw his objection to having it acted upon tonight. The gentleman who objected before is here at the present time. This is simply asking the Board of Apportionment to pass on the matter and is not taking away the money from a department. For that reason I hope the gentleman will withdraw his motion.

Mr. CONNOLLY—Mr. President, I desire to withdraw the motion. I did not see the gentleman from Wd. 20.

Mr. Walker's amendment was adopted, and the order as amended was passed.

Mr. HOWARD of Wd. 20.—Mr. President, I move a reconsideration, trusting that it will not prevail.

The PRESIDENT—Reconsideration having already been had, it is not again in order.

Mr. WALKER—The order as amended has not been reconsidered.

The PRESIDENT—The Chair desires to say that no motion or order is susceptible of more than one reconsideration, under the rules.

25. Ordered, That His Honor the Mayor be requested to instruct the heads of departments to allow employees whose services can be dispensed with, a holiday without loss of pay, on Monday, July 3, in part compensation for their services.

Passed in concurrence.

26. Ordered, That the Board of Park Commissioners, through His Honor the Mayor, be requested to rescind the order passed by it requiring the use of lanterns on bicycles entering the park system of Boston.

The question came on the passage of the order in concurrence.

Mr. PECK of Wd. 12.—Mr. President, I had the pleasure of appearing before the board of park commissioners as a remonstrant against this regulation. I do not intend to recite here the facts relative to the advantages and disadvantages of a lantern, but I do believe that there are portions of history connected with this movement that might as well be made public. I would like first to call your attention to the fact that when this regulation was first proposed, the evident purpose was to railroad it through the commission without the remonstrants having any opportunity to be heard at all. I learned of the fact that there was to be a hearing, and asked permission to have an evening session, when I could secure enough parties who are interested in the proceedings to remonstrate. That, it seems, was not granted me, but I appeared at the hearing, and there were a number of other wheelmen who also appeared. There are several particularly interesting facts in regard to that hearing that I desire to speak of. In all cases heretofore where legislation has been asked to institute laws requiring vehicles to carry lamps, the parties who have fathered the legislation, or who have introduced it, have been parties interested in the sale of lanterns or in the manufacture of the same. Now, in this particu-

lar hearing there were two parsons present to represent the petitioner. I found that the principal petitioner was the owner of a bicycle paper, I found that the attorney representing the petitioner was an ex-editor of that paper; and I found that the sole witness that they produced at that hearing was a reporter upon that paper.

I further found that one-third of the entire advertising of that paper consisted at that time of bicycle lamp ads.—full-page and half-page ads. I find by further comparison of that paper with other bicycle sheets—taking, for instance, the L. A. W. Bulletin, which has a circulation of 60,000—that this is not true of other bicycle sheets, the entire lamp advertisement of the L. A. W. Bulletin amounting to about one third of one column. Now, in all cases where there is a public demand for legislation, it is logical to say that there must be some cause, and in this instance the cause should be accidents in the park system. To determine whether or not there were a series of accidents in the park system, I made inquiry at the Police Headquarters, and was advised by them that they did not know of a single instance in the park system of an accident which was occasioned through the fact that the wheelman did not carry a lantern, and I most earnestly protest against the passage of any law which shall inflict this upon the wheelmen, believing that there is not an actual public demand for the same.

The order was passed in concurrence.

27. Ordered, That His Honor the Mayor be authorized to convey to the United States government the land on Long Island required by the War Department for an enlargement of the parcel of land on said island already owned by the United States government and used for military purposes, at a price of \$1200 per acre.

The PRESIDENT—Under the rules, the Chair will refer the order to the Committee on Public Lands.

28. Mayor's message transmitting the following order, passed by the Board of Estimate and Apportionment June 27, the same coming down without alteration, viz:—

Ordered: That this Board having received a communication from the Mayor requesting the making of loan appropriations for the following purposes, and having prepared the following loan appropriation order, making such appropriations to be met by loan, and for such purposes as this Board deem the public necessity or convenience require, do hereby pass the same, and that to meet said appropriations the City Treasurer be authorized to issue, from time to time, on the request of the Mayor, bonds of the city of Boston, to the total amount of such appropriations, viz:—

Building Department.

Filing cases and alterations in connection with same..... \$3,500

Engineering Department.

Faneuil Hall Building, reconstruction additional..... 8,000

Street Department.

Congress St. Bridge, reconstruction 10,000
Street Improvements, General..... 75,000

Wire Department.

For carrying out the provisions of Chapter 454 of the Acts of 1894, and Acts in amendment or addition thereto, additional..... 3,500

\$100,000

The communication was placed on file, and the question came on the passage of the order in concurrence with the Board of Estimate and Apportionment and the Board of Aldermen.

Mr. CHAMBERLAIN, Wd. 12, moved that the message and order be printed and assigned to the next meeting of the Council.

The question came on assignment to the next meeting.

Mr. HICKEY—Mr. President, this is another matter which I have not had an opportunity to look into, but I feel that perhaps our President, as a member of the Board of Apportionment, and having signed the order, may be able to give us sufficient information to enable us to vote upon this intelligently tonight. As I take it, it is an order for loans which may be matters of great necessity and which may be imperative that the Council should pass the order tonight. I respectfully ask for the statement by the Chair.

The PRESIDENT—The Chair will direct the Clerk to read the order for the information of the gentleman from Wd. 2, it being self-explanatory.

(The Clerk read the order, as printed above.)

Mr. LINEHAN of Wd. 13—Mr. President, I sincerely hope that assignment will prevail. The inconsistency of the gentleman from Wd. 2 strikes me very forcibly. When there was an order introduced here the first part of the year asking for a verbatim report of the meetings of the Board of Apportionment he opposed it, but he stands here now demanding information on financial orders.

Mr. HICKEY of Wd. 2—Mr. President, before speaking on the merits of the question before this body, I would ask you to permit me to digress for a moment and to reply to the gentleman from Wd. 13 who has just resumed his seat. I did not oppose, Mr. President—

Mr. CHAMBERLAIN of Wd. 12—Mr. President, I rise to a point of order, that the gentleman is not talking to the question. The question is on assignment.

The PRESIDENT—The Chair will ask the gentleman from Wd. 2 to confine himself as much as possible to the question before the house. The Chair is unable to rule, from the remarks which he has heard the gentleman make, that the gentleman is not confining himself to the question at the present time.

Mr. HICKEY—I respectfully rise to a question of personal privilege. My question of personal privilege is this—

The PRESIDENT—The Chair ruled that the gentleman from Wd. 2 is in order.

Mr. HICKEY—Mr. President, I did not so understand. I want to reply to the gentleman from Wd. 13, and to tell him that I did not vote against publishing the proceedings of the Board of Estimate and Apportionment; but I stood here—and the minutes of the Council will bear me out in this statement—and said that I believed the city record was of sufficient importance to the members of the Council to be the means of publishing those proceedings. I also said that the reporters were admitted, and that the proceedings of the Board of Estimate and Apportionment were made known to the public, but that they were made known after the lapse of a day or two. I do not—

The PRESIDENT—The Chair is willing to allow all reasonable latitude, but will once more ask the gentleman to confine himself to the question, which is on assignment.

Mr. HICKEY—Mr. President, I am opposed to the assignment of this order, for two particular reasons. In the first place, I asked the Chair for a statement in reference to this order, for the reason that I did not believe that the members of the Council knew enough of it from hearing it read by the clerk. Moreover, on hearing it read a second time, I was able to catch that some part of it was for the work at Faneuil Hall. That appropriation must be a necessity, Mr. President. I hope that the matter will not be assigned.

The PRESIDENT—The Chair desires to state, as the representative of the Council upon the Board of Estimate and Apportionment, that the loan bill now before the Council comprises several items, amount-

ing in the aggregate to several hundred thousand dollars, of which \$75,000 is for street improvements, \$3500 for filing cases for the building department and alterations in connection with the same, \$8000 for the reconstruction of Faneuil Hall, in addition to what has already been appropriated, and \$3500 to make good an expected deficiency in the wire department. The question is on assignment.

Mr. LYDON of Wd. 13—Mr. President, I hardly think it is wise to pass an order appropriating \$100,000 without giving it some investigation. One argument that has been advanced against the Common Council is that in the past it has passed appropriation orders without giving them proper consideration and without giving them proper investigation. It seems to me that it is hardly consistent for any one to seek more power for the Common Council, and at the same time to ask that matters of this kind, involving so much money as this order does, should be passed when they come up without investigation, but simply upon asking the President of this body to give us an idea of what it is, I believe that we should go slow on matters of this kind. I was in favor of assigning the order appropriating \$25,000 for the water department—not but that I have the greatest respect for Mr. Murphy. I have the greatest respect for him, and also have great respect for several heads of departments, as well as Mr. Murphy; but I believe that it is our duty to look into matters of this kind, to see whether they are wise or unwise, and not to rush matters through—especially matters of this size. I am in favor of assignment, and I hope it will prevail.

The motion to assign was declared carried. Mr. Mulcahy doubted the vote, and asked for a rising vote, which was taken, and the motion to assign was declared carried, 37 members voting in the affirmative, 10 in the negative. Mr. Mulcahy further doubted the vote, and asked for a verification by the yeas and nays. The question was put on ordering the yeas and nays and they were declared not ordered. Mr. Mulcahy doubted the vote on ordering the yeas and nays, and asked for a rising vote, but before the result was ascertained definitely the President declared the yeas and nays not ordered.

MEMBERS PRESENT.

By direction of the President, the clerk called the roll to ascertain the attendance, with the following result:

Present—Armistead, Atwood, Bagley, Battis, Bradley, Brauer, Eroderick, Carroll, Chamberlain, Connolly, Cuddy, Donahue, Doyle, Emery, Fenton, Flynn, Gibbons, Giblin, Harvey, Hibbard, Hickey, Howard, Johnson, Jordan, Kasanof, Kelley, Killey, Kleim, Leftovich, Linehan, Logan, Lorey, Lydon, MacDonald, Madden, Mansfield, Martin, McInerney, Mildram, Miller, Moore, Mulcahy, O'Brien, Peck, Rice, Roemer, Rolland, Sanderson, Simpson, Stockton, Stone, Sweeney, Tobin, Turnbull, Walker, Watson, Wells, Winsloe, Wood—60.
Absent—Badaracco, Bennett, Bordman, Casey, Collins, Curley, Doherty, Donovan, Eddy, Horrigan, Leonard, Naugle, Newhall, Stevens, Sullivan—15.

NEXT MEETING.

Mr. PECK of Wd. 12 offered an order—That when this Council adjourns it be to meet on Thursday, July 13, 1899, at 7:45 o'clock P.M.

The question came on giving the order a second reading.

Mr. HICKEY—Mr. President, I hope that order will not pass, but that the Council will adjourn over for the summer. It seems to me that we are getting along pretty well into the warm weather, and that it is about time that we voted to take the usual summer recess. If there is anything of importance that comes up during

the summer, we will be subject to the call of the Chair.

The order was read a second time, and was declared passed. Mr. Hickey doubted the vote and asked for a verification by a rising vote, which was taken, and the order was passed, 28 members voting in the affirmative, 8 in the negative. Mr. Peck moved to reconsider; lost.

TARGET PRACTICE FOR MILITIA.

Mr. HIBBARD of Wd. 24, for Mr. Boardman of Wd. 10, offered an order—That the Superintendent of Public Buildings be hereby authorized to furnish the necessary facilities for transportation and target practice for the troops of the Massachusetts Volunteer Militia stationed in Boston during the present season, at an expense not exceeding four thousand dollars; said sum to be charged to the appropriation for Public Buildings Department.

The PRESIDENT—The Chair desires to state, for the information of the gentleman offering that order that in the annual maintenance order \$4000 was included in the appropriation for the public buildings department for rifle and target practice for the volunteer militia.

The order was read a second time, and was passed. Sent up.

PLAYGROUND—WD. 23.

Mr. BRAUER of Wd. 23 offered an order that the Park Commissioners be requested, through His Honor the Mayor, to explain to this Council why they do not purchase land for a playground in Wd. 23, as provided by law.

Referred to His Honor the Mayor.

CONDITION OF CENTRAL AVENUE BRIDGE.

Mr. HIBBARD of Wd. 24 offered an order. That the Superintendent of Streets, through His Honor the Mayor, be requested to at once put the Central Avenue bridge, Wd. 24, in a safe condition for public travel.

Referred to His Honor the Mayor.

REPAIR OF RIVER STREET.

Mr. HIBBARD of Wd. 24 offered an order. That the Superintendent of Streets, through His Honor the Mayor, be requested to request the Norfolk Suburban Street Railway Company to repair the pavement between their tracks from Pierce Sq. to Hyde Park line on River St., Wd. 24.

Referred to His Honor the Mayor.

WORK ON NORTH FERRY.

Mr. SIMPSON of Wd. 1 offered an order—That the Superintendent of Streets, through His Honor the Mayor, be requested to cause the work on the North Ferry, Boston side, to be prosecuted at night as well as in the day time, so that the same may be completed with as little delay as possible.

Referred to His Honor the Mayor.

STREET IMPROVEMENTS, Wd. 1.

Mr. SIMPSON of Wd. 1 offered an order—That the Board of Estimate and Apportionment be requested to provide the following amounts for street improvements in Wd. 1: \$1500 for completion of Princeton St., \$10,000 for resurfacing Trenton St., \$10,000 for resurfacing Falcon St.

Referred to the Board of Estimate and Apportionment.

ORDERS OFFERED FOR OTHER COUNCILMEN.

Mr. CUDDY of Wd. 8—Mr. President, I desire to offer two orders for Councilman McInerney and a resolution and order of my own.

The PRESIDENT—The Chair desires to state that he will not hereafter permit the presentation by one councilman of orders for another councilman when the other councilman is present himself. The Chair will direct the Clerk to read Mr. Cuddy's resolution and order.

THANKS TO BOARD OF POLICE.

Mr. CUDDY of Wd. 8 offered the following:—

Resolved, That the thanks of the members of the Common Council of the city of Boston be, and they hereby are, extended to the Board of Police for its courtesy in tendering to said members the use of the Police Boat "Guardian" on the occasion of their late visit to the warships in Boston Harbor.

Ordered, That the Clerk of the Common Council be hereby instructed to transmit a copy of this resolve to the Board of Police.

Passed.

SEATS ON COMMON.

Mr. TOBIN of Wd. 9 offered an order—That the Superintendent of Public Grounds be requested, through His Honor the Mayor, to replace the seats on the Tremont St. mall of the Boston Common.

Referred to His Honor the Mayor.

COLD WATER, WD. 9 GYMNASIUM.

Mr. TOBIN of Wd. 9 offered an order—That the Water Commissioner, through His Honor the Mayor, be requested to furnish cold water at the fountain situated in the building now occupied by the Wd. 9 gymnasium on Harrison Ave.

Referred to His Honor the Mayor.

PAY OF FIREMEN.

Mr. McINERNEY of Wd. 19 offered an order—That any member of the Fire Department who may contract sickness while in the discharge of his duty shall be allowed 10 days full pay and 30 days half pay thereafter, and any member who may be injured while in the performance of his duty shall be allowed 30 days' full pay and 30 days' half pay thereafter, unless in either case said member shall be sooner fully recovered.

Referred to the Committee on Fire Department.

ELECTRIC LIGHT, WD. 25.

Mr. WALKER of Wd. 25 offered an order—That the Superintendent of Lamps, through His Honor the Mayor, be requested to place an electric light at the corner of Farrington Ave. and Highgate St., Wd. 25.

Referred to His Honor the Mayor.

RULES GOVERNING PARK UNIFORMS

Mr. HARVEY of Wd. 24, for Mr. Watson of Wd. 18, offered an order—That the Park Commissioners be requested, through

His Honor the Mayor, to report to this Council as soon as convenient, the rules governing the buying and wearing of park uniforms in their department.

Assigned to the next meeting, on motion of Mr. Harvey.

TRANSFER TO CITY HOSPITAL.

Mr. HARVEY, for Mr. Watson, offered an order—That the Board of Estimate and Apportionment be requested to transfer from some fund, or make a new appropriation of \$25,000 to City Hospital Department in order that the four wards now closed may be open to patients.

Assigned to the next meeting, on motion of Mr. Harvey.

RESOLUTIONS REGARDING VISIT OF SQUADRON.

Mr. HARVEY, for Mr. Watson, offered the following:—

"Resolved, That the Common Council conveys to Admiral William T. Sampson, his officers and his men, its sincere regret that, for some reason as yet unexplained, the Chief Executive of this city failed to properly and officially receive our distinguished naval visitors on the occasion of their recent sojourn in this harbor for the first time since their gallant service in the war with Spain.

"Resolved, That the Common Council offers its profoundest apologies to Admiral Sampson, commander of the squadron, for its inability to officially atone for a conspicuous and unusual omission of municipal courtesy.

"Resolved, That the Common Council unreservedly approves of the semi-official visit made to the squadron by members of the City Council on Wednesday, June 21, and in doing so expresses the unqualified disapproval of the action of the Mayor in going outside of the jurisdiction of his position in order to prevent that visit and to humiliate this body as individuals and as a legislative branch of the city government.

"Resolved, That the thanks of the Common Council are hereby extended for the City of Boston to Ensign Bennett, U. S. N., Secretary to Admiral Sampson, for the kind and courteous attention which he paid to the visiting members of both branches.

"Resolved, That copies of these resolutions be transmitted by the Clerk of the Common Council to Admiral Sampson, to the Navy Department at Washington and to the Mayor of Boston."

Assigned to the next meeting on motion of Mr. Harvey of Wd. 24.

The clerk was about to read an order presented by Mr. Harvey when Mr. Moore of Wd. 10 rose to a point of order that there was no quorum present.

The President decided that the point was well taken, and the Council adjourned at 9.38 o'clock, p. m., to meet on Thursday, July 13, at 7.45 o'clock, p. m.

CITY OF BOSTON.

Proceedings of the Board of Aldermen.

Monday, July 3, 1899.

Regular meeting of the Board of Aldermen, held in the Aldermanic Chamber, City Hall, at 3 o'clock P. M., Chairman Barry presiding. Absent, Ald. Codman.

The board voted, on motion of Ald. Colby, to dispense with the reading of the records of the last meeting.

PETITIONS REFERRED.

The following petitions were received, and were referred to the committees named, viz.:-

Building Dept., Aid.

Charles Homer, for leave to project a barber pole at 201 Ruggles St., Wd. 19.
Morris Peyster, for leave to project an illuminated sign at 1109 Washington St., Wd. 9.

Claims.

Mrs. Sarah R. Baker, for payment to John H. Weston of the balance remaining from tax sale of estate on east side of Mascot St.

Faneuil Hall, Etc.

Ancient Order of Hibernians, for the use of Faneuil Hall May 7 to 12 inclusive, 1900.

Lamps.

William Murphy and others, for public lamps on Roswell St., Roxbury.
George Zittel, Jr., and others, for public lamps on Durant Ave., Roxbury.

Licenses.

Marclano Tranfaglia for a permit for Pauline and Nora Tranfaglia, children under 15 years, to appear at the Boston Theatre in "The Girl in the Moon."

Memorial Day.

Reports of expenses on Memorial Day of following G.A.R. Posts:-

Joseph Hooker Post 23.
Dahlgren Post 2.
Washington Post 32.

Public Improvements.

A. G. Latour, for transfer of permit granted to A. Ladd at corner of Tremont and Elliot Sts.

Frank Rogers, for leave to maintain a bootblack stand in Franklin Ave.

John Lepore, for leave to construct a bulkhead opening at 31 Thacher St., Wd. 6.

Petitions for sidewalks of artificial stone, viz.:-

W. M. Brummett, 14 Fenelon St., Wd. 20.
Joseph Green, 27 Dundee St., Wd. 10.
Mary E. Whipple, 10 and 12 Fenelon St., Wd. 20.

Catherine D. McMorrow, 6 and 8 Vale St., Wd. 15.

Alexander M. Glennie, 16 and 17 Fenelon St., Wd. 20.

Joseph Shoolman, 112-116 Chelsea St. and 1-3 Prospect St., Wd. 3.

M. C. Shea, 15 Fenelon St., Wd. 20.

Railroads.

West End Street Railway Co., for a location for double tracks on Main St., Charlestown, from a point near Cambridge St. to a point near Mishawum St.

West End Street Railway Co., for a location for double tracks in place of existing single track in Western Ave., Brighton.

Building Department.

Collas, Whitman & Co., for leave to build a wooden addition at 329 Marginal St., Wd. 2.

HEARING AT 3 O'CLOCK.

1. On petition of the West End Street Railway Company for a location for double tracks on Talbot Ave., from Blue Hill Ave. to the tracks of said company on Washington and Norfolk Sts., Dorchester, with the right to use the overhead electric system thereon.

No objections. Referred to the Committee on Public Improvements, on motion of Ald. McDonald. Later in the session, on motion of Ald. McDonald, the reference to the Committee on Public Improvements was rescinded and the matter was referred to the Committee on Railroads.

PAPERS FROM COMMON COUNCIL.

2. Ordered, That the Superintendent of Public Buildings be hereby authorized to furnish the necessary facilities for transportation and target practice for the troops of the Massachusetts Volunteer Militia stationed in Boston, during the present season, at an expense not exceeding four thousand dollars; said sum to be charged to the appropriation for Buildings Department.

Referred to the Committee on Armories, on motion of Ald. Berwin.

3. The following order was sent up for concurrence in its reference to the Board of Estimate and Apportionment:

Ordered, That the Board of Estimate and Apportionment be requested to provide the following amounts for street improvements in Wd. 1:

\$1,500 for completion of Princeton St.
\$10,000 for resurfacing Trenton St.
\$10,000 for resurfacing Falcon St.

Passed in concurrence.

4. Ordered, That the (A) Superintendent of Public Grounds be authorized to hire (B) the lot of land on Geneva Ave., between Olney St., and the New York, New Haven & Hartford railroad, and known as Morse Field, for temporary playground purposes; (C) the expense of the same to be charged to the appropriation for Public Grounds Department.

The foregoing order, which was passed by this Board June 12, comes up concurred with these amendments: Strike out all between A and B and insert in place thereof, "Board of Estimate and Apportionment be requested to appropriate the sum of \$200 for hiring," and strike out all between C and D.

Passed in concurrence.

5. Ordered, that the Board of Estimate and Apportionment be requested to provide the sum of (\$500) five hundred dollars, to be expended (A) for the completion (B) of the Public Landing, Dorchester Bay.

The foregoing order, which was passed by this Board June 26, comes up concurred with this amendment:

At A insert "by the Bath Department," and at B insert "only."

Passed in concurrence.

UNFINISHED BUSINESS.

The board voted, on motion of Ald. Berwin, to act on Nos. 6 and 7 together, viz.:-
Action on appointments submitted by the Mayor.

6. Austin Bigelow, Thomas A. Dunn, Charles E. House and Thomas F. Malone, to be Constables for the term ending April 30, 1900.

7. William M. Robinson, to be an Inspector of Pressed or Bundled Hay and Straw for the term ending April 30, 1900.

The question came on confirmation. Committee Ald. Berwin and Dixon. Whole number of ballots, 11, yes 10, no 1, and the several appointments were confirmed.

PROJECTION OF SIGNS.

Ald. DAY, for the Committee on Building Dept. Aid., submitted a report on the petition of James A. Watson and Co. for leave to project a sign at 11 Change Ave.

and Corn Ct., Wd. 7.—Recommending that leave be granted.

Report accepted, leave granted on the usual conditions.

Ald. BERWIN presented the petition of The New England Mutoscope Co. for leave to project a sign at No. 11 Tremont Row.

On motion of Ald. Berwin, the board voted to suspend the rules, and grant leave on the usual conditions.

Ald. DOYLE presented the petition of John Bonnowro for leave to project a sign at 46 Northampton St., Wd. 12.

On motion of Ald. Doyle, the Board voted to suspend the rules, and grant leave on the usual conditions.

MINORS' LICENSES.

Ald. COLBY, for the Committee on Licenses, submitted reports recommending that licenses be granted to 20 newsboys and 5 bootblacks.

Report accepted, licenses granted on the usual conditions.

ELECTRIC WIRES.

Ald. DOYLE, for the Committee on Electric Wires, submitted a report on the petition of The New England Telephone and Telegraph Co. (recommitted April 12) for leave to erect poles in Gladstone and Walley Sts.—Recommending the passage of the following:—

Ordered, That permission be granted to The New England Telephone and Telegraph Co. of Mass. to place and maintain poles for the support of wires at points designated by red dots on a plan deposited in the office of the Superintendent of Streets, made by G. H. Dresser; said poles to be located as follows:—

Gladstone St., Wd. 1, four, 35 ft. high, 13 in. in diameter; width of sidewalk, 8 ft.; Walley St., Wd. 1, 1, 35 ft. high, 13 in. in diameter, width of sidewalk, 8 ft. Date of plan, March 17, 1899.

The Superintendent of Streets is hereby authorized to issue permits for opening and occupying streets for placing and maintaining said poles on the conditions specified in chapter 33, section 15, of the Revised Ordinances of 1893.

The work of locating said poles to be completed within ninety days from the date of the passage of this order.

Report accepted, order passed, under a suspension of the rules.

TALBOT AVE. TRACKS.

Ald. DIXON, for the Committee on Railroads, submitted a report on the petition of the West End Street Railway Company (referred today) for a location for double tracks on Talbot Ave.—Recommending the passage of the following:—

Ordered, That in addition to the rights heretofore granted the West End Street Railway Company to lay down tracks in the streets of the City of Boston, said company shall have the right to lay down, maintain and use double tracks on Talbot Ave., from and connecting with the existing tracks of said company on Blue Hill Ave., to and connecting with the existing tracks of said company on Washington St. and Norfolk St., with necessary curves, cross-overs and connections; said tracks and turn-outs being shown by red lines on a plan made by A. L. Plimpton, dated May 22, 1899, and deposited in the office of the Superintendent of Streets.

The right to lay down the tracks located by this order is upon condition that the whole work of laying the same, the form of rail to be used, and the kind and quality of material used in paving said tracks, shall be under the direction and to the satisfaction of the Superintendent of Streets, and shall be approved by him. Also upon condition that said West End Street Railway Company shall accept this order of location, and shall agree, in writing to comply with the conditions herein contained, and shall file said accept-

ance and agreement with the City Clerk within thirty days from the passage of this order; otherwise it shall be null and void.

The whole work of laying the said tracks to be completed within six months from the date of the passage of this order.

Ordered, That the consent of the Board of Aldermen be hereby granted to the West End Street Railway Company, to establish and maintain the electric system of motive power in the operation of its cars in the City of Boston, by the overhead system, so called, on Talbot Ave., from Blue Hill Ave. to Washington St. and Norfolk St., with necessary connections with existing system of said company.

And permission is hereby granted to the said West End Street Railway Company, to erect, maintain and use such wires and iron poles, of the height of not less than 20 feet, at the places indicated by red circles or dots on the plans filed in the office of the Superintendent of Streets, as may be necessary to establish and maintain said overhead electric system of motive power.

The rights herein granted are upon condition that the whole work of constructing the same, and the kind and quality of material used, shall be under the direction and to the satisfaction of the Superintendent of Streets, and be approved by him.

Also, upon condition that nothing herein contained shall be deemed a limitation or waiver of any rights now possessed or that may hereafter be conferred on the Board of Aldermen of the city of Boston, to make rules and regulations pertaining to the operation and maintenance of the electric system, and the running of electric cars in the city of Boston.

Also, upon condition that said railway shall accept this order and agree to comply with the conditions herein contained, and shall file such acceptance and agreement with the City Clerk within 30 days from the passage thereof; otherwise it shall be null and void.

Report accepted; order passed, under a suspension of the rules.

MILL POND NUISANCE.

Ald. McDONALD submitted the petition of M. V. Dunning and others for the abatement of the Mill Pond nuisance in Wd. 2., and in connection with the same offered an order—That His Honor the Mayor be requested to grant a hearing on the nuisance at Mill Pond in Wd. 2., as per petition.

Passed.

EAST BOSTON TUNNEL.

Ald. DAY offered an order—That the Board of Transit Commissioners be requested to prepare plans for the construction of a tunnel to East Boston in accordance with decision of the Supreme Court recently rendered and that they be further requested to commence the construction of said tunnel at the earliest date possible, in order that the citizens of East Boston may be properly and quickly provided with rapid transit.

Passed.

REMOVAL OF TREE.

Ald. DAY offered an order—That the Superintendent of Public Grounds, through His Honor the Mayor, be requested to trim a tree in front of 319 West Fourth St., Wd. 13; the expense of same to be charged to the appropriation for Public Grounds Department.

Passed, under a suspension of the rules.

USE OF AUSTIN SCHOOL.

Ald. DAY—Mr. Chairman, as we are not going into Public Improvements, I would like to ask unanimous consent to have a

matter taken out from that committee. The order reads:—

"Ordered, That the Austin schoolhouse on Paris St., East Boston, which was surrendered by the School Committee Feb. 12, 1895, be transferred from the custody of the Street Commissioners to the custody of the School Committee, the use of said building for school purposes being again required."

Now, Mr. Chairman, they are tearing down the Chapman schoolhouse in that district, and they need this school in order to provide for the children while it is being rebuilt. This order should be passed at once, and I ask unanimous consent to have it withdrawn from the committee and brought before the board for action.

The board voted to withdraw the order from the committee on Public Improve-

ments, and the order was passed. Sent down.

—
NEXT MEETING.

Ald. BERWIN offered an order— That when this board adjourns it be to meet on Monday, July 17, 1899, at 3 o'clock, P. M., and that all hearings assigned for a prior date be postponed accordingly.

Passed.

—
GENERAL RECONSIDERATION.

Ald. BERWIN moved a general reconsideration of all votes taken today, trusting the same would not prevail. Lost.

Adjourned, on motion of Ald. Fresho, at 3:30 P. M., to meet on Monday, July 17, 1899, at 3 o'clock P. M.

CITY OF BOSTON

Special Meeting of the Board of Aldermen.

Wednesday, July 12, 1899.

Special meeting of the Board of Aldermen, held in the Aldermanic Chamber, City Hall, at 1 o'clock, P.M., Chairman Barry presiding. Absent—Ald. Codman.

The Clerk read the call as follows:—

Mayor's Office, City Hall,
Boston, July 10, 1899.

To the Members of the Board of Aldermen:—

You are hereby requested to assemble in the Aldermanic Chamber on Wednesday, July 12th, at 1 P.M., for the purpose of acting upon the question of adopting a site for a new engine house for the use of Engine Company No. 22.

Yours respectfully,

Josiah Quincy, Mayor.

Placed on file.

SITE FOR ENGINE CO. 22.

The following was received:—

Mayor's Office, City Hall,
Boston, July 12, 1899.

To the City Council:—

I transmit herewith a copy of an opinion given by the Corporation Counsel to the Board of Estimate and Apportionment relative to the order for the purchase of a site for Engine Company No. 22. It appears by this opinion that the appropriation has taken effect, but that the Fire Commissioner has not authority to expend it until the proposed site is approved by vote of the City Council. The option for the purchase of this parcel of land was originally secured by the Board of Apportionment to run for the term of 40 days; it has already been once renewed for ten days, and I have now secured a second extension of the option up to July 20th, and it probably cannot be further renewed.

The unanimous conclusion of the Board of Apportionment was that this site was the most economical one available, and in view of the necessity of deciding this matter one way or the other, owing to the near expiration of the option, I respectfully ask the Board of Aldermen to take action upon it. I transmit herewith a draft of a suitable order for this purpose, and I desire to call attention to the fact that, as the appropriation has gone into effect and can be expended only for the purchase of this particular parcel of land, it will be necessary to rescind the appropriation order and pass a new one before action could be taken looking to the purchase of any other site. In view of the past difficulties which have been encountered in attempting to select a site for this engine company, I feel that it is almost hopeless to attempt to secure favorable action upon any other site this year, and that if the City Council is unwilling to approve the site in question, the present unfortunate conditions, under which a large amount of valuable property is exposed unnecessarily to extra fire risk, will be indefinitely continued. Respectfully submitted,

Josiah Quincy Mayor.

City of Boston,
Law Department,
73 Tremont St.

Boston, July 6, 1899.

Board of Estimate and Apportionment:—

Gentlemen:—In reply to your inquiry as to "whether the order passed by the Board on May 22, authorizing the Fire Commissioner to expend for the purchase of land on Warren Ave. adjoining the English High and Latin School building on the northeast side, containing a lot 7500 feet, and to erect an engine house thereon, the amount of \$55,000 received for the engine house on Dartmouth St., formerly used by engine 22, takes effect 30 days from its sub-

mission to the City Council," I have to say that, I find from an inspection of the records that the order did not pass through either branch of the City Council, but became an appropriation for the purpose stated by the expiration of 30 days, under the provisions of Chapter 434, Act of 1898.

I add further, to prevent any misunderstanding, that this order cannot give the Fire Commissioner power to purchase the land or to erect the engine house. The City Council has the power of determining where its buildings shall be placed, and if the order had passed through each branch without any alteration being made in it, I should construe it as being an approval of the site stated in the order, and as giving the Commissioner the said power, but as it is, he will not have such authority until the City Council has given it.

Respectfully,

Andrew J. Bailey,
Corporation Counsel.

City of Boston,

In Board of Aldermen,

July 12, 1899.

Ordered—That the City Council hereby approves as a site for an engine house the lot of land on Warren Ave. adjoining the English High and Latin School building on the northeast side, and containing about seventy-five hundred square feet, and authorizes the Fire Commissioner to purchase the said land for said purpose.

Ald. PRESHO—Mr. Chairman, I move reference of this matter to the Joint Committee on Fire Department. I understand that that committee is to have a meeting tomorrow, and, inasmuch as the other order has been referred to that Committee, I think it is only fair that it should consider this order.

Ald. COLBY—Mr. Chairman, I feel that the time has come when the Board should express some decided opinion one way or the other as to what it proposes to do with this engine house site. I am well aware that there has been an order referred to the Joint Committee, but it seems to me this is a matter which requires the action of the Board of Aldermen and the Common Council, and I wish that we might do something here today which would be final one way or the other, so far as this Board is concerned, and then let the Council act upon it tomorrow night. This is rather an important matter, and as time passes by people owning property in that vicinity are beginning to ask whether or not they are to have adequate protection. Personally I will not vote for the order sent in by the Mayor. I do not believe in that site at the price it is proposed to pay for it, and when the merits of the matter come up for discussion I propose to have something to say. I do not intend to cast reflections on the Joint Committee on Fire Department and am perfectly willing to let the matter go there, except that it will make some delay. I understand there is a meeting of the Committee tomorrow, and even if they report to the Common Council Thursday night the matter will then have to wait until another meeting of the Board before it can be passed upon. I hope the Committee on Fire Department will not consider that we are trampling on any of its prerogatives or rights if we take some action today, letting the Council act on the matter tomorrow night. Still, if the members of the Board insist that it is a proper thing to refer the order to the Committee, I have no serious objections, except that it will occasion several weeks' more delay in the matter, and personally I would like it passed upon one way or the other today. If the order which now stands before us is to be passed by the Board, let us pass it now, so that it will go to the Council tomorrow night. If we are to reject it, let us reject it now, and the Board of Estimate and Apportionment can then go out and try to show a little

better real estate knowledge than they have shown up to date.

Ald. McDONALD—Mr. Chairman, I admire the position taken by His Honor the Mayor in calling the Board together to-day, for I believe the people of the Back Bay should have an engine house there as soon as possible. In order to state the matter as it stands before the Fire Department Committee, I will say that the communication was first referred by the Board to the Committee on Public Improvements on the 22d of May. It remained in the Committee on Public Improvements until the 9th day of June, if I am not mistaken, and was referred at that time to the Committee on Fire Department. On the 23d of June the Committee on Fire Department was called together and decided to visit the several sites suggested on the 27th of June. The Committee met on the 29th of June at a special meeting held on that day, which we all remember, to make a report, no doubt, on the selection of a site for the purpose, when a legal question presented itself and we were obliged to ask the opinion of the Corporation Counsel. He decided that the subject should be referred to the Joint Committee on Fire Department. The Common Council has not concurred in the reference as yet, as I understand it, and so, anticipating the action of the Common Council tomorrow evening, the Committee on Fire Department will meet tomorrow afternoon at two o'clock to look into the matter, and will be able to report as to the site on next Monday, if the committee can come to any conclusion. Personally I stand ready to report a site here at this meeting, but it would not be a report from the Fire Department Committee. It would be a report from myself alone. So it will be necessary, of course, to wait until the joint committee meets. We have done everything possible in the matter, Mr. Chairman, and we cannot act until the subject matter is legally before us.

The CHAIRMAN—The Chair will say, for the information of the alderman, that he is laboring under a mistake. Either branch can refer a subject to a committee, and the committee can report to that branch upon it and it can then be considered. The rules stand in this wise, that either body can refer directly a subject matter to a joint committee for consideration.

Ald. McDONALD—Mr. Chairman, I will say that I read carefully Rule 8 of the Rules and Orders of the City Council, which provides in regard to matters being referred to the different committees. Now, as we have referred that matter to the Joint Fire Department committee, it certainly stands to reason under the rules, as I interpret them, that it should go to the Joint Committee, when the Common Council concurs in the reference. Of course, our order might go to the Common Council and they might lay it on the table or possibly refer it to another committee, and we would therefore be unable under the ruling of the Corporation Counsel to have the joint committee on Fire Department act on the matter at all. It is for that reason, sir, that I refused to call a meeting of the joint committee on Fire Department until I could see my way clear, under rule 8 of the joint rules of the City Council. Now, in regard to the sites referred to here in the communication from His Honor the Mayor and the Board of Estimate and Apportionment, I wish to say that I am decidedly opposed to that site. I have looked the ground over carefully, and have a site in mind, which I do not wish to mention now, because I think it would be taking undue advantage of the Joint Committee on Fire Department, and I will give my opinion as to a site to that committee. There are several locations, and I have always believed that the people who lived in a locality the year around are the best judges of

the site for an engine house. I have visited several engine houses in Boston, and I must say that in the past the best locations for engine houses in the city of Boston have not been secured. I know of only two good places in Boston where engine houses are located—down in Fort Hill Sq., where they have plenty of room around the engine house, and out in Roxbury, at the corner of Quincy St. There may be a few others. I am decidedly opposed to the recommendations of His Honor the Mayor and the Board of Estimate and Apportionment because I believe the engine house site should be selected at the corner of two streets, where there will be plenty of room and light, and where the house will be an ornament to the neighborhood. I will refrain from entering into any long debate on this subject, waiting until the question is fairly before the City Council.

The CHAIRMAN—The Chair will say, for the information of the alderman, who is chairman of the Joint Committee on Fire Department, that rule 8 of the joint rules reads as follows:—

“Either branch of the City Council may commit or recommit to a joint committee.”

Ald. COLBY—Mr. Chairman, as I understand it, the issue here is extremely narrow, and I don't see what there is before the Committee except this: From the information we now have it appears that the Board of Estimate and Apportionment has taken certain action, and has appropriated money for a certain site. The only question now is, will the City Council approve the action of that Board? That is all there is to it. It would make no difference if the Committee had the matter before them for a month and had all the facts. It is not a question now of whether there is a better site, but the question is simply this—will the city council approve that order? Now, why cannot we act upon this proposition? We know whether we will approve it or not, and let us act. If the city council will not approve the proposition submitted, let it take action on its own account. But there is no need of referring this to any committee, because the committee cannot assist us. It has come down to this, that the Board of Estimate and Apportionment has taken action in favor of a certain site, and it now comes before us for our approval. If we approve it, all right, that ends it. If we do not approve it, the matter still remains open, remaining as it has been until we take some action.

Ald. DOYLE—Mr. Chairman, do I understand that this matter is now in the Committee on Fire Department or in the hands of this Board?

The CHAIRMAN—The subject referred to in the communication from His Honor the Mayor and the subject now in the hands of the Joint Committee on Fire Department are practically one and the same. The Mayor has called the attention of the Board to the fact that he has received an additional option, in connection with this land referred to.

Ald. DOYLE—Mr. Chairman, can this Board take any action today, without waiting for the action of the Committee on Fire Department?

The CHAIRMAN—It is in the power of the Board to take action upon this matter at any time, it being a new order.

Ald. DOYLE—Mr. Chairman, as a member of the Board who lives in that district, I am very anxious that something should be done in the way of getting an engine house for that section of the city. Whether or not we do anything today I suppose depends somewhat on whether the Committee on Fire Department wants to report today or not.

Ald. Presho's motion, that the communication and order be referred to the Committee on Fire Department, was declared carried.

Ald. COLBY—Mr. Chairman, I most respectfully doubt that vote. My purpose is

th's: If you refer this to the Joint Committee you simply tie it up so much longer. Now, you have kept it tied up there about a year. It is not fair to property owners. They are entitled to some protection. The engine they had there has been taken away. You know today as well as you will know a week or a month from today what you are going to do with the order. Now, why not come out squarely today and say what we are going to do with it, without referring it to the committee? If it is referred to the committee, the committee can give no assistance. It is not for the committee to recommend another site. The whole question is, will the committee recommend that we accept that site up there? I suppose most of the members of the Board have heard enough about the matter so that, with all due respect to the Committee on Fire Department, they will have opinions of their own to express when the time comes. Why is it not well to express our opinions today on the merits of the order, rather than to have the matter tied up? I hope the roll call will develop the fact that a majority of the members of the Board are willing to have the issue decided right here.

Ald. McDONALD—Mr. Chairman, I think this should go to the Joint Committee on Fire Department. It is a subject matter that they have been examining into. As far as the site selected by the Board of Estimate and Apportionment is concerned, I am at perfect liberty to say this afternoon that if it comes to a vote I shall be recorded against selecting that site. If the alderman from Wd. 12 (Ald. Colby) desires that brought up, that is the way I will vote on the question this afternoon.

Ald. COLBY—Mr. Chairman, that is the only issue there is here. The Committee cannot recommend a site—it is not within their power. The Board of Estimate and Apportionment has recommended a certain site. The only question is whether we shall approve or disapprove that action. That is the only issue. The alderman will appreciate the fact that, no matter how many hearings or investigations are given in the matter, it comes down to that one issue. We might as well decide that issue here as anywhere else. For instance, if it should appear on a vote here that a majority of the members are not in favor of the Warren Ave. site, that settles it, because it is a matter that requires concurrent action, and any action the Council might take thereafter would make no difference. If we disapprove the site, that settles it. It will then be for the Board of Estimate and Apportionment to find some site that we will accept, and it seems to me the sooner we get to that point the better.

Ald. PRESHO—Mr. Chairman, I made the motion to refer because I thought the sooner the matter was referred to the Committee of both branches to look into the quicker we would be able to arrive at some decision. I think the City Council should name some good site, which can be procured at a reasonable figure. However, if the question comes on the Warren Ave. site, I shall vote against it, because I don't think it is a proper site.

Ald. O'TOOLE—Mr. Chairman, I think the alderman from Wd. 12 (Ald. Colby) has the right idea of this subject. I think if this matter goes today to the Committee on Fire Department things will simply go along the same as they have for several months. My opinion is that if we can take the Yarmouth St. site and save \$20,000, we should vote for that site, rather than for the one on Warren Ave. But I hope this will not go to the Committee. I want to vote upon the matter one way or the other this afternoon. I think we can expedite matters in that way rather than by referring it to the Committee on Fire Department.

Ald. ADAMS—Mr. Chairman, I am perfectly willing and ready to vote on this matter here today. I am free to say that I am opposed to the Warren Ave. site on account of the cost as compared with other sites which are equally good. It seems to me, however, that Ald. Colby is mistaken in his opinion when he says that the Board has nothing to do with the selecting of another site. If I understand the matter correctly the city council has the selecting of this site. The Board of Estimate and Apportionment can appropriate any sum of money it sees fit for a site, but we have a right to use our judgment in the selection of the site—just the same as the School Committee pick out different school lots, the Board of Estimate and Apportionment appropriating the money to purchase them with. I think it is within our province to select the site, and I believe it is the duty of the Committee on Fire Department to investigate the matter and report to this body or the City Council.

Ald. DOYLE—Mr. Chairman, I am prepared to vote on this matter today myself, but I don't want to vote against this site on Warren Ave. until I find that there is some better site. I was opposed at the start to this site on Warren Ave., because I thought we might be able to get a location at the corner of Dartmouth St. and Warren Ave., near the High School. But I have since learned on good authority that we cannot take that on account of its being held by the School Committee for school purposes. I think if we could get that site it would be much better than the one they are now looking at or talking about. But if we cannot get that, as it seems, I think we ought to hold this until the best site is picked out. I don't think it is fair to vote this order down today. Let it go over to Monday, or for a week or ten days, and have a hearing.

Ald. McDONALD—Mr. Chairman, certainly the Committee on Fire Department can consider what is the best site, and under the new law passed the 15th of May, and approved by His Excellency the Governor, we can pick out the site and can instruct the Street Commissioners of Boston to seize it under that law. The Board of Estimate and Apportionment will then have absolutely nothing to do in the matter except that His Honor the Mayor would be obliged to approve of the doings of the Street Commissioners under that act, as I read it.

Ald. DAY—Mr. Chairman, I understand the law as Alderman McDonald does, that the City Council can pick out the site; but I see no reason why we should not take a vote this afternoon. As a member of the Committee, I am ready to vote against the site selected by the Board of Estimate and Apportionment. The Committee has examined the different sites, some of the members have expressed their opinion as rather against this site, and I see no reason why we should not vote upon this matter now.

Ald. COLBY—Mr. Chairman, in regard to the remarks of Alderman Adams as to the opinion of the Corporation Council in this particular matter, I will simply say that the Board of Estimate and Apportionment has gone so far as to set apart the money for this particular purpose, this particular site. Now, we can either reject or approve this order today. If we reject it, we can then go to work and consider other sites. On the other hand, if we refer this to the Joint Committee, whatever that committee does will amount to nothing. As presented to us today, the question simply comes on that particular site, and we can vote to reject it or approve it today as well as at any time. That is the point. If we reject it, the Joint Committee will still have the matter before it and can find a site if it wants to. I will say to the Alderman from my section of the city that I don't

think the city will have any difficulty, as long as it stands ready to pay twice the assessed valuation, in obtaining a suitable lot for an engine house. I live up in that section, and I know there is plenty of land that can be bought for twice its assessed valuation. There is no difficulty whatever in doing it. Let us put ourselves on record one way or the other on this site. If this is killed, the Committee can start out tomorrow and find another site.

The motion to refer to the Joint Committee on Fire Department was lost, yeas 5, nays 6.

Yeas—Ald. Barry, Berwin, Dixon, Doyle, McDonald—5.

Nays—Ald. Adams, Brick, Colby, Day, O'Toole, Presho—6.

The question came on the passage of the order as submitted in the communication.

Ald. BERWIN—Mr. Chairman, I trust that this matter will not be passed upon this afternoon. The Committee on Fire Department has the matter under consideration, and I hardly think it will expedite matters to take any action one way or the other at this time. If the committee is to meet tomorrow, and decides to report unfavorably upon the site at present suggested, it can, at the same time, if it sees fit, make recommendations to the Common Council that might perhaps appeal to its judgment. As I have said before, our action upon the matter one way or the other will simply settle the question of the Warren Avenue site, upon which I am not prepared to vote intelligently today, although I would vote for the passage of the order rather than vote against it. I say that without prejudice to whatever future action I might take in the matter. My judgment, as given to the members of this Board, is to take no action on the matter until the Committee on Fire Department has considered the entire subject. If that committee reports back that the present site is not a desirable one and recommends some other site, I will perhaps be able to vote on the matter then with a great deal more intelligence and satisfaction than I could this afternoon.

Ald. BRICK—Mr. Chairman, I hope the matter may come to a vote this afternoon, for this reason, that I have very little information in the matter and whatever information I have I have had to go around for. It seemed almost impossible, from the time the matter has been introduced, for me to get any information, until I went to the Assessors' office myself and got the data. I found that the suggested site is assessed for \$18,600, and that the price to be paid for it is \$38,000. Now, that does not look like a very businesslike transaction, does not look quite right.

There are innuendoes circulating around that do not surround this with favor, and I hope the site will be rejected and a new site picked out.

Ald. DAY—Mr. Chairman, I would like to call attention to the fact that the matter was referred to the aldermanic committee on Fire Department, that they investigated it, looked the sites over, and that four out of the five members have stood up and said they were willing to vote against the site. It seems to me that that is sufficient.

The order was read a second time.

The CHAIRMAN—The order goes over to the next meeting.

Ald. COLBY—Mr. Chairman, I will ask a suspension of the rule that the order may be put upon its passage today. I don't know that it is possible to do so, but I think we ought to get at this matter just as speedily as possible. We know the issue now, and I am free to say that I think this order ought to be rejected. I have a good deal of confidence in the idea of the Board of Estimate and Apportionment, but when we add to that the opinion of one man who is supposed to be one of the shrewdest real estate men in this town, who comes in and says that this site meets with his hearty approval, that the price is too much but that, taking everything into consideration, the city had better buy it, I say that is not fair business judgment. He admits that the price is too large. It is proposed to pay \$5 a foot for the land, and land on Tremont St., with a building on it, brought but \$5.50 a square foot recently, and this land in question is on another street where it will never be as valuable as land on Tremont St. Then the other objection to it is the location of the engine house, getting it away from the Back Bay District.

It ought to be brought just as near the corner of Columbus Ave. and Dartmouth St. as it is possible to do it. There are other sites, it seems to me, that can be had for no more than they are paying for that which will be more available. Certainly I don't think the City Council needs to worry very much about this lot. I guess even if the option on it expires it will be possible to pick it up at almost any time in the future for the price the City proposes to give for it now. There is no need of worrying about that. If the whole Back Bay and South End are canvassed they can then go back and find this lot for sale, and the parties ready to sell it for the price stated. So there is no need of the slightest anxiety in that direction. I hope this order will be defeated.

The rule was declared suspended. Ald. Berwin doubted the vote, the roll was called, and the Board refused to suspend the rule—Yeas 7, nays 4.

Yeas—Ald. Barry, Brick, Colby, Day, McDonald, O'Toole, Presho—7.

Nays—Ald. Adams, Berwin, Dixon, Doyle—4.

Adjourned at 1:39 P.M., on motion of Ald. Berwin, to meet on Monday, July 17, at 3 P.M.

CITY OF BOSTON.

Proceedings of the Common Council.

Thursday, July 13, 1899.

Regular meeting of the Common Council, held in the Council Chamber, City Hall, at 7:45 o'clock P. M., President Kiley in the chair.

SEATS ON COMMON.

The following was received:—

Mayor's Office, City Hall,
Boston, July 11, 1899.

To the Common Council:—

I transmit herewith a communication from the Superintendent of Public Grounds in relation to your order requesting him to replace the seats on the Tremont St. Mall of the Boston Common.

Respectfully submitted,
Josiah Quincy, Mayor.

City of Boston,
Public Grounds Department,
City Greenhouses, E. Cottage St.,
Dorchester, July 10, 1899.

Hon. Josiah Quincy, Mayor of the City of Boston.

Dear Sir: In reply to the enclosed order from the Common Council dated June 29, 1899, "that the Supt. of Public Grounds be requested, through His Honor the Mayor, to replace the seats on the Tremont St. Mall of the Boston Common," I beg to submit enclosed copies of correspondence on this subject with the assurance that I have no reason to change my opinion in regard to the inexpediency of placing seats on this mall.

I remain your obedient servant,
Wm. Doogue, Supt.
Feb. 23, 1899.

Nathaniel Robinson, Esq., Mayor's Office,
City Hall.

Dear Sir:—I beg to call to your notice the inclosed clipping from this morning's Herald in regard to the matter of seats on the Tremont St. mall, about which of late I have had many complaints. This same experience was repeated on the Public Garden, and I even went so far as to have seats specially painted to be used for women and children only, but the tramps and gentlemen of leisure monopolized them the same as they are doing on the Common. I dislike to trouble His Honor about such trifles and would ask you for some suggestion in regard to the matter as the complaints are becoming of daily occurrence. Very truly yours,

William Doogue, Supt.
Feb. 25th, 1899.

William Doogue, Esq., Supt. Public
Grounds, East Cottage St., Boston.

Dear Sir:—In reference to your letter of the 23rd I asked you some time since to put in these seats for the convenience of the ladies who requested them, but I think this was before the tracks were taken off Tremont St. I now desire you to use your own discretion as to whether or not it is best for these seats to remain. If they are simply used for loafing places I agree with you that they had better be removed. Yours truly,

Josiah Quincy, Mayor.

Referred to the Committee on Public Grounds Department.

ADDITIONAL BAND CONCERTS.

The following was received:—

Mayor's Office, City Hall,
Boston, July 3, 1899.

To the Common Council:—

I transmit herewith a communication from the Secretary of the Music Commissioners in reply to orders of your body requesting them to give band concerts in the square in Massachusetts Ave., between Tremont St. and Shawmut Ave., in Frank-

lin Sq., Wd. 12, and in Pierce Sq., Dorchester.

Yours respectfully,
Josiah Quincy, Mayor.

City of Boston, Department of Music.
Hon. Josiah Quincy, Mayor, City of Boston:—

Dear Sir: In reference to the two orders passed by the Common Council requesting the Music Commission to provide concerts in Pierce Sq., Dorchester, and in the square on Massachusetts Ave., between Tremont St. and Shawmut Ave., I beg to say that the Music Commissioners regret their inability to give the concert in either place. The Massachusetts Ave. district, being so far in town, the Commissioners feel that the concerts on the Common Sunday afternoons, will have to answer for the people in that locality. The Dorchester district will have a concert during the season, but the Commissioners feel that it should be in a more thickly populated district than Pierce Sq., and have therefore located it in Hancock Sq., where a greater number of people may enjoy it.

The Commissioners would be glad to provide at these places and many others if the appropriation at their disposal would permit it. They very much regret their inability to do so, and have made the best disposal of the funds for summer concerts that their judgment suggested. I enclose a list of the concerts as fixed upon for the season.

Yours very respectfully,
M. J. Dwyer, Secretary.

Referred to the Committee on Music Department.

ERECTION OF WOODEN BUILDINGS.

The following was received:—

Mayor's Office, City Hall,
Boston, July 6, 1899.

To the City Council:—

I return herewith without my approval an order granting authority to the joint standing committee on Building Department during the annual recess of the Common Council to allow the erection of wooden buildings and wooden additions upon such terms and conditions as said committee may deem expedient. While there are precedents for this action, I do not see any sufficient reason for falling to make such permits subject to approval by the Mayor, thus giving a committee of the City Council greater power than the City Council itself possesses. Permits of this character, if passed by the City Council, cannot take effect until approved by the Mayor or passed over his veto, and if this somewhat extraordinary power is to be given to a committee in order that the public may not be inconvenienced during the recess of the Common Council, it seems to me that it should be provided that the approval of the Mayor should be necessary to give effect to such votes passed by the committee.

Respectfully submitted,
Josiah Quincy, Mayor.

Referred to the Committee on Building Department, on motion of Mr. Watson of Wd 18.

Thursday, July 13, 1899.

Regular meeting of the Common Council, held in the Council Chamber, City Hall, at 7:45 o'clock P.M., President Kiley in the chair.

PRINTING PLANT OPERATIONS.

The following was received:—

Mayor's Office, City Hall,
Boston, July 13, 1899.

To the City Council:—

I transmit herewith the report of a committee appointed to examine the accounts, finances and operation of the Printing Department for the last financial year. This committee consisted of one member of the Merchants Municipal Committee, selected by that body, and three well-known master printers, and their report finds that the

printing plant made a net profit of over \$900 for the last financial year, after charging off 10 p. c. for depreciation.

I feel that the Superintendent of Printing and all who have been connected with the work of the office are to be congratulated upon the handsome showing made by the plant during the second year of its operation. Respectfully submitted,

Josiah Quincy, Mayor.

Boston, June 15, 1899.

His Honor, Mayor Josiah Quincy, City Hall, Boston, Mass.

Dear Sir.—The committee appointed to examine the accounts, finances and operations of the Printing Department of the City of Boston for the financial year ending on January 31, 1899, beg leave to submit the following report:—

All charges for work done during the past year have been made on the basis of the old contract in force at the time the work was taken over by the printing plant, and, while this basis was high at that time, it is more nearly correct now when all the larger printing establishments in Boston are on a nine-hour basis, which materially increases the cost of production. It is presumed that had the work continued under contract there would have been a provision for a material increase in price in the event of the adoption of nine hours.

By the unanimous desire of the other members of the committee, Mr. Thomas P. Nichols of Lynn, a member of the Boston Master Printers' Club, investigated the details of the work of the plant, including a careful examination of every charge for work done, the amount of stock on hand, and the work in process on the first day of February, and Mr. William Franklin Hall was engaged as an accountant to examine the financial condition. Mr. Hall's report is herewith appended, and is incorporated as a part of this report.

One item of this report is, in the opinion of your committee, wrongly placed. The 11-23 of the cost of extraordinary repairs (see Mr. Hall's report), amounting to nine hundred and six dollars and twenty-seven cents (\$906.27), which Mr. Hall has added to the cost of the plant, should either be charged to the expenses of the past year or (which would be more fair) be made a separate account, to be included in the expenses of the next year, thus leaving the actual value of the plant, as it should stand on the books, at forty-three thousand and nine dollars and eleven cents (\$43,009.11).

No charge was made by the plant for storage. Under the old contract there was an annual charge of nine hundred dollars (\$900). Adding this saving to the profit for the year, as shown by Mr. Hall's report, the net profit would be nine thousand nine hundred and fifty-one dollars and twenty-six cents (\$9951.26). If we deduct from this amount the 11-23 of the cost of extraordinary expenses, thus charging the whole cost into the running expenses of the past year, the net result would be nine thousand and forty-four dollars and ninety-nine cents (\$9044.99) profit.

The errors in charges referred to by Mr. Hall are such as are liable to occur in any establishment, and aggregate a total of less than two hundred dollars (\$200) for the year. Respectfully submitted,

H. G. Curtis, Chairman,
Frederick Mills,
Thos. P. Nichols,
Geo. H. Ellis.

REPORT ON THE AFFAIRS OF THE PLANT FOR THE YEAR ENDING JANUARY 31, 1899. BY WM. FRANKLIN HALL, ACCOUNTANT.

The financial condition of the Plant on the first day of February, 1898, was as follows:—

| Assets. | |
|---|-------------|
| Plant | \$42,031 03 |
| Stock on hand, including unfinished work..... | 5,473 00 |
| Cash | 449 64 |
| Stamps | 5 01 |
| Uncollected accounts:— | |
| For printing..... | \$14,971 06 |
| “ rent | 316 66 |
| “ heat and power..... | 344 66 |
| | 15,632 38 |
| Total | \$63,506 45 |

| Liabilities. | |
|---|--------------|
| Unpaid bills for stock and materials | \$7,422 23 |
| Pay-roll, accrued but not paid | 674 00 |
| Reserve for depreciation on Plant, 10 per cent..... | 4,203 10 |
| Total | \$12,299 42 |
| Surplus | \$51,291 03 |
| Exhibit of Operations for the Year Ending January 31, 1899. | |
| Total charges to departments for printing etc..... | \$120,920 50 |
| Printing sundry documents chargeable to appropriation..... | 22,542 04 |
| Total | \$143,471 63 |
| Cost of Carrying on the Plant. | |

| Stock:— | |
|--|-------------|
| Amount on hand | |
| February 1, 1898... | \$5,473 00 |
| Purchases | 15,971 64 |
| | \$21,444 64 |
| Less stock on hand at close of year..... | 4,875 91 |
| | \$17,068 73 |
| Ruling, numbering, etc..... | 15,847 76 |
| Pay-rolls for labor and services | 72,711 04 |
| Press-room supplies..... | 1,156 25 |
| Electros, cuts and engravings. | 2,998 44 |
| Outside printing..... | 251 85 |
| Stamped envelopes and stamps | 9,785 12 |
| Stationery | 1,172 23 |
| Repairs and alterations..... | 988 66 |
| Insurance | 738 00 |
| Rent | \$4,636 24 |
| Less for underletting | 1,644 96 |
| | 3,051 28 |
| Sundry miscellaneous expenses | 2,236 99 |
| Accounts written off..... | 182 57 |
| Depreciation on Plant, 10 per cent..... | 3,782 79 |
| Total | 134,921 71 |
| Gain on printing, etc..... | \$9,549 22 |
| To which add:— | |
| Heat and power sold..... | \$2,505 39 |
| Costing | 2,004 05 |
| Net gain on heat and power..... | \$501 84 |
| Entire gain for the year..... | \$9,051 26 |

| Plant. | |
|--|-------------|
| This account stood charged February 1, 1898, with cost of plant..... | \$42,031 03 |
| Four new presses have been purchased during the year, costing..... | 7,400 00 |
| Extraordinary expenses have been incurred incident to a re-arrangement of the office, taking in more room, which required changing partitions, etc., amounting to.... | \$1,894 53 |
| As the lease of the premises now occupied expires January 1, 1900, this expense is apportioned over twenty-three months, —11-23 of this amount is carried forward and 12-23 charged in the expenses of the year ending January 31, 1899. Deduct 12-23 of | \$1,894 95 |
| | 983 66 |

| | | |
|--|-------------|-------------|
| Leaves to add to Plant..... | \$906 27 | |
| Office furniture has been purchased during the year, the amount of which is added to Plant | 680 50 | |
| Type, etc., purchased and added to Plant | 2,583 47 | |
| | | 4,170 24 |
| Total | \$43,601 27 | |
| Three presses have been sold for..... | | 1,790 00 |
| Leaving cost of Plant now..... | \$51,991 27 | |
| There has been reserved for depreciation on Plant: | | |
| 10% in 1897..... | 4,203 10 | |
| 10% in 1898..... | 3,787 79 | |
| | | 7,985 89 |
| Which, if deducted, would leave actual the value of Plant as it stands now on the book..... | | \$43,915 38 |

Financial Condition January 31, 1899.

| | | |
|--|-------------|--|
| Assets. | | |
| Plant, as it stands on the books..... | \$51,991 27 | |
| Stock on hand, including unfinished work | 4,373 91 | |
| Unearned Insurance Premiums..... | 369 00 | |
| Accounts Receivable uncollected..... | 22,560 99 | |
| Total | \$79,295 17 | |

| Surplus | \$60,342 29 | |
| Surplus February 1, 1898..... | \$51,291 03 | |
| Added as a result of operations during the year ending January 31, 1899..... | 9,051 26 | |
| Total | \$60,342 29 | |

The work of examining the affairs of the Plant has been done in the following manner, viz:—

Mr. Thomas P. Nichols has examined all the charges made for work done, with particular reference to the schedule of rates in force when the Plant was established, and with the exception of a few errors, some in excess and others of undercharges, the charges are all made correctly. He also examined the schedule of stock on hand and the value of unfinished work, and the figures which he made upon these matters have been used in making up the accounts.

After Mr. Nichols had performed his part of the work, as indicated above, the books and accounts were examined by myself and my assistant, and I am prepared to say that the statements made in this report are fully substantiated by the records upon the books of the Plant, and that the accounts are correctly kept and exhibit clearly the operations carried on.

Respectfully submitted,
Wm. Franklin Hall,
Accountant and Auditor.

Ordered printed, and assigned to the next meeting, on motion of Mr. Cuddy of Wd. S.

POWER HOUSE, LONG ISLAND.

The following was received:—

Mayor's Office, City Hall,
Boston, July 13, 1899.

To the City Council:—

I transmit herewith an order passed by the Board of Estimate and Apportionment at its meeting yesterday making an additional appropriation of ten thousand dollars (\$10,000) for new power house and equipment at the almshouse, Long Island.

Respectfully submitted,
Josiah Quincy, Mayor.

City of Boston,
In Board of Estimate and Apportionment,
July 12, 1899.

Ordered: That the additional sum of ten thousand dollars be appropriated, to be expended by the Pauper Institutions Department for almshouse, Long Island, new power house and equipment; and that the City Treasurer be authorized to issue, from time to time, on the request of the Mayor, bonds of the City of Boston to said amount for said purpose.

Passed, and we certify that the said appropriation is not to meet a current expense.

Josiah Quincy,
John P. Dore,
Daniel J. Kiley,
Laurence Minot,

Members of the Board of Estimate and Apportionment.

The communication was sent up.

The PRESIDENT—The question comes on the passage of the order in concurrence with the Board of Estimate and Apportionment.

The Chair desires to state to the Council, as its representative on the Board of Estimate and Apportionment, that the ten thousand dollars provided by this order is in addition to the sixty thousand dollars appropriated earlier in the year for the construction of a power house and equipment of the same for the pauper institutions at Long Island. Proposals have been advertised and bids submitted for the construction of said power house and equipment of the same, and the Trustees of the pauper institutions found that they were unable to construct it for less than seventy thousand dollars, requiring the additional appropriation of ten thousand dollars which you have before you tonight for consideration.

The order was passed in concurrence with the Board of Estimate and Apportionment. Sent down.

PAPERS FROM BOARD OF ALDERMEN.

1. Ordered, That the Austin Schoolhouse on Paris St., East Boston, which was surrendered by the School Committee Feb. 12, 1895, be transferred from the custody of the Street Commissioners to the custody of the School Committee, the use of said building for school purposes being again required.

Referred to the Committee on Schools and Schoolhouses.

2. Ordered, That the Board of Transit Commissioners be requested to prepare plans for the construction of a tunnel to East Boston, in accordance with decision of the Supreme Court, recently rendered, and that they be further requested to commence the construction of said tunnel at the earliest date possible, in order that the citizens of East Boston may be properly and quickly provided with rapid transit.

Passed in concurrence.

PARK, COLUMBIA ROAD.

The Council proceeded to take up No. 3, assignment, viz:—

3. Message of Mayor transmitting communication from Board of Park Commissioners relative to park and playground southeast of Columbia road. (City Document 116.)

Placed on file.

UNDERGROUND CABLES, BROADWAY

The Council proceeded to take up No. 4, assignment, viz:—

4. Message of Mayor transmitting communication from Commissioner of Wires in regard to placing the cables of the Boston Elevated Railway Company, on Broadway, under ground. (City Document 117.)

Placed on file.

LOAN FOR VARIOUS PURPOSES.

The Council proceeded to take up No. 5, assignment, viz:—

5. Ordered, That this Board having received a communication from the Mayor requesting the making of loan appropriations for the following purposes, and having prepared the following loan appropriation order, making such appropriations to be met by loan, and for such purposes as this Board deem the public necessity or convenience require, do hereby pass the same; and that to meet said appropriations the City Treasurer be authorized to issue, from time to time, on the request of the Mayor, bonds of the City of Boston, to the total amount of such appropriations, viz:—

| | |
|--|-----------|
| Building Department. | |
| Filing cases and alterations in connection with same..... | \$3,500 |
| Engineering Department. | |
| Faneuil Hall Building, reconstruction additional..... | 8,000 |
| Street Department. | |
| Congress-street Bridge, reconstruction..... | 10,000 |
| Street Improvements, general..... | 75,000 |
| Wire Department. | |
| For carrying out the provisions of chapter 454 of the Acts of 1894, and Acts in amendment or addition thereto, additional..... | 3,500 |
| | \$100,000 |

The question came on passage in concurrence with the Board of Estimate and Apportionment.

On motion of Mr. Watson of Wd. 18 the reading of the order was dispensed with, and the question came upon its passage in concurrence with the Board of Estimate and Apportionment.

Mr. ARMISTEAD, Wd. 11—Mr. President, in connection with No. 5 on the calendar I would like to ask the Council's representative on the Board of Estimate and Apportionment what disposition, or what decision he arrived at in regard to that order when it came before that body. I ask particularly in relation to the part referring to the engineering department. If my memory serves me aright, I think that the Council's representative on the Board of Estimate and Apportionment moved to amend that by striking out "\$8000" and inserting "\$6000" instead. On that point I desire at this time some information.

The PRESIDENT—The Chair will state in response to the gentleman from Wd. 11, that, knowing that the calculations or the estimate for the wiring of Faneuil Hall were made, not in competition, but exclusively by the Electrical Construction Division, and feeling that the amount was excessive, the Chair made the motion to reduce the amount to \$6000, which motion was defeated, and the Chair then voted against the entire amount.

Mr. WATSON of Wd. 18—Mr. President, I desire to ask the Chair if it would be in order to ask for a division of the order?

The PRESIDENT—The Chair desires to state that the only province of the City Council is to reduce or strike out.

Mr. WATSON—Mr. President, I then move to amend by striking out, in the fifth line, "\$8000," and inserting in place thereof "\$6000."

The amendment was adopted.

The PRESIDENT—Does the Chair understand the gentleman to reduce the total amount from \$100,000 to \$98,000?

Mr. WATSON—Yes, sir.

The PRESIDENT—If there is no objection, the Chair will consider that amendment as a part of the original amendment.

Mr. STEVENS of Wd. 11—Mr. President and members of this body, I would respectfully ask for an assignment of that question to the next meeting. When that

order was put through by last year's City Government, I did all in my power to pass the \$80,000 appropriation. We were then given to understand that \$80,000 would cover everything, and at the time the electrical construction work was done, I used every endeavor there was in my power to see that that work was open to competition. It has not been. Now, I would respectfully ask that that be postponed, so that we can look into it and ascertain something in regard to it.

The PRESIDENT—Does the Chair understand the gentleman from Wd. 11 to make a motion to postpone, or to assign?

Mr. STEVENS—To assign it to the next meeting—the whole question.

The question came on assignment of the matter to the next meeting.

Mr. WATSON—Mr. President, I sincerely trust that assignment will not prevail. I think the action of our representative on the Board of Apportionment was proper and right, and for that reason I introduced the amendment reducing by \$2000 the amount appropriated for finishing Faneuil Hall, the same as the amendment which he offered in the Board of Apportionment. It is true that the member from Wd. 11 last year did fight and vote for the \$80,000 appropriation. I voted for it, too—much against my own protest. I felt that the amount was too small, but they all said "no; this is all we want." I want to say here and now that it will cost a full \$50,000 more to fix up the Ancients' club room. I was into the building today. It is certainly being fitted up in magnificent shape. It is certainly fire proof. The fire proofing is in gold dollars, almost, fellow members. I want to say that when this building is completed, the only way for the City of Boston to get back their money is to go and charge that gang of liquor samplers some rental for the use of the club room. I sincerely trust that assignment will not prevail, but that this order will go through as amended, tonight, and that we will get that place fitted up in time for them to welcome their English friends there.

Mr. HOWARD of Wd. 20—Mr. President, some time ago we were called upon to appropriate \$23,000 to entirely fix up Faneuil Hall. In the wisdom of this body that amount was cut down to \$15,000—the other members probably knowing as well as I did that a request for \$8000 would come in later. Now, the gentlemen who voted at that time to reduce the sum from \$23,000 to \$15,000 thought that \$15,000 would be sufficient to complete it. If they thought so at that time they certainly have had no reason to change their minds up to this time, and in order to be consistent, they should vote to strike out this whole business. Those making the estimate of the funds necessary to place Faneuil Hall in a safe and fire-proof condition were supposed to have been capable of using better judgment than perhaps many of us in the council, and on their advice, after considerable wrangling, we voted \$80,000, believing that that was sufficient to place the building in a fire-proof and safe condition. I certainly believed so. Now, every time that the Board of Estimate and Apportionment wants to get through a few orders here in the City Government, they tack a little more on to Faneuil Hall, knowing that there is a sentiment in favor of Faneuil Hall. Let me give you a little piece of history. Three years ago His Honor the Mayor was a guest of the Sons of the American Revolution at the Hotel Vendome. At that meeting he committed himself to the repairing of Faneuil Hall. He waited before he put any order into this body until such time as he had some other axe to grind, and then he tacked on Faneuil Hall, because he thought he would take advantage of the same sentiment which I state prevails today. It went through, and everything else goes through in just the same way. Now, I would like very much to see the \$8000 stricken out entirely.

It will be wired all right, anyway. However, if that is impossible I shall agree with my friend Watson here and let it go as \$6000, although I think that is about \$6000 too much.

The question came on assignment. Mr. ARMISTEAD of Wd. 11—Mr. President, I voted last year with my colleague from Wd. 11 for the \$15,000, because I thought at that time it was a sufficient sum. I shall vote tonight with my friend who offered the amendment to reduce to \$6000, because I consider that amount to be sufficient. I agree with the gentleman in the second division (Mr. Howard) when he says there is a disposition on the part of the administration, whenever it wants a little extra money, to ask for it in connection with an item for Faneuil Hall, which the Mayor very well knows is a popular thing, and if there is any possible chance of getting the money the fellows will not dare to vote against anything for Faneuil Hall. We are not opposed to the reconstruction of Faneuil Hall, but we are opposed to the lavish expenditure of the city's money for that purpose, taking money out of the city treasury from the taxpayers of Boston under the pretense of using it for Faneuil Hall reconstruction, although it is used for other purposes. Using it for Faneuil Hall is one thing. Using it for something else is another thing. This is the idea that I desire to bring before this Council. I don't believe that the \$3000 is necessary; \$6000 is an adequate sum, and I believe that when the members of this Council vote that amount, as my friend in the second division says, Faneuil Hall will be wired. While I should like to agree with the motion of my colleague from Wd. 11 to have this matter assigned, I am so eager to see it go through that I trust assignment will not prevail.

Mr. MILLER of Wd. 20—Mr. President, I desire to rise to a point of information. I would like to know, if this amount of money is appropriated for this purpose tonight, if the electrical department has the privilege of going on constructing this without any competition?

Mr. WATSON of Wd. 18—Mr. President, I rise to a point of order.

The PRESIDENT—The Chair will say that the gentleman from Wd. 20 (Mr. Miller) rose for information. The Chair desires to furnish the information.

Mr. WATSON—Mr. President, I did not raise a point of order on the gentleman from Wd. 20.

The PRESIDENT—The Chair will state, for the information of the gentleman from Wd. 20, that the electrical construction division has furnished the estimate of the cost of doing the work and is to do the work, if the appropriation is passed. The question is now on assignment.

Mr. WATSON—Mr. President, I rise to a point of order, that when the vote was taken on my amendment, the Chair declared it carried.

The PRESIDENT—The Chair has declared it carried.

Mr. WATSON—I understood the question was on assignment of my amendment—

The PRESIDENT—The Chair desires to state that the question was on the assignment of the order as amended.

Mr. WATSON—Mr. President, I beg the Chair's pardon. I was wrong.

The PRESIDENT—The question is now on the assignment of the order as amended.

Mr. MILLER—Mr. President, I certainly will agree with my friend on the left, Mr. Stevens, on the question of assigning this order to the next meeting of the Common Council, for the simple reason that I don't think it is good business policy for this body to vote any sum of money belonging to the city and to the taxpayers of the city, where there is no competition. For that reason alone I shall certainly vote to have this matter assigned. I de-

sire that this shall come up in open competition, that competent men may figure on any contract of the size of \$6000. I hope the matter will be assigned to the next meeting of this body.

Mr. HARVEY of Wd. 24—Mr. President, I am not in favor of assigning this matter. I think there is a possibility of the Council adjourning tonight for the summer, which means that this amount of money appropriated by the board of Estimate and Apportionment will become a law, without our taking any action upon it. I think we should take action upon these matters. I stand ready to vote the \$38,000.

The motion to assign was lost.

The order as amended was passed in concurrence with the Board of Estimate and Apportionment.

CAPT. BORDMAN'S FAREWELL.

The PRESIDENT—The Chair will ask the unanimous consent of the Council to allow Mr. Bordman at this time to make a statement to the Council.

Is there any objection? (No response.) There being no objection, the Chair will receive a paper from Mr. Bordman.

Mr. Bordman of Wd. 10 presented the following:—

Boston, July 13, 1899.

"Daniel J. Kiley, Esq., President Boston Common Council.

"Dear Sir—I hereby respectfully tender my resignation from the several committees of which I am a member, the same to take effect upon this date.

Very respectfully,
John Bordman, Jr."

(Applause).

Mr. BORDMAN of Wd. 10—Mr. President and members of the Common Council, when the time to leave one's friends comes it is very hard to be pleasant and joyous, even when one feels that he is going into another sphere that appeals to his instincts as powerfully as does participation in municipal government. When I came here, Mr. President, in January, it was with mingled feelings of pleasure and pride, and perhaps the slightest tinge of chagrin because my friends had told me I had come into the "Rioters' Club." I am free and glad to say, Mr. President, that that has not been my experience. I find, and have found, that in coming into the Common Council I have come among gentlemen, among men whom I will always be glad to value and to hold in esteem as friends. I have found, Mr. President, that the Common Council is not made up of the commonly reputed men of lesser calibre. I have tried to show by my actions and by the measures that I have advocated, and have tried to carry through, this year, my appreciation of the composition of the Boston Common Council, and the fact that I feel that the people of Boston and the people of Massachusetts should show an appreciation of the Common Council and give to it its proper meed and measure of power. I congratulate you, Mr. President and gentlemen of the Council, on the prospects with which you will return next year,—upon the increased powers which will come to you; and I cannot but wish that they will continue and that the Common Council will assume its proper place as one of the three equal branches of the City Government,—the true form of representative government, in which each body is a check on the other. I hope I will be able to hear of that and to see the good work go on until that is the result. I wish to say in conclusion, Mr. President, that it is a most painful thing to me to sever my relations with every member of the Council. We have had pointed words in debate, but I know that when the heat of the contest has passed, mutual respect and esteem have been even stronger than before. My relations with all the members

of the Council have always been of the pleasantest; and, among all the relationships I shall leave tonight, there are none closer or dearer to me than those I have formed in this Council. I wish to feel that I go away with the good will and friendship of every man here, that we part as we should part, as men who come here to serve the interests of the city as best we may, and who consider it our duty not to divide into masses and parties, but to conserve the interests of the people whom we come here to represent. (Applause.)

Mr. MOORE of Wd. 10 offered the following:—

Whereas, A communication has just been received notifying the Common Council of the resignation of John Bordman, Jr., of Wd. 10, from his committees, on account of his duties as captain of the volunteers now being recruited for the United States service.

Resolved, That the Common Council of the City of Boston takes this opportunity of expressing its heartfelt appreciation of having had the services up to the present time of one who has made a deep impression on his fellow members for his sociable and companionable qualities, coupled with an integrity of purpose and straightforwardness in debate which have endeared him to an unusual degree to the members of the Council.

Resolved, That Capt. John Bordman, Jr., takes with him the best wishes of his fellow members for the success of his future career.

The question came on the passage of the resolution.

Mr. MOORE of Wd. 10—Mr. President, I feel hardly competent tonight to say what I want to say, as I have come here feeling very badly because of the loss of my colleague from Wd. 10, who has served this Council in a faithful manner and who has been a pleasant and agreeable fellow member of all of us. It is with deep regret that I heard only a few days ago that he was about to sever his connection with this body. In that connection I offer these resolutions, and I certainly hope that someone who can say more than I can say will do so, as I am too full for utterance. I offer these resolutions.

Mr. NANGLE of Wd. 19—Mr. President, I sincerely regret the departure of Mr. Bordman of Wd. 10. I know that he carries with him the best wishes of every member of this body. His ability and his courteous and pleasant demeanor at all times have endeared him to all of us; and I, for one, certainly desire to give him a hearty handshake and wish him a god-speed before he leaves us.

Mr. WATSON of Wd. 18—Mr. President and fellow members, this is a moment when I want to be taken absolutely seriously. I feel tonight almost as I felt when I lost my little girl—I feel that I am parting with an honest friend. I feel tonight, Mr. President, as though the city council of Boston might just as well be abolished. We are losing tonight, fellow members, the ablest member of either branch—a credit to his constituents and to the Hub of the Universe. John Bordman can do anything and do it well—from base ball to foot running, to debating, to fighting in the Philippine Islands. Mr. President, I am too full for utterance, and I will simply say, here and now, that I wish from the bottom of my heart godspeed and success to John Bordman.

Mr. CHAMBERLAIN of Wd. 12—Mr. President, I am very sure that every member of this Council appreciates the honor that has been conferred indirectly upon this body by the selection of Mr. Bordman as captain of one of the companies of the new regiment to be formed for service in the Philippines. I have watched Mr. Bordman's course this year very critically, per-

haps, inasmuch as he came from a ward so near my own, and I have been very much pleased with the stand he has taken in this Council. I wish at this time to publicly thank him for the assistance and help he has given me in debate upon the floor of this body. I do not think, Mr. President, that this is a time for long speeches. What is said had better be said in short statements and words that are nearest the heart. I am very sure that every member of this body wishes Mr. Bordman the greatest success, with a safe and speedy return to the only land under the sun—the land of the Stars and Stripes.

Mr. STEVENS of Wd. 11—Mr. President, it is with great regret that I say good bye to our honored friend and Councilman from Wd. 10, Mr. Bordman. It was only tonight that I learned that he was to leave us so soon, and it is with regret that I say good-bye to him. My acquaintance with him commenced with the beginning of this year in this body. I wish to say that I have enjoyed his friendship very much, and feel that this body, his ward and the city at large meets with a great loss. We found him fair and courteous to all and always willing to seriously consider the opinion of all. In saying good bye to him I say godspeed to him with all my heart. I feel that he will do his duty faithfully in the new field of action to which he has been called by the U. S. government. We shall all watch his course with great interest and feel sure that we shall hear from him in the front ranks and that he will do his duty as faithfully there as he has here. I feel that I voice the sentiments of all when I say to him "God speed you, in your new field."

Mr. HICKEY of Wd. 2—Mr. President, this matter comes to me as an entire and complete surprise, but I will not permit the occasion to pass without saying at least a word, and of saying good-bye and God-speed you to our good friend, Mr. Bordman. I wish to say that wherever the patriotism of John Bordman will lead him, he will have the best wishes of all the members of this Council. While I have never been able to agree with him in his political belief, I have always recognized in him a manly and honest opponent, and, with the other members of the Council, I wish him godspeed.

Mr. ARMISTEAD of Wd. 11—Mr. President, when our friend from Wd. 10, Mr. Bordman, separates his connection with this body, the Council loses one of its brightest jewels. Although this is his first year, he has proved himself to be a tower of strength, a wise legislator, consistent in his views, and an able and fearless debater. As has been wisely said by a gentleman in the third division, long speeches are not necessary at this time. I shall not weary the patience of the Council with such, but I could not allow the passage of those resolutions without adding one word in regard to one whom I have learned to respect and honor. My connection with Mr. Bordman since January last has been pleasant in every respect, and all I have to say to him is that I am reminded at this time of words written by a man whose name I cannot remember, but they are these: "To live in the hearts of those we leave behind us is not to die." Captain Bordman, although you leave us, and leave us to enter a good cause, I believe that I speak the sentiment of all the gentlemen present tonight when I say that you will not die. We shall ever remember you and we shall trust that you will be prosperous in your new field.

Mr. LINEHAN of Wd. 13—Mr. President, no words of mine can strengthen that resolution, but I rise at this time, sir, to say to Captain Bordman, "God speed you, and a safe return."

Mr. LOGAN of Wd. 14—Mr. President, the words of the gentlemen who have preceded me in regard to the resolutions which we are about to adopt tonight, con-

clusively prove that the resignation of our esteemed councilman from Wd. 10, Capt. Bordman, of the 26th regiment of infantry, United States Volunteers, is a matter of regret to every member of this body. From his entrance here, Capt. Bordman was a leader among us, and from the beginning he enjoyed the confidence and respect of all his colleagues. Tonight he leaves his political duties to assume much more hazardous ones in the military service of the United States, and I am sure that I can say, on behalf of every member of the Common Council, that we wish he may return safe and sound, laden with all the honors and successes of the East.

Mr. HIBBARD of Wd. 24—Mr. President, I, as one of the members of this Council, regret very much the withdrawal of our friend Bordman. I wish to coincide with all that has been said in regard to his character and so forth, and I wish him every success in the new departure which he has taken.

Mr. ATWOOD of Wd. 17—Mr. President, no member regrets more than I the departure of Capt. John Bordman. Knowing him as I have for several years, I wish to say that I have found him in every capacity the honest, frank, open-hearted man that he has proved himself to be in this body. As he leaves us to enter upon other fields—fields where he is sure to shine, as he has shone among us here in this Council Chamber—I wish to extend to him my hearty congratulation upon his success in receiving the appointment that he has, and, with the rest of the members of this body, I wish to say "God speed him in his new duties, and may every success attend him in that capacity."

The PRESIDENT—If the Chair may be pardoned the indulgence of a few words, the Chair desires to make a statement in connection with the resolutions. It is, indeed, with deep regret and with profound sorrow that the Chair learned but a few moments ago of the resignation of our esteemed colleague, Mr. Bordman of Wd. 10. The Chair has particularly a cause to feel a deep regret in his resignation, because, as chairman of the committee on legislative affairs of this body, he has been a most valuable assistant to the Chair in obtaining favorable legislation for the City Council of Boston this year—legislation which makes the City Council more of a potent factor in the municipal affairs of the city than it has been since the year 1885. The opening of the fiscal year of 1900 will see the abolishment of the Board of Apportionment, will see the return to the City Council of the powers of summoning witnesses and inquiring into the affairs of the departments of the city government and the expenditures of the public money. To no man in the Common Council or in Boston is more credit due than to Councilman Bordman of Wd. 10, our Chairman of the Committee on Legislative Affairs, for obtaining favorable action upon most of those most important matters.

On other matters of less importance, Councilman Bordman has been a valued legislator, an honest and representative citizen, always with a due regard to the city's welfare, and at the same time conscientious in the discharge of his duties as he saw them. The Chair is unable at this time to express the sentiments he feels in his heart over the departure of our esteemed colleague, but he will conclude by saying that he wishes that the hand of the Almighty may guide him in his new career in a distant land, where he is to fight under the Stars and Stripes against a common enemy, and may that protecting hand of God follow him and guide him to a safe return to his native heath.

The resolutions were adopted by a unanimous rising vote.

Mr. MILLER—Mr. President, I move you that this Council take a recess of five minutes, to tender a reception to our honored friend, Captain Bordman.

The motion was carried, and the Council took a recess, for the purpose stated, after which it was called to order by the President.

Mr. MILLER—Mr. President, I move you that a committee be appointed to escort Mr. Bordman to the 9:25 train from the Fitchburg station, which train I understand he is to leave on.

The motion was carried, and the Chair appointed as said Committee Messrs. Miller of Wd. 20, Hickey of Wd. 2, Nangle of Wd. 19, Sanderson of Wd. 25, Doherty of Wd. 3 and Moore of Wd. 10.

The PRESIDENT—The Chair will ask the Committee to assemble in the area in front of the speaker's desk, and in charge of the City Messenger to escort Captain Bordman to the train, seeing that he arrives there safely.

(The Committee assembled in front of the speaker's desk, and attended to the duty assigned them.)

The resignation of Captain Bordman was placed on file.

RELOCATION OF FLAGPOLE.

The Council proceeded to take up No. 6, assignment, viz:—

6. Ordered, That the City Messenger be instructed to remove the flagpole in Monmouth Sq., and relocate it at the junction of Saratoga and Bayswater Sts., East Boston; the expense of the same to be charged to the appropriation for City Messenger Department.

Mr. SIMPSON of Wd. 1—Mr. President, I move you that that order be indefinitely postponed. In the absence of our friend from Wd. 2, who has been called away on the pleasant duty which has been assigned him, I would say that he would be favorable to allowing that disposition to be made of that order.

The motion to indefinitely postpone was carried.

RULES CONCERNING PARK UNIFORMS.

The Council proceeded to take up No. 7, assignment, viz:—

7. Ordered, That the Park Commissioners be requested, through His Honor the Mayor, to report to this Council, as soon as convenient, the rules governing the buying and wearing of park uniforms in their department.

Passed.

TRANSFER TO OPEN HOSPITAL WARDS.

The Council proceeded to take up No. 8, assignment, viz:—

8. Ordered, That the Board of Estimate and Apportionment be requested to transfer from some fund, or make a new appropriation of \$25,000 to City Hospital Department, in order that the four wards now closed may be opened to patients.

The question came on giving the order a second reading.

Mr. WATSON of Wd. 18—Mr. President, owing to being called away at the last meeting of the Council, I wish to thank Councilman Doherty, who introduced this order for me. At this time I desire to say a word, and only a word, about the request which I have made in this order. I do not know how many people in Boston know that four wards of our great institution, the City Hospital, are closed to the public—not because of the want of repair, but because of the want of money to pay the help. I have talked with one of the trustees of that institution, and he informs me that \$25,000 would open those wards, and that it was an absolute necessity. I know of at least 12 cases within

two weeks that have been refused admittance to the City Hospital because of the fact that they had no room. Now, Mr. President, we are having free public baths and squandering the public money. We are having two band concerts in one particular spot, taking all of the people's money, and I think it is high time that the Board of Estimate and Apportionment did one creditable thing, and that is to transfer \$25,000 to that worthy institution.

The order was read a second time and passed. Sent up.

RESOLUTION CONCERNING VISIT OF FLEET.

The Council proceeded to take up No. 9, assignment, viz:—

9. Resolved, That the Common Council hereby conveys to Admiral Sampson, his officers and men, its sincere regret that, for some reason as yet unexplained, the Chief Executive of this city failed to properly and officially receive our distinguished naval visitors on the occasion of their recent sojourn in this harbor for the first time since their gallant service in the war with Spain.

Resolved, That the Common Council offers its profound apologies to Admiral Sampson, commander of the squadron, for its inability to officially atone for a conspicuous and unusual omission of municipal courtesy.

Resolved, That the Common Council unreservedly and officially approves of the semi-official visit made to the squadron on Wednesday, June 21, by members of the City Council, and in doing so expresses its unqualified disapproval of the action of the Mayor in going outside of the jurisdiction of his position in order to prevent that visit and to humiliate this body as individuals and as a legislative branch of the city government.

Resolved, That the thanks of the Common Council are hereby extended for the City of Boston to Ensign Bennett, U.S.N., secretary to Admiral Sampson, for his kind and courteous attention which he paid to the visiting members of both branches.

Resolved, That copies of these resolutions be transmitted by the Clerk of the Common Council to Admiral Sampson, to the Navy Department at Washington, and to the Mayor of Boston.

Q. on ordering above orders and resolves to a second reading.

The question came on giving the order a second reading.

Mr. ARMISTEAD of Wd. 11—Mr. President, I move that the reading be dispensed with.

The PRESIDENT—Mr. Armistead.

Mr. WATSON of Wd. 18—I object, Mr. President.

The PRESIDENT—The Chair has recognized no member but Mr. Armistead.

Mr. ARMISTEAD—Mr. President, I move that the reading of No. 9 on the calendar be dispensed with.

Mr. WATSON of Wd. 18—Mr. President, I object.

The PRESIDENT—There being objection, the Chair will direct the Clerk to read No. 9 on the calendar.

The Clerk read the order as printed above.

The question came on the passage of the order.

Mr. WATSON—Mr. President, in view of the fact that six members of the Council are absent, I doubt if there is a quorum here, and I move the assignment of that order to 10 o'clock.

Mr. CHAMBERLAIN of Wd. 12—Mr. President, I hope that motion will not prevail; it is probably the last meeting before the summer adjournment, and we want to get through. I think we had better dispose of this now, and that we can dispose of it now as well as any time. I hope that the motion to assign will not prevail.

Mr. KELLEY of Wd. 4—Mr. President, I move the indefinite postponement of No. 9 on the calendar.

The PRESIDENT—The Chair will state that the question comes on the motion to assign.

Mr. WATSON—Mr. President, I am going to fight for these resolutions when the time comes, if there is but one vote for them. I will not compromise one iota on them with my vote. I will refuse to change the resolutions, so far as my vote will do it, or whether it will or not. I will refuse to take out one word, or one letter from a word. Mr. President, my purpose in assigning this until 10 o'clock was that I think the committee of six, which left to escort Capt. Bordman to the train, broke a quorum, and I serve notice now that if you undertake to defeat my resolution this evening, I will raise the question of no quorum.

The motion to assign the matter to ten o'clock was declared rejected. Mr. Watson doubted the vote and asked for a verification by a rising vote, which was taken, and the motion to assign was rejected, four members voting in the affirmative, 13 in the negative.

The PRESIDENT—The question now comes on indefinite postponement.

Mr. WATSON—Mr. President, I raise the question of no quorum on that last vote. There were but seventeen present.

The PRESIDENT—Does the gentleman rise to a point of order?

Mr. WATSON—Yes, sir; that there is not a quorum present.

The PRESIDENT—The Chair will rule the point of order not well taken. The question is on indefinite postponement.

Mr. CHAMBERLAIN of Wd. 12—Mr. President, nearly a month has passed since Admiral Sampson entered the waters of our harbor, and it seems to me that we are going a great deal out of our way, if we pass these resolutions, in order to humiliate the Mayor. The Council at the last meeting passed resolutions thanking those who were instrumental in our paying a visit to the ships in the harbor. The gentleman from Wd. 18, in an interview in the Boston Post the next morning after our visit, discussed very freely the merits and demerits of the question. I think I am right in this statement, Mr. President, and I think the records will bear me out, when I state that no man in this body has opposed the Mayor of this city any more strongly than I, especially on matters which involved the financial interests of the city; but I honestly believe, Mr. President, with all due respect to the gentleman from Wd. 18, that these resolutions are insulting, humiliating and thoroughly undignified, and that, if passed, they will hurt the members of this Council in the eyes of the citizens of Boston much more than the gentleman at whom they are aimed. Mr. President, I most sincerely trust that the motion to indefinitely postpone will prevail.

Mr. KELLEY of Wd. 4—Mr. President, the reason why I made the motion to indefinitely postpone is because I consider these resolutions nothing but child's play. I did not oppose the passage of them because of any desire to antagonize my friend in the first division (Mr. Watson), but simply because I think they cast reflections, not upon the man whom he intended them to, but upon the citizens of Boston. That was my reason, and, solely my reason, for offering the motion to indefinitely postpone these resolutions.

Mr. WATSON—Mr. President, I want to answer the gentleman from Wd. 12. I want to say to him, and to the gentleman from Wd. 4 as well, that our little trip down the harbor was child's play, and His Honor the Mayor took away our transportation in a childish way. I want to say that in the opinion which I have this evening of the treatment which we received at the hands of the Chief Executive of this

city is the same as it was the day we came back from aboard the New York. I want to say that their opinions have changed—I don't know why. I want to say that they were indignant that day, and that insult upon insult, more than I ever could heap upon His Honor, was heaped upon him by many who are here tonight. I introduced these resolutions in good faith, and, notwithstanding the enormous pressure from all hands for the withdrawal of the resolutions, I am here tonight fighting for them, and I shall vote for them, I care not how many votes they receive. I want to say to the member from Wd. 12 that my insults are in writing, while he makes them verbally. He has stood on this floor and has insulted prominent men of the City of Boston—men whom I am not going to defend, because I believe a great deal he said. Nevertheless, they were insults, even if they were deserved. Now, Mr. President, I have said for two weeks that I do not care how many votes I got for these resolutions. I am going to vote for them, and I sincerely trust that somebody will be blind enough to follow me. (Laughter.)

Mr. WELLS of Wd. 16—Mr. President, I sincerely trust that these resolutions will be indefinitely postponed. I believe that it was beneath the dignity of this Council to pass those resolutions. I think the Mayor of a city like Boston should receive more respect from the City Council than for it to criticize his actions and apologize for them in matters which concern this Council not at all. It is within his jurisdiction to extend the courtesies of Boston to whomever he sees fit. He may have had good reasons of which we know nothing for not extending them to Admiral Sampson at that time. The resolutions speak about the trip being a semi-official trip. As I heard it talked about at the time, it was wholly an unofficial trip, got up by a few members of this body as a pleasure trip and as a chance to see the war vessels—and I understand that it was carried to a successful issue in spite of the opposition of the Mayor, and, perhaps, of the City Messenger Department. I sincerely trust that, in view of the insults in these resolutions, they will be indefinitely postponed.

The motion to indefinitely postpone the resolution was carried.

Mr. WATSON—All right. (Laughter.)

Mr. Cuddy moved to reconsider; lost.

WARREN AVE. ENGINE HOUSE SITE.

The PRESIDENT—Reports of committees are now in order.

Mr. WATSON—Mr. President, I wish to submit a report of a committee and two orders.

The PRESIDENT—The Chair desires to state that he has only called for reports of Committees and that only reports of committees are in order.

Mr. WATSON—Well, the orders are relative to the report of the Committee.

The PRESIDENT—Then, the Chair will receive the same.

The report and orders were received by the Clerk, the report being as follows:—

"The Committee on Fire Department, to whom were referred the message of the mayor and the order of the Board of Estimate and Apportionment appropriating the sum of \$55,000 for the purchase of land on Warren Ave. and the erection of an engine house thereon, having considered the subject, respectfully report no further action necessary."

The PRESIDENT—The Chair desires to state that unless the orders are submitted in connection with the report they cannot be submitted at this time. Does the Chair understand that they are submitted in connection with the report?

Mr. WATSON—No, they are not a part of that. Mr. Chairman.

The PRESIDENT—Then the Chair will direct the Clerk to return the papers to the gentleman who offered the orders.

The report was accepted, and the question came on the passage of the order, in concurrence with the Board of Estimate and Apportionment.

The PRESIDENT—On that the Chair will rule that the appropriation made by the Board of Estimate and Apportionment has become operative, in accordance with the provisions of chapter 434 of the acts of 1898, and that in accordance with the acts of 1899, chapter 379, the powers of the City Council devolves upon the street commissioners. In making the ruling the Chair desires to read chapter 379 of the Acts of 1899:—

"Section 1. The city council of a city, or the inhabitants of a town at a town meeting regularly called for the purpose, may vote to take in fee any land within the limits of the city or town not appropriated to public uses, for the purpose of erecting thereon any building to be used for a public school, library or engine house, or for the enlargement of any lot taken or used for such purpose, but no land shall be so taken which will make the lot exceed in area one acre. Such vote shall contain a description of the land to be taken, sufficient for identification.

"Section 2. The mayor of the city or the selectmen of the town or a majority thereof, after the passage of any such vote, shall sign and cause to be recorded in the registry of deeds for the county or district of the county in which the land is situated, a statement that the city or town takes the land, giving the description aforesaid and the purpose for which the land is taken, and upon such recording the land so described shall be taken in fee for the city or town.

"Section 3. The city council of such city, or the selectmen of such town, shall agree with the persons sustaining damages to their property by the taking of land under this act, and the city or town shall pay the same, but of the parties are unable to agree the damages sustained shall on petition of either party be determined by a jury of the superior court of the county in which the land is situated, in the manner provided by law for determining damages sustained by the taking of land in laying out highways in such city or town, and judgment shall be entered, costs taxed and execution issued as in civil cases, but no petition for such damages shall be entertained after the expiration of two years from the date of the recording of the said statement.

"Section 4. The powers conferred upon and the duties to be performed by the city councils of cities under this act shall in the city of Boston be conferred upon and exercised by the board of street commissioners, but their action shall be subject to the approval of the mayor.

"Section 5. This act shall take effect upon its passage."

The Chair will therefore direct the Clerk to transmit the paper to the City Clerk, inasmuch as the appropriation has become operative and the remainder of the order devolves upon the Board of Street Commissioners.

Mr. WATSON—Mr. President, I rise to a question of information. I desire to ask the Chair if this body has accepted the report of the Committee on Fire Department relative to the papers which I sent up to the Clerk?

The PRESIDENT—The Council has accepted the report of the Committee on Fire Department.

Mr. WATSON—I desire to ask the Chair, further, if he has decided that the selection of a site for an engine house for Engine 2 is the duty of this body together with the Board of Aldermen?

The PRESIDENT—The Chair has decided, in accordance with the report of the Committee on Fire Department, that no action was necessary, that the law has been carried out, that the appropriation has become operative, owing to the lapse of thirty days, and that the balance of the

order devolves upon the Board of Street Commissioners to be carried out. The Chair has therefore directed the Clerk to transmit the paper to the City Clerk.

Later in the session, Mr. Watson said:—
Mr. President, I ask unanimous consent to read a letter I have received, which I should have introduced when I submitted the orders, from a dissenter from the report. I ask to be allowed to read the letter.

The PRESIDENT—The Chair will request the gentleman to submit the paper to the Clerk before reading. (The paper referred to was handed to the Clerk.) The Chair will rule the paper out.

RAINSFORD ISLAND INVESTIGATION.

Mr. LINEHAN of Wd. 13 submitted the following:—

The special committee, appointed by both branches of the City Council to investigate certain charges made against the Board of Trustees of Children's Institutions with reference to their management of the House of Reformation at Rainsford Island, have finished their hearings and respectfully submit the following report:

Mayor Quincy, in his statement on the appointment of the members of the unpaid boards, in the daily papers of June 15, 1897, guaranteed to the public trained intelligence for the performance of each function of these boards, including the Trustees for Children, who are in control of the House of Reformation at Rainsford Island. In investigating this latter institution, we have now fairly tried, after two years of costly experiment, the principle on which the free boards are based. The issues are clearly drawn between the City Government and the new school of reformers. The question to be answered, a question purely and simply of home rule, is whether the people of Boston are to have anything to do with their public institutions, or whether these are to be handed over to the so-called scientific influences which operate in this board. There were five distinct guarantees given to the public in Mayor Quincy's statement in behalf of the Board of Trustees for Children. First, the juvenile wards of the city were to be under the close supervision of persons who had a thorough training and experience in charity and philanthropy. Second, their intellects and minds were to be trained under the supervision of expert educators. Third, an expert in children's diseases was to be appointed to look after the sanitary interests of the institution and the health of its inmates. Fourth, this board should contain at least two business men, which would insure careful financial management, and finally, political affiliations were not to be considered in the making up of this board, for, said Mayor Quincy, "I am sure that party politics will in no way influence their actions."

In many instances these guarantees have not been sustained by facts. Your committee found the Superintendent of the Institution at Rainsford Island guilty of several grave errors of judgment. Among them may be mentioned the construction, in the attic of the main building, of a cell for the confinement of boys. This was located in such a position that in case of fire there would be no possibility of escape for the unfortunates who should happen to be confined there. Your committee consider this a most serious mistake and deserving of the gravest censure.

We find a wholesale system of impudent evasion of the civil service laws, in order to exclude Boston people from employment, which cannot be too severely criticized. By this system the trustees were enabled to make their own selections, on grounds predetermined upon, and to appoint their friends to places for which no justification can be found in the proper

economy of the institution, coupled with which was the policy of comparatively high salaries for the positions which they thus filled.

From the testimony of three of these individuals, appointed under these conditions, viz., "Baker, Athletic Instructor," "Fisher, Instructor of Military Drill," and "Davis, Assistant Superintendent," we learn that the duties of the three positions which they fill could be discharged by one person. Your committee recommend the discharge of two of these officers, namely, Messrs. Baker and Fisher. The educational interests of the institution we find seriously injured by the fads, theories and favoritism which are used in the management of the schools. We found five female teachers in charge of the schools, who, between vacations, weekly leave of absence and holidays, have been away from the institution about thirty weeks of the school year, and their work or influence during all this time has been in no way available for the instruction of the pupils or for the order and discipline of the institution. Your committee recommend a male teacher for principal, in order that there may be better discipline in the institution.

During the long period of summer vacation, places have been created for pupils of the Institute of Technology, viz., Leopold L. Cayvan, Irving Weeks and a certain young lady named Harriet Noyes, at salaries of \$35 and \$40 a month. It is believed that this course has been adopted by some of the trustees in order to make places at convenient times of the year for their friends. If it were necessary to give the boys at Rainsford Island instruction in chemistry, zoology, biology, vocal music, botany and drawing, as these young people profess to do, it would be best to insist on this instruction from the regular corps of teachers.

Your committee protest against the using of any public institution of this city as a place to exploit the latest fads and vagaries in education, as appears to be the case in this institution. We owe a duty to its inmates which would make such a course little short of criminal.

Your committee furthermore condemn the system which has been inaugurated, during the trustees' incumbency, at the House of Reformation, which seems to aim at giving the pupils an indefinite smattering of almost everything and recommends a closer adherence to the common sense methods of a common school education, which would be certain to insure a better economy in management as well as better results in general. Your committee also recommend that the term of vacation at the House of Reformation be as hitherto, that is to say, two weeks in the year.

How have the important functions of caring for the health of the inmates and looking after the sanitation of the institution been performed? In these matters your committee discovered a condition highly discreditably to every one directly responsible for the interests of the institution, and for the welfare of its inmates and its employees, which calls for the gravest censure.

Your committee found the conditions under which a number of employees were obliged to perform work at pauper salaries or for nothing so absolutely filthy as to be a serious menace to the health of everyone on the Island. We brought to the attention of the superintendent and trustees an open water tank, into which articles of old clothing and food refuse were thrown, from time to time, and allowed to remain there indefinitely, the water from which was drunk daily, at morning and evening, by the boys in two of the dormitories, and which in all probability was the mysterious source of fevers and other troubles which made their appearance in the Institution.

A few of the many instances of gross neglect of the health and welfare of the individual inmates will suffice here. A boy, one Gardella, incurred a serious injury to his left elbow, and was denied, for a period of about five weeks, the surgical treatment which he urgently needed.

A boy named Keller was sent to the Institution in December, 1897, suffering from a disease of one of the eyes, contracted through a cold, which threatened the ultimate loss of its sight. Notwithstanding that members of this boy's family made repeated requests for the special treatment and care which his case demanded, these requests were never granted until after the investigation, upon which your committee have the honor to report, had been started. The system of allowing a so-called band-master to have the care and dispensing of the medicine is nothing short of criminal negligence and cannot be too severely criticised.

The citizens and taxpayers of Boston are not prone to complain of the reasonable expenditure of the public funds for all proper purposes, and in view of the high assurances which have been given for the financial wisdom and business ability at the disposal of the unpaid board in charge of the House of Reformation, it might, perhaps, be expected that direction of the financial and business interests of the institution, might afford at least some redeeming feature. Yet no wise and honest business man could be found in public or private life to expend funds of any description in the manner in which the city's money has been applied at Rainsford Island within the last year. Many thousands of dollars have been squandered for which there are no practical results to show, and the facts indicate a financial recklessness and business incompetency which the most severe critic of the so-called unpaid boards could not have anticipated.

Your committee, by reason of other important duties, have not had the time to examine fully into this part of the work, but deem the subject so important that they respectfully recommend the appointment of a special committee, to examine all the bills for the repairs and additions at the House of Reformation, for the last and present fiscal year, and such other details of the financial management of that institution as may be deemed necessary, as, for instance, the hiring of a baker four months before she baked a loaf of bread, and the buying of yeast during a part of this time for the baking of 150 or more people and throwing it daily over the sea wall. Your committee find that the Trustees, after six months costly experimenting, are baking the white bread for the institution at a cost to the city of over \$10 a month more than it costs to buy the bread in Boston, and that they are not yet able to bake the brown bread, but have to bring this bread from Boston.

The so-called athletic instructor, who does not instruct in athletics, but whose duty appears to consist in abusing and beating the boys, receives \$10 a month for doing work which was formerly performed by House Officer Leighton at a salary of \$35 per month. He is assisted in his duties by the so-called baker, who does not bake, and they jointly try to accomplish the work formerly done by Officer Leighton. This is a simple illustration of the many financial mistakes made by this board.

Your committee found, on investigation, many cases of severe cruelty, notwithstanding the stereotyped testimony of the paid subordinates of the trustees, whose utter lack of knowledge of law and reforming boys cannot be too severely criticised.

The many improvements which were made since the beginning of this investigation is evidence of the bad condition of the institution.

The re-establishment in a reformatory of a dark solitary cell for the confinement of these children, after the same had been abandoned in the Penal Institutions, and which is contrary to law, is, in the opinion of your committee, a step backward and a blot on the fair name of our honored city, and demands the most severe censure.

Mayor Quincy, who made the statement that political affiliations in making up the unpaid boards would in no way influence their action, has generously redeemed this promise by placing these boards in the hands of persons who, while representing no organized political party, show by their actions their lack of thorough knowledge necessary for membership on a board charged with such responsibilities.

To secure perfect adjustment and harmonious organization on the broadest principles of modern philanthropy educated and enlightened sympathizers with wage-earners were placed on the board of trustees to see that the interests of the employees should not be neglected. Nevertheless, citizens of Boston are employed at the House of Reformation at pauper salaries, under conditions which are a disgrace to the city and which cannot be wiped out too soon, while non-citizens, whose offices are not essential to the business of the institution, under the favor of the trustees, are employed at comparatively liberal salaries. Thousands of dollars belonging to the citizens have been wasted by the financiers of the board of trustees at the House of Reformation in the past year, while they may have saved a few hundred dollars to the city at the expense of nurturing in the institution a condition of white slavery, which cannot be otherwise than subversive, to a large extent, to the legitimate purposes of reform. Our honored city cannot afford to be placed in any of its departments in the position of a shylock which makes a pitiful commerce on human necessities, and any kind of reform must needs be spurious when it stoops to methods which perpetuate the errors which it is the aim of reform to obviate or remove.

Your committee is emphatically opposed to any administration of our public institutions by which they are not fully accessible to the common people through their duly accredited and elected representatives, and through other proper channels; and they are particularly opposed to such an administration as represented by the Trustees for Children.

In response to the public demand for better treatment of the unfortunate in our public institutions two years ago, the class who constituted the movement represented by the unpaid boards, so-called, came into the gap with the brightest possible endorsements from the chief executive and themselves. What are the results? We find this class eminently respectable and well-intentioned, but their aims and methods are fraught with insidious dangers. The civil-service law is not a law unto them, although among them are to be found some of its self-constituted guardians, and they hold the city ordinances in contempt.

The example which this body of pre-eminent and enlightened reformers give of disrespect for law and order in the community would be a serious menace to public morals if permitted to go unrebuked.

The Boston Herald's editorial of Feb. 6, 1899, warned the public that the free boards were likely to prove more expensive to the city than salaried heads of departments. Your committee believe that during the past year the House of Reformation at Rainsford Island, under the charge of the Board of Children's Trustees, has cost to maintain a much larger sum of money than it would if under the charge of a paid official.

In the unpaid boards an expensive policy of foolish experiment is continually going

on. In the unpaid boards, instead of experts, as promised, we have amateurs.

Your committee have, with regret, compared the confusion of these boards with the orderly methods which prevail in the Penal Institutions Department.

Your committee would call special attention to the amazing methods by which testimony offered by the paid subordinates of the board was given to the committee. To those who were present at any of the public hearings given by the committee, it was evident from the manner in which they testified that the witnesses had been coached and instructed as to what they were to say.

At the last hearing, held in City Hall, paid subordinates, dependent upon the Trustees for employment, were called to state that the administration was perfect and that the boys were happy, in order to contradict an ex-watchman of the institution, who was compelled to leave because he would not shut his eyes to the facts and keep quiet. Under these circumstances your committee feel justified in stating that the greater part of the testimony presented by the Trustees is unreliable, especially so from those persons for whom individual members of the Board of Trustees had succeeded in finding places at the House of Reformation. Under these conditions it is almost impossible for the public at any time to find out what is going on at the institution. In order to insure proper responsibility, a wise, economic and safe administration, and freedom from theoretic vagaries in the management of children's institutions, your committee find that it will be necessary to have a paid agent or agents at the head of such institutions, and so respectfully recommend.

Frank J. Linehan,
James H. Stone,
David B. Chamberlain,
William H. Cuddy,
John Bordman, Jr.

(Aldermen Dixon and Brick dissent from the above report and reserve the right to submit a minority report.)

Ordered printed, and assigned to the next meeting, on motion of Councilman Linehan.

ENTERTAINMENT OF L. A. W.

Mr. McDONALD of Wd. 12, for Mr. Peck, offered an order—That His Honor the Mayor be requested to extend the courtesies of the City of Boston to the League of American Wheelmen on the occasion of their annual meet in this city in the month of August next.

Passed. Sent up.

LEAVE OF ABSENCE FOR FIREMEN.

Mr. SWEENEY of Wd. 7 offered an order—That the Fire Commissioner, through His Honor the Mayor, be requested to inform the Common Council whether he has taken any action under the order passed by this Council on May 13 and concurred in by the Board of Aldermen on May 22 relative to making an arrangement to allow each member of the Fire Department twelve hours leave of absence between his regular days off.

Referred to His Honor the Mayor.

ELECTRIC LIGHT, WD. 21.

Mr. WINSLOE of Wd. 21 offered an order—That the Superintendent of Lamps be requested to place an electric light at the corner of Lansing and Sherman Sts., Wd. 21.

Referred to His Honor the Mayor.

IMPROVEMENT OF TOLMAN PL.

Mr. WINSLOE of Wd. 21 offered an order—That the Superintendent of Streets,

through His Honor the Mayor, be requested to put Tolman Pl. in suitable condition for travel by teams.

Referred to His Honor the Mayor.

REMOVAL OF TREES, WARD 21.

Mr. WINSLOE of Wd. 21 offered an order—That the Superintendent of Public Grounds, through His Honor the Mayor, be requested to remove the dead trees on Warren St., between Holborn and Quincy Sts. and also on Circuit St., between Fountain and Herman Sts.

Referred to His Honor the Mayor.

ADDITIONAL CONCERTS, MARINE PARK.

Mr. LOGAN of Wd. 14 offered an order—That the Commissioners of the Music Department be requested to provide additional Sunday evening band concerts at Marine Park, South Boston.

Referred to His Honor the Mayor.

CROSSWALK, LAMARTINE STREET.

Mr. ROEMER of Wd. 22 offered an order—That His Honor the Mayor request the Superintendent of Streets to place a crosswalk on Lamartine St., at Mozart St., Wd. 22.

Referred to His Honor the Mayor.

POLICE BOX, DIMOCK STREET.

Mr. ROEMER of Wd. 22 offered an order—That His Honor the Mayor request the Board of Police Commissioners to place a police patrol box at the corner of Dimock and Amory Sts., Wd. 22.

Referred to His Honor the Mayor.

RESOLUTIONS CONCERNING JULY FOURTH ORATION.

Mr. MCINERNEY, of Wd. 19, offered the following:—

Whereas, on July Fourth the Hon. Nathan Matthews, representing in an official capacity as orator of the day the city of Boston, having been appointed to such position by the Mayor; and who, in the course of his remarks at the official observance of the day at Tremont Temple, gave expression of opinions favorable to receiving unwillingly races in subjection denying the maxim of this Republic, "that government is by consent of the governed," and

Whereas, such utterances coming from the official Fourth of July orator, upholding Imperialism, Expansion and Trusts, has given the entire country the impression that his words are the real sentiments of the City Government of Boston, therefore be it

Resolved, That we, the members of the City Council of the city of Boston, do disapprove of these sentiments which are not expressive of the views of the people of Boston, in whole or in part, while on the contrary, we also disapprove of the tendency of the times to abandon the fundamental principles of this Republic, as wisely put forth by Washington, Jefferson, Monroe and Lincoln, and we believe that a colonial policy is dangerous to the welfare of the Republic because it means military and naval rule against the right of the citizen to govern;

Resolved, also, that we disapprove of the policy outlined by Mr. Matthews which would make this Republic an empire where classes would rule, where the sacredness of the ballot would be violated, and where the rights of American citizenship would be invaded, simply to gratify the greed of American and foreign capitalists who seek to make the masses subject to the classes;

Resolved, That a copy of these resolutions be printed in the official records and copies be sent to the Hon. Nathan Matthews, Mayor Josiah Quincy, Hon. P. A. Collins, Hon. George S. Boutwell, President of the Anti-Imperialist League; Senators George F. Hoar and Henry Cabot Lodge, Congressmen Fitzgerald, Napphen, McCall, Sprague and Roberts, who represent Massachusetts in the National House, also the Boston press.

Ordered printed and assigned to the next meeting, on motion of Mr. Chamberlain of Wd. 12.

—
LIGHTS ON PLEASURE VEHICLES IN PARKS.

Mr. HARVEY of Wd. 24 offered an order—That the Board of Park Commissioners, through His Honor the Mayor, be requested to establish a regulation requiring all pleasure vehicles used in the park system to be provided with suitable lights between sunset and sunrise on and after August 1st of the present year.

Referred to His Honor the Mayor.

—
CONCRETE WALKS, CHARLESTOWN.

Mr. MADDEN of Wd. 5 offered an order—That the Board of Park Commissioners

be requested, through His Honor the Mayor, to place the concrete walks in the Training Field, Charlestown, in proper condition.

Referred to His Honor the Mayor.

—
ARC LAMPS, CHARLESTOWN BRIDGE

Mr. MADDEN offered an order—That the Superintendent of Lamps, through His Honor the Mayor, be requested to place arc lamps on the new bridge to Charlestown.

Referred to His Honor the Mayor.

—
SEATS IN CITY SQ.

Mr. MADDEN offered an order—That the Superintendent of Public Grounds, through His Honor the Mayor, be requested to place a sufficient number of seats around City Sq., Charlestown.

Referred to His Honor the Mayor.

—
NEXT MEETING OF COUNCIL.

Mr. ARMISTEAD of Wd. 11 offered an order—That when this Council adjourns it be to meet subject to the call of the Chair.
Passed.

Adjourned at 9:27 o'clock P.M., on motion of Mr. Turnbull of Wd. 4.

CITY OF BOSTON.

Proceedings of the Board of Aldermen.

Monday, July 17, 1899.

Regular meeting of the Board of Aldermen, held in the Aldermanic Chamber, City Hall, at 3 o'clock P.M., Chairman Barry presiding, and all the members present.

The Board voted, on motion of Ald. Berwin, to dispense with the reading of the records of the last meeting.

PLAN OF POLE LOCATIONS.

The following was received:—

Mayor's Office, City Hall,
Boston, July 5, 1899.

To the Board of Aldermen:—

I transmit herewith a plan showing pole locations on the West Boston temporary bridge, between Cambridge St., and the westerly draw, granted by the Cambridge Bridge Commission, at its meeting on July 1st, to the West End Street Railway Company, and would recommend that the same be placed on file.

Respectfully submitted,
Josiah Quincy, Mayor.

Placed on file.

SIGN ON LAMP-POST VETO.

The following was received:—

Mayor's Office, City Hall,
Boston, July 6, 1899.

To the Board of Aldermen:—

I return herewith, without my signature, a vote passed by your Board, granting permission to the National Express Company to place a sign on an unused lamp-post on the corner of Franklin and Arch Sts., Wd. 7, for the reason that the granting of such permission is contrary to law.

Respectfully submitted,
Josiah Quincy, Mayor.

The vote whereby the order was passed was reconsidered, and the question came on granting permission the Mayor's veto to the contrary notwithstanding. The Board refused to grant permission over the veto, the vote being: yeas 2, nays 7, as follows:—

Yeas—Ald. Adams, Dixon—2.
Nays—Ald. Barry, Berwin, Brick, Colby, Day, McDonald, Presho—7.

WHEELBARROW STAND—VETO.

The following was received:—

Mayor's Office, City Hall,
Boston, July 6, 1899.

To the Board of Aldermen:—

I return herewith without my approval a vote passed by your Board granting permission to Constantine Demara "to sell merchandise from a wheelbarrow or pushcart north side of Massachusetts Ave." Some seven years ago peddling within the business section of the city from pushcarts had so added to the congestion of travel and become so objectionable in many other ways that peddling within this section was prohibited by ordinance between the hours of eight A. M. and six P. M., and, so far as I am informed, this change has met with general approval. Mr. Demara now has the privilege, the same as other peddlers, of selling merchandise within the business section except between these hours, and the effect of granting this permit would be to allow him to peddle in the business section during the business hours of the day. If the petitioner is to be granted this privilege, it is reasonable to suppose that applications for the same privilege would be at once made by many hundred other peddlers, who could perhaps urge equally good reasons for having their request granted, and this would result in a return to the conditions existing previous to the adoption of this ordinance,

which I apprehend would meet with great objection on the part of our citizens.

Respectfully submitted,
Josiah Quincy, Mayor.

The vote whereby the order was passed was reconsidered and the question came on granting permission the Mayor's veto to the contrary notwithstanding. The Board refused to grant permission over the veto the vote being yeas 0, nays 12.

ERECTION OF POLE—VETO.

The following was received:—

Mayor's Office, City Hall,
Boston, July 10, 1899.

To the Board of Aldermen:—

I return herewith my signature an order passed by your Board authorizing the Superintendent of Streets to issue a permit to Thomas F. Dockray to erect, maintain and use a wooden pole in the sidewalk in front of estate 1133 Columbus Ave., Wd. 19, for the reason that the said order is illegal.

Respectfully submitted,
Josiah Quincy, Mayor.

Referred to the Committee on Public Improvements, on motion of Ald. Doyle.

USE OF VEHICLES—VETO.

The following was received:—

Mayor's Office, City Hall,
Boston, July 10, 1899.

To the Board of Aldermen:—

I return herewith without my approval the regulation passed by your Board striking out present Section 13 of Chapter 6 of the Revised Regulations of 1898, and substituting the following in place thereof:—

"Section 13. No person shall in any street use any vehicle, other than a railroad or a railway vehicle, or a vehicle of the Fire Department, or a vehicle drawn or pushed by an animal, or a vehicle of a construction approved by the Board of Aldermen as not endangering the life or property of others."

I am unable to approve of this regulation for a number of reasons, some of them relating to the form of the proposal, and some to its substance.

Section 13 of Chapter 6 of the Revised Regulations, as it now stands, contains only a provision limiting to a walk the speed at which an animal may be allowed to draw a vehicle over a draw-bridge. I am at a loss to understand why it should be proposed to introduce such a sweeping change in the law relating to the use of vehicles under the form of an amendment to this provision, particularly as the new regulation entirely omits the provision contained in the present section, and has no relation whatever to its subject matter. I am not aware of any reason for repealing the present prohibition against the driving of vehicles over a draw-bridge faster than a walk; yet such would be the result if I approved the proposed regulation. Amendments to ordinances or regulations should clearly relate to present provisions, and if such a regulation as that which has been passed by your Board is desirable at all, it should certainly be passed in some other form than as an amendment to Section 13 of Chapter 6.

A further objection to the proposed regulation is found in the fact that its terms are altogether too comprehensive; under it, the city departments could not use, without the approval of the Board of Aldermen, any vehicles not drawn by animals, and, unless a man is to be regarded as coming legally under the definition of an "animal," hand-carts would be barred off the streets unless they were of a construction approved by the Board of Aldermen—and even if a man is legally an animal, it would be impossible under this regulation for anyone to ride a bicycle in the streets of the city unless it were "of a construction approved by the Board of Aldermen" as bicycles are neither "drawn or pushed." It hardly seems to me that such a result can be intended.

But my objection to the proposed regulation extends to the object which was doubtless in the minds of its framers. Under the provisions of Section 25 of Chapter 28, and of Section 15 of Chapter 53 of the Public Statutes, the Mayor and Aldermen of cities are given the power to make certain rules and regulations relative to the use of vehicles, and this proposed regulation is doubtless intended to be an exercise of such authority. On broad grounds, I cannot approve of the passage at the present time of any regulation which seeks to impose restrictions upon the use of our streets by automobiles, so-called, because, in the first place, it seems to me that this important subject should be, and doubtless will be, further dealt with by state legislation, and, secondly, that in any case, in the present preliminary stage of the development of automobiles, it would be unwise for the Board of Aldermen to exercise its powers. I believe that it would be much wiser to wait until developments in this line shall have proceeded further, and it will then be possible to frame a much fuller and wiser regulation than the one now before me.

Respectfully submitted,

Josiah Quincy, Mayor.

Referred to the Committee on Public Improvements, on motion of Ald. Berwin.

APPOINTMENTS BY THE MAYOR.

The Mayor submitted the following appointments subject to approval and confirmation on the part of the Board:—

(1) Allen G. Boyd, to be a Weigher of Coal for the term ending April 30th, 1900.

(2) Andrew H. Dweley, to be a Weigher of Coal for the term ending April 30th 1900.

(3) George C. Davis, George H. Hamlin and Francis E. Harrington, to be constables of the city of Boston for the term ending April 30, 1900.

Severally laid over, under the law.

HEARINGS AT 3 O'CLOCK.

On petitions for leave to project bay-windows, viz:—

1. Albert Geiger, two over Wellington St., from building 559 Columbus Ave., corner Wellington St., Wd. 12.

No objections. Referred to the Committee on Building Dept. (Ald.).

2. John Lorgenfeld, one, from building corner Boston and Rawson Sts., Wd. 16.

Patrick Nolan appeared in behalf of his wife, Mrs. Mary F. Nolan, an adjoining owner, and objected to the granting of the petition, as the proposed bay window would project beyond his house line and shut out the light and air.

A remonstrance from Mrs. Mary F. Nolan, et als., was also presented.

There being no further objections the petition and remonstrance were referred to the Committee on Building Dept. (Ald.).

3. Frederick J. Herthel, Jr., one over Columbus Ave. and one over Ruggles St., from building on the corner of said streets, Wd. 18.

No objections. Referred to the Committee on Building Dept. (Ald.).

4. T. H. Connolly, two from building 2976-2978 Washington St., Wd. 22.

Not having advertised in accordance with law the petitioner was given leave to withdraw.

On petitions of The New England Telephone and Telegraph Company of Massachusetts, viz:—

5. For leave to erect and to remove one pole on East Second St., between M and L Sts., Wd. 14.

6. For leave to erect and to remove one pole on Wait St., Wd. 19.

7. For leave to erect poles on Wabon St., Wd. 21, Mansfield St., Wd. 25, and Top-liff St., Wd. 20; also to erect and to remove one pole on Washington St., corner Dudley St., Wd. 18.

8. For leave to erect and to remove poles on Centre St., Wd. 23.

9. For leave to erect five poles on King St., Wd. 24.

10. For leave to erect and to remove one pole each in Market St. and Western Ave., Wd. 25.

11. On petition of the Boston Electric Light Company for leave to erect poles on Savin Hill Ave., Adams St., Dorchester Ave., St. Alphonsus St., Fellows St., and Mercer St.

12. On petition of the Charlestown Gas and Electric Company for leave to erect poles on Joiner St., Wd. 5.

No objections. Severally recommended to the Committee on Electric Wires.

On petitions of the West End Street Railway Company, viz:—

13. For leave to locate double tracks on Providence St. and St. James Ave., etc., and to use the overhead electric system on same.

14. For location for track at the corner of Washington and Roxbury Sts.

15. For leave to lay a curve track at the corner of Washington and Eustis Sts.

16. For a location for an extension of its tracks on Washington St., Dorchester, to Codman St.; also on Codman St. to Dorchester Ave.; with the right to use the overhead electric system on the same.

17. On petition of the West Roxbury & Rosindale Street Railway Company, to be allowed to exchange its cars with cars of the Needham and Boston Street Railway Company at the Boston line at Spring St., and to use the cars of the last-named company on its line from Spring St. to Forest Hills.

No objections. Severally recommended to the Committee on Railroads.

18. On petition of The Thompson & Norris Co. for leave to lay railroad tracks across Lincoln St., Brighton.

Not having advertised in accordance with law, the petitioner was given leave to withdraw.

PETITIONS REFERRED.

The following petitions were received and were referred to the committees named, viz:—

Building Dept. (Ald.).

Petitions for leave to project signs, etc., viz:—

Samuel Katz, a sign, at 19 Tremont Row, Wd. 6.

Gus De Stefong, a barber sign, at 90½ Summer St., Wd. 7.

Wm. J. Sinks, a sign, at 210 Massachusetts Ave., Wd. 10.

Frank Porcellin, a sign, at 95½ W. Springfield St., Wd. 12.

O'Brien Bros., one illuminated sign, at 152 Summer St., and one at 179 Federal St., Wd. 7.

Max Feldman, a sign, at 7 Compton St., Wd. 9.

Max Fishman, a sign, at 64 Compton St., Wd. 9.

Carmelo De Luca, a sign, at 965 Tremont St., Wd. 19.

M. I. Bornstein, an auction flag, at 1005 Washington St., Wd. 9.

John Paris, a sign, at 212 Cambridge St., Wd. 11.

Julius Neustadt, two key signs, at 47 Compton St., corner of Middlesex St., Wd. 9.

F. W. Lydston, a sign, at 49 Charles St., Wd. 11.

Max Feldman, V corner sign, 67 Compton St., Wd. 9.

Mrs. Adella McEnnis, illuminated sign 176 Friend St., Wd. 6.

Claims.

Catherine J. Lynch (three petitions), for payment to Sherman L. Whipple of balances remaining from tax sales of estates on the southwest side of Sixth St.

Mary G. Fuller, to be paid balance remaining from tax sale of estate on Mt. Vernon St.

Charles W. Bates, for payment to Jos.

A. McCloskey of balance remaining from tax sale of estate on Haskins St., Rox.

Henry Sheldon et als. (two petitions), for payment to Edward N. Eames of balances remaining from tax sales of estates on Cottage Terrace (lots 30 and 31).

Charles Rudolph, for compensation for damage caused by a city team backing into a plate glass window at 30 Bowdoin St., Wd. 6.

L. A. Ganong, for compensation for damage to her stock in trade caused by a city team backing into a window at 30 Bowdoin St., Wd. 6.

Fuller & Howard, for adjustment of their claim for damages on account of the loss of a horse caused by an alleged defect in the highway.

Charles D. Stewart, for compensation for injuries caused by an alleged defect in the highway cor. Causeway and Portland Sts.

The Robert G. Shaw Social Club, to be refunded \$300,—being the amount paid for a liquor license granted, but not issued by the Board of Police.

Norman F. Garland, to be paid for expenses incurred by him in an action against him on account of his acts as a police officer.

John Sullivan, to be refunded the amount of two sewer taxes paid by him under protest,—one against estate on Albany, Ince-land and Hudson Sts., the other against estate 166 W. Newton St.

Edmund T. Lamb, for compensation for damage to horse caused by an alleged defect in Columbia Road.

Daniel Collins, for compensation for damage to wagon at corner of E St. and Dorchester Ave.

Mary Doyle, to be paid balance remaining from tax sale of estate on Ellingwood St.

William B. F. Whall et als., trustees (three petitions), to be paid balance remaining from tax sales of estates on Pleasant St., Charles and Washington Sts., and Charles, Spring and Washington Sts., West Roxbury.

Electric Wires.

Petitions of the N. E. Tel. and Tel. Co. of Mass., viz:—

For leave to erect and to remove poles on Columbia Road, Wd. 20, and Glendale St., Wd. 16.

For leave to erect and to remove poles in Forest Hills St., Wd. 23.

For leave to erect and to remove poles on Alford St., Wd. 4.

For leave to attach wires to five trees on Montrose St., Wd. 21.

Petitions of the Brookline Gas Light Co., viz:—

For leave to erect six poles on Linden St., Wd. 25.

For leave to erect and to remove poles on Cambridge St. and Harvard Ave., Wd. 25.

For leave to erect one pole on Sparhawk St., Wd. 25.

Boston Elec. Light Co., for leave to erect poles in Maple St., Roxbury.

Western Union Telegraph Co., for leave to erect poles in Gove St., East Boston.

Faneuil Hall and County Buildings.

Henry W. Savage, for permission to lease part of the Old Court House.

Lamps.

Warren H. Gleason et als., for additional public lamps on Montclair Ave., Wd. 23.

William A. Long et als., for public lamps on Claybourne St., Wd. 20.

William J. Tyler et als., for public lamps on Dakota St., Wd. 20.

Penfield B. Goodsell et als., for public lamps leading east from No. 20 So. Margin St.

Licenses.

W. C. Blodgett, for a license for dramatic, operatic and variety entertainments at the Dudley St. Opera House, for the season ending Aug. 1, 1900.

W. C. Blodgett, for musical and dancing entertainments at Orienta Hall, 2152 Washington St., Roxbury, for the season ending Aug. 1, 1900.

W. C. Blodgett, for license for musical and dancing entertainments at Palladio Hall, 54 Warren St., Roxbury, for the season ending Aug. 1, 1900.

G. N. Hatch & Co., for a license for an exhibition of the kinetoscope, at 997 Washington St., for the season ending Aug. 1, 1900.

L. B. Walker, Nickleodeon, for vaudeville entertainments and exhibitions of freaks at 51-3 Hanover St., for season ending Aug. 1, 1900.

Railroads.

Boston Elevated Ry. Co., that the Board approve a location of its route in Washington St., Rox., between Townsend and Bartlett Sts.

Norfolk Suburban St. Ry. Co., for leave to lay tracks, and to use the overhead electric system thereon, in River St., Washington St., and Adams St., and to make certain changes in the tracks of the West Roxbury & Roslindale St. Ry. Co.

The Thompson & Norris Co., for leave to lay a single track at grade across Everett St., Brighton.

Memorial Day.

Reports of Memorial Day expenses of:—

John A. Andrew Post 15, G. A. R.

Thos. G. Stevenson Post 26, G. A. R.

Robert A. Bell Post 134, G. A. R.

Ninth Regt. Infy., M. V. M.

Gen. R. S. McKenzie Garrison, R. A. & N. U.

Public Improvements.

S. Bresth, for leave to enlarge a bulkhead opening at 17 Norman st., Wd. 8.

Augustus P. Loring, trustee, for leave to construct areas in the sidewalk at Shoe and Leather Exchange in Lincoln St., Wd. 7.

Albert C. Burrage, for leave to place a 1¼ in. pipe under and across sidewalk at 2951 Washington St., Wd. 22.

James W. Tufts, for leave to construct a coal hole opening at 94 Portland St., Wd. 6.

D. Doyle, for leave to place a 1¼ in. pipe under and across sidewalk at 3430 Washington St., Wd. 23.

J. Franklin Fuller, for leave to construct an area in sidewalk at 84 Kingston St., Wd. 7.

George Wigglesworth et als., for leave to construct an area in sidewalk at 417-425 Washington St.

Franck Shute, Tr., for leave to construct a bulkhead opening at 168 Cambridge St., Wd. 11.

Frank Ward, for leave to insert brass letters in sidewalk at 39 Main St.

George R. Cavanagh, for leave to move a wooden building along G. Ninth St., Wd. 11.

H. S. Angus, for leave to move a wooden building from 2-4 Ipswich place, Wd. 2, to Everett St.

Clarence E. Snow, for leave to construct an area in front of estate cor. Boston and Rawson Sts., Wd. 16.

Vincent Marino, for leave to erect a stand with a sign thereon at 13 Maverick Sq., E. B.

Michael F. Milley, for leave to maintain a night lunch wagon at corner of Atlantic Ave. and Summer St.

Petitions for sidewalks, viz:—

I. Levin, 20-26 Morris St., Wd. 1.

Ellen Lonergan, 571 E. Third St., Wd. 11.

Watson & Waite, 472-476 E. Third St., Wd. 11.

Margaret Filtzibbon, 40 Middle St., Wd. 15.

Edward Tracy, 11-17 Vale St., Wd. 15.

Alexander Gaertner, 1181-1189 Tremont St., Wd. 13.

Carl F. Monk, Spencer St., near Park St., Wd. 20.

A. D. Gould, 364-366 Quincy St., Wd. 20.

Lucia W. Maling, 321 Washington St., Wd. 20.

Ruth M. Clapp, 140-142 Stanwood St., Wd. 20.

Francis W. Kittredge, 31. cor. Warren and Moreland Sts., Wd. 21.

Patrick Manning, 360 Centre St. and on Forbes St., Wd. 22.

Quincy & Boston Street Railway Co., southerly side of Neponset Ave.

His Honor the Mayor.

The Social Alliance, for certain reforms in the celebrations by the city of the Fourth of July.

PAPERS FROM COMMON COUNCIL.

19. Notice of the indefinite postponement of the order of this Board of June 22, instructing the City Messenger to remove the flag-pole now in Monmouth Sq., and to relocate it at the junction of Saratoga and Bayswater Sts., East Boston.

Ald. DAY—Mr. Chairman, I would like to say that that comes back again to the Board of Aldermen simply because the councilmen from my ward are engaged in a small, petty game of politics. It is something that I don't care to take any part in, and I do not ask this Board to do anything further in the matter. It would be very easy for me to explain to the people on the square why they should not have an electric light instead of a flagpole, and I can explain to the people of Orient Heights why they cannot have the flagpole they have been trying to get for two years. It is too trivial to take up the time of the Board with, and I am perfectly willing to have this go on file.

The notice was placed on file.

20. Message of the Mayor transmitting the following order of the Board of Estimate and Apportionment:

Ordered, That the additional sum of ten thousand dollars be appropriated, to be expended by the Pauper Institutions Department for Almshouse, Long Island, new power house and equipment; and that the City Treasurer be authorized to issue, from time to time, on the request of the Mayor, bonds of the City of Boston to said amount for said purpose.

The message was placed on file and the order was passed in concurrence.

21. Ordered, That the Board of Estimate and Apportionment be requested to transfer from some fund, or make a new appropriation of \$25,000 to City Hospital Department, in order that the four wards now closed may be opened to patients.

Passed in concurrence.

22. Ordered, That His Honor the Mayor be requested to extend the courtesies of the City of Boston to the League of American Wheelmen, on the occasion of their annual meet in this city in the month of August next.

Passed in concurrence.

23. Report of the Committee on Fire Department, no further action necessary, on the message of the Mayor and the order of the Board of Estimate and Apportionment appropriating the sum of \$55,000 for the purchase of land on Warren Ave., and the erection of an engine-house thereon.

The report was laid upon the table.

Ald. McDONALD—Mr. Chairman, the report before the Board from the lower branch I dissented from, but by some mistake the protest was not received. If the Board decides that no action is necessary, we surrender all our powers, and admit that the City Council is not capable of selecting an engine house site, which is a very simple matter.

Corporation Counsel Bailey has been assailed unjustly in the past for rendering opinions favorable to His Honor—he certainly cannot be accused on the subject matter before us of giving a favorable opinion to the Board of Estimate and Apportionment. Mr. Bailey's opinion is an honest opinion. The City Council have been protesting about all their powers be-

ing taken away from them, and the first opportunity, without any protest whatsoever, they surrender their powers in this matter to the Street Commissioners—the lower branch at least. It requires some talent to expound the law. Not understanding the technicalities of the law your Committee on Fire Dept. sent for the Corporation Counsel on the 29th of June, and his opinion was that the City Council could recommend the site. I was under the impression that under chapter 379 of the Acts of 1899 it deprived the City Council of that power, but Mr. Bailey stated that it was not so. From that moment his decision was law, and your committee acted accordingly, and on last Thursday afternoon your committee went forth on their errand and visited every site mentioned in the communication from the Board of Estimate and Apportionment, but could not agree. Your committee did not stop there. To the credit of Councilman Moore of Wd. 10 and Councilman Stevens of Wd. 11, a majority of your committee present selected the best site in the district without the knowledge of any real estate expert, and no man in Boston had a chance to bond it—the city would get its money's worth under the circumstances. No doubt there has been a great increase in the value of that property since Thursday last. To save any further delay, I have prepared the following order, which can be accepted or not, but in the opinion of a majority of the Fire Dept. Committee, present on Thursday last, this is the best site, and contains 3900 feet of land, twice the number of feet that is contained in the River St. Engine House, and almost as many feet as is contained in the Fort Hill Engine House within a minute's ride of the old site, and by long odds away ahead of the Warren Ave. site, which contains 7500 feet, 3500 feet of which you are buying at \$5 per foot, which will be waste land. If the city requires any land of that kind, they can purchase it in Dorchester for less than a dollar a foot, but I do not believe in unloading on the city an engine house site that the citizens of the Back Bay do not want, and insisting that they shall take that particular spot or go without an engine house. I trust the tax-payers of the Back Bay will resent this imposition, and in order to obtain what they ought to have, as the city is so poor, raise a popular subscription, contributing, as our good friend Henry M. Whitney contributed in another matter. A suitable and central site can be selected for this engine house, and I shall introduce the order on my own responsibility at the proper time, but believe a majority of the members of the Committee favor the order. I now move, Mr. Chairman, that this report of the Committee on Fire Department be laid upon the table, and it would be the duty, it seems to me, of the Board of Estimate and Apportionment to request the City Council to rescind that order, instead of the Board concurring with the lower branch. I move that that report be laid upon the table.

24. The order of the Board of Estimate and Apportionment making a loan of \$100,000 for various municipal purposes, which was transmitted by this Board on June 25 to the Common Council without alteration,—comes up amended by changing the amount in the item "Faneuil Hall Building, reconstruction, additional, \$38000" to \$60000, and by changing the total from \$100,000 to \$98,000.

The Board voted to nonconcur and adhere to former action.

CONFIRMATION OF APPOINTMENT.

The Board proceeded to take up No. 25, unfinished business, viz.:

25. Action on the appointment of Charles E. Spaulding, to be a Weigher of Coal, for the term ending April 30, 1900.

The question came on confirmation. Committee—Ald. Day and Colman, Whole

number of ballots cast 12; yes 12, and the appointment was confirmed.

ENGINE HOUSE SITE, WARREN AVE.

The Board proceeded to take up No. 26, unfinished business, viz.:

26. Message from the Mayor, transmitting the following order:—

Ordered, That the City Council hereby approves as a site for an engine-house the lot of land on Warren Ave., adjoining the English High and Latin School building on the northeast side, and containing about seventy-five hundred square feet, and authorizes the Fire Commissioner to purchase the said land for said purpose.

Ald. McDONALD offered the following as a substitute:—

Ordered, That the Street Commissioners, with the approval of His Honor the Mayor, be requested under Chap. 379 of the Acts of 1899, to take the following site, hereby recommended by the City Council, and that the Fire Commissioner proceed forthwith to erect an engine house thereon, 131-3-5-7 Appleton St., 76-8-80 Dartmouth St., containing 3900 feet, more or less.

The whole matter was referred to the Committee on Public Improvements, on motion of Ald. McDonald.

PROJECTIONS—ORDERS OF NOTICE.

On the following petitions, viz.:

Francis G. Sager, to project a bay-window from building 48 Bartlett St. and 36 Elm St., over the corner of said streets, Wd. 3; and

Howard C. Woodbury, to project metal cornice and sign from building 250 Washington St., Wd. 6.

Orders of notice were passed for hearings thereon Monday, July 31, at 3 P.M., when any person objecting thereto may appear and be heard.

ACCEPTANCE OF LOCATION.

A communication was received from the West End Street Railway Co. accepting its 172d location and agreeing to comply with the terms and conditions contained therein.

Placed on file.

USE OF SCHOOLHOUSE.

The following was received:—

City of Boston, In School Committee,
June 29, 1899.

Ordered, That the City Council be granted the use of the Shurtleif Schoolhouse for children's entertainments, July 4, 1899.

Passed.

A true copy. Attest:

Thornton D. Apollonio, Secretary.

Sent down.

SCHOOL BASEMENT FOR WARD ROOM.

The following was received:—

City of Boston, In School Committee,
June 29, 1899.

Ordered, That the City Council be granted the use of a room in the basement of the Emerson Schoolhouse for ward room purposes, provided that the same be without expense to this Board.

Passed.

A true copy. Attest:

Thornton D. Apollonio, Secretary.

Sent down.

SALE OF OIL.

A report was received from the Fire Commissioner on the petition of Gilmore Electric Co. for a license to store oils or fluids composed wholly or in part of the products of petroleum at 625 East First St., South Boston—approving of the same.

Approved by the Board.

CONSTABLES' BONDS.

After having been duly approved by the City Treasurer the constable's bonds of

Austin Bigelow and Thomas A. Dunn were submitted to the Board.

Approved by the Board.

LICENSES.

Ald. COLBY, for the Committee on Licenses, submitted the following:—

Report on the petition of Marcelano Tranfoglia (referred July 3), for a permit to allow Pauline and Nora Tranfoglia, children under fifteen years, to appear at the Boston Theatre in "The Girl in the Moon"—That leave be granted on the usual conditions.

Report accepted, leave granted on the usual conditions.

Also reports recommending that minors' licenses be granted to 55 newsboys, 14 boot-blacks and one pedler.

Reports accepted, licenses granted on the usual conditions.

STATE AID.

Ald. DIXON, for the Committee on State Aid, submitted a report recommending the passage of an order for the payment of aid to soldiers and sailors and their families in the city of Boston for the month of July, 1899, under the provisions of the various acts of the Legislature for said payment.

Report accepted; order passed.

PROJECTION OF SIGNS, ETC.

Ald. DAY, for the Committee on Building Department (Ald.), submitted the following:—

(1) Reports recommending that leave be granted on the following petitions:—

O'Brien Bros (referred today), for leave to project one illuminated sign at 152 Summer St. and one at 179 Federal St., Wd. 7.

Edward J. Keeler (referred June 26), for leave to project a druggist's mortar at 1567 Tremont St., Wd. 19.

Allard Bros. (referred June 29), for leave to project an illuminated sign at 19 Tremont St., Wd. 6.

Morris Peyser (referred July 3), for leave to project an illuminated sign at 1109 Washington St., Wd. 9.

Joseph P. Jones (referred June 26), for leave to project a barber pole at 58 Falmouth St., Wd. 10.

Alexander Sholton (referred June 26), for leave to project a barber pole at 47 Lowell St., Wd. 8.

Charles Homer (referred July 3), for leave to project a barber pole at 291 Ruggles St., Wd. 19.

William L. Rugg (referred June 29), for leave to project a sign at 326 Washington St., Wd. 25.

Lewis Zona (referred June 29), for leave to project a sign at 152½ Castle St., Wd. 9.

Bates Dental Company (referred June 26), for leave to project a sign at 19 Tremont Row, Wd. 6.

W. S. Lung & Co. (referred June 26), for leave to project a sign at 28-30 Harrison Ave., Wd. 7.

Alexander Cava (referred June 29), for leave to project a sign at 24 Tremont Row.

Alexander Cava (referred June 26), for leave to project a lamp at 24 Tremont Row, Wd. 6.

Young Ladies' Catholic Association (referred June 26), for leave to project two transparencies—one over Columbia Road at Upham's Corner, and one at Eaton St., opposite St. Peter's Church.

James Harmon (referred June 26), for leave to project two bay windows from building 733-735 Huntington Ave., Wd. 19.

A. T. Rogers (referred June 26), for leave to project three bay windows from building on Huntington Ave., corner Vancouver St., Wd. 19.

L. J. Lyons (referred June 26), for leave to project two bay windows from building on Huntington Ave., corner Kenwood road, Wd. 19.

Eugene H. Smith (referred June 26), for

leave to project one bay window from building 233 Dartmouth St., Wd. 11.

Reports severally accepted, leave granted on the usual conditions.

(2.) Reports that the petitioners be given leave to withdraw on the following petitions:—

Raphael Nazzaro (referred June 26), for leave to project an illuminated sign at 472 Commercial St., Wd. 6.

F. O. Lyon (referred June 26), for leave to project a sign at 16 Merchants Row, Wd. 6.

Reports accepted, petitioners given leave to withdraw.

REMOVAL OF TREES.

Ald. CODMAN offered the following:—

Ordered, That the Superintendent of Public Grounds be requested to remove a dead tree in front of estate of George R. Nazro, 182 Savin Hill Ave., Wd. 20; the expense attending the same to be charged to appropriation for Public Grounds Department.

Ordered: That the Superintendent of Public Grounds be requested to remove a tree standing in front of 224 Ashmont St.; the expense of the same to be charged to the appropriation for Public Grounds Department.

Ordered, That the Superintendent of Public Grounds be requested to remove a dead tree standing on Norfolk St., near Thetford Ave.; the expense of the same to be charged to the appropriation for Public Grounds Department.

Ald. PRESHO offered an order—That the Superintendent of Public Grounds be requested to remove dead tree in front of No. 560 Broadway, and that the expense of the same be charged to Public Grounds Department.

Severally passed, under suspension of the rule.

LEAVE OF ABSENCE FOR G. A. R. MEN.

The CHAIRMAN offered an order—That His Honor the Mayor be requested to instruct officers and Boards in charge of departments to allow employees who are members of the Grand Army of the Republic leave of absence without loss of pay, in part compensation for their services, during the encampment of the Grand Army of the Republic at Philadelphia in September.

Passed. Sent down.

EARLIER PAYMENTS OF SATURDAY.

Ald. DAY offered an order—That the City Treasurer, through His Honor the Mayor, be and hereby is requested to provide for earlier and more expeditious payments on Saturdays of the employees of the various departments of the city, now paid on weekly pay-rolls at City Hall.

Passed. Sent down.

ASPHALTING GOVE STREET.

Ald. DAY offered an order: That the Board of Estimate and Apportionment be requested to provide in the next loan order a sum sufficient to asphalt Gove St., from Meridian St. to Chelsea St., and Paris St., from Meridian St. to the Gymnasium.

Passed. Sent down.

LIGHTING OF BRIDGE DRAW.

Ordered: That His Honor the Mayor be requested to direct the Superintendent of Streets to have the necessary repairs made so that the draw at the Meridian St. Bridge will be lighted as formerly; the expense to be charged to the appropriation for Bridge Division; the light to be furnished free by the Boston Elevated Railway Company as formerly.

Passed.

LEAVE FOR MILITIAMEN.

Ald. BERWIN offered an order: That

His Honor the Mayor be hereby requested by this Board to instruct the heads of departments to allow employees who are members of the Massachusetts Volunteer Militia leave of absence, without loss of pay, in part compensation for their services, during the time spent in performing military duty required by the Commonwealth.

Passed.

PAYMENT TO FAMILY OF CLERK OSBORNE.

Ald. BRICK offered the following:—

Ordered, by authority of chapter 411 of the Acts of the Legislature of the current year, that there be paid to S. Alice Osborne, widow of Theodore M. Osborne, late assistant clerk for equity business of the Superior Court in the County of Suffolk, for her use and that of her children, the remainder of the salary to which he would have been entitled had he lived and continued to hold his office until the end of the current year, said amount to be charged to the appropriation for the County of Suffolk.

Ald. BRICK—Mr. Chairman, I ask a suspension of the rule so that that order may pass today. This matter was entirely gone over at the Legislature when the authority was given to the city to pass the order. If there is any case at all in which these payments to the families of deceased employees are warranted, it is the case of Mr. Osborne. He was a clerk of the Equity Session and was the first clerk appointed after the equity powers had been transferred from the Supreme Court to the Superior Court. He was a man of unflinching courtesy and was especially dear to the younger members of the bar. He would have eventually found his way on to the bench, but his health had been very bad for several years preceding his death, and he left very little property. His health was run down, largely as the result of his efforts in getting the equity division of the Court in proper running order, and I would ask a suspension of the rule that the order may pass today.

The rule was suspended, and the order was read a second time and passed by the Board, acting as County Commissioners.

OPINION REGARDING LIGHTING CONTRACT.

Ald. PRESHO called up No 29, past assignment, viz:—

29. Ordered, That the Corporation Counsel be requested to inform this Board, at its next meeting, whether, under statute law and the ordinances of this city, the contract made the 31st day of May, 1899, between the Rising Sun Street Lighting Company, Wesley A. Gove, President, and the City of Boston, James Donovan, Superintendent of Lamps, and approved by Josiah Quincy, Mayor of Boston, is legal, and to state the grounds for such opinion.

The question came on the passage of the order.

Ald. PRESHO—Mr. Chairman, I would like to ask the members to pass this order, appealing to them to do so on the basis of protecting their own rights. It appears to me, from reading the ordinances, that in the granting of this contract the rights of this Board have been nullified, I believe, as I read the ordinances, that the Board has rights in the matter of determining the methods of fixing and setting up lights. I don't know that I can say anything more than I have said. I believe this contract is a ridiculous measure right through, that extra expense is thrown by it upon the city, that it is a hardship on those who were employees of the Lamp Department, who are members of the Lamplighters Union—employees of the City of Boston, who have been given deliberately to understand that they would remain there as long as their conduct was good. Yet these men have been thrown

out, and that is something, in my opinion, in which members of the Board of Aldermen and the Common Council are deeply interested. I have fought all through the year against any curtailment of our power, and I believe the Board should oppose to the utmost anything that tends to abridge its powers and rights in the slightest degree.

Ald. DOYLE.—Mr. Chairman, as the Committee on Lamps have before them at the present time an order of investigation into this whole subject, I believe this matter should be referred to that committee: It would not be fair, in the judgment of the committee, to take this matter up and ask the Corporation Counsel to give his views on the subject at this time. I therefore hope the matter will be referred to the Committee on Lamps.

Ald. PRESHO.—Mr. Chairman, I sincerely hope that action will not be taken. I think the Committee on Lamps should know those things. If there is any foundation for what has been said, they want to know it, and I am very anxious that this information should be submitted to them.

Ald. DOYLE.—Mr. Chairman, I have no doubt the Committee on Lamps will get just this information when they meet to investigate this matter.

Ald. PRESHO.—Mr. Chairman, I don't know why there should be any opposition to this. It looks as though there was some plan here to prevent this thing being brought out. It looks as though there was something to be hidden, something concealed here. I believe all these matters should be brought out into the daylight before the citizens of Boston, and I hope if there is any law for these people to stand on it will be brought out.

Ald. BERWIN.—Mr. Chairman, eliminating from my statement this afternoon anything that might give offence to the Corporation Counsel, I shall vote against the order which has just been read, for the very reason, as I contended before when I argued this question before the Board, that the court is the proper place for this question to be determined. I am not, as the members of the Board are aware, in a physical condition to do much talking this afternoon; but I simply wish to have my position well defined, and I shall vote against the passage of the order for the reason I have given—namely, that the court is the proper place for this matter to be determined. That statement is made with the explanation that no offence is intended to our friend who is with us this afternoon.

The order was declared referred to the Committee on Lamps. Ald. Presho doubted the vote and called for the yeas and nays.

The order was referred to the Committee on Lamps, yeas 7, nays 5.

Yeas—Ald. Brick, Celby, Day Dixon, Doyle, McDonald, O'Toole—7.

Nays—Ald. Adams, Barry, Berwin, Codman, Presho—5.

RECESS TAKEN.

The Board voted, at 4 P. M., on motion of Ald. Day, to take a recess subject to the call of the Chair.

The members of the Board reassembled in the Aldermanic Chamber and were called to order by the Chairman at 4.53 P. M.

PUBLIC IMPROVEMENTS.

Ald. COLBY, for Ald. O'TOOLE, submitted the following reports from the Committee on Public Improvements:—

(1) Reports recommending that the Superintendent of Streets be authorized to issue permits to move wooden buildings, on the terms and conditions expressed in the ordinances of the city relating thereto, as follows:—

George R. Cavanagh, (petition referred today), one, pitch roof, 20 feet in length, by 12 feet in width, by 12 feet in height, from

East Ninth St., opposite H St., along said street to a lot near Old Harbor St., Wd. 14.

H. S. Angus, (petition referred today), one, flat roof, 43 feet in length, by 44 feet in width, by 33 feet in height, from 2 and 4 Ipswich Pl., corner Everett St., around said corner to lot fronting on said Everett St., Wd. 2.

Reports accepted, orders passed.

(2) Reports recommending the passage of orders, (on petition referred today), that the Superintendent of Streets be authorized to issue permits for work in front of estates, to be completed on or before December 31, 1899, according to the terms and conditions expressed in the ordinances of the city relating thereto, as follows:—

Clarence E. Snow, to construct, maintain and use a coal hole opening, not exceeding 18 inches in diameter, with an iron cover of rough upper surface, in sidewalk, corner of Boston and Rawson Sts., Wd. 16.

D. Doyle, to lay, maintain and use a 1½-inch iron pipe, with a screw cover attached thereto, under and across the sidewalk in front of estate 3480 Washington St., Wd. 23.

J. Franklin Fuller, to construct, maintain and use an arca, with sidewalk light covers, under and in the sidewalk, 84 Kingston St., Wd. 7.

George Wigglesworth and others, to construct, maintain and use an arca, with granite and sidewalk light covers, under and in the sidewalk, 417-425 Washington St., according to dimensions as shown on plan on file in the permit office of the Street Department.

Frank Ward, to insert his name "Ward" in brass letters in sidewalk, 39 Main St., Wd. 5.

Frank Shute, Trustee, to construct, maintain and use a bulkhead opening 4 feet by 3½ feet, with a wooden cover, under and in the sidewalk, 163 Cambridge St., Wd. 11.

James W. Tufts, to construct, maintain and use a coal hole opening not exceeding eighteen inches in diameter, with an iron cover of rough upper surface, under and in the sidewalk, 94 Portland St., Wd. 6.

S. Bresth, to enlarge, maintain and use the present bulkhead openings in the sidewalk, 17 Norman st., Wd. 8, to the following dimensions,—3 feet 6 in. long, extending eighteen inches out over the sidewalk, with covers of iron grating.

Albert C. Burrage, to lay, maintain and use a 1½ inch iron pipe, with a screw cover attached, under and in the sidewalk, 2951 Washington St., Wd. 22.

Augustus P. Loring, Trustee, to construct, maintain and use areas 80 feet by 8½ feet, with sidewalk light and iron covers, under and in the sidewalk, Lincoln St., between Beach and Kneeland Sts., Wd. 7.

John Lepore, (petition referred July 3), to construct maintain and use a bulkhead opening 5 feet by 4 feet, with sidewalk light cover, under and in the sidewalk, 31 Thacher St., Wd. 6.

Reports accepted, orders severally passed.

(3) Reports recommending the passage of orders that the Superintendent of Streets make sidewalks, to be from three to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width with granite edgestones, owner to furnish material, in front of the following estates:—

Joseph Shoolman, 112-113-114-115-116 Chelsea St., and 1 and 3 Prospect St., Wd. 3, artificial stone.

M. C. Shea, 15 Fenelon St., Wd. 20, artificial stone.

Alexander McGlennie, 16 and 17 Fenelon St., Wd. 20, artificial stone.

W. M. Bummert, 14 Fenelon St., Wd. 20, artificial stone.

Mary E. Whipple, 10 and 12 Fenelon St., Wd. 20, artificial stone.

Catherine D. McMorrow, 6 and 8 Vale St., Wd. 15, artificial stone.

Joseph Green, 27 Dunlop St., Wd. 10, artificial stone.

H. A. Lucas, (referred June 12), Abbottsford St., Wd. 21, artificial stone.

Quincy & Boston Street Railway Co (referred today), southerly side of Neponset Ave., between 491 and the bridge, Wd. 21, brick.

Reports accepted, orders severally passed.

(4) Report on message of the Mayor, with accompanying order (referred June 12), relative to street watering—recommending the passage of the order and that the message be placed on file.

Report accepted, order passed and message placed on file.

(5) Report on the petition of John J. Dailey (referred May 15), for leave to place a barber pole on sidewalk at 1423 Dorchester Ave., Wd. 20, to be taken in each night—that leave be granted.

Report accepted, leave granted on the usual conditions.

(6) Reports recommending leave to withdraw on the following petitions, referred today:—

Vincent Marino, for leave to erect a stand with a sign thereon, at 13 Maverick Sq., East Boston.

Michael F. Miley, for leave to maintain a night lunch wagon at corner Atlantic Ave. and Summer St.

Reports accepted, petitioners given leave to withdraw.

RAILROADS.

Ald. DIXON, for the Committee on Railroads, submitted the following:—

(1) Report on the petition of the West End Street Railway Company (recommitted today) for a location for track at the junction of Washington and Roxbury Sts.—Recommending the passage of the accompanying order:—

Ordered, That in addition to the rights heretofore granted the West End Street Railway Company to lay down tracks in the streets of the City of Boston, said company shall have the right to lay down, maintain and use a single track at the junction of Washington and Roxbury Sts., connecting with the existing tracks of said company on Washington and Roxbury Sts., said tracks being shown by red lines on a plan made by A. L. Plimpton, dated June 12, 1899, and deposited in the office of the Superintendent of Streets.

The right to lay down the track located by this order is upon condition that the whole work of laying the same, the form of rail to be used, and the kind and quality of material used in paving said track, shall be under the direction and to the satisfaction of the Superintendent of Streets, and shall be approved by him. Also upon condition that said West End Street Railway Company shall accept this order of location, and shall agree, in writing, to comply with the conditions herein contained, and shall file said acceptance and agreement with the City Clerk within thirty days from the passage of this order; otherwise it shall be null and void.

The whole work of laying the said track to be completed within ninety days from the date of the passage of this order.

Report accepted, order passed under suspension of the rule.

(2) Report on the petition of the West End Street Railway Company (recommitted today), for leave to lay a curve track at the corner of Washington and Eastis Sts.—recommending the passage of the accompanying order:—

Ordered, That in addition to the rights heretofore granted the West End Street Railway Company, to lay down tracks in the streets of the City of Boston, said company shall have the right to lay down, maintain and use a curved track at the junction of Washington and Eastis Sts., said tracks and turn-outs being shown by red lines on a plan made by A. L. Plimpton, dated June 12, 1899, and deposited in the office of the Superintendent of Streets.

The right to lay down the track located by this order is upon condition that the whole work of laying the same, the form of rail to be used, and the kind and quality of material used in paving said track, shall be under the direction and to the satisfaction of the Superintendent of Streets, and shall be approved by him. Also upon condition that said West End Street Railway Company shall accept this order of location, and shall agree, in writing, to comply with the conditions herein contained, and shall file said acceptance and agreement with the City Clerk within thirty days from the passage of this order; otherwise it shall be null and void.

The whole work of laying the said track to be completed within ninety days from the date of the passage of this order.

Report accepted, order passed under suspension of the rule.

(3) Reports recommending the passage of orders of notice for hearings on August 7, at 3 P.M., before the Board, on the following petitions:—

West End Street Railway Company (referred July 3), for a location for double tracks on Main St., Charlestown, from a point near Cambridge St. to a point near Mishawum St., etc.

Same company, (referred July 3) for a location for double tracks in place of existing single track in Western Ave., Brighton, from line between Cambridge and Boston, 400 feet westerly.

Norfolk Suburban Street Railway Company (referred today), for leave to lay tracks and to use the overhead electric system thereon, on River St., Washington St., Dorchester, Adams St., etc.

The Thompson & Norris Co. (referred today), for leave to lay a single railroad track at grade across Everett St., Brighton.

Reports accepted, orders of notice passed.

(4) Report on the petition (recommitted today) of the West Roxbury & Roslindale Street Railway Company, to be allowed to exchange its cars with cars of the Needham & Boston Street Railway Company, at the Boston line at Spring St., and to use the cars of the last-named company on its line from Spring St. to Forest Hills—that leave be granted.

Assigned to the next meeting, on motion of Ald. Brick.

GENERAL RECONSIDERATION.

Ald. BERWIN moved a general reconsideration on all business, hoping the same would not prevail; lost.

THE NEXT MEETING.

Ald. COLBY offered an order—That when this Board adjourn, it be to meet on Tuesday, July 25, at 12 o'clock noon, and that all orders of notice for a prior date be postponed accordingly.

Passed.

ELECTRIC WIRES.

Ald. DOYLE, for the Committee on Electric Wires, submitted the following:—

(1) Report on the petition of the Charlestown Gas & Electric Co. (recommitted June 26), for leave to erect two poles in Kingston St.—Recommending the passage of the following:—

Ordered, That permission be granted to the Charlestown Gas & Electric Company to place and maintain poles for the support of wires at points designated by red dots on a plan deposited in the office of the Superintendent of Streets, made by Charles A. Pearson, dated June 8, 1899; said poles to be located as follows:—

Kingston St., 2 poles, 35 ft. high, 9 in. in diameter; width of sidewalk, 7 ft.

The Superintendent of Streets is hereby authorized to issue permits for opening and occupying streets for placing and maintaining said poles on the conditions speci-

fied in chapter 38, section 15, of the Revised Ordinances of 1898.

The work of locating said poles to be completed within 90 days from the date of the passage of this order.

Report accepted; order passed, under a suspension of the rule.

(2) Report on the petition of the Postal Telegraph-Cable Co. (recommitted May 15), for leave to erect poles in East and West Cottage Sts.—Recommending the passage of the following:—

Ordered, That permission be granted to the Postal Telegraph-Cable Company to place and maintain poles for the support of wires at points designated by red dots on a plan deposited in the office of the Superintendent of Streets, made by James T. Ball, dated April 5, 1899; said poles to be located as follows:—

East Cottage St., 18 poles; West Cottage St., 13 poles; said poles to be 35 to 50 ft. in height, and from 12 to 16 in. in diameter; width of sidewalk, 7 ft.

The Superintendent of Streets is hereby authorized to issue permits for opening and occupying streets for placing and maintaining said poles on the conditions specified in chapter 38, section 15, of the Revised Ordinances of 1898.

The work of locating said poles to be completed within 90 days from the date of the passage of this order.

Report accepted; order passed, under a suspension of the rule.

(3) Reports on petitions of the N. E. Tel. & Tel. Co. of Mass., (severally recommitted July 10)—Recommending the passage of the following:—

(a) Ordered, That permission be granted to the New England Telephone & Telegraph Co. of Mass. to place and maintain a pole for the support of wires at a point designated by a blue dot on a plan deposited in the office of the Superintendent of Streets, made by C. A. Perkins, dated June 15, 1892; said pole to be located as follows:—

East Second St., Wd. 14, 1 pole, 35 ft. high, 12 in. in diameter; width of sidewalk, 8 ft.

Ordered, That permission be further granted to said company to remove one pole from East Second St., said pole being shown by a red dot on said plan.

The Superintendent of Streets is hereby authorized to issue permits for opening and occupying streets for placing and maintaining said poles on the conditions specified in chapter 38, section 15, of the Revised Ordinances of 1898.

The work of locating and removing said poles to be completed within ninety days from the date of the passage of this order.

(b) Ordered; That permission be granted to The New England Telephone and Telegraph Co. of Mass., to place and maintain a pole for the support of wires at a point designated by a blue dot on a plan deposited in the office of the Superintendent of Streets made by C. A. Perkins, dated Dec. 15, 1894; said pole to be located as follows:—

Walt St., Wd. 19, 1 pole, 35 ft. high, 12 in. in diameter; width of sidewalk, 6 ft.

Ordered, That permission be further granted to said company to remove from Walt St., one pole shown by a red dot marked "remove" on said plan.

The Superintendent of Streets is hereby authorized to issue permits for opening and occupying streets for placing and maintaining said pole on the conditions specified in chapter 38, section 15, of the Revised Ordinances of 1898.

The work of locating and removing said pole to be completed within ninety days from the date of the passage of this order.

(c) Ordered, That permission be granted to The New England Telephone and Telegraph Co. of Mass., to place and maintain poles for the support of wires at points designated by red dots on a plan deposited in the office of the Superintendent of Streets, made by G. H. Dresser,

dated May 31, 1899; said poles to be located as follows:—

Centre St., Wd. 23, 7 poles, 35 ft. high, 13 in. in diameter; width of sidewalk, 8 ft.

Ordered, That permission be further granted to said company to remove from Centre St. seven poles shown by black crosses on said plan.

The Superintendent of Streets is hereby authorized to issue permits for opening and occupying streets for placing and maintaining said poles on the conditions specified in chapter 38, section 15, of the Revised Ordinances of 1899.

The work of locating and removing said poles to be completed within ninety days from the date of the passage of this order.

(d) Ordered, That permission be granted to The New England Telephone and Telegraph Co. of Mass. to place and maintain poles for the support of wires at points designated by blue dots on a plan deposited in the office of the Superintendent of Streets, made by C. A. Perkins, dated June 4, 1896; said poles to be located as follows:—

Market St., Wd. 25, 1 pole, Western Ave., Wd. 25, 1 pole; each 40 ft. high, 15 in. in diameter; width of sidewalk, 10 ft.

Ordered, That permission be further granted to said company to remove one pole from Market St. and one pole from Western Ave., shown by red dots on said plan.

The Superintendent of Streets is hereby authorized to issue permits for opening and occupying streets for placing and maintaining said poles on the conditions specified in chapter 38, section 15, of the Revised Ordinances of 1898.

The work of locating and removing said poles to be completed within ninety days from the date of the passage of this order.

(e) Ordered, That permission be granted to The New England Telephone and Telegraph Co. of Mass. to place and maintain poles for the support of wires at points designated by red dots on a plan deposited in the office of the Superintendent of Streets, made by G. H. Dresser, dated May 23, 1899; said poles to be located as follows:—

Wabon St., Wd. 21, 2 poles; Topliff St., Wd. 20, 13 poles; Mansfield St., Wd. 25, 5 poles; Washington St., Wd. 18, 1 pole, all of said poles to be 35 ft. high and 13 in. in diameter. Width of sidewalks on first three streets, 6 ft.; on Washington St., 10 ft.

Ordered, That permission be further granted to said company to remove from Washington St. one pole, shown by a black cross on said plan.

The Superintendent of Streets is hereby authorized to issue permits for opening and occupying streets for placing and maintaining said poles on the conditions specified in chapter 38, section 15, of the Revised Ordinances of 1898.

The work of locating and removing said poles to be completed within ninety days from the date of the passage of this order.

Reports severally accepted; orders severally passed, under a suspension of the rules.

(4) Report on the petition of the same company (recommitted July 10), for leave to erect poles in King St., Wd. 24—Recommending the passage of the following:—

Ordered, That permission be granted to The New England Telephone & Telegraph Co. of Mass. to place and maintain poles for the support of wires at points designated by red dots on a plan deposited in the office of the Superintendent of Streets, made by G. H. Dresser, June 6, 1899; said poles to be located as follows:—

King St., Wd. 24, 5 poles, 35 ft. high, 13 in. in diameter; width of sidewalk, 7 ft.

The Superintendent of Streets is hereby authorized to issue permits for opening and occupying streets for placing and maintaining said poles on the conditions specified in chapter 38, section 15, of the Revised Ordinances of 1898.

The work of locating said poles to be

completed within ninety days from the date of the passage of this order.

Report accepted; order assigned to the next meeting, on motion of Ald. Adams.

(5) Reports recommending the passage of orders of notice for hearings before the Board July 25, at 12 noon, on the following petitions (referred today):—

Boston Electric Light Company, for leave to erect poles on Maple St.

N. E. Tel. & Tel. Co. of Mass., for leave to erect and to remove poles on Forest Hills St., Wd. 2.

Same Co., for leave to erect and to remove poles on Alford St., Wd. 4.

Same Co., for leave to erect and to remove poles from Columbia Road, Wd. 20, and Glendale St., Wd. 16.

Brookline Gaslight Company, for leave to erect six poles on Linden St., Wd. 25.

Same Co., for leave to erect one pole on Sparhawk St., Wd. 25.

Same Co., for leave to erect and to remove poles on Cambridge St. and Harvard Ave., Wd. 25.

Western Union Telegraph Co., for leave to erect poles in Gove St., East Boston.

Reports accepted, orders of notice severally passed.

(6) Report on the petition of the N. E. Tel. & Tel. Co. of Mass., for leave to attach wires to five trees on Montrose St., Wd. 21—that leave be granted.

Report accepted, leave granted on the usual conditions.

Adjourned at 5:07 P.M. on motion of Ald. Presho, to meet on Tuesday, July 25, at 12, noon.

CITY OF BOSTON.

Proceedings of the Board of Aldermen.

Tuesday, July 25, 1899.

Regular meeting of the Board of Aldermen, held in the Aldermanic Chamber, City Hall, at 12 o'clock noon, Chairman Barry presiding and all the members present.

The Board voted, on motion of Ald. Day, to dispense with the reading of the records of the last meeting.

Wright, Wd. 15; Theodore Harrington, Wd. 7; John Carroll, Wd. 21; Thos. Allen, Wd. 11; Jas. F. Harmon, Wd. 19; Edward McManus, Wd. 18; Fredk. O. Williams, Wd. 16; Patrick H. Gavin, Wd. 6; Herbert N. Keene, Wd. 25; Mason W. Morse, Wd. 16; Henry Sawyer, Wd. 10; Edward H. Wisc, Wd. 13; Lyman C. Fisher, Wd. 19; John McCallis, Wd. 21; Oscar A. Shepard, Wd. 24; Wm. J. Estey, Wd. 20; Jas. B. Hill, Wd. 16; Henry A. Bigelow, Wd. 20; Joshua F. Dunbar, Wd. 23; Jacob H. Hamblin, Wd. 9; Alexander Martin, Wd. 15; John P. Geary, Wd. 25; Geo. B. Lazell, Wd. 17; John W. McBrine, Wd. 4; Wm. G. Smith, Wd. 1; John L. Allen, Wd. 16; Edward O'Hara, Wd. 5; Elias A. Malone, Wd. 10.

TEMPORARY TRACK LOCATION.

The following was received:-

Mayor's Office, City Hall,
Boston, July 25, 1899.

To the Board of Aldermen:-

I transmit herewith a plan showing a temporary track location granted by me on July 17th to the West End Street Railway Company on Sumner St. extension, opposite the Southern Union Station. This location was granted under the provisions of Chapter 516 of the Acts of 1896.

I recommend that this plan be placed on file.

Respectfully,

Josiah Quincy, Mayor.

Placed on file.

APPOINTMENT BY THE MAYOR.

The following was received:-

Mayor's Office, City Hall,
Boston, July 25, 1899.

To the Board of Aldermen:-

Subject to your approval and confirmation, I hereby appoint Mason B. Whittemore an Inspector of Pressed or Bundled Hay or Straw, and Measurer of Grain for the term ending April 30th, 1900.

Josiah Quincy, Mayor.

Laid over, under the law.

HEARINGS AT 12 O'CLOCK.

J. P. Fenno et als., Shirley St., Wd. 17.

H. L. Folsom, agent, Conant St., Wd. 19.

Jacob P. Power, 514-516 West Park St., Wd. 20.

Katherine F. Sullivan, 266 Millet St., Wd. 20.

Wm. H. Martin, 16 Wales St., Wd. 20.

Jenn F. Murphy, 201 Humboldt Ave., Wd. 21.

Arthur Timmins, Chester St., Wd. 25.

CONFIRMATION OF APPOINTMENTS.

The Board proceeded to take up No. 10, unfinished business, viz.:-

Action on appointments submitted by the Mayor, viz.:-

10. Andrew H. Dwelley and Allen G. Boyd, to be Weighers of Coal for the term ending April 30, 1900.

The question came on confirmation. Committee—Ald. Colby and McDonald. Whole number of ballots cast 10, yes 10, and the appointments were confirmed.

The Board proceeded to take up No. 11, unfinished business, viz.:-

11. George C. Davis, George H. Hamlin and Francis F. Harrington, to be Constables, for the term ending April 30, 1900.

Referred to the Committee on Public Improvements, on motion of Ald. Colby.

POLES ON KING ST.

The Board proceeded to take up No. 12, unfinished business, viz.:-

12. Report of the Committee on Electric Wires, with order granting permission to The New England Telephone and Telegraph Company of Massachusetts to erect five poles on King St., Wd. 24.

Assigned to the next meeting on motion of Ald. Codman.

EXCHANGE OF STREET CARS.

The board proceeded to take up No. 13, special assignment, viz.:-

13. Report of Committee on Railroads, recommending that leave be granted to the West Roxbury and Rosindale Street Ry. Co. to exchange its cars with cars of the Needham and Boston Street Railway Company at the Boston line at Spring St., and use said cars on its railway in lieu of cars of its own, from Spring St. to Forest Hills.

Referred to the Committee on Public Improvements, on motion of Ald. Brick.

REPORTS OF BUILDING DEPARTMENT INVESTIGATION.

The board proceeded to take up No. 14, past assignment, viz.:-

14. Message of the Mayor transmitting majority and minority reports of the commission appointed to investigate the Building Department. (Doc. 114.)

Referred to the Committee on Public Improvements, on motion of Ald. Berwin.

IMPROVEMENT OF POLICE DEPT.

The board proceeded to take up No. 15, past assignment, viz.:-

15. Ordered, That the Aldermanic Committee on Police be instructed to investigate and report what changes are necessary, in its opinion, to improve the administration of the Police Department of the city, and what amendments, if any, should be made to such laws as come within the special cognizance of the Board of Police, and that said committee be authorized to give public hearings, if necessary, the expense of the same to be charged to the Contingent Fund, Board of Aldermen.

Referred to the Committee on Police Dept. (Ald.), on motion of Ald. Berwin.

POLES IN DORCHESTER.

The Board proceeded to take No. 16 from the table, viz.:-

16. Order granting the New England Telephone and Telegraph Company of Massachusetts permission to place seven poles on Carruth St., Wd. 24, and two poles on Eaton Sq., Wd. 20.

Assigned to the next meeting, on motion of Ald. Codman.

ENGINE HOUSE ON WARREN AVE.

The Board proceeded to take No. 17 from the table, viz.:-

17. Report of the Committee on Fire Department, no further action necessary on the message of the Mayor and the order of the Board of Estimate and Apportionment appropriating the sum of \$55,000 for the purchase of land on Warren Ave., and the erection of an engine house thereon.

Referred to the Committee on Public Improvements, on motion of Ald. McDonald.

ACCEPTANCE OF LOCATIONS.

Communications were received from the West End Street Railway Co., accepting its 173d and 174th locations and agreeing to comply with the conditions contained therein.

Placed on file.

CONSTABLES' BONDS.

The City Treasurer, after duly approving of the same, submitted the constables' bonds of Thomas F. Malone and Charles E. House for approval by the Board.

Approved by the Board.

CLERK HIRE.

A communication was received from Thomas F. Temple, Register of Deeds, in accordance with the provisions of Sec. 2, Chap. 493 of the Acts of 1895, certifying that certain persons had been employed in his office, and that work was actually performed to the amount of \$1753.98.

Approved by the Board.

INFORMATION REGARDING OWNER-SHIP OF POLE.

The following was received:—
New England Telephone and Telegraph Company of Massachusetts, 125 Milk St. Boston, July 21, 1899.

Honorable Board of Mayor and Aldermen, City of Boston, Mass.

Gentlemen: We have to acknowledge receipt of your order of June 29th, 1899, copy of which is returned herewith, and to say that the pole in question is not the property of this company.

The New England Telephone and Telegraph Co. of Mass.

By W. J. Denver, Assistant General Manager.

Placed on file.

BAY WINDOWS—ORDERS OF NOTICE.

On the following petitions for leave to project bay windows, viz.:

Zieman & Seegal, two, 24 Anderson St., Wd. 11.

William H. Gibbons, two, Tremont St., opposite Mission Church, Wd. 19.

T. H. Connolly, two, 2985-87 Washington St., Wd. 22.

Orders of notice were passed for hearings thereon on Monday, August 14, at 12 o'clock, noon, when any parties objecting thereto may appear and be heard.

ORDER OF NOTICE—TAKING OF LAND.

On the petition of W. Berman Cutter for an award of damages to him as lessee on account of the taking of certain estates by the Boston Elevated Railway Company—an order of notice was passed for a hearing thereon on Monday, August 14, at 12 o'clock, noon, at which time the Board, acting as County Commissioners, will proceed to estimate the damages as prayed for by said petitioner.

LICENSES.

Ald. COLBY, for the Committee on Licenses, made the following report:—

(1) Reports recommending that licenses be granted on the following petitions, referred today:—

George W. Magee, for a license to give dramatic and operatic entertainments at the Grand Opera House during the season ending Aug. 1, 1900.

B. F. Keith, for a license for dramatic, musical and vaudeville entertainments at Keith's New Theatre, 543-47 Washington St., for the season ending Aug. 1, 1900.

John B. Schoeffel, Manager of the Tremont Theatre, for a license for season ending Aug. 1, 1900, for lectures, musical and dramatic entertainments.

Stone & Shaw, for a license for Austin & Stone's Museum, for the season ending Aug. 1, 1900.

G. H. Batcheller, for a license for the Lyceum Theatre for the season ending Aug. 1, 1900.

J. H. Emery, for a license for the Castle Square Theatre, for the season ending Aug. 1, 1900.

Massachusetts Charitable Mechanic Association, for a license for the various halls in Mechanics Building, Huntington Ave., for musical and dancing entertainments, for season ending Aug. 1, 1900.

G. E. Lothrop, for an amusement license for the Bowdoin Sq. Theatre, for the season ending Aug. 1, 1900.

Reports severally accepted, licenses granted on the usual conditions.

Later in the session, Ald. Codman said: Mr. Chairman, I ask that our action be reconsidered and that all those matters be referred to the Committee on Public Improvements. I am willing that they should be reported back today, if the committee sees fit to have them reported back.

Ald. COLBY—Mr. Chairman, I would like to know what reason there is, if there be

one, for referring these matters to the Committee on Public Improvements? If the alderman will notice, the committee have only reported in favor of those regular places which have had licenses right along, and I think they are the places against which there has been no complaint. There are one or two other petitions which the committee still have before them, on which no action has been taken. I am perfectly willing to send them in to the Committee on Public Improvements, if there is any reason why they should go before that committee. But the committee seems to be quite well loaded up with material at the present time and I dislike to send anything more in, unless there is really some valid reason why it should be done. If there is a reason, I am quite willing to accede to the alderman's request, but the mere bald statement that he would like to have these referred to the committee does not seem sufficient. I would like to know the reason.

Ald. CODMAN—Mr. Chairman, I am not accustomed to asking to have matters sent to the Committee on Public Improvements, with the statement that I am willing the Committee should report back the same day, unless there is some reason for the request. I have a reason which I think would convince the Alderman, but I don't care about going into a long discussion of the matter here. I would rather have it go to the Committee, and we can talk it over there. If, however, the Alderman insists on a reason here, I will give it.

Ald. COLBY—Mr. Chairman, if there is really any valid objection to these matters being acted upon at the present time, I would like to know it. I do not wish to be captious, but there is a prevailing habit here of sliding everything in to that Committee; and it might be of some interest to the citizens and to those of our constituents who would like to know about these matters to have certain information furnished. I would like, before voting for reconsideration, to have some good reason for it stated. If there is any I am quite willing to have the action be suggested taken; but these are the ordinary licenses that come in here from year to year, and it seems that they should be continued. If there is any reason why they should not be, it certainly has not been presented to the Committee.

Ald. CODMAN—Mr. Chairman, my understanding is that certain theatres were to make certain improvements, to do certain things, under agreement with a committee appointed some time ago. Now, I believe those things have not been done, and I am in favor of bringing the matter into the Committee on Public Improvements and asking members of the Committee on Licenses in that Committee if they know certain things to have been done, and properly done. As I say, I have not had time to look the matter up, because I have not been in the city much the last three weeks. If what the theatres agreed to do has been done I have no objection; but if not, I think the committee appointed by the Board to look into these things should follow it up, and that the suggested improvements made by the Board last year should be carried out at this time. It will be probably a matter of only a few minutes' delay, as the Committee undoubtedly knows just what has been done. I have no objection to the licenses going through today, but I would like a chance to inquire, for my own special information.

Ald. COLBY—Mr. Chairman, I desire to put the Committee on Licenses in the right position on this matter. I am a bit surprised that this matter has not come up before. An order was introduced early in the year making certain inquiries with reference to the protection of theatres against fire and so on. The Committee on Licenses went to work and made a very careful examination. They spent, if I remember rightly, three days in look-

ing into the matter, went to every theatre in Boston and every place of amusement, from cellar to garret, as some of the members very well remember, and we made certain recommendations and have been informed that they have been carried out. But the joke of the whole thing is this, that the matter never was referred to the Committee on Licenses, but was before the Committee on Public Improvements. So we were actually acting on a matter that was not referred to us. Therefore, if the gentleman feels that any committee has been remiss in this matter, it is the Committee on Public Improvements, of which he is a member. That order for examining theatres is now before the Committee on Public Improvements, which has never taken any action in the matter whatever, and the Committee on Licenses, who went ahead and acted in the matter, (though it was referred to them.) But it was not. However, the matters he refers to have been attended to.

Ald. CODMAN—That brings the matter to the position where I want it. I shall be perfectly willing to have the members of that committee state what they found in their investigations, whether authorized or not. I believe the committee thought it had the authority, and did its work thoroughly. The members of the Committee on Licenses can be heard by a Committee on Public Improvements, stating what they know of their own individual knowledge; and I shall insist on having these matters go there.

Reconsideration prevailed, and the reports were severally referred to the Committee on Public Improvements.

(2) Report on the petition of Thomas Merrigan (referred today) for a permit for Thomas and Sadie Merrigan, children under 15 years of age, to appear at Keith's Theatre two weeks, commencing July 1, 1899, that a permit be granted.

Report accepted; permit granted on the usual conditions.

(3) Reports on petitions (referred today), recommending that licenses be granted as follows:—

D. A. Linsky, for the season ending Aug. 1, 1900, for Leopold Halls, 78 and 80 Beverly St., for musical and dancing entertainments.

Morris Shenker, for dramatic, musical and dancing entertainments at West End Union Hall, 161 Canal St., for the season ending Aug. 1, 1900.

Reports accepted, licenses granted on the usual conditions.

ELECTRIC WIRES.

(4) Report on the petition of Wallace F. Hyde (referred today), for a license for water chutes and other entertainments on the grounds of the Boston Elevated Railway Company, on Huntington Ave., for the season ending Aug. 1, 1900,—that a license be granted for the term ending Nov. 1, 1899.

Report accepted, license granted as recommended.

(5) Reports recommending that minors licenses be granted to 33 newsboys, 10 boot-blacks and 2 flower venders.

Reports accepted, licenses granted on the usual conditions.

Ald. DOYLE, for the Committee on Electric Wires, submitted the following:—

(1) Report on the petition of the New England Telephone and Telegraph Company of Mass. (recommitted today), for leave to erect and to remove poles on Forest Hills St., Wd. 23,—recommending the passage of the accompanying orders:—

Ordered: That permission be granted to The New England Telephone & Telegraph Company of Mass. to place and maintain poles for the support of wires at points designated by red dots on a plan deposited in the office of the Superintendent of

Streets, made by G. H. Dresser; said poles to be located as follows:—

Forest Hills St., Wd. 23, 2 poles, 35 feet by 13 inches, sidewalk 8 feet wide, plan dated July 6th, 1899.

Ordered: That permission be further granted to said company to remove from Forest Hills St. 2 poles shown by black dots on said plan.

The Superintendent of Streets is hereby authorized to issue permits for opening and occupying streets for placing and maintaining said poles on the conditions specified in chapter 38, section 15, of the Revised Ordinances of 1898. The work of locating and removing said poles to be completed within 90 days from the date of the passage of this order.

Report accepted, order passed under suspension of the rules.

(2) Report on the petition of the N. E. Tel. & Tel. Co. of Mass. (recommitted today), recommending the passage of the accompanying orders:—

Ordered: That permission be granted to The N. E. Tel. & Tel. Co. of Mass. to place and maintain poles for the support of wires at points designated by red dots on a plan deposited in the office of the Superintendent of Streets, made by G. H. Dresser; said poles to be located as follows:—

Columbia Road, Wd. 20, 1 pole, 35 feet by 13 inches, sidewalk 10 feet wide.

Glendale St., Wd. 16, 1 pole, 35 feet by 13 inches, sidewalk 10 feet wide; date of plan in each case July 3, 1899.

Ordered: That permission be further granted to said company to remove from Columbia Road 1 pole, and from Glendale St. 1 pole, shown by black dots on said plan.

The Superintendent of Streets is hereby authorized to issue permits for opening and occupying streets for placing and maintaining said poles on the conditions specified in chapter 38, section 15, of the Revised Ordinances of 1898.

The work of locating and removing said poles to be completed within 90 days from the date of the passage of this order.

Ald. ADAMS—Mr. Chairman, I would like to have that order giving the right to erect poles on Columbia Road referred back to the Committee.

Ald. DOYLE—Mr. Chairman, I will say, for the information of the gentleman from Wd. 20, that it is for just one pole on Columbia Road. There is a pole there now, and they want to move it 3 feet, to arrange for some change in construction that has taken place out there.

Ald. ADAMS—Mr. Chairman, if that order cannot be considered as giving the company the right to erect other poles on the avenue, I have no objection.

Ald. DOYLE—It only gives the right to remove one pole and to erect one pole.

Ald. ADAMS—I withdraw my objection. The report was accepted, and the order was passed under suspension of the rules.

(3.) Report on the petition of the N. E. Tel. & Tel. Co. of Mass. (recommitted today), for leave to erect and remove poles on Alford St., Wd. 4,—recommending the passage of the accompanying orders.

Ordered: That permission be granted to the N. E. Tel. & Tel. Co. of Mass. to place and maintain poles for the support of wires at points designated by red dots on a plan deposited in the office of the Superintendent of Streets, made by G. H. Dresser; said poles to be located as follows:—

Alford St., Wd. 4, 14 poles, 35 feet by 13 inches, sidewalk 10 feet wide, plan dated July 1, 1899.

Ordered: That permission be further granted to said company to remove from Alford St. 12 poles shown by black dots on said plan.

The Superintendent of Streets is hereby authorized to issue permits for opening and occupying streets for placing and maintaining said poles on the conditions spec-

ified in chapter 38, section 15, of the Revised Ordinances of 1898.

The work of locating and removing said poles to be completed within 90 days from the date of the passage of this order.

Report accepted, orders passed under suspension of the rules.

(4.) Report on the petition of the Boston Electric Light Co., (recommitted today), for leave to erect poles on Maple St., Roxbury,—recommending the passage of the accompanying order.—

Ordered, That permission be granted to the Boston Electric Light Company to place and maintain poles for the support of wires at points designated by red dots on a plan deposited in the office of the Superintendent of Streets, made by D. A. Harrington; said poles to be located as follows:—

Maple St., Roxbury, 2 poles, 35 feet by 10 inches, sidewalk 7 feet wide, plan dated June 17, 1899.

The Superintendent of Streets is hereby authorized to issue permits for opening and occupying streets for placing and maintaining said poles on the conditions specified in chapter 38, section 15, of the Revised Ordinances of 1898.

The work of locating said poles to be completed within 90 days from the date of the passage of this order.

Referred, on motion of Ald. Codman, to the Committee on Public Improvements.

(5.) Report on the petition of the Boston Electric Light Co. (recommitted July 17) for leave to erect poles on Savin Hill Ave., Adams St., Dorchester Ave., St. Alphonsus St., Fellows St. and Mercer St.—Recommending the passage of the accompanying order.

Ordered, That permission be granted to The Boston Electric Light Co. to place and maintain poles for the support of wires at points designated by red dots on a plan deposited in the office of the Superintendent of Streets, made by D. A. Harrington; said poles to be located as follows:—

Savin Hill Ave., 6 poles, 35 feet by 12 inches, sidewalk 6 feet wide; Adams St., 17 poles, 40 feet by 14 inches, sidewalk 7 feet; Dorchester Ave., 5 poles, 40 feet by 14 inches, sidewalk 10 feet; St. Alphonsus St., 4 poles, 40 feet by 14 inches, sidewalk 7 feet; Fellows St., 6 poles, 40 feet by 14 inches, sidewalk 7 feet; Mercer St., 1 pole, 40 feet by 14 inches, sidewalk 7 feet; date of plans, June 12, 1899.

The Superintendent of Streets is hereby authorized to issue permits for opening and occupying streets for placing and maintaining said poles on the conditions specified in chapter 38, section 15, of the Revised Ordinances of 1898.

The work of locating said poles to be completed within 90 days from the date of the passage of this order.

Referred, on motion of Ald. Codman, to the Committee on Public Improvements.

(6.) Report on the petition of the N. E. Tel. & Tel. Co. of Mass. (referred today), for leave to erect poles on Park St., Wd. 23, and to remove poles on Centre and Park Sts.—Recommending the passage of an order of notice for a hearing thereon, Tuesday, Aug. 1, at 12 o'clock noon, to take into consideration the expediency of granting the prayer of the petition, when any parties who object thereto may appear and be heard.

Report accepted, order of notice passed.

ACCEPTANCE OF THATCHER ROAD.

Ald. ADAMS offered an order—That the Board of Street Commissioners be requested to accept and construct Thatcher Road, Wd. 20, under the provisions of Chapter 323 of the Acts of 1892.

Passed. Sent down.

USE OF WARD ROOM.

Ald. DOYLE offered an order—That the Superintendent of Public Buildings be re-

quested, through His Honor the Mayor, to allow the use of the Ward Room, Wd. 19, to children for recreation purposes during the month of August.

Passed.

REMOVAL OF TREE.

Ald. McDONALD offered an order—That the Superintendent of Public Grounds be requested to have tree in front of the estate 13 Ditson St., Wd. 20, removed; the expense to be charged to the appropriation for Public Grounds Dept.

Passed, under a suspension of the rule.

GENERAL RECONSIDERATION.

Ald. BERWIN moved a general reconsideration on all business transacted at the meeting, hoping that the same would not prevail. Lost.

PROJECTION OF SIGNS, ETC.

Ald. DAY, for the Committee on Building Dept. (Ald.), submitted the following:—

(1) Reports on petitions (severally referred July 17), for leave to project signs, etc.—recommending that leave be granted, viz.:—

Mrs. Adella McEnnis, illuminated sign, 176 Friend St., Wd. 6.

Samuel Katz, sign, 19 Tremont Row, Wd. 6.

Max Feldman, sign, 67 Compton St., Wd. 9.

Max Feldman, V-corner sign, 67 Compton St., Wd. 9.

Carmelo De Luca, sign, 965 Tremont St., Wd. 18.

F. W. Lydston, sign, 49 Charles St., Wd. 11.

Julius Neustadt, two key signs, 47 Compton St., corner Middlesex St., Wd. 9.

John Paris, sign, 212 Cambridge St., Wd. 11.

M. I. Bornstein, auction flag, 1009 Washington St., Wd. 9.

Wm. J. Simkins, sign, 210 Massachusetts Ave., Wd. 10.

Gus De Stefong, barber sign, 96½ Summer St., Wd. 7.

Max Fishman, sign, 64 Compton St., Wd. 9.

Frank Porcellin, sign, 95½ W. Springfield St., Wd. 12.

Reports severally accepted; leave granted on the usual conditions.

(2) Reports on petitions (severally referred today)—that leave be granted, viz.:—

Geunis J. Hern, illuminated sign, 595 Washington St., Wd. 7.

Vincent Marino, barber pole, 13 Maverick Sq., Wd. 2.

Louis Helman, sign, 128 Merrimac St., Wd. 8.

Tony M. Guvitosia, two barber poles, 453 Hanover St., Wd. 8.

Reports severally accepted; leave granted on the usual conditions.

(3) Report on the petition of Thomas F. Maloy (referred June 26), for leave to project three bay windows from building on Columbus Ave., corner Coventry St., Wd. 18, one over each street and one over the corner—that leave be granted on Columbus Ave., Coventry St. being a private way.

Report accepted; leave granted on the usual conditions.

WOODEN BUILDINGS.

Ald. DAY submitted the following:—

(1) Report on the petition of D. Whiting & Sons (referred June 26)—Recommending the passage of the following:—

Ordered, That the Building Commissioner be authorized to issue a permit to D. Whiting & Sons to build, outside the building limits, a wooden building on rear 472 Rutherford Ave., Wd. 4, in excess of range allowed and without the intervention or construction of a brick wall as required by the ordinances, and in accordance with an application on file in the Building De-

partment; said building to be occupied for stable purposes.
Report accepted; order passed. Sent down.

(2) Report on the petition of Collas, Whitman & Co. (referred July 3)—Recommending the passage of the following:—

Ordered, That the Building Commissioner be authorized to issue a permit to Collas, Whitman & Co. to build, outside the building limits, a wooden addition to building on 229 Marginal St., Wd. 2, in excess of size allowed, and without the construction of a brick wall, as required by the ordinances, and in accordance with an application on file in the Building Department; said addition to be occupied for storage purposes; main building occupied for same purpose.

Report accepted; order passed. Sent down.

RAILROAD REPORT.

Ald. DIXON, for the Committee on Railroads, submitted a report on the petition of the West End Street Railway Company, (recommitted today), for a location for a curved track at the junction of Lexington and Shelby Sts., East Boston—Recommending the passage of the following:—

Ordered, That in addition to the rights heretofore granted the West End Street Railway Company to lay down tracks in the streets of the City of Boston, said company shall have the right to lay down, maintain, and use, a curved track at the junction of Lexington St. and Shelby St., East Boston, said track being shown by red lines on a plan made by A. L. Plimpton, dated June 29, 1899, and deposited in the office of the Superintendent of Streets.

The right to lay down the tracks located by this order is upon condition that the whole work of laying the same, the form of rail to be used, and the kind and quality of material used in paving said tracks, shall be under the direction and to the satisfaction of the Superintendent of Streets, and shall be approved by him. Also upon condition that said West End Street Railway Company shall accept this order of location, and shall agree, in writing, to comply with the conditions herein contained, and shall file said acceptance and agreement with the City Clerk within thirty days from the passage of this order; otherwise it shall be null and void.

The whole work of laying the said tracks to be completed within six months from the date of the passage of this order.

Report accepted; order passed, under a suspension of the rule.

A RECESS TAKEN.

The board voted at 12:47 o'clock P.M., on motion of Ald. McDonald, to take a recess subject to the call of the Chairman.

The members of the board reassembled in the Aldermanic Chamber and were called to order at 1:43 o'clock P.M. by the Chairman.

PUBLIC IMPROVEMENTS.

Ald. O'TOOLE, for the Committee on Public Improvements, submitted the following:—

(1) Reports recommending that leave be granted on the petitions (referred today after being reported by the Committee on Licenses) of George W. Magee, B. F. Keith, John B. Schoeffel, Stone & Shaw, G. H. Batcheller, J. H. Emery, Massachusetts Charitable Mechanic Association and G. E. Lothrop, for licenses to give dramatic entertainments, etc., during the season ending Aug. 1, 1900.

Reports severally accepted, licenses granted on the usual conditions.

(2) Reports recommending the passage of orders that the Superintendent of Streets be authorized to issue permits for work, to be completed on or before Dec.

31, 1899, according to the terms and conditions expressed in the Ordinances of the City relating thereto, as follows:—

Jaynes & Chapin Company (petition referred June 26th) to erect, maintain and use an iron post, with an illuminated mortar attached thereto, in the sidewalk in front of estate corner of Summer and South Sts., Wd. 7.

Norcross Brothers (petition referred today), to erect, maintain and use 4 guy posts, with the necessary ropes attached, in and over Albany St., between Kneeland and Beach Sts., in locations subject to the approval of the Superintendent of Streets.

Reports accepted, orders passed.

(3) Report on the communication from His Honor the Mayor appointing George C. Davis, George H. Hamlin and Francis F. Harrington constables, etc. (referred today), recommending that the same be returned to the Board of Aldermen for its action.

The report was accepted, and the question came on confirmation. Committee, Ald. Codman and O'Toole. Whole number of ballots 12; ycs 11, no 1, and the appointments were severally confirmed.

(4) Report on the report of the Committee on Electric Wires (referred today), on the petition of the Boston Electric Light Company for permission to erect poles on Maple St., Roxbury, recommending the passage of the accompanying order (as reported by the committee earlier in the meeting).

Report accepted, said order passed.

(5) Report on the report of the Committee on Electric Wires (referred today) on the petition of the Boston Electric Light Company for leave to erect poles on Savin Hill Ave., Adams St., Dorchester Ave., St. Alphonsus St., Fellow St. and Mercer St., recommending the passage of the accompanying order (as reported by the Committee on Electric Wires earlier in the meeting).

On motion of Ald. Codman, so much of the order as refers to Adams St. and Dorchester Ave. was stricken out, and the order as amended was passed.

LAMP IN ROXBURY.

Ald. DIXON offered an order—That the Superintendent of Lamps be requested to place a gas lamp in Posing Place, Wd. 22; the expense thereof to be charged to the appropriation for Lamp Department.

Passed under a suspension of the rule.

NEXT MEETING.

Ald. O'TOOLE offered an order—That when the Board adjourned it be to meet on Tuesday, August 1, 1899, at 12 o'clock, noon, and that all hearings and orders of notice for a previous date be postponed accordingly.

Passed.

CLOSING OF STREETS FOR PARADE.

Ald. O'TOOLE offered an order—That the Board of Police be authorized to close to travel by vehicles, except United States mail, fire and police wagons, on Monday, September 4, 1899, between the hours of nine A. M. and one P. M. the following-named streets, for the parade of the labor organizations known as the Building Trades Council and the Central Labor Union, viz:—

For the Formation.

Huntington Ave., Boylston St., Newbury St., Commonwealth Ave. and Beacon St., between Clarendon St. and Massachusetts Ave.

For the Parade.

Copley Sq., to Boylston St., to Berkeley St., to Columbus Ave., to Darnmouth St., to West Dedham St., to Washington St., to Eliot St., to Park Sq., to Charles St., to Beacon St., to School St., to Washington St., to Milk St., to Post Office Sq.

And the City Messenger is hereby requested to rope off said streets at the principal points where it may be required, under the direction of the Board of Police; the expense thus incurred to be charged to the appropriation for City Messenger Department.

Passed.

—
REMOVAL OF TREE.

Ald. CODMAN offered an order—That the

Superintendent of Public Grounds be requested to remove a dead tree standing in front of estate 68 Evans St.; the expense of the same to be charged to the appropriation for Public Grounds Department.

Passed, under a suspension of the rule.

Adjourned at 1:56 o'clock P.M., on motion of Ald. McDonald, to meet on Tuesday, August 1, at 12 o'clock, noon.

CITY OF BOSTON.

Proceedings of the Board of Aldermen.

Tuesday, August, 1, 1899.

Adjourned regular meeting of the Board of Aldermen, held in the Aldermanic Chamber, City Hall, at 12 o'clock, noon, Chairman Barry presiding. Absent—Ald. Colby.

The Board voted, on motion of Ald. Berwin, to dispense with the reading of the records of the last meeting.

BARBER POLE ON SIDEWALK—
VETOED.

The following was received:
Mayor's Office, City Hall,
Boston, July 26, 1899.

To the Board of Aldermen:—

I return herewith without my signature a vote passed by your Board granting permission to Garmelo De Luca to place a barber pole sign on the sidewalk at No. 965 Tremont st., Wd. 13, for the reason that such permission cannot legally be granted. Respectfully submitted,
Josiah Quincy, Mayor.

The vote whereby the said vote was passed was reconsidered, and the question came on again granting permission, the objections of His Honor the Mayor, to the contrary notwithstanding.

The Board refused to grant the permission, the vote on doing so being—yeas none, nays, 7.

Nays—Ald. Adams, Barry, Berwin, Brick, Day, Dixon, McDonald—7.

APPOINTMENT OF CONSTABLES.

The following was received:—
Mayor's Office, City Hall,
Boston, July 25, 1899.

To the Board of Aldermen:—

Subject to your approval and confirmation I hereby appoint John P. Murphy, Felice A. Reppucci and Ernest L. Weis constables of the city of Boston for the term ending April 30, 1900.

Respectfully,
Josiah Quincy, Mayor.

Laid over, under the law.

NAME IN SIDEWALK—VETO.

The following was received:—
Mayor's Office, City Hall,
Boston, July 28, 1899.

To the Board of Aldermen:—

I return herewith without my signature an order passed by your Board granting permission to Frank Ward to insert his name "Ward" in brass letters in the sidewalk in front of his dining room at 39 Main St., Wd. 5. Chapter 352 of the Acts of 1895 provides that "no person shall place and maintain . . . upon any building or other structure . . . any sign or other projection the lowest part of which is ten feet above the sidewalk thereof." I am informed that no one has been granted permission to insert his name in the sidewalk since the statute was passed, or for some years before its passage, and I do not see how such permission can legally be granted, as in the opinion of the Law Department anything placed upon a building or other structure for advertising purposes must be considered as a sign. Respectfully submitted,
Josiah Quincy, Mayor.

Referred to the Committee on Public Improvements, on motion of Ald. Presho.

MORTAR ON POST—VETO.

The following was received:—
Mayor's office, City Hall,
Boston, July 28, 1899.

To the Board of Aldermen:—

I return herewith without my signature

an order passed by your Board granting permission to the Jaynes & Chapin Co. to erect, maintain and use an iron post, with an illuminated mortar attached thereto, in the sidewalk in front of estate corner Summer and South Sts., Wd. 7, for the reason that such permission cannot legally be granted. Respectfully submitted,
Josiah Quincy, Mayor.

Referred to the Committee on Public Improvements, on motion of Ald. Presho.

BARBER POLE ON SIDEWALK—VETO.

The following was received:—
Mayor's office, City Hall,
Boston, July 28, 1899.

To the Board of Aldermen:—

I return herewith without my signature a vote passed by your Board granting permission to John J. Dailey to place a barber pole on the sidewalk at 1423 Dorchester Ave. Wd. 20, for the reason that such permission cannot legally be granted. Respectfully submitted,

Respectfully submitted,
Josiah Quincy, Mayor.

Referred to the Committee on Public Improvements, on motion of Ald. Adams.

"ILLUMINATED" DRUGGIST'S MORTAR, ETC.

The following was received:—
Mayor's Office, City Hall,
Boston, July 28, 1899.

To the Board of Aldermen:—

I return herewith without my signature a vote passed by your Board granting permission to Edward J. Keeler to project a druggist's "illuminated" mortar at 1567 Tremont St., Wd. 13, said mortar to be composed of "wood, covered with bronzed tin perforated," and to project "about two feet." The distance to which illuminated signs are allowed to project has been limited to two feet, and it does not seem to me advisable to word the permission granted to project a sign so that it can properly be interpreted to exceed this distance. There is also some doubt in my mind as to whether a mortar composed of wood covered with tin can properly be termed an "illuminated" sign.

Respectfully submitted,
Josiah Quincy, Mayor.

Ald. CODMAN—Mr. Chairman, as the Alderman from that district is not here, I move that that be referred to the Committee on Public Improvements.

The motion was carried.

FENCE ALONG CHARLES RIVER.

The following was received:—
Mayor's Office, City Hall,
Boston, July 25, 1899.

To the Board of Aldermen:—

I transmit herewith a letter from the Superintendent of Streets in reply to your order requesting him to put the fence along the Charles River, on the western side of the alley in the rear of Beacon St., in proper condition. Respectfully submitted,

Josiah Quincy, Mayor.

City of Boston, Street Department.

July 20, 1899.

Hon. Josiah Quincy, Mayor.

Sir: In regard to inclosed order in reference to fences in rear of houses on Beacon St., I beg to state that the department has taken care of all fences that were in any way injured by the department or its contractors in dumping snow; and there are neither funds available, nor is it our province to repair the balance of the fence, which, as I understand it, belongs to the abutters. Yours very respectfully,

Benj. W. Wells, Supt. of Streets.
Placed on file.

SIGN ON LAMPPOST.

Ald. McDONALD presented the petition of the New England Newspaper Union for leave to place a sign on a lamppost at 132 Pearl St.

The Board voted, on motion of Ald. McDonald, to suspend the rules, and leave was granted.

PETITIONS REFERRED.

The following petitions were received and were referred to the Committees named, viz.:-

Building Dept. (Ald.)

Petitions for leave to project signs, etc., viz.:-

Raphael Nazzaro, a V sign, at 472 Commercial St., Wd. 6.

Soon Lee, a sign, at 91 Leverett St., Wd. 8.

Howard C. Woodbury, an illuminated clock, at 250 Washington St., Wd. 6.

E. P. Sensibaugh, two signs, at 127 Dudley St., Wd. 21.

G. F. Knight, illuminating sign, 20 Causeway St.

Claims.

Laura Seldner, for payment of balance remaining from tax sale of estate on north side of Fuller St.

William F. Stratton, trustee, for payment of two thirds of the balance remaining from tax sale of estate on La Grange St., W. R.

Cornelius Breslin, for compensation for damage to estate 10-12-14 Haskins St., by the backing up of sewage.

Margaret E. McNealy, for a hearing on her claim for damages on account of personal injuries caused by her falling on Centre St., J. P.

Geo. F. Hewett & Co., to be refunded the sum of \$500 paid by them for a liquor license.

Electric Wires.

The New England Tel. and Tel. Co., of Mass., for leave to erect and to remove poles in Northampton St.

Charlestown Gas and Electric Co., for leave to erect poles on Chestnut St., Wd. 3.

Western Union Tel. Co., for leave to erect poles on Gove St., between the B. & M. R. R. and Meridian St., E. B.

Supt. of Public Grounds.

Mrs. Annie Turner, for the removal of a tree at 1207 Dorchester Ave.

Lamps.

Thomas H. Lemasney et als., for public lamps on Creek St., Dorchester.

Memorial Day.

Report of Kearsarge Association of Naval Veterans of Memorial Day expenses.

Report of Peter Salem Garrison No. 70, R. A. & N. U. of Memorial Day expenses.

Licenses.

Petitions for amusement licenses for the season ending Aug. 1, 1899, viz.:-

Engene Tompkins, at the Boston Theatre.

Isaac B. Rich, at the Hollis Theatre.

Field, Rich, Harris & Chas. Frohman, at the Boston Museum.

Eugene Tompkins, at the Park Theatre.

Louis H. Mudgett, agt., at Boston Music Hall.

Louis D. Brandeis et als., trustees, at the Grundmann Studios, on Clarendon St.

J. Loring Thayer, at Knights of Honor Hall, 730 Washington St.

J. J. McHugh, at Caledonia Hall, 45 Eliot St.

Cyrus Walker, at Walker's Hall, 735 Washington St.

Prosper W. Smith, at Anawan Hall, Anawan Ave., Wd. 23.

Jacob Schaffer, at Lincoln Hall, 69 W. Concord St.

Hugh H. McInnes, at Marine Park Hall, J. H. Dwyer, at 12-14 Shawmut Ave.

Henry W. Jones, Independent Club Hall, 305 Medford St., Charlestown.

Boston Turn Verein, Turn Hall, 29 Middlesex St.

Public Improvements.

Norcross Bros., for leave to erect one guy post in Congress St. and one in A St. extension.

Norcross Bros., for leave to stretch a guy rope across Tremont St.

Michael Roughan, for leave to construct three coal holes in sidewalk at 61, 63, 65 Beach St., Wd. 7.

Costas Deemara, for leave to maintain push carts at certain locations in the city for the sale of fruit and candy.

Cushing Medical Supply Company, for leave to place an electric sign on building 650 Washington St.

Woodbury & Leighton, for leave to erect one guy post and one in Oxford Pl.

W. L. Clark & Co., for leave to erect guy posts at 388-400 Atlantic Ave.

Petitions for sidewalks, viz.:-

Bowker, Torrey & Co., on Baldwin St., Wd. 13.

Mrs. Jennie B. Damon, at 862 E. Fifth St., Wd. 14.

Hugh D. Kelly, 100-102 Burrell St., Wd. 17.

Hugh D. Kelly, cor. Norfolk Ave. and Burrell St., Wd. 17.

Thos. H. Shea, 1-3 Heath Pl., Wd. 19.

C. F. Hayes, 194 Adams St., Wd. 20.

Francis W. Kittredge, in front of three houses on Warren St. and two on Moreland St., at the corner of said streets, Wd. 21.

John W. and Mary E. Patterson, 23-25 Jamaica St. and 33-35 Woodman St., Wd. 23.

Boston University, 73 Summer St., Wd. 7.

G. M. Hyams, 26 Wales St., Wd. 20.

D. W. Thomas, Vancouver St., corner Huntington Ave., Wd. 19.

RECEPTION OF ADMIRAL DEWEY.

Ald. McDONALD offered an orded—That the Board of Estimate and Apportionment be requested to appropriate a sum sufficient for the purpose of extending the hospitalities of the city of Boston to Admiral Dewey.

Ald. McDONALD moved a suspension of the rule, that the order might be put upon its passage.

Ald. BRICK—Mr. Chairman, I don't know just what the purport of this order is; but, before this matter is considered, I think there should be some wise deliberation on our part. There is a little more in this question than appears on the surface. It scarcely seems to me that we should at once throw ourselves into a state of adulation of a hero because he has won a battle. It hardly strikes me that the Admiral is to be put into the same category with Gen. Grant, Gen. Sherman, and other great military heroes. There is much to be said on this question, and it only excited my attention as I heard the order read. I think we should give more mature thought to it before, acting in accordance with general sentiment and the rush of popular opinion, we deliberately set out to render such adulation to a merely military hero. It strikes me that this will establish a dangerous precedent; it strikes me that we are getting into the condition in which France finds herself today—that popular government and popular movements are too much the result of a quick, hasty sentiment, not founded on the cool, calculating basis upon which our forefathers built this country of ours.

It strikes me that a movement of this sort is purely and simply an attempt on the part of the administration at Washington to bolster up its attitude, to bolster up the war, to maintain its standard, and, without due deliberation, to bring to itself public favor which it does not deserve. I did not know that this order was to be introduced at this time. If I did know it, I think I should have prepared an address upon the subject. I, at least, as a member of the Board of Aldermen and as a citizen of the United States, view this attempt to bolster up the administration, to sweep the people

off their feet by an attempt to arouse a spirit of military glory, with a good deal of alarm. The trouble with parades and exhibitions of this sort is that they disturb the popular mind, that they take away from examination and criticism the true problems that are before the people. The people are being harrassed, hampered, burdened with taxation. The time will come, the time is bound to come—and shortly—when the people will cry out against this war; and I, for one, at this time will vote against any attempt to give a public testimonial of this kind to a man, whose efforts in the East I do not attempt to discredit, but I do, I do protest against making him a second Boudanger in America. It is not fair, it is not right, it is not democratic, it is not in accord with the principles upon which this great nation was founded, and I shall vote against it.

Ald. McDONALD.—Mr. Chairman, it seems to me that this is a very proper order for the Board of Estimate and Apportionment to consider.

The CHAIRMAN—If the Alderman will pardon the Chair, perhaps the members of the Board did not thoroughly understand the order. The Chair understands it to be in the nature of a request. But the Clerk will read it for the information of the Board.

(The Clerk read the order).

Ald. McDONALD.—Mr. Chairman, I am surprised that the Alderman from Wd. 3 (Ald. Frick) should oppose a resolution of that kind, in honor of the great admiral to whom, more than to anybody else, belongs the credit of bringing the war with Spain to a close so quickly—for the guns fired at Manila by Admiral Dewey were heard all over the world. He made the nations of the old world stop, think, ponder over the American Navy. At times it was thought by the countries of the old world that America, the United States, could not cope successfully on the sea with England, especially, but Admiral Dewey on that Sunday morning at Manila proved to the world that the American Navy could not be surpassed by any other navy in the world. I believe the City of Boston should extend the hospitalities of this city to that brave admiral who has not been surpassed in generations—for the past 100 years at least—by any admiral on the other side of the water. To him more than to any other man in the American Navy does this country owe the successful conclusion of the war. He settled the difficulty at once, and it is fitting that we should honor all our brave heroes—that the City of Boston especially, a city which has always been celebrated for its patriotism and public spirit—should do so. We have had, of course, great admirals—for instance, Admiral Farragut, who will ever be remembered, who did great work in the Civil War. The gentleman from Wd. 8 refers to Gen. Grant. This country will ever be indebted to Gen. Grant for the push and determination that he displayed in bringing the Civil War to a successful close; and it is indebted to all the great heroes who have helped to make this country what it is. The City of Boston should always honor them, and will always do so. Here is the City of New York appropriating \$150,000 for the celebration—and I believe it ought to spend \$150,000, and more. As I understand it, Gov. Roosevelt has asked the state to also appropriate \$50,000. All our young men who are growing up would like to see the City of Boston take hold of this matter and have as large a celebration, if possible, as there will be in the City of New York. The young people like to honor the men who have taken part in the Spanish War; and we all remember the little piece we used to recite in school in young days:—

Our country is America;
Our flag red, white and blue,
And to the land of Washington
We ever will be true.

Then wave the flag, and wave again,
And shout these loud hurrahs
For our beloved country
And for the stripes and stars.

I believe in honoring Admiral Dewey and all the brave men who were connected with the late Spanish War.

Ald. PRESHO—Mr. Chairman, it seems to me that a fit of midsummer madness has struck the Board, judging from the remarks of the last two speakers. An order requesting the Board of Estimate and Apportionment to appropriate \$5000 for this purpose is now before them, and I don't see that anything further is necessary—unless the gentlemen want to honor themselves more than they want to honor Admiral Dewey.

The order was declared passed.

Ald. BRICK—Mr. Chairman, I will respectfully doubt that vote, although I think I will be alone, and call for the yeas and nays. I desire to register myself as against this order, although I think I will be alone in so doing.

The roll was called, and the order was passed, yeas 9, nay 1, Ald. Brick voting nay. Sent down.

HEARINGS AT 12 O'CLOCK.

1. On petition of Francis G. Sager, for leave to project one bay-window over the corner of Bartlett and Elm Sts., from building 48 Bartlett St., Wd. 3.

2. On petition of Howard C. Woodbury, for leave to project a metal cornice and sign from building 250 Washington St., Wd. 6.

No objections. Severally referred to the Committee on Building Dept. (Ald.).

3. On petition of The New England Telephone and Telegraph Company of Massachusetts for leave to erect poles on Park St. and to remove poles on Centre and Park Sts., Wd. 23.

No objections. Recommended to the Committee on Electric Wires.

CONFIRMATION OF APPOINTMENT.

The Board proceeded to take up No. 4, unfinished business, viz:—

4. Action on the appointment submitted by the Mayor of Mason B. Whittemore to be an Inspector of Pressed or Bundled Hay and Straw, and a Measurer of Grain, for the term ending April 30, 1899.

The question came on confirmation. Committee—Ald. Adams and McDonald. Whole number of ballots cast 10; yes 9, no 1, and the appointment was confirmed.

ERECTION OF TELEPHONE POLES.

The Board proceeded to take up Nos. 5 and 6, special assignment, viz:—

5. Report of the Committee on Electric Wires, with an order authorizing The New England Telephone and Telegraph Company of Massachusetts to erect five poles on King St., Wd. 24.

6. Order granting The New England Telephone and Telegraph Company of Massachusetts permission to place seven poles on Carruth St., Wd. 21, and two poles on Eaton Sq., Wd. 20.

Severally assigned to the next meeting on motion of Ald. Codman.

INVITATION TO MUNICIPAL CONVENTION.

A communication was received from the Executive Committee, League of American Municipalities, inviting the city to send delegates to its third annual convention to be held in Syracuse, New York, Oct. 19th to 22nd, 1899.

The Board voted to accept the invitation. Sent down.

AWNING—ORDER OF NOTICE.

On the petition of New Boston Music Hall for leave to project an awning from New Music Hall Building on Massachu-

setts Ave., Wd. 10—an order of notice was passed for a hearing thereon on Monday, August 14, at 3 o'clock, P.M., when any parties objecting thereto may appear and be heard.

LICENSES.

Ald. DAY, for Ald. Colby, for the Committee on Licenses, submitted the following:—

(1) Reports recommending that minors licenses be granted to 26 newsboys, 2 boot-blacks, and 2 pedlers.

Reports severally accepted; licenses granted on the usual conditions.

(2) Reports on petitions for amusement licenses, (severally referred today), for season ending Aug. 1, 1900—that leave be granted, viz:—

Eugene Tompkins, at the Boston Theatre.
Isaac B. Rich, at the Hollis Theatre.
Field, Rich, Harris & Chas. Frohman, at the Boston Museum.

Eugene Tompkins, at the Park Theatre.
Louis H. Mudgett, agt., at Boston Music Hall.

Louis D. Brandeis et al., trustees, at the Grundmann Studios, on Clarendon St.

J. Loring Thayer, at Knights of Honor Hall, 730 Washington St.

J. J. McHugh, at Caledonia Hall, 45 Eliot St.
Cyrus Walker, at Walker's Hall, 735 Washington St.

Prosper W. Smith, at Anawan Hall, Anawan Ave., Wd. 23.

Jacob Schaffer, at Lincoln Hall, 69 W. Concord St.

Hugh H. McInnes, at Marine Park Hall.
Henry W. Jones, Independent Club Hall, 305 Medford St., Charlestown.

Boston Turn Verein, Turn Hall, 29 Middlesex St.

Reports severally accepted; licenses granted on the usual conditions.

SALE OF GIBSON SCHOOL FUND LANDS.

Ald. ADAMS offered the following:—
Resolved, That the order passed by this Board May 25, 1899, relative to the sale of unoccupied lands belonging to the Christopher Gibson School Fund, held in trust by this Board, be and hereby is rescinded.

Passed under a suspension of the rule.
In connection with the above Ald. ADAMS offered an order—That the Committee on Public Lands (Ald.) be authorized to employ such assistance as they in their judgment deem necessary to subdivide into suitable building lots all unoccupied lands belonging to the Christopher Gibson School Fund, held in trust by this Board, and that said lands shall be advertised for sale in the Boston Herald, Globe, Journal, Advertiser and the Dorchester Beacon twice each week for thirty days prior to sale by the Board of Street Commissioners and sold by them Sept. 23d, 1899, at 11 A.M., at public auction, to the highest bidder or bidders.

That 42,000 sq. ft. now occupied by the Sewer Department shall be leased to said Department at an annual rental of \$400.

That 32,600 sq. ft. now occupied by the Water Department shall be leased to said Department at an annual rental of \$300.

That all moneys received in consideration of sales and rentals shall be paid to the City Treasurer to be turned over to the Christopher Gibson School Fund in accordance with the will of Christopher Gibson, who bequeathed this land to the good of the schools of Dorchester.

That all expenses attending said sale shall be paid from the aforesaid fund.

Ald. ADAMS—Mr. Chairman, perhaps a few words of explanation from me in regard to these two orders may be necessary at this time. Members of the Board will remember that some two months ago we passed an order authorizing the sale of these lands. I find on consulting the corporation counsel that, while the Board

of Aldermen acting as trustees have authority to order the sale of this land, they have not authority to pass the orders necessary for the conveyance of the land—that this authority is vested in the Board of Street Commissioners. Consequently I have asked to have that order rescinded and have amended it in such a way that the Board of Street Commissioners may do the actual work of transferring the land by public auction; and I want to ask a suspension of the rule here today that the order may go on its passage at once.

The order previously passed by the Board relating to the matter was rescinded, and the rule was suspended and the order offered by Ald. Adams was read a second time and passed.

REMOVAL OF TREES, ETC.

Ald. DAY offered the following:—

(a) Ordered, That the Superintendent of Public Grounds be requested to remove two dead trees standing in front of engine house No. 14 on Centre St., Roxbury; the expense of the same to be charged to the appropriation for Public Grounds Department.

(b) Ordered, That the Superintendent of Public Grounds be requested to remove two trees standing in front of estate 472 Parker St., Roxbury; the expense of the same to be charged to the appropriation for Public Grounds Department.

(c) Ordered, That the Superintendent of Public Grounds be requested to trim the trees on the sidewalk surrounding the new high school building in East Boston; the expense of the same to be charged to the appropriation for Public Grounds Department.

Severally passed.

REMOVAL OF TREE.

Ald. ADAMS offered an order—That the Superintendent of Public Grounds be requested to remove a tree standing in the sidewalk between Upland Ave., and Wellesley Pk., and Park St., Wd. 20, said tree being an obstruction to the Street Department in the building of a sidewalk.

Passed under a suspension of the rule.

RESURFACING OF SPENCER ST.

Ald. ADAMS offered an order—That the Superintendent of Streets be requested to resurface the roadway on Spencer St., between Park St. and Wheatland Ave., Wd. 20.

Passed.

IMPROVEMENTS ON FIRE HOUSE.

Ald. CODMAN offered an order—That the Fire Commissioner be requested, through His Honor the Mayor, to place a suitable sign on the new Fire Department Building at Grove Hall, designating its occupancy by Combination Ladder Company No. 6, also to remove the colored glass windows in the doors of said building, and replace the same with plain glass.

Passed.

SALE OF PART OF TENEAN BROOK.

Ald. McDONALD offered an order—That the Board of Street Commissioners, with the approval of His Honor the Mayor, be authorized to sell so much of Tenean Brook as lies between Adams St. and the line of Clayton St. extended; the said portion of the brook being disused on account of the construction of a culvert for the drainage of the surrounding land.

Referred to the Committee on Public Improvements, on motion of Ald. Codman.

EXAMINATION OF JUNK, ETC.

Ald. BRICK offered the following:—
City of Boston, in the year 1899:—

An ordinance to amend Chapter 45 of the Revised Ordinances of 1898.

Be it ordained, etc.

Section forty-three of chapter forty-five of the Revised Ordinances of 1898 is hereby amended, so as to read as follows:—

"Sect. 43. Every such shopkeeper shall allow his shop and all articles therein to be at all times examined by the Mayor, the Board of Aldermen, the Board of Police, or by any person authorized by the Mayor, or Board of Aldermen, or Board of Police, to make such examination."

The question came on giving the ordinance a second reading.

Ald. BRICK—Mr. Chairman, Section 41 of Chapter 45, in relation to junk, old metals and second-hand articles, reads as follows:—

"Every such shopkeeper shall keep a book, in which shall be written, at the time of every purchase of any article, a description thereof, and the name, age, and residence of the person from whom, and the day and hour when such purchase was made; and such book shall at all times be open to the inspection of the Mayor, the Board of Aldermen, the Board of Police, or of any person authorized by the Mayor, or Board of Aldermen, or Board of Police, to make such inspection."

Section 43 now reads:—

"Every such shopkeeper shall allow his shop and all articles therein to be at all times examined by the Mayor, or Board of Aldermen, or by any person authorized by the Mayor or Board of Aldermen to make such examination."

It strikes me that, unwittingly, there was a mistake in the drawing up of that ordinance, and it seems to me, as well as to two or three people who have asked me about it, that it does not confer on the Board of Police the right to make examinations, thereby somewhat hampering the inspectors of police in examinations of junk stores, which they may desire to search for stolen articles. I therefore ask that that section be amended so as to read like Section 41. It seems to me that there has been an oversight here which was not noticed at the time when the section was drawn.

On motion of Ald. Berwin, the ordinance was referred to the Committee on Public Improvements.

ICE WATER FOUNTAIN, CENTRAL SQ. PARK.

Ald. DAY offered an order—That His Honor the Mayor be requested to direct the Superintendent of Public Grounds to grant the request of the Water Commissioner for a location for an ice water fountain in Central Sq. Park, East Boston.

Passed.

GRADES ESTABLISHED.

Chairman BARRY offered the following orders:—

Ordered, That the Board establish the grade of Zelgler St., at Roxbury, between Washington St. and Warren, as shown by a red line on a plan and profile of said Zelgler St., marked "City of Boston, Zelgler St., Roxbury, July 31, 1899, William Jackson, City Engineer," and deposited in the office of the City Engineer.

Ordered, That the Board establish the revised grade of Dana St., at Roxbury, southwestwardly from Dudley St., as shown by a red line on a plan and profile of said Dana St., marked "City of Boston, Dana St., Roxbury, July 31, 1899, William Jackson, City Engineer," and deposited in the office of the City Engineer.

Ordered, That the Board establish the revised grade of Porter St., southwestwardly from Pleasant St., as shown by a red line on a plan and profile of said Porter St., marked "City of Boston, Porter St., Boston proper, July 31, 1899, William

Jackson, City Engineer," and deposited in the office of the City Engineer.

Ordered, That the Board establish the revised grade of Corning St., between Porter St. and Wheeler St., as shown by a red line on a plan and profile of said Corning St., marked "City of Boston, Corning St., city proper, July 31, 1899, William Jackson, City Engineer," and deposited in the office of the City Engineer.

Ordered, That the Board establish the revised grade of Kirkland St., northwardly and northeastwardly from Corning St., as shown by a red line on a plan and profile of said Kirkland St., marked "City of Boston, Kirkland St., Boston proper, July 31, 1899, William Jackson, City Engineer," and deposited in the office of the City Engineer.

Ordered, That the Board establish the revised grade of Wheeler St., northwardly and northeastwardly from Corning St., as shown by a red line on a plan and profile of said Wheeler St., marked "City of Boston, Wheeler St., Boston proper, July 31, 1899, William Jackson, City Engineer," and deposited in the office of the City Engineer.

Ordered, That the Board establish the grade of Dudley St., at Roxbury, from Washington St. to Warren St., as shown by a red line on a plan and profile of said Dudley St., marked "City of Boston, Dudley St., Roxbury, July 31, 1899, William Jackson, City Engineer," and deposited in the office of the City Engineer.

Ordered: That the Board establish the grade of Warren St., at Roxbury, between Tabor St., and Dudley St., as shown by a red line on a plan and profile of said Warren St., marked "City of Boston, Warren St., Roxbury, July 31, 1899, William Jackson, City Engineer," and deposited in the office of the City Engineer.

Ordered: That the Board establish the revised grade of Pleasant St., from Tremont St., to Shawmut Ave., as shown by a red line on a plan and profile of said Pleasant St., marked "City of Boston, Pleasant St., Boston proper, July 31, 1899, William Jackson, City Engineer," and deposited in the office of the City Engineer.

The orders were severally referred, on motion of Ald. Presho, to the Committee on Public Improvements.

A RECESS TAKEN.

The Board voted at 12.42 o'clock, on motion of Ald. Adams, to take a recess subject to the call of the Chairman.

The members of the Board reassembled in the Aldermanic Chamber and were called to order at 3.48 o'clock by the Chairman.

PROJECTION OF SIGNS, ETC.

Ald. DAY, for the Committee on Building Dep't. (Ald.), submitted the following:—

(1) Reports on petitions (severally referred today), for the projection of signs, etc.—recommending that leave be granted, viz:—

G. F. Knight, illuminated sign, 20 Causeway St.

Howard C. Woodbury, illuminated clock, 250 Washington St.

E. P. Sensibaugh, two signs, 127 Dudley St., Wd. 21.

Soon Lee, sign, 91 Leverett St., Wd. 8.

Raphael Nazzaro, V sign, 472 Commercial St., Wd. 6.

Reports severally accepted; leave granted on the usual conditions.

(2) Reports on petitions for leave to project bay windows—that leave be granted, viz:—

Frederick J. Herthel, Jr., two, corner Columbus Ave. and Ruggles St., one over each St., Wd. 18.

Louis Berenson, five, two over Washington St. and three over Bartlett St., Wd. 13.

Reports severally accepted; leave granted on the usual conditions.

(3) Report on the petition of Albert Geiger (referred July 17), for leave to project two bay windows from building No. 559 Columbus Ave., corner Wellington St., over Wellington St., Wd. 12—that leave be granted.

Ald. O'TOOLE—Mr. Chairman, in regard to that petition of Mr. Geiger for a bay window on Wellington St., I will move to have that referred to the Committee on Public Improvements.

Ald. BERWIN—Mr. Chairman, I would like to ask what objections the Alderman can have to that?

Ald. O'TOOLE—Mr. Chairman, undoubtedly the Alderman from Wd. 6 (Ald. Berwin) is conversant with the situation there. I know nothing about it, except that we had a remonstrant in here last Monday, and it seems only fair, after the statement he made in opposition to this bay window, that an opportunity should be given to the members of the Board—an opportunity which I, for one, desire—to look into the situation, to see what the facts are. I would like to have this referred.

Ald. DAY—Mr. Chairman, I would like to ask the Alderman who has just sat down if that is really the bay window against which a remonstrant appeared here? As I remember it, the remonstrance was to another bay window, upon which a report has not been presented. I think there was no objection—in fact, I am quite sure there was not—to this bay window.

Ald. O'TOOLE—Well, I don't know exactly the number of the street.

The CHAIRMAN—The Chair will say, for the information of the Alderman, that the petition bears the endorsement "no objection."

Ald. BERWIN—Mr. Chairman, just one word in connection with this matter, for the information of Ald. O'Toole. Ald. Colby, who is an adjoining owner to the estate in question, might perhaps have objected, but the matter was so adjusted that he felt that it would be no interference with his interests on Wellington St., and he therefore offered no objection. He has so assured me, and I take it that that matter is all right.

Ald. O'TOOLE—Mr. Chairman, for that very reason, if a member of this Board has such power with a real estate owner that he can have a matter adjusted without having to appear in remonstrance, as an ordinary every day citizen would do, I think this matter should be referred. Every citizen should have the same powers and privileges in this matter. I think a remonstrant came in here and said this would be an injury to his property, to have the bay window put in this particular place, and I understand that this is the same bay window. The Alderman from Wd. 6 (Ald. Berwin) seems to coincide with my remarks, and to say that this is the identical bay window. If that is so, if that is the bay window asked for, I hope the matter will be referred to the Committee on Public Improvements. I don't know the gentleman who came in here, but he came in as a citizen, rightfully remonstrating against this bay window, and having as much right in the matter, I claim, as any member on this floor. He has not the powers, possibly, that some of the members have, in remonstrating with real estate agents against these things, but his privileges are the same. He is justified in being a remonstrant, if the projection of this bay window will injure his property.

Ald. DAY—Mr. Chairman, I am very confident that the bay window the Alderman speaks of was out on Boston St., Wd. 16, and that there was no objection to this bay window. Mr. Colby was the adjoining owner, and if anybody objected, he certainly would. As I understand it, the bay window is to be on a corner and would inconvenience nobody but Mr. Colby.

Ald. O'TOOLE—Mr. Chairman, I am not

satisfied now. I believe a remonstrant came in last Monday, a property owner on Wellington St., not on Boston St., because I had several conversations with Ald. Colby in regard to the matter, and he told me he was satisfied in regard to his property in the section.

Ald. BERWIN—Mr. Chairman, I merely want to satisfy Ald. O'Toole in reference to this matter. There is nothing involved in the matter, and he misunderstood me when I referred to Ald. Colby. The fact was simply this, that in connection with the change which was contemplated, projecting the bay window from the corner of the building, Mr. Geiger, or his representatives, consulted with the owner of the adjoining building, Ald. Colby, and the bay window matter was adjusted in a way that would not give objection to anybody that would not interfere with the rights of anybody in the neighborhood. For that very reason, Mr. Chairman, the matter is now in a shape where there can be no objection to granting this permission. There is nothing the Alderman can learn beyond what has appeared here.

The matter was referred to the Committee on Public Improvements.

ELECTRIC WIRES.

Ald. BERWIN, for the Committee on Electric Wires, submitted the following:—

(1) Reports recommending the passage of orders of notice for hearings on Monday, April 7th, at 3 P.M., on the following petitions, (severally referred today):—

Charlestown Gas & Electric Co., for leave to erect poles on Chestnut St., Wd. 3.

The New England Telephone & Telegraph Co. of Mass., for license to erect and to remove poles in Northampton St.

Western Union Telegraph Co., for leave to erect poles in Gove St., between the B. & M. R. R. and Meridian St., East Boston.

Reports severally accepted; orders of notice passed.

(2) Report on the petition of the Charlestown Gas & Electric Co. (recommitted July 17), recommending the passage of the following:—

Ordered, That permission be granted to the Charlestown Gas & Electric Co. to place and maintain poles for the support of wires at points designated by red dot on a plan deposited in the office of the Superintendent of Streets, made by Charles A. Pearson; said poles to be located as follows:—

Joiner St., 5 poles, 35 ft. high, 12 in. in diameter; width of sidewalk, 7 ft.; date of plan, June 26, 1899.

The Superintendent of Streets is hereby authorized to issue permits for opening and occupying streets for placing and maintaining said poles on the conditions specified in chapter 58, section 15, of the Revised Ordinances of 1898.

The work of locating said poles to be completed within 90 days from the date of the passage of this order.

Report accepted; order passed, under a suspension of the rules.

PUBLIC IMPROVEMENTS.

Ald. O'TOOLE, for the Committee on Public Improvements, submitted the following:—

(1) Reports recommending the passage of orders that the Superintendent of Streets be authorized to issue permits, on petitions referred today, for work in front of estates, to be completed on or before December 31, according to the terms and conditions expressed in the ordinances of the city relating thereto as follows:—

W. L. Clark & Co., to erect, maintain and use three guy-posts, with the necessary ropes attached, in and over 388-400 Atlantic Ave.

Woodbury & Leighton, to erect, maintain and use guy-posts, with the necessary ropes attached thereto, one in and over

Essex St., opposite 86, and one in and over Oxford Pl., Wd. 7.

Michael Roughan, to construct, maintain and use three bulkhead openings, 4 feet by 6 feet each, with wooden covers, under and in the sidewalk, 61, 63, 65 Beach St., Wd. 7.

Norcross Brothers, to stretch, maintain and use guy ropes over and across Tremont St., at or near 541.

Norcross Brothers, to erect, maintain and use one guy-post, with the necessary ropes attached, in and over Congress St., near A St., and to stretch one guy rope over and across A St., near Congress St.

John C. Haynes, (petition referred July 25), to construct, maintain and use 6 coal hole openings, not exceeding 18 inches each in diameter, with iron covers of rough upper surface, under and in the sidewalk, 982-984-986 Columbus Ave.

Reports accepted, orders severally passed.

(2) Report on the petition of Costas Deemara, (referred today), for leave to maintain push carts at certain locations in the city, for the sale of fruit and candy—that the petitioner have leave to withdraw.

Report accepted, petitioner given leave to withdraw.

(3) Report on the message of the Mayor relative to poles of Postal Telegraph Cable Company, (referred May 22), recommending the passage of the accompanying orders, and that said message be placed on file.

The report was accepted, the orders were passed, and the message was ordered placed on file.

(4) Reports on messages from His Honor the Mayor vetoing permits to Edward J. Keeler, (referred today), to project an illuminated mortar; Thomas F. Dockray, (referred July 17), to erect a pole at 1133 Columbus Ave.; Jaynes & Chapin Company, (referred today), to erect an illuminated mortar at corner Summer and South Sts.; John J. Dailey, (referred today), to place barber pole in sidewalk at 1423 Dorchester Ave.,—that the vetoes of His Honor the Mayor be sustained, and that said messages be placed on file.

In the cases of Thomas F. Dockray and Edward J. Keeler, the Committee voted to reconsider its previous action; and then refused to pass the orders over the Mayor's vetoes, yeas none, nays 9. The messages were ordered placed on file.

It was voted, on motion of Ald. Adams, to lay the reports on the petitions of Jaynes & Chapin Company and John J. Dailey on the table.

(5) Report on the Mayor's message vetoing permission to Frank Ward to insert his name in brass letters in sidewalk at 39 Main St., Wd. 5, (veto message referred today),—that the veto of His Honor the Mayor be not sustained, and that said message be placed on file.

The report was accepted. The Board voted to reconsider its previous action, and then voted to pass the order over the veto of His Honor the Mayor, yeas 9, nays none.

(6) Report on the petition of the West Roxbury and Roslindale Street Railway Company (referred July 25), to be allowed to exchange its cars with cars of the Needham and Boston Street Railway Company, etc.,—recommending reference of the same to the Committee on Railroads.

Report accepted; said reference ordered.

Report on the petition of Frederick L. Walker (referred June 12), for a driveway at 110 Melville Ave., Wd. 20,—that no action is necessary.

Report accepted.

(7) Report on the order (referred June 26), relative to adjudging building 1131-1137 Tremont St. a nuisance,—that no further action is necessary.

Report accepted.

(8) Report on the petition of the Cushing Medical Supply Company (referred today), for leave to place an electric sign

on building 580 Washington St.—recommending that leave be granted.

Report accepted, leave granted on the usual conditions.

(9) Reports on petitions referred today, recommending the passage of orders that the Superintendent of Streets be directed to make sidewalks, to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, owner to furnish material, as follows:—

D. W. Thomas, Vancouver St., corner Huntington Ave., Wd. 19, brick.

G. M. Hyams, 26 Wales St., Wd. 20, artificial stone.

Boston University, 73 Summer St., Wd. 7, artificial stone.

Bowker, Torrey & Co., Baldwin St., Wd. 13, brick.

Mrs. Jennie B. Damon, 862 East Fifth St., 14, brick with granite edgestone.

Hugh D. Kelly, 100-102 Burrell St., Wd. 17, gravel with granite edgestone.

Hugh D. Kelly, corner Norfolk Ave. and Burrell St., Wd. 17, artificial stone with granite edgestone.

Thomas H. Shea, 1-3 Heath Pl., Wd. 19, gravel, with granite edgestone.

C. F. Hayes, 194 Adams St., Wd. 20, brick with granite edgestone.

Francis W. Kittredge, in front of three houses on Warren St. and two on Moreland St., Wd. 21, at corner of said streets, artificial stone with granite edgestone.

John W. and Mary E. Patterson, 23-25 Jamaica St. and 33-35 Woodman St., Wd. 23, gravel with granite edgestone.

Reports accepted, orders severally passed.

(10) Reports recommending the passage of orders that the Superintendent of Streets make sidewalks, to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, owner to furnish material, in front of the following estates:—

Katherine F. Sullivan (petition referred July 25), 265 Millet St., Wd. 20, gravel with granite edgestone.

Ruth H. Clapp (petition referred July 17), 140-142 Stanwood St., Wd. 20, gravel with granite edgestone.

Carl F. Monk (petition referred July 17), Spencer St., near Park St., Wd. 20, gravel, with granite edgestone.

Margaret Fitzgibbon (petition referred July 17), 40 Middle St., Wd. 15, brick.

I. Levin (petitioned referred July 17), 20-26 Morris St., Wd. 1, brick.

Francesco Dimase, (petition referred July 25), 198-200 Maverick St., Wd. 2, brick, with granite edgestone.

Watson & Waite (petition referred July 17), 472-476 East Third St., Wd. 14, brick, with granite edgestone.

Ellen Lonergan (petition referred July 17), 571 East Third St., Wd. 14, brick, with granite edgestone.

William H. Martin (petition referred July 25), 16 Wales St., Wd. 20, artificial stone.

Francis W. Kittredge (petition referred July 17), south corner of Warren and Moreland Sts., Wd. 21, artificial stone.

Alexander Gaertner (petition referred July 17), 1181-1183 Tremont St., Wd. 18, artificial stone.

Edward Tracy (petition referred July 17), 11-17 Vale St., Wd. 15, artificial stone.

Edward H. Eldredge & Co. Agents (petition referred July 25), 13-27 John St., Wd. 5, artificial stone.

Jacob P. Powers (petition referred July 25), 514-516 West Park St., Wd. 20, artificial stone, with granite edgestone.

John P. Murphy (petition referred July 25), 201 Humboldt Ave., Wd. 21, artificial stone, with granite edgestone.

Arthur Timmins (petition referred July 25), Chester St., Wd. 23, artificial stone with granite edgestone.

Patrick Manning (petition referred July 17), 360 Center St. and on Forbes St., Wd. 22, artificial stone, with granite edgestone.

Luella W. Maling (petition referred July 17), 321 Washington St., Wd. 20, artificial stone, with granite edgestone.

A. D. Gould (petition referred July 17), 364-365 Quincy St., Wd. 20, artificial stone, with granite edgestone.

Reports accepted, orders severally passed.

(11) Report on the ordinance to amend chapter 45 of the revised ordinances of 1898 (referred today), relative to junk, old metals, etc., recommending the passage of the same.

The report was accepted, and Ald. Brick moved a suspension of the rule that the order might be put upon its passage.

Ald. BERWIN—Mr. Chairman, I would

like to have that matter assigned to the next meeting of the Board, in order that I may look into it with a little more care than I am able to this afternoon. I am somewhat under the impression that the statute law gives to the police all necessary authority in the matter, although after examination of the subject, I may change my opinion.

The ordinance was assigned to the next meeting of the Board.

Adjourned, at 4:12 P.M., on motion of Ald. Doyle, to meet on Monday, August 7, at 3 P.M.

CITY OF BOSTON.

Proceedings of the Board of Aldermen.

Monday, Aug. 7, 1899.

Regular meeting of the Board of Aldermen, in the Aldermanic Chamber, City Hall, at 3 P.M., Chairman Barry presiding, and all the members present.

The reading of the records of the last meeting was dispensed with, on motion of Ald. Berwin.

SIGN ON LAMP POST, PEARL ST.—
VETO.

The following was received:—

Mayor's Office, City Hall,
Boston, Aug. 7, 1899.

To the Board of Aldermen:—

I return herewith without my signature a vote passed by your Board at its last meeting, authorizing the New England Newspaper Union to place a sign on a lamp post at 132 Pearl St., for the reason that such permission cannot legally be granted. Respectfully submitted,

Josiah Quincy, Mayor.

Referred to the Committee on Public Improvements, on motion of Ald. McDonald.

ILLUMINATED SIGN, 580 WASHINGTON
ST.—VETO.

The following was received:—

Mayor's Office, City Hall,
Boston, Aug. 7, 1899.

To the Board of Aldermen:—

I return herewith without my signature a vote passed by your Board at its last meeting, granting permission to the Cushing Medical Supply Company to place an electric sign on building 580 Washington St., said sign to project "about five feet from the building." As stated by me in former communications, I am of the opinion that two feet is the utmost limit to which illuminated signs should be allowed to project from buildings, and this limit has been strictly adhered to heretofore.

Respectfully submitted,

Josiah Quincy, Mayor.

Referred to the Committee on Public Improvements, on motion of Ald. Doyle.

PLACING FIRE ALARM WIRES UN-
DERGROUND.

The following was received:

Mayor's Office, City Hall.

Boston, August 7, 1899.

To the Board of Aldermen:—

I transmit herewith an order passed by the Board of Estimate and Apportionment at its meeting held today appropriating \$5000 for placing fire alarm wires underground. This appropriation is to meet the expense of work made imperative by the construction of the new bridge to Charlestown and the necessity of moving the old wires.

Respectfully submitted,

Josiah Quincy, Mayor.

Sent down.

City of Boston.

In Board of Estimate and Apportionment.

Aug. 7, 1899.

Ordered:—That the amount of five thousand dollars be appropriated, to be expended by the Fire Commissioner in placing fire alarm wires underground; and that the City Treasurer be authorized to issue, from time to time, on the request of the Mayor, bonds of the city of Boston to said amount for said purpose.

Passed, and we certify that the said ap-

propriation is not to meet a current expense.

Josiah Quincy,
Daniel J. Kiley,
John P. Dore,
Laurence Minot,
David F. Barry.

Members of the Board of Estimate and Apportionment.

The order was transmitted to the Common Council without alteration.

ELECTRIC LIGHT PLANT, INSANE
HOSPITALS.

The following was received:—

Mayor's office, City Hall.

Boston, August 7, 1899.

To the Board of Aldermen:—

I transmit herewith an order passed by the Board of Estimate and Apportionment at its meeting today making an additional appropriation of \$9500 for the installation of an electric lighting plant at Plerce and Austin Farms.

Respectfully submitted,

Josiah Quincy, Mayor.

Sent down.

City of Boston,

In Board of Estimate and Apportionment.
August 7, 1899.

Ordered: That the additional sum of nine thousand five hundred dollars (\$9500) be appropriated, to be expended by the Insane Hospital Trustees in installing an electric lighting plant; and that to meet said appropriation the City Treasurer be authorized to issue, from time to time, on the request of the Mayor, bonds of the city of Boston to said amount for said purpose.

Passed, and we certify that the said appropriation is not to meet a current expense.

Josiah Quincy,
Daniel J. Kiley,
John P. Dore,
Laurence Minot,
David F. Barry.

Members of the Board of Estimate and Apportionment.

The order was transmitted to the Common Council without alteration.

RECONSTRUCTION OF "JOHN HOW-
ARD."

The following was received:—

Mayor's office, City Hall.

Boston, August 7, 1899.

To the Board of Aldermen:—

I transmit herewith an order passed by the Board of Estimate and Apportionment at its meeting today making an additional appropriation of \$1500 for the reconstruction of the steamer "John Howard."

Respectfully submitted,

Josiah Quincy, Mayor.

Sent down.

City of Boston,

In Board of Estimate and Apportionment,
Aug. 7, 1899.

Ordered: That the additional sum of eighteen hundred dollars (\$1800) be appropriated, to be expended by the Penal Institutions Department in reconstructing the steamer "John Howard"; and that to meet the said appropriation the City Treasurer be authorized to issue, from time to time, on the request of the Mayor, bonds of the City of Boston to said amount for said purpose.

Passed, and we certify that the said appropriation is not to meet a current expense.

Josiah Quincy,
Daniel J. Kiley,
John P. Dore,
David F. Barry,
Laurence Minot,

Members of the Board of Estimate and Apportionment.

The order was transmitted to the Common Council without alteration.

COMPLETION OF "NODDLE ISLAND."

The following was received:—
Mayor's Office, City Hall, Boston,
August 7, 1899.

To the Board of Aldermen:

I transmit herewith an order passed by the Board of Estimate and Apportionment at its meeting held today authorizing the Superintendent of Streets to expend not exceeding \$4300 of the loan authorized by Chapter 435 of the Acts of 1895 to meet the expense of completing the ferryboat "Noddle Island."

Respectfully submitted,
Josiah Quincy, Mayor.

Sent down.

City of Boston,
In Board of Estimate and Apportionment,
August 7, 1899.

Ordered, That the Superintendent of Streets be authorized to expend a sum not exceeding four thousand three hundred dollars (\$4300), in excess of the sum of seventy-one thousand dollars (\$71,000), received from the United States government for the ferryboat "William E. Russell" to meet the expense of constructing the ferryboat "Noddle Island," and the City Treasurer, to meet said expenses, is hereby authorized to issue bonds of the city to the amount of four thousand three hundred dollars of the loan authorized by Chapter 435 of the Acts of the year 1895.

Passed, and we certify that the said appropriation is not to meet a current expense.

Josiah Quincy,
Daniel J. Kiley,
John P. Dore,
Laurence Minot,
David W. Barry,

Members of the Board of Estimate and Apportionment.

The order was transmitted to the Common Council without alteration.

HEARINGS AT 3 O'CLOCK.

On petitions of the West End Street Railway Company, viz.:

1. For a location for double tracks in place of existing single track in Western Ave., Brighton, from the line between Cambridge and Boston 400 feet westerly.

2. For a location for double tracks on Main St., Charlestown, from a point near Cambridge St. to a point near Mishawum St., etc.

3. On petition of the Norfolk Suburban Street Railway Company, for leave to lay tracks, and to use the overhead system of motive power, thereon, on River St., on the open space or square formed by the intersection of said River St., Blue Hill Ave. and Oakland St., and on Washington and Adams Sts., Dorchester; also for leave to make certain changes in the tracks and overhead system of the West Roxbury and Roslindale Street Railway Company.

4. On petition of the Thompson & Norris Company, for leave to lay a single railroad track at grade across Everett St., Brighton.

No objections. Severally referred to the Committee on Railroads.

5. On petition of the New England Telephone and Telegraph Company of Massachusetts for leave to erect and to remove poles in Northampton St.

6. On petition of the Charlestown Gas and Electric Company, for leave to erect poles on Chestnut St., Wd. 3.

7. On petition of the Western Union Telegraph Company, for leave to erect poles on Gove St., between the Boston & Maine Railroad and Meridian St., East Boston.

No objections. Severally referred to the Committee on Electric Wires.

PETITIONS REFERRED TO COMMITTEES.

Bldg. Dept.

Henry E. Wright, for leave to build a

wooden addition to building on Spice St., Wd. 4.

Building Dept. (Ald.)

Petitions for leave to project signs, etc., viz.:

Morris Miroslafsky, a sign, at 26 Parmenter St., Wd. 6.

Alexander Cava, a sign, at 24 Tremont Row, Wd. 6.

Edward J. Keeler, a druggist's mortar, at corner of Tremont and St. Alphonsus St., Wd. 19.

A. Gordon, a sign, at 594 Washington St., Wd. 7.

Henry S. Levine, a sign at 214 Sumner St., Wd. 2.

John Gravina, 2 barber poles, at 110 Northampton St., Wd. 12.

Jacob Perelmutter, a sign, at 91 Leverett St., Wd. 8.

Claims.

G. W. Hollis, for payment of balance remaining from tax sale of estate on Walnut St., Dorchester.

Thomas F. Phillips Co., for compensation for damage to the cart of said company by an alleged defect in Dorchester Ave.

Horace A. Maloon, for a hearing on his claim for damages on account of an alleged defect in the highway.

William J. Kelly, for compensation for injuries received through the alleged negligence of an employee of the city.

Maurice Clarke, (2 petitions), for payment to John E. Gilcreast of balances remaining from tax sales of estates No. 143 Lincoln St., and 142-4 Lincoln St.

Board of Health.

Kate Murray, for leave to maintain a lying-in hospital at 62 Berkeley St.

Ascension Society, for leave to maintain a lying-in hospital at 153 Pleasant St.

Licenses.

Petitions for amusement licenses for the season ending August 1, 1900, viz.:

James F. Haddock, at Washington Hall, Washington St., Dorchester.

John J. Teevens, at Clan-Na-Gael Hall, cor. D and Silver Sts.

William McAvoy, Manager, at the Howard Athenaeum, Howard St.

G. E. Lothrop, at the Grand Dime Theatre.

Public Improvements.

F. D. Rand, for leave to lay 1½ inch pipe under and across sidewalk, at the corner of Corinth and Washington Sts., Wd. 23.

Whidden & Co., for leave to erect two guy posts in Pitts St.

Mass. General Hospital, for leave to construct areas under sidewalks at northeast corner Washington and Bedford Sts., and at 496-498, Washington St., Wd. 7.

Petitions for sidewalks, viz.:

Dingwell Bros., 95 W. Eagle St., Wd. 1.

Dingwell Bros, 214 Brooks St., Wd. 1.

Anastasia Morrison, 477-483 E. Third St., Wd. 14.

Sarah E. and Chas. E. Cook, Trustees, 7-11 Morse St., Wd. 20.

B. F. Cobblegh, corner Birch and Brandon St., Wd. 23.

Railroads.

West End Street Railway Co., for leave to locate double tracks on a portion of Cambridge St., Brighton.

PROJECTION OF SIGN.

Ald. McDONALD presented the petition of T. R. Fitzgerald for leave to project a sign at No. 403 Adams St., Wd. 20.

Leave granted, under suspension of the rule, on motion of Ald. McDonald.

ORDERS OF NOTICE.

On the petition of Louis Nocito, for leave to project one bay window from building 31½ Thacher St., an order of notice was

passed for a hearing thereon on Monday, Aug. 14, at 3 P.M.

ELEVATED RAILWAY DAMAGES.

Petitions were received from the Boston Elevated Railway Company that the Board estimate the damages by the taking by said company of land of the following parties:—

Horace H. Moses and others, William A. Matthews and others, Harlan P. Whitcomb and others, Amelia T. Worthington and others, Annie Wyzanski, John H. Quinlan and others, Hannah Greenhock and others, Mary H. Underwood and others, John W. Bemis and others, Harriet N. Nichols and others, James W. Stevens and others, Amelia Greenbaum and others, B. F. Shattuck and others, Herbert Daly, Charles G. Rice and others, Charles G. Way and others, Anna L. Messinger and others, Charles G. Way and others, B. F. Shattuck and others, Margaret D. Fette, Reuben E. Demmon and others, Margaret Doherty Whelan and others, Sarah A. Carlton, John Ross, John W. Bemis and others, Frederick Jenkins and others, Emma A. Goodnow, Harlan P. Whitcomb.

In connection with the above petitions orders of notice were submitted.

Ald. BERWIN—Mr. Chairman, it strikes me that perhaps it would be better to refer those matters to the Committee on Public Improvements, for this reason: It is possible that the Board may see fit to take a vacation, and if it does the day set for a hearing upon the matters might be at an inconvenient time for the members of the Board to be here.

The petitions were severally referred to the Committee on Public Improvements.

CONSTABLE'S BOND.

Notice was received from the City Treasurer of the approval of the bond of George C. Davis, as constable.

The bond was approved by the Board.

RAILWAY LOCATION.

A communication was received from the West End Street Railway Co., giving notice of acceptance of the 175th location.

Placed on file.

ELECTRIC WIRE POLES.

The Board proceeded to take up Nos. 8 and 9, special assignments, viz.:—

8. Report of the Committee on Electric Wires, with an order authorizing The New England Telephone and Telegraph Company of Massachusetts to erect five poles on King St., Wd. 24.

Report accepted, order passed.

9. Order granting The New England Telephone and Telegraph Company of Massachusetts permission to place seven poles on Carruth St., Wd. 24, and two poles on Eaton Sq., Wd. 20.

Passed.

EXAMINATION OF JUNK SHOPS.

The Board next took up special assignments, viz.:—

10. An ordinance to amend chapter 45 of the Revised Ordinances of 1898.

Be it ordained, etc.

Section forty-three of chapter forty-five of the Revised Ordinances of 1898 is hereby amended, so as to read as follows:—

"Sect. 43. Every such shop-keeper shall allow his shop and all articles therein to be at all times examined by the Mayor, the Board of Aldermen, the Board of Police, or by any person authorized by the Mayor, or Board of Aldermen, or Board of Police, to make such examination."

Ordinance passed. Sent down.

VETOES OF SIGNS.

The Chairman called up Nos. 11 and 12, which were on the table, viz.:—

11. Report of the Committee on Public Improvements on the message of the Mayor vetoing permit to John J. Dailey to place a barber pole on the sidewalk at 1423 Dorchester Ave.—recommending that said message be placed on file and that said veto be sustained.

The report was continued "on the table," on motion of Ald. McDonald.

12. Report of the Committee on Public Improvements on the message of the Mayor vetoing an order authorizing a permit to Jaynes & Chapin Company to erect an illuminated mortar at the corner of Summer and South Sts.—recommending that said message be placed on file and that said veto be sustained.

The report was continued "on the table," on motion of Ald. Berwin.

LICENSES.

Ald. COLBY, for the Committee on Licenses, submitted reports recommending that minors' licenses be granted to 19 newsboys and 7 bootblacks.

Reports accepted, licenses granted on the usual conditions.

Also reports recommending that licenses be granted on the following petitions:—

W. C. Blodgett (referred July 17), for a license for musical and dancing entertainments at Palladio Hall, 54 Warren St., Roxbury, for the season ending Aug. 1, 1900.

W. C. Blodgett (referred July 17), for a license for musical and dancing entertainments at Orienta Hall, 2152 Washington St., Roxbury, for the season ending August 1, 1900.

James F. Haddock (referred today), for a license for musical, dramatic, literary and dancing entertainments at Washington Hall, Washington St., Dorchester, for the season ending August 1, 1900.

John J. Teevens (referred today), for a license for Clan na Gael Hall, D St., corner Silver St., for season ending August 1, 1900.

J. H. Dwyer, for a license for musical and dramatic entertainments at 12-14 Shawmut Ave. for the season ending August 1, 1900.

W. C. Blodgett (referred July 17), for a license for dramatic, operatic and variety entertainments at the Dudley Street Opera House, for the season ending August 1, 1900.

G. E. Lothrop, Proprietor and Manager, (referred today), for a license for the Grand Dime Theatre, for musical, dramatic and vaudeville entertainments for season ending August 1, 1900.

William McAvoy, Manager, (referred today), for a license to give dramatic, musical and vaudeville entertainments at the Howard Athenaeum, Howard St., for the season ending August 1, 1900.

L. B. Walker (referred July 17), for a license for the Nickelodeon, for vaudeville entertainments and exhibition of freaks, at 51-53 Hanover St., for season ending August 1, 1900.

Charles H. Waldron & Co. (referred July 25), for an amusement license for the Palace Theatre, for the season ending August 1, 1900.

Nathaniel Burgess (referred July 25), for a license for a museum, variety show and Gypsy Camp in store, No. 11 Tremont Row.

G. N. Hatch & Co., (referred July 17), for a license for an exhibition of the kitescope at 997 Washington St., for the season ending Aug. 1, 1900.

W. H. Carroll, Agent, (referred July 25), for a license for dramatic, musical, literary and dancing entertainments at Colonial Hall, 995 Washington St., for the season ending Aug. 1, 1900.

J. M. E. Morrill, (referred July 25), for a license to give dancing, musical and dramatic entertainments at Dorchester Central Hall, 152 Centre St., Wd. 20.

Reports accepted, licenses granted on the usual conditions.

STATE AID.

Ald. DIXON, for the Committee on State Aid, submitted a report recommending the passage of an order for the payment of aid to soldiers and sailors and their families in the city of Boston for the month of August.

Report accepted, order passed, the reading of the names of the beneficiaries being dispensed with, on motion of Ald. Dixon.

RECESS TAKEN.

A recess was taken, at 3.32 P. M., subject to the call of the chair, on motion of Ald. Berwin.

The members reassembled in the Aldermanic Chamber, at 4.33 P. M.

PUBLIC IMPROVEMENTS.

Ald. O'TOOLE, for the Committee on Public Improvements, submitted the following:—

(1) Reports recommending the passage of the following orders:

Ordered—That so much of the order of the Board of Aldermen approved January 27, 1898, levying an edgestone assessment of \$32.65 against the estate of Ada Vinal, Commonwealth Ave. and Reedsdale St., Wd. 25, be and the same is hereby rescinded, to correct error in assessment.

Ordered—That so much of the order of the Board of Aldermen approved March 6, 1898, levying an edgestone assessment of \$14.70 against the estate of Louisa B. Shannon on Lamartine St., Wd. 22, be and the same is hereby rescinded, no edgestone having been set in front of the said estate.

Ordered—That so much of the order of the Board of Aldermen approved March 16, 1898, levying an assessment of \$50.84 against the estate of James Conway, No. 328 Centre St., and \$51.41 against the estate of Cornelius J. Connelly, No. 330 Centre St., Wd. 22, be and the same is hereby rescinded to correct errors in original assessments.

The said estates are hereby assessed as follows, viz:—

No. 328 Centre St., Wd. 22, James Conway, owner, \$25.97; No. 330 Centre St., Wd. 22, Cornelius J. Connelly, owner, \$26.60.

Reports accepted; orders severally passed.

(2) Report on the petition (referred to-day) of the Massachusetts General Hospital for leave to construct areas under sidewalks at northeast corner of Washington and Bedford Sts., and at 496-498 Washington St., Wd. 7—recommending the passage of the following:—

Ordered, That the Superintendent of Streets be authorized to issue a permit to The Massachusetts General Hospital to construct, maintain, and use areas, with sidewalk light covers, under and in the sidewalk in front of estate northeast corner of Washington and Bedford Sts., as shown on plan on file in the permit office of the Street Department; the work to be completed on or before Dec. 31, 1899, according to the terms and conditions expressed in the ordinances of the city relating thereto.

Report accepted, order passed under suspension of the rules.

(3) Report on the petition of Whidden and Company (referred today) for leave to erect two guy posts on Pitts St.,—recommending the passage of the following:—

Ordered, That the Superintendent of Streets be authorized to issue a permit to Whidden & Company to erect, maintain, and use two guy posts with the necessary ropes attached, in and over Pitts St., at or near Nos. 3½ to 38, Wd. 8; the work to be completed on or before December 31, 1899, according to the terms and conditions expressed in the ordinances of the city relating thereto.

Report accepted, order passed under suspension of the rule.

(4) Report on the petition of F. D. Rand, for leave to place 1¼-inch pipe under and across the sidewalk corner Corinth and Washington Sts., Wd. 23—recommending the passage of the following:—

Ordered, That the Superintendent of Streets be authorized to issue a permit to F. D. Rand to lay, maintain and use a 1¼-inch iron pipe under and across the sidewalk in front of estate on Corinth St., Wd. 23. The work to be completed on or before December 31, 1899, according to the terms and conditions expressed in the ordinances of the city relating thereto.

Report accepted, order passed under suspension of the rule.

(5) Report recommending the passage of orders—that the Superintendent of Streets make sidewalks, to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, owner to furnish material, in front of the following estates:—

H. L. Folsom, agent (petition referred July 25), next to 127 Conant St., Wd. 19, brick, with granite edgestone.

J. P. Fenno and others (petition referred July 25), Shirley St., Wd. 17, brick, with granite edgestone.

G. M. Hyams (petition referred August 1), 26 Wales St., Wd. 20, artificial stone.

John W. and Mary E. Patterson (petition referred August 1), 23-25 Jamaica St. and 33-35 Woodman St., Wd. 23, gravel, with granite edgestone.

D. W. Thomas (petition referred August 1), Vancouver St., corner Huntington Ave., Wd. 19, brick.

Mrs. Jennie B. Damon (petition referred August 1), 862 East Fifth St., Wd. 14, brick, with granite edgestone.

Hugh D. Kelly (petition referred August 1), corner Norfolk Ave. and Burrell St., Wd. 17, artificial stone, with granite edgestone.

Bowker, Torrey & Co. (petition referred August 1), Baldwin St., Wd. 13, brick.

Thomas H. Shea (petition referred August 1), 1-3 Heath Pl., Wd. 19, brick with granite edgestone.

Boston University (petition referred August 1), 73 Summer St., Wd. 7, artificial stone.

C. F. Hayes (petition referred August 1), 194 Adams St., Wd. 20, brick, with granite edgestone.

Francis W. Kittredge (petition referred August 1), in front of three houses on Warren St. and two on Moreland St., Wd. 21, at corner of said streets, artificial stone.

Reports accepted; orders severally passed.

(6) Report on the petition of Albert Geiger (referred August 1), as reported upon at that time by the Committee on Building Department, Ald.)—that leave be granted.

Report accepted and leave granted on the usual condition.

Ald. COLBY—Mr. Chairman, I simply want to make a personal explanation. I was not present at the last meeting of the Board, and I understand that several members then asked to have that matter held up, one alderman stating that someone on the street objected, and that while I, owning the next adjoining property did not object, but was willing to allow it to go through, the other gentleman who had objected ought to have his rights protected. As a matter of fact, the alderman was misinformed, as there is no one on the street who objected at all. The man who objected was in an entirely different location and not on this street at all.

(7) Report on the order (referred August 1), that the Board of Street Commissioners, with the approval of His Honor the Mayor, be authorized to sell so much of Tenean Brook as lies between Adams St. and the line of Clayton St. extended, etc.—that the same ought to pass.

Ald. CODMAN—Mr. Chairman, as I am somewhat interested in that matter and was called out at the time when it was

considered in the Committee on Public Improvements on business relative to wires, I would like to have that assigned to the next meeting. I want to look into it and to add to it, instead of having it go through as it stands, and I would ask that it be assigned to the next meeting.

Ald. ADAMS—Mr. Chairman, I am very sorry that Ald. Codman was not present when that matter was being discussed today. I have looked into it quite thoroughly during the past week and am convinced that the order should pass on its merits. At the same time, as the land lies in the ward that the alderman represents here in part, I suppose his request is a sufficient reason for laying the matter over for another week.

Ald. MacDONALD—Mr. Chairman, I introduced that order in regard to Tenean Brook at the last meeting, and a petition was also presented here sometime ago by a number of citizens of Dorchester in regard to the nuisance down at the Tenean Brook, which ought to be abated. However, the alderman who resides in Wd. 21 certainly should have an opportunity to look into the matter, and for that reason I will be in favor of laying it over.

Ald. BRICK—Mr. Chairman, ordinarily I should be very willing to allow a member of the Board an opportunity to look into this matter; but it was fairly discussed and very thoroughly gone into at the last meeting, as well as today, and if Ald. Codman had seen fit to attend our meeting on Public Improvements I think he could have gotten all the information necessary. This involves a question of straightening out the title, purely. The city of Boston had a water right through the premises, which it has now abandoned, and this is simply a question of straightening out this title.

It is a simple matter, does not amount to anything, but it does mean a great deal to many people. It means that Mr. McMorrow, who owns this land, will at his own expense fill in this land, abating what is now a nuisance. The city, in abandoning the water rights, has abandoned any rights it has in the land. Undoubtedly Mr. McMorrow, if he sees fit to go to the Supreme Court, can get a bill in equity which will protect his title; but the simplest and easiest way is for him to come to this board and get it. If Ald. Codman had been present when the matter was argued, I think he would have been satisfied. I shall, therefore, oppose assignment.

Ald. CODMAN—Mr. Chairman, I am very sorry that I have got to be present while the members of the Board from ward 8 and other wards are considering matters in my own ward, in the section and district where I was born and brought up, and about which I know just as well now as I would by looking into the matter between now and the next meeting. I did not ask for an opportunity to examine into it, to see whether this was filled up or as going to be filled up or in regard to the legal status of the title. I know—which possibly the alderman does not know—that this land is filled up now. I know that they have been dumping there for some time and that the land is filled where the bed of the brook used to be. But what I want to do is exactly what is suggested by Ald. MacDonald—that is, to prevent the whole nuisance which exists there and make possible, if I can, the disposal of the whole Tenean Brook. I trust that those who are so interested in helping Mr. McMorrow to protect his property will continue their efforts in the line of improvement if a proposition is brought in here next week to discontinue the whole brook bed, stopping the whole nuisance there. My reason for asking to have this laid over is that I think a reasonable proposition can be brought forward to prevent not only the nuisance in this particular part of the brook, but the whole nuisance out there; and I want to have those who are making an effort to assist Mr. Mc-

Morrow today to make the same effort to assist me in the furtherance of a general scheme of improvement.

Of course, it is impossible for me to be in two places at the same time, and when I went out from the Committee on Public Improvements today upon another matter, I felt that the subject which I was out in connection with was sufficiently important to warrant it. It makes little difference to me whether the alderman opposes me or not. I am not asking time to look into the matter further, but simply an opportunity to offer a more extensive proposition for abandoning this whole brook. As a matter of fact, the city of Boston bought and paid for the bed of this brook a liberal sum—I have not the figures—and a man now comes in and asks for the privilege of taking this from the city at a ridiculously low figure, which I should not question if the city was to gain any advantage and if the citizens of the locality were going to have the whole nuisance done away with. I am perfectly sincere in this matter and have a right to ask for another week's assignment. It is not necessary for Mr. McMorrow to have his brook bed next week or next month, if there is any way by which the citizens of Dorchester can receive some benefit from such a proposition as I have suggested. I trust that the members of the Board, even if they have carefully considered and feel satisfied of the merits of this particular question before them will consent to the assignment of the matter to the next meeting so as to allow a proposition to be presented which will be of some general advantage.

The matter was assigned to the next meeting of the Board.

(8) Report on petition of Boston Elevated Railway Company, that the Board estimate the damages by the taking by said company of land of Horace H. Moses and a number of others (as referred today), recommending the passage of orders of notice on each of the accompanying petitions—that the petitioner be directed to give notice to all parties interested in said estates as owners, mortgagees or lessees, by serving on each of them or mailing to each an attested copy of said petition, and this order thereon, fourteen days at least before the time of said hearing, that this Board will on Tuesday, the 12th day of September, 1899, at 3 o'clock P.M., give a hearing to all parties properly before this Board on the matter of granting said petition.

Reports accepted, orders severally passed.

(9) Report recommending the passage of the following (referred today):—

Ordered: That permission be granted to McNell Bros. to close to public travel the alley in rear of Commonwealth Ave., between Clarendon and Dartmouth Sts., during building operations at 120 Commonwealth Ave.

Report accepted, order passed.

RAILROADS.

Ald. DIXON, for the Committee on Railroads, submitted the following:—

(1) Report on the petition of the West End Street Railway Company (referred today), for leave to locate double tracks on a portion of Cambridge St., Brighton—recommending the passage of an order of notice for a hearing thereon Tuesday, September 5, at 3 P. M., to take into consideration the expediency of granting the prayer of the petition, when any parties who object thereto may appear and be heard.

Report accepted, order of notice passed.

(2) Report on the petition of the Boston Elevated Railway Company, that the Board approve a location of its route in Washington St., Roxbury, between Townsend and Bartlett Sts.,—recommending the passage of the accompanying order:—

Ordered: That the petition of the Boston Elevated Railway Company, dated July

14, 1899, for the approval of streets in this city through which it may build and lay its railroad, be granted, and that said railway company be and it hereby is authorized to do all work and things necessary, proper and convenient therefor in the following location granted to it by Chapter 548 of the Acts of 1894 and Chapter 500 of the Acts of 1897, namely:—

Beginning at a point at or near Townsend St. in that part of Boston known as Roxbury; thence in a northerly direction upon, through and over Washington St. to a point at or near Bartlett St., at the location granted by the Board of Aldermen and approved by the Mayor August 20, 1897.

Report accepted; order passed under suspension of the rule.

(3) Report on the petition of the West End Street Railway Company (recommitted today), for a location for double tracks on Main St., Charlestown, from a point near Cambridge St. to a point near Mishawum St., etc.—recommending the passage of the accompanying order:—

Ordered: That in addition to the rights heretofore granted the West End Street Railway Company to lay down tracks in the streets of the City of Boston, said company shall have the right to lay down, maintain and use double tracks on Main St., Charlestown, from and connecting with existing tracks of said company on said street, at a point near Cambridge St., to and connecting with existing tracks on said street, at a point near Mishawum St., also connecting with existing tracks of said company on Bunker Hill St., with all necessary curves, cross-overs, switches and connections; said tracks being shown by red lines on a plan made by A. L. Plimpton, dated June 30, 1899, and deposited in the office of the Superintendent of Streets.

The right to lay down the tracks located by this order is upon condition that the whole work of laying the same, the form of rail to be used, and the kind and quality of material used in paving said tracks, shall be under the direction and to the satisfaction of the Superintendent of Streets, and shall be approved by him. Also upon condition that said West End Street Railway Company shall accept this order of location, and shall agree, in writing, to comply with the conditions herein contained, and shall file said acceptance and agreement with the City Clerk within thirty days from the passage of this order; otherwise it shall be null and void.

The whole work of laying the said tracks to be completed within one year from the date of the passage of this order.

Reported accepted, order passed under suspension of the rule.

(4) Report on the petition of the West End Street Railway Company (recommitted today) for a location for double tracks on Western Avenue, Brighton, from line between Cambridge and Boston to a point 400 feet westerly,—recommending the passage of the accompanying order:—

Ordered, That in addition to the rights heretofore granted the West End Street Railway Company to lay down tracks in the streets of the City of Boston, said company shall have the right to lay down, maintain, and use double tracks, in place of existing single track, on Western Ave., Brighton, from the dividing line between the City of Cambridge and the city of Boston to a point about 400 feet westerly on said avenue, with all necessary curves, cross-overs, switches and connections, connecting with existing tracks of said company on said street; said tracks being shown by red lines on a plan made by A. L. Plimpton, dated July 3, 1899, and deposited in the office of the Superintendent of Streets.

The right to lay down the tracks located by this order is upon condition that the whole work of laying the same, the form of rail to be used, and the kind and quality

of material used in paving said tracks, shall be under the direction and to the satisfaction of the Superintendent of Streets, and shall be approved by him. Also upon conditions that said West End Street Railway Company shall accept this order of location, and shall agree, in writing, to comply with the conditions herein contained, and shall file said acceptance and agreement with the City Clerk within thirty days from the passage of this order; otherwise it shall be null and void.

The whole work laying the said tracks to be completed within one year from date of the passage of this order.

Report accepted, order passed under suspension of the rule.

ELECTRIC WIRES.

Ald. DOYLE, for the Committee on Electric Wires, submitted the following:—

(1) Report on the petition of the Charlestown Gas and Electric Co. (recommitted today), for leave to erect poles in Chestnut St., Wd. 3—recommending the passage of the following:—

Ordered, That permission be granted to the Charlestown Gas and Electric Company, to place and maintain poles for the support of wires at points designated by red dots on a plan deposited in the office of the Superintendent of Streets, made by Charles A. Pearson, dated July 28, 1899; said poles to be located as follows:—

Chestnut St., 2 poles, 30 ft. high, 10 in. in diameter, width of sidewalk, 7 ft.

The Superintendent of Streets is hereby authorized to issue permits for opening and occupying streets for placing and maintaining said poles on the conditions specified in chapter 38, section 15, of the Revised Ordinances of 1898.

The work of locating said poles to be completed within 90 days from the date of the passage of this order.

Report accepted; order passed, under a suspension of the rule.

(2) Report on the petition of the New England Telephone and Telegraph Co. of Mass. (recommitted today)—recommending the passage of the following:—

Ordered, That permission be granted to the New England Telephone and Telegraph Co. of Mass. to place and maintain poles for the support of wires at points designated by blue dots on a plan deposited in the office of the Superintendent of Streets, made by G. H. Dresser, dated August, 1898; said poles to be located as follows:—

Northampton St., 3 poles, 50 ft. high, 16 in. in diameter; width of sidewalk, 8 ft.

Ordered, That permission be further granted to said company to remove from Northampton St. three poles shown by blue dots marked "remove" on said plan.

The Superintendent of Streets is hereby authorized to issue permits for opening and occupying streets for placing and maintaining said poles on the conditions specified in chapter 38, section 15, of the Revised Ordinances of 1898.

The work of locating and removing said poles to be completed within ninety days from the date of the passage of this order.

Report accepted; order passed, under a suspension of the rule.

PROJECTION OF SIGNS, ETC.

Ald. DAY, for the Committee on Building Department (Ald.), submitted reports on petitions (severally referred today), recommending that leave be granted to project signs, etc., as follows:—

Henry S. Levine, a sign, at 214 Sumner St., Wd. 1.

John Gravina, 2 barber poles, at 110 Northampton St., Wd. 12.

Jacob Perelmutter, a sign, at 91 Leverett St., Wd. 8.

Morris Miroslafsky, a sign, at 26 Parmenter St., Wd. 6.

Alexander Cava, a sign, at 24 Tremont Row, Wd. 6.

Edward J. Keeler, a druggist's mortar, at corner Tremont and St. Alphonsus Sts., Wd. 19.

A. Gordon, a sign, at 594 Washington St., Wd. 7.

Reports severally accepted; leave granted on the usual conditions.

TRIMMING AND REMOVAL OF TREES.

Ald. ADAMS offered an order—That the Superintendent of Public Grounds be requested to remove a dead tree standing in front of 275 Eustis St., and that the expense attending the same be charged to the appropriation for Public Grounds Department.

Passed.

Ald. DOYLE offered an order—That the Superintendent of Public Grounds be requested to remove a tree standing in front of estate 300 Centre St.; the expense of the same to be charged to the appropriation for Public Grounds Department.

Passed.

Ald. DIXON offered an order—That the Superintendent of Public Grounds be requested to trim trees in front of 30 West Fifth St., Wd. 13, the expense of the same to be charged to the appropriation for Public Grounds Department.

Passed.

ASPHALTING ENDICOTT STREET.

Ald. DIXON offered an order:—That the Superintendent of Streets be requested to have Endicott St. asphalted, from Cooper St. to Thacher St.; the expense of the same to be charged to the appropriation for General Street Improvements.

Passed.

LAMPS FOR CENTRAL SQUARE PARK.

Ald. DAY offered an order—That the Superintendent of Lamps be requested to locate two boulevard gas lamps in Central Square Park; the expense attending the same to be charged to appropriation for Lamp Department.

The order was passed.

Later in the session Ald. Berwin said:—

Mr. Chairman, I would like to have a reconsideration of the vote whereby an order introduced by Ald. Day in regard to providing some boulevard lamps for East Boston was passed. I ask a reconsideration for these reasons: I take it that this must have reference to the very subject that is under consideration by the Committee on Lamps, and I am not willing at this time to commit myself to the proposition of recommending this particular light until the Committee has considered the subject. It simply means either recording ourselves in advance in support of the proposition or stultifying ourselves by voting for it. For that reason, I trust that my motion to reconsider will prevail.

Ald. DAY—Mr. Chairman, the reason why I introduced that order for boulevard gas lamps was because one of those lights has been put in front of my house and another one in front of my store, and I have had an opportunity to see that the lights are really a great improvement, giving from two to three times as much

light. I would like very much to have those lamps in the park, where it is very dark; but if the Alderman opposite thinks differently, I am perfectly willing to have the word "boulevard" crossed out, so that the order will simply provide for gas lamps.

Ald. BERWIN—Mr. Chairman, I desire to say in answer to Ald. Day that I have no feeling in the matter other than that of placing ourselves right. From the fact that the Alderman makes a request it does not follow that he will get the lamps; but if he will amend the order as he suggests I will be perfectly satisfied.

The order was amended by striking out the word "boulevard," and as amended was passed.

BENNINGTON ST. SPEEDWAY.

Ald. DAY offered an order—That the Superintendent of Streets be requested to lay out a speedway on the new Bennington St. Boulevard, from Orient Heights to Beachmont; the expense attending the same to be charged to the Bennington St. appropriation.

Passed.

SOUTH BOSTON AMBULANCE SERVICE.

Chairman BARRY offered an order—That the Board of Estimate and Apportionment be requested to transfer the sum of \$10,000 from the appropriation for Hospital Department to the appropriation for Public Buildings Department, said amount to be used for the purpose of providing hospital ambulance service for South Boston.

Referred to the Board of Estimate and Apportionment.

STREET WIDENING LAWS.

Ald. McDonald offered an order, That the Board of Street Commissioners be requested to transmit to this Board a statement of all laws in connection with the widening of streets, and the manner of assessing the expenses and making awards.

Ald. O'TOOLE—Mr. Chairman, for information I would like to have that order read.

The Clerk read the order.

Ald. McDONALD—Mr. Chairman, my reason for introducing the order is that quite a number of gentlemen—whom other members of the Board also undoubtedly meet at times—are continually asking as to the assessment for the widening of streets. The question is rather a complicated one, and for that reason it seems to me it would be proper for us to ask the street commissioners to report in print to this Board, in order that we may have a printed statement of the facts in our possession.

The order was passed.

GENERAL RECONSIDERATION.

Ald. BERWIN moved a general reconsideration of all votes passed today; lost.

Adjourned, at 5:03 P.M., on motion of Ald. Codman, to meet on Monday, August 14, at 3 P.M.

CITY OF BOSTON.

Proceedings of the Board of Aldermen.

Monday, Aug. 14, 1899.

Regular meeting of the Board of Aldermen in the Aldermanic Chamber, City Hall, at 3 P.M., Chairman Barry presiding.

Absent—Ald. O'Toole.

On motion of Ald. Colby, the reading of the record of the last meeting was dispensed with.

WEIGHER OF COAL.

The following was received:—

Mayor's Office, City Hall,
Boston, August 14, 1899.

To the Board of Aldermen:—

Subject to your approval and confirmation, I hereby appoint Paul G. Cobinczer a Weigher of Coal for the term ending April 30th, 1900.

Respectfully,

Josiah Quincy, Mayor.

Laid over, under the law.

HEARINGS AT 3 O'CLOCK.

1. On petition of the New Boston Music Hall for leave to project an awning from the New Music Hall building on Massachusetts Ave., Wd. 10.

No objections. Referred to the Committee on Building Dept. (Ald.).

On petitions for leave to project bay-windows, viz:—

2. Zieman & Seegal, two windows, at 24 Anderson St., Wd. 11.

No objections. Referred to the Committee on Building Dept. (Ald.).

3. William H. Gibbons, two windows from building on Tremont St., opposite the Mission Church, Wd. 19.

Francis E. McCarthy, agent for an adjoining owner, appeared and objected to the proposed bay windows, as other property owners on the street had kept their bay windows back to the line.

No further objections. Referred to the Committee on Building Department (Ald.).

4. T. H. Connolly, two windows, from building 2985-2987 Washington St., Wd. 22.

No objections. Recommitted to the Committee on Building Dept. (Ald.).

5. On petition of W. Bowman Cutter for an award of damages to him as lessee on account of the taking of certain estates by the Boston Elevated Railway Company.

Chas. B. Gleason, attorney for the Boston Elevated Railway Co., appeared and stated that he desired the Board to pass an order of notice, notifying certain interested parties who had not yet been notified. He stated that he had an order of notice prepared in proper form, and submitted it to the City Clerk.

No further objections. Referred to the Committee on Public Improvements.

PETITIONS REFERRED.

The following petitions were received, and were referred to the committees named:—

Building Dept. (Ald.)

Petitions for leave to project signs, etc., viz:—

George E. Pierce, a sign, at 61 Bromfield St., Wd. 7.

Ike A. Stearns, a sign, at 51 Hancock St., Wd. 8.

Frank T. Brough, M.D., an illuminated sign, at 11 Winter St., Wd. 7.

Vincent L. Trombetta, a sign, at 309 Cambridge St., Wd. 8.

S. B. Condit, Jr., & Co., a sign, at 63 Oliver St., Wd. 7.

B. M. Wollenberg, a sign, 410 Tremont St., Wd. 9.

Claims.

Thomas R. Fallon et als., for payment to Solomon A. Bolster, atty., of balance remaining from tax sale of estate 77 Longwood Ave.

Thomas R. Fallon et als., for payment to Solomon A. Bolster, atty., of balance remaining from tax sale of estate 140 Ward St.

Mary S. Barker, for payment of balance remaining from tax sale of estate on Spring and Etna Sts.

Electric Wires.

Petitions of The New England Tel. & Tel. Co. of Mass., viz:—

For leave to erect poles in Ashmont, Waldorf, and Marsh Sts., and Talbot Ave., Wd. 24, and to remove one pole from Talbot Ave.

For leave to erect and to remove poles in Cambridge St., Wd. 25.

For leave to erect and to remove one pole on Wensley St., Wd. 19.

For leave to erect poles on Rockview, Chester, Hobart, No. Harvard, Washburn and Rawson Sts., and to remove poles on Rockview and No. Harvard Sts.

Rev. D. H. O'Farrell, for permission to stretch a telephone wire from Moon St. to Clark St.

Licenses.

Petitions for amusement licenses for the season ending Aug. 1, 1900, viz:—

Pierce J. Grace, at Columbia Theatre.

Louis A. Ginsburg, at Webster Hall, cor. Webster and Orleans Sts., Wd. 2.

M. Greenburg, at Beverly Hall, 78-80 Beverly St.

M. Greenburg, at University Hall, corner Washington and Union Park Sts.

M. Greenburg, at Union Park Hall, corner Washington and Union Park Sts.

John S. Butt, at Eutaw Hall, 129 Border St., Wd. 2.

Charles F. Von Euv, at Conant Hall, 20 Conant St., Wd. 19.

George T. Barks, Secy., for Grand United Order of Odd Fellows Hall, 31 No. Russell St.

Manney C. Crossen, at Friendship Hall, 202-206 Centre St., Wd. 19.

Public Improvements.

Boston Elevated Railway Company, for a revision of the grades of Pleasant, Porter, Kirkland, Wheeler, Corning, Zeigler, Warren (Rox.) and Dudley Sts.

Daniel M. Driscoll, for leave to construct a bulkhead at 161½ Tyler St., Wd. 7.

Jacob Schwartz, for leave to construct a bulkhead at 80 Village St., Wd. 9.

Lotta M. Crabtree, for leave to construct an area in sidewalk at 625-631 Washington St., Wd. 7.

C. S. Packard, for leave to move a wooden building from North Harvard St. to unnamed street near South St., Wd. 25.

Connery & Wentworth, for leave to stretch guy ropes over Allen and Charles Sts., Wd. 8.

Pierce J. Grace, for leave to construct a bulkhead on Motte St., Wd. 9, at the Columbia Theatre.

Petitions for sidewalks, viz:—

John J. White, 89-92 W. Third St., Wd. 11.

Hannah E. Foster, 503 Washington St., Wd. 20.

Gideon Currier, 10, 11, 12, 13 Morse St., Wd. 20.

Pierce F. Lonergan, 29-33 Devon St., Wd. 20.

Frederick J. Rockwell, cor. Richfield and Olney Sts., Wd. 20.

Sylvester B. Hinckley, Washington and Morse Sts., Wd. 20.

L. Sliskind, 3294-3314 Washington St., Wd. 23.

Railroads.

John H. Quinlan et als., for an award

of damages on account of the taking of their land in Charlestown by the Boston Elevated Railway Co.

Hubert Daly, for an award of damages on account of the taking of his land in Charlestown by the Boston Elevated Railway Co.

CONFIRMATION OF CONSTABLES.

The Board proceeded to take up No. 6, unfinished business, viz:—

6. Action on the appointment by the Mayor of John F. Murphy, Felice A. Repucci and Ernest L. Weis to be Constables, for the term ending April 30, 1900.

The question came on confirmation. Committee, Ald. Adams and McDonald. Whole number of ballots, 7; yeas 7, and the appointments were confirmed.

SALE OF TENEAN BROOK.

The Board next took up special assignment, viz:—

7. Ordered, That the Board of Street Commissioners, with the approval of His Honor the Mayor, be authorized to sell so much of Tenean brook as lies between Adams St. and the line of Clayton St. extended; the said portion of the brook being disused on account of the construction of a culvert for the drainage of the surrounding land.

Ald. ADAMS—Mr. Chairman, in the absence of Ald. Codman, I would like to ask that the order be laid on the table.

The order was laid on the table.

Later in the session, on motion of Ald. Codman, the order was taken from the table and the question came on giving it a second reading.

Ald. CODMAN—Mr. Chairman, inasmuch as I previously asked to have this order assigned, I want now to state that, although I am not at present able to bring in such a proposition as I intended to present, relative to the further extension of this improvement in the filling in of Tenean Brook, at the same time, I have become convinced that it is a matter of interest and necessity to those interested in this part of the brook that this matter be pushed along at the present time. So my original objection to having any part of the brookbed sold until the whole matter was cleared up has been in a measure wiped out. The other proposition will be brought in later.

The order was read a second time and passed. Sent down.

ACTION ON VETOES.

The Board next took the following papers from the table:—

8. Report of the Committee on Public Improvements on the message of the Mayor vetoing permit to John J. Dalley to place a barber-pole on the sidewalk at 1423 Dorchester Ave.—recommending that said message be placed on file and that said veto be sustained.

9. Report of the Committee on Public Improvements on the message of the Mayor vetoing an order authorizing a permit to Jaynes & Chapin Company to erect an illuminated mortar at the corner of Summer and South Sts.—recommending that said message be placed on file and that said veto be sustained.

No. 8 was laid on the table, on motion of Ald. Adams.

On No. 9, Ald. Berwin said: Mr. Chairman, I would call up No. 9 and move that the veto be sustained.

Reconsideration was carried, and the Board refused to pass the order over the Mayor's veto, yeas none, nays 9.

CONSTABLE'S BOND.

The constable's bond of Francis F. Harrington was received, duly approved by the City Treasurer.

Approved by the Board.

LICENSES.

Ald. COLBY, for the Committee on Licenses, submitted the following reports recommending that licenses be granted on the following petitions, referred today:—

M. Greenburg, for a license for literary, musical and dramatic entertainments and dancing at Beverly Hall, 78 and 80 Beverly St., for the season ending August 1, 1900.

M. Greenburg, for license for literary, musical and dramatic entertainments and dancing at University Hall, corner Washington and Union Park Sts., for the season ending August 1, 1900.

John S. Butt, for a license for musical, dramatic and dancing entertainments at Eutaw Hall, 129 Border St., Wd. 2, for the season ending August 1, 1900.

M. Greenburg, for license for literary, musical and dramatic entertainments and dancing at Union Park Hall, corner Washington and Union Park Sts., for the season ending August 1, 1900.

Charles F. Von Euw, for a license for musical, dramatic and dancing entertainments at Conant Hall, 20 Conant St., Wd. 19, for the season ending August 1, 1900.

George T. Banks, Secretary, for license for Grand United Order of Odd Fellows Hall, 31 North Russell St., for literary, musical, and dramatic entertainments and dancing, for the season ending August 1, 1900.

Louis A. Ginsburg, for a license for musical, dramatic and dancing entertainments at Webster Hall, corner Webster and Orleans Sts., Wd. 2, for the season ending August 1, 1900.

Mannev C. Crossen, for a license for musical, dramatic and dancing entertainments at Friendship Hall, 202-206 Centre St., Wd. 19, for the season ending August 1, 1900.

Reports accepted, licenses granted on the usual conditions.

Also reports recommending that minors' licenses be granted to sixteen newsboys, three bootblacks and three venders.

Reports accepted, licenses granted on the usual conditions.

TRANSPORTATION AND TARGET PRACTICE.

Ald. BERWIN, for the Committee on Armories, etc., submitted a report on the order, (referred July 3), relative to provision for transportation and target practice for the militia—recommending the passage of the order.

Report accepted, order passed in concurrence.

PROPOSED NEW PUBLIC MARKET.

Ald. ADAMS offered an order—That His Honor the Mayor, in conjunction with the Joint Committee on Markets, be requested to consider the feasibility and advisability of the City of Boston acquiring by purchase or lease the land and buildings now occupied and soon to be vacated by the Providence Division of the New York, New Haven & Hartford Railroad Company, for the purpose of establishing thereon a public market similar to the Quincy Market; and that said Committee may hold a public hearing or hearings on the subject.

That said Committee shall report its findings and recommendations to this Board on or before October 2nd, 1899.

That any expense attending said hearings shall be charged to the City Council Contingent Fund.

The order was read a second time and the question came on its passage.

Ald. ADAMS—Mr. Chairman, the present public market facilities of Boston are entirely inadequate, and they have not kept pace with the growth of the city during the past fifty years. We are today crowded in the same narrow, restricted market territory which was established by our grandfathers and great grandfathers. I know of no place in Boston so

congested today as the streets and lanes in and around the Quincy Market. Many times during the day traffic in this locality becomes so dense that it is almost impossible for pedestrians or vehicles to move.

It is high time, in my opinion, that some step should be taken by the City to relieve this congested condition now existing. The market business in Boston today practically constitutes a monopoly. The immense undertaking of the handling of all the produce required to feed nearly one million people is carried on today in the crowded district within a radius of one thousand feet of the Quincy Market.

I believe that the City of Boston should at once take steps to provide adequate market facilities large enough to allow any and all who wish to engage in this business a chance to do so. There are hundreds and thousands of farmers within thirty or forty miles of Boston who would be glad of an opportunity to sell their produce directly to the consumer if an opportunity was afforded them to drive in their market wagons and sell their produce directly to the people.

Thousands of dollars worth of farm produce is allowed to rot and go to waste every year because the producer cannot find a market and those who are engaged in the market business can handle about so much in their restricted quarters and no more. They keep prices up and make money because they control the business to a certain extent and competition is kept away because of the lack of room in which to compete.

Take the matter of apples, for instance. It seems to make no difference in the city, with regard to the price of apples, whether apples are plenty and actually rotting on the ground in the country or not. The poor people have to pay 25c. or 35c. per peck for apples when there are thousands and thousands of barrels of fine apples going to waste within a radius of fifty miles from Boston. When apples are plenty, why should not the people in Boston be allowed to purchase them at from 10c. to 15c. per peck rather than that they should go waste? The reason for this is that there is no room at present to bring any large amount of these apples into the city and sell them. What is true of the apple is true of nearly all other farm produce.

Some fifteen or twenty years ago we had a large market at the corner of Boylston and Washington Sts., known as the Boylston Market. This market was discontinued, I suppose because the site was an extremely valuable one for commercial purposes. I have long felt that a market, established somewhere in the vicinity of Park Sq. would be a great public convenience. The growth of the city is in a southerly and westerly direction and will continue in that way.

An opportunity seems to have arisen at the present time, which, in my estimation, will never again present itself, for the city to secure an ideal site for a new public market which will relieve the conditions which every one must admit now exist.

I do not know that the city is in a position today to purchase so valuable a site as the one which is soon to be vacated by the Providence Division of the New York, New Haven and Hartford Railroad Company; but I do believe that the city could arrange to take a lease of this property and sub-lease stalls and squares to marketmen who would be glad of the opportunity thus afforded.

The old Quincy Market has always been a paying institution for the city, but the city has long outgrown the facilities which this market affords, and we should be awake to the demands of our people and provide in some way an adequate public market. If we do not embrace this op-

portunity at this time, in all probability this site will be sold and cut up into building lots for stores and the like.

I have offered this order at this time in order that the Committee on Markets may take steps at once to investigate this matter and see if something cannot be done to carry out this idea. I believe it to be entirely practical, and although it may at first seem to injure the prospects and interests of a comparatively few, yet I feel that this in itself is insignificant compared with the great good which a public market in this locality would do for the masses.

The order was passed. Sent down.

LEAVE OF ABSENCE FOR FIREMEN.

Ald. PRESKO offered an order—That His Honor the Mayor be requested to instruct the heads of departments to allow city employees who are members of veteran firemen's organizations leave of absence, without loss of pay, in part compensation for their services to the city, on August 24 and 25, 1899, to attend the muster of veteran firemen's organizations at Fall River.

Passed.

DELAY ON RICHFIELD ST. BRIDGE.

Ald. McDONALD offered an order—That the City Engineer be requested to inform the Board of Aldermen the reason for the delay on the construction of bridge at Richfield St., Wd. 20, being a part of the Columbia Road improvement.

Passed.

POLES ON DORCHESTER AVE.

Ald. DOYLE offered the following:—
Ordered, That permission be granted to the Boston Electric Light Company to place and maintain poles for the support of wires at points designated by red dots on a plan deposited in the office of the Superintendent of Streets, made by D. A. Harrington; said poles to be located as follows:—

Dorchester Ave., 5 poles, 40 ft. by 14 inches, sidewalk 10 feet wide; plan dated June 12, 1899.

The Superintendent of Streets is hereby authorized to issue permits for opening and occupying streets for placing and maintaining said poles on the conditions specified in chapter 38, section 15, of the Revised Ordinances of 1898.

The work of locating said poles to be completed within ninety days from the date of the passage of this order.

Order passed under suspension of the rule.

LYING-IN HOSPITALS.

Communications were received from the Board of Health as follows:—

On the petitions of the Ascension Society (referred August 7), for leave to maintain a lying-in hospital at 153 Pleasant St.—that the Board declines to approve the application.

Petitioner given leave to withdraw.

On the petition of Kate Murray (referred August 7, for leave to maintain a lying-in hospital at 62 Berkeley St.—that the same is approved.

Approved by the Board.

ELECTRIC WIRES.

Ald. DOYLE, for the Committee on Electric Wires, submitted the following:—

(1) Report on the petition of the Brookline Gaslight Company (recommitted June 26) for leave to erect two poles on Wirt St., Wd. 25—recommending the passage of the accompanying order:—

Ordered: That permission be granted to The Brookline Gaslight Company to place and maintain poles for the support of wires at points designated by red dots, on a plan deposited in the office of the

Superintendent of Streets, made by Rolland A. Davidson; said poles to be located as follows:—

Wirt St., Wd. 25, two poles, 30 ft. by 12 inches, sidewalk 6 ft. 6 inches wide, plan dated May 26, 1899.

The Superintendent of Streets is hereby authorized to issue permits for opening and occupying streets for placing and maintaining said poles on the conditions specified in chapter 38, section 15, of the Revised Ordinances of 1898.

The work of locating said poles to be completed within ninety days from the date of the passage of this order.

Report accepted, order passed under suspension of the rule.

(2) Report on the petition of the Charlestown Gas and Electric Company (recommended June 12), recommending the passage of the accompanying orders:—

Ordered: That permission be hereby granted to the Charlestown Gas & Electric Company to lay and maintain underground conduits for electric wires and cables, provided with suitable manholes in from the corner of Warren Ave. and Front St. across Warren Ave., and in Water St., from Warren Ave. to Charles River Ave.

The surface of said streets shall be disturbed for the purpose of laying or repairing cables, or conduits therefor, only at such times and in such manner and place of opening as the Superintendent of Streets shall indicate and issue permits therefor; and the surface of said streets shall not be disturbed as above until a plan has been filed in the office of the Superintendent of Streets showing the location of said underground conduits and manholes in the aforesaid streets.

All the work of laying said conduits to be done under the direction and to the satisfaction of the Superintendent of Streets, and in accordance with the requirements of chapter 38, section 14, of the Revised Ordinances of 1898.

Ordered, That permission be granted to the Charlestown Gas and Electric Company to place and maintain poles for the support of wires at points designated by red dots on a plan deposited in the office of the Superintendent of Streets, made by Charles A. Pearson; said poles to be located as follows:—

Water St., Wd. 5, 2 poles, 45 ft. by 14 inches, sidewalk 8 feet wide, plan dated May 18, 1899.

The Superintendent of Streets is hereby authorized to issue permits for opening and occupying streets for placing and maintaining said poles on the conditions specified in chapter 38, section 15, of the Revised Ordinances of 1898.

The work of locating said poles to be completed within ninety days from the date of the passage of this order.

Report accepted, orders passed under suspension of the rule.

(3) Report on the petition of the Brookline Gaslight Company (referred July 25), recommending the passage of the accompanying order:—

Ordered, That permission be granted to the Brookline Gaslight Company to place and maintain poles for the support of wires at points designated by red dots on a plan deposited in the office of the Superintendent of Streets, made by Rolland A. Davidson; said poles to be located as follows:—

Linden St., Wd. 25, 6 poles, 30 ft. by 12 inches, sidewalk 6 ft. 6 inches wide; plan dated June 19, 1899.

The Superintendent of Streets is hereby authorized to issue permits for opening and occupying streets for placing and maintaining said poles on the conditions specified in chapter 38, section 15, of the Revised Ordinances of 1898.

The work of locating said poles to be completed within ninety days from the date of the passage of this order.

Report accepted, order passed under suspension of the rule.

(4) Reports on the following petitions—Brookline Gaslight Company, (referred May 25), for leave to erect a pole at southeast corner of Brookline Ave., Beacon St. and Commonwealth Ave.; and four petitions of the N. E. Tel. and Tel. Co. of Mass., (referred today), for (a) to erect and remove poles in Cambridge St., Wd. 25; (b) to erect poles on Rockview, Chester, Hobart, North Harvard, Washburn and Rawson Sts., and to remove poles on Rockview St., and North Harvard St.; (c) for leave to erect and to remove one pole on Wensley St., Wd. 19; and (d) to erect poles in Ashmont, Waldorf, and Marsh Sts. and Talbot Ave., and to remove one pole in Talbot Ave., Wd. 24,—recommending the passage of orders of notice for hearings thereon on Monday, August 28, at 3 P.M., to take into consideration the expediency of granting the prayers of the petitioners, when any parties who object thereto may appear and be heard.

Reports accepted, orders of notice severally passed.

RECESS TAKEN.

The Board voted at 3:32 P.M., on motion of Ald. Doyle, to take a recess, subject to the call of the Chair.

The Board reassembled in the Aldermanic Chamber at 4:32 P.M.

PROJECTIONS.

Ald. DAY, for the Committee on Building Department, (Ald.), submitted reports that leave be granted on the following petitions, (referred today): George E. Pierce, for leave to project a sign at 61 Bromfield St., Wd. 7.

Ike A. Stearns, for leave to project a sign at 51 Hancock St., Wd. 8.

Frank T. Brough, M.D., for leave to project an illuminated sign at 11 Winter St., Wd. 7.

Vincent L. Trombetta, for leave to project a sign at 399 Cambridge St., Wd. 8.

S. B. Condit, Jr. & Co., for leave to project a sign at 63 Oliver St., Wd. 7.

B. M. Wollenberg, for leave to project a sign at 410 Fremont St., Wd. 9.

Reports accepted, leave granted on the usual conditions.

PUBLIC IMPROVEMENTS.

Ald. ADAMS, for the Committee on Public Improvements, submitted the following:—

(1) Reports, on petitions referred today, recommending the passage of orders that the Superintendent of Streets be authorized to issue permits for work in the sidewalk in front of estates, to be completed on or before December 31, 1899, according to the terms and conditions expressed in the ordinances of the city relating thereto, as follows:—

Daniel M. Driscoll, to construct, maintain and use a bulkhead opening, four feet by three feet, with a wooden cover, 161½ Tyler St., Wd. 7.

Jacob Schwartz, to construct, maintain and use a bulkhead opening four feet by five feet, with a wooden cover, 80 Village St., Wd. 9.

Lotta M. Crabtree, to construct, maintain and use an area with granite and sidewalk lighth covers, 625-631 Washington St., Wd. 7, as shown on a plan on file in the permit office of the Street Department.

Connery & Wentworth, to erect, maintain and use guy posts, with the necessary ropes attached thereto, in and over Allen and Charles Sts., viz.:—

One on Allen Street, at corner of Charles St.

One on Charles St., opposite the grounds of the Massachusetts General Hospital, for use in the construction of a new building for said hospital, Wd. 8.

Reports accepted, orders severally passed.

(2) Report on the petition of C. S. Packard (referred today), for leave to move a wooden building from North Harvard St. to unnamed street near South St., Wd. 25, recommending the passage of an order—That the Superintendent of Streets be authorized to issue a permit to C. S. Packard to move said building, it being pitch roof, 36 ft. in length by 30 ft. in width, by 20 ft. in height, from present location on North Harvard St., near Willow Pl., along said street to an unnamed street, near South St., Wd. 25, on the terms and conditions expressed in the ordinance of the city relating thereto.

Report accepted, order passed.

(3) Reports on the orders (referred August 1), to establish the revised grades of Dana St., Kirkland St., Porter St., Zeigler St., Wheeler St., Dudley St., Corning St., Warren St. and Pleasant St.—that the same ought to pass.

Reports accepted; orders severally passed.

(4) Reports on the petition (recommitted today) of W. Bowman Cutter, for an award of damages to him as lessee on account of the taking of certain estate by the Boston Elevated Railway Company—recommending the passage of the accompanying order of notice:—

Ordered, That W. Bowman Cutter, petitioner, give notice of his petition against the Boston Elevated Railway Company, to all the other parties interested in the premises which he alleges to be taken and for the taking of his alleged interest, in which he petitions for damages, by serving each of them fourteen days at least before September 12, 1899, with an attested copy of such petition and this order thereon, that the other parties may, if they see cause, appear at the meeting of this Board on the 12th day of September, 1899, and become parties to the proceedings under the petition.

Report accepted; order of notice passed.

(5) Report on the petition of the Boston Elevated Railway Company (referred today), for a revision of the grades of Pleasant, Porter, Kirkland, Wheeler, Corning, Zelgier, Warren and Dudley Sts.—that the same be placed on file.

Report accepted; petition placed on file.

(6) Report on the petition (referred today), of Pierce J. Grace, for leave to construct a bulkhead on Motte St., at the Columbia Theatre, Wd. 9—recommending the passage of an order that the Superintendent of Streets be authorized to issue a permit to Pierce J. Grace to construct, maintain and use a bulkhead opening 4 ft. 6, by 4 ft. 6, with a sidewalk light cover, under and in the sidewalk in front of estate on Motte St., at the Columbia Theatre, Wd. 9; the work to be completed on or before December 31, 1899, according to the terms and conditions expressed in the ordinances of the city relating thereto.

Report accepted; order passed.

(7) Report on the message of His Honor the Mayor (referred from last year), relative to exchange of land under Broadway Bridge for land of the N. Y., N. H. & H. R.R. Co., at corner of said bridge and Dorchester Ave.—that the accompanying order be passed and that the message be sent down.

Report accepted and said order, authorizing His Honor the Mayor, on behalf of the city to make the said exchange, passed.

Sent down.

Message placed on file.

RAILROADS.

Ald. DIXON, for the Committee on Railroads, submitted the following:—

Report on the petition of the Thompson & Norris Company (recommitted August 7), for leave to lay a single railroad track at grade across Everett St., Brighton—recommending the passage of the accompanying order:—

Ordered, That permission be hereby

granted to the Thompson & Norris Company to lay down, maintain and use, for the transportation of freight, a single track across Everett St., Brighton, at grade, between Braintree St. and the southerly line of the location of the Boston & Albany Railroad; said tracks being shown by lines on a plan made by William Watt, dated August, 1899, and deposited in the office of the Superintendent of Streets.

The right to lay down the tracks located by this order is upon condition that the whole work of laying the same, the form of rail to be used, and the kind and quality of material used in paving said tracks, shall be under the direction and to the satisfaction of the Superintendent of Streets, and shall be approved by him. Also upon condition that said Thompson & Norris Company shall accept this order of location, and shall agree, in writing, to comply with the conditions herein contained, and shall file said acceptance and agreement with the City Clerk within thirty days from the passage of this order; otherwise it shall be null and void.

The whole work of laying the said tracks to be completed within six months from the date of the passage of this order.

Report accepted, order passed under suspension of the rule.

GENERAL RECONSIDERATION.

On motion of Ald. Adams, reconsideration of the action taken on all papers this afternoon was refused.

"COLUMBIA SQUARE."

Ald. ADAMS offered an order, That the open space formed by the junction of Columbia road, Dudley and Stoughton Sts. be and hereby is named Columbia Sq.

Passed.

CLOCK AND MORTAR.

Ald. BERWIN presented the petition of Jaynes & Chapin Co., for leave to erect a clock and mortar at corner of Summer and South Sts.

In connection with the petition, Ald. Berwin offered the following:—

Ordered, That the Superintendent of Streets be authorized to issue a permit to The Jaynes & Chapin Co., to erect, maintain, and use a clock, surmounted by a druggist's mortar, on a post to be placed in the sidewalk in front of estate corner of Summer and South Sts., the work to be completed on or before December 31, 1899, according to the terms and conditions expressed in the ordinances of the city relating thereto.

Order passed under suspension of the rule.

BATH DEPARTMENT—REDUCTION OF WAGES.

Ald. DIXON offered an order—That the Trustees of the Bath Department, through His Honor the Mayor, be requested to report to this Board at its next meeting the reasons for the reduction in the wages of the employes of the Department.

The order was read a second time, and the question came on its passage.

Ald. DIXON—Mr. Chairman, I understand that yesterday the pay of male employes of the Bath Department was cut down from \$16 to \$16 per week, and that of the women to \$5 per week. I don't understand why the Bath Commission should cut down the pay at this time of year, when there is but about two weeks remaining. I think if this order is passed, we may get some information upon the subject from the Bath Commissioners.

The order was passed.

TRANSPARENCIES ON CHARTER ST.

Ald. DIXON presented the petition of Daniel D. Rourke, for leave to project two transparencies at 2½ Charter St., Wd. 6.

On motion of Ald. Dixon, the rule was suspended, and leave was granted.

EXPENDITURE OF TREE APPROPRIATION.

Ald. CODMAN offered an order: That His Honor the Mayor request the Superintendent of Public Grounds to expend the appropriation of \$5000 for trees in removing dead limbs of trees throughout all sections of the city; the balance remaining, if any, to be expended in planting young trees.

The order was read a second time and the question came on its passage.

Ald. CODMAN--Mr. Chairman, the object of that order is this, that in cer-

tain sections of the city there are individuals or organizations undertaking to have the whole five thousand dollars spent in their section. Now, any of the members of the Board or residents of the city would like to have their section taken care of first; but I believe if the money is left to the Superintendent to expend in the city at large, he will spread it about through the different sections, where it is most needed, not putting all the work into one section. That is the only purport of the order, and I trust that it will pass under suspension of the rule.

The order was passed under suspension of the rule.

Adjourned at 4:47 P.M., on motion of Ald. Day, to meet on Monday, August 21, at 3 P.M.

CITY OF BOSTON.

Proceedings of the Board of Aldermen.

Monday, Aug. 21, 1899.

Regular meeting of the Board of Aldermen, held in the Aldermanic Chamber, City Hall, at 3 p.m., Chairman Barry presiding, and all the members present.

On motion of Ald. Colby, the records of the last meeting were approved, their reading being dispensed with.

CLOSING OF PUBLIC ALLEY—VETO.

The following was received:—

Mayor's Office, City Hall,

Boston, Aug. 16, 1899.

To the Board of Aldermen:—

I return herewith without my approval an order granting permission to McNeil Brothers to close to public travel the public alley No. 435, District No. 5, running between Clarendon and Dartmouth Sts. I am in receipt of a report from the Superintendent of Streets stating that McNeil Brothers have for a month past closed this alley without any permission, that it has been a matter of inconvenience to the persons abutting on the alley, and that there is very general complaint on their part. I am informed that the work has now advanced sufficiently to permit of its continuance by using the sidewalk of the alley, only, without closing the roadway. Respectfully submitted,

Josiah Quincy, Mayor.

The vote whereby the said order was passed was reconsidered, and the question came on again passing it, the objections of His Honor the Mayor to the contrary notwithstanding.

On motion of Ald. McDonald, the matter was referred to the Committee on Public Improvements.

HEARING AT 3 O'CLOCK.

On petition of Louis Nocito for leave to project one bay window at 31½ Thacher st., ward 6.

No objection. Referred to the committee on building department (Ald.).

PETITIONS REFERRED.

The following petitions were received, and were referred to the committee named, viz.:—

Building Department (Ald.).

Petitions for leave to project signs, etc., viz.:—

Fred Lee Smith, a V illuminated sign, at 29½ Tremont st., wd. 6.

Louis Jones, a lantern and two barber poles, at 6 Cobb st., wd. 9.

Sam Sing, a sign, at 65 Sullivan st., wd. 4.

T. A. Dauphin, three barber poles, at 121 Cambridge st., wd. 8.

Charles M. Rudginsky, a plank on which to suspend clothing at 134 Dover st., wd. 9.

Jake Bass, a sign, at 1162½ Dorchester ave., wd. 20.

Man, Fong, Lowe Co., a drum sign, at 96 Dover st., wd. 9.

Mills Knight & Co., a V sign, at 159 Congress st., wd. 7.

Alland Bros., an illuminated sign, at 19 Tremont row, wd. 6.

Claims.

Thomas and Henry Howard, (three petitions) for payment of balances remaining from tax sales of estates on northeast side of Middle st.

Richard W. McDowell, admr., that the balance remaining from tax sale of estate on Wentworth st. be paid to Willard Welsh.

Patrick J. Roach, to be compensated for

injuries received while bathing at the Dover st. bath-house.

Irving N. McLean, for compensation for injuries to his horse caused by an alleged defect in Malden st., at junction of Wareham st.

Electric Wires.

West End St. R. R. Co., for leave to lay underground conduits in Harrison ave., Rollins and Washington sts.

Petitions of the N. E. Tel and Tel Co., of Mass., viz.:—

For leave to erect and to remove poles in Eagle St., Wd. 1.

For leave to erect and to remove poles in Bellevue St., Wd. 20.

For leave to erect poles in Cornell St., Wd. 23.

For leave to attach wires to trees on Circuit and Dannison Sts. and Walnut Ave.

John S. Winn et als., that action be taken towards placing electric wires underground in the Aberdeen District, in Brighton.

Supt. of Public Grounds.

Wm. R. McKey, for the trimming of trees at 1 Rutland St. and 33 Dover St.

L. H. Daloz, for the removal of two trees in front of building now being erected at 11 Humphreys St., Wd. 16.

Lamps.

Ernest M. Dodd et als., for public lamps on Wachusett St.

James Murray et al., for public lamps on Patten St.

Licenses.

Horn & Jackson, for a license to give dramatic, musical and dancing entertainments at Knights of Honor Hall, Washington St., Roslindale, for the season ending Aug. 1, 1900.

James McInerney, on behalf of residents of Wd. 19, that the Board order the closing of the "Chutes" on Huntington Ave. at 10 P.M.

Railroads.

West End Street Railway Company, for leave to lay additional track on portion of Cambridge St., Wd. 25.

Same company, for leave to lay double curves at junction of Columbia road and Stoughton St.

Same company, for leave to lay double tracks on Swett St. and Massachusetts Ave.

Forest Hills & Quincy Street Railway Company, for a location for its tracks, with the right to use the overhead electric system on same, on Washington, Morton, Codman, Adams and Minot Sts. and Neponset Ave., Sanford and Marsh Sts.

Remonstrance of Denman W. Ross, against granting the West End Street Railway Company a location of tracks in St. James Ave.

Public Improvements.

Geo. A. Day et als, trustees, for leave to construct a bulk head opening at 9 Cambridge St., Wd. 6.

A. A. Elston & Co., for leave to stretch a guy rope across Boylston St., at the Old Public Library Building.

Frank B. Gilbreth, for leave to erect one guy post in Washington St. and one in Talbot Ave., Dorchester.

H. P. Nawn, for leave to erect a guy post in Geneva Ave., near Columbia Road, Wd. 24.

H. S. Angus, for leave to move a wood-ent building from rear of 313 Washington St. to La Rose Pl., Wd. 25.

T. J. Billings, for leave to move a wood-ent building from Franklin Field, Wd. 21, to the town of Milton.

Petitions for sidewalks, viz.:—
Annie T. Wolfson, at 249-253 Marion St., Wd. 2.

G. A. Currier, at 45 Brookford St., Wd. 16.
Peter R. Harrigan, at 302-306 Bow-join St., Wd. 20.

George S. Haddock, at 27 Rosedale St., Wd. 20.
 Charlotte P. Williams, at 493 Washington St., Wd. 20.
 Crescent Associates, on Savin Hill Ave., cor Spring St., Wd. 20.
 M. S. Fenys, at 50 Forbes St., Wd. 22.
 Frederick J. Herthel, Jr., Willow St., cor. Weld St., Wd. 23.

WEIGHER OF COAL.

The Board proceeded to take up No. 2, unfinished business, viz.:-

2. Action on the appointment by the Mayor of Paul G. Coblenzer to be a Weigher of Coal for the term ending April 30, 1900.

The question came on confirmation. Committee—Ald. Codman and Day. Whole number of ballots, 10; yes, 10; and the appointment was confirmed.

CONSTABLES' BONDS.

The constables' bonds of Felice Antonio Reppucci and Ernest L. Weis were received, duly approved by the City Treasurer.
 The said bonds were approved by the Board.

REGISTRY OF DEEDS PAY ROLL.

A statement was received from Thomas F. Temple, Register of Deeds, certifying, in accordance with Sect. 2, Chap. 493 of the Acts of 1895 that the persons named in a schedule submitted by him had actually performed the work stated that the same was necessary, and that the time occupied or work done was correctly stated in said schedule.

The said schedule, amounting to \$1043.72, was approved by the Board.

SANITARY PROTECTION OF WATER SUPPLY.

A communication was received from the Metropolitan Water Board transmitting a copy of affidavit of the publication of the rules and regulations adopted by the State Board of Health for the sanitary protection of the waters used by the Metropolitan water district.

It was voted that the same be recorded in the records kept by the City Clerk.

ACCEPTANCE OF RAILWAY LOCATIONS.

Notice was received from the Boston Elevated Railway Company of the acceptance by it of its third location on Washington St. and Townsend St., passed by the Board on August 7th.

Notices were received from the West End Street Railway Company, by the Boston Elevated Railway Co., its attorney, accepting its 176th location, granted on August 7th, for tracks on Western Ave., Brighton, and its 177th location, granted on said date for tracks on Main St., Charlestown.

Placed on file.

LICENSES.

Ald. COLBY, for the Committee on Licenses, submitted the following:—

(1) Report recommending that minors' licenses be granted to 17 newsboys, 3 boot-blacks and 5 vendors of small wares.

Report accepted; said licenses granted on the usual conditions.

(2) Report on the petition of Horn & Jackson (referred today), for license to give dramatic, musical and dancing entertainments at Knights of Honor Hall, Washington St., Roslindale, for the season ending Aug. 1, 1900—Recommending that a license be granted.

Report accepted; license granted on the usual conditions.

REMOVAL OF TREES, ETC.

Ald. PRESHO submitted a petition signed by William J. Porter, requesting permission to remove a tree at 15 Concord St., Charlestown; and one signed by the Boston Elevated Railway Co., requesting permission to remove a tree on Main St., Charlestown.

On motion of Ald. Presho, it was voted, under a suspension of the rules, that leave to remove the said trees be granted on the usual conditions, and under the direction of the Superintendent of Public Grounds.

Ald. ADAMS offered an order—That the Superintendent of Public Grounds be requested to remove a tree in the sidewalk in front of the Baptist church, at the corner of Fourth and L Sts., South Boston, said tree being an obstruction to travel; and that the expense incurred be charged to the appropriation for Public Grounds Department.

Passed, under a suspension of the rule.

SALE OF GIBSON SCHOOL FUND LAND

Ald. ADAMS offered an order—That the Board of Aldermen be authorized to sell at public auction to the highest bidder or bidders such lands belonging to the Christopher Gibson Fund, held in trust by said Board, as they deem proper, by advertising the same for sale in the Boston Herald, Globe, Journal, Advertiser and Dorchester Beacon, twice each week for thirty days prior to any such sale, and that all moneys received for such land be paid to the City Treasurer to be held as a part of the Gibson School Fund, in accordance with the will of Christopher Gibson and Chapter 122 of the Resolves of the year 1846.

Referred to the Committee on Public Improvements, on motion of Ald. Adams.

JURORS DRAWN.

Thirty-four traverse jurors were drawn in accordance with law for the superior criminal court, for Sept. 11, 1899, viz.:-

Matthew Hale, wd. 15; Walter Tufts, wd. 24; Gerard M. Thaxter, wd. 22; Roland B. Winterton, wd. 14; John W. Day, jr., wd. 19; Wm. R. West, wd. 1; Nell Rantoul, wd. 11; Willis Thacher, wd. 22; Daniel J. Daly, wd. 2; John A. McKie, wd. 1; Walter I. Sprague, wd. 3; Maurice F. Ryall, wd. 7; Chas. E. Dodge, wd. 2; Addison Goodhue, wd. 5; Chas. N. Alexander, wd. 16; Daniel J. Crowley, wd. 19; Daniel Kelleher, wd. 24; Wm. A. Carroll, wd. 8; Simon H. Gagnon, wd. 1; Chas. W. Tracy, wd. 25; Chas. S. Cheever, wd. 5; Horace Caswell, wd. 5; Frank A. Daniels, wd. 20; Silas H. Lord, wd. 17; Chas. C. Lyons, wd. 24; Thos. F. Tucker, wd. 7; Geo. Walters, wd. 1; Conrad Albach, wd. 22; Almon Wight, wd. 12; John Hall, wd. 19; Chesley H. Bailey, wd. 9; Michael H. Norton, wd. 20; Joseph A. Locke, wd. 4; Wm. F. Hedgington, wd. 2.

SIGN AT 11 ELM STREET.

Ald. DIXON offered an order—That permission be and is hereby granted to Henry M. Flynn to maintain existing sign projecting over sidewalk and from building, 11 Elm st., wd. 6.

Passed, under a suspension of the rule.

A RECESS TAKEN.

On motion of Ald. Adams, the Board voted, at 3:33 P.M., to take a recess, subject to the call of the Chairman.

The members of the Board reassembled in the Aldermanic Chamber and were called to order by the Chairman at 4:05 P.M.

NEW CATHOLIC CEMETERY, DORCHESTER.

Ald. O'TOOLE, for the Committee on Public Improvements, submitted a report

on the message from the Mayor; vetoing the order authorizing the Boston Catholic Cemetery Association to use certain land on Harvard and Walk Hill Sts., Dorchester, for cemetery purposes, the report recommending that the same be returned to the Board of Aldermen.

The question came on accepting the report of the committee.

Ald. COLBY—Mr. Chairman, I trust that consideration of that matter will be deferred until a subsequent meeting of the Board. It is perfectly true that the committee voted to return it today, but it is equally true that the matter has been in the committee's hands for many weeks, and that no discussion has been had with reference to the merits of the case. While I think that this is a case where votes and not talk will count, I still believe the subject is of sufficient importance to be given careful consideration. I am under the impression that I have never discussed the question at all on its merits when it was up originally or at any time since. Considering the importance of the matter, and I consider it is very important, as it involves the question of using land within the city limits for burial purposes, which is a problem which must be met at some time and some definite policy fixed upon, I hope the subject will be assigned to a future meeting. Apparently at the present time there is a feeling that the present issue is brought about by reason of certain personal interests with reference to and in that particular vicinity.

I wish to say frankly that in the vote which I gave before and which I shall give again I have no idea of protecting anybody's interests or furthering anybody's scheme. My vote stands upon the broad general principle with reference to the further use of land within the city limits for that purpose. I am inclined to think that the feeling of many members of the Board is that this order has been here long enough and should be put through without any question, if there are the votes to do it, and it does not require a great deal of discernment or acumen to perceive that there is a feeling that the vote, if coming upon the merits of the question, would be somewhat different from the last time. Be that as it may, however, I think this is a subject of sufficient importance to lie upon the table until the next meeting, and I move that it be assigned to the next meeting.

Ald. McDONALD—Mr. Chairman, I shall certainly vote for the motion made by the Alderman from Wd. 12 (Ald. Colby). While I believe that this veto of the cemetery order should be settled one way or the other, I had no idea it was to come up this afternoon; and, as chairman of the Committee on Cemeteries, I would ask as a personal favor that this matter be laid over to the next meeting, as I have facts and figures which will go to show to the board fully at that meeting that this petition should not be granted. For that reason I will certainly ask, as a personal favor, that this be laid over to the next meeting.

Ald. BRICK—Mr. Chairman, while ordinarily, when such a favor is asked by the Chairman of the Cemetery Committee (Ald. McDonald) and the alderman from Wd. 12 (Ald. Colby), I should be willing to grant it, it does not strike me at this time that it is asked as a matter of personal favor. Both the gentlemen who have asked for the extension of time are members of the Cemetery Committee and, above anybody else, have had a special opportunity of examining into the matter. I have voted once on this question and I propose to vote today as I voted the last time, retaining my position upon it. I am sorry indeed to feel that I must vote to pass the order over the Mayor's veto. I don't know how the vote will be, but I feel that the reasons given by the Mayor for the veto at this time are not germane. While the Mayor says that his personal

views are in favor of cremation and then goes on to speak of the fact that others have religious scruples against it, it strikes me that that is hardly an argument to advance at all in connection with an order of this kind. This is a Catholic cemetery, and for nineteen centuries the Catholic Church has consistently upheld the idea of burial, looking upon it as sacred.

It certainly does not appear that in the next decade there will be a revolution or a change in the policy of the Catholic Church on that question. Therefore that argument has no bearing upon this matter. There is a feeling also in favor of burial in the city. The Forest Hills Cemetery within a few months has purchased, within a short distance of this property thirty acres, to be used for burial purposes. This land is as far removed from the heart of the city as possible. I believe myself it would be a wise thing if we could adopt the system in use at Woodlawn, New York, of having burial trains rather than funeral processions through the city. But there is a large number of people, especially Catholics, who hold it to be a sacred duty to follow the body of the deceased to the grave, and until that custom is changed it seems likely to prove a great inconvenience, if we attempt to fix a rule at this time that there shall be no more burials in the city limits or no more land in the city limits set aside for that purpose. Then, of course, there are persons who hold the land in burial places sacred, and who like to visit them. Now, Calvary Cemetery has very nearly reached its limit. There is no more room for single lots and can be hardly any more sale of lots—unless they are, in a sense, second hand. If we refuse to give the privilege of opening up more land for burial purposes, the result will be that Calvary will become a disused cemetery, and a great many people who are interested, lot owners and others have appealed to me in the matter, saying that it would lessen the value of the cemetery, lessen the care taken of it and detract from the beauty of the surroundings, if that cemetery became disused. I feel at this time that the matter has already been delayed sufficiently. The fact that it has not been taken up is not my fault, because I have two or three times suggested the taking up of the matter. I think if the association desires to have this right granted it should be granted, and I cannot see why we are not as well informed upon the subject today as we will be one week or two weeks from now. If we act at the present time and grant this permit, the Cemetery Association will immediately have the right to go on and plot out the ground.

Ald. BERWIN—Mr. Chairman, Intending, as I do, to vote for the granting of this permit over the Mayor's veto, after having been recorded against the permit when it passed this board, I deem it but just to myself and as owed to my associates that I should briefly but explicitly state to this board the reason for my action. When the order for the permit was first presented to the Board,—

Ald. COLBY—Mr. Chairman, I suggest that the alderman's remarks—while I hardly know how to characterize them—are hardly in order at the present time. It seems to me the question now is on postponing further consideration of this matter, and I insist upon that—not because I wish to show any disrespect for my brother, for I am in hopes that, if his remarks are ruled out of order at the present time, he may be spared the necessity or the spectacle of having to utter them at all.

Ald. BERWIN—Mr. Chairman, out of courtesy to my distinguished friend from Wd. 12 I will withdraw what I have to say for the present. I merely considered it my duty to my associates and to myself in this Board to state my position. After the question pending before

the Board is determined, I shall then ask the Chair to recognize me and to allow me to give to the Board my reasons for taking the position I do today.

The motion to assign to the next meeting was declared lost. Ald. Colby doubted the vote and called for the yeas and nays.

The motion to assign was lost, yeas 4, nays 8.

Yeas—Ald. Barry, Colby, Day, McDonaid—4.

Nays—Ald. Adams, Berwin, Brick, Codman, Dixon, Doyle, O'Toole, Presho—8.

The report was accepted, and the question came on the passage of the order, the objections of His Honor the Mayor to the contrary notwithstanding.

Ald. BERWIN—Now, if the Chairman will permit me, I will state to the Board my reasons for voting as I do. Intending, as I do, to vote for the granting of this permit over the Mayor's veto, after having been recorded against the permit when it passed this Board, I deem it but just to myself, and as owed to my associates, that I should briefly but explicitly state to this Board the reasons for my action.

When the order for the permit was first introduced, it was my intention to vote for it; but, before the matter came to be voted on, I was led to believe that the granting of a permit for a cemetery in the particular location asked for would entail great, unnecessary and unjust hardship upon a large owner of very valuable property in the immediate vicinity, and that the promoters of this cemetery enterprise were unjustly, needlessly and sordidly subjecting the property of one of our citizens to a grievous injury. Refusing to be a party to such a proceeding, and believing as I did, I cheerfully gave my vote against the project. My vote was in no wise influenced by any ideas respecting the subject of cremation, or of the withdrawal of taxable property from our tax lists, or of the driving of cemeteries from the city limits. Now I find the mayor vetoing the permit, not upon any ground upon which I voted against it, but only upon grounds which in no respect appeal to me. If I voted to sustain the mayor's veto after such a public expression of his views respecting cremation, I could not escape being held up, not only as an exponent of cremation, but as a public official willing and determined to arbitrarily impose those views upon the community regardless of its religious convictions; and I am determined to be placed in no false light respecting the subject of cremation. We, as a board, represent a great, cosmopolitan city of a commonwealth that stands in history as the refuge of all seekers of religious liberty. Here we find all manner of creeds and religious beliefs, and we pride ourselves that no man can call himself a true American who does not accord to every one the fullest measure of toleration and protection in religious belief and practice. Our churches are our proudest boast. Our burial-grounds are our most sacred spots. Upon them, loving parents, children, friends and citizens show their best sentiments of love, friendship and patriotism. The thought of yielding them to the unfeeling furnace of the crematory is most shocking to the thousands of devoted adherents of our religious denominations, and the suggestion of compulsory cremation is revolting to the great majority of our people. I must decline to be placed in the position of even appearing at attempt to foist the institution upon our people. It is as much the right of a free citizen to be buried in accordance with the tenets and practices of his church as it is his right to worship in life according to them. Nor have I any sympathy with the mayor's effort to drive the cemeteries from our city limits because they take away a few thousands of dollars of taxable property from our tax lists. I am surprised to find the mayor advancing such an argument against this permit. In

a city which has withdrawn millions of taxable property from taxation and has imposed upon this and future generations the burden of millions of taxes and debt for parks and play-grounds and schools and libraries and boulevards, it was a sordid and trifling ground for vetoing a cemetery permit in the outskirts of the city where nothing but cemeteries abound, and where all the vacant land in the immediate neighborhood will, in all probability, be taken up for the same use in the future, and where the taxes lost would be but a few paltry dollars to a city that boasts of more than a billion of taxable property.

Yet that ground and the advocacy of cremation are the only real grounds that the Mayor offers us to justify ourselves before this community if we should vote to sustain his veto. I have the right to assume that if he had any others, he would have offered them. My investigation since the granting of the permit has satisfied me that the grounds upon which I then voted against it are more imaginary than real, that it is not the hardship upon private right that I then sincerely believed it to be, and my conscience will not permit me longer to support the position which this veto assumes. For these reasons, I intend to vote for the passage of the order, notwithstanding the veto of His Honor the Mayor.

Ald. COLBY—Mr. Chairman, as I remarked in the first place, this is really a matter of votes rather than one that calls for extended remark. If I were not aware of the real ability of my friend, the alderman on my left (Ald. Berwin), I might feel that the delay in this matter had been until he could prepare that very careful and able paper which he has presented, and which it has taken him, apparently, some weeks to prepare. I am, however, sufficiently acquainted with him to know that he could produce as good, if not a better, document on very short notice; and, if the alderman had been left perfectly free to express himself, without any feeling that he had a considerable task on hand, I feel that he would have done better. Now, it is always a very skilful thing in the argument of a question to so present it that the issue is placed on something else than the real matter. The alderman is very shrewd when he puts the burden of his remarks on the ground that this is an attempt to slight in any way the feelings, the rights and the customs of the Catholic Church. I would scorn to suggest such a thing to the members of this Board had it not been brought forth in this very careful and elaborately worded paper. As a matter of fact, I think no one of ordinary discernment would believe for a moment that any intelligent man would stand up in any community made up as this is and undertake to pass any legislation which in any way reflected upon the religious opinions of any of our fellow citizens. That always is a catching argument for or against a matter. Whether we are very devout ourselves personally or not, we think it is always a good thing to appeal to, because we believe every man has some religious instincts that can be appealed to. But that is not the question here.

I have no idea when I vote against this that I am doing anything antagonistic to the Catholic Church. In fact, I had supposed that the way this thing was going to be worked out was this: I had been informed that Forest Hills Cemetery was coming in here to make an application for the use of some land, and that then they would say to some of us, "Well, there you are! What are you going to do with that? Are you going to vote against that? And they would then expect, I suppose, that without any question we would vote in favor of that, and then this was to be brought from the pigeon hole and we were to be told that "Here is another of

the same kind." Now, my idea is not that I want to force cremation on anybody. Personally my sentiment does not lie along the line of any absolute respect for the actual body, after it is interred in the ground—or whatever is done with it after the breath has left it. I suppose the essential thing we have known is gone, and I certainly should have no sentiment myself as to the disposition made of my own body. I should as soon be burned as put in some places I have seen people buried in. In fact, I think I can cite instances of burials which were more repulsive than any form of cremation that could be suggested. But my idea is that the time has come when, if the burial custom is to be pursued it must be done outside of the city limits—certainly away from property which is to be thickly inhabited. Now, I don't want my skilful friend the alderman to make people believe that I, or anybody voting in favor of sustaining this veto, is in favor of cremation and wishes to force it upon anybody. I have an idea that ultimately that method of disposing of bodies will have to come about, but I would be the last one to compel anybody to resort to it. I think nothing could be more revolting than compulsory incineration of dead bodies, because there are a great many people who have strong ideas on the subject and who would be utterly opposed to cremation, and I would be the last man who would take action looking towards compelling anything of the kind—although, as I say, I believe that will ultimately come about.

I trust no one will consider that the alderman is right in saying, as he practically does by his argument, that in voting to sustain the veto we are in favor of cremation. Personally I may be in favor of it, but that is not the reason why I am voting as I do. I am not voting in this way because I wish to show any disrespect to the Catholic Church, because I do not, in the slightest. Every man has exactly as good a right to his opinion as I have to mine, without reference to what his spiritual belief may be. But I do think that we, as guardians not only of the city's money, but of the welfare of the citizens, are bound to do those things which tend to the best development of our city; and anybody who has had experience with property in the immediate vicinity of cemeteries is aware of the fact that they do have a bad influence on property in their vicinity. It may be argued that because a man has died his remains should not be disrespectfully treated. But I do say that property of less value than that within the city limits should be taken for this purpose, so that people can get lots at a moderate expense; and if there was an increased expense for transportation, it would certainly be more than made up for by the difference in the price of the lots. I will say here that if there is any other cemetery association that comes forward and wants more land within the city limits, I will be against it, because I am of the opinion that provision should be made outside the city limits. I don't wish to question the motives of anybody, one way or the other, with reference to this matter. I assume that we are all looking at this as a business proposition, in the interests of our citizens at large. But I am inclined to think, that the best evidence that can be had from a scientific standpoint is against the continuance of this practice. Within a very short time my attention was called to a report made by a joint committee some ten or fifteen years ago, when this matter was gone into very carefully, and, so far as I examined it, the substance of that report seemed to be against the continuance of the present practice. In what I say I am not attempting to defend my vote, because when I vote I am ready to stand the consequences one way or the other, but I do want to make it perfectly clear, and I

do want it understood that the alderman is not right when he intimates that in voting as we do we show hostility to any particular church or favoritism to any particular method of disposing of the dead.

Ald. McDONALD—Mr. Chairman, I wish to congratulate the alderman from Wd. 6 (Ald. Berwin) on his very liberal speech, but the alderman must distinctly understand that nobody's religious opinions are being attacked in connection with this cemetery. Religion has absolutely nothing to do with it—that is to say, the church has nothing to do with this cemetery. It is simply a corporation run by two or three hundred members, and very many of them disagree about securing this particular spot for cemetery purposes. As I stated before I believe it is only a question of time when all that property will have to be taken for that purpose. But I believe at (this time they should not go farther up, opposite the Mt. Hope Cemetery, but should either take that lot in front of the Catholic Cemetery or take the 80 acres and make it all one cemetery—which I think in time will be done. As I said when first speaking upon this matter, if the association will bring in an order here to take the 80 acres of land for cemetery purposes, I will vote for it.

Ald. DOYLE—Mr. Chairman, I do not propose to apologize for my action in voting to pass this order over the veto of His Honor the Mayor this afternoon, like some of my brother aldermen have, and I want to say that on general principles I would be rather reluctant to oppose the Mayor's wishes on a matter of public policy. He has sent vetoes into this Board time after time and they have been sustained, because the members of the Board felt that His Honor had shown to them very clearly that some person or some body of people would probably suffer by the proposed legislation. But, with reference to this particular piece of legislation, I do not see where the Mayor's argument can stand fire. He vetoed this order, stating that, because of his views upon the disposition of a body after death, he did not think that this was perhaps the best policy to pursue at this time. But, as I stated before, on general matters that might come before the Board I would feel rather reluctant to oppose his wishes. In this particular case, however, I have no apologies to offer either to His Honor the Mayor or to anybody else. I am rather pleased to have an opportunity of expressing my opposition to him on this matter, because this is a matter that affects a very large portion of the constituency I represent here in part, and I feel that it is my duty to state that I will this afternoon record my vote upon this as I did before.

Ald. DAY—Mr. Chairman, I propose to vote against this, not on account of the Mayor's veto or on account of any religious feeling in the matter, or anything of that kind. My position is simply and solely that I do not believe it is for the public good to have any cemetery extended within the city limits, and even if the cemetery people came in and proposed to take the land that the alderman from Dorchester (Ald. McDonald) has suggested, I would still vote against it and against any cemetery being extended within the limits of the city of Boston.

The order was passed over the Mayor's veto, yeas 3, nays 4.

Yeas—Ald. Adams, Berwin, Brick, Codman, Dixon, Doyle, O'Toole, Presho—8.

Nays—Ald. Barry, Colby, Day, McDonald—4.

PUBLIC IMPROVEMENTS.

Ald. O'TOOLE, for the Committee on Public Improvements, submitted the following:—

(1) Report on the order (referred today) authorizing the Board of Aldermen to sell to the highest bidder or bidders such lands

belonging to the Christopher Gibson School Fund as they deem proper—recommending that the same be passed.

Report accepted; said order passed. Sent down.

(2) Reports recommending the passage of orders directing the Superintendent of Streets to make sidewalks in front of the following-named estates, said sidewalks to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of the material specified, the owners of the said estates to furnish the material, viz.:

Sylvester B. Hinckley, Washington and Morse Sts., Wd. 20; artificial stone.

Dingwell Bros., 214 Brooks st., wd. 1; brick.

Anastasia Morrison, 477-483 E. Third st., wd. 14; brick.

Sarah G. and Chas. E. Cook, trustees, 7-11 Morse st., wd. 20; artificial stone.

Dingwell Bros., 95 W. Eagle st., wd. 1; brick.

Hannah E. Foster, 503 Washington st., wd. 20; brick.

L. Siskind, 3294-3314 Washington st., wd. 23; brick.

B. F. Cohlegh, cor. Birch and Brandon sts., wd. 23; brick.

Gideon Currier, 10, 11, 12 and 13 Morse st., wd. 20; artificial stone.

Frederick J. Rockwell, cor. Richfield and Olney sts., wd. 20; artificial stone.

John J. White, 80-82 W. Third st., wd. 14; brick.

Reports severally accepted; ordered passed.

(3) Reports (on petitions referred today) recommending the passage of the following:—

(a) Ordered, That the superintendent of streets be authorized to issue a permit to H. S. Angus, to move a wooden building, pitch roof, 42 ft. in length, by 17 ft. in width, by 24 ft. in height, from rear of No. 319 Washington st., along Washington and Union sts., to La Rose pl., to stone foundation on said place, wd. 25, on the terms and conditions expressed in the ordinance of the city relating thereto.

(b) Ordered, That the superintendent of streets be authorized to issue a permit to Francis B. Gilbreth, to erect, maintain and use one guy post on Washington st., and one on Talbot ave., with necessary ropes attached thereto; the work to be completed on or before Dec. 31, 1899, according to the terms and conditions expressed in the ordinances of the city relating thereto.

(c) Ordered, That the Superintendent of Streets be authorized to issue a permit to T. J. Billings to move a wooden building, pitch roof, 20 feet in length, by 15 feet in width, by 18 feet in height, from Franklin Field to Talbot Ave., thence along said avenue, Blue Hill Ave., Morton and River Sts., to Centre Ave., to the Town of Milton, Wd. 24; on the terms and conditions expressed in the ordinances of the City relating thereto.

(d) Ordered, That the Superintendent of Streets be authorized to issue a permit to A. A. Elston & Co. to stretch, maintain, and use a guy rope over and across Boylston St., in front of the old Public Library building estate; the work to be completed on or before Dec. 31, 1899, according to the terms and conditions expressed in the ordinances of the city relating thereto.

(e) Ordered, That the Superintendent of Streets be authorized to issue a permit to H. P. Nawn to erect, maintain, and use a guy post, with the necessary ropes attached, in and over Geneva Ave., near Columbia Road, Wd. 20; the work to be completed on or before Dec. 31, 1899, according to the terms and conditions expressed in the ordinances of the city relating thereto.

Reports severally accepted; orders severally passed.

(4) Reports on petitions referred on

dates stated, recommending the passage of the following:—

(a) Ordered (on petition referred today), That the Superintendent of Streets be authorized to issue a permit to George A. Day et als., Trustees, to construct, maintain, and use a bulkhead opening, 3 ft. by 4½ ft., with a wooden cover under and in the sidewalk in front of estate No. 5 Cambridge St.; the work to be completed on or before Dec. 31, 1899, according to the terms and conditions expressed in the ordinances of the city relating thereto.

(b) Ordered (on petition referred May 25), That the Superintendent of Streets be authorized to issue a permit to Nathaniel P. Hamlen, Trustee, to erect, maintain and use an iron post, with a clock surmounted thereon, in the sidewalk in front of estate No. 169 Tremont St., Wd. 7; the work to be completed on or before _____, according to the terms and conditions expressed in the ordinances of the city relating thereto.

(c) Ordered (on petition referred July 25), That the Superintendent of Streets be authorized to issue a permit to Oliver Ames et als., Trustees, to construct, maintain and use, an area 107 ft. 5 in. by 7 ft. 4 in. and 8 ft. 5 in., with sidewalk light covers, and two coal hole openings, not exceeding 18 in. in diameter, with covers of rough upper surface, under and in the sidewalk in front of estate on Boylston St., formerly occupied by the Old Public Library building, the work to be completed on or before Dec. 31, 1899, according to the terms and conditions expressed in the ordinances of the city relating thereto.

(d) Ordered (on petition referred July 25), That the Superintendent of Streets be authorized to issue a permit to Oliver Ames et als., Trustees, to construct, maintain and use, a permanent awning, with two iron posts, in the sidewalk in front of estate on Boylston St., at the westerly end of the building now being erected on the site of the Old Public Library, as shown on a plan dated July 17, 1899, on file in the Permit Office of the Street Department; the work to be completed on or before Dec. 31, 1899, according to the terms and conditions expressed in the ordinances of the city relating thereto.

(e) Also report on the petition of the Mass. General Hospital (referred June 26) for leave to project facades from building No. 496-500 Washington St., corner Bedford St., Wd. 7, to project over both streets—Recommending that leave be granted.

The reports were severally accepted, and the question came on the passage of the orders, etc.

Ald. BRICK—In the matter of an awning in front of the old public library, the proposed Gross & Strauss facade, and the Woodbury cornices, I oppose the policy of making these extensions over streets. It seems, however, as though each of these petitions that comes in has its friends in the Board. I oppose them as a matter of policy. If one is entitled to a thing of this kind, I believe all are entitled to it, and I think the whole question should be taken up together. I have stood alone once already, and have no desire to do so again, having all my friends against me, but I do want to say that I am opposed to the projection of facades and cornices along Washington St. and other such streets.

Ald. COLBY—Mr. Chairman, for once I agree with my friend, the alderman opposite (Ald. Brick), not in pronunciation, but in the idea that some of these things should not go through. I would like to ask of some one on the Building Committee whether that order provides for something in the nature of a bay window projection?

Ald. DAY—Mr. Chairman, I don't think that order ever went to the Committee on Building Department. It went to the Committee on Public Improvements.

The CHAIRMAN—The Chair will say,

for the benefit of the alderman, that this came from the Committee on Building Department (Ald.) and was then referred to the Committee on Public Improvements. It was originally reported by the Building Department Committee.

Ald. DAY—Mr. Chairman, I got that mixed up with another matter. The committee did discuss this and disagreed on it, and finally there was a motion made that it be referred to the committee on public improvements, so that they could take it into the whole board and argue the question before the whole board.

Ald. COLBY—Mr. Chairman, if I understand aright, that is a matter where a discussion was had as to whether it is proper to have bay window projections over Washington St. The Chairman says that that is the fact. Now, personally, I am getting a little tired of this way of doing business, so far as the interests of the city in general are concerned. These matters have been discussed, time and again, and the only reasons in favor of them ever advanced by one alderman or another are that "a friend has spoken to me about it and, as a personal matter, I wish to put it through." I am frank to say that if we are going to run business here simply with the idea of pleasing our friends and making sure of the least amount of opposition to our re-election, provided we are candidates again, we are getting the thing on rather a low basis. There is no need, as I understand it, of a bay window on Washington st. In the first place, as I have frequently said in this board, a bay window has no business out over a street, and if the matter ever gets to the supreme court, I think it will be found that we have no right to encumber a highway with a projection. Take Columbus ave. extension—we went up there and paid a large amount for land damages, in some cases 3 ft. having been taken off buildings, and after we had paid a good price the parties then came in with a petition to project bay windows for 3 ft. over the street, placing them back where they were before, outside of the foundation, and leave was granted. As I have said before, it is wrong to encumber the highway with projections; but it has been done in certain sections of the city and, I suppose, it having been done and we having given our consent in certain localities, it will have to be continued there. But when it comes to Washington st., in the business section, it does not seem to me that we have a right to allow a man to make projections from his property which will encroach upon the city's property, thereby allowing him to make his property more desirable for tenants than that of his neighbors.

The minute you grant such a petition of one man, you must grant the next petition, or you must explain why you do not do it. That is, you may have to say "This other case was that of a friend of mine, who spoke to me about the matter, but I don't know about this and cannot vote for it." If we are to be consistent, if we grant a petition of this kind I don't see why we should not grant petitions of everybody along Washington St. who wants a bay window. If you once start, you must grant the petition of everybody who comes in. I am frank to say that, while some of my friends have spoken to me about this matter, I have been obliged to disappoint them, because I believe it is wrong to make projections of this sort on a street like Washington St. In a residential neighborhood it might be different. We have had laws passed at the state house in the matter of signs, and so forth, so that today our streets present a better appearance so far as my limited travel has enabled me to observe, than those of any city in the country. Now, having adopted that policy, having restricted the projection of all sorts of signs over and across the street, it does not seem to me wise, because influential

people come and ask us to allow them to project a bay window over Washington St., to allow them to do it. Therefore, I hope this will not be passed.

Ald. DAY—Mr. Chairman, in reply to the gentleman who has just taken his seat I will say that this bay window, as he calls it, is in the nature of a snow case, designed to show goods. It improves the value of the property, helps the business—and I will also say that in that locality there are other projections. There is no reason why this man should not have the right to make this projection. Keith's Theatre has a projection, as well as several other places in that same locality. We are going to grant—I presume so, at least,—a permanent awning for a new theatre. I think where property owners desire an awning when it is within the law and the abutters do not object, I shall vote to grant it until the law is changed; and I see no reason why this man should not have a right to make his projection, just as well as others in that locality are to have a right to make theirs.

Ald. O'TOOLE—Mr. Chairman, I want to say a word in answer to the alderman from Wd. 12 (Ald. Colby). It strikes me that it is very peculiar for the alderman to come in here at one session of the Board of Aldermen and advocate a certain bay window up in his immediate neighborhood, and then object to something of this kind. A well known real estate owner of Boston comes in here and asks for a bay window in close proximity to the alderman's house, the place where he lives, and he is satisfied, after the gentleman has told him that there shall be certain restrictions in regard to light, and so forth. Again, if I remember right, the alderman from Wd. 12, at a certain time when a track was to be laid to a sugar refinery in South Boston, was one of the strongest advocates of that to be found. One of the arguments he used at that time was this, that he did not believe in injuring the commercial interests of Boston, that he believed anything which would advance the commercial interests of the city should be advanced by the members of the Board of Aldermen. Now, it strikes me that this is in the same category, and that by taking such action as he suggests we will impede the commercial interests of Boston. By not granting this petition we would injure the commercial interests of the city far more than if we should refuse a petition coming into this Board from some residential quarter. I cannot understand the consistency of it—favoring a bay window in a residential quarter and then stopping the progress of great commercial interests, trying to make a provincial town of one that is metropolitan in its make-up. It is only a question of time when Boston will become one of the greatest commercial cities in the country, if the right action is taken by the Board of Aldermen and other authorities; and I trust that the alderman from Wd. 12 will not at this time stop or impede the commercial interests of Boston, but will allow the business interests of the city to be extended, by the means of facades and otherwise, as they should be.

Ald. COLBY—Mr. Chairman, I don't know as I am really good-natured today, anyway; but that ought not to influence my action when it comes down to a matter of votes. I started to tell about the trick they put up on me here before they took the recess, but I think I will not do so.

Ald. O'TOOLE—Tell it.

Ald. COLBY—Do you want me to tell it?

Ald. O'TOOLE—Yes, tell it right out.

Ald. COLBY—Well, I was asked to step out into the ante-room to see a very prominent city official, and when I got out there he began to tell me some cock-and-bull story about something that ought to be done. While I was there a fellow

member of the Board of Aldermen came out and said: "Let him go now, we have done the trick." (Laughter.) That is, they had acted upon something in my absence, and had got me out of the way in the meantime. (Laughter.) Now, I am free to say that that is a low down trick, because that is not the way to do business. If you want to act upon a matter come out squarely and frankly and do so. But I don't feel at all hurt about it, because it is something that will never be carried out. It was not done right and will never be of any earthly value. So I shall not worry myself about it. Now, to come right down to this matter, and to indulge in a little flight of oratory, in line with what we have already heard here this afternoon with reference to my interest in the commercial welfare of Boston, I will simply say that I yield the palm to no member of the Board in a desire to further the interests of our city. But, in my opinion, the commercial welfare of Boston is not dependent on our giving one man on Washington St. an opportunity to get a bigger rental out of his property than his neighbor gets. If the premises assumed by Alderman Day are correct—that there are similar projections on Washington St. in the immediate vicinity—my whole argument falls flat, and I am mistaken in my premises. If that is true, if other people there have similar rights to those asked for here, my position might be a different one. But my recollection is to the contrary. I understand that Mr. Keith has something out over his door which I would have voted against if I had been here at the time. But it is there. I had no part in that and I consider that that is no such projection as warrants us in going ahead and giving to somebody else on the street what is asked for here. If there is a gentleman on Washington St. who is already enjoying such use of his property as is here suggested, I have nothing to say.

But, as I understand it,—and I am acting on this understanding—this is in the nature of a projection such as does not now exist in this immediate vicinity. If I am wrong, I owe the members of the Board an apology for having taken so much of their valuable time. With reference to the remarks of my friend on the right (Ald. O'Toole) he will remember that I have said that, in a vicinity where bay windows already exist, I see no reason why a permit that has been granted to one man should be refused to another. In the case that he refers to the line of property on the other side of the street had bay windows, and while this was on the opposite side, and while I might have liked to object, I felt that I could not, because they already existed on the other side.

Ald. BRICK—Mr. Chairman, I have occasionally been alone lately, but I am going to be with my friend Colby on this matter today. I am opposed to these things as a matter of policy, and I think Brother Colby objects to this as much because of his legal education as for any other reason. A man with such an education is apt to guard property rights jealously. In the West End I opposed a bay window a while ago and got criticised for it. At the West End, on Chambers St., the city had paid out a lot of money to put the street through, and after it had paid out thousands of dollars on each side the property owners got the right to project bay windows, and if you go there now and look along the street you will find that it is like looking down a chute. There are three-foot projections all along on both sides. On one building of three stories there are three bay windows, standing out like stilts, making the building like a funny looking little castle. If we grant leave on this Gross & Strauss petition, I don't see how we can discriminate against other petitioners or

against our friends who have purchased the Old Public Library.

I say that, as a matter of policy, I am opposed to this sort of thing, because when we grant these privileges to people they immediately look upon them as rights. For instance, when the Subway Commissioners were taking land in Scollay Sq., the owners of the Crawford House regarded the privileges that had been given to them on the city's property as their absolute right, and I understand that the Subway Commissioners had to pay for disturbing it. The fact is, these things which are given as privileges come to be considered by the owners of the land as theirs in absolute fee. I say the Board should be careful in acting upon these matters. As a matter of policy, I am opposed to them.

Ald. DAY—Mr. Chairman, I have no knowledge of the purpose of the projections in that immediate locality, but I don't see what difference that makes. They are projections, and, for the information of the Board and of Alderman Colby I would like to ask the Clerk to read the report of Inspector Damrell on that petition.

The CLERK—The Clerk will state that the report of Inspector Damrell is not here.

Leave was declared granted, on the petition of the Mass. General Hospital.

Ald. Colby doubted the vote and asked for the yeas and nays.

Ald. COLBY—Mr. Chairman, I would like to state that I am paired with Ald. Presho on that question. He would have voted in favor of the permission, and I would vote against it.

Leave was granted; yeas 8, nay 1, Ald. Brick voting nay.

Paired, Ald. Colby, no; Ald. Presho, yes. The orders were severally passed.

RAILROADS.

Ald. DIXON, for the Committee on Railroads, submitted reports recommending the passage of orders of notice for hearings on Tuesday, September 12th, 1899, at 3 P.M., on the following petitions (severally referred today):—

West End Street Railway Co., for leave to lay double curves at junction of Columbia Road and Stoughton St.

Same company, for a location for tracks in Swett St. and Massachusetts Ave.

Same company, for leave to lay an additional track on a portion of Cambridge St., Wd. 25.

Forest Hills & Quincy St. Ry. Co., for a location for its tracks, and the right to use the overhead electric system on same, on Washington, Morton, Codman, Adams and Minot Sts. and Neponset Ave., Sanford and March Sts.

Reports severally accepted; orders of notice severally passed.

ELECTRIC WIRES.

Ald. DOYLE, for the Committee on Electric Wires, submitted the following:—

(1) Reports recommending the passage of orders of notice for hearings on Friday, September 1, at 3 P.M., on the following petitions, referred today:—

West End Street Railway Company, for leave to lay underground conduits in Harrison Ave., Rollins and Washington Sts.

The N. E. Tel. & Tel. Co. of Mass., for leave to erect poles in Cornell St., Wd. 23.

Same company, for leave to erect and remove poles on Bellevue St., Wd. 20.

Same company, for leave to erect and remove poles on Eagle St., Wd. 1.

Reports accepted, orders of notice passed.

(2) Report on the petition of the N. E. Tel. & Tel. Co. of Mass. (referred today), for leave to attach wires to trees on Circuit and Dennison Sts. and Walnut Ave.—Recommending that leave be granted.

Report accepted, leave granted on the usual condition.

(3) Report on the petition of the Brookline Gas Light Co. (recommitted Apr. 11), for leave to erect poles in Commonwealth Ave.—Recommending the passage of the following:—

Ordered, That permission be granted to the Brookline Gas Light Company to place and maintain poles for the support of wires at points designated by red dots on a plan deposited in the office of the Superintendent of Streets, made by J. A. Gould, dated April 2, 1898; said poles to be located as follows:—

Commonwealth Ave., Wd. 25, 5 poles, 40 ft. high, 12 in. in diameter; width of sidewalk, 20 ft.

The Superintendent of Streets is hereby authorized to issue permits for opening and occupying streets for placing and maintaining said poles on the conditions specified in chapter 38, section 15, of the Revised Ordinances of 1898.

The work of locating said poles to be completed within 90 days from the date of the passage of this order.

Report accepted; order passed, under a suspension of the rules.

(4) Report on the petition of the same company (recommitted July 25), for leave to erect poles in Cambridge St. and Harvard Ave., Wd. 25, etc.—Recommending the passage of the following:—

Ordered, That permission be granted to the Brookline Gas Light Co., to place and maintain poles for the support of wires at points designated with red dots on a plan deposited in the office of the Superintendent of Streets, made by Rolland A. Davidson, dated June 20, 1899; said poles to be located as follows:—

Cambridge St., wd. 25, 46 poles, 47 ft. high, 18 in. in diameter; width of sidewalk, 10 ft.

Harvard Ave., wd. 25, 18 poles, 45 ft. high, 16 in. in diameter; width of sidewalk, 8 ft.

Ordered, That permission be further granted to said company to remove from Cambridge St., 36 poles, and from Harvard Ave. 15 poles, as shown on said plan.

The Superintendent of Streets is hereby authorized to issue permits for opening and occupying streets for placing and maintaining said poles, on the conditions specified in chap. 38, sec. 15, of the revised ordinances of 1898.

The work of locating and removing said poles to be completed within 90 days from the date of the passage of this order.

Report accepted; order passed, under a suspension of the rules.

(5) Report on the petition of the same company (recommitted June 26)—Recommending the passage of the following:—

Ordered, That permission be granted to the Brookline Gas Light Co., to place and maintain poles for the support of wires at points designated by red dots on a plan deposited in the office of the Superintendent of Streets, made by Rolland A. Davidson, dated May 27, 1899; said poles to be located as follows:—

Oak Square Ave., wd 25, 7 poles; Brackett St., wd. 25, 5 poles: all 35 ft. high, 12 in. in diameter; width of sidewalk, 6 ft. 6 in.

The Superintendent of Streets is hereby authorized to issue permits for opening and occupying streets for placing and maintaining said poles on the conditions specified in chap. 38, sec. 15, of the revised ordinances of 1898.

The work of locating said poles to be completed within 90 days from the date of the passage of this order.

Report accepted; order passed, under a suspension of the rule.

(6) Report on the petition of the same company (recommitted April 24)—Recommending the passage of the following:—

Ordered, That permission be granted to the Brookline Gas Light Co. to place and maintain poles for the support of wires at points designated by red dots on a plan

deposited in the office of the Superintendent of Streets, made by Rolland A. Davidson, dated Feb. 27, 1899; said poles to be located as follows:—

Fairbanks St., Wd. 25, 2 poles, 35 ft. high, 12 in. in diameter; width of sidewalk, 7 ft.

The Superintendent of Streets is hereby authorized to issue permits for opening and occupying streets for placing and maintaining said poles on the conditions specified in chapter 38, section 15, of the Revised Ordinances of 1898.

The work of locating said poles to be completed within 90 days from the date of the passage of this order.

Report accepted; order passed, under a suspension of the rule.

(7) Report on the petition of the same company (recommitted July 25)—Recommending the passage of the following:—

Ordered, That permission be granted to the Brookline Gas Light Co. to place and maintain a pole for the support of wires at a point designated by a red dot on a plan deposited in the office of the Superintendent of Streets, made by Rolland A. Davidson, dated June 22, 1899; said pole to be located as follows:—

Sparhawk St., Wd. 25, 1 pole, 35 ft. high, 2 in. in diameter; width of sidewalk, 7 ft.

The Superintendent of Streets is hereby authorized to issue a permit for opening and occupying streets for placing and maintaining said pole on the conditions specified in chapter 38, section 15, of the Revised Ordinances of 1898.

The work of locating said pole to be completed within 90 days from the date of the passage of this order.

Report accepted; order passed, under a suspension of the rule.

(8) Report on the petition of the same company (recommitted April 24)—Recommending the passage of the following:—

Ordered, That permission be granted to the Brookline Gas Light Company to place and maintain poles for the support of wires at points designated by red dots on a plan deposited in the office of the Superintendent of Streets, made by Rolland A. Davidson, dated Jan. 30, 1899; said poles to be located as follows:—

Braintree St., Wd. 25, 8 poles, 35 ft. high, 12 in. in diameter; width of sidewalk, 8 ft. 6 in.

The Superintendent of Streets is hereby authorized to issue permits for opening and occupying streets for placing and maintaining said poles on the conditions specified in chapter 38, section 15, of the Revised Ordinances of 1898.

The work of locating said poles to be completed within 90 days from the date of the passage of this order.

Report accepted; order passed, under a suspension of the rule.

PROJECTIONS.

Ald. DAY, for the Committee on Building Department (Ald.), submitted the following:—

(1) Reports recommending that leave be granted on the following petitions, referred today:—

Alland Brothers, for leave to project an illuminated sign at 19 Tremont Row, Wd. 5.

Mills, Knight & Co., for leave to project a V sign at 150 Congress St., Wd. 7.

Man, Fong, Lowe Company, for leave to project a drum sign at 90 Dover St., Wd. 9.

Jake Bass, for leave to project a sign at 1162½ Dorchester Ave., Wd. 20.

Charles M. Rudginsky, for leave to project a plank on which to suspend clothing at 134 Dover St., Wd. 9.

T. A. Dauphin, for leave to project three barber poles at 121 Cambridge St., Wd. 8.

Louis Jones, for leave to project a lantern and two barber poles at 6 Cobb St., Wd. 9.

Sam Sing, for leave to project a sign at 65 Sullivan St., Wd. 4.

Reports accepted, leave granted on the usual condition.

(2) Reports recommending that leave be granted on the following petitions:—

New Boston Music Hall, (recommitted August 4) for leave to project an awning from new music hall building on Massachusetts Ave., Wd. 10.

Oliver Ames and others (referred July 25). Trustees, for leave to excavate the cellar bottom of a building to be erected on the site of the old Public Library Building on Boylston St., at grade 2.48.

Howard C. Woodbury (recommitted July 31), for leave to project metal cornice and sign from building 250 Washington St., Wd. 6.

Zieman & Seegal (recommitted August 14), for leave to project two bay windows from building 24 Anderson St., Wd. 11.

Reports accepted, leave granted on the usual conditions.

GENERAL RECONSIDERATION.

Ald. BERWIN moved to reconsider the action taken on all reports and orders today; lost.

THE NEXT MEETING.

Ald. CODMAN offered an order—That,

when this Board adjourns, it be to meet on Friday, the first day of September, 1899, at 3 o'clock P.M., and that all hearings on orders of notice assigned for a prior date be postponed accordingly.

Passed. Ald. CODMAN moved to reconsider; lost.

LIGHTS ON MARK ST.

Ald. DOYLE offered an order—That the Superintendent of Lamps be requested to locate and maintain two street lights on Mark St., Wd. 22; the expense of the same to be charged to the appropriation for Lamp Department.

Passed.

PORTUGUESE SOCIETIES' PARADE.

Ald. DIXON offered an order—That the Board of Police be authorized to close to travel by vehicles, except fire, police and mail wagons, for the parade of Portuguese Societies on August 29, 1899, the following named streets, unless they deem such action inadvisable, viz.:

North Bennet, Hanover, Battery, Commercial, Fleet, Hanover, Washington, School, Beacon, Arlington, Boylston, and Berkeley Sts.

Passed.

Adjourned, on motion of Ald. Adams, at 5:08 P.M., to meet on Friday, Sept. 1, 1899, at 3 P.M.

CITY OF BOSTON.

Proceedings of the Board of Aldermen.

Friday, Sept. 1, 1899.

Regular meeting of the Board of Aldermen, held in the Aldermanic Chamber, City Hall, at 3 P.M., Chairman Barry presiding, and all the members present.

On motion of Ald. Berwin, the reading of the records of the last meeting was dispensed with.

APPOINTMENTS BY THE MAYOR.

Communications were received from His Honor the Mayor, making the following appointments, subject to confirmation by the Board:—

(1) Patrick R. Dunn, to be an inspector of pressed or banded hay and straw, for the term ending April 30, 1900.

(2) John V. Haley and Edward P. Murphy, to be Weighers of Coal for the term ending April 30, 1900.

Severally laid over to the next meeting, under the law.

LOCATION FOR ENGINE CO. 22.

The following was received:—

Mayor's Office, City Hall,
Boston, September 1, 1899.

To the Board of Aldermen:—

I transmit herewith another communication from the Fire Commissioner, again urging the importance of early action to provide a location for Engine Company No. 22. I again appeal to your Board in the interest of the public safety to take some action upon this matter, which has been in your hands for a considerable time.

Respectfully submitted,

Josiah Quincy, Mayor.

Fire Commissioner,

Bristol St., Boston, Aug. 28, 1899.

His Honor Josiah Quincy, Mayor.

Sir—Allow me urgently to solicit your aid in procuring from the City Council a location for Engine Co. 22, recently deprived of its quarters on Dartmouth St. by the widening of the railroad. The territory for which that company was organized is deprived to a great degree of the services of this department at present; and in behalf of our efficiency, as well as for the protection of said property, I make this appeal, knowing full well that every day's delay adds to the danger threatened by our absence.

Your obedient servant,

H. S. Russell, Commissioner.

Referred to the Committee on Public Improvements.

AMBULANCE STATION, SOUTH BOSTON.

The following was received:—

Mayor's Office, City Hall,
Boston, September 1, 1899.

To the City Council:—

I transmit herewith an order passed by the Board of Estimate and Apportionment rescinding appropriation made on February 27th, 1899, of \$10,000 for "Hospital Department, Ambulance Station and Equipment, South Boston," and reappropriating the said sum for an Ambulance Station and Equipment at South Boston, the expenditure of the appropriation to be in charge of the Public Building Department.

Respectfully submitted,

Josiah Quincy, Mayor.

City of Boston.

In Board of Estimate and Apportionment,
Sept. 1, 1899.

Ordered, That so much of the order passed by this Board on February 27th, 1899, as appropriated the sum of ten thousand dollars (\$10,000) for "Hospital Department, Ambulance station and equipment, South Boston," be and hereby is rescinded;

and that the said sum be appropriated, to be expended by the Public Buildings Department, for an Ambulance station and equipment at South Boston.

Passed, and we certify that the said appropriation is not to meet a current expense.

Josiah Quincy,
David F. Barry,
Daniel J. Kiley,
John P. Dore,
Laurence Minot.

Members of the Board of Estimate and Apportionment.

The foregoing order was passed and transmitted to the Common Council without alteration.

BUILDING AT RAINSFORD ISLAND.

The following was received:—

Mayor's Office, City Hall.

Boston, Sept. 1, 1899.

To the City Council:—

I transmit herewith an order passed today by the Board of Estimate and Apportionment making an appropriation of \$2500 for roofing in and preserving building at Rainsford Island recently damaged by fire.

Respectfully submitted,

Josiah Quincy, Mayor.

City of Boston.

In Board of Estimate and Apportionment,
September 1, 1899.

Ordered: That the sum of twenty-five hundred dollars (\$2500) be appropriated, to be expended by the Trustees for Children in roofing in and preserving building at Rainsford Island recently damaged by fire; and that the City Treasurer be authorized to issue, from time to time, on the request of the Mayor, bonds of the city of Boston to said amount for said purpose.

Passed, and we certify that the said appropriation is not to meet a current expense.

Josiah Quincy,
David F. Barry,
Daniel J. Kiley,
John P. Dore,
Laurence Minot.

Members of the Board of Estimate and Apportionment.

The above order was transmitted to the Common Council without alteration.

JURORS DRAWN.

Jurors were drawn, under the law, as follows:—

Four grand and five petit, United States District Court, September term:—

George D. Henson, wd. 10; Frank H. Charter, wd. 8; John M. Conry, wd. 2; James Rigney, wd. 15; John F. Sherlock, wd. 10; Frank A. Nickerson, wd. 15; Geo. W. Foster, wd. 21; Geo. B. Jones, wd. 22; Samuel W. Burroughs, wd. 14.

Forty traverse, Supreme Judicial Court, September 12:—

Louis Sonnabend, wd. 8; John F. King, wd. 1; Americus G. Clark, wd. 10; Louis Auerbach, wd. 11; Eugene Foster, wd. 6; Timothy J. Buckley, wd. 5; Arthur Robertson, wd. 8; John E. Dodge, wd. 24; Davis Krokyn, wd. 6; Paul Stuecklin, wd. 21; Timothy Harrington, wd. 4; George A. Givan, wd. 3; David J. Buckley, wd. 19; Lewis E. Gilmore, wd. 2; Waldo B. Judkins, wd. 7; James Sullivan, wd. 7; Nicholas Moore, wd. 10; John J. Barry, wd. 7; George A. Donahoe, wd. 14; O. Alfred Anderson, wd. 24; Thos. O. McEnaney, wd. 2; Marks Angelevitz, wd. 18; Frank H. Spring, wd. 21; John M. Williams, wd. 12; Harry C. Doggett, wd. 11; D. Joseph Linehan, wd. 16; Patrick Connors, wd. 19; Thos. B. D. Adair, wd. 16; Wm. L. Mooney, wd. 19; Wm. F. Greene, wd. 24; Eugene J. O'Connor, wd. 17; Patrick A. Foote, wd. 20; John O'Donnell, wd. 22; Thos. Mulhearn, wd. 16; Wm. A. Perry, wd. 19; Chas. P. Whittle, wd. 5; Geo. B. Quinn, wd. 19; Walter H. Stickney, wd. 10; John Maguire, wd. 19; Geo. H. Bradford, wd. 7.

PETITIONS REFERRED.

The following petitions were received and referred to the committees named:—

Petitions for leave to project signs, etc., viz.:—

John Spinelli, an illuminated sign, at 112 Court St., Wd. 6.

Frank O. Newton, a flag pole, at 14 Franklin Ave., Wd. 6.

Massachusetts Boot & Shoe Co., a show case, at 26 Tremont Row., Wd. 6.

Semon Shufro, a sign, at 365 Harrison Ave., Wd. 9.

John B. Doyle, a swinging sign, at 495 Nonpset Ave., Wd. 24.

Louis Moskowitch, a sign, at 73 Green St., Wd. 8.

Suffolk Engraving Co., a shelf for printing frames, at 234 Congress St., Wd. 7.

W. W. Austin, a watch sign, at 938 Boylston St., Wd. 11.

Samuel Gens, a key sign, at 357 Shawmut Ave., Wd. 12.

Placido Pullia, two barber poles, and two signs, at 21 High St., Wd. 7.

Frank Landino, a barber pole, at 357 Sumner St., Wd. 2.

Samuel Katz, four umbrellas, at 19 Tremont Row., Wd. 6.

Daniel J. Sullivan, a transparency, at 64 Fleet St. Wd. 6.

William J. Power, a campaign transparency, at East St., Wd. 20.

James J. Brock, a campaign transparency, at 7 City Sq., Wd. 5.

Peter F. Tague, a campaign transparency, at 87 Bunker Hill, Wd. 3.

Peter F. Tague, a campaign transparency, at 42 Bunker Hill St., Wd. 3.

Peter F. Tague, a campaign transparency, at 524 Main St., Wd. 4.

W. T. A. Fitzgerald, a campaign transparency, at 166 Harrison Ave., Wd. 7.

Fred E. Lewis, a druggist's mortar, at 1932 Centre St., Wd.

Eugene Felner, a sign, at 131 Federal St., Wd. 7.

Joseph F. Hickey, a campaign transparency, at 245 Sumner St., Wd. 2.

John W. Green, a campaign transparency, at 213 Hanover St., Wd. 6.

Alexander Cava, an illuminated sign, at 24 Tremont Row, Wd. 6.

Claims.

Elliott G. White, for payment of balance remaining from tax sale of estate 13 Dalton St.

Molly Sahl, for compensation for personal injuries, etc., caused by an alleged defect in No. Russell St.

Armstrong Transfer Express Co., to be paid for damage to one of its teams by one of the city carts.

Petitions for sidewalks, viz.:—

Fanny Faingold, at 71 Morris St., Wd. 1.

J. E. Willis, 25 Crescent Ave., Wd. 26.

John McVeeny, 29-31 Hunneman St., Wd. 17.

Isaiah Nickerson, 66-68 Kenwood St., Wd. 20.

Herman Wschkolofsky, 29 Michigan Ave., Wd. 20.

HEARINGS AT 3 O'CLOCK.

On petitions of The New England Telephone and Telegraph Company of Massachusetts, viz.:—

1. For leave to erect and to remove one pole on Eagle St., Wd. 1.

2. For leave to erect and to remove one pole on Wensley St., Wd. 19.

3. For leave to erect and to remove one pole on Bellevue St., Wd. 20.

4. For leave to erect poles on Cornell St., Wd. 23.

5. For leave to erect poles on Ashmont, Waldorf, and Marsh Sts., and Talbot Ave., and to remove one pole on Talbot Ave., all in Wd. 24.

6. For leave to erect and to remove poles on Cambridge St., Wd. 25.

7. For leave to erect poles on Rockview, Chester, Hobart, North Harvard, Washburn, and Rawson Sts., and to remove poles on Rockview and North Harvard Sts., Wd. 25.

8. On petition of the Brookline Gas Light Company for leave to erect one pole at the southeast corner of Brookline Ave., Beacon St. and Commonwealth Ave., wd. 11.

9. On petition of the West End St. Railway Company for leave to lay underground conduits for feed wires in Harrison Ave., Rollins and Washington Sts., wd. 9.

No objections. Severally recommended to the Committee on Electric Wires.

CONSTABLES' BONDS.

Notice was received from the City Treasurer of the approval of the Constables' bonds of George H. Hamlin and John Francis Murphy.

Bonds were approved by the Board.

PETROLEUM LICENSE.

Notice was received from the Fire Commissioner of the approval of the petition of John E. McPhee, for a license to store and keep for sale oils and fluids composed wholly or in part of the products of petroleum, at 3 Colton St., So. Boston.

It was voted by the Board that leave be granted on the usual conditions.

ACCEPTANCE OF TRACK LOCATION.

Notice was received from the Thompson & Norris Company, of acceptance of location for railroad tracks across Everett St., Brighton.

Placed on file.

BAY WINDOW—ORDER OF NOTICE.

On the petition of M. Maloney for leave to project a bay window from building, 14 St. Martin St., wd. 4, an order of notice was passed for a hearing thereon, Monday, September 18, at 3 P. M., when any person objecting thereto may appear and be heard.

LICENSES.

Ald. COLBY, for the Committee on Licenses, submitted the following:—

(1) Reports recommending that minors' licenses be granted to 37 newsboys, four bootblacks and five pedlers.

Reports accepted; licenses granted on the usual conditions.

(2) Reports recommending that leave be granted on the following petitions (referred today):—

Thomas Miley, for a license for dancing entertainments at Columbia Hall, 67 Hampden St., for season ending Aug. 1, 1900.

C. A. Sullivan, agent, for a license to give musical, dramatic and dancing entertainments at Lyceum Hall, East Boston, for the season ending Aug. 1, 1900.

Charles B. Woolley, for a license for musical, dramatic and dancing entertainments at Putnam Hall, 1165 Tremont St., Roxbury, for the season ending Aug. 1, 1900.

George W. Jones, for license for Temple Hall, 1234 Washington St., for literary, musical and dramatic entertainments and dancing, for season ending Aug. 1, 1900.

Bertha Sampson, for a license for musical and dancing entertainments at 13 and 15 Leverett St., for the season ending Aug. 1, 1900.

A. L. Griffin, for a permit for Gussie Hunt, a child under 15 years of age, to

appear at the Bowdoin Sq. Theatre for the week commencing September 4.

A. L. Griffin, for a permit for Gussie Hunt, a child under 15 years of age, to appear at the Grand Theatre for the week commencing September 11.

A. L. Griffin, for a permit for Ettie Hunt, a child under 15 years of age, to appear at the Grand Theatre for the week commencing September 4.

John Booth, for a license for dramatic, musical and dancing entertainments at Booth's Hall, Bennington St., for the season ending Aug. 1 1900.

Reports accepted, licenses severally granted on the usual conditions.

(3) Report on the petition of James McInerney (referred August 21), in behalf of residents of Wd. 19, that the Board order the closing of the Chutes on Huntington Ave. at 10 P. M.—that no action is necessary.

Report accepted.

RAILROADS.

Ald. DIXON, for the Committee on Railroads, submitted the following:—

(1) Reports on the petitions (referred August 14) of John H. Quinlan and others and of Hubert Daly, for an award of damages on account of the taking of their land in Charlestown by the Boston Elevated Railway Company—recommending the passage of the following orders of notice:—

Upon the foregoing petitions it is ordered: That the petitioners be directed to give notice to the Boston Elevated Railway Company, by serving on it an attested copy of said petition, and this order hereon, fourteen days at least before the time of said hearing, that this Board will, on Monday, the 18th day of September, 1899, at three o'clock P. M. give a hearing to all parties properly before this Board on the matter of granting the said petition.

The reports were accepted and the orders of notice passed.

(2) Report on the petition of the West End Street Railway Company, by the Boston Elevated Railway Company, its attorney (referred today), for leave to construct, maintain and use a double track on Atlantic Ave., beginning in Dewey Sq. and connecting tracks of the Company there located, thence extending through Atlantic Ave. to a point near Foster's Wharf, said tracks to take the place of existing tracks; also that the tracks of the Union Freight Railroad Company between the said points on Atlantic Ave. be altered with their consent to conform to the new location, recommending the passage of an order of notice for a hearing thereon Monday, September 18, at 3 P. M., to take into consideration the expediency of granting the prayer of the petition; when any parties who object thereto may appear and be heard.

Report accepted, order of notice passed.

TRIMMING TREE, ALLSTON.

Ald. COLBY offered an order—That the Superintendent of Public Grounds be requested to trim the tree standing in front of premises 33 Chester St., Allston, the expense of the same to be charged to the appropriation for Public Grounds Department.

Passed.

QUICK COMPLETION OF LAURIAT AVENUE.

Ald. CODMAN offered an order—That His Honor the Mayor be requested to instruct the Superintendent of Streets to insert a provision in any contracts for the construction of Lauriat Ave., calling for the completion of said avenue within three months from the date of such contracts.

The order was read a second time, and the question came on its passage.

Ald. CODMAN—Mr. Chairman, I want to say just a word relative to that. The railroad company and the city came to an

agreement some time ago about the construction of the bridge there, and late in the spring the construction of the bridge was started. As I understand the matter, the bridge is now completed and no steps have been taken towards the construction of the street at the new grade. But, as the Superintendent of Streets is about ready to award that contract, the people in that section are very anxious that he should put a provision into the contract which will insure the prompt completion of the street. I trust that the order will pass under suspension of the rule, in order that something may be done and the street constructed this fall, or before winter.

Ald. McDONALD—Mr. Chairman, I certainly must agree with the alderman from Wd. 24 in regard to Lauriat Ave., as well as other avenues in Dorchester, that there should be a provision of some kind in the contracts whereby the work should be completed within a certain time. Columbia Road was started almost two years ago, and should have been completed before today, but the bridge at Richfield St. prevents the completion of the street. That bridge ought to be built. The money has been appropriated and something should be done in the matter. Two weeks ago I introduced an order of inquiry, requesting the Superintendent of Streets to inform the Board how soon the Richfield St. Bridge might be completed, in order that the boulevard might go right through to Franklin Park. No answer has been received as yet. That bridge should have been completed long ago, to accommodate the people of Dorchester.

The order was passed.

EMERGENCY HOSPITAL COMMISSION.

Ald. DOYLE offered an order—That His Honor the Mayor be hereby requested by this Board to appoint a commission, to consist of three or more persons, one of whom shall be a physician, to investigate and report as to the advisability of acquiring the Emergency Hospital for a branch of the Boston City Hospital.

Ald. DOYLE—Mr. Chairman, as I understand the situation at the Emergency Hospital today, the doors of that institution are closed. In the past it has been a great source of pride to the citizens of Boston that they had an institution of such great value in the heart of the business section of the city. Now, I have not spoken to anybody about the advisability of connecting this hospital with the city hospital at all, but I thought that, in view of their having taken so many cases there in the past and it being situated so near the centre of the city and the heart of the business district, where accidents are more liable to happen than in any other portions of the city, it might be well to ask the Mayor to appoint a commission to look into the matter and see if something cannot be done with a view to taking this as a part of the City Hospital system. I trust that the order will pass.

The order was passed.

NAMES ON STREET LAMPS.

Ald. McDONALD offered an order—That the Superintendent of Lamps be requested, where lamp posts are erected at the corner of a street, that the name of the street be placed on the lamp.

Passed.

TRANSFER OF WD. 21 LAND.

Ald. McDONALD offered an order—That the triangular lot bounded by Crawford, Abbotsford and Harold Sts., wd. 21, be transferred from the charge of the Street Department and placed under the care and custody of the Public Grounds Department.

Passed. Sent down.

SIDEWALK ON BEACON STREET.

Ald. COLBY offered an order—That the Superintendent of Streets make a sidewalk along Nos. 512-514 Beacon St., Wd. 11; in front of the estates bordering thereon; said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of brick, with granite edgestone, and report to this Board a schedule of the cost thereof.

Passed.

DELAY IN BRIDGE AT RICHFIELD ST.

The following was received:—

Mayor's Office, City Hall.

Boston, September 1, 1899.

To the Board of Aldermen:—

I transmit herewith a communication from the City Engineer in reply to your order requesting information as to "the reason for the delay on the construction of bridge at Richfield St., Wd. 20."

Respectfully,

Josiah Quincy, Mayor.

City of Boston, Engineering Department.
50 City Hall.

August 28, 1899.

Hon. Josiah Quincy, Mayor.

Sir:—In reply to the Board of Aldermen "That the City Engineer be requested to inform the Board of Aldermen, the reason for the delay on the construction of bridge at Richfield St., Wd. 20, being a part of the Columbia Road Improvement," I would say that this is to be a steel bridge supported by two abutments and by steel columns. The bridge is to carry the tracks of the New England Railroad Company, and the plans have just been received from the railroad officials for approval; the city is to bear the greater part of the expense of the bridge, but it was deemed best that the work of building it should be under control of the railroad company.

Yours respectfully,

William Jackson, City Engineer.

Ald. McDONALD—Mr. Chairman, the communication received from the engineer bears me out in the statement that if something had been done at the time when the Columbia Road was started and something placed in the contract so that the contractors having charge of the bridge would have to complete it within a certain time the work would have been done. The fact of the matter is this, that today the iron going into that bridge will cost the City of Boston at least one hundred per cent. more than it would have cost a year ago. There certainly has been some mistake in connection with the completion of this bridge.

The communication was placed on file.

RECESS TAKEN.

On motion of Ald. Day, the Board voted, at 3:42 P.M. to take a recess subject to the call of the Chairman.

The members of the Board reassembled in the Aldermanic Chamber and were called to order by the Chairman at 4:13 P.M.

PUBLIC IMPROVEMENTS.

Ald. O'TOOLE, for the Committee on Public Improvements, submitted the following:—

(1) Reports recommending leave to withdraw on the following petitions, referred today:—

Vincent Maschio, for leave to maintain a stand for sale of fruit, etc., in front of store 152 Washington St., Wd. 6.

Lyman Gibbs & Co., for leave to stand two dress forms on sidewalk at 25 Tremont Row, Wd. 6.

Reports accepted, petitioners given leave to withdraw.

(2) Report on the petition (referred to-day) of the Puritan Trust Co., for leave to lay an iron pipe for conveying steam under and across Franklin Ave., between

buildings numbered 21-29 and 33-35 Court St., Wd. 6—Recommending the passage of an order—That the Superintendent of Streets be authorized to issue a permit to the Puritan Trust Co. to lay, maintain and use a steam pipe, encased in a conduit, under and across Franklin Ave., the same to be used for steam heating purposes, connecting premises 21-29 Court St. with premises 33-35 Court St., as shown on a plan on file in the permit office of the Street Department; the work to be completed on or before December 31, 1899, according to the terms and conditions expressed in the ordinances of the city relating thereto.

Report accepted, order passed under suspension of the rule.

(3) Reports, on petitions referred today, recommending the passage of orders that the Superintendent of Streets be authorized to issue permits for work, to be completed on or before December 31, 1899, according to the terms and conditions expressed in the ordinances of the city relating thereto, are as follows:—

Henry E. Weston, to erect, maintain and use a wooden post 7 ft. high, 8 in. in diameter, in the sidewalk in front of estate 108 Dudley St., Wd. 18, the same to be placed against the building. James A. Doherty, to construct, maintain and use a bulkhead opening 3 ft. by 4½ ft. with a wooden cover, under and in the sidewalk in front of estate No. 1 Snowhill St., Wd. 6.

James P. Brown, to construct, maintain and use a bulkhead opening 3 ft. by 2 ft., with an iron cover, under and in the sidewalk in front of the Buckingham St. side of estate 265 Columbus Ave., Wd. 10.

Thomas Conners, to erect, maintain and use a hitching post in the sidewalk in front of estate 382 East Fourth St., Wd. 15.

H. J. Freeman, to lay, maintain and use a 1¼ inch iron pipe, with a screw cover attached, under and across the sidewalk in front of estate 132 Bowdoin St., Wd. 20.

Thomas Arthur, to lay, maintain and use a 1¼ inch iron pipe, with a screw cover attached, under and across the sidewalk in front of estate 317 Bennington St., Wd. 1.

Francis W. Kittredge, to construct, maintain and use four coal shutes, with iron covers of rough upper surface, said openings not to exceed 18 inches each in diameter, under and in the sidewalk in front of estate on the southerly corner of Warren and Morland Sts., Wd. 21, two on each street.

Reports accepted; orders severally passed.

(4) Reports, on petitions referred today, recommending the passage of orders, that the Superintendent of Streets be authorized to issue permits to move wooden buildings, on the terms and conditions expressed in the ordinance of the city relating thereto, are as follows:—

George R. Cavanagh, 1 pitch roof, 45 ft. in length, by 18 ft. in width, by 15 ft. in height, from present location on Blake St., across Dorchester Ave. to Kemp St., to foundation on said Kemp St., Wd. 16.

John Soley, 1, pitch roof, 43 ft. in length, by 29 ft. in width, by 30 ft. in height, from Metropolitan Ave. and Maynard St., Wd. 23, along said avenue to the town of Hyde Park.

Reports accepted; orders passed.

COURTESIES TO 26TH REGIMENT.

Ald. DAY offered an order—That a committee consisting of all the members of the Board, with such members of the Common Council as may be added, be appointed to make suitable preparations for extending the courtesies of the city to the officers and men of the Twenty-sixth Regiment, U. S. Volunteers, during their visit to this city.

Passed. Sent down.

PROJECTIONS.

Ald. DAY, for the Committee on Building Department (Ald.), submitted reports

recommending that leave be granted on petitions referred today, as follows:—

Alexander Cava, for leave to project an illuminated sign at 24 Tremont Row, Wd. 6.

Eugene Fellner, for leave to project a sign at 134 Federal St., Wd. 7.

Ored E. Lewis, for leave to project a druggist's mortar at 1932 Centre St., Wd. 23.

William J. Power, for leave to project a campaign transparency over East St., Wd. 20.

Daniel J. Sullivan, for leave to project a transparency at 64 Fleet St., Wd. 6.

W. W. Austin, for leave to project a watch sign at 977 Boylston St., Wd. 11.

Samuel Gens, for leave to project a key sign at 387 Shawmut Ave., Wd. 12.

Placido Pullia, for leave to project two barber poles and two signs at 21 High St., Wd. 7.

Frank Landino, for leave to project a barber pole at 317 Sumner St., Wd. 2.

Samuel Katz, for leave to project four umbrellas at 19 Tremont Row, Wd. 6.

Louis Moscovitch, for leave to project a sign at 78 Green St., Wd. 8.

Semon Shufro, for leave to project a sign at 365 Harrison Ave., Wd. 9.

Frank O. Newton, for leave to project a flagpole at 14 Franklin Ave., Wd. 6.

John Spinelli, for leave to project an illuminated sign at 112 Court St., Wd. 6.

James J. Brock, for leave to project a transparency at 7 City Sq., Wd. 5.

Peter F. Tague, for leave to project a campaign transparency at 87 Bunker Hill St., wd. 3.

Peter F. Tague, for leave to project a campaign transparency at 422 Bunker Hill St., wd. 3.

Peter F. Tague, for leave to project a campaign transparency at 524 Main St., wd. 4.

John W. Green, for leave to project a campaign transparency at 213 Hanover St., wd. 6.

W. T. A. Fitzgerald, for leave to project a campaign transparency at 166 Harrison Ave., wd. 7.

Joseph F. Hickey, to project a transparency at 245 Sumner St., wd. 2.

Reports accepted, leave granted on the usual condition.

SIDEWALK ON TALBOT AVE.

Ald. ADAMS offered an order—That the Superintendent of Streets make a sidewalk along Talbot Ave., southerly side, between Norfolk Ave. and the railroad bridge, wd. 20, in front of the estates bordering thereon; said sidewalk to be from 5 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of gravel, with granite edgestone, and report to this Board a schedule of the cost of said work.

Passed.

DISPOSAL OF GARBAGE BUILDINGS.

Ald. ADAMS offered an order—That the Law Department be requested to furnish this Board at its next meeting advice as to what disposal can legally be made of the old garbage plant buildings standing on the Gibson School Fund land, said land having been sold at public auction by this Board.

Passed.

GAS LAMPS ON HALF MOON STREET.

Ald. ADAMS offered an order—That the Superintendent of Lamps be requested to put in necessary gas lamps on Half Moon St., Wd. 16.

Passed.

ELECTRIC WIRES.

Ald. DOYLE, for the Committee on Electric Wires, submitted the following:—

(1) Reports on the petitions of the (a) N. E. Tel. & Tel. Co. of Mass. (referred today) for leave to erect and remove poles on Ashland St., Wd. 23, and (b) Postal Telegraph Cable Co., for leave to relocate poles on A St., to remove poles on West Fifth

and B Sts., and to place wires and cables in Dorchester Ave.—Recommending the passage of orders of notice for hearings thereon Tuesday, Sept. 12, at 3 P.M., when any parties who object thereto may appear and be heard.

(2) Report on the petition of the N. E. Tel. & Tel. Co. of Mass. (recommitted today)—Recommending the passage of the accompanying orders:—

Ordered, That permission be granted to The N. E. Tel. & Tel. Co. of Mass. to place and maintain poles for the support of wires at points designated by red dots on a plan deposited in the office of the Superintendent of Streets, made by G. H. Dresser; said poles to be located as follows:—

Rockview St., Wd. 22, 2, 35 ft. by 13 in., sidewalk 7 ft. wide; Chester St., Wd. 25, 2, 35 ft. by 13 in., sidewalk 7 ft.; Hobart St., Wd. 25, 4, 35 ft. by 13 in., sidewalk 7 ft.; North Harvard St., Wd. 25, 1, 35 ft. by 13 in., sidewalk 10 ft.; Washburn St., Wd. 16, 6, 40 ft. by 1½ in., sidewalk 8 ft.; Rawson St., Wd. 16, 5, 40 ft. by 14 in., sidewalk 8 ft.; date of plan, July 22, 1899.

Ordered:—That permission be further granted to said company to remove from Rockview St. three poles and North Harvard St. one pole, shown by black crosses on said plan.

The Superintendent of Streets is hereby authorized to issue permits for opening and occupying streets for placing and maintaining said poles on the conditions specified in chapter 38, section 15, of the Revised Ordinances of 1898.

The work of locating and removing said poles to be completed within ninety days from the date of the passage of this order.

Report accepted, order passed under suspension of the rule.

(2) Report on the petition of the West End Street Railway Co. (recommitted today), recommending the passage of the accompanying order:—

Ordered: That permission be hereby granted to The West End Street Railway Company, to lay and maintain underground conduits for electric wires and cables, provided with suitable manholes from the Central Power Station on Harrison Ave., thence through Harrison Ave. to Rollins St., thence through Rollins St. to Washington St., thence through Washington St. to a point near Waltham St.

The surface of said streets shall be disturbed for the purpose of laying or repairing cables, or conduits therefor, only at such times and in such manner and place of opening as the Superintendent of Streets shall indicate and issue permits therefor; and the surface of said streets shall not be disturbed as above until a plan has been filed in the office of the Superintendent of Streets showing the location of said underground conduits and manholes in the aforesaid streets.

All the work of laying said conduits to be done under the direction and to the satisfaction of the Superintendent of Streets, and in accordance with the requirements of chapter 38, section 14, of the Revised Ordinances of 1898.

Report accepted, order passed under suspension of the rule.

(3) Report on the petition of the N. E. Tel. & Tel. Co. of Mass. (recommitted today), recommending the passage of the accompanying orders:—

Ordered, That permission be granted to The N. E. Tel. & Tel. Co. of Mass. to place and maintain a pole for the support of wires at a point designated by a blue dot on a plan deposited in the office of the Superintendent of Streets, made by C. A. Perkins; said pole to be located as follows:—

Bellevue St., Wd. 20, 1 pole, 35 ft. by 12 inches, sidewalk 7 ft. wide, plan dated May 23, 1899.

Ordered, That permission be further granted the said company to remove from Bellevue St. one pole shown by a red dot marked "removed" on said plan.

The Superintendent of Streets is hereby authorized to issue permits for opening and occupying streets for placing and maintaining said poles on the conditions specified in chapter 38, section 15, of the Revised Ordinances of 1898.

The work of locating and removing said poles to be completed within ninety days from the date of the passage of this order.

Report accepted; order passed under suspension of the rule.

(4) Report on the petition of the N. E. Tel. & Tel. Co. of Mass. (recommitted today), recommending the passage of the accompanying orders:—

Ordered, That permission be granted to The N. E. Tel. & Tel. Co. of Mass. to place and maintain a pole for the support of wires at a point designated by a blue dot on a plan deposited in the office of the Superintendent of Streets, made by C. A. Perkins; said pole to be located as follows:—

Wensley St., Wd. 19, 1, 45 ft. by 15 inches, sidewalk 7 ft. wide, plan dated November, 1899.

Ordered, That permission be further granted the said company to remove from Wensley St. one pole, shown by a blue dot marked "removed" on said plan.

The Superintendent of Streets is hereby authorized to issue permits for opening and occupying streets for placing and maintaining said poles on the conditions specified in chapter 38, section 15, of the Revised Ordinances of 1898.

The work of locating and removing said poles to be completed within ninety days from the date of the passage of this order.

Report accepted, order passed under suspension of the rule.

(5) Report on the petition of the N. E. Tel. & Tel. Co. of Mass. (recommitted today)—Recommending the passage of the accompanying orders:—

Ordered, That permission be granted to The N. E. Tel. & Tel. Co. of Mass. to place and maintain poles for the support of wires at points designated by red dots on a plan deposited in the office of the Superintendent of Streets, made by G. H. Dresser; said poles to be located as follows:—

Eagle St., Wd. 1, two, 35 ft. by 13 in., sidewalk 8 ft. wide, plan dated Aug. 9, 1899.

Ordered, That permission be further granted to said company to remove from Eagle St. one pole shown by a black cross on said plan.

The Superintendent of Streets is hereby authorized to issue permits for opening and occupying streets for placing and maintaining said poles on the conditions specified in chapter 38, section 15, of the Revised Ordinances of 1898.

The work of locating and removing said poles to be completed within ninety days from the date of the passage of this order.

Report accepted, order passed under suspension of the rule.

(6) Report on the petition of the N. E. Tel. & Tel. Co. of Mass. (recommitted today)—Recommending the passage of the accompanying order:—

Ordered, That permission be granted to The N. E. Tel. & Tel. Co. of Mass. to place and maintain poles for the support of wires at points designated by red dots on a plan deposited in the office of the Superintendent of Streets, made by G. H. Dresser; said poles to be located as follows:—

Cornell St., Wd. 23, five poles, 30 ft. by 12 in., sidewalk 8 ft. wide, plan dated Aug. 7, 1899.

The Superintendent of Streets is hereby authorized to issue permits for opening and occupying streets for placing and maintaining said poles on the conditions specified in chapter 38, section 15, of the Revised Ordinances of 1898.

The work of locating said poles to be completed within ninety days from the date of the passage of this order.

Report accepted, order passed under suspension of the rule.

(7) Report on the petition of the passage of the accompanying orders:—

Ordered: That permission be granted to N. E. Tel. & Tel. Co. of Mass., to place and maintain poles for the support of wires designated by red dots on a plan deposited in the office of the Superintendent of Streets, made by G. H. Dresser; said poles to be located as follows:—

Ashmont St., 3, 35 ft. by 13 inches, sidewalk 7½ ft.; Waldorf St., 1, 35 ft. by 13 inches, sidewalk 7½ ft.; Marsh St., 14, 30 ft. by 12 inches, sidewalk 6 ft.; Talbot Ave., 1, 35 ft. by 13 inches, sidewalk 10 ft.; date of plan, August 4, 1899.

Ordered: That permission be further granted to said company to remove from Talbot Ave. one pole shown by a black cross on said plan.

The Superintendent of Streets is hereby authorized to issue permits for opening and occupying streets for placing and maintaining said poles on the conditions specified in chapter 38, section 15, of the Revised Ordinances of 1898.

The work of locating and removing said poles to be completed within ninety days from the date of the passage of this order.

Report accepted, order passed, under suspension of the rule.

(8) Report on the petition of the N. E. Tel. & Tel. Co. of Mass. (recommitted today), recommending the passage of the accompanying orders:—

Ordered: That permission be granted to the N. E. Tel. & Tel. Co. of Mass. to place and maintain poles for the support of wires at points designated by blue dots on a plan deposited in the office of the Superintendent of Streets, made by—; said poles to be located as follows:—

Cambridge St., wd. 25, 32 poles, 40 ft. by 15 inches, sidewalk 15 ft. wide, plan dated September 23, 1891.

Ordered, That permission be further granted to said company to remove from Cambridge St. 32 poles shown by red dots on said plan.

The Superintendent of Streets is hereby authorized to issue permits for opening and occupying streets for placing and maintaining said poles on the conditions specified in chapter 38, section 15, of the Revised Ordinances of 1898.

The work of locating and removing said poles to be completed within six months from the date of the passage of this order.

Report accepted; order passed under suspension of the rule.

THE NEXT MEETING.

Ald. BERWIN offered an order—That when this Board adjourns it be to meet on Tuesday, September 12, 1899, at 3 o'clock P.M., and that any hearings on orders of notice assigned for a prior date be postponed accordingly.

Passed.

GENERAL RECONSIDERATION.

Ald. BERWIN moved to reconsider the action taken today on all reports and orders; lost.

Adjourned, on motion of Ald. Day, at 4:25 P.M., to meet on Tuesday, Sept. 12, 1899, at 3 P.M.

Proceedings of the Board of Aldermen.

Tuesday, Sept. 12, 1899.

Adjourned regular meeting of the Board of Aldermen, held in the Aldermanic Chamber, City Hall, at 3 o'clock p.m., Ald. Presho, senior member, presiding in the absence of Chairman Barry.

The Board voted, on motion of Ald. Berwin, that the reading of the records of the last meeting be dispensed with.

REDUCTION OF WAGES IN BATH DEPT.

Mayor's Office, City Hall,
Boston, Sept. 2, 1899.

To the Board of Aldermen:—

I transmit herewith a communication received from the Trustees of the Bath Department in reply to your order requesting a statement of "the reasons for the reduction in wages of the employees of the department." Respectfully submitted,

Josiah Quincy, Mayor,
City of Boston.

Department of Baths, 64 Pemberton Sq.
Sept. 2, 1899.

Hon. Josiah Quincy, Mayor, City of Boston.

Dear Sir:—I am requested by the Trustees of the Bath Department to state in reply to the order from Board of Aldermen dated Aug. 15, 1899, that no reduction was made in the wages of the employees of the Bath Department for the year 1899, and that no reduction was contemplated.

On account of the continued cold weather during the past summer season, receipts for suits and towels did not come up to the estimate made by the Trustees, and in order to continue the bathing season to September, the Trustees at one time contemplated the plan of working the employees half time with half wages, but it was found unnecessary to put this into effect. Yours respectfully,

Daniel D. Kearns, Secretary.

Ald. BERWIN.—Mr. Chairman, in the absence of Ald. Dixon, who introduced the order, I move the further reading be dispensed with and that the matter be referred to the Committee on Public Improvements.

The matter was so referred.

VETO—ERECTION OF WOODEN POST.

The following was received:—

Mayor's Office, City Hall,
Boston, September 8, 1899.

To the Board of Aldermen:—

I return herewith without my approval order passed by your Board authorizing the Superintendent of Streets to issue a permit to Henry E. Weston to erect, maintain and use a wooden post, seven feet high and eight inches in diameter, on the sidewalk in front of estate No. 108 Dudley St., for the reason that such permission cannot be legally granted.

Respectfully submitted,

Josiah Quincy, Mayor.

The Board reconsidered its previous action in passing the order, and then refused to pass the order over the Mayor's veto, yeas 0, nays 7.

PETITIONS REFERRED.

The following petitions were received and were referred to the committees named, viz:—

Building Dept. (Ald.).

Petitions for leave to project signs, etc., viz:—

English Weaving Co., Limited, an electric light sign, at 36 Court St., Wd. 6.

Pasquale Pollia, a barber pole, at 21 High St., Wd. 6.

W. Eowman Cutter, asking for an investigation into acts of the Boston Elevated Railway Company, in the matter of alleged taking by said company of certain land, claiming that said taking was illegally made.

William J. Keefe for leave to place a stand for the sale of newspapers in front of 6 Maverick Sq., Wd. 2.

Petitions for sidewalks, viz.:

Charles F. Hargrave, on Havre St. side of estate 62 Porter St., Wd. 1.

R. C. Hooper, cor. Beacon and Hereford St., Wd. 11.

W. B. Thomas, cor. Beacon St. and Massachusetts Ave., Wd. 11.

John R. Meins, West Third St., cor. 129 B St., Wd. 13.

A. Diamond, 327-329 and 341-351 Heath St., Wd. 19.

Edward A. Bangs, 17 Vancouver St., Wd. 19.

Thomas B. Noonan, 38 Eliot St., Wd. 23.

Estate of Volney Wilder, 34 Elm St., Wd. 22.

LEAVE GRANTED ON PETITIONS.

Ald. PRESHO presented the petition of the New England Gas & Coke Co. to be allowed to trim trees on Alford St., Charlestown.

The rule was suspended, on motion of Ald. Presho, and leave was granted on the usual conditions.

Ald. DAY presented the petition of James H. Donovan for leave to project two campaign transparencies at 20 Meridian St., Wd. 2.

The rule was suspended, on motion of Ald. Day, and leave was granted on the usual conditions.

CONFIRMATION OF EXECUTIVE APPOINTMENTS.

On motion of Ald. Colby, under unfinished business, the Board took up the following:

Action on appointments submitted by the Mayor, viz.:

36. Patrick R. Dunn, to be an Inspector of Pressed or Bundled Hay and Straw.

37. Edward P. Murphy, to be a Weigher of Coal.

38. John V. Haley, to be a Weigher of Coal.

All for the term ending April 30, 1900.

The question came on confirmation, Committee, Ald. Colby and Dixon. Whole number of ballots, 8; yes, 8, and the appointments were severally confirmed.

BAY WINDOWS—ORDERS OF NOTICE.

On the following petitions for leave to project bay windows:—

J. C. Spillane, three, Tremont St., near Carmel St., Wd. 19.

Arthur Murphy, four, 365 and 369 A, Neponset Ave. and 2 and 2A Chickatawbut St., Wd. 24.

Women's Club, a cornice, 13-15 Beacon St., Wd. 7.

Orders of notice were passed for hearings thereon on Monday, Sept. 25, at 3 o'clock p.m., when any parties objecting thereto may appear and be heard.

HEARINGS AT 3 O'CLOCK.

1. On petition of the New England Telephone and Telegraph Company of Massachusetts for: leave to erect and to remove poles on Ashland St., Wd. 23.

2. On petition of the Postal Telegraph-Cable Company for leave to re-locate four poles on A St., to remove all its poles on West Fifth and B Sts., and to place wires and cables on ten poles of the American Telephone and Telegraph Company (that company consenting thereto) on Dorchester ave.

No objections. Severally recommended to the Committee on Electric Wires.

On petitions of the West End Street Railway Company, viz.:

3. For a location for double tracks on a portion of Cambridge St., Brighton.

4. For a location for double curves at the junction of Columbia Road and Stoughton St., Wd. 20.

5. For a location for an additional track on Cambridge St., Wd. 25, from the line of the city of Cambridge to a point on said street about 425 feet westerly.

6. For a location for double tracks in portions of Swett St. and Massachusetts Ave., with the right to use the overhead trolley system thereon.

No objections. Severally recommended to the Committee on Railroads.

7. On petition of the Forest Hills and Quincy Street Railway Company, for a location for tracks, with the right to use the overhead electric system thereon, on Washington, Morton, Codman, Adams and Minot Sts., Neponset Ave., Sanford and Marsh Sts., etc.

Albust F. Hayden, representing property owners between Codman St. and Forest Hills, and Daniel D. Scott of 848 Adams St., Dorchester, appeared and objected, but stated that they would have no objection to a postponement, or reference to the Committee on Railroads, when a public hearing might be had.

Ald. Codman said that, in view of the fact that another corporation has petitioned for the right to cover practically the same district, it would be well to have both matters heard together; and he moved assignment of the hearing to Oct. 2nd.

No further objections. The hearing was postponed to October 2nd.

RECESS TAKEN.

On motion of Ald. McDonald, the Board, at 3.21 p.m., took a recess, subject to the call of the Chair.

The Board reassembled in the Aldermanic Chamber at 4.14 p.m.

The Chair in calling the Board to order, said: The Board has taken the following vote:—

In Board of Aldermen, Sitting as County Commissioners.

Ordered—That whereas certain proceedings filed with petitions for the assessment of Damages for land taken by the Boston Elevated Railway Co. have raised a ques-

tion as to the right of the Board, as County Commissioners, to assess damages, for the reason that the Railway Co. has not taken said land in conformity with the statutes of this Commonwealth, the Board first hear the petitioners and respondents on the issue so raised, and that all matters with reference to the actual assessment of damages be postponed until some subsequent meeting of the Board, of which meeting due notice shall be given to all parties in interest.

The order was passed.

The Chair stated that the Board, in accordance with the vote, would simply hear statements on the question of legality, not concerning damages.

The Board proceeded to consider No. 14 on the calendar, the petition of the Elevated Railway Company that the Board estimate and determine the damages occasioned by the taking by the Company of land of John W. Bemis, 7 Porter St.

In connection with the petition, at suggestion of Ald. Colby, the Clerk read the language of the petition in full; also a plea in abatement of Robert P. Holmes, one of the respondents in the proceedings, through his attorney, David R. Robinson, on the ground that the petitioner did not take the premises in accordance with the statutes, that his damages be assessed against the petitioner and that there be an abatement and that the respondent have judgment for his costs; also a petition of the Boston Elevated Railway Company, setting forth the fact that it took in fee the land referred to, being informed that on the date of taking John W. Bemis was the owner of the premises, that David H. Greenwood was the owner of a conditional contract for the conveyance of the same, that Robert P. Holmes was the owner of a lease upon the premises, that there was no mortgage upon them, and praying the Board to estimate and determine the damages occasioned by the taking; also a denial from David H. Greenwood by his attorneys, Sprout & Hurd, and B. H. Greenwood, that the petitioner has taken the property described, that therefore there is nothing for the Board to determine, that the petitioner was authorized by law to take property without purchase only when necessary for its purposes and when unable to obtain it by agreement with the owner, that the property was not taken as allowed by the statute, and that the petitioner, prior to its pretended taking of the property, was not unable to obtain it by purchase and did not make any attempt or endeavor to so obtain it, that the Elevated Railway Company in the action it has taken was a mere trespasser, acting against law and without legal authority, and without having acquired or since acquiring any legal title to the property or any part thereof, and praying that, as the petitioner has not observed the essential conditions precedent to the vesting in the Board of jurisdiction to estimate and determine damages, and inasmuch as there has been no lawful taking of the premises, the petition for assessment of damages be dismissed and that the respondent have judgment for his costs.

George C. Travis, representing the Boston Elevated Railway Company, said he did not care to be heard until he had something to reply to.

William B. Sprout, for respondents, suggested that, as there had been no time since the filing of papers for preparation, the hearing be further postponed to a day in the immediate future.

To this Mr. Travis said he had no objection, simply suggesting that he would like to have the Board pass upon certain cases, which he named, where respondents were willing to accept a finding of one dollar damages.

The Chairman ruled, however, that under the vote taken the question of damages could not be considered at this time.

On motion of Ald. Brick, it was voted that at the next meeting of the Board

there shall be hearings solely upon these matters, and that when the Board adjourn it be to meet on Monday next at 3 P. M.

It was further voted on motion of Ald. Brick, that the Board take a recess subject to the call of the Chair.

The Board retired at 4.32 P.M., and re-assembled in the aldermanic chamber at 5.21 P.M.

LICENSES.

Ald. COLBY, for the Committee on Licenses, submitted the following:—

(1) Reports on petitions referred today, recommending that licenses be granted as follows:—

Boston Retail Grocers' Association, for the Boston Food Fair, at Mechanics Building, on Huntington Ave., for the period from Oct. 2 to Oct. 25 inclusive.

Harriet L. Tobin, for dancing academy, school and socials at Sunlight Hall, 829 Washington St., for the season ending August 1, 1900.

J. J. Delaney, for musical and dancing entertainments at Red Men's and Dwight Halls, 514 Tremont St., for the season ending August 1, 1900.

Same petitioner, for dancing and musical entertainments at Deacon Halls, 1651 Washington St., for the season ending August 1, 1900.

Lyman W. Rumney, for musical, dramatic and dancing entertainments at Castle Square Hall, 446 Tremont St., for the season ending August 1, 1900.

A. P. Wheelock, for musical, literary and dancing entertainments at Wheelock Hall, 553 Columbia Road, for the season ending August 1, 1900.

Fred T. Bridge, for musical, dramatic and dancing entertainments at Jubilee Hall, 646 Warren St., Wd. 21, for the season ending August 1, 1900.

Ned Chinchill, for a marionette show and musical and dancing entertainments, in basement at 30 South Margin St., for the season ending August 1, 1900.

Reports accepted, licenses granted on the usual conditions.

(2) Reports recommending that minors' licenses be granted to 38 newsboys, 7 boot-blacks and three pedlars.

Reports accepted, licenses granted on the usual conditions.

PUBLIC IMPROVEMENTS.

Ald. O'TOOLE, for the Committee on Public Improvements, submitted the following:—

(1) Reports, on petitions referred today, recommending the passage of orders that the Superintendent of Streets be authorized to issue permits for work, to be completed on or before December 31, 1899, according to the terms and conditions expressed in the ordinances of the city relating thereto, as follows:—

W. A. Naylor, M.D.V., to erect, maintain and use a hitching post in the sidewalk in front of estate 495 Blue Hill Ave., Wd. 21.

Frank B. Gilbreth, to erect, maintain and use three guy posts and attached ropes thereto, as follows:—

One in front of 10½ Beacon St.; one in front of 6 Beacon St.; one in front of 15 Beacon St.; said posts to be used in the construction of the Women's Club House on Beacon St., Wd. 6.

Norcross Brothers, to stretch, maintain and use two guy ropes over and across Boylston St., at the Old Public Library, Wd. 7.

Walworth Manufacturing Company, to construct, maintain and use a coal vault 10 ft. by 4 ft., opening not to exceed 18 inches in diameter with an iron cover of rough upper surface, under and in the sidewalk on the Leather Sq. side of estate 130 Federal St., Wd. 7.

J. L. McKay, to construct, maintain and use four areas, 30 inches by 48 inches each, with iron covers, under and on the Ips-

wich St. side of estate 1091 Boylston St., Wd. 11.

P. H. Sheehan, to lay, maintain and use a 1½ inch iron pipe, with a screw cover attached thereto, under and across the sidewalk in front of estate 52 Dover St., Wd. 9.

Samuel B. Hodgkins & Co., to lay, maintain and use a 1½ inch iron pipe, with a screw cover attached thereto, under and across the sidewalk in front of estate on Prescott St., at the corner of Princeton St., Wd. 1.

Reports accepted; orders passed under suspension of the rule.

(2) Reports recommending the passage of orders that the Superintendent of Streets make sidewalk, to be from 3 to 10 inches above the gutter adjoining and to be from 5 to 12 ft. in width, owner to furnish material, in front of the following estates:—

R. C. Hooper (petition referred today), corner of Beacon and Herford Sts., Wd. 11, artificial stone with granite edgestone.

Isaiah Nickerson (referred Sept. 1), 66-68 Kernwood St., Wd. 20, artificial stone.

Herman Weschkolofsky (referred September 1), 29 Michigan Ave., Wd. 20, artificial stone.

Crescent Associates (referred August 21), Savin Hill Ave., corner of Spring St., Wd. 20, artificial stone, with granite edgestone.

John McWeeny (referred September 1), 29-31 Hunneman St., Wd. 17, artificial stone, with artificial edgestone.

M. S. Fenys (referred August 21), 50 Forbes St., Wd. 22, artificial stone.

Charlotte P. Williams (referred August 21), 493 Washington St., Wd. 20, brick, with granite edgestone.

Annie T. Wolfson (referred August 21), 249-251-253 Marion St., Wd. 2, brick, with granite edgestone.

Frederick J. Herthel, Jr., (referred Aug. 21), Willow St., corner Weld, Wd. 23, gravel, with granite edgestone.

G. A. Currier, (referred August 21), 45 Brookford St., Wd. 16, brick, with granite edgestone.

Fanny Faingold, (referred Sept. 1), 71 Morris St., Wd. 1, gravel, with granite edgestone.

J. E. Willis, (referred September 1), 25 Crescent Ave., Wd. 20, brick, with granite edgestone.

Reports accepted, orders severally passed.

(3) Report on the message of His Honor the Mayor, with accompanying order (referred July 17),—recommending the passage of an accompanying substitute order, and that the message be sent down.

The substitute order referred to was as follows:—

Ordered—That the Board of Street Commissioners be and hereby are requested to take the land situated on Warren Ave. for the location of Engine Company 22; the appropriation for the same having been provided in accordance with Chapter 434 of the Acts of 1898.

The report was accepted and the substitute order was passed, Ald. Colby calling for the yeas and nays, yeas 7, nays 4.

Yeas—Ald. Adams, Berwin, Brick, Codman, Dixon, Doyle, O'Toole—7.

Nays—Ald. Colby, Day, McDonald, Presho—4.

Sent down with accompanying message.

(4) Report on message of His Honor the Mayor (referred September 1), transmitting communication from Fire Commissioner relative to site for Engine 22,—that the same be sent down. Report accepted, message sent down.

(5) Report on the message from His Honor the Mayor (referred today) transmitting communication from Bath Trustees relative to reduction of wages of employees, that the same be placed on file.

Report accepted, said message placed on file.

RAILROADS.

Ald. DIXON, for the Committee on Railroads, submitted a report on the petition of the West End Street Railway Co. (referred today), for a location for double tracks on Morton, Codman, Adams, Minot and Marsh Sts. and Neponset Ave., with the right to use the overhead trolley systems thereon.—Recommending the passage of an order of notice for a hearing thereon on Monday, Oct. 2, 1899, when any parties desiring to object may appear and be heard.

Report accepted; order of notice passed.

STATE AID.

Ald. DIXON, for the Committee on State Aid, submitted a report recommending the passage of an order for the payment of aid to soldiers and sailors and their families in the city of Boston for the month of September, under the provisions of the various acts of the Legislature providing for said payment.

Report accepted; order passed.

VETO—ERECTION OF BARBER POLE.

The Board voted, on motion of Ald. Colby, to take No. 39 from the table, viz.:

39. Report of the Committee on Public Improvements on the message of the Mayor vetoing a permit to John J. Dailey to place a barber pole in the sidewalk at 1423 Dorchester Ave.—recommending that said message be placed on file, and that said veto be sustained.

The question came on granting permit the Mayor's veto to the contrary notwithstanding. The Board refused to grant the permit over the veto as two thirds of the members did not vote in the affirmative, the vote standing:—

Yeas.—Ald. Adams, Codman, Doyle, McDonald, O'Toole, Presho—6.

Nays—Ald. Berwin, Brick, Colby, Day, Dixon—5.

PROJECTION OF SIGNS ETC.

Ald. DAY, for the Committee on Building Dept. (Ald.), submitted the following:—

(1) Reports on petitions for leave to project signs, etc.—recommending that leave be granted, viz.:

Pasquale Pollia (referred today), barber pole, 21 High St., Wd. 6.

Samuel Gens (referred today), umbrella sign, 387 Shawmut Ave., Wd. 12.

Scott & Palmer (referred today), canvas sign, 453 Blue Hill Ave.

James D. Russo (referred today), barber pole, 104 Essex St., Wd. 7.

Wm. Hartnett (referred today), sheet for stereopticon views on building on n. w. corner Maverick Sq. and Maverick St., Wd. 2.

Fred Lee Smith (referred Aug. 21), V illuminated sign, 29½ Tremont St., Wd. 6.

English Weaving Co., Limited (referred today), electric light sign, 36 Court St., Wd. 6.

John J. Douglass (referred today), campaign transparency, Winthrop Block, Maverick Sq., Wd. 2.

John J. Douglass (referred today), political transparency, 35 Orleans St., Wd. 2.

Ward 16 Republican Club (referred today), transparency, 121 Clifton St., Roxbury.

Joseph F. Hickey (referred today), cloth for stereopticon views, Maverick St. corner Sumner St., Wd. 2, on evening of Sept. 15th.

Reports severally accepted; leave granted on the usual conditions.

(2) Reports on petitions for leave to project signs, etc.—that the petitioners be given leave to withdraw, viz.:

Suffolk Engraving Co. (referred Sept. 1), shelf for printing frames, 234 Congress St., Wd. 7.

Massachusetts Boot & Shoe Co. (referred

Sept. 1), show case, 26 Tremont Row, Wd. 6.

John B. Doyle (referred Sept. 1), swinging signs, 495 Neponset Ave., Wd. 24.

Trainer & Everill (referred today), pole on which to hang clothing, 152 Dover St., Wd. 9.

Hyman Goldstein (referred today), sign, 47 Broadway extension, Wd. 7.
Accepted.

DEWEY SQUARE CONGESTION.

Ald. McDONALD offered an order—That the City Engineer be requested to consult with the Boston Terminal Company and report a plan, with cost, which will abate the difficulties for the public in Dewey Sq., in relieving the congestion there, with a view also that the cost should largely be assumed by the Terminal Company.
Passed.

GENERAL RECONSIDERATION.

Ald. Berwin moved a general reconsideration on all matters acted upon at the meeting, hoping that the same would not prevail. Lost.

USE OF FANEUIL HALL.

Ald. CODMAN, for the Committee on Faneuil Hall, etc., submitted a report on the petition of Farmers' National Congress (referred today), for the use of Faneuil Hall, day and evening, on Oct. 3, 4, 5, 6, 7, and 8,—that leave be granted.

Report accepted; leave granted on the usual conditions.

ELECTRIC WIRES.

Ald. DOYLE, for the Committee on Electric Wires, submitted the following:—

(1) Report on the petition of the Boston Electric Light Co., (referred today), for leave to erect poles in Union Park, and in Washington, Worcester, Newman, K, L, P and H Sts., Dorchester Ave., Broadway, London, Liverpool and Paris Sts.—Recommending the passage of an order of notice for a hearing thereon on Monday, Sept. 18th, at 3 p.m., when any parties desiring may appeal and be heard.

Report accepted; order of notice passed.

(2) Report on the petition of the Postal Telegraph-Cable Co., (recommitted today), recommending the passage of the following:—

Ordered That permission be granted to the Postal Telegraph-Cable Company to place and maintain poles for the support of wires at points designated by red dots on a plan deposited in the office of the Superintendent of Streets, made by J. Paul Haynes; said poles to be located as follows:—

A street, 4 poles, 40 ft. high, 14 in. in diameter; width of sidewalk, 8 ft. Date of plan; Aug. 31, 1899.

Ordered, That permission be further granted to said company to remove from A St. four poles, from West Fifth St. 6 poles, and from B St. 6 poles, shown by blue dots on said plan.

Ordered, That permission be hereby granted to the American Telephone and Telegraph Co. to allow the attachment of, and to the Postal-Telegraph Cable Co. to attach, the wires and cables of said cable company to ten poles of said telegraph company on Dorchester Ave., between West Fifth St. and Columbia Road.

The Superintendent of Streets is hereby authorized to issue permits for opening and occupying streets for placing and maintaining said poles on the conditions specified in chapter 38, section 15, of the Revised Ordinances of 1898.

The work of locating and removing said poles to be completed within six months from the date of the passage of this order.
Report accepted; order passed, under a suspension of the rule.

(3) Report on the petition of the New England Telephone and Telegraph Com-

pany of Mass. (recommitted today), for leave to erect and to remove poles on Ashland St., Wd. 23—Recommending the passage of the following:

Ordered, That permission be granted to the New England Telephone and Telegraph Company of Mass. to place and maintain poles for the support of wires at points designated by blue dots on a plan deposited in the office of the Superintendent of Streets, made by C. A. Perkins, dated Nov., 1889; said poles to be located as follows:—Ashland St., Wd. 23, 2 poles, 35 ft. high, 13 in. in diameter; width of sidewalk, 6 ft.

Ordered, That permission be further granted to said company to remove from Ashland St. two poles shown by dots marked "removed" on said plan.

The Superintendent of Streets is hereby authorized to issue permits for opening and occupying streets for placing and maintaining said poles on the conditions specified in chapter 38, section 15, of the Revised Ordinances of 1898.

The work of locating and removing said poles to be completed within ninety days from the date of the passage of this order.

Report accepted; order passed, under a suspension of the rule.

(4) Report on the petition of the same company (referred Sept. 1), for extension of time in which to erect poles in Washington St., Dorchester—Recommending the passage of the following:

Ordered, That the time allowed The New England Telephone and Telegraph Co. of Mass. in which to locate poles on Washington St., Dorchester, under the order passed by this Board, May 16, 1899, be and the same is hereby extended to October 16, 1899.

Report accepted; order passed, under a suspension of the rules.

GARBAGE PLANT ON GIBSON LAND.

Ald. ADAMS offered an order—That the Superintendent of Streets notify the owners of the Garbage Plant buildings, so-called, on the Christopher Gibson land in Dorchester to remove the same within two weeks of said notice, or the city will consider the said buildings as belonging to the city.

Passed.

ELECTRIC LIGHT. N. BENNET ST.

Ald. DIXON offered an order—That the Superintendent of Lamps be requested to locate and maintain an electric light on North Bennet St., Wd. 6, either permanently or temporarily during the various caucuses; the expense of the same to be charged to the appropriation for Lamp Department.

Passed, under a suspension of the rules.

EIGHT-HOURS WORKING DAY.

Ald. DOYLE offered an order—That His Honor the Mayor be hereby requested by this Board to instruct the heads of departments to establish an eight hour working day during the winter months for all employes whose working day is now more than eight hours.

Passed.

REMOVAL OF TREES, DORCHESTER.

Ald. McDONALD offered an order—That the Superintendent of Public Grounds be requested to remove two trees on the right hand side of Humphreys St. from Cottage St., opposite Daloz's factory.

Passed, under a suspension of the rule.

CROSSWALK AT TERMINAL STATION.

Ald. McDONALD offered an order—That the Superintendent of Streets be requested to construct a crosswalk at the Terminal Station, at or near the corner of the Summer St. extension and New Dorchester Ave. and Summer St. bridge.

Passed.

Adjourned at 5.40 P.M., on motion of Ald. Codman, to meet on Monday, Sept. 18, at 3 o'clock, P.M.

CITY OF BOSTON.

Proceedings of the Board of Aldermen.

Monday, Sept. 18, 1899.

Regular meeting of the Board of Aldermen, held in the Aldermanic Chamber, City Hall, at 3 o'clock P.M., Chairman Barry presiding and all the members present.

The Board voted, on motion of Ald. Berwin, to dispense with the reading of the records of the last meeting.

JURORS DRAWN.

Jurors were drawn in accordance with the provisions of Chap. 514 of the Acts of 1894, viz:—

Thirty-four traverse jurors, Superior Criminal Court, Oct. 9:—

Frank H. Coyne, Wd. 5; Thomas J. Gargan, Wd. 15; Thomas Carberry, Wd. 19; Thomas O'Neill, Wd. 13; Lewis Burnham, Wd. 1; J. Marion Moulton, Wd. 20; Wm. H. Hanna, Wd. 19; Wm. F. Grady, Wd. 19; Charles E. Swain, Wd. 17; James D. Sim, Wd. 15; Albert D. Price, Wd. 16; James S. Barrows, Wd. 19; Wm. M. Collins, Wd. 14; Thomas H. Sherman, Wd. 5; Frank H. Carruthers, Wd. 1; Wm. R. Preston, Wd. 11; Joseph B. Waters, Wd. 13; Patrick C. Travers, Wd. 22; John C. Flynn, Wd. 15; Byron R. Mitchell, Wd. 12; George Finneran, Wd. 22; John J. Flanagan, Wd. 19; John J. Hannon, Wd. 25; Patrick J. Reynolds, Wd. 15; Charles E. Munroe, Wd. 16; John McDonald, Wd. 16; James Golden, Wd. 8; Henry J. Ireland, Wd. 7; William V. Baker, Wd. 16; Thomas H. Lyons, Wd. 17; Otis F. French, Wd. 25; Victor R. F. Walker, Wd. 20; Samuel T. Perry, Wd. 8; Charles P. Harding, Wd. 25.

Thirty traverse jurors, Superior Civil Court, first session, October sitting:—

Charles E. Foster, Wd. 6; Charles A. Young, Wd. 24; Henry Andrews, Wd. 10; John H. Grayham, Wd. 23; William T. Abbott, Wd. 16; William E. Tyner, Wd. 16; Charles H. Harris, Wd. 6; John P. Mayne, Wd. 14; Percival B. Metcalf, Wd. 20; James F. Thomas, Wd. 21; Alvah W. Lincoln, Wd. 25; James Cameron, Wd. 22; Hugh C. Toland, Wd. 13; Henry H. McCarthy, Wd. 2; John B. Wait, Wd. 13; Lewis K. Howard, Wd. 5; Clarence A. Rogers, Wd. 16; M. Frank Curley, Wd. 21; David H. Hall, Wd. 16; Edward E. Drew, Wd. 25; Henry M. Sanders, Wd. 10; Timothy A. Atwood, Wd. 1; James Lewis, Wd. 14; George H. Johnson, Wd. 17; Ernest C. Wagner, Wd. 7; Thaddeus Little, Wd. 14; James J. McCarthy, Wd. 2; Jeremiah Mahoney, Wd. 18; William F. Carty, Wd. 19; William H. Hayes, Wd. 20.

Thirty traverse jurors, Superior Civil Court, second session, October sitting:—

Edward Cummings, Wd. 2; Charles E. Morrison, Wd. 11; Herbert E. Boyden, Wd. 11; Francis Mullen, Wd. 18; Edward J. Nagle, Wd. 3; Jeremiah Mara, Wd. 12; J. Franklin Seavey, Wd. 23; Edwin R. Kidder, Wd. 13; William W. Newcomb, Wd. 15; Falcon Shedrick, Wd. 17; Charles F. Angell, Wd. 17; Albert Murdock, Wd. 12; Thomas E. Rothwell, Wd. 20; Arthur A. O'Leary, Wd. 9; Daniel J. Walton, Wd. 20; William E. McKay, Wd. 20; Irving N. Moody, Wd. 8; George L. Barraby, Wd. 4; Herbert L. Darling, Wd. 12; James A. Goodkin, Wd. 20; John B. O'Hare, Wd. 2; John M. Cryster, Wd. 23; Thomas J. Donnelly, Wd. 19; Frederic P. Stearns, Wd. 20; Frank H. Howland, Wd. 21; Frederic Eaton, Wd. 25; Michael McManus, Wd. 9; Benjamin F. Bartlett, Wd. 8; John W. Hourihan, Wd. 24; James H. Toland, Wd. 4.

Thirty traverse jurors, Superior Civil Court, third session, October sitting:—

Joseph B. Whelan, Wd. 2; Horatio W. Adams, Wd. 3; George J. Low, Wd. 8;

Charles W. Paradise, Wd. 12; Charles J. Jacobs, Wd. 19; Herbert L. Carter, Wd. 23; Edward B. Gregory, Wd. 18; James Cooper, Wd. 21; Francis D. Cadigan, Wd. 20; David Banash, Wd. 19; Charles M. Dempsey, Wd. 1; Charles H. D. Sisson, Wd. 9; William W. Ramsdell, Wd. 18; Edwin R. Allen, Wd. 11; Thomas J. Gallagher, Wd. 8; William H. Blake, Wd. 22; John B. Smith, Wd. 14; Daniel Wallis, Wd. 13; George W. Walcs, Wd. 20; William H. Merry, Wd. 22; Joseph F. Grant, Wd. 12; Robert P. Boss, Wd. 20; Frank S. Dean, Wd. 24; Charles H. Wells, Wd. 18; Thomas F. Duffley, Wd. 20; William R. Barron, Wd. 3; James Kilduff, Wd. 18; Luther E. Martin, Wd. 12; Patrick F. Callan, Wd. 13; Ira M. George, Wd. 1.

Thirty traverse jurors, Superior Civil Court, fourth session, October sitting:—

Adrian Wilson, Wd. 14; John J. Maguire, Wd. 2; Robert R. Starkey, Wd. 16; William Davidson, Wd. 24; George Ruck, Wd. 13; Edward E. Higgins, Wd. 6; George R. Holmes, Wd. 4; Thomas F. Maguire, Wd. 22; Hugh A. Brady, Wd. 9; William Mulligan, Wd. 2; Ernest R. Hayes, Wd. 2; Daniel J. Sullivan, Wd. 9; Frank H. Kilbourne, Wd. 14; Mathew N. Morris, Wd. 21; William S. Helah, Wd. 10; Edgar W. Putnam, Wd. 12; Henry Henricks, Wd. 17; Frank Baxter, Wd. 21; Wilbur F. Morse, Wd. 21; Charles H. Harmon, Wd. 4; Edward H. Oakes, Wd. 6; John B. Merrigan, Wd. 18; John L. Gardner, 2nd, Wd. 11; Charles Alexander, Wd. 20; George W. Twitchell, Wd. 9; Edwin T. Bonney, Wd. 20; George E. Fitzgerald, Wd. 5; Thomas F. Bradford, Wd. 15; Thomas H. Gilbert, Wd. 2; Dennis A. Horgan, Wd. 15.

TRACK LOCATIONS.

The following was received:—

Mayor's Office, City Hall,
Boston, Sept. 14, 1899.

To the Board of Aldermen:—

I transmit herewith a plan showing track locations granted by me to the West End Street Railway Co., under the provisions of Chap. 516 of the Acts of 1896, for tracks on Atlantic Ave. from north of Summer St. to Kneeland St., and on Summer St. from Federal St. to Dorchester Ave.

Yours respectfully,

Josiah Quincy, Mayor.

(The message was accompanied by the plan referred to.)

Placed on file.

APPROVAL OF BRIDGE PLANS.

The following was received:—

Mayor's Office, City Hall,
Boston, Sept. 14, 1899.

To the Board of Aldermen:—

I transmit herewith, to be placed upon your files, a letter from the Secretary of War approving the plans made by the City Engineer for the reconstruction of the North Draw of the Chelsea Bridge, and for the construction of a temporary pile bridge, with a draw therein, for use while reconstructing the permanent draw.

Yours respectfully,

Josiah Quincy, Mayor.

War Department,
Washington, Sept. 7, 1899.

Sir:—Referring to your application of 10th ultimo, on behalf of the city of Boston, I have the honor to transmit, herewith, for retention, an instrument approving the map of location and plans for the re-construction of the north draw of the Chelsea Bridge across Mystic river, between Chelsea and Boston, and for the construction of a temporary pile bridge, with a draw therein for the passage of vessels, for use while the work of reconstruction of the permanent draw is progressing, upon the conditions set forth in said instrument, and as shown on the drawings attached thereto. Very respectfully,

Elihu Root, Secretary of War.
Hon. Josiah Quincy, Mayor of Boston,
Boston, Mass.

(The message was accompanied by the plans referred to.)
Placed on file.

HEARINGS AT 3 O'CLOCK.

1. On petition of M. Maloney for leave to project one bay window at 14 St. Martin St., Wd. 4.

No objections. Referred to the Committee on Building Dept. (Ald.).

2. On petition of the Boston Electric Light Company for leave to erect poles in Union park, and in Washington, Worcester, Newman, K, L, P and H Sts., Dorchester Ave., Broadway, London, Liverpool and Paris Sts.

No objections. Recommended to the Committee on Electric Wires.

3. On petition of the West End Street Railway Company for a location for double tracks on Atlantic Ave., beginning in Dowey Sq. and extending through said avenue to a point near Foster's wharf. Also for an alteration of the tracks of the Union Freight Railroad Company on said avenue, with the consent of said railroad company, to conform to the new location asked for.

No objections. Recommended to the Committee on Railroads.

4. On petition of Hubert Daly for an award of damages on account of the taking of his land in Charlestown by the Boston Elevated Railway Company.

5. On petition of John H. Quinlan, et als. for an award of damages on account of the taking of their land in Charlestown by the Boston Elevated Railway Company.

No objections. Severally referred to the Board of Aldermen, acting as County Commissioners.

LEGALITY OF TAKING OF LAND.

The Board proceeded to take up the following:—

6. Hearing on the questions of law raised as to the legality of the taking by the Boston Elevated Ry. Co. of certain lands in this city, viz:—

7. Horace H. Moses et als., on Washington St., Roxbury.

8. Harriet A. Nichols et als., on Zeigler St., Roxbury.

9. James W. Stevens, on Dudley St., Roxbury.

10. Harlan P. Whitcomb, on Warren St., Roxbury.

11. Amelia T. Worthington et als., trustees, on Zeigler St., Roxbury.

12. John Ross, on Washington St. and Knower Pl., Roxbury.

13. John W. Bemis, 7 Porter St.

14. Sarah A. Carlton, on Porter St.

15. Amelia Greenbaum, on Porter St.

16. Frederiek Jenkins et al., on Porter St.

17. Margaret D. Fette, on Porter St.

18. Anna L. Messinger, on Porter St.

19. John W. Bemis, 1 and 3 Porter St. and 68-74 Pleasant St.

20. Mary H. Underwood, on Porter St.

21. Margaret D. Whelan et als., on Porter St.

22. Charles G. Way, on Harrison Ave. and Motte St.

23. Charles G. Way, on Motte and Washington Sts.

24. Annie Wyzanski, on Kirkland St.

25. William A. Matthews, on Kirkland St.

26. Hannah Greenhood, on Kirkland St.

27. Benjamin F. Shattuck, on Beach and Tyler Sts.

28. Benjamin F. Shattuck, on Beach St. and Harrison Ave.

29. Charles G. Riee, on Atlantic Ave. and Beach St.

30. Reuben E. Demmon on Harrison Ave.

31. Emma A. Goodnough, on Causeway St.

32. Hubert Daly, on Babcock Ct., Charlestown.

33. John H. Quinlan et als., on Main St. and Babcock Ct., Charlestown.

34. W. Bowman Cutter, lessee, on Warren St., Roxbury.

On No. 7, no question of legality was raised.

On No. 8, George C. Travis appeared for the Boston Elevated Railroad Company and stated that Counsel for the road and for respondent had agreed, subject to the approval of the Board, that an award of one dollar be made for damages.

On No. 9, Mr. Travis said he had not heard from counsel for Mr. Stevens, and would have nothing to say until he appeared, but that any disposition of the case satisfactory to him would probably be satisfactory to the road.

No. 10 was postponed, on motion of Ald. Codman, until the appearance of Sherman P. Whipple, counsel for Mr. Whiteomb.

On No. 11, Mr. Travis said he had nothing to say until he heard from counsel for Mrs. Worthington.

On No. 12, Mr. Travis said he had agreed with counsel for Mr. Ross, subject to approval of the Board, that an award of damages in the sum of one dollar might be made.

On No. 13, David R. Robinson said he appeared for Mr. Holmes, one of the respondents.

Mr. William B. Sprout, upon Nos. 13, 19, 26 and 34, suggested that the question involved in each was the same, and that they should be considered together. G. Hay, Jr., appearing for Mr. Bemis, who is interested in Nos. 13 and 19, believed a separate issue might be involved in those numbers.

It was suggested at this point by Ald. Brick, and corroborated by the Chair, that the only question to be heard, under previous vote of the Board, acting as County Commissioners, was the question of the legality of the takings, and not of damages.

Mr. Sprout said that, regardless of the order in which the numbers referred to were taken up, his remarks would apply to them all. He said that the petitions of the Boston Elevated Railway Company allege that they have taken certain lands, by virtue of and in accordance with the provisions of the statute of 1894, Chapter 548, section 11. That section says that the road may lease, purchase or otherwise take the fee of land as set forth in sections 95, 96 and 97 of Chapter 112 of the Public Statutes. Section 95, Chapter 112, of the Public Statutes provides that:—

When a railroad corporation is not able to obtain by agreement with the owner the land or materials necessary for its purposes, as described in sections 88 to 91 inclusive, it may take the same."

The recent decisions of the Supreme Court are to the effect that sections 95, 96 and 97 of the Railroad Act, Chapter 112 of the Public Statutes, are in force and must be referred to in interpreting section 11 of the Acts and Resolves of 1894. As a matter of fact, there has been no attempt at such an agreement as is referred to, and therefore the conditions precedent to the action now asked for are lacking. Under the wording of section 95 of Chapter 112 of the Public Statutes, the taking is therefore illegal. The mere fact that similar takings have been made in the past without question does not count, because in such cases the point had not been raised and objection to the procedure has not been made. There is a certain necessary step which would entitle it to take the land, which step the railroad company has neglected to take, and, not having taken it, the company is now improperly before the Board, under the Statutes.

Mr. Travis, upon the point raised by Mr. Sprout, stated that, while the provision referred to had existed in the state law even before railroads were built in the Commonwealth, in 1835, such a point had never before been raised; and that for more than forty years it has been the practice of the Board, acting as County Commissioners, to make a nominal as-

assessment of damages under precisely similar takings. As a matter of fact, there is no explanation in the statutes of what is meant by the word "agreement," no provision for the way in which the parties shall arrive at an agreement, by negotiation on one side or the other, or otherwise. Under the statute, how can the parties find out whether they are unable to agree or not? It does not say that the corporation must go to the man or that the man must go to the corporation. The only thing is to find out in some way, before a legal taking, that you are unable to agree. The fact is that the Boston Elevated Railway Company is unable to obtain this land by agreement whenever either party, however unreasonable, chooses not to make or to accept an offer therefor; and the Boston Elevated Railway Company may elect, and in effect did elect, not to agree when it made its taking. It does not have to go to a man and ask him whether he wants to sell; and, in effect, that has been the practice under the statutes in the past, and no question has been raised. Under the statute, when a man's land has been taken, if he is unable to agree with the company upon damages, he may file a petition; and the fact is that these parties, taking the succeeding step under the law, have filed petitions.

In support of his contention, Mr. Travis cited the cases of *Burt vs. Brigham*, 117th Massachusetts, page 307; *Etna Mills vs. Waltham*, 126th Mass., page 425; *Braintree Water Supply Co. vs. Braintree*, 146th Mass., page 488.

Mr. Sprout said the mere fact that the point had not previously been raised had no bearing on the case; that there is a distinct provision to be observed under the law, precedent to the taking of land in cases of this kind. That provision has not been observed, and the taking is therefore illegal. If any other course is to be pursued, a corporation can put a private property owner to no end of trouble in the way of litigation, compelling him to go to trouble which he should not be obliged to go, in defending his rights. Let the Corporation proceed according to the spirit and letter of the law.

Mr. Sherman P. Whipple appeared at this point, and spoke upon No. 10, appearing for Harlan P. Whitcomb. He simply desired to ask where the parties would be left, if the question of law raised by Mr. Sprout was so decided by the Board as to throw out all these petitions that had been filed, and the Supreme Court should finally decide, if the matter was brought before them, that they were improperly thrown out. A long time might be taken by such proceedings, and the limit of time within which a petition may be brought would have expired, and the whole thing might be hung up in such a manner as to be extremely perilous to the various respondents.

Mr. Hay stated, in regard to Nos. 13 and 19, that he endorsed the position of Mr. Whipple and would much prefer to have this Board assume jurisdiction for the moment at any rate, reserving the question of legality for another tribunal.

Mr. Travis thought there might be peril to the respondents in such a case, but said it would simply involve those who took the position set forth by Mr. Sprout. Those who did not raise that question would not be affected.

On No. 14, Mr. Travis stated that the attorneys for the road and for the respondent had agreed that an award of one dollar damages might be made.

It was voted at this point, on motion of Ald. Brick, nobody else desiring to be heard, that the arguments on the question of legality of the taking close.

On motion of Ald. Codman, it was voted that the Board take the question of legality, as raised, under consideration, and that a decision be rendered thereon at the next meeting.

Under the foregoing vote, consideration of Nos. 7 to 34 inclusive was therefore further assigned to the next meeting of the Board, acting as County Commissioners.

PETITIONS REFERRED.

The following petitions were received and were referred to the committees named, viz.:-

Building Dept. (Ald.).

Petitions for leave to project signs, etc., viz.:-

Hyman Goldstein, a sign, at 47 Broadway extension, Wd. 7.

O. F. Couture, a sign, at 16 Hanover St., Wd. 6.

Jacob Tarplin, a political transparency, at 87 Leverett St., Wd. 8.

Hyman J. Weinberg, a transparency, at 120 Leverett St., Wd. 8.

Claims.

Chas. C. Collins, for compensation for injuries to his horse caused by an alleged defect in the highway.

H. M. Cady, for compensation for damage to his house, 85 Maverick St., caused by shutting off the water connections of said house by a servant of the city.

County Accounts.

Board of Index Commissioners, for an appropriation for continuing the work of making new and improved indices for the Suffolk Registry of Deeds.

Electric Wires.

Petitions of The New England Telephone and Telegraph Company of Massachusetts, viz.:-

For leave to erect poles in Glenway St., Wd. 20.

For leave to erect poles in Beech St., Wd. 23.

For leave to erect and to remove poles in Western Ave. and Farrington St., Wd. 25; in H St., Wd. 15; in Warren St., Wd. 21; and in Bennington St., Wd. 1.

Lamps.

William E. Littlefield, et als, for public lamps on Clarence Terrace, Wd. 24.

Police (Ald.).

Mary Brophy, for compensation for loss of fowls killed by dogs.

Railroads.

Petitions of the West End Street Railway Company, viz.:-

For a location for double curves at the junction of Columbus Ave. with Dartmouth St.

For locations for curve tracks on Washington, Warren and Dudley Sts. and the right to use the overhead electric system on the same.

Public Improvements.

Charles M. Baker, et al., executors of estate of Reuben E. Demmon, that the Board estimate the damages occasioned by the taking of land of said Demmon by the Boston Elevated Railway Company.

Charles P. Curtis, for leave to construct an area at 81-83 Essex St., Wd. 7.

Boston Elevated Railway Company, for leave to construct areas in sidewalks; three on Main St., and one on Alford St., in front of estate on corner of said streets, Wd. 4.

Walworth Light & Power Co., for leave to lay an iron pipe under and along sidewalk, 315-363 Washington St., Wd. 7.

W. B. Thomas, for leave to construct an area on Massachusetts Ave., corner Beacon St.

Petitions for sidewalks, viz.:-
Giovanni Bellizia, 210-212 Maverick St., Wd. 2.

Shapleigh Coffee Co., at 36 Broad St., Wd. 5.

Henry G. Allbright, 570-572 Columbia Rd., Wd. 16.

James W. Woodward, 41-43-45 Mt. Pleasant Ave., Wd. 17.

William B. Blakemore, 357-367 Heath St., Wd. 19.
 D. H. Sullivan, 51 Calumet St., Wd. 19.
 Lucy F. Copley, 302-308 Bowdoin St., Wd. 20.
 Wilfred Eolster, 137 Ruthven St., Wd. 21.
 Wm. Spoth, 188-194 Highland St., Wd. 22.
 A. S. Bigelow, cor. Commonwealth Ave. and Fairfield St., Wd. 11.
 James S. Conant, 3-5 Atherstone St., Wd. 24.

ACCEPTANCE OF ORDER.

A communication was received from the West End Street Ry. Co. accepting the order for underground conduits from Central Power Station on Harrison Ave. to Rollins and Washington Sts., near Waltham St.

Placed on file.

LYING-IN HOSPITAL.

A report was received from the Board of Health on the petition of Mary R. Charpiot (referred Sept. 12), for a license to maintain a lying-in hospital at 2 Binney St., Wd. 19—Approving of the same.

Approved by the Board.

LICENSESES.

Ald. COLBY, for the Committee on Licenses, submitted a report recommending that minors' licenses be granted to 10 newsboys, 3 bootblacks and 1 vender.

Reports severally accepted; licenses granted on the usual conditions.

PROJECTION OF SIGNS, ETC.

Ald. DAY, for the Committee on Building Dept. (Ald.), submitted reports on petitions (severally referred today), for leave to project signs, etc.—Recommending that leave be granted, viz:—

Hyman J. Weinberg, transparency, 120 Leverett St., Wd. 8.

Hyman Goldstein, sign, 47 Broadway extension, Wd. 7.

Jacob Tarplin, political transparency, 87 Leverett St., Wd. 8.

O. F. Couturc, sign, 16 Hanover St., Wd. 6.

Reports severally accepted; leave granted on the usual conditions.

WORK ON EAST BOSTON TUNNEL.

Ald. DAY offered an order—That His Honor the Mayor be requested to inquire of the Boston Transit Commission if work on the East Boston Tunnel is proceeding as vigorously as possible, and transmit their reply to this Board.

Passed.

REMOVAL OF TREE, WD. 20.

Ald. McDONALD offered an order—That the Superintendent of Public Grounds be requested to remove a tree at the corner of Washington and Harvard Sts., Wd. 20.

Passed.

CONVENIENCE STATION AT ROXBURY CROSSING.

Ald. DOYLE offered an order—That His Honor the Mayor be requested to give a hearing to the residents of Roxbury in regard to the location of the public convenience station at Roxbury Crossing, and that he be further requested by this Board to instruct the Bath Trustees to suspend work on the construction of said station until such hearing is given.

Passed.

REPAIRING OF PARK ST.

Ald. ADAMS offered an order—That the Superintendent of Streets be hereby requested to repair Park St., Wd. 20, from Dorchester Ave. to Geneva Ave., also pave the gutters and build a sidewalk on the northerly side of said street.

Passed.

RECESS.

On motion of Ald. DOYLE, the Board voted to take a recess at 4:47 P.M.

The Board reassembled in the Aldermanic Chamber at 5:45 P.M.

PUBLIC IMPROVEMENTS.

Ald. Berwin, for Ald. O'Toole, submitted the following from the Committee on Public Improvements:—

(1) Report on the petition of Charles M. Baker and others (referred today), executors of estate of Reuben E. Demmon, that the Board estimate the damages occasioned by the taking of land by the Boston Elevated Railway Company—recommending the passage of the following:—

Ordered—That the petitioner be directed to give notice to the Boston Elevated Railway Company and all parties interested in said estate as mortgagees or lessees, by serving on each of them an attested copy of said petition and this order thereon, fourteen days at least before the time of said hearing, that this Board will, on Monday, the ninth day of October, at 3 o'clock P.M., give a hearing to all parties properly before this Board on the matter of granting said petition.

Report accepted, order passed.

(2) Report on the petition of the Walworth Light & Power Company (referred today) for leave to lay an iron pipe to convey steam for heating purposes under and along the sidewalk from 345 to 363 Washington St., Wd. 7—recommending the passage of an order of notice for a hearing thereon Monday, September 25, at 11 o'clock A.M., to take into consideration the expediency of granting the prayer of the petition, when any parties who object thereto may appear and be heard.

Report accepted, order of notice passed.

(3) Report on the petition of W. B. Thomas (referred today) for leave to construct an area on Massachusetts Ave., in front of estate corner of said avenue and Beacon St., recommending the passage of an order—That the Superintendent of Streets be authorized to issue a permit to W. B. Thomas to construct, maintain and use an area 2 ft. 6 by 2ft. 6, with sidewalk covers, under and in the sidewalk in front of estate on Massachusetts Ave. at the corner of Beacon St., Wd. 11; the work to be completed on or before December 31, 1899, according to the terms and conditions expressed in the ordinances of the city relating thereto.

Report accepted, order passed.

(4) Reports recommending the passage of the following:—

Ordered. That the Superintendent of Streets be authorized to issue a permit to James Dolan to close the roadway on Woodawn St., from Hyde Park Ave. to Forest Hills Cemetery, Wd. 23, to all public travel, during the time necessary for the construction of said street.

Report accepted; order passed.

THE NEXT MEETING.

Ald. BERWIN offered an order—That when this Board adjourn it be to meet on Monday, September 25, 1899, at 11 o'clock A.M.

Passed.

STATE TROOPS—PASSAGE THROUGH SCHOOL ST.

Ald. BERWIN offered an order—That the Adjutant General be requested to arrange for the passage of the state troops through School St. on October 9th, on the occasion of their mobilization.

Passed.

ELECTRIC WIRES.

Ald. DOYLE, for the Committee on Electric Wires, submitted reports on the peti-

tions of the N. E. Tel. & Tel. Co. of Mass., referred today—(1) for leave to erect and to remove poles on Western Ave. and Farrington St., Wd. 25; on H St., Wd. 15; Warren St., Wd. 21, and Bennington St., Wd. 1; (2) for leave to erect poles on Beech St., Wd. 23, and (3) for leave to erect poles in Glenway St., Wd. 20—recommending the passage of orders of notice for hearings thereon Monday, September 25, at 11 o'clock A.M., to take into consideration the expediency of granting the prayers of the petitions, when any parties who object thereto may appear and be heard.

Reports accepted, orders of notice passed.

RAILROADS.

Ald. DIXON, for the Committee on Railroads, submitted the following:—

(1) Report on the petition of the West End Street Ry. Co. (recommitted Sept. 5)—Recommending the passage of the following:—

Ordered, That in addition to the rights heretofore granted the West End Street Ry. Co. to lay down tracks in the streets of the City of Boston, said company shall have the right to lay down, maintain and use double tracks on Cambridge St., Brighton, from and connecting with existing tracks of said company on Brighton Ave., to and connecting with the existing tracks of said company on said Cambridge St., at a point near Winship St., with necessary curves, cross-overs, switches and connections; said tracks being shown by red lines on a plan made by A. L. Plimpton, dated Aug. 7, 1899, and deposited in the office of the Superintendent of Streets.

The right to lay down the tracks located by this order is upon condition that the whole work of laying the same, the form of rail to be used, and the kind and quality of material used in paving said tracks, shall be under the direction and to the satisfaction of the Superintendent of Streets, and shall be approved by him. Also upon condition that said West End Street Ry. Co. shall accept this order of location, and shall agree, in writing, to comply with the conditions herein contained, and shall file said acceptance and agreement with the City Clerk within 30 days from the passage of this order; otherwise it shall be null and void.

The whole work of laying said tracks to be completed within six months from the date of the passage of this order.

Report accepted, order passed under suspension of the rule.

(2) Report on the petition of the West End Street Ry. Co. (recommitted Sept. 12) recommending the passage of the following:—

Ordered, That in addition to the rights heretofore granted the West End Street Railway Company, to lay down tracks in the streets of the City of Boston, said company shall have the right to lay down, maintain and use an additional track on Cambridge St., Brighton, from the dividing line between the City of Cambridge and the City of Boston, to a point on said Cambridge St. about 425 feet westerly; said tracks being shown by red lines on a plan made by A. L. Plimpton, dated August 18, 1899, and deposited in the office of the Superintendent of Streets.

The right to lay down the tracks located by this order is upon condition that the whole work of laying the same, the form of rail to be used, and the kind and quality of material used in paving said tracks, shall be under the direction and to the satisfaction of the Superintendent of Streets, and shall be approved by him. Also upon condition that said West End Street Railway Company shall accept this order of location, and shall agree, in writing, to comply with the conditions herein contained, and shall file said acceptance and

agreement with the City Clerk within thirty days from the passage of this order; otherwise it shall be null and void.

The whole work of laying the said tracks to be completed within six months from the date of the passage of this order.

Report accepted, order passed under suspension of the rule.

(3) Report on the petition of the West End Street Railway Co. (recommitted Sept. 12) for leave to lay double curves at the junction of Columbia Rd. and Stoughton St.—Recommending the passage of the following:—

Ordered, That in addition to the rights heretofore granted the West End Street Railway Co. to lay down tracks in the streets of the City of Boston, said company shall have the right to lay down, maintain and use double curves at the junction of Columbia Road and Stoughton St., said tracks being shown by red dots on a plan made by A. L. Plimpton, dated August 18, 1899, and deposited in the office of the Superintendent of Streets.

The right to lay down the tracks located by this order is upon condition that the whole work of laying the same, the form of rail to be used, and the kind and quality of material used in paving said tracks, shall be under the direction and to the satisfaction of the Superintendent of Streets, and shall be approved by him. Also upon condition that said West End Street Railway Company shall accept this order of location, and shall agree, in writing, to comply with the conditions herein contained, and shall file said acceptance and agreement with the City Clerk within thirty days from the passage of this order; otherwise it shall be null and void.

The whole work of laying the said tracks to be completed within six months from the date of the passage of this order.

Report accepted; order passed.

(4) Reports recommending the passage of orders of notice for hearings on Monday, October 9th, at 3 o'clock P.M., in regard to the following petitions (severally referred today):—

West End Street Railway Co., for a location for double curves at the junction of Columbus Ave. and Dartmouth St.

Same company, for locations for curve tracks on Washington, Warren and Dudley Sts., and the right to use the overhead electric system on the same.

Reports accepted; orders of notice passed.

GENERAL RECONSIDERATION.

Ald. BERWIN moved a general reconsideration on all business transacted at the meeting, hoping that the same would not prevail. Lost.

KINDERGARTEN, SAVIN HILL.

Ald. McDONALD offered an order—That the School Committee be requested to establish a kindergarten school at Savin Hill.

Ald. McDONALD—Mr. Chairman, it seems to me that is a very reasonable request, in accordance with the wish expressed by gentlemen living at Savin Hill, that the School Committee visit Savin Hill and look around and see the necessity for the establishment of a kindergarten in that neighborhood. At present I am told that children are obliged to go to Meeting House Hill, which is certainly a mile away from Savin Hill. I think if the School Committee will look into the matter carefully they will come to the conclusion that a kindergarten ought to be established at Savin Hill.

The order was passed.

Adjourned, at 5:52 P.M., on motion of Ald. Berwin, to meet on Monday, September 25, at 11 o'clock A.M.

CITY OF BOSTON.

Proceedings of the Common Council.

Thursday, September 21, 1899.

Regular meeting of the Common Council held in the Council Chamber, City Hall, at 7:45 o'clock P.M., President Kiley in the chair.

OPENING OF SCHOOLS.

The following was received:—

Mayor's Office, City Hall,
Boston, August 3, 1899.

To the Common Council:—

I transmit herewith a communication from the School Committee in reply to your order requesting them to adopt a regulation providing that the re-opening of the schools after the summer vacation shall be on "the first Tuesday after the second Monday of September in each year." Yours respectfully,

Josiah Quincy, Mayor.
City of Boston.
In School Committee.

July 31, 1899.

The Committee on Rules and Regulations, to whom were recommended—July 31—their reports presented at the meetings of May 9 and June 13, with regard to communications from the City and Common Council requesting the School Committee to extend the length of the summer vacation for the public schools, report that in view of the action of the Board at its meeting of June 29, they recommend that the City Council be respectfully informed, through His Honor the Mayor, that a Regulation has been adopted providing that the public schools shall reopen after the summer vacation on the second Wednesday of September in each year. For the Committee,

G. W. Anderson,
Chairman.

Accepted, and ordered to be sent to His Honor the Mayor.

A true copy. Attest:—

Thornton D. Apollonio, Secretary.

Placed on file.

TREATMENT OF POOR.

The following was received:—

Mayor's Office, City Hall,
Boston, August 3, 1899.

To the Common Council:

I transmit herewith a communication from the Overseers of the Poor in reply to your order requesting information on certain points in regard to the administration of that department.

Yours respectfully,

Josiah Quincy, Mayor.
Office of the Overseers of the Poor,
Boston, July 5, 1899.

Hon. Josiah Quincy, Mayor:

Sir: Agreeably to request contained in yours of June 20, 1899, referring for report the following order passed in Common Council June 15, 1899, namely:—

"Ordered, that the Board of Overseers of the Poor, through His Honor the Mayor, be requested to give to the Common Council a statement with regard to the general working of the department, touching particularly on the following points: The kind and quality of food furnished to the poor, whether the same is supplied by contract and by whom; why the Bertillon measurement system is applied at the Wayfarer's Lodge; how much labor is required of applicants at said lodge and the money value of such labor; and why the names of the parents of such applicants are given to the Pauper Institutions Trustees."

The Board of Overseers of the Poor beg leave to report as follows:—

That for a full report in regard to the general working of the department, you

are respectfully referred to the report for the year ending January 31, 1899, recently made to Your Honor and now in print.

As to the kind of food furnished to the poor, we furnish flour, beans, pork, potatoes, salt fish, Indian meal, oatmeal, sugar, soap, tea, rice, peas, cocoa and condensed milk. As to the quality of food so furnished it is always good and generally the very best that can be obtained in the market.

The food is purchased by the committee on supplies and is bought from time to time as occasion requires, sometimes on contract. It is supplied by

McPherson Brothers,
J. R. Lomasney & Co.,
William J. Emerson & Co.,
George H. Cheever,
The Reverse Sugar Refinery Co.,
Rand and Byam,
John A. Andrew & Co.,
Charles R. Moody & Co.,
John P. Squires & Co., and others.

The committee endeavors to keep posted as to the daily prices of the articles purchased, and to buy the same at the lowest market price.

The Bertillon Measurement System is not applied at the Wayfarers' Lodge.

About two hours' work is ordinarily required of applicants at said lodge. As to the money value of such labor, it is difficult to state exactly what it is, as the labor required is imposed as a work test, rather than with the idea of exacting any equivalent for the food and lodging furnished.

The names of the parents of applicants at said lodge are not given to the Pauper Institutions Trustees, the records at the lodge being kept for the use of the committee and the Board as private records.

Respectfully submitted in behalf of the Overseers of the Poor.

William P. Fowler, Chairman.

Mr. WATSON of Wd. 18—Mr. President, in view of the fact that I am not prepared to reply this evening to the statement of the Overseers of the Poor, and have waited almost two months for the report, I move that it be assigned to the next meeting, that I may reply to it properly.

The communication was ordered printed and assigned to the next meeting of the Council.

PETITION REFERRED.

To the Committee on Claims—Stephen Connelly, for compensation for injuries received while at work in a sewer trench in Mattapan.

PAPERS FROM BOARD OF ALDERMEN

1. Communication from Executive Committee, League of American Municipalities, inviting this city to send delegates to its third annual convention to be held in Syracuse, N. Y., October 19 to 22, 1899.

Accepted in concurrence.

2. Consent of School Committee to use Shurtleff Schoolhouse for children's entertainments on Fourth of July.

Placed on file.

3. Consent of School Committee to use of Emerson Schoolhouse, as ward-room for Wd. 1.

Placed on file.

4. Mayor's message transmitting a communication from the Fire Commissioner urging the importance of early action to provide a location for Engine Company No. 22.

Placed on file.

5. Mayor's message transmitting a copy of an opinion given by the Corporation Counsel to the Board of Estimate and Apportionment relative to the order for the purchase of a site for Engine Company No. 22, and also transmitting the draft of an order for the approval and purchase of the site.

The following substitute for the latter

order comes down, passed for concurrence, the same being recommended by the Committee on Public Improvements, Aldermen, viz.:

Ordered, That the Board of Street Commissioners be and hereby are requested to take the land situated on Warren Ave. for the location of Engine Company 22; the appropriation for the same having been provided in accordance with Chapter 434 of the Acts of 1898.

The communication was placed on file, and Mr. Watson of Wd. 18 moved that the order be assigned to half past eight o'clock.

The question came on assignment.

Mr. LYDON of Wd. 13.—Mr. President, I wish to amend by moving that it be assigned to the next meeting.

Mr. Watson asked unanimous consent to withdraw his motion, and the motion was withdrawn.

The order was read a second time and the question came on its passage.

Mr. LYDON of Wd. 13.—Mr. President, I most respectfully move that this order be assigned to the next meeting.

Mr. WATSON—Mr. President, I have a bad eye this evening, and I could not quite understand the order on the calendar, but I think I understand it now. It is a matter of providing an engine house and quarters for the firemen of engine 22. Some weeks ago I was very much opposed to this location, for many reasons. Things have been fixed up to date. The men of engine 22 are being kicked about Boston like a football. They are homeless, and, while the site does not suit me, I appeal to every member of this body, in the interest of the firemen, not to assign this order but to pass it tonight, that they may soon have a place to stay permanently. I know of many sites that would be far better for them, but I am satisfied that if I or any other member of this council holds out for those sites, the firemen will never have any quarters. I sincerely trust, in the interest of the firemen of engine 22, that this order will be passed this evening and not assigned.

Mr. LYDON—Mr. President, in regard to the comfort of the firemen of engine 22, I wish to say that I would at all times be as careful of their comfort as anybody else. But it seems to me if the firemen have stood the discomfort of being kicked about, as my friend from wd. 18 says, for the past two or three months, they might stand it for a week longer, to give us an opportunity to vote intelligently on the matter. As a matter of fact, very few of us tonight know whether it is advisable to take the land, how much is to be paid for it, who owns it, or anything about it. Some of the members here are acquainted with the particulars and ought to be courteous enough to allow those who are not an opportunity to look into the matter. As a matter of fact, I think nothing will be lost by assigning the matter for a week, and I think the majority of the members can vote more intelligently next Thursday evening than tonight. I sincerely hope the matter will be assigned.

The PRESIDENT—If the gentleman will allow the Chair, the Chair feels called upon, in view of the remarks of the gentleman from Wd. 13 (Mr. Lydon) to make a statement, as a member of the Board of Estimate and Apportionment and as your representative upon that Board: This is a matter that came before the Board some months ago. At that time there were eight or nine sites considered by the Board of Estimate and Apportionment. As your representative, I favored the site at the corner of Buckingham St. and Dartmouth St. until the Fire Commissioners assured us that, on account of the erection of the new station on Dartmouth and Buckingham Sts., it would be impossible and entirely to the disadvantage of the city to locate an engine house at that place. The Board of Es-

timate and Apportionment then looked about, and the site before you for consideration was submitted by Mr. Minot and received the unanimous approval of the Board of Estimate and Apportionment, being then submitted to the City Council. As your representative upon the Board of Estimate and Apportionment, I feel that you are entitled to that information, and if the gentleman from Wd. 13 is desirous of knowing anything further, so far as I am able to do so I will be glad to furnish the information.

Mr. STEVENS of Wd. 11—Mr. President, as one of the Councilmen from Wd. 11, which, together with Wd. 10, has not been properly protected by the Fire Department for many months, since the removal of the engine house from Dartmouth St., I would prefer that this matter be not assigned tonight. On general principles, I believe in assignment in order to allow any one to get information, but I believe that this has been before the public so long and that it is a question of so great importance, the question of so large an amount of real estate in the city of Boston being involved, that I am of the opinion that this is something that should be passed upon tonight, for I think it is something that is well understood. This is not an ideal location, in my opinion, but I think it is by far the best that it is possible for us to agree upon, and I know that the Fire Commissioner is very anxious that some location should be selected at once, so that the engine company can be located in some place. I feel that if we defer this tonight, if in the meantime any great fire should occur and property be destroyed, we would be blamed very seriously. For that reason I hope that assignment will not prevail.

Mr. CHAMBERLAIN of Wd. 12—Mr. President, I trust that No. 5 on the calendar will not be assigned. I do not arise to criticize any man or men for the long delay of over a year in providing a suitable location for engine company 22. Hardly a day passes but someone in my ward comes to me and asks why it is that this location is not settled. I know nothing particularly of the merits or demerits of this location. I have not been over the ground, and am not familiar with the different sites that have been offered, but I know this: this engine is supposed to cover the ward which I have the honor to represent in part, and should any fire occur of any serious magnitude, thousands of dollars of property would be destroyed, and possibly many lives lost, because a new site was not provided for this engine house. I think this is a matter of vital importance, gentlemen, and I trust that it will not be assigned for another week. There is no man in this City Council, perhaps, who is any more in favor of assignment in general than I am. It is true that this has not been on the calendar before, but it has been in the papers, and we all of us have known what was going on in regard to it. I trust that for the sake of the protection of property in Wds. 10, 11 and 12, some action will be taken tonight and that this site, which seems to be the best available, will be taken.

Mr. LINEHAN of Wd. 13.—Mr. President, as this is a matter of vital importance to the people of that district, I sincerely hope that it will not be assigned. I myself have realized at times how I have been handicapped time and time again in trying to secure things for the people I represent, and it is therefore perhaps only natural that I should sympathize with the councilmen who comes from that district. I believe that the city council should go on record as being in favor of the people, as being in favor of progressiveness and not of sectionism. I believe this is a matter which should be called to the attention of every member of this Council—the location of an engine house for the

protection of property, for the protection of life. It is a matter which should always receive strict consideration. I sincerely hope that the order will be passed.

The motion to assign further consideration of the matter to the next meeting was declared lost. Mr. Lydon doubted the vote, and asked for a verification by yeas and nays, but the yeas and nays were not ordered.

The order was declared passed in concurrence with the Board of Alderman. Mr. Lydon doubted the vote and asked for a verification by yeas and nays. By direction of the President, a rising vote was taken, and the yeas and nays were ordered (more than one-fifth having voted therefor), nine members voting in the affirmative, twenty-nine in the negative.

The order was passed in concurrence—yeas 52, nays 4.

Yeas—Armistead, Atwood, Badaracco, Bagley, Battis, Brauer, Brennan, Chamberlain, Collins, Cuddy, Donahce, Donovan, Eddy, Fenton, Flynn, Gibbons, Giblin, Harvey, Hibbard, Hickey, Horrigan, Howard, Johnson, Jordan, Kasanof, Kelley, Kiley, Kleim, Leftovith, Leonard, Linehan, Lorey, MacDonald, Mansfield, Martin, McInerney, Miller, Newhall, Peek, Roemer, Rolland, Sanderson, Simpson, Stevens, Stone, Sullivan, Sweeney, Tobin, Turnbull, Watson, Wells, Wood

Nays—Connolly, Doyle, Logan, Lydon—4.
Absent or not voting—Bennett, Fordman, Bradley, Broderick, Carroll, Casey, Curcy, Doherty, Emery, Nangle, Madden, Mildnam, Moore, Muleahy, O'Brien, Rice, Stockton, Walker, Winsloe—13.

Mr. STEVENS of Wd. 11 moved to reconsider; lost.

6. Mayor's message recommending the passage of the following order:

Ordered, That His Honor the Mayor be hereby authorized, on behalf of the city, to convey to the New York, New Haven & Hartford Railroad Company the land owned by the city under Broadway bridge, with a parcel adjacent thereto, subject to a proper easement providing for the support of the bridge structure, in exchange for a parcel of land to be conveyed by said company to the city, adjacent to the engine-house lot now owned by the city, at the corner of said bridge and Dorchester Ave.

Mr. LYDON of Wd. 13 moved that the reading of No. 6 be dispensed with, and that the whole matter be assigned for a week.

Mr. WATSON of Wd. 18—Mr. President, ordinarily I am in favor of assignment, especially when the motion comes from one whom I have been with every time the past year; but I have pledged my word to a fellow-member of the Council that I shall vote for this matter tonight, and, as I have done so, it is my intention to have it voted upon, if possible. Therefore, I am opposed to assignment. The matter involved is comparatively a trifle, and I think every member of the Council is acquainted with it. It is a matter of swapping land. It is not a case of the Union station. It is altogether different from the Union station. In that case, we gave to the New York & New Haven Railroad the Union station and got nothing back. This is a case where we get back for the city property in return for that which we give them. We get back almost twice the amount of property that we give to the railroad company—and that can be used. The property that they ask for is below the Broadway Bridge; consequently it is of absolutely no use to the city of Boston—none whatsoever—and of some use to the New York, New Haven & Hartford Railroad.

On the other hand, the property which the New York, New Haven & Hartford Railroad is to give in return is of no use to it, but is of great use to the city of Boston. It is situated at the corner of Broadway and Dorchester Ave., adjoining engine 15's house. It is property that can be built upon advantageously. They can

build an extension to the engine house upon it, and can have two exits. They can add another apparatus, such as a ladder company, which is sadly needed in the locality. This thing is very plain to all those who have looked into it. It is a matter where we give them one foot of land and get back two feet. It is mighty seldom that I agree with His Honor the Mayor, and it is very seldom that he is right, but when he is right, I intend to vote with him. He has made many errors in his day—many—from a political standpoint, and has got left on them. This is the crowning effort of the day. At last, he is right. Now, I sincerely trust that assignment will not prevail, but that this matter will be voted upon tonight, and that it will be passed unanimously. It is something which is for the good of the city of Boston, and I believe that Mr. Lydon is acquainted with it somewhat. I should like to have him give some reason for assignment. I certainly am opposed to it.

Mr. LYDON—Mr. President, I am very much surprised to know that my friend from Roxbury is so familiar with this matter. As for myself, although coming from Wd. 13, wherein this particular land is located, I want to say that I do not know anything about it. I am surprised that someone in the district has acquainted him with the particulars so carefully, and that they have not acquainted me with them at all. I want to say that I do not know what land is covered by this order. The order simply states "the land under Broadway Bridge." I do not know what land the city owns under Broadway Bridge or how much it is intended to give to the New York, New Haven & Hartford Railroad Company.

I do not know how much land is to be given to the city of Boston by it in return. Now, as a matter of fact, the last order which I asked to have assigned was not assigned, and perhaps there have been votes enough secured against the assignment of this order; but I want to say that I have nothing in view this evening, except simply to get explanations on these matters. I knew nothing in regard to No. 5, and I thought that, as a matter of courtesy the members would assign it to the next meeting. I knew nothing about No. 6, and I find that a gentleman in Roxbury knows the entire particulars. That seems to me strange in view of the fact that I, coming from Wd. 13, knew absolutely nothing about it. I am going to ask the members of the Council to be a little more fair in this particular matter, as I will be held responsible for this as much as anybody else, if the transaction takes place. I am going to ask them to assign it to the next meeting, and I will guarantee that if I find it to be fair to the people of my ward and to the people of the city of Boston generally, the order will be passed at the next meeting.

Mr. MILLER of Wd. 20—Mr. President, I do not think it is anything more than the courtesy that is due to the gentleman from Wd. 13, when a matter comes up concerning his ward, to assign it to the next meeting. I should do the same thing in the case of the gentleman in the first division, if a matter came up especially concerning his section of the city. However, the order itself is very blind. The gentleman in the first division has admitted that there have been very many errors made this year. There may be an error in this. I should like to know why we are swapping one foot of land for ten feet, or why we are getting ten feet of land for one, before we make the trade. Out of courtesy to the gentleman representing the district, I believe that this matter should be assigned for one week.

Mr. LINEHAN of Wd. 19—Mr. President, I, coming from Wd. 13, know a little about this land. I also know how many feet of land the city is giving, and how many feet of land they are getting in return; and I also know the valuation of the land they

receive and the valuation of the land they give. The land that the city of Boston proposes to give to the Railroad Company is situated on Foundry St. Foundry St., on both sides, is owned by the railroad corporation. They are now contemplating laying tracks upon Foundry St. for freight cars. There are 7000 and some odd feet of land there belonging to the city of Boston, and half of it is under the bridge—wedge shaped. The land the railroad company proposes to give to the city contains 6000 and some odd feet, and is situated at the corner of Dorchester Ave. and Broadway Extension, and faces on Dorchester Ave., with an entrance from Broadway Extension, and an entrance on Dorchester Ave., making the engine house site one block on the corner. The land which they propose to swap to the city is worth twice as much money as the land which the city owns under the bridge, and, in my opinion, the city is getting the best end of the deal. I sincerely hope that the matter will not be assigned.

Mr. ATWOOD of Wd. 16.—Mr. President, I merely wish to say that I trust this matter will not be assigned. I have talked with parties in reference to this, and find the matter stated to me by them just as it has been stated by the two gentlemen who have spoken previously—the one from Wd. 18, and the Councilman from Wd. 13. As the Councilman from Wd. 13 says, this land that the railroad wishes to give to the city is worth, as I am told, three times as much as that which the city is going to turn over to the railroad. For that reason it seems to me that the city is getting the better end of the deal, for once, at least. I don't know just how many feet of land there are in the two parcels to be exchanged, but I know that the parties who have told me the facts about this case are people who should know about this matter, and their standing is such that I feel justified in voting for it here this evening and in believing that the city is getting the better end of this deal. Therefore I trust that assignment will not prevail this evening.

Mr. ARMISTEAD of Wd. 11.—Mr. President, I was very glad to hear the remarks of the gentleman from Wd. 13, in which he gave us the information that the citizens of Boston would get the better end of this deal. It was at variance, however, with the remarks made by the other member from Wd. 13. Judging from that gentleman's remarks, I would have been inclined to vote for an assignment, for I believe that it is a courtesy which is due to any man when a proposition is brought up in regard to his ward concerning which he has had no information. Since I have heard from the other member, however, I feel that it is hardly necessary to have this matter assigned. If the city of Boston is going to get the better end of the deal, for once at least, as it has been previously stated, you had better take advantage of the opportunity. For that reason, I trust that assignment will not prevail.

Mr. HARVEY of Wd. 24.—Mr. President, I sincerely trust that this matter will not be assigned. I knew something about this matter, although I was not familiar with the entire details in regard to the value of the land. I understood that the city was getting the best end of the bargain, and I was very glad to hear the particulars stated so exactly by the member from South Boston. One reason why I think this matter should not be assigned, although I am usually in favor of assigning matters, out of courtesy to members of the Council, is that I understand that by the exchange of this land the railroad people will be given an opportunity to straighten their passenger tracks under Broadway Bridge. Now, I have occasion to use that road every day, and I know that the present condition of the railroad tracks is the reason a good many times why we are late. I think that if the city

is getting the better end of the bargain, the matter should not be assigned, but that the railroad people should be given an opportunity to straighten their tracks.

Mr. LYDON.—Mr. President, I want to say in regard to this order that while my colleague has seemed to give us all the possible information, and while I do not doubt but what to the best of his knowledge he is telling what is absolutely true, yet I think it hardly warrants the members of the Council in voting for this order, simply because he states that the city of Boston is getting the better end of the deal. As a matter of fact, I want to state to the members of the Council that tonight there is considerable lobbying going on in regard to this order and that, as a matter of fact, it is a matter for which the members from Wd. 13, and not the other members of the Council, will be held responsible. I hope that the members will consider that fact before they vote against assignment. Now, here is a matter on which there is not one dollar to be lost by assignment for one week, and yet we find members who are very anxious indeed to have it go on its passage tonight. I would like to ask any one of those men where one dollar is to be lost by having this matter assigned for one week? If they can answer that question fully and justly, I will be satisfied. I know that every member here would like to understand a matter thoroughly, so that they would know how they should vote, before they vote upon it. They would like to vote intelligently, and not vote for a thing simply because some member gets up here and says that the city of Boston is going to get the best of it. It is our place and our duty to find out what we are doing before we vote for any such order as this. Why, look at the order. It reads:—

"Ordered—That His Honor the Mayor be hereby authorized, on behalf of the city, to convey to the New York, New Haven & Hartford Railroad Company owned by the city under Broadway Bridge'—

Now, there is not a man in this Council tonight who can tell me whether the city of Boston owns one foot of land there or one million feet under Broadway Bridge, and yet members of the council are asking us to vote in favor of this order. They cannot tell me absolutely and truthfully whether the New York, New Haven & Hartford Railroad is going to turn over to the city, in exchange for the land given it, forty feet of land, or four thousand feet of land. I want to ask the members of the Council to be fair with me, as I have been fair in the past with any member who has asked for assignment. Let the matter be assigned to the next meeting, and if it is just and fair to both parties, I will guarantee that there is not a member of the Council who will vote for this matter quicker than I will at the next meeting of the Council.

Mr. CONNOLLY of Wd. 17.—Mr. President, I hope that this matter will be assigned to the next meeting of the Council. As I understand it, the land that the Railroad company wants is a part of Foundry St., a public street, and if I remember right the engine house at the corner of Broadway and Dorchester Ave. faces on both Broadway and Dorchester Ave. Now, if the Railroad Company is going to give land on the corner of these public streets, where is this engine house? The engine house cannot be on the corner facing these streets, if the land the railroad company owns is on the corner facing the streets. If the railroad company's land is behind the engine house, it is rear land, and is not worth as much as the land the city of Boston is going to give. I am in favor of assigning this order to the next meeting of the Council.

Mr. MCINERNEY of Wd. 19.—Mr. President, the remarks of the gentleman from Wd. 17 (Mr. Connolly) strike me very forcibly. On many occasions during the summer I have gone to South Boston, and

I have taken notice I think, of the particular parcels of land that he has reference to. That land, I think, is situated on the eastern side of the engine house, and it overlooks the railroad tracks. Now, I have heard the gentleman from Wd. 13 say that the land is on the corner of Dorchester Ave. and Broadway, and, as Mr. Connolly says, I cannot see how that land can face on those two streets if the engine house faces there at the same time. The land, if I remember rightly, faces on the railroad track. Now, then, if we are to give the railroad company a parcel of land on Foundry St., on a public street, and take from the New York, New Haven & Hartford Railroad Company a piece of land on the eastern side of the engine house, which is of no value to the city of Boston, who is getting the best of the deal? On the other hand, we might ask how many feet of land under the bridge is to be given away, and how many feet the city of Boston gets? I think this is a matter that every member of the Council should consider very seriously and I hope it will be assigned to the next meeting.

Mr. STEVENS of Wd. 11—Mr. President and members of the Council, although I was against assignment of No. 5 on the calendar, as it concerned a section where I considered that property was in danger, I think this is an entirely different question. While some of the men representing Wd. 13 are in favor of passing this order tonight, there is one member here who is not satisfied with it, and I hope assignment will prevail, so that he may inform himself in regard to the matter. Besides what he says, I would like to refer to the way the order reads. It says:—"The land owned by the city under Broadway Bridge, with a parcel adjacent thereto." That is a clause which is a little indefinite—"a parcel adjacent thereto." I think it would be well for the members of the Council to inform themselves as to what that means. It is very indefinite, and I trust that the body will assign the order to the next meeting.

Mr. LINEHAN of Wd. 13—Mr. President, I would like to explain, if possible, the condition of the street—a public street—on which the city's land is located.

I put an order into the Council last summer asking the Street Commissioners the number of feet of streets and a list of the streets that had been given to the New York, New Haven & Hartford Railroad, and what compensation they gave in return. In their explanation they state that, as the Railroad owns both sides of the road, they also own the roadway, because when they bought property on both sides of the road, the road being given up for public travel, the property reverted back to the original owners, the abutters. And this road is not a public thoroughfare. The Railroad owns the roadway, they own both sides of it, and the only piece of land there owned by a private individual or corporation is that small piece of land owned by the city. Now, I desire to explain to the members of the Council how this land can face on both streets.

I will illustrate with this piece of paper. Here is the corner of the two streets, Dorchester Ave. there and Broadway extension there. The engine house is located right on the corner. The land the railroad will give in return faces on Dorchester Ave. through there, and faces on Broadway there, making that a solid block on the corner, and the city will own the solid block of land right on the corner—a valuable piece of real estate. The city will get that in return for a piece of land that is practically useless. Now, I came in here the first part of the year clamoring for better roadways, for better bridges for South Boston. We have been denied Cove St. extension and today Broadway extension is practically useless, because it is not fit to pass over. The railroad wants this piece of land because it intends to

raise the bridge 8 feet, and we will have a new bridge there. The longer we delay the matter the longer we will delay a good thoroughfare for the people of South Boston. I sincerely hope that the order will not be assigned, as it has been dragging along already for over eighteen months.

The motion to assign was declared lost. Mr. Lydon doubted the vote and asked for a rising vote. The Council stood divided, and the motion was lost, 23 members voting in the affirmative and 29 in the negative. Mr. Lydon further doubted the vote, and asked for the yeas and nays, which were ordered, and the motion to assign was lost, yeas 22, nays 36.

Yeas—Bradley, Chamberlain, Connolly, Doyle, Gibbons, Jordan, Kelley, Logan, Lorey, Lydon, MacDonald, Mansfield, McInerney, Miller, Peck, Roemer, Rolland, Sanderson, Stevens, Sullivan, Sweeney, Wood—22.

Nays—Armistead, Atwood, Badaracco, Bagley, Batts, Brauer, Brennan, Collins, Cuddy, Donahoe, Donovan, Eddy, Emery, Fenton, Giblin, Harvey, Hibbard, Hickey, Horrigan, Howard, Johnson, Kasanof, Kiley, Klemm, Leftovich, Leonard, Luchan, Martin, Mildram, Newhall, Simpson, Stone, Tobin, Turnbull, Watson, Wells—36.

Absent or not voting—Bennett, Borman, Broderick, Carroll, Casey, Curley, Doherty, Flynn, Madden, Moore, Mulcahy, Nangle, O'Brien, Rice, Stockton, Walker, Winsloe—17.

The order was read a second time, and the question came on its passage.

Mr. HARVEY of Wd. 24 asked that the yeas and nays be had on the passage of the order, but the yeas and nays were not ordered. The order was passed. Mr. Watson moved to reconsider; lost.

The message accompanying the order was placed on file.

7. Mayor's message, transmitting the following order passed by the Board of Estimate and Apportionment on September 1, 1899, the same coming down without alteration, viz:—

Ordered, That the sum of twenty-five hundred (\$2500) dollars be appropriated, to be expended by the Trustees for Children in roofing in and preserving building at Rainsford Island recently damaged by fire; and that the City Treasurer be authorized to issue, from time to time, on the request of the Mayor, bonds of the City of Boston to said amount for said purpose.

Mr. MANSFIELD of Wd. 10—Mr. President, as a member of the Committee on Institutions, I wish to say a word in regard to No. 7 on the calendar. The Institutions Committee visited Rainsford Island today and had ample opportunity to see just what damage was done to that building by fire. Now, the Board of Estimate and Apportionment have appropriated \$2500 for roofing in and preserving. I would like to know what they are going to roof in and preserve. There are barely the four walls there, and they have already started in on the roofing. I understand that that will cost about \$1800. That leaves them about \$700 for fixing up the interior, and I fail to see how they can fix up the interior of the building with an expenditure of but \$700. I cannot conscientiously vote to pass this order tonight unless the facts and figures, showing just what they propose to do, are presented. I think this is another illustration of what happened in connection with Faneuil Hall. If we give them this appropriation of \$2500 tonight, in a few weeks an order will come in for an appropriation of \$4000 or \$5000 more to finish up the building. Therefore, I hope this order will be assigned until we have time to look into it.

The PRESIDENT—The Chair feels called upon, as a member of the Board of Estimate and Apportionment, to state to this Council, as its representative, the position of this appropriation. The Trustees for Children's Institutions have asked for a far greater sum than the amount embodied in this order. They have asked for something like \$20,000 or \$25,000; but, owing to

the limited amount of money in the borrowing capacity of the City today, the Board of Estimate and Apportionment believe, especially in view of the fact that it is expected or hoped in the near future to transfer the institutions in the harbor to the mainland, if possible, that an extensive outlay of money on the island would probably be a waste of the city's money. It was, therefore, suggested to the Board that it make a temporary reconstruction of the roof, in order to preserve for a time the present property located on Rainsford Island. For that purpose, this very limited appropriation of \$2500 has been made. It is a very much smaller sum than the amount asked for by the Board, originally.

Mr. MILLER of Wd. 20—Mr. President, after listening to the explanation of our president, I wish to say that I visited that place today for my own information. The \$2500 appropriated by the Board of Estimate and Apportionment is something in regard to which I have nothing to say. In the first place, I want to be plainly understood upon this matter—that I am not opposed to appropriating any money for the use of the institutions which I believe is necessary, and I believe we should appropriate money for them; but I am against wasting the money. That is my position. We might as well throw the money into the Atlantic Ocean as to appropriate it for roofing there. What is there to roof in? Why, there is nothing to roof in. There are just walls and windows, and the walls are shaky at the present time. It would be better for the Board of Trustees to ask for a sum of money to build an outside cottage for the children, some outside building which would accommodate them. There is nothing left there but barracks and old skeletons of walls. We are spending \$2500 simply for a temporary roof—but they are putting on a slate roof, and I should think that was permanent. There is no doubt another appropriation will be asked for before a great while by that department, through this body. Of course, it is just and right to spend money there, but not foolishly.

Of course, it makes no difference whether we vote for this order or not; it will become a law in 30 days, anyway. The money will have to be paid out, as the labor is almost completed at the present time. Yet I want to go on record as against any expenditure of money in that manner—covering up something that is not worth covering up, and keeping certain men at work when it is not necessary, in the interest of the city, that they should be.

Mr. MANSFIELD—Mr. President, another word on the matter. In the spring, when we visited the Island before, I called attention to the condition of the rooms in the dormitories in the building that was burned. The rooms were damp and musty. I spoke to the acting superintendent today about it, and told him that they were damp and musty, but he said it was caused by the sea air. There is, however, a difference between dampness and an old musty smell. There will be \$700 left to fit up the interior—and it certainly cannot be done for that sum. That building is thoroughly soaked from top to bottom, and yet it is proposed to put the boys into it while it is in that condition, contrary to all the rules of health.

The order was assigned to the next meeting of the Council.

8. Mayor's message transmitting the following order passed by the Board of Estimate and Apportionment on September 1, 1899, the same coming down without alteration, viz:—

Ordered, That so much of the order passed by this board on February 27, 1899, as appropriated the sum of ten thousand (10,000) dollars for "Hospital Department, ambulance station and equipment, South Boston," be and hereby is rescinded; and that the said sum be appropriated, to be

expended by the Public Buildings Department, for an ambulance station and equipment, at South Boston.

The communication was placed on file, the order was read a second time and the question came on its passage in concurrence with the Board of Estimate and Apportionment.

Mr. MILLER of Wd. 20—Mr. President, I don't wish to speak on every question that comes up here, but I wish to ask for information in regard to this. I don't understand why we should transfer from the Hospital Department to the Building Department the sum of \$10,000. I would like to know whether that is to be spent by the Building Department regardless of competition?

The PRESIDENT—The Chair will state that the appropriation of \$10,000 was made for an ambulance station by the Board of Estimate and Apportionment, in the first loan bill of this year—made in consequence of the pressing requests made by physicians, as well as by representatives of South Boston, for action of this kind. It was intended to have the station located on property that the Carney Hospital was willing to give or lease to the city. The City Hospital trustees did not favor the project, and owing to some inadvertence or error on the part of the Clerk of the Board of Estimate and Apportionment, the money was placed in the hospital fund. The intention in rescinding the order tonight is to take the money out of the Hospital Department and put it in the Public Buildings Department, so that the work may go ahead and the emergency station be erected.

Mr. MILLER—Mr. President, I have no doubt of the necessity of this being built where it is intended, but still I don't understand why \$10,000 of the city's money should be expended by any department without fair competition, without an opportunity for the public to give estimates upon the work. This is the question that I would like to be enlightened upon. Before I can vote for this order I would like to know whether the work is to be left open to competition?

The PRESIDENT—The Chair will state, as a member of the Board of Estimate and Apportionment, that neither the Board of Estimate and Apportionment nor the City Council has control over the method of making contracts for public buildings.

Mr. STEVENS of Wd. 11—Mr. President, I do not want the members to think that I wish to assign all orders, but here is an order which says that this sum shall be used by the Public Buildings Department for an ambulance station and equipment at South Boston.

Now, I think such a station in South Boston would be all right, and probably it will be very wise to have it; but I fail to see why something which should come under the Hospital Department should be put under the charge of the Public Buildings Department. For that reason I shall have to ask assignment of this order, and I think when the Hospital Trustees realize the true condition of affairs they will be perfectly willing to accept the trusteeship of that \$10,000 and see that it is properly expended for South Boston, for the purpose for which it is intended. I do not think, however, that the Public Buildings Department is managed today in such a way that it would be wise for us to pass that order and give them the use of that money. For that reason I sincerely trust that this order will be assigned or defeated.

Mr. MARTIN of Wd. 15—Mr. President, coming from the ward where this money is going to be spent, I wish to say just a word. At the first of the year, when this loan bill was made up and this sum of money was appropriated for the Carney Hospital, for an ambulance station, when the time came the Hospital Committee and the Trustees of the City Hospital refused to have anything to do with the

money. Very well. Since that time we have had several accidents over there. Lives have been lost which might have been saved if we had our ambulance station. Now, all we want is to have the money to spend. I don't care who spends the money or how it is spent, provided we have our ambulance station over there. If this thing is assigned it will simply put it off for another week. The weather is getting cold and in a short time we will have frost in the ground, and any further assignment will only delay the good work which may be completed before the snow falls. I trust that this order will not be assigned, but will be passed, and that the matter will be settled tonight.

The motion to assign was lost. The order was passed in concurrence with the Board of Estimate and Apportionment.

Mr. CUDDY of Wd. 8 moved to reconsider; lost.

9. Report of Committee on Building Department, on petition of D. Whiting & Sons, recommending the passage of an order authorizing the issue of a permit to said D. Whiting & Sons to build a wooden building in rear of 472 Rutherford Ave., Wd. 4, in excess of range allowed, etc., to be used for stable purposes.

Report accepted; order passed in concurrence.

10. Report of same committee, on petition of Collas, Whitman & Co., recommending the passage of an order authorizing the issue of a permit to said Collas, Whitman & Co., to build a wooden addition to building 329 Marginal St., Wd. 2, in excess of size allowed, etc., to be used for storage purposes.

Report accepted; order passed in concurrence.

11. Ordered, That His Honor the Mayor be requested to instruct officers and boards in charge of departments to allow employees who are members of the Grand Army of the Republic, leave of absence, without loss of pay, in part compensation for their services, during the encampment of the Grand Army of the Republic at Philadelphia, in September.

Passed in concurrence.

12. Ordered, That the City Treasurer, through His Honor the Mayor, be and hereby is requested to provide for earlier and more expeditious payments on Saturdays of the employes of the various departments of the city now paid on weekly payrolls at City Hall.

Passed in concurrence.

13. Ordered, That the Board of Estimate and Apportionment be requested to provide in the next loan order a sum sufficient to asphalt Grove St., from Meridian St. to Chelsea St., and Paris St., from Meridian St. to the gymnasium.

Passed in concurrence.

14. Ordered, That the Board of Street Commissioners be requested to accept and construct Thatcher Road, Wd. 20, under the provisions of Chapter 323 of the Acts of 1892.

Mr. CONNOLLY of Wd. 17 moved to amend by striking out "1892" and inserting "1891" in place thereof.

The amendment was adopted, and the order as amended was passed. Sent up.

15. Ordered, That the Board of Estimate and Apportionment be requested to appropriate a sum sufficient for the purpose of extending the hospitalities of the City of Boston to Admiral Dewey.

Passed in concurrence.

16. Ordered, That the Board of Street Commissioners, with the approval of His Honor the Mayor, be authorized to sell so much of Tenean Brook as lies between Adams St. and the line of Clayton St., extended; the said portion of the brook being disused on account of the construction of a culvert for the drainage of the surrounding land.

The question came on giving the order a second reading.

Mr. CONNOLLY of Wd. 17.—Mr. President, I move that that order be assigned

to the next meeting of the Council. I desire to look into it, and if no member of the Council can give information upon it, I trust that motion will prevail.

The motion to assign was declared carried. Mr. Giblin of Wd. 15 doubted the vote and asked for a rising vote, which was taken, and the motion to assign further consideration of the matter to the next meeting was lost, 14 members voting in the affirmative, 27 in the negative.

The order was read a second time, and the question came upon its passage in concurrence.

Mr. CONNOLLY.—Mr. President, I desire to have some member of the Council give some information as to why this should go through tonight. I see no reason for rushing this matter through. I believe that some of the Dorchester members who know something about this should let the other members of the Council know the reason why they want this to go through tonight.

Mr. HARVEY of Wd. 24.—Mr. President, this land lies between Adams St. and Clayton St., and is land for which the city of Boston has no further use. The course of Tenean Brook has been changed by the building of a new culvert, and part of the land formerly covered by the brook is not now used for any purpose, and it has got to be sold, and it cannot be sold except by order of the City Council. This is merely the customary order in such cases.

The order was passed in concurrence. Mr. Hibbard moved to reconsider; lost.

17. Ordered, That His Honor the Mayor, in conjunction with the Joint Committee on Markets, be requested to consider the feasibility and advisability of the City of Boston acquiring by purchase or lease the land and buildings now occupied and soon to be vacated by the Providence Division of the New York, New Haven and Hartford Railroad Company, for the purpose of establishing thereon a public market similar to the Quincy Market; and that said committee shall report its findings and recommendations to this board on or before October 2, 1899. That any expense attending said hearings shall be charged to the City Council Contingent Fund.

Passed in concurrence.

18. Ordered, That the Board of Aldermen be authorized to sell at public auction to the highest bidder, or bidders, such lands belonging to the Christopher Gibson School Fund, held in trust by said Board, as they deem proper, by advertising the same for sale in the Boston Herald, Globe, Journal, Advertiser, and Dorchester Beacon, twice each week for thirty days prior to any such sale, and that all moneys received for such lands be paid to the City Treasurer, to be held as a part of the Gibson School Fund, in accordance with the will of Christopher Gibson and Chapter 122 of the Resolves of the year 1846.

The Council voted, on motion of Mr. Wood of Wd. 20, to suspend the rule, and the order was passed in concurrence. Mr. Wood moved to reconsider; lost.

19. Ordered, That a committee, consisting of all the members of the Board, with such members of the Common Council as may be added, be appointed to make suitable preparations for extending the courtesies of the city to the officers and men of the Twenty-sixth Regiment, U. S. Volunteers, during their visit to this city.

Indefinitely postponed, on motion of Mr. Flynn of Wd. 17.

20. Ordered, That the triangular lot bounded by Crawford, Abbotford and Harold Sts., Wd. 21, be transferred from the charge of the Street Department and placed under the care and custody of the Public Grounds Department.

Referred to the Committee on Public Lands.

Later in the session the vote whereby

the order was referred was reconsidered, and the order was assigned to the next meeting, on motion of Mr. Winsloe of Wd. 21.

21. An ordinance to amend Chapter 45 of the Revised Ordinances of 1898. Be it ordained, etc.:

Section 43 of Chapter 45 of the Revised Ordinances of 1898 is hereby amended, so as to read as follows:—

"Section 43. Every such shop-keeper shall allow his shop and all articles therein to be at all times examined by the Mayor, the Board of Aldermen, the Board of Police, or by any person authorized by the Mayor, or Board of Aldermen, or Board of Police, to make such examination."

The question came on giving the ordinance a second reading.

On motion of Mr. Linehan, the ordinance was amended by striking out the words "Board of Aldermen" in the two places in which they occur, and by inserting in place thereof the words "City Council."

The ordinance was then referred to the Committee on Ordinances, under the rules.

REPORT CONCERNING PRINTING DEPT.

The Council proceeded to take up No. 22, assignment, viz.:

22. Mayor's message transmitting report of committee appointed to examine accounts, finances and operations of Printing Department for financial year ending January 31, 1899. (City Document 41.) Sent up.

INVESTIGATION OF RAINSFORD ISLAND.

The Council proceeded to take up No. 23, assignment, viz.:

23. Report of Joint Special Committee on Investigation of Rainsford Island. (City Document 113.)

The report was accepted. Mr. Linehan moved to reconsider, hoping it would not prevail.

Mr. McINERNEY of Wd. 19—Mr. President, I rise to a point of order. My point of order is that No. 23 has not been called up yet.

The PRESIDENT—The Chair will remind the gentleman that we are now considering 23. Mr. Linehan has just moved reconsideration, hoping that the same will not prevail—the report having been accepted.

The motion to reconsider was lost. Sent up.

RESOLUTIONS CONCERNING JULY FOURTH ORATION.

The Council proceeded to take up No. 24, assignment, viz.:

24. Resolutions concerning Fourth of July Oration, presented by Mr. McInerney of Wd. 19. (City Document 122.)

Mr. McINERNEY—Mr. President, I move you that No. 24 be further assigned to the next meeting.

Mr. WATSON of Wd. 18—Mr. President, I would like to ask the member from Wd. 19 for what purpose he wants assignment to the next meeting.

The motion to further assign the matter to the next meeting was carried.

LANTERNS ON BICYCLES.

Mr. PECK of Wd. 12 offered an order—That the Board of Park Commissioners, through His Honor the Mayor, be requested to submit as soon as possible a report in reply to the order passed by the City Council in regard to the discontinuance of the regulation requiring lanterns to be used on bicycles in the parks. Referred to His Honor the Mayor.

STREET WATERING.

Mr. PECK of Wd. 12 offered an order—

That the Committee on Ordinances be requested to report within two weeks relative to ordinance referred to them concerning street watering, and that said committee be requested to give a public hearing (evening session).
Passed.

PORTRAIT OF LATE HON. JOHN H. SULLIVAN.

Mr. JOHNSON of Wd. 2 offered an order—That the Board of Estimate and Apportionment be requested to provide a sum sufficient to furnish a portrait of the late Hon. John H. Sullivan, the same to be hung in a suitable place in City Hall.
Passed.

COVE STREET BRIDGE.

Mr. LINEHAN of Wd. 13 offered an order—That in view of the recent decision of the War Department against the location of the Cove-St. extension bridge as originally contemplated, the City Engineer, through His Honor the Mayor, be and he hereby is requested to forthwith prepare plans and specifications for the construction of said Cove-St. extension bridge in a suitable location between the railroad bridge and Broadway extension; this improvement being in demand by the citizens and taxpayers of South Boston and necessary for the welfare and development of the City of Boston.

Referred to His Honor the Mayor, FORMER LAMP EMPLOYEES.

Mr. LINEHAN of Wd. 13, for Mr. Watson of Wd. 18, offered an order—That the Civil Service Commissioners be requested, through His Honor the Mayor, to inform the City Council as to the status of the former employees of the Lamp Department on the civil service list, who are now employed by the Rising Sun Street Lighting Company.

Referred to His Honor the Mayor.

EXTRA PAY FOR POLICEMEN.

Mr. LINEHAN, for Mr. Watson of Wd. 18, offered an order—That the Police Commission be requested, through His Honor the Mayor, to compensate police officers who may serve as such at any caucus meeting, convention or registration, in addition to their regular salary.

Referred to His Honor the Mayor.

NEXT MEETING.

Mr. STEVENS of Wd. 11 offered an order—That when this body adjourns it be to Thursday, October 5, 1899.

Passed. Mr. Stevens moved to reconsider; lost.

ROLL CALL FOR ATTENDANCE.

By direction of the President, the clerk called the roll to ascertain the attendance, with the following result:—

Present—Atwood, Badaracco, Bagley, Batts, Bradley, Brauer, Brennan, Chamberlain, Collins, Connolly, Cuddy, Doherty, Donahoe, Doyle, Emery, Fenton, Flynn, Gibbons, Giblein, Harvey, Hibbard, Hickey, Horrigan, Howard, Johnson, Jordan, Kelley, Kiley, Klemm, Leftovich, Leonard, Linehan, Logan, Lorey, Lydon, MacDonald, Mansfield, Martin, Mildram, Miller, Peck, Rice, Roemer, Rolland, Sanders, Simpson, Stevens, Sullivan, Sweeney, Tobin, Turnbull, Walker, Wells, Winsloe, Wood—55.

Absent—Armistead, Bennett, Bordman, Broderick, Carroll, Casey, Curley, Donovan, Eddy, Kasanof, Madden, McInerney, Moore, Mulcahy, Nangle, Newhall, O'Brien, Stockton, Stone, Watson—20.

CONSTRUCTION OF IDAHO STREET.

Mr. HIBBARD of Wd. 24 offered an order—That the Superintendent of Streets, through His Honor the Mayor, be requested to report to the Council what is the cause of the delay in completing the construction of Idaho St., Wd. 24, the work on

same having been under way for at least a year past.

Referred to His Honor the Mayor.

TRIMMING OF TREE.

Mr. MARTIN of Wd. 15 offered an order—That the Superintendent of Public Grounds, through His Honor the Mayor, be requested to trim a tree in front of house numbered 596 East Ninth St.

Referred to His Honor the Mayor

AMENDMENT TO ORDINANCES.

Mr. CUDDY of Wd. 8 offered the following.—

City of Boston.

In the year one thousand eight hundred and ninety-nine.

An ordinance to amend section twelve of chapter three of the Revised Ordinances of 1898.

Be it ordained by the City Council of Boston as follows:—

Section twelve of chapter three of the Revised Ordinances of 1898, as amended by chapter two of the Ordinances of 1899, is hereby further amended by adding at the end of said section the following words:—

“No such officer shall employ in his department any person who is already employed in any capacity in any other department”

Passed, under a suspension of the rules. Mr. Cuddy moved to reconsider; lost. Sent up.

FOOTBALL, CHARLESTOWN HEIGHTS

Mr. KELLEY of Wd. 4 offered an order—That the Park Commissioners, through His Honor the Mayor, be requested to grant to the Bunker Hill Athletic Association the privilege of practicing football on Charlestown Heights.

Referred to His Honor the Mayor.

IMPROVEMENT OF CORINTH ST.

Mr. BRAUER of Wd. 23 offered an order—That the Street Commissioners be requested, through His Honor the Mayor, to furnish this body with information as to the reason why Corinth St., Wd. 23, should not be widened and constructed at once.

Referred to His Honor the Mayor.

SALE OF CIGARS.

Mr. EMERY of Wd. 21 offered the following:—

Ordered, That all leases granted by City of Boston, where cigars are sold, contain the following proviso:—

That unless all cigars sold by lessee are in boxes marked with the blue label stamp issued by the Cigar Makers' International Union of America, that said leases be withdrawn by city.

Also, that all cigars purchased by the City of Boston for the entertainments, banquets and all public functions of any kind be in boxes marked by the stamp of the Cigarmakers' International Union of America.

Referred to the Committee on Ordinances.

NUMBER OF HOURS FOR EMPLOYEES

Mr. TOBIN of Wd. 9 offered an order—That the Board of Election Commissioners are hereby directed to place upon the official ballot at the next municipal election the following:—

“Shall the provision of the Acts of 1899, Chap. 344, take effect in the City of Boston?”

The PRESIDENT—The Chair will rule the order out as not being in proper form.

ACCEPTANCE OF FENTON STREET.

Mr. HARVEY of Wd. 24 offered an order—That the Board of Street Commissioners, through His Honor the Mayor, be requested to accept Fenton St., Wd. 24, as a public street and construct the same under the provisions of Chapter 323 of the Acts of 1891.

Passed. Sent up.

CARS ON TALBOT AVE.

Mr. HARVEY offered an order—That the Boston Elevated Railway Co. be requested, through His Honor the Mayor, to run a line of cars through Talbot Ave, upon the completion of said laying of tracks.

Referred to His Honor the Mayor.

SATURDAY HALF HOLIDAY FOR CITY EMPLOYEES.

Mr. FLYNN of Wd. 17 offered an order—That His Honor the Mayor be requested to direct the heads of departments to continue the Saturday half holiday to all city employees until the close of the present municipal year.

Passed. Sent up.

DISPLAY OF CITY FLAGS OCT. 12.

Mr. BADARACCO of Wd. 6 offered an order—That His Honor the Mayor be requested to order the flags displayed on city buildings and public grounds on October 12, 1899, the anniversary of the landing of Christopher Columbus.

Passed. Sent up.

Adjourned, on motion of Mr. Winslow of Wd. 21, at 9:30 P.M., to meet on Thursday, Oct. 5, at 7:45 P.M.

CITY OF BOSTON.

Proceedings of the Board of Aldermen.

Monday, Sept. 25, 1899.

Regular adjourned meeting of the Board of Aldermen, held in the Aldermanic Chamber, City Hall, at 11 a. m., Chairman Barry presiding.

Absent—Ald. O'Toole.

On motion of Ald. Berwin, the reading of the records of the last meeting was dispensed with.

APPOINTMENT OF CONSTABLE.

A communication was received from His Honor the Mayor appointing, subject to approval of the Board, Thomas O'Connor a constable of the city of Boston for the term ending April 30, 1900, in connection with his duties in the Building Department of this city.

Laid over, under the law.

PETITIONS REFERRED.

The following petitions were received and referred to the committees named:—

The American Bell Telephone Co., for leave to excavate the masement of building 11-13 Oliver St. and 117-119 Milk St. to grade 10.40 feet.

Petitions for leave to droject signs, etc., viz.:

Gross & Strauss Co., two illuminated signs, at 14 Bedford St., Wd. 7.

Joseph E. Livingston, a sign, at 379 Warren St., W. 21.

Michael Angelo, a drum sign, at 115 Hanover St., Wd. 6.

St. Michael's Society, flags and lanterns, from Hotel Italy to building opposite, in North Sq., on Oct. 7 and 8.

L. Wallace, a sign, at 115 Hanover St., Wd. 8.

Samuel Katz, three signs, at 19 Tremont Row, Wd. 6.

T. Winfield McCabe, a sign, at 47 Warren St., Wd. 18.

A. Fellner, an illuminated sign, at 131 Federal St., Wd. 7.

A. Rotman, an illuminated sign, at 228 Hanover St., Wd. 6.

Jos. P. Lomasney, a campaign transparency, cor. Lowell and Causeway Sts., W. 8.

Shepard & Wiseman, 2 signs, at 123 Cambridge St., Wd. 8.

Austro-Hungarian Consul, consular flag, at 80 State St., Wd. 6.

German Consul, consular flag, at 80 State St., Wd. 6.

Claims.

Timothy Ahern, for compensation on account of the flooding of his premises by the overflow of a sewer on July 15, Aug. 22 and Sept. 20, 1899.

E. B. Stiles, for compensation for damage to buggy, robe and harness from a collision with a team of the sanitary division of the Street Department.

Laura J. Williams, for compensation for personal injuries received Aug. 14, 1899, from an alleged defect at the corner of Harrison Ave. and Dudley St.

Ann C. Crowley, for compensation for personal injuries received March 9, 1899, from an alleged defect at 185 I St., S. B.

Giacomo Morbiani, for compensation for personal injuries received from the negligence of a servant of the city.

Faneuil Hall, Etc.

Ancient & Honorable Artillery Co., for the use of Faneuil Hall, Sept. 30 and Oct. 5, 1899.

Same company, for the use of said hall, June 1, 2, 3, 4 and 5, 1900.

Licenses.

M. Roughan, for a license for musical,

literary and dancing entertainments in Roughan Hall, City Sq., for the season ending August 1, 1900.

Arthur E. Houseman, for a license for musical, dancing and literary entertainments, at Mystic Social Club Hall, 305 Medford St., Wd. 4, for the season ending August 1, 1900.

H. Rosenberg, for a license for dancing entertainments at Evans Hall, 16 Howard St., for the season ending Aug. 1, 1900.

Public Improvements.

B. F. Keith, for leave to erect a temporary arch over Tremont St., from his theatre to Boston Common.

The American Bell Telephone Co., for leave to construct areas under sidewalk at 11-13 Oliver St. and 117-119 Milk St., Wd. 7.

Estate of John P. Nichols, for leave to construct four areas under sidewalk on Mt. Pleasant Ave. side of estate corner of Mt. Pleasant and Blue Hill Aves., Wd. 17.

Walworth Mfg. Co., for leave to construct an area on the Leather Sq. side of estate 130 Federal St., Wd. 7.

Alice H. Burrage, for leave to construct an area at 325-327 Newbury St., Wd. 11.

Hairs of Samuel Guild, for leave to lay a 1½ inch pipe under and across sidewalk, at 18 Derne St., Wd. 8.

Eastern Cold Storage Co., for leave to lay iron pipes under and along Creek Square, Wd. 6.

Petitions for sidewalks, viz.:

Mrs. Annie Formanek, 151-153 Paris St., Wd. 2.

James W. Tufts, 817-819 Beacon St., Wd. 11.

W. J. Smith, 9-11 Peters St., Wd. 14.

James F. Kennedy, 18 Howell St., Wd. 16.

Richard J. Gookin, cor. Columbia road and Dorchester Ave., Wd. 20.

Michael Dolan, 53 Creighton St., Wd. 22.

Elroy W. Houghton, 10 Atherstone St., Wd. 24.

COUNTY COMMISSIONERS.

The following were received and referred to the Board of Aldermen, acting as County Commissioners.

Protests of David H. Greenwood and Minnie Jacobson against the Board of Aldermen taking action in assessing damages in the case of the taking by the Boston Elevated Railway Company of land of J. W. Bemis et al., at 7 Porter St., and 63 to 74 Pleasant St., etc.

HEARINGS AT 11 O'CLOCK.

1. On petition of the Walworth Light & Power Company for leave to lay an iron pipe to convey steam for heating purposes, under and along the sidewalk from No. 345 to No. 363 Washington St., Wd. 7.

The hearing not having been advertised in accordance with law, the petitioner was given leave to withdraw.

On petitions of The New England Telephone and Telegraph Company of Massachusetts, viz.:

2. For leave to erect poles on Beech St., between Centre St. and Anawan Ave., Wd. 23.

3. For leave to erect poles in Glenway St., between Harvard St. and Blue Hill Ave., Wd. 20.

4. For leave to erect and to remove poles in Western Ave. and Farrington St., Wd. 25, in H St., Wd. 15, in Warren St., Wd. 21, and in Bennington St., Wd. 1.

No objections. Severally recommended to the Committee on Electric Wires.

PAPERS FROM COMMON COUNCIL.

8. Message of the Mayor transmitting report of committee appointed to examine the accounts, finances and operation of the Printing Department for the last financial year. (Doc. 41).

Placed on file.

9. Notice of the indefinite postponement by the Common Council, Sept. 21, of the order passed by this Board, Sept. 1, for the

appointment of a joint special committee to make preparations for extending the courtesies of the city to the officers and men of the 26th regiment, U. S. Volunteers.

Placed on file.

On motion of Ald. Berwin, Nos. 10, 11 and 12 were considered collectively, viz.:-

10. Ordered, That His Honor the Mayor be requested to order the flags displayed on city buildings and public grounds on Oct. 12, 1899, the anniversary of the landing of Christopher Columbus.

11. Ordered, That His Honor the Mayor be requested to direct the heads of departments to continue the Saturday half-holiday to all city employees until the close of the present municipal year.

12. Ordered, that the Board of Estimate and Apportionment be requested to provide a sum sufficient to furnish a portrait of the late Hon. John H. Sullivan, the same to be hung in a suitable place in the City Hall.

Severally passed in concurrence.

13. Ordered, That the Board of Street Commissioners, through His Honor the Mayor, be requested to accept Fenton St., Wd. 24, as a public street, and construct the same under the provisions of Chapter 323 of the Acts of 1891.

Passed in concurrence.

14. Ordered, That the Committee on Ordinances be requested to report within two weeks relative to ordinance referred to them concerning street watering, and that said committee be requested to give a public hearing (evening session).

Referred to the Committee on Ordinances, on motion of Ald. Colby.

15. An Ordinance to amend Section twelve of Chapter three of the Revised Ordinances of 1898.

Be it ordained, etc.:-

Section twelve of Chapter three of the Revised Ordinances of 1898, as amended by Chapter 2 of the Ordinances of 1899, is hereby further amended by adding at the end of said section the following words:-

"No such officer shall employ in his department any person who is already employed in any capacity in any other department."

Referred to the Committee on Ordinances, on motion of Ald. Colby.

16. Report of joint special committee on investigation of Rainsford Island (Doc. 113). (Aldermen Dixon and Brick dissent from said report, and reserve the right to submit a minority report.)

The question came on the acceptance of the report.

Ald. DAY—Mr. Chairman, this is a peculiar report. There are ten members of that committee on investigation of Rainsford Island, five Councilmen and five members of the Board of Aldermen. There is no absolute majority report; we could not agree on a report that all of the members would sign. It was therefore decided that the five Councilmen should put in their report and that the Aldermen should reserve the right to put in as many reports as they wanted to. I wish to present a substitute for the report upon the calendar, an individual minority report.

Ald. DAY presented the following:-

"The Special Committee appointed by both branches of the City Council to investigate certain charges made against the Board of Trustees of Children's Institutions, with reference to their management of the House of Reformation at Rainsford Island, have finished their hearings, and as one member of that committee I respectfully submit the following report:-

"I have but little to add to the report submitted to this Board by the Committee on Inspection of Prisons on June 12. I believe that since the investigation began certain facts not before known to the Trustees have been brought to their attention, and as a result there has been an improvement in management and minor

defects have been remedied. I again emphatically disapprove the employment by the Trustees of non-residents secured through employment agencies.

I believe that some unnecessarily severe treatment of the boys under the charge of the Trustees has been shown, and this seems to have been recognized by them by the discharge of the Athletic Instructor.

"I disapprove of the system of dispensing medicine, and recommend the employment of a registered pharmacist, who, in addition to the dispensing of medicine, could also perform the duties of some one of the instructors, without any increase in the salary of the position.

"In conclusion, I cannot but feel that this investigation might have been avoided if the Trustees had cultivated closer and more friendly relations with the inspectors of Prisons and the Institutions Committees. Respectfully submitted,

"Frederick W. Day."

The question came on the substitution of the report offered by Ald. Day for that appearing on the calendar.

Ald. BERWIN—Mr. Chairman, I move that No. 15, together with the minority report submitted by Ald. Day, be referred to the Committee on Public Improvements.

Ald. BRICK—Mr. Chairman, I simply wish to say that I still reserve the right to file a special report.

No. 16 was referred, with the report submitted by Ald. Day, to the Committee on Public Improvements.

17. The order passed by this Board July 25, requesting the Street Commissioners to accept and construct Thatcher Road, Wd. 20, under the provisions of Chapter 323 of the Acts of 1892—comes up concurred in Common Council, September 21, with this amendment: Strike out "1892," and insert "1891," in place thereof.

The question came on the passage of the order in concurrence.

Ald. McDONALD—Mr. Chairman, I would move to further amend by adding: "And that the Street Commissioners retain the name of Thatcher Road."

The Chairman requested the alderman to reduce his motion to writing, and later in the session Ald. McDonald said:-

Mr. Chairman, instead of offering the amendment which I proposed earlier in the meeting, as it would cause considerable delay, I will wait until the order No. 17 on the calendar is acted upon, and I will then offer a separate order asking that the name of Thatcher Road be retained. A great many people on that street are apprehensive of a change in the name of the street, and Mr. Thatcher being an old resident of Dorchester, they are very anxious indeed that the same name should be retained for the road. Therefore, in order that the order coming to us from the Common Council may be acted upon without delay, I will embody my suggestion in a separate order.

No. 17 was passed in concurrence.

Ald. McDONALD offered an order—That the Board of Street Commissioners be requested to retain the name of Thatcher Road when said street is accepted.

The order was passed.

LICENSES.

Ald. COLBY, for the Committee on Licenses, submitted the following:-

(1) Report recommending that minors licenses be granted to 11 newsboys, 2 bootblacks and 1 vendor of small wares.

Report accepted; licenses granted on the usual conditions.

(2) Reports recommending that licenses for the season ending Aug. 1, 1900, be granted in accordance with the following petitions (severally referred today), for leave to give musical, dancing and literary entertainments at the places designated, viz:-

H. Rosenberg, at Evans Hall, 16 Howard St.

Arthur E. Houseman, at Mystic Social Club Hall, 305 Medford St., Wd. 4.

M. Roughan, at Roughan's Hall, City Sq., Charlestown.

Reports severally accepted; licenses granted on the usual conditions.

ACCEPTANCE OF RAILROAD LOCATIONS.

Notice was received from the West End Street Railway Co. of the acceptance by it of its 179th location, for double tracks on Cambridge St., Brighton, its 180th location, for an additional track on Cambridge St., Brighton, and its 181st location, for double curves at the junction of Columbia Road and Stoughton St.

Severally placed on file.

RAILROAD IN EVERETT ST., BRIGHTON.

Notice was received from the Railroad Commissioners of its having granted its consent to the construction of railroad track for the private use of the Thompson & Norris Co., across Everett St., Brighton, at grade, and to use steam as motive power thereon, "on the express condition that a flagman shall display a flag by day and a lantern by night whenever an engine, car or train is approaching and passing over said crossing, and that no engine, car or train shall pass over the same at a greater speed than four miles an hour."

Placed on file.

CLERK HIRE, REGISTRY OF DEEDS.

A requisition for clerk hire, amounting to \$1801.91, was received from the Register of Deeds, and a certificate from him, in accordance with the provisions of Section 2 of Chapter 493 of the Acts of 1895, that the persons named therein had been employed, that the work stated was actually performed by them, and that the same was necessary.

Approved and ordered paid.

PARADE OF STATE MILITIA.

Ald. BERWIN offered an order—That the Board of Police be requested to close against travel by vehicles, excepting fire department apparatus, ambulances and United States Mail wagons and cars, the following named streets on Monday, October 9th next, between the hours of 11 A.M. and 3 P.M.: Commonwealth Ave., Arlington, Beacon and Charles Sts., and between the hours of 1 and 3 P.M., Boylston, Washington, Summer, High, Congress, Milk, Broad, State, Court, Tremont (or Washington and School) and Beacon Sts., on account of the mobilization of the state militia.

Ordered—That the City Messenger be and hereby is authorized to cause the roping off of said streets, squares and avenues that may be required at the principal points of said route, under the direction of the Board of Police; the expenses that may be incurred for said roping to be charged to the appropriation for City Messenger Department.

Passed.

READJUSTING HAMILTON ST. GRADES

Ald. ADAMS offered an order—That the Board of Street Commissioners be requested to make a plan readjusting the grades of Hamilton St. from Columbia Road to Bowdoin St., in such a way as to give a safe and direct entrance from Hamilton St. to Columbia Road. Passed.

COLLECTION OF JUNK, ETC.

Ald. ADAMS offered the following:—
City of Boston, In the Year 1899.
An Ordinance relative to the collecting of old junk, old metals, and second-hand articles.
Be it ordained, etc.:—

Section 1. The Board of Police for the City of Boston may license suitable persons to collect junk, old metals and second-hand articles within the limits of the city in vehicles and receptacles which are neat and clean.

Sect. 2. Every person so collecting shall wear a badge, with the number of his license thereon, upon the outer garments of his breast.

Sect. 3. If collecting with a vehicle, the name and license number shall be on both sides of the same.

Sect. 4. No collector of junk, old metals and second-hand articles shall buy any of the aforesaid from a minor.

Sect. 5. No collector shall purchase any of the aforesaid articles, except between sunrise and seven o'clock in the evening of any week-day.

Sect. 6. No person shall collect junk, old metals and second-hand articles, as mentioned in the previous sections, except he has his license with him, and he shall show said license to any police officer when requested so to do.

Sect. 7. Whoever violates any of the provisions of these sections shall be punished by a fine not exceeding twenty dollars for each offence.

The ordinance was referred, on motion of Ald. Adams, to the Committee on Ordinances.

SALE OF GIBSON SCHOOL FUND LAND

Ald. ADAMS offered an order—That Holbrook & Co., Auctioneers, 12 Post Office Sq., are hereby authorized and requested to sell, in accordance with an order passed by this Board Aug. 21, 1899, and concurred in by the Common Council Sept. 21, 1899, all the unoccupied lands known as the Gibson School Fund land situated in Dorchester, at or near the corner of Dorchester Ave. and Gibson St., which has not been otherwise disposed of by the Board of Aldermen.

That said Holbrook & Co. shall also sell at public auction to the highest bidder or bidders all of the old garbage plant buildings now standing on said land, unless they are removed in accordance with the order of this Board passed Sept. 12, 1899.

That these auction sales shall be advertised to occur, and shall occur, on Saturday, Nov. 11, 1899, at 11 a.m.

Passed.

EAST BOSTON TUNNEL.

Ald. DAY offered an order—That the City Council request the Mayor to instruct the Law Department to use all the legal means possible to hasten the construction of the East Boston Tunnel.

The order was read a second time and the question came on its passage.

Ald. DAY—Mr. Chairman, I would like to take a few minutes to bring to the attention of this Board the struggle that has been going on ever since the formation of government, and that will continue to go on until the aggressions of capital finally force the people to unite on a co-operative basis. There is a tendency the world over among people who have money to take away that belonging to those who have but little; and a particular instance presenting itself at the present time, that is of interest to me, is the antagonism of Wd. 11 to East Boston. It is, of course, merely a matter of chance that the control of this Board rested on the question of whether Wd. 11 or East Boston should have representation here in the Board of Aldermen. But there is something that is not so much a matter of chance, and that is the contest that is now going on in the republican party to decide who is to be the next Lieutenant-Governor—whether it shall be a citizen of Wd. 11, with his wealth and social position, or a candidate of the common people from East Boston, with superior qualifications and superior fitness for the position. This question of

whether East Boston is going to have a tunnel or not is just the same question of Wd. 11 against East Boston; Wd. 11 is represented by the Citizens' Association, and I regret to say that, judging by the action of the Rapid Transit Commission, Wd. 11 is also represented by that royal commission. The people of East Boston have on their side an act of the Legislature and also a decision of the Supreme Court. The act providing for the construction of a tunnel to East Boston was an amendment to the rapid transit bill, put on to that bill solely through the influence of John L. Bates, the Speaker of the House of Representatives. The Rapid Transit Commission in a leisurely way began to build that tunnel—that is, advertised for bids, after a long delay; and then the Citizens' Association came along with an injunction, and just as soon as they asked for a hearing on that injunction the Rapid Transit Commission stopped work.

The matter dragged along month after month and no date was set for a hearing, until this Board passed an order, directing the Law Department to press for a hearing, and as soon as the Law Department took it up the hearing was held. The Supreme Court then told the Rapid Transit Commission to go ahead and build that tunnel, telling them it made no difference if they did not have money enough to build it, that they could begin on it, and telling them just what kind of a tunnel to build. In the same leisurely way in which they had proceeded before the Rapid Transit Commission sent Pasquale Somebody-or-other over to Maverick Sq. to dig a hole and fence it in, and when they had three feet of the tunnel built, last Tuesday this same Citizens' Association came along and asked for another injunction on the ground of unconstitutionality. That question was raised at the last session of the Supreme Court, and the Supreme Court paid no attention to it, rendered no decision. Now, we feel over there that the Rapid Transit Commission has no right to stop work on this tunnel on so trivial a pretext. They have stopped work absolutely and propose to stop it until the Supreme Court renders its decision. We don't feel that we are being used fairly. We know that this Board of Aldermen is in sympathy with the people of East Boston; that our Chairman has had a record of nearly twenty years in City Hall, and every year has shown himself friendly to East Boston and her people. The senior member on the Republican side (Ald. Presho) has many warm friends in East Boston, as he has in Charlestown, and I feel confident that the Board will pass the order to direct the Law Department to see if there cannot be some relief for the people of East Boston, to see if the Rapid Transit Commission cannot be directed to go to work and build that tunnel which the Legislature has told us we should have and which the Supreme Court has told the Rapid Transit Commission to build.

The order was read for information, at request of Ald. Adams.

Ald. PRESHO—Mr. Chairman, I am in sympathy with the alderman on this question, but I think it would be well for him to confine himself to his own party. I think if he ever succeeds in controlling the one member of his own party who is doing more than anybody else in the city of Boston to prevent the construction of the tunnel to East Boston—that great dynamic force, Nathan Matthews, Jr.—if he ever attempts to control him and get him out of the way as an obstacle, he will find that he has all he can attend to in the ranks of his own party. As for the Lieutenant-Governorship, we republicans can take care of that, and we ask that you democrats will continue to support John L. Bates of East Boston, because then the people will see who really want him elected Lieut.-Governor.

Ald. DAY—Mr. Chairman, I wish to deny that Mr. Matthews is a member of my party. No man today who does not believe in the Chicago platform or who did not vote for Bryan for President is a member of the democratic party.

Ald. ADAMS—Mr. Chairman, I will be happy to vote for this order today if it is offered in good faith, but I am very much surprised that my good friend from East Boston should have brought it in today, on the eve of the contest that is to be settled tomorrow night in this city, with the very evident purpose of trying to make capital for one of the contestants. It seems to me that is at the bottom of the whole move, and if it is offered on that ground I shall certainly vote against the order today. I am not opposed to East Boston and its interests, and I will vote here at any time to further those interests, but I do disapprove of any attempt on the part of a member of this Board to try to bring politics into such a question in this manner.

Ald. CODMAN—Mr. Chairman, I should feel very badly if any of my colleagues voted against the interests of East Boston, in this or any other matter, and personally favor such an order. I am at all times ready to assist East Boston. But I would like to see the members of this Board, particularly Republican members, express themselves as they feel is right, not considering that they are compelled to express themselves in a certain way by reason of politics in any form. I will, therefore, move that the order be assigned to the next meeting, so that the vote may be a fair one and will not be misconstrued.

Ald. McDONALD—Mr. Chairman, I certainly agree with the alderman from East Boston (Ald. Day). I think he is justified in what he has said today in regard to the East Boston tunnel. The trouble no doubt is that the Rapid Transit Commissioners are not appointed for any stated period, are holding office for I don't know how many years; and it seems to me it would be better if the Alderman from East Boston would amend the order, so that there might be a special committee of three to look into the matter and report to the Board of Aldermen at its next meeting.

Ald. BERWIN—Mr. Chairman, I dislike very much to rise in this Board and say anything that might in any way hurt the feelings of my good friend from East Boston, Ald. Day. But I am really astonished to think that a gentleman who enjoys the confidence of members of this Board should lend himself, apparently as a party tool of the democracy of the city of Boston, as a tool of the board of strategy, and undertake in this Board, as the Democrats have done right along, to help the candidacy of John L. Bates for the lieutenant-governorship. That is not an issue in the proposition now presented to the Board, and I say again that I am astonished at the conduct of the alderman from East Boston. I trust that he will guard himself more carefully in the future against any attempt to bring into this Board anything of that character. It has no place here.

The contest between the two candidates for Lieutenant-Governor is, so far as the Republicans are concerned, an honorable one, and all I say to the Democratic Board of Strategy, through its distinguished representative from East Boston, is to mind its own business in the future and the Republican party will take care of its affairs. I say this intending no offence to the alderman from East Boston. I know he would not personally, if he had not been inspired to do so, have presented such an argument to this Board. I want him, however, as a friend of mine, in the future not to endeavor to drag in matters of that kind.

Ald. BRICK—Mr. Chairman, I think none of us take in seriously the remarks of the alderman. The Lieutenant-Governorship has been referred to; but I don't

think that fact is as serious as Alderman Berwin desires the newspaper reporters to think. There is a great deal of good in this order, and I think there is no question that it should be passed in this Board. There is no doubt that this self-constituted committee of ten is holding back the East Boston tunnel, for some purpose.

Of course, I would say nothing against the motives of gentlemen who are opposing this tunnel. Of course, they are gentlemen of the highest character—the same gentlemen who held up the carriage bills of last year. (Laughter.) Of course, we are to understand that what they are doing is for the city's welfare; but it does seem strange that one gentleman particularly, by the name of Matthews, who is presumed to be the father of the subway—which he fought successfully through the Legislature—should now want to fight the tunnel to East Boston. It strikes me, as I look at it, that there is something more than the city's welfare at stake; that somebody's interests at least are being touched or that there is some scheme underneath for holding back the building of the tunnel. Now, the way to frustrate such an attempt to block action is by prompt legal measures. When the matter was first pressed by the alderman from East Boston and was brought to the Supreme Court, the court at once decided what should be done. I think now that the gist of the alderman's motion and resolution is right and that there should be no question of politics in our action upon the matter. Let us sink such considerations. It is a fact that there should be action taken at once by the Supreme Court, and steps with that end in view should at once be taken by the Law Department. I think that is what the alderman desires, and I don't think any member of this Board seriously thinks that the Board of Strategy or the Democrats are going to interfere in the fight for the Lieutenant-Governorship at all.

Ald. Codman's motion to assign to the next meeting was declared lost. Ald. Codman doubted the vote and called for the yeas and nays.

Ald. BERWIN—Mr. Chairman, I shall vote this afternoon for the passage of that order, with this explanation. If the alderman remembers, I appeared in East Boston some two years ago, when Mr. Gargan, a member of the Transit Commission addressed the East Boston Citizen's Association, and I also had an opportunity to say a few words in support of the tunnel proposition. I believe in it, and I am willing and ready to vote for it. I believe it should be carried out. But perhaps there are some legal questions involved, and possibly for that reason the Transit Commissioners are not in any great hurry to move ahead. I believe you are going to have the tunnel some day, but you will never get it, Ald. Day, by any such attempts as you have made this afternoon.

Ald. PRESHO—Mr. Chairman, I will vote in favor of this order, because I think the East Boston people are worthy of consideration upon such an important question, at this time; but I think it was an exhibition of bad taste for the alderman from East Boston to interject politics into this discussion, as he did. I think the people of East Boston need this tunnel and that it should be built as soon as possible. I will therefore vote for the order.

The motion to assign was lost, yeas 2, nays 9, Ald. Adams and Codman voting yes.

The order was passed. Sent down.

CEDAR SQ. FENCE.

Ald. COLBY offered an order—That His Honor the Mayor be hereby requested by this Board to direct the Superintendent of Public Grounds to immediately repair the fence at Cedar Sq., Wd. 21, the expense of

the same to be charged to the appropriation for Public Grounds Department. Passed.

RESIGNATION OF CITY CLERK GALVIN.

The following was received:—
Office of City Clerk, City of Boston,
City Hall, Sept. 25, 1899.
To the Honorable City Council:—
I hereby tender my resignation as City Clerk of the City of Boston, to take effect on Oct. 1st, 1899.

Very respectfully,
J. M. Galvin, City Clerk.
Referred, on motion of Ald. McDonald, to the Committee on Public Improvements.

ELEVATED RAILWAY DAMAGES.

On motion of Ald. Colby, the Board voted to take up special assignments, viz:—
Consideration of petitions for awards of damages on account of the taking by the Boston Elevated Railway Co. of lands of certain parties, as follows:—

18. Horace H. Moses et als., on Washington St., Roxbury.
19. Harr'et A. Nichols et als., on Zeigler St., Roxbury.
20. James W. Stevens, on Dudley St., Roxbury.
21. Harlan P. Whitcomb, on Warren St., Roxbury.
22. Amelia T. Worthington et als., trustees, on Zeigler St., Roxbury.
23. John Ross, on Washington St. and Knower Pl., Roxbury.
24. John W. Bemis, 7 Porter St.
25. Sarah A. Carlton, on Porter St.
26. Amelia Greenbaum, on Porter St.
27. Frederick Jenkins et al., on Porter St.
28. Margaret D. Fette, on Porter St.
29. Anna L. Messinger, on Porter St.
30. John W. Bemis, 1 and 3 Porter St. and 68-74 Pleasant St.
31. Mary H. Underwood, on Porter St.
32. Margaret D. Whalen et als., on Porter St.
33. Charles G. Way, on Harrison Ave. and Motte St.
34. Charles G. Way, on Motte and Washington Sts.
35. Annie Wyzanski, on Kirkland St.
36. William A. Matthews, on Kirkland St.
37. Hannah Greenwood, on Kirkland St.
38. Benjamin F. Shattuck, on Beach and Tyler Sts.
39. Benjamin F. Shattuck, on Beach St. and Harrison Ave.
40. Charles G. Rice, on Atlantic Ave and Beach St.
41. Reuben E. Demmon, on Harrison Ave.
42. Emma A. Goodnough, on Causeway St.
43. Hubert Daly, on Babcock Ct., Charlestown.
44. John H. Quinlan et als., on Main St. and Babcock Ct., Charlestown.
45. Petition of W. Bowman Cutter, lessee, that the Board estimate and determine the damages to him by the taking of certain land on Warren St. by the Boston Elevated Railway Company.

On motion of Ald. Colby the several numbers were referred to the Board, acting as County Commissioners.

RECESS TAKEN.

On motion of Ald. Colby the Board voted to take a recess, subject to the call of the Chair, at 12 noon.

The Board reassembled in the Aldermanic Chamber at 1:02 P.M.

ELEVATED RAILWAY DAMAGES.

The CHAIRMAN—The Board will convene as County Commissioners. The Chair presents the following for the Commissioners:

Ordered, That, in the opinion of the

Board of Aldermen of the City of Boston, sitting as County Commissioners, the point raised by some of the respondents on the petitions of the Boston Elevated Railway Company for the assessment of damages for land taken by said company that an actual attempt on the part of the said company to settle with the respondents is a condition precedent to a legal taking by the company, is not sustained, and that this finding be entered on each petition on which the question was raised.

The question came on the acceptance of the order.

Ald. BERWIN—Mr. Chairman, I merely desire to ask that my vote be recorded against the order, in the Board, sitting as County Commissioners. I don't care to discuss the matter at all.

The order was passed.

Ald. COLBY presented the following:—

Ordered, That in all the petitions now pending before the Board of Aldermen of the City of Boston, acting as County Commissioners for Suffolk County, brought by or against the Boston Elevated Railway Co. for the assessment of damages occasioned by the taking of land by said company, damages be and hereby are assessed and awarded in the sum of one dollar to each and every person named in said petitions, interested as owner, mortgagee, lessee or otherwise in the land so taken.

On motion of Ald. Colby, it was voted:—

That the order determining the damages to be awarded by this Board in the matter of certain petitions now before it on account of the taking of certain lands by the Boston Elevated Railway Company be specially assigned to the next meeting, and that notice of the same be given to the several parties in interest by the City Clerk.

On motion of Ald. Colby, the Board adjourned as County Commissioners, and went into session as Aldermen.

The CHAIRMAN—The Board will now convene to do its regular business as a Board of Aldermen.

PUBLIC IMPROVEMENTS.

Ald. BRICK, for the Committee on Public Improvements, submitted the following:

(1) Report on the petition of the Eastern Cold Storage Co. (referred today), for leave to lay iron pipes under and along Creek Sq., Wd. 6—Recommending the passage of an order of notice for a hearing thereon on Monday, October 9, at 3 o'clock p. m.

Report accepted; order of notice passed.

(2) Reports recommending the passage of orders directing the Superintendent of Streets to make sidewalks in front of the following-named estates and along the following-named streets, said sidewalks to be from 3 to 10 inches above the gutters adjoining, to be from 5 to 12 feet in width, and to be built of the materials specified, with granite edgestones, the owners to furnish the said materials, viz.:—

Shapleigh Coffee Co., artificial stone, 36 Broad St., Wd. 6.

A. S. Bigelow, artificial stone, corner Commonwealth Ave. and Fairfield St., Wd. 11.

Henry G. Allbright, artificial stone, 570-572 Columbia Road, Wd. 15.

Wm. B. Blakemore, artificial stone, 357-367 Heath St., Wd. 19.

James W. Woodward, artificial stone, 41-45 Mt. Pleasant Ave., Wd. 17.

Lucy F. Copley, brick, 302-308 Bowdoin St., Wd. 20.

Wm. Spoth, brick, 188-194 Highland St., Wd. 22.

Giovanni Bellizia, brick, 210-212 Maverick St., Wd. 2.

D. H. Sullivan, brick, 51 Calumet St., Wd. 19.

Wilfred Bolster, brick, 137 Ruthven St., Wd. 21.

Reports severally accepted; orders severally passed.

(3.) Reports (on petition referred today)

recommending passage of orders that the Superintendent of Streets be authorized to issue permits for work to be completed on or before December 31, according to the terms and conditions expressed in the ordinances of the city relating thereto, as follows:

Alice H. Burrage, to construct, maintain and use areas with granite and iron covers, under and in the sidewalk in front of estates 325-327 Newbury St., as shown on a plan dated September 23, 1899, on file in the permit office of the Street Department.

Walworth Manufacturing Company, to construct, maintain and use an area with one coal hole opening, iron cover, of rough upper surface, under and in Leather Sq., at rear of 130 Federal St., as shown on plan on file in the permit office of the Street Department.

Heirs of Samuel Guild, to lay, maintain and use a 1½-inch iron pipe, with a screw cover attached, under and across the sidewalk in front of estate 18 Derne St., Wd. 8.

Boston Elevated Railway Co. (referred Sept. 15), to construct, maintain and use areas with granite and iron covers under and along the sidewalk in front of estate on the corner of Main and Alford Sts., Wd. 4, viz., three on Main St., 18 ft. by 4 ft. each; one on Alford St. 18 ft. by 4 ft.

Reports accepted, orders severally passed.

(4) Report on the petition of B. F. Keith (referred today), for leave to erect a temporary arch over Tremont St., from his theatre to Boston Common—Recommending the passage of the following:—

Ordered, That the Superintendent of Streets be authorized to issue a permit to B. F. Keith to erect and maintain a temporary arch in and over Tremont St., extending from Keith's Theatre to Boston Common, as shown on a plan dated Sept. 23, 1899, on file in the permit office of the Street Department. Said arch is to be used during the Dewey celebration, and to be removed within thirty days thereafter; providing that no part of the same shall be used for advertising purposes.

Report accepted, order passed.

RAILROADS.

Ald. DIXON, for the Committee on Railroads, submitted the following:—

Report on the petition of the West End Street Railway Co. (recommitted Sept. 18), for a location for double tracks in Atlantic Ave., from Dewey Sq. to Foster's Wharf, and for the alteration of the tracks of the Union Freight Railroad Co. between said points—Recommending the passage of the accompanying orders:—

Ordered, That in addition to the right heretofore granted the Union Freight Railroad Company to lay down tracks in the streets of the City of Boston, said company shall have the right to lay down, maintain and use a single track in Atlantic Ave., from Dewey Sq. to a point near Foster's Wharf, in place of existing track in said street; the expense of such change of location to be borne by the Boston Elevated Railway Company; said tracks being shown by green lines on a plan made by A. L. Plimpton, dated September 1, 1899, and deposited in the office of the Superintendent of Streets.

The right to lay down the tracks located by this order is upon condition that the whole work of laying the same, the form of rail to be used, and the kind and quality of material used in paving said tracks, shall be under the direction and to the satisfaction of the Superintendent of Streets, and shall be approved by him. Also upon condition that said Union Freight R.R. Co. shall accept this order of location, and shall agree, in writing, to comply with the conditions herein contained, and shall file said acceptance and agreement with the City Clerk within thirty days from the passage of this order; otherwise it shall be null and void.

The whole work of laying the said tracks to be completed within one year from the date of the passage of this order.

Ordered, That in addition to the rights heretofore granted the West End Street Railway Company to lay down tracks in the streets of the City of Boston, said company shall have the right to lay down, maintain and use double tracks in Atlantic Ave., beginning in Dewey Sq. and connecting with tracks there located, thence on said avenue to a point near Foster's Wharf, with necessary curves, switches, cross-overs and connections; said tracks being shown by red lines on a plan made by A. L. Plimpton, dated September 1, 1899, and deposited in the office of the Superintendent of Streets.

The right to lay down the tracks located by this order is upon condition that the whole work of laying the same, the form of rail to be used, and the kind and quality of material used in paving said tracks, shall be under the direction and to the satisfaction of the Superintendent of Streets, and shall be approved by him. Also upon condition that said West End Street Railway Company shall accept this order of location, and shall agree, in writing, to comply with the conditions herein contained, and shall file said acceptance and agreement with the City Clerk within thirty days from the passage of this order; otherwise it shall be null and void.

The whole work of laying the said tracks to be completed within one year from the date of the passage of this order.

Report accepted; orders passed under suspension of the rule.

PROJECTION OF SIGNS, ETC.

Ald. DAY, for the Committee on Building Department (Ald.) submitted the following:—

(1) Reports recommending that permission be granted to project signs, etc., in accordance with petitions referred today, as follows:—

L. Wallace, a sign, at 115 Hanover St., Wd. 6.

Michael Angelo, a drum sign, at 115 Hanover St., Wd. 6.

Samuel Katz, 3 signs, at 19 Tremont Row, Wd. 6.

A. Rotman, an illuminated sign, at 228 Hanover St., Wd. 6.

A. Fellner, an illuminated sign, at 151 Federal St., Wd. 7.

Gross & Straus Co., 2 illuminated signs, at 14 Bedford St., Wd. 7.

Jos. P. Lomasney, a campaign transparency, at corner Lowell and Causeway Sts., Wd. 8.

Shepard & Wiseman, 2 signs, at 123 Cambridge St., Wd. 8.

T. Winfield McCabe, a sign, at 47 Warren St., Wd. 18.

Joseph E. Livingston, a sign, at 379 Warren St., Wd. 21.

Austro-Hungarian Consul, the consular flag, at 80 State St., Wd. 6.

German Consul, the consular flag, at 80 State St., Wd. 6.

St. Michael's Society, to hang flags and lanterns from the Hotel Italy to building opposite, in North Sq., on October 7 and 8.

Reports severally accepted; leave granted on the usual conditions.

(2) Report on the petition of The American Bell Telephone Co. (referred today), for leave to excavate the basement of building 11 and 13 Oliver St. and 117-119 Milk St., Wd. 7, to grade 10.40—Recommending that leave be granted.

Report accepted; leave granted on the usual conditions.

ELECTRIC WIRES.

Ald. CODMAN, for the Committee on Electric Wires, submitted the following:—

(1) Report on petition of the N. E. Tel. & Tel. Co. of Mass. (recommitted today), recommending the passage of the following:—

Ordered: That permission be granted to

The N. E. Tel. & Tel. Co. of Mass., to place and maintain poles for the support of wires at points designated by red dots on a plan deposited in the office of the Superintendent of Streets, made by G. H. Dresser; said poles to be located as follows:—

Beech St., Wd. 23, 10 poles, 35 ft. by 13 inches, sidewalk 5 ft. wide, plan dated September 6, 1899.

The Superintendent of Streets is hereby authorized to issue permits for opening and occupying streets for placing and maintaining said poles on the conditions specified in chapter 33, section 15, of the Revised Ordinances of 1898.

The work of locating said poles to be completed within ninety days from the date of the passage of this order.

Report accepted, order passed under suspension of the rule.

(2) Report on petition of the N. E. Tel. & Tel. Co. of Mass. (recommitted today) recommending the passage of the following orders:—

Ordered, That permission be granted to N. E. Tel. & Tel. Co. to place and maintain poles for the support of wires at points designated by blue dots on a plan deposited in the office of the Superintendent of Streets, made by G. H. Dresser and C. H. Perkins; said poles to be located as follows:—

Western Ave., Wd. 25, one pole, 40 ft. by 15 in., sidewalk 10 ft. wide, plan dated June 4, 1896; H St., Wd. 15, two poles 35 ft. by 13 in., sidewalk 8 ft., plan dated Sept. 7, 1891; Farrington St., Wd. 25, two poles 35 ft. by 12 in., sidewalk 7 ft., plan dated Dec. 29, 1898; Warren St., Wd. 21, two poles 45 ft. by 15 in., sidewalk 9 ft., plan dated November, 1899; Bennington St., Wd. 1, one pole, 45 ft. by 15 in., sidewalk 8 ft., plan dated November, 1899.

Ordered, That permission be further granted to said company to remove from Western Ave. two poles, from H St., two poles, from Farrington St. two poles, from Warren St. one pole, and from Bennington St. one pole, severally shown by red dots on the above plans.

The Superintendent of Streets is hereby authorized to issue permits for opening and occupying streets for placing and maintaining said poles on the conditions specified in chapter 33, section 15, of the Revised Ordinances of 1898.

The work of locating and removing said poles to be completed within ninety days from the date of the passage of this order.

Report accepted, order passed under suspension of the rule.

(3) Report on petition of the N. E. Tel. & Tel. Co. of Mass. (recommitted today) recommending the passage of the following:—

Ordered, That permission be granted to The N. E. Tel. & Tel. Co. of Mass. to place and maintain poles for the support of wires at points designated by red dots on a plan deposited in the office of the Superintendent of Streets, made by G. H. Dresser; said poles to be located as follows:—

Glenway St., Wd. 20, 23 poles, 35 ft. by 13 inches, sidewalk 8 ft. wide, plan dated September 18, 1899.

The Superintendent of Streets is hereby authorized to issue permits for opening and occupying streets for placing and maintaining said poles on the conditions specified in chapter 33, section 15, of the Revised Ordinances of 1898.

The work of locating said poles to be completed within ninety days from the date of the passage of this order.

The report was accepted, and the question came on giving the order a second reading.

Ald. ADAMS—Mr. Chairman, I move that that order pertaining to Glenway St. be assigned to the next meeting.

Ald. CODMAN—Mr. Chairman, as a member of the Committee on Electric Wires I have no objection to assignment. In fact, I have been in favor of assignment. But the simple fact is that I don't think the alderman's motion will accom-

plish what he has on his mind. The petition has been duly advertised, order of notice has been issued and hearings have been duly held, and, from my experience of last year on the Committee, at the time when the telephone people asked for similar locations, I am rather inclined to think that there is nothing to be accomplished by laying the matter over for a week. We had a hearing last year and there was some opposition. It was represented here by Mr. Bachelder, who claimed to represent the Harvard Improvement Association of Harvard and he at that time agreed to get for the telephone people rights to locate their poles in the back yards there. Absolutely nothing was done, and Mr. Bachelder never carried out his agreement in any way, as far as I could find out.

The company has now been held back nearly a whole year. As far as the company is concerned, I have no interest at all, but at least two people have spoken to me, saying that they want telephones and that they want the service of the N. E. Tel. & Tel. Co., and there is no way to reach them unless this permit is granted by the Board of Aldermen. If the alderman would add to his motion a provision for another hearing, or for some means of getting at an expression of the people of that section—if he thinks they have not had sufficient notice—I am inclined to be with him. But it seems to me something should be done in the matter, and I hardly feel like laying it over, unless there is to be another hearing. If he asks to have it referred back to the Committee, I shall have no objections.

Ald. ADAMS—Mr. Chairman, I am perfectly agreeable to having the matter referred back to the Committee. My only object in asking for further delay is that

I may consult with the people there. If I am correctly informed, the people on Glenway St. are unalterably opposed to having twenty or thirty poles on the street. It is a fine residential street, and I think it would be a great injustice to the people who live there to pass the order at this time. I have been asked to oppose the erection of poles on that street. I hope the order will not pass today, but will be referred back to the Committee, as I believe the people are not aware that this step is being taken by these people at this time. I move that the matter be referred back to the committee.

Ald. CODMAN—Mr. Chairman, I would like to amend that by adding instructions that the Committee give a hearing and that notices be sent out.

Ald. Adams accepted the amendment, which was adopted, and the order was recommitted, with instruction to the Committee to send out notices and to have a hearing.

THE NEXT MEETING.

Ald. ADAMS—Mr. Chairman, I move that when this Board adjourn it be to meet on Monday, October 9, at 3 P.M., and that all hearings assigned for a prior date be postponed accordingly.

The motion was carried.

GENERAL RECONSIDERATION.

On motion of Ald. Berwin, a general reconsideration of all action taken today was refused.

Adjourned at 1.16 P.M., on motion of Ald. Berwin, to meet on Monday, October 9, at 3 P.M.

CITY OF BOSTON.

Proceedings of the Common Council.

Thursday October 5 1899.

Regular meeting of the Common Council, held in the Council Chamber, City Hall, at 7.45 o'clock p. m., President Kiley in the chair, and a quorum present.

THETFORD AVE. SCHOOL.

The following was received—

To the City Council:—I transmit herewith a communication from the School Committee in reply to your order asking that improvements be made on the yard and walks of the Thetford Avenue school in Dorchester. Respectfully,

Josiah Quincy, Mayor,
City of Boston,
In School Committee,
September 26, 1899.

The Committee on School Houses, to whom was referred—June 13—a communication from the City Council, through His Honor the Mayor, requesting that the necessary improvements be made on the yard and walks of the Thetford Avenue School in Dorchester, and also that the sanitary condition be improved, report that the yards and walks of this school have been improved during the past summer, but your committee are not aware of any defects in the sanitary arrangements of the building. Should they become aware of such conditions, the matter will receive their attention. Your committee recommend that this report be transferred to the City Council, through His Honor the Mayor. For the Committee,

Thos. W. Berridge, Act'g Chairman.
Accepted, and ordered to be sent to His Honor the Mayor.

A true copy—Attest:

Thornton D. Apollonio, Secretary.
Sent up.

IDAHO ST. CONSTRUCTION.

The following was received:—

Mayor's Office, City Hall,
Boston, Oct. 2, 1899.

To the Common Council:—

I transmit herewith a communication from the Superintendent of Streets in reply to your order requesting a report as to the cause of the delay in completing the construction of Idaho St., Wd. 24.

Respectfully,

Josiah Quincy, Mayor,
Street Department, City Hall,
Boston, Sept. 29, 1899.

Hon. Josiah Quincy, Mayor.

Sir:—In reply to the inquiry of the Common Council as to what is the cause of the delay in completing the construction of Idaho St., Wd. 24, I would respectfully report as follows.

The sewer work was completed on March 1, 1899, and the contract for surfacing the street was signed on April 27, the work on the water and gas pipes being then unfinished. The work on the water pipes was completed on May 9, and on gas pipes July 24. The delay in this case was caused by the failure of the gas company to do the work until after a long period.

Since then the work of construction has been in progress, some delay being occasioned by the failure of the street department to furnish the stock required, said failure being caused by the delay of the parties supplying the goods.

The street will be completed within a very few days.

Yours very respectfully,

Benj. W. Wells, Supt. of Streets.

Placed on file.

CONDITION OF MATHER SCHOOL.

The following was received:—

Mayor's Office, City Hall,
Boston, Oct. 2, 1899.

To the City Council:—

I transmit herewith a communication from the School Committee in reply to your order requesting that immediate steps be taken to improve the sanitary condition of the Mather Schoolhouse, South Boston.

Respectfully,

Josiah Quincy, Mayor,
City of Boston, In School Committee,
Sept. 26, 1899.

The Committee on School Houses, to whom was referred—Feb. 14—a communication from the City Council, through His Honor the Mayor, requesting that immediate steps be taken to improve the sanitary condition of the Mather Schoolhouse in Wd. 13, South Boston, report that they have investigated the matter, and do not find that cause for complaint exists with regard to the sanitation and ventilation of the building in question. The sanitarries in the yard are not of the most approved style, but are well cared for, and the expense of installing new accommodations of this character, including enlargement of the present building, plumbing, slate work, closets, and ventilation, would be greater, in the judgment of the committee, than the necessities of the case demand. Your committee therefore recommend that the City Council be respectfully informed, through His Honor the Mayor, that it is inexpedient to take further action with regard to this matter at the present time. For the Committee,

Thos. W. Berridge,
Acting Chairman.

Accepted, and ordered to be sent to His Honor the Mayor.

A true copy. Attest:

Thornton D. Apollonio,
Secretary.

Mr. LINEHAN of Wd. 13—Mr. President, before that message is placed on file I would like to say just a word, as the member from Wd. 13 who introduced the order. It is almost eight months since it was introduced, and I think they have had sufficient time to look the matter up thoroughly; and when they state that the present condition of the Mather School is not a menace to the health of the people who live in the immediate vicinity, they don't know what they are talking about. Every person who lives around there has been objecting to it for the last ten years, and the school is today practically the same as it was ten years ago. When they make a statement that the school is in good condition, they don't know what they are talking about.

The communication was sent up.

CONDITION OF FROTHINGHAM SCHOOL.

The following was received:—

Mayor's Office, City Hall,
Boston, Oct. 2, 1899.

To the Common Council:—

I transmit herewith a communication from the School Committee in reply to your order, referred to me on March 30th, asking that necessary steps be taken to put the Frothingham Schoolhouse, Charlestown, in proper sanitary condition.

Respectfully,

Josiah Quincy, Mayor,
City of Boston, In School Committee,
September 26, 1899.

The Committee on Schoolhouses, to whom was referred, April 11, a communication from the Common Council, through His Honor the Mayor, requesting that the necessary steps be taken to put the Frothingham Schoolhouse, Charlestown, in proper sanitary condition, report that the matter has received their attention, and they recommend that the Common Council be respectfully informed, through His Honor

the Mayor, that extensive alterations and improvements in the sanitation of this building are now in progress, and will be completed at an early date.

For the Committee,

Thos. W. Berridge, Acting Chairman.
Accepted, and ordered to be sent to His Honor the Mayor.

A true copy. Attest:

Thornton D. Apollonio, Secretary.
Placed on file.

CONDITION OF DUDLEY SCHOOL.

The following was received:—

Mayor's Office, City Hall,

Boston, October 2, 1899.

To the Common Council:—

I transmit herewith a communication from the School Committee in reply to your order, referred to me on March 30th, requesting that improvements be made in the sanitary condition of the Dudley grammar school-house, Roxbury.

Respectfully,

Josiah Quincy, Mayor.

City of Boston, In School Committee.

September 26, 1899.

The Committee on School Houses, who were requested—Mar. 28—to investigate the sanitary condition of the Dudley Grammar Schoolhouse, and to take such measures as may be necessary to improve the same, and to whom was referred—Apr. 11—a communication from the Common Council, through His Honor the Mayor, relating to the same subject, report that alterations and improvements in the sanitary arrangements of this schoolhouse were made a year ago, and that subsequent complaints made were on account of defects in ventilation which have now been remedied. Your committee recommend that the Common Council be respectfully informed, through His Honor the Mayor, that the Dudley Schoolhouse is now in good condition for school occupancy.

For the Committee,

Thos. W. Berridge, Act'g Chairman.

Accepted, and ordered to be sent to His Honor the Mayor.

A true copy.

Attest: Thornton D. Apollonio, Secretary.

Placed on file.

PAPERS FROM THE BOARD OF ALDERMEN.

1. Ordered, That the City Council request the Mayor to instruct the Law Department to use all the legal means possible to hasten the construction of the East Boston tunnel.

Passed in concurrence.

ROOFING OF BUILDING AT RAINSFORD ISLAND.

The Council proceeded to take up No. 2, assignment, viz:—

2. Mayor's message transmitting the following order passed by the Board of Estimate and Apportionment on September 1, 1899, the same coming down without alteration, viz:—

Ordered, That the sum of twenty-five hundred (2500) dollars be appropriated, to be expended by the Trustees for Children in roofing in and preserving building at Rainsford Island recently damaged by fire; and that the City Treasurer be authorized to issue, from time to time, on the request of the Mayor, bonds of the City of Boston to said amount for said purpose.

The message was placed on file.

The PRESIDENT—The Chair will rule that, in accordance with the act creating the Board of Estimate and Apportionment, owing to the lapse of thirty days, the order has already become operative. The Chair will therefore direct the Clerk to transmit the paper to the City Clerk.

TRANSFER OF LAND TO PARK DEPT.

The Council proceeded to take up No. 3 assignment, viz:—

3. Ordered, That the triangular lot bounded by Crawford, Abbotsford and Harold Sts., Wd. 21, be transferred from the charge of the Street Department and placed under the care and custody of the Public Grounds Department.

Passed in concurrence.

RESOLUTIONS CONCERNING JULY FOURTH ORATION.

The Council proceeded to take up No. 4, assignment, viz:—

4. Resolutions concerning Fourth of July oration, presented by Mr. McInerney of Wd. 19. (City Doc. 122.)

Mr. CUDDY of Wd. 8—Mr. President, in the absence of Mr. McInerney of Wd. 19, I move the assignment of the resolutions to the next meeting.

The resolutions were assigned to the next meeting of the Council.

ADMINISTRATION OF OVERSEERS OF POOR DEPT.

The Council proceeded to take up No. 5, assignment, viz:—

5. Message of Mayor transmitting communication from Overseers of Poor, conveying information in regard to the administration of their department. (City Doc. 140.)

Mr. WATSON of Wd. 18—Mr. President, I would like to move that No. 5 be laid on the table, for the reason that I have not yet got sufficient information to speak on the message.

The message and communication were laid on the table.

CONDITION OF WESTON ST. SCHOOL.

Mr. WATSON of Wd. 18 offered the following:—

Resolved, That it is criminal to compel teachers and pupils to attend the Weston-st. school while the building remains in its present unhealthy condition; it is a menace to life, and it cannot be explained why this fact is overlooked.

This council demands that the schoolhouse be closed forthwith and not reopened until its healthfulness is unquestioned.

His Honor the Mayor is hereby respectfully requested to transmit this resolve to the School Committee and to urge that body to take immediate action to remedy existing evils.

The question came on giving the resolution a second reading.

Mr. WATSON—Mr. President, as I represent in part the ward in which this school is situated, I desire to bring to the attention of the Common Council this evening the horrible condition of affairs in that school-house. The Board of Health time and time again have condemned the building. It is in frightful sanitary condition. There are children daily taken from that school sick. Diphtheria is rampant there. The diphtheria statistics in the Board of Health office show that in the vicinity where this school is located the number of diphtheria cases is far more than what it should be. I want to say that the doctors in the vicinity demand that that schoolhouse be closed, the parents of the children demand that this schoolhouse be closed—in fact the newspapers of Boston demand that this schoolhouse be closed. If that schoolhouse, instead of being the property of the city of Boston, belonged to an individual and there were five or six families in that building, it would be vacated in twenty-four hours and destroyed, because I am satisfied that what the Board of Health says is true. When the Boston Herald, the conservative newspaper of Boston, in the opinion of many, comes out with a story on its first page and condemns that schoolhouse, and condemns it again in its columns, and demands that it be closed, it seems to me that we

have sufficient reason for the Board of Health and School Committee to act at once. This schoolhouse is located in the midst of a thickly populated tenement house district. The poorer class of children attend that school, and because of that fact I contend that it is no reason why those conditions shall be allowed to exist. The conditions existing at that schoolhouse would not exist ten minutes in that Back Bay.

The conditions in that schoolhouse would not exist for five minutes in Wd. 9. The same conditions would not exist for five minutes in any other ward in Boston except the ward that I represent in part—or, at least, that I attempt to represent. I want to say that Dr. Stone lives within a stone's throw of that schoolhouse, and he has come out in an interview and said that it was a crime and a disgrace for the city of Boston to allow that condition of affairs to be continued. I want to know why this inactivity on the part of the School Committee? I want to know why there is this inactivity on the part of the member of the School Committee from my ward? I want to know, is he a dummy? I have tried to keep my hands out of this thing. I did start in to attack the Weston St. and the Dudley schoolhouse both. I attacked the Dudley schoolhouse alone, and I am informed by the School Committee tonight, through His Honor the Mayor, as a member of this body, that all the bad conditions and difficulties of the Dudley St. school have been remedied; so I have done some good for my ward. I want to say that I demand that His Honor use his influence, little or great, with the School Committee, to close this schoolhouse.

I want to say, in closing, that possibly my voice will cut little figure in this matter with either His Honor the Mayor or the School Committee, as I am inclined to believe that I am not in touch with either; but I want to say that I am in touch with the people of my ward. They have indorsed me for a term in the legislature, in spite of both the political organizations which are not interesting themselves in the conditions in my ward. I want to say to His Honor the Mayor and those who are opposed to me in my politics, and to my methods of acting in politics, and to His Honor the Mayor and the Strategy Board, that I come down here to represent my people and to speak my mind, and to do the greatest good for the greatest number.

The resolution was read a second time and passed.

DEWEY CELEBRATION.

Mr. WATSON of Wd. 13 offered an order—That the Board of Estimate and Apportionment be requested to provide an appropriation sufficient to enable the city of Boston to offer its hospitalities to Admiral Dewey, as a recognition of the valuable and patriotic services which he rendered to his country during the recent war with Spain.

Passed. Sent up.

STREET LIGHTING.

Mr. SANDERSON of Wd. 25 offered an order—That the Corporation Counsel be requested to submit to the Common Council at its next meeting his opinion in writing as to the legality of the contract for street lighting entered into by the city of Boston with the Rising Sun Street Lighting Company; together with a statement of all laws and ordinances relating to the subject.

Passed. Mr. Sanderson moved to reconsider; lost.

Mr. SANDERSON offered an order—That the Superintendent of Lamps, through His Honor the Mayor, be requested to furnish the Common Council at its next meeting with a copy of the contract for street

lighting between the city of Boston and the Rising Sun Street Lighting Company; together with a schedule of all city property used or controlled by said company.

Passed. Mr. Sanderson moved to reconsider; lost.

Mr. LINEHAN of Wd. 13 offered an order—That a special committee be appointed, consisting of five members of the Common Council, to investigate the Lamp Department, and to also inquire into the contract let to the Rising Sun Street Lighting Company.

The question came on giving the order a second reading.

Mr. LINEHAN—Mr. President, my object in introducing that order this evening is that I am a firm believer in taking the bull by the horns. I don't believe in asking information through the Law Department or the Corporation Counsel. I believe that the members of the City Council should investigate this matter individually, or through a committee, and I believe that there was something wrong, something radically wrong, when this entire matter was killed in the Board of Aldermen. I believe there is something wrong with the Board of Aldermen, Mr. President, or they would have stood out as true representatives of the people and investigated this matter thoroughly. They are almost a disgrace to the city of Boston. Everything that goes there is referred to some committee, some burial ground of some sort; and I have heard since this matter came up there that certain members of the Board have been reached, so as to shut their mouths on the Lamp Department. I think the members of this Council should be the ones to investigate this matter thoroughly and report upon it to this body.

Mr. WATSON of Wd. 13—Mr. President, this order of Councilman Linehan of Wd. 13 appeals to me very strongly. I think when the Rising Sun Lighting Company obtained the contract to light the city there was a considerable hullabaloo about what the city government of Boston, particularly the Board of Aldermen, was going to do, as to find out how the thing was got through and who got the dough. I want to say, Mr. President, that while I don't know whether there was any dough flying around or not, we all know things have quieted down. I know that the employees of the Lamp Department have not quieted down. I know that they were used like dogs by the Rising Sun Street Lighting Company. It was agreed with the City of Boston, through her honored mayor, that the men, the employees, would be protected. The way they are being protected is pretty tough. They are doing about fifty per cent more work than they did for the City of Boston and are hounded about fifty per cent more than they were by the City. I want to say further that the old employees of the Lamp Department, are not protected by Civil Service. If they see fit to try to get a job with the City of Boston they are barred many of them, because they are beyond the age limit to get into the civil service. For that reason I introduced an order here inquiring of the Civil Service Commissioners what was the status of the former employees of the City of Boston now with the Rising Sun Street Lighting Company. I know what it is. They are up against it. (Laughter.) That is the condition exactly, but I want to know the facts from the Civil Service Commissioners, and when I find out, as one of the members of this body who are interested in honest employees—and I believe we all are—I shall endeavor to get the Civil Service Commissioners to make some ruling giving them an opportunity to be protected by the civil service when they are able to get a city job.

I want to say that that company is hounding the old employees out of their

jobs and putting in young blood—young fellows who can collect eight or ten votes around them, pack caucuses and send the men through that they want to have go through. I want to say that there should be an investigation on the part of the Council, because the people of Boston believe the Common Council is on the level. We never yet have undertaken anything—particularly we who are in the majority—but what we have carried out, Filipinos or no Filipinos. When we make a statement as individuals or as a body—the majority of us—we come pretty near carrying it out. Nothing generally stops us, and while we have conducted things for the benefit of the citizens in general in great shape, there is considerable kicking from the small element who cannot domineer in this body. I sincerely trust that the committee will be appointed and that it will consist of those who are chock full of nerve. I sincerely trust that the order will pass tonight.

Mr. WELLS of Wd. 16—Mr. President, I would like to amend that order by striking out the words providing for a special committee of five members, and inserting in their place the words "Committee on Lamp Department of the Common Council." I make that amendment simply because at the first of the year there were committees appointed in this body who have had no especial duties to perform and I would like to know the sense of having them appointed if whenever anything that would naturally be attended to by a certain committee comes up a special committee were to be appointed? Now, there is a committee on lamp department—I could not say of whom composed, but I am positive the members of it are as smart as any of the men in this Council—the average man, anyway, and I don't know why that committee cannot look into that matter as well as a special committee. At any rate, the business comes under that department, and I see no reason why that committee should not investigate that matter.

The question came on Mr. Well's amendment.

Mr. LINEHAN—Mr. President, I object to striking out the words "a special committee of five" because my entire object is to have such a committee appointed. The Committee on Lamp Department has had this matter referred to it the second day of last June and has not reported yet, and I object to its going back to them. I am surprised to see or hear any member of this Council rise here and defend such a committee. I am also sorry that I did not tack on to the order a provision that the Committee on Lamp Department should also be investigated. (Laughter.) The order has been referred to the Committee on Lamp Department to bury it, to take care of the Committee on Lamps. That is the Committee which has been taken care of. Now the Common Council wants to know what is going on, what is on the inside, and I for one object to any amendment of that kind.

Mr. WATSON of Wd. 8—Mr. President, I am decidedly opposed to the amendment. I coincide in all that Councilman Linehan has said. It is true that Committees are appointed to do work, and to do as little as possible—(laughter)—especially those appointed at the first of the year. For the benefit of the Councilman from Wd. 16 or Wd. 20—I am not sure which ward he represents—as he has said that he does not know who the members of the Committee on Lamp Department are, I simply desire to inform him as to the membership of that committee. Reversing the order I will read the names of the Councilmen on that committee. Frank E. Wells, Joseph F. Hickey, Temple A. Winsloe, Patrick H. Bradley, Harvey W. Walker, James F. Mulcahy, Fred. A. Emery, James McInerney. That will enlighten the gentleman as to who the members of the committee are. I can easily see that he is

upon the Committee, so we can see what his desire in making the amendment amounts to. Now, I don't want to go on the Committee on Investigation, but I do believe the member who has introduced the order is just the one member of the Committee to investigate the Lamp Department; and if I were to be considered as a member, I would respectfully request the President, when the Committee is appointed, to omit my name, and substitute for it the name of Councilman Wells of Wd. 16 or Wd. 20.

I trust that the amendment will not prevail, but that a special committee of five will be appointed to investigate this matter, I understand that it has got to be a joint committee—no, I am in error about that. I sincerely trust that the amendment will not prevail, but that Mr. Linehan's order will be adopted as he has offered it.

Mr. WELLS of Wd. 16—Mr. President, for the benefit of the gentleman in the first division (Mr. Watson) I would like to say that I know that my name happens to be on the lamp department committee, but as it has met so few times this year, I was not familiar with the rest of the names; and, for the benefit of the gentleman in the third division (Mr. Linehan) I would like to say that when that order was referred by the Board of Aldermen, it was referred to the Committee on Lamp Department on the part of the Board of Aldermen, and that had nothing to do with the Committee on Lamp Department on the part of the Common Council. I believe that if that order had been referred to the Lamp Department Committee on the part of the Common Council, it would have been looked into as thoroughly as it would be if it were referred to any special committee.

Mr. EMERY of Wd. 21—Mr. President, in regard to the insinuation from my friend in the third division about investigating the Lamp Department, I would like to state that since the first night that I was appointed on the Lamp Department Committee until tonight, I did not know that I was on that committee.

Mr. GIBLIN of Wd. 15—Mr. President, the gentleman from Wd. 16 states as a reason for the lamp department being investigated by that committee that the committee is not doing any work. Well, I would like to say that there are other committees that are not doing any work; but, at the same time, I do not think that is a good and sufficient reason for amending this order so that the Lamp Department Committee will investigate the lamp department.

I doubt the prerogative of the committee on lamp department to investigate a thing of this kind. I do not care to go on this investigating committee, and if I should be placed upon it I should refuse to stay on it; but I believe, Mr. President, that if this matter went to the committee on lamp department it would be hung up here for the rest of the year. Now, Mr. President, if there is any wrong in this matter let it come out. If people fear an investigation, why do they fear an investigation, Mr. President? I believe that this committee of five should be appointed. It is tonight the latest idea, and the latest wish of this body sitting here tonight, that an investigating committee be appointed, and when they want a department of this kind investigated, I do not think it is right for the regular committee to do it—and I say again that I deny the prerogative of the committee on lamp department to take up this matter and do it itself. I am in favor of this special committee, Mr. President.

The amendment was rejected, and the order was read a second time and passed. Mr. Linehan moved to reconsider; lost.

REPAIR OF BOLTON ST.

Mr. LINEHAN of Wd. 13 offered an order—That the Superintendent of Streets be instructed and hereby is instructed,

through His Honor the Mayor, to place in proper repair Bolton St., between D and E Sts., Wd. 18.

Referred to His Honor the Mayor.

LAMPS—CEYLON ST.

Mr. MILLER of Wd. 20 offered an order—That the Superintendent of Lamps be requested, through His Honor the Mayor, to provide three gas lamps on Ceylon St., between Quinby St. and Columbia road, Wd. 20.

Referred to His Honor the Mayor.

PURITAN AVE. IMPROVEMENT.

Mr. MILLER of Wd. 20 offered an order—That the Street Commissioners be requested to make plans and grant a hearing on the advisability of laying out Puritan Ave. from Richfield St. to Olney St., in Wd. 20. Passed. Sent up.

HOLIDAY, DEWEY DAY.

Mr. MILLER of Wd. 20 offered an order—That His Honor the Mayor be requested to direct the heads of the various departments to grant a holiday on Saturday, Oct. 14, 1899 (Dewey Day), to all employees of the city whose services can be dispensed with. In part compensation for services rendered.

The question came on the passage of the order. Mr. Watson of Wd. 18 offered the following as a substitute, viz:—

Ordered, That His Honor the Mayor be requested to order the heads of all city departments to allow all employees holidays on the days of Admiral Dewey's visit, Friday, Oct. 13, and Saturday, Oct. 14, without a loss of pay.

The question came on the adoption of the substitute.

Mr. WATSON—Mr. President, I have no intention of being discourteous at all to the member from Wd. 20, but I had this order drawn up some time ago. I won't say that I had it drawn up before he did his, but I had the order drawn up with the intention of introducing it. I would not undertake to take the glory away from him and I do not think he cares anything about that, for I do not think he is looking for glory; but when he takes into consideration that when they grant a holiday for Saturday they only grant for half a day, I think he will see the reason for my order. As a matter of fact the Hall would probably be closed, anyway, on Saturday, by order of His Honor the Mayor. Now, why not go to work and give them a day? Friday would be a day for preparation, and so forth, and I think the city can well afford an extra day, in view of the fact that money is being squandered otherwise. Let some of the smaller fry get in to get some of it. I sincerely trust that the member from Wd. 20 will allow the substitute order to go through. I am satisfied he has got more friends among the city employees than I have. I know that I hope, in order to observe harmony in this body, the member from Wd. 20 will acquiesce and accept my order.

Mr. MILLER of Wd. 20—Mr. President, if the gentleman in the first division had given any good reasons for the substitution of his order I certainly should have been pleased to accept it. As far as granting the city employees a holiday is concerned, you might as well grant them Monday instead of Friday. Admiral Dewey, for whom this celebration is to be given, will not arrive in Boston until some time Friday evening—certainly not until after all the hours of labor are closed—and no work will prevent the boys from having as good a time that evening as they see fit. I do not see any reason for granting Friday as a holiday, as there will be no celebration in Boston Friday, and there will be no parade on Friday during working hours, and probably not until after the arrival of Admiral Dewey. Admiral Dewey will be in Northfield on the 13th until sometime

after three o'clock in the afternoon. He is to be in Montpelier on the 12th, and in Northfield on the 13th. I am prepared to state that as a fact.

Mr. WATSON—Mr. President, well, I am in exactly the same position as the gentleman from Wd. 20. If the gentleman had given me any reason why my substitute order should not go, I would be very willing to destroy it. I should to say that I lost sight of Admiral Dewey since he left New York. I am not in touch with his press bureau as well as the gentleman from Wd. 20 is, but I know Admiral Dewey has a faculty of getting around before time. He might land in Boston the morning of the 13th, despite the gentleman's intelligence as to his whereabouts—and then where would the city employees be? I sincerely trust that, in all fairness, the gentleman will accept my substitute. He sees that I am earnest about it. If he does not see fit to accept it, and if you reject it, all right. It will not be the first crack I have got here. As a matter of fact, I think I am inviting it in protesting against his order. However, I appeal to the members of this body, in fairness to a Filipino, to vote for my order. (Laughter.)

Mr. MILLER—No one can doubt the sincerity of the gentleman in the first division—

THE PRESIDENT—The Council will be in order. The members will address the Chair.

Mr. MILLER—Mr. President.

THE PRESIDENT—The question is on the adoption of the substitute. Mr. Miller of Wd. 20 has the floor.

Mr. MILLER—Mr. President, of course no one can doubt the sincerity of the sober, sedate gentleman in the first division, but my reason was simply this, that there was no celebration on Friday, and that there was no reason for granting a holiday on that day. I am very sorry that the gentleman who offered the substitute order has got into a condition where he has lost track of Admiral Dewey since he left New York, but I want to say that I came from Vermont this week, and that I know the preparations which are being made for him up there, and they probably know something in regard to his future whereabouts. I therefore say positively that he will not arrive in Boston until that evening, and therefore there is no reason for granting a holiday to city employees; for there will be nothing on Friday for them to take a part in. I do not see any reason whatever for accepting his substitute order. I hope his substitute order will not prevail. If there were any reason for accepting it, I would be only too glad to do so.

The substitute order was declared rejected. Mr. Watson doubted the vote, and asked for a rising vote, which was taken, and the substitute order was declared rejected, 13 members voting in the affirmative, 28 in the negative. Mr. Watson further doubted the vote, and asked for the yeas and nays, which were ordered, and the substitute order was rejected—yeas 18, nays 34:—

Yeas—Collins, Cuddy, Curley, Doyle, Fenton, Gibbons, Gible, Leonard, Lohan, Logan, Martin, Mulcahy, Stone, Sullivan, Sweeney, Tobin, Turnbull, Watson—18.

Nays—Atwood, Badaracco, Bagley, Bakstis, Bennett, Brauer, Chamberlain, Harvey, Hibbard, Horgan, Howard, Johnson, Jordan, Kasanof, Kelley, Kiley, Kibbin, Leftovith, Lorey, Lydon, MacDonaid, Mildram, Miller, Moore, Newhall, O'Brien, Peck, Rolland, Sandersow, Simpson, Stoketon, Wells, Winsloe, Wood—34.

Absent or not voting—Amistead, Bordman, Bradley, Brennan, Broderick, Carroll, Casey, Connolly, Doherty, Donaway, Donovan, Eddy, Emery, Flynn, Hickey, Madden, Mansfield, McInerney, Naughton, Rice, Roemer, Stevens, Walker—23.

The original order, offered by Mr. Miller,

was read a second time and passed. Mr. Miller moved to reconsider; lost. Sent up.

CONDITION OF PARKMAN SCHOOL.

Mr. GIBLIN of Wd. 15 offered an order—That the School Committee be requested to discontinue the use of the Parkman Schoolhouse, South Boston; said building being in an unfit condition for school purposes.

Mr. GIBLIN—Mr. President, the old Bigelow Schoolhouse in the part of South Boston where I live, is to be rebuilt. The old building is to be torn down and a new and more modern structure erected in its place. The school did not open this year, and either the School Board or the master in charge hired places to hold school in in charge hired outside places to hold school in during the coming year. Among the places obtained was the old Parkman Schoolhouse, down on West Silver St., in South Boston. The street is very narrow, and the schoolhouse is very old. The old Parkman Schoolhouse was built some time before the Civil War, and some few years ago it was absolutely discontinued as a schoolhouse, being a place unfit to hold school in any longer. In these same schoolrooms, school is being held today. I believe they have been brightened up a little by paint and varnish. To these same schoolrooms they have sent down a number of pupils from the old Bigelow School, a number of pupils who live up in the section where I live, and for the past week or two I have had several complaints from parents of the different children, who say that it is too far for their children to walk to school away down near Dorchester Ave. Moreover, some days when it is rainy and damp, the children have gone down to the school only to be turned home again because it was too dark. There is no gas in the place, and there is no furnace with which to get up steam heat. Very often the teachers and the children have had to wear their cloaks during half the day.

That is the condition of affairs that prevail in the old Parkman schoolhouse, and some of the parents of these children have said to me that if they were obliged to send their children to that school any longer, they would take them out of school entirely until the new schoolhouse is finished. Many of the children from the old Bigelow school have been taken care of at the Hart schoolhouse, many of them in new stores on Broadway, and many have gone over to the Choate-Burnham and Benjamin Dean schoolhouses, and what I ask the school board is for them to find a proper place for the children to go who are now going down to the old Parkman schoolhouse, before diphtheria and other diseases set in and compel them to find another place.

Mr. LINEHAN—Mr. President, I am pleased to know that Councilman Giblin of Wd. 15 has introduced that order, as I know the schoolhouse and am acquainted with its location, and as it is somewhat linked with the communication from the school committee which came in here early in this meeting, I would say that when they abandoned this Parkman schoolhouse, it was almost unfit for human habitation. They have taken away its name and transferred the name "Parkman School" to the old Mather school. They have taken away the name from an old decayed schoolhouse, and have transferred it to another decayed schoolhouse—the Mather schoolhouse which I talked of earlier in this meeting. They have partitioned off the old rooms, which were then almost too small for occupation, and it is almost impossible to see in them now unless the sun is shining very brightly. In some of the rooms the gas has to be lit all day long. It is a miserable, dilapidated old structure, and, instead of being occupied, it should be torn down. There are dozens of good stores and rooms and

halls in the neighborhood which the school committee could hire for school purposes, if they would only expend the money. If the health and welfare of the South Boston scholars were taken into consideration by the school committee a little more, and if they should spend a little less time in looking up schoolhouse sites, perhaps we would have better schoolhouse facilities.

The order was read a second time and passed. Sent up.

EIGHT HOUR DAY.

Mr. TOBIN of Wd. 9 offered an order—That the Board of Election Commissioners be requested, through His Honor the Mayor, to have the following placed on the official ballot at the next municipal election, in accordance with chapter 344 of the Acts of 1899, "Shall eight hours constitute a day's work for all laborers, workmen and mechanics now employed or who may hereafter be employed by, or on behalf of the City of Boston."

The question came on giving the order a second reading.

Mr. TOBIN of Wd. 9—Mr. President, Chapter 344 of the Acts and Resolves of 1899 reads as follows:—

"Section 1. Eight hours shall constitute a day's work for all laborers, workmen and mechanics now employed or who may hereafter be employed, by or on behalf of any city or town in this Commonwealth.

"Sect. 2. All acts and parts of acts inconsistent herewith are hereby repealed.

"Sect. 3. This act shall not take effect in any city or town until accepted by a majority of the voters voting thereon at an annual election. Such vote shall be taken by ballot. When so accepted this act shall take effect from the date of such acceptance."

Mr. President, the employees of the United States government for the past 30 years have worked on an eight hour basis. Throughout this country today a number of the cities employ their workmen on the same basis. In the city of Boston two-thirds of the building trades are working on the eight hour basis, and a number of the outside trades are also working on that same basis. I think the City of Boston can well afford to place its employees on the eight hour basis. This order provides for a referendum, and I think the citizens of Boston will vote favorably upon the proposition at the next election. I trust that the act will pass the Council tonight.

The question came on giving the order a second reading.

Mr. WATSON of Wd. 18—Mr. President, this is another order that appeals to me considerably. It is a question in my mind whether or not we have the power to order the Election Commissioners to do what the member from Wd. 9 desires. I will admit, for the sake of argument that we have, and while I admit that, I desire to say that I am in favor of the order. As I understand it, all cities in the Commonwealth now employ their labor eight hours only, and I want to say that the employees of the city of Boston should be employed on that same basis—and I want to say further that while I work more than eight hours a day, although not hard work, I wear on my lapel an eight hour button presented to me by a labor man; and I want to say further that I am satisfied that the employees of the city of Boston should not work any more hours than the employees of other cities. I wish to say now that I am not talking for political effect, because I have got by all obstruction. I have got through my own struggle, so I am not talking for election day effect. I am sure of my election. But I do want to say that if we have the power—or if the Mayor has the power to compel the Election Commissioners to put on the ballot what the member from Wd. 9 desires to place there, I think it should be done. I am satisfied that every member of this body will so vote. In offering this

order the member from Wd. 9 (Mr. Tobin) has given himself and me an opportunity to make a political speech, and any others who desire to do so can follow our example. I sincerely trust that the vote will be a rising vote, and that it will be unanimously in favor of the order.

Mr. LINEHAN of Wd. 13—Mr. President, I would like to state to the members of the Council that it is almost impossible for me to sit still here and see these orders go through without having a word to say. That is the reason that I have risen here so many times this evening. I am well pleased now to see that the Councilman who sits in the same division that I do (Mr. Tobin) realizes that it is useless to appeal to the Mayor for anything of that sort, because in my opinion he is liable to veto that order now, as he will claim that it would be surrendering some of the powers which are vested in the Mayor. I believe eight hours' work is enough for any man. It is all we work in the business I work at, and that has been carried on successfully for the employees, as well as for the employers, for the last ten years, on that basis. I see no right nor reason why the city employees should work any more than eight hours a day. I sincerely hope the order will be passed this evening by a unanimous vote.

Mr. GIBLIN of Wd. 15—Mr. President, here is a step in the right direction. I did not know really that the statutes provided that cities and towns could pass judgment on this matter; but, as the gentleman from Wd. 9 (Mr. Tobin) has looked it up, I am glad that such is the fact, and that a golden opportunity has arrived. Not only do I hope that this order will pass the Council here tonight, but I hope it will be carried out to the letter; and I hope also that the honored gentleman who sits down stairs will do his share in seeing the thing through, in seeing it put upon the ballot on election day. He has the credit throughout a good part of this country of being socialistically inclined. As he has that credit, I trust that he will be sincere in his ideas and will do his part, with the Common Council, in seeing this carried out. What does an eight hour basis mean? Under the present conditions, Mr. President, it means that the man who is walking the streets today will get an opportunity to go to work tomorrow. That is what it means. According to the last census of this country, as stated by the Hon. Carroll D. Wright, Chairman of the Bureau of Labor and Statistics at Washington, it is given out that the working energy of this country is between twenty million and twenty-two million; that there are between 17½ million and 18 million people working, leaving 3½ million people idle. That constitutes a part of what we call the working energy of the nation. They are idle, on the bricks, and why? It would be a long story to enumerate the reasons, the causes, industrial, economic and social; but one of the great reasons why those three or four million people are idle is easily understood.

Massachusetts has its share of those idle laborers. New York at one time had 30,000 people of its working energy unemployed. Boston has had its share in the past and has today. Why? Because those people who have been working have had to work too many hours a day for their day's wages. Mr. President, we hear a great deal about improvements in machinery, throwing people out of work. When trusts are formed people are also thrown out of employment, and so it goes on ad infinitum. The way to get over that is to lessen the hours of labor. Idle people will then find employment and the mill will go steadily on. Mr. President, I am most emphatically in favor of this order.

Mr. MULCAHY of Wd. 14—Mr. President, I rise at this time to heartily endorse the sentiments of the preceding speakers on this bill. I must also compliment the gen-

tleman from Wd. 9 (Mr. Tobin), who presented it, and state that in my opinion it is one of the most intelligent bills ever presented in this body. This is a question of the poor man, the laboring man. As the speaker from Wd. 15 (Mr. Giblin) has just stated, eight hours a day is enough for any man to work, and he should receive a fair day's pay for it, and when this question comes to a vote of the intelligent people of Boston I believe it will pass. I trust, as the other speakers have done, that when the vote is taken it will be taken by a rising vote.

Mr. KASANOF of Wd. 9—Mr. President, I most heartily endorse the bill that my colleague from Wd. 9 (Mr. Tobin) has presented. I never thought it would be possible for us to pass anything of that sort through this council, but I give him credit for his bill and heartily endorse it. I hope it will be passed through this body by a rising vote tonight, Mr. President.

The order was passed by a unanimous rising vote. Mr. Tobin moved to reconsider; lost. Sent up.

MEMBERS PRESENT

By direction of the President, the clerk called the roll to ascertain the attendance, with the following result:—

Present—Armistead, Atwood, Badaracco, Bagley, Battis, Bennett, Broderick Chamberlain, Connolly, Cuddy, Curley, Doyle, Emery, Fenton, Gibbons, Giblin, Harvey, Hibbard, Horrigan, Jordan, Kasanof, Kelley, Kiley, Klemm, Leftovich, Leonard, Linehan, Logan, Lorey, Lydon, Martin, Midram, Miller, Mulcahy, Newhall, O'Brien, Rolland, Sanderson, Simpson, Stockton, Stone, Sullivan, Sweeney, Tobin, Turnbull, Watson, Wells, Winsloe, Wood—49.

Absent—Bordman, Bradley, Brauer, Brennan, Carroll, Casey, Collins, Doherty, Donahoe, Donovan, Eddy, Flynn, Hickey, Howard, Johnson, MacDonald, Madden, Mansfield, McInerney, Moore, Nagle, Peck, Rice, Roemer, Stevens, Walker,—26.

SKATING, CHURCHILL FIELD.

Mr. HIBBARD of Wd. 24 offered an order—That the Park Commissioners, through His Honor the Mayor, be requested to hire for skating pond purposes the lot of land known as Churchill's Field, on Dorchester Ave., Wd. 24.

Referred to His Honor the Mayor.

PLAYGROUND, WD. 15.

Mr. MARTIN of Wd. 15 offered an order—That the Board of Estimate and Apportionment be requested to appropriate a sum of money sufficient to hire or lease a suitable piece of land for a playground in Wd. 15.

Referred to the Board of Estimate and Apportionment.

HOLIDAY, PRINTING DEPARTMENT.

Mr. FENTON of Wd. 15 offered an order—That His Honor the Mayor be requested to instruct the Superintendent of Printing to grant the Saturday half holiday, the same as in other departments.

Referred to His Honor the Mayor.

SPECIAL LAWS.

Mr. SANDERSON of Wd. 25 offered an order—That His Honor the Mayor be requested to give to the Common Council a report of what progress, if any, the special commission appointed to prepare a compilation of the special laws relating to the City of Boston, has made, and how soon a report of their work may be expected.

The question came on reference of the order to His Honor the Mayor.

Mr. SANDERSON of Wd. 25—Mr. President, before that order is referred I would like to read a short extract from the

Mayor's address delivered before the City Council, Jan. 2, 1899. It can be found on page 31 of the minutes of this year.

"In pursuance of my recommendation made a year ago, the City Council, in February last, authorized the appointment of a special commission, to consist of the corporation counsel and two other lawyers, to prepare a compilation of all special laws relating to the city of Boston, with a view to the passage of a comprehensive consolidation act; and the city has been fortunate in securing the services of Hon. Albert E. Pillsbury, ex-attorney general of the Commonwealth, and Hon. Patrick A. Collins as members of this commission. Their work is now nearing completion, and it is hoped that it can be presented to the City Council during this month; I trust that the proposed consolidation act, which will prove not only a great practical convenience, but will make the government of the city much more comprehensive by the average citizen, will be passed at the coming session."

Mr. President, in January of this year, His Honor the Mayor said that that report is nearly ready and will be presented during that month, to the City Council. Ten months of the year have passed and the report on consolidation has not yet been presented. I think it is time that we knew what progress, if any, this special commission has made.

The order was referred to His Honor the Mayor.

LIGHTS ON WALDECK ST.

Mr. WOOD, of Wd. 20, offered an order—that the Superintendent of Lamps be requested to place gas lights on Waldeck St., between Park St. and Melville Ave., before the macadamizing which is now in progress on said street, is completed.

Referred to His Honor the Mayor.

REPLACING OF STREET SIGNS.

Mr. WOOD offered an order—that the

Street Department be requested to replace street signs where said signs have been removed by the change made in the Lamp Department in Wd. 20.

Referred to His Honor the Mayor.

LAMP IN WARD 20.

Mr. WOOD offered an order—that the Superintendent of Lamps be requested to place a gaslight at the junction of Tona-wanda St. and Ridge Road, in Wd. 20.

Referred to His Honor the Mayor.

INFORMATION REGARDING LAMPS REMOVED.

Mr. WOOD offered an order—that the Superintendent of Lamps, through His Honor the Mayor, be requested to inform this Council what has been done with the gas lights recently removed from the streets, and if the same have been sold, to whom, and for how much.

Referred to His Honor the Mayor.

FIRE BOX, MT. PLEASANT AVE.

Mr. CONNOLLY, of Wd. 17, offered an order—that the Fire Commissioner, through His Honor the Mayor, be hereby requested to locate a fire alarm box on the crest of the hill on Mt. Pleasant Ave., Wd. 17.

Referred to His Honor the Mayor.

COMMITTEE APPOINTMENTS.

The President announced the appointment of Mr. Roemer of Wd. 22 on the Committee on Claims, in place of Mr. Bordman, resigned.

The President announced the appointment of Mr. Cuddy of Wd. 3 on the Committee on Library Dept., in place of Mr. Bordman, resigned.

Adjourned at 9:28 o'clock P.M., on motion of Mr. Sullivan of Wd. 4, to meet on Thursday, Oct. 12, at 7:45 o'clock P.M.

CITY OF BOSTON.

Proceedings of the Board of Aldermen.

Monday, Oct. 9, 1899.

Regular meeting of the Board of Aldermen, held in the Council Chamber, City Hall, at 3 o'clock P. M., Chairman Barry presiding and all the members present.

The Board voted, on motion of Ald. Doyle, to dispense with the reading of the records of the last meeting.

JURORS DRAWN.

Jurors were drawn, under the law, as follows:—

Three grand, for the U. S. Circuit Court, October term:

George H. Sullivan, Wd. 8; Thos. D. Roberts, Wd. 9; George W. Bashford, 19.

Twelve traverse, for the Superior Civil Court, Fourth session:—

Michael Nolan, Wd. 14; James A. Beat- tie, Wd. 25; Wm. E. Sheldon, Wd. 24; Peter A. Cummings, Wd. 4; Cornelius T. Lynch, Wd. 2; John M. B. Kelly, Wd. 2; Gordon F. Erwin, Wd. 18; John F. Newton, Jr., Wd. 21; Chas. D. French, Wd. 21; James W. Cusick, Wd. 17; Wm. J. Williams, Wd. 6; James A. Wallace, Wd. 17.

WOODEN BUILDING—VETO.

The following was received:—

Mayor's Office, City Hall,
Boston, Oct. 2, 1899.

To the City Council:—

I return herewith without my signature an order authorizing the Building Commissioner to issue a permit to D. Whiting & Sons to build a wooden building in the rear of 472 Rutherford Ave., Wd. 4, in excess of range allowed and without the construction of a brick wall, as required by the ordinances. I withhold my signature from this order for the reason that I am informed that petitioners now intend to erect a brick building, instead of the wooden building permitted by this order. Respectfully submitted,

Josiah Quincy, Mayor.

The vote whereby the permit was granted was reconsidered, and the question came on granting it, the objections of the Mayor to the contrary notwithstanding. The Board refused to grant the permit over the veto, the vote being yeas 0, nays 10.

RECONSTRUCTION OF BUILDINGS,
RAINSFORD ISLAND.

The following was received:—

Mayor's Office, City Hall,
Boston, Oct. 9, 1899.

To the City Council:—

I transmit herewith an order passed by the Board of Estimate and Apportionment at its meeting last Friday, making an additional appropriation of \$7000 for reconstructing and furnishing buildings at Rainsford Island.

Respectfully submitted,

Josiah Quincy, Mayor.

City of Boston.

In Board of Estimate and Apportionment,
Oct. 6, 1899.

Ordered, That the additional sum of seven thousand dollars (\$7000) be appropriated, to be expended by the Trustees for Children, for reconstructing and furnishing buildings at Rainsford Island; and that the City Treasurer be authorized to issue, from time to time, on the request of the Mayor, bonds of the city of Boston to said amount for said purpose.

Passed, and we certify that the said ap-

propriation is not to meet a current expense.

Josiah Quincy,
David F. Barry,
John P. Dore,
Daniel J. Kiley,
Laurence Minot,

Members of the Board of Estimate and Apportionment.

The foregoing order was transmitted to the Common Council, without alteration.

IMPROVEMENTS AT RAINSFORD
ISLAND.

The following was received:—

Mayor's Office, City Hall,
Boston, Oct. 9, 1899.

To the City Council:—

I transmit herewith an order passed by the Board of Estimate and Apportionment at its meeting last Friday, transferring the \$5000 formerly appropriated for "Parental School, drainage of land," to an appropriation for reconstruction and furnishing buildings at Rainsford Island.

Respectfully submitted,

Josiah Quincy, Mayor.

City of Boston.

In Board of Estimate and Apportionment,
October 6, 1899.

Ordered, That so much of the order passed by this Board on February 27th, 1899, as appropriated the sum of five thousand dollars (\$5000) for "Children's Institutions, Department, Parental School, drainage of land," be, and hereby is, rescinded, and that the said sum be appropriated, to be expended by the Trustees for Children, for reconstructing and furnishing buildings at Rainsford Island.

Passed, and we certify that the said appropriation is not to meet a current expense.

Josiah Quincy,
David F. Barry,
John P. Dore,
Daniel J. Kiley,
Laurence Minot,

Members of the Board of Estimate and Apportionment.

Passed. Sent down.

WORK ON EAST BOSTON TUNNEL.

The following was received:—

Mayor's Office, City Hall,
Boston, Oct. 9, 1899.

To the Board of Aldermen:—

I transmit herewith a communication from the Boston Transit Commission in reply to your order requesting me to inquire of the Commission whether the work on the East Boston tunnel is proceeding as vigorously as possible.

Yours respectfully,

Josiah Quincy, Mayor.

Boston Transit Commission,
20 Beacon Street,

Boston, Oct. 4, 1899.

Hon. Josiah Quincy, Mayor.

Dear Sir:—The Boston Transit Commission respectfully makes reply to your request for information for the Board of Aldermen as to the progress of work upon East Boston Tunnel.

As soon as the Supreme Court rendered its opinion of July 3, the Commission rescinded its votes looking to a surface connection between the subway and the proposed tunnel to East Boston, and August 3 voted to proceed with the construction of of the tunnel, as required by Chapter 500, Statutes of 1897, and as interpreted by the Supreme Judicial Court in Browne et al. versus Turner et al.

The Engineering force thereupon recommended making plans, studies and estimates of cost, a material change from former plans in the method of construction being made necessary by the great increase of late in the cost of steel and cast iron. An immediate investigation was instituted to learn to what extent concrete masonry can be safely substituted for metal.

Additional borings have been made, some requiring the use of the diamond drill, and a small section of tunnel has been constructed in East Boston to serve for a practical test of the strength of the method of construction now proposed.

Early in September notice was received of an application by ten citizens again asking for an injunction to restrain the Commission from building the tunnel. In this proceeding the constitutionality of the act will undoubtedly be passed upon by the Court. By advice of counsel active work on the tunnel has again been suspended pending the decision of the court. The counsel of the Commission has been instructed to hasten the matter to an early hearing. Yours respectfully,

George G. Crocker, Chairman.

Placed on file.

DOWN TOWN RELIEF HOSPITAL.

The following was received:—

Mayor's Office, City Hall,

Boston, Oct. 9, 1899

To the City Council:—

I transmit herewith a communication from the Board of Trustees of the City Hospital, which explains itself. The opportunity thus presented of securing a down-town relief station without expense to the city, and merely by the transfer to the Hospital Department of a parcel of land now vacant and held to municipal uses, should certainly be embraced, and I earnestly recommend the speedy passage of the accompanying order to enable the city to take advantage of the gift now offered. The Trustees of the City Hospital have for several years strongly urged the need of a relief station of the character proposed, and have endeavored, with my support, to obtain appropriations for the purpose. Through taking advantage of the offer now made the city can obtain this much needed institution without the expenditure of public money for its construction. There can be no question that the location proposed would be a very appropriate and convenient one for the purpose, and that such a station would meet an existing public want in that section of the city, and would receive many patients.

I trust that the action required to secure to the city the benefit of such an institution in connection with its Hospital Department will be promptly embraced.

Respectfully submitted,

Josiah Quincy, Mayor.

Boston City Hospital,

Harrison Ave., opp. Worcester Sq.,

Boston, Oct. 5, 1899.

To His Honor the Mayor and the Honorable City Council.

Gentlemen: The Trustees of the Boston City Hospital, seconded by requests from the Visiting Staff of the Hospital and petitions from prominent citizens, have, for a considerable period, as you are aware, urged the importance of establishing a Relief and Ambulance Station in the more congested portion of the city, in order that the Hospital may more completely and satisfactorily render the service which a municipal hospital is called upon to perform.

Speedy aid to the injured and quick relief in sudden sickness are recognized duties of a City Hospital, which it should exercise, not only for the saving of lives, but for the alleviation of suffering and the shortening of periods of disease and disability.

The Trustees, some time ago, considered with your Honor the desirability of taking for the purpose of such a station a portion of the land formerly occupied by the Boston & Maine Railroad as a passenger station in Haymarket Sq., which has been surrendered to the city by the Transit Commission.

The urgency of extending this Relief and Ambulance work of the Hospital is so great that the Trustees have determined to divert for the construction of

a building for these purposes, a fund out of a private bequest which has recently been given them for the benefit of the Hospital, and which they had proposed to devote to meet pressing demands within the grounds of the Hospital proper, provided the plan shall meet the approval of your Honor and the Honorable Council, and also provided the city will furnish the land, as the sum in question would not be sufficient to include the purchase of the land.

They believe that a suitable site can be found by taking a portion of the tract referred to, beginning on Haymarket Sq. and extending about one hundred and twenty feet on Canal St.

The site is peculiarly well located, inasmuch as it supplies the important requisite of light and air on three sides, is situated on the northerly part of the city, in close connection with Charlestown and East Boston, is readily accessible to the congested portions of Boston by the great thoroughfares which extend out from Haymarket Sq., is near the great railroad and steamship docks where the larger number of accidents occur, and supplements for emergency needs the main Hospital, which is situated in the southerly portion of the city.

The Trustees hope that inasmuch as the subject is of so great importance to the people of Boston, the matter may have a speedy and favorable consideration.

The transfer of this land to the Hospital Department can be made without any expense on the part of the city, and if placed in possession of the site, the trustees will be able to erect upon it a proper building every way adapted to the desired object.

I have the honor to be on behalf of the Board of Trustees, yours respectfully,

A Shuman, President.

City of Boston, In Board of Aldermen,

Oct. 9, 1899.

Ordered, That so much as may be needed of the parcel of land transferred to the city of Boston by the Boston Transit Commission, under the provisions of Chapter 347 of the Acts of 1897, and bounded by Haverhill St., Haymarket Sq., Canal St. and Travers St. extended, be placed under the charge of the Trustees of the Boston City Hospital, to be used for the erection thereon of a relief and ambulance station, the boundaries of the lot of land to be used for such purpose to be subsequently approved by the City Council.

Referred to the Committee on Public Improvements, on motion of Ald. Berwin.

HEARINGS AT 3 O'CLOCK.

1. On petition of the Eastern Cold Storage Company, for leave to lay iron pipes under and along Creek Sq., Wd. 6.

No objections. Recommended to the Committee on Public Improvements.

On petitions of the West End Street Railway Company, viz:—

2. For a location for tracks in Morton, Codman, Adams and Minot Sts., Neponset Ave., Sanford, Washington, Richmond and Marsh Sts., with the right to use the overhead trolley system thereon.

A. T. Hayden appeared for adjoining property owners, in remonstrance, stating that the parties whom he represented desired to have a hearing more at length before the Committee on Railroads.

On motion of Ald. Codman, it was voted to be the sense of the Board that the Committee on Railroads be requested to give a hearing to the remonstrants. No further objections. Referred to the Committee on Railroads.

3. For a location for double curves at the junction of Columbus Ave. with Dartmouth St.

4. For locations for curved tracks on Washington, Warren and Dudley Sts., with the right to use the overhead trolley system thereon.

No objections. Recommended to the Committee on Railroads.

5. On petition of Charles M. Baker et al., executors of the estate of Reuben E. Demmon, that the Board estimate the damages occasioned by the taking of land of said Demmon by the Boston Elevated Railway Company.

William B. Durant, of 19 Congress St., appeared and said that he desired to have the matter considered with No. 16 on the calendar. If 16 is passed, it will cover this case. Otherwise he desired postponement.

No. 5 was referred to the Board acting as County Commissioners.

PETITIONS REFERRED.

The following petitions were received and were referred to the committees named, viz:—

Building Dept.

Eben D. Jordan estate, for leave to build a wooden addition on Corey Road, corner of Westbourne Terrace, Wd. 25.

Building Dept. (Ald.)

Petitions for leave to project signs, etc., viz:—

Martin Sullivan & Co., a sign, at 732 Washington St., Wd. 7.

Geo. M. Palmer, M. D., a sign, at 7 Bowdoin Sq., Wd. 6.

Di Luccio Pasquale, a shoe-maker's sign, at 174 Dudley St., Wd. 17.

Isaac Pond, two barber poles, at 47 Lowell St., Wd. 8.

Baker & Buckler, a V-shaped sign, at 124 Dudley St., Wd. 18.

Antonio Zarella, three signs, at 88 Charlestown St. Wd. 6.

Louis Cohen, a sign, at 60 Merrimac St., Wd. 8.

John J. Douglass, a campaign transparency, at 19 Lewis St., Wd. 2.

Margaret Gordon, a sign, at 19 Tremont Row, Wd. 6.

Ferrin & Fausnaught, a druggist's mortar, at 725 Tremont St., Wd. 9.

A. Lipkin, a sign, at 33 Green St., Wd. 8.

Suffolk Engraving Co., a she.f for printing frames, at 234 Congress St.

O. E. Couture, a sign, at 6 Avery St., Wd. 7.

T. F. Corey & Co., a lantern, at 84 Boylston St., Wd. 7.

I. H. Goldsmith, an illuminated druggist's mortar, at 1130 Washington St., Wd. 9.

Quincy Club, of Ward One, two campaign transparencies, at 262 Bennington St., Wd. 1.

Frank H. Cowin, two campaign transparencies, from building on corner of Washington and Dover Sts.—one over each street—Wd. 9.

Frank H. Cowin, a campaign transparency, at 384 Harrison Ave., Wd. 9.

Gross & Strauss Co., electric sign, corner Washington and Bedford Sts., Wd. 7.

C. E. Davis & Co., illuminated sign, 2 Park Sq., corner Boylston St., Wd. 7.

F. A. Lasky, two barber poles, 2532 Washington St.

John P. Conlan, sign, 25 Howard St., corner Stoddard St., Wd. 6.

Claims.

Harlow E. Woodward et al., for payment to Selwyn Z. Bowman of balance remaining from tax sale of estate on Harrison Ave.

Bridget Flynn, for payment of balance remaining from tax sale of estate on Harvard St.

John H. Costello, M. D., to be paid for professional services in attending Michael S. McCaron, who was injured by a horse belonging to the Fire Department.

Michael E. Leahy, for compensation for damage to his horse and wagon caused by an alleged defect in Dorchester Ave., July 15, 1899.

Lucy Grecco, for compensation for personal injuries from a collision with a team of the Fire Department.

Edward F. Hayes, for compensation for personal injuries received on the fishing sloop "Belle and May," caused by the alleged careless or negligent acts of the draw tender at Meridian St. bridge.

Robt. L. Wetherbee, to be paid the sum of \$62.93, the amount of a judgment and costs in a suit against him on account of his acts as a police officer.

Herbert I. Nickerson, to be paid the sum of \$106.13, the amount of a judgment and costs in a suit against him on account of his acts as a police officer.

Dennis J. Sweeney, for compensation for damage to estate 31 Woodman St., J. P., caused by overflowing of water into cellar.

Faneuil Hall, Etc.

District Assembly No. 30, for the use of Faneuil Hall for a convention of the General Assembly of the K. of L. on Nov. 11 to 25 inclusive (except Sunday, Nov. 19), in the daytime, and on Nov. 14 in the evening, waiving the fee.

Supt. of Public Grounds.

Raphael Rosnosky, for the removal of two trees and the trimming of one tree at 29 Richfield St., Wd. 20.

Christopher Blake, that the tree in front of 634 and 606 E. Eighth St. be trimmed.

Board of Health.

Augusta P. Holmes, for a license to maintain a lying-in hospital at 11 Lambert Ave., Roxbury.

Lamps.

James W. Tobey, for public lamps on Lafayette Pl., Wd. 16.

Lewis F. Clarke et als., for public gas lamps on Greenwood St., Wd. 20.

George W. Curtis et als., for public gas lamps on Nazing St., Wd. 21.

Licenses.

Rich. Harris & Frohman, for a permit for Irene Foster and Ethel Martin to appear at the Hollis St. Theatre, for two weeks commencing Oct. 2, 1899.

Petitions for amusement licenses for the season ending August 1, 1900, viz:—

W. M. Farrington, agent, at Alston Hall, 10 Franklin St., Wd. 25.

Harvard University Athletic Association (for football and other athletic exhibitions) on Soldiers' Field, Brighton.

C. B. Knowles, at Lawrence Encampment Hall, 724 Washington St.

Thomas M. Roddy, at Roddy Hall, 68 Market St., Wd. 25.

J. Carlton Nichols, at Bethesda Hall, Broadway, cor. F St.

Charles F. Densmore, at Arcanum Hall, cor. Brighton Ave. and Alston St., Wd. 25.

S. A. Cleaves, at Unity Hall, 633 Washington St., Dorchester.

William J. Nolan, at Tonti Hall, 327 E St., S. B.

Pierce J. Grace, Columbia Theatre.

Railroads.

Petitions of the West End Street Railway Company, viz:—

For a location of double tracks on Western Ave., from the Watertown line to its existing tracks on said street, with the right to use the overhead trolley system thereon.

For location of a double track on Atlantic Ave. and Commercial St., to take the place of existing tracks.

For a location of a double track on Adams St., from Neponset to Minot St., with the right to use the overhead electric system on same.

Directors of the Newton & West Roxbury Street Railway Company, for a location of tracks in Baker, Mt. Vernon and Lagrange Sts., or such other streets as the Board of Aldermen may determine, with the right to use the trolley system thereon.

Public Improvements.

Augustus P. Loring, trustee, for leave to excavate under the sidewalk at the Albany Building on Lincoln St., Wd. 7.

Boston Elevated Ry. Co., for leave to

erect guy posts in Corning and Porter Sts., Wd. 7.

H. S. Angus, for leave to move a wooden building from 95 Chelsea St., to rear of 106 Orleans St., Wd. 2.

John Soley & Sons, for leave to move a wooden building from Birch St. to rear 192 Poplar St., Wd. 23.

Patrick J. Calnan, for the relocation of the Pumping Station on Charles River Bridge to the northwest side of the draw of Warren Bridge.

P. Terrile, sign, 280-2 Commercial St., Wd. 6.

Lotta M. Crabtree, coal hole opening, 631 Washington St.

Daniel F. Dowd, coal hole, Piedmont St., side of 51-3 Church St., Wd. 10.

Fannie Droker, coal side with iron cover, and stone step leading into basement at 30 Norman St., Wd. 8.

John A. Rooney, for leave to erect guy posts, one on Corey and two on Centre Sts.

L. P. Soule & Son, for leave to erect guy posts in Pemberton Sq.

L. P. Soule & Son, for leave to erect guy posts in Beacon St. and Somerset St.

John Sutherland, for leave to erect guy posts, four in Bow St., four in Arrow St., and eight in Lynde St., Wd. 5.

Francis W. Kittredge, for leave to construct three coal hole openings in sidewalk corner Warren and Moreland Sts., Wd. 21.

Petitions for sidewalks, viz:—

James P. Stearns et al., trustees, 7-9-11 Fulton St. and 42-52 Clinton St., Wd. 6.

Albert Geiger, Columbus Ave., cor. Wellington St., Wd. 10.

W. A. and H. A. Root, 119 Bay State Road, Wd. 11.

James W. Tufts, 817-819 Beacon St., Wd. 11.

W. B. Thomas, 479-481 Beacon St., Wd. 11.

Arthur H. Flint, 768 E. Fifth St., Wd. 14.

John D. Bates, 253-5-7, 9, 61, 65 and 67 E St., and on Sixth St., Wd. 15.

C. H. Wheelock, 66-68 Middle St., Wd. 15.

Emma Kimball, 1 Robin Hood St., Wd. 16.

Gleofa Essig, 30 Washburn St., Wd. 16.

Henry G. Albright, 570 Columbia road, Wd. 16.

Hugh D. Kelly, 50-6) Burrell St., Wd. 16.

Charles May, 825 Dorchester Ave. and on Harvest St., Wd. 16.

Joseph F. Loughlin, 19 Bellflower St., Wd. 16.

John Mahan, 61-63 Dewey St., Wd. 16.

Robert Black, 15-19 Folsom St., Wd. 16.

Maximilian Kaiser, 91 George St., Wd. 17.

David Rubinovz, 369-373 Heath St., Wd. 19.

D. J. Delaney, 80 Calumet St., Wd. 19.

Julia Desmond, 70 Fisher Ave., Wd. 19.

Benjamin Harris, 9-23 Haskin St., Wd. 21.

French, Cole & Co., 81 Waumbuck St., Wd. 21.

Dennis Meagher, 96 Paul Gore St., Wd. 22.

Andrew F. McDermott, 1849-1851 Dorchester Ave., Wd. 24.

Louisa A. Means, 424 E. Sixth St., Wd. 15.

R. F. Means, 422 E. Sixth St., Wd. 15.

C. B. Hill, 28 North St., Wd. 6.

UNCLAIMED BAGGAGE.

Ald. Brick and Codman were appointed as a special committee for the sale of unclaimed baggage on the petition of the Boston & Maine R.R. Co. for authority to sell certain articles of unclaimed baggage.

REMOVAL OF POLES.

The petition of Rev. John J. Farrell, et als., for the removal of poles of the Postal Telegraph Cable Co. on West Cottage St., Dorchester, was read.

Referred to the Committee on Electric Wires.

Ald. McDONALD—Mr. Chairman, in regard to the petition of residents on West Cottage St., Dorchester, for the removal of poles on that street, I move that the Committee on Electric Wires be requested to give a hearing to the residents of West

Cottage St. on the matter. In the Herald this morning I find that:—

"The tax payers and property owners of West Cottage St., Roxbury, last night inaugurated a movement to prevent the placing of telegraph poles on the south side of the street. The property owners and tax payers claim that the poles obstruct the sidewalk, are a serious menace to their property, and injuriously affect the value of it."

Last night I called at West Cottage St. and saw the poles that had been erected there. They are certainly not an ornament to the street, and I believe that if the officials of the Company which erected the poles would visit West Cottage St., they would come to the conclusion that the poles are not fit to erect on such a narrow sidewalk as there is on West Cottage St. During the whole year the Board of Aldermen have granted a great many petitions for the erection of poles, and the citizens of Boston have offered very little objection to them; but here is a case where I believe the citizens and tax payers of West Cottage St. certainly rightfully protest. I believe they have good ground for objecting to those poles. They are unsightly, very large, probably 20 or more inches in diameter, and they certainly cannot be considered ornamental in front of any man's house.

Ald. CODMAN—Mr. Chairman, in presenting that petition I certainly desire to say, as a member of the Committee on Electric Wires, that I am in favor of a hearing. Although I did not ask for one, it was my intention when the Committee met to move that a hearing be given to the gentlemen who signed the petition.

THE CHAIRMAN—The Chair will say that it is in the province of the Committee to give a hearing, but as the Alderman has made a motion the Chair will put it.

Ald. McDonald's motion that the committee be instructed to give a public hearing to the petitioners, was carried.

PAPERS FROM COMMON COUNCIL.

6. Message from the Mayor transmitting a communication from the School Committee in reply to an order requesting that immediate steps be taken to improve the sanitary condition of the Mather Schoolhouse, South Boston.

7. Message from the Mayor transmitting a communication from the School Committee in reply to an order asking that improvements be made on the yard and walks of the Thetford-avenue School in Dorchester.

8. Notice of the appointment of Mr. Roemer as a member of the Joint Standing Committee on Claims in place of Mr. Bordman, resigned, and of the appointment of Mr. Cuddy as a member of the Joint Standing Committee on Library Department in place of Mr. Bordman, resigned.

Severally placed on file.

The Board voted, on motion of Ald. Dixon, to consider Nos. 9 to 14, inclusive, together, viz:—

9. Ordered, That His Honor the Mayor be requested to direct the heads of the various departments to grant a holiday on Saturday, October 14, 1899 (Dewey Day), to all employees of the city whose services can be dispensed with, in part compensation for services rendered.

10. Ordered, That the School Committee be requested to discontinue the use of the Parkman Schoolhouse, South Boston; said building being in an unfit condition for school purposes.

11. Ordered, That the Street Commissioners be requested to make plans and grant a hearing on the advisability of laying out Puritan Ave., from Richfield St. to Olney St., Wd. 20.

12. Ordered, That the Board of Election Commissioners be requested, through His Honor the Mayor, to have the following placed on the official ballot at the next

Municipal Election in accordance with Chapter 344 of the Acts of 1899: "Shall eight hours constitute a day's work for all laborers, workmen and mechanics now employed, or who may hereafter be employed by, or on behalf of, the city of Boston."

13. Ordered, That the Board of Estimate and Apportionment be requested to provide an appropriation sufficient to enable the city of Boston to offer its hospitalities to Admiral Dewey, as a recognition of the valuable and patriotic services which he rendered to this country during the recent war with Spain.

The following comes up for concurrence in its reference to the Board of Estimate and Apportionment:—

14. Ordered, That the Board of Estimate and Apportionment be requested to appropriate a sum of money sufficient to hire or lease a suitable piece of land for a playground in Wd. 15.

Severally passed in concurrence.

CONFIRMATION OF APPOINTMENT.

The Board proceeded to take up No. 15, unfinished business, viz:—

15. Action on the appointment submitted by the Mayor of Thomas O'Connor to be a constable for the term ending April 30, 1900, in connection with his duties in the building department of this city.

The question came on confirmation. Committee, Ald. Brick and Adams. Whole number of ballots cast, 12; yes 12, and the appointment was confirmed.

ELEVATED RAILWAY DAMAGES.

The Board proceeded to take up No. 16, special assignment, viz:—

16. Ordered, That in all the petitions now pending before the Board of Aldermen of the City of Boston, acting as County Commissioners for Suffolk County, brought by or against the Boston Elevated Railway Company for the assessment of damages occasioned by the taking of land by said company, damages be and hereby are assessed and awarded in the sum of one dollar to each and every person named in said petitions, interested as owner, mortgagee, lessee or otherwise in the land so taken.

Ald. COLBY—Mr. Chairman, I desire to offer the following, as a substitute order:—

On petitions of the Boston Elevated Railway Company that this Board estimate the damages sustained by the taking by the said company of land of certain parties, as in said petitions is more fully set forth, viz:—

Lands taken October 31, 1898, situated at Nos. 2278, 2280, 2282 and 2284 Washington St.,—Horace H. Moses, Clara S. Moses, Cornelia J. Moses, Mary S. Moses and George A. Wetherbee, owners; the Boston Safe Deposit and Trust Company, and Lorenzo D. Hawkins, owners of mortgages upon said property.

Lands taken October 31, and November 23, 1898, situated on Zeigler St.,—Harriet A. Nichols, Amelia S. Savery and L. Effie Nichols, owners; William P. Blake, trustee under the will of Eliza Shimmim, owner of two mortgages upon said premises.

Lands taken October 31, and November 23, 1898, situated on or near Warren St.,—Harlan P. Whitcomb, owner; Francis A. Brooks, the New England Trust Company as trustees of its general trust, and the New England Trust Company as trustee under the will of James W. Clark, each the owner of a mortgage upon a portion of said premises; William B. Cutter, owner of a lease of part of said premises, and Daniel P. Nichols, Henry C. Sears and Wendell L. Nichols, copartners as D. P. Nichols & Company, owners of a lease of a part of said premises.

Lands taken October 31, and November 23, 1898, situated on Zeigler St.—Amelia T. Worthington, William F. Milton, Richard S. Milton and Bentley W. Warren, trustees under the will of William H. Milton,

owners; Jean B. B. DeBeltrand as The J. B. B. DeBeltrand Grocery Company, owners of a lease of a part of said premises.

Land taken November 23, 1898, situated on Washington St. and Knower Pl.,—John Ross, owner.

Land taken January 30, 1899, situated at No. 21 Porter St.,—Sarah A. Carlton, owner.

Land taken January 30, 1899, situated at No. 9 Porter St.,—Frederick Jenkins and Frank Jenkins, owners; Andreas Blume, trustee for Isabella R. Estey, owner of a mortgage upon said premises.

Land taken January 30, 1899, situated at No. 23 Porter St.,—Margaret D. Fettec, owner.

Land taken January 30, 1899, situated at No. 27 Porter St.,—Anna L. Messinger, owner; Charles A. Whittemore, trustee under the will of Eunice Moody, owner of a mortgage upon said premises.

Land taken January 30, 1899, situated at No. 17 Porter St.,—Mary H. Underwood, owner; George A. Dary, trustee under the will of Miriam W. Stedman, owner of a mortgage upon said premises.

Land taken January 30, 1899, situated at No. 35 Kirkland St.,—Annie Wyzanski, owner.

Land taken January 30, 1899, situated at No. 7 Porter St.,—John W. Bemis, owner; David H. Greenwood, owner of a conditional contract for the conveyance of said premises; and Robert P. Holmes, owner of a lease of said premises.

Land taken January 30, 1899, situated at Nos. 1 and 3 Porter St., and 68, 70, 72 and 74 Pleasant St.,—John W. Bemis owner; David H. Greenwood, owner of a conditional contract for the conveyance of said premises; Archibald M. Howe, administrator with the will annexed of Theodore Metcalf, owner of a mortgage upon said premises; Minnie Jacobson, owner of a lease of said premises; Simon Alexander, V. H. Grover, the Boston Advertising Company, John Donnelly and E. C. Donnelly, doing business as John Donnelly & Sons, Yuen Lee, and the O. J. Gude Company, severally owners of leases of parts of said premises.

Land taken January 30, 1899, situated at No. 25 Porter St.,—Margaret Doherty Whelan, Elizabeth T. Doherty, Annie M. Scott, Henry J. Bradley, Mary A. Bradley and Margaret M. Bradley, owners; Massachusetts Hospital Life Insurance Company, owner of a mortgage upon said premises.

Land taken December 19, 1898, situated on Harrison Ave. and Motte St.,—Charles G. Way, owner; Josiah Oakes and Ann Marla Kelt, owner of a mortgage upon part of said premises, and the Home Savings Bank, owner of two mortgages upon a part of said premises.

Land taken January 30, 1899, situated at No. 33 Kirkland St.,—William A. Matthews, owner; and George H. Poor, trustee under the will of Stephen J. Bowles, owner of a mortgage upon said premises.

Lands taken January 30, 1899, situated respectively at No. 37 Kirkland St., at Nos. 39 and 41 Kirkland St., and at No. 47 Porter St.,—Hannah Greenwood, owner; Abble Grace Small, owner of a mortgage upon said land at No. 37 Kirkland St.; the Boston Five Cents Savings Bank, owner of a mortgage upon said land at Nos. 39 and 41 Kirkland St., and the United States Trust Company and Mary Greenwood, owners of mortgages upon said land at 47 Porter St.

Land taken October 31, 1898, situated on Beach and Tyler Sts.,—Benjamin F. Shattuck, owner; Sarah J. Garland, owner of a mortgage upon said premises; and Charles Birkenmeyer, owner of a lease of a part of said premises.

Land taken October 31, 1898, situated on Beach St. and Harrison Ave.,—Benjamin F. Shattuck, owner; Nathaniel T. Kidder and J. O. Shaw, jr., trustees for the benefit of Elizabeth H. Kidder, owners of a mortgage upon said premises; and Frank

L. Robbins, owner of a lease of said premises.

Land taken March 27, 1899, situated on Atlantic Ave. and Beach St.—Charles G. Rice owner; and Eliza Collamore, Helen Collamore and Katharine C. Pierce owners of a mortgage upon said premises.

Land taken October 31, 1898, situated on Harrison Ave.—Reuben E. Deunnon owner; and Frank L. Robbins, owner of a lease of said premises.

Land taken December 19, 1898, situated on Causeway St.—Emma A. Goodnow owner.

Lands taken October 31 and November 28, 1898, situated on Babcock Court—Hubert Daly owner.

Lands taken October 31 and November 28, 1898, situated on Babcock Court—John H. Quinlan, Daniel F. Quinlan, Mary E. Bannon, Dennis F. Quinlan, Hannah C. Quinlan and Margaret E. Hughes owners; and Catharine E. Feeley and Edward J. Tansey doing business as John Feeley and Company, owners of a lease of said premises.

Land taken December 19, 1898, situated on Motte and Washington Sts.—Charles G. Way owner; the Home Savings Bank owner of a mortgage upon a part of said premises; and Robert C. Murray owner of a lease of a portion of said premises.

It now appearing that due notice has been given to the said owners of said estates, and to those owning mortgages upon, or lease of, the whole or any portion of any of said estates, also to the said owner of conditional contracts for the conveyance of certain of said estates, of the pendency of said petitions, it is, after due consideration, hereby

Ordered, That the damages sustained by said owners of said estates and said owners of said mortgages upon, and lease of, said estates, as aforesaid, and by said owner of conditional contracts for the conveyance of certain of said estates, as aforesaid, be estimated at the sum of one dollar each.

Also upon the petition of the Boston Elevated Railway Company that this Board estimate the damages sustained by James W. Stevens, by the taking by said company on October 31 and November 28, 1898, of certain lands situated on Dudley St., of which said lands George H. Lyman, trustee, was the owner, said Stevens having on said dates a written lease of said premises by assignment, it now appearing that due notice has been given to said Stevens of the pendency of said petition, after due consideration it is hereby

Ordered, That the damages sustained by said Stevens, having said lease as aforesaid, be estimated at the sum of one dollar.

The CHAIRMAN—Is it the desire of the Board to refer this to any committee?

Ald. CODMAN—Mr. Chairman, I move reference of the whole matter to the Committee on Public Improvement.

Ald. COLBY—Mr. Chairman, I would suggest the impropriety of taking it from the County Commissioners and referring it to a committee of the Board of Aldermen.

The CHAIRMAN—The Chair would say that it may not be in accordance with the usual rule, but as it goes to the same men, and the Board when together can act as County Commissioners, that reference may facilitate business. However, it is for the Board to say.

The motion to refer No. 16, with the substitute order, to the Committee on Public Improvements was declared carried.

Later in the session Ald. Colby said:—

Mr. Chairman, I ask a reconsideration of the vote whereby No. 16 and the substitute order were referred to the Committee on Public Improvements, and I trust that they will be considered at the present time. There is quite a number of people here who are interested, and if we know what we are going to do I think we ought to do it. If we do not know, it may then be well, perhaps, to wait until such time

as we may find out what we intend to do. There seems to me no reason why we should not consider this matter in open Board, as County Commissioners, at the present time. We have sat upon it on several occasions, and I see no reason why we should not now discuss it and act upon it here.

Ald. BRICK—Mr. Chairman, I agree with Ald. Colby. I believe we should make up our minds upon this matter and settle it today. It is a matter of importance and it seems to me it should be acted on at once, one way or the other. If we are going to award one dollar to these parties, let us do it. If there are reasons why we should not do so, I think counsel for the petitioners should state them. I think we ought to make up our minds upon this matter today.

The CHAIRMAN—The Chair will say that it is not the desire of any member of the Board to shut off any citizen who may want a hearing. It is in the province of members of this Board to call attention to the fact that there are people here ready to be heard on the subject. The question is on reconsideration of reference of No. 16 with the substitute order.

Ald. CODMAN—Mr. Chairman, it was not my object to shut off those who are interested and who want to be heard on this matter, at all. But after the introduction of this substitute order it struck me that it was a document of some length and that it could be better considered in committee than here. That was my reason for moving the reference. I have no objection to its being read at length now. I believe the whole matter should be taken up and given full discussion, and that a full reading of the order should not be dispensed with.

Reconsideration was carried, and the Clerk commenced to read Ald. Colby's substitute order for information.

Ald. COLBY—Mr. Chairman, I desire to say that I see no necessity for the Clerk going all through the descriptions at this time, as this order includes the names of all parties who have been in here and have petitioned to be heard. But if any members of the Board want all the names read, I have no objection. I simply suggest that four or five pages are taken up with that list of names and description, and that when the Clerk is through reading them any member here will probably have very little more information than he has now.

The CHAIRMAN—Does the Board object to leaving out the descriptions? (No response.) The Chair hears no objection, and the Clerk will leave out the descriptions.

The Clerk completed the reading of the substitute order, leaving out the names and descriptions.

The CHAIRMAN—Are there any persons who desire to be heard on No. 15 on the calendar? (No response.) The Chair hears none.

Ald. CODMAN—Mr. Chairman, I move that the matter now be referred to the Committee on Public Improvements.

Ald. COLBY—Mr. Chairman, if the alderman will suggest any good and sufficient reason why it should be so referred, I will consider the matter; but, as it stands at the present time, unless he has some information that we have not yet received or can suggest some new line of action that ought to be adopted, I must say that I see nothing to be gained by sending it to that committee. It is hard enough to get things through the Board here without waiting for them to also go through the Committee on Public Improvements. I have no particular interest in the matter except to see it fixed up right, as it should be. If it is not right now, I trust that any alderman will suggest an amendment; and if there is really any good reason for it I am perfectly willing to accede to the suggestion to refer it to the Committee, because this is a

matter of importance and deserving of serious consideration. But after all the time we have given to it it seems foolish to now refer it, unless the alderman shows some good reason why it should be done. I shall ask that the motion to refer be defeated.

Ald. CODMAN—Mr. Chairman, I have some information, and that is just the reason why I ask for this reference. I cannot say that the information I have changes my opinion in the matter. I have practically made up my mind, after having given this matter considerable thought, but I have had something brought to my attention today which I would like to submit to the members of the Board in committee. I cannot see how there will be any unnecessary delay if the matter is referred to the Committee on Public Improvements and reported back today. I would be in favor of its being reported back to us later in the session. I give to the alderman my word that I have a matter which I wish to bring before the members of the Board in Committee, and if it is referred I will bring it before them there. The importance of it remains to be seen. I will not vouch for the fact that it is important enough to change a single vote; but, nevertheless, a friend of mine has raised a question with me that I would like to bring before the Board for determination. My purpose is not to delay the matter. I am perfectly willing, if the alderman wishes, to have this referred to the Committee on Public Improvements with instructions to report back today. But I would like to have it go to that committee before further steps are taken.

The CHAIRMAN—Does the gentleman accept the motion?

Ald. COLBY—No, Mr. Chairman, I do not. I have sufficient confidence in myself not to wish to be placed in the stultifying position of voting to instruct myself to report the matter back to this Board today, if it is referred to the Committee on Public Improvements. If there is information of sufficient importance to warrant the Committee in not reporting back today, it would certainly be foolish for us to vote now that it shall so report; and it would certainly be foolish for us to place ourselves on record as unable to trust ourselves with a question of this kind in the Committee room.

The CHAIRMAN—It is perfectly in order for this Board to report that a matter referred to the Committee on Public Improvements shall be reported back at the same meeting. That is something which has been done a number of times this year. It is not a new suggestion.

Ald. CODMAN—I did not make that motion. I merely said I would make it if it would satisfy the alderman on the opposite side of the Chamber.

No. 16, with the substitute order offered by Ald. Colby, was referred to the Committee on Public Improvements.

TRACK LOCATION IN DORCHESTER.

The Board proceeded to take up No. 17, special assignment, viz:—

17. Hearing on petition of the Forest Hills and Quincy Street Railway Company for a location for its tracks, with the right to use the overhead electric system on same, on Washington, Morton, Codman, Adams and Minot Sts., and Neponset Ave., Sanford and Marsh Sts.

Referred to the Committee on Public Improvements, on motion of Ald. Codman, with instructions to give a public hearing together with another petition relating to the same subject.

ACCEPTANCE OF LOCATIONS.

Communications were received from the West End Street Railway Co. and the Union Freight Railroad Co., accepting their 132d and 17th locations respectively,

and agreeing to comply with the conditions contained therein.

Placed on file.

STORAGE OF OIL.

A report was received from the Fire Commissioner on the petition of J. Otis McFadden for a license to store and keep oils or fluids composed wholly or in part of the products of petroleum at 35 Portland St., Wd. 6—approving of the same.

The license was granted by the Board. A report was received from the Fire Commissioner on the petition of Morse Bros. for a license to store oils or fluids composed wholly or in part of the products of petroleum at 23 Green St.—disapproving of the same.

Accepted and license refused by the Board.

TRIMMING AND REMOVAL OF TREES.

Reports were received from the Superintendent of Public Grounds as follows:—

(1) Report of the petition of Mrs. C. F. Smith (referred Sept. 12), for the removal of a tree in front of her estate, corner of Magnolia and Quincy Sts.—that the tree be removed and another one trimmed at the owner's expense.

(2) Report on the petition of Mrs. Chamberlin (referred July 25), for leave to remove a tree at 422 Main S., Wd. 4—disapproving of the same as the tree is sound.

(3) Report on the petition of L. H. Daloz (referred Aug. 2), for the removal of two trees in front of building now being constructed at 11 Humphreys St., Wd. 16—that the same be removed.

The question came on granting leave.

Ald. CODMAN—Mr. Chairman, it seems to me that the department ought to remove some of those trees. It has been the custom in the past for the department to remove certain trees.

The CHAIRMAN—There is no money there for it.

Ald. CODMAN—Then there should be money provided.

The CHAIRMAN—You might introduce an order with that end in view.

Ald. CODMAN—I know there have been trees removed at the expense of the department. It seems to me that some of these trees should be removed at the expense of the city. When a tree is on the land of a private individual I don't believe in making him pay the expense; but when it is a city tree, on the street, it seems to me the city should stand the expense of removing it. I know that trees have been so removed.

The CHAIRMAN—The Chair will say that the last case read by the Clerk is of a gentleman who is building a building, and he finds that a tree interferes with it. Mr. Doogue claims that he should remove the tree at his own expense, as long as he comes in and asks for the privilege of having it removed.

Ald. CODMAN—Mr. Chairman, I don't refer to that particular case, but there are several in the line that I have referred to, and I simply say that I shall be inclined to oppose any other action than I have suggested in such cases in the future. I know there have been trees removed, the expense for removing which has been charged to the city; and I trust that these matters will not be pushed through in this way, but will be referred to some committee to look into.

Leave was granted as recommended by the Superintendent, on the first and third petitions, and leave to withdraw was given on No. 2.

BAY WINDOWS—ORDER OF NOTICE.

On the petition of Freeman Nickerson et al., Trustees, for leave to project three bay windows from building 35 Central Sq., one over said square and two over Saratoga St., Wd. 1—an order of notice was passed for a hearing thereon on Monday,

Oct. 23d, at 3 o'clock P.M., when any parties objecting thereto may appear and be heard.

AWNING—ORDER OF NOTICE.

On the petition of Pierce J. Grace for leave to project a permanent awning at the Columbia Theatre on Washington St., Wd. 9—an order of notice was passed for a hearing thereon on Monday, Oct. 23, at 3 o'clock P.M., when any parties objecting thereto may appear and be heard.

REMOVAL OF TREE.

Ald. CODMAN presented the petition of Philip F. Berkwitz for the removal of a tree at 123 Park St. and in connection with the same offered an order—That the Superintendent of Public Grounds be directed to remove a tree standing in front of the house of Philip F. Berkwitz, 123 Park St., Dorchester, said tree being entirely dead, and for the safety of the public should be immediately removed; the expense of the same to be charged to the appropriation for Public Grounds Department.

Passed.

LICENSES.

Ald. COLBY, for the Committee on Licenses submitted the following:

(1) Reports recommending that minors' licenses be granted to 58 newsboys, 7 boot-blacks and 1 vendor.

Reports severally accepted; licenses granted on the usual conditions.

(2) Reports on petitions (severally referred today), for licenses for entertainments for season ending Aug. 1, 1900—that the same be granted, viz:

Pierce J. Grace, Columbia Theatre.
William J. Nolan, Tonti Hall, 327 E St., South Boston.

S. A. Cleaves, Unity Hall, 633 Washington St., Dorchester.

Charles F. Densmore, Arcanum Hall, Wd. 26.

J. Carlton Nichols, Bethesda Hall, Broadway, corner F St.

Thomas F. Roddy, Roddy Hall, Market St., Wd. 25.

C. B. Knowles, Lawrence Encampment Hall, 724 Washington St.

W. M. Farrington, agent, Allston Hall, Wd. 25.

Reports severally accepted; licenses severally granted on the usual conditions.

(3) Report on the petition of the Harvard University Athletic Association (referred to day), for a license for football and other athletic exhibitions on Soldiers' Field, Brighton, for the season ending August 1, 1900—that a license be granted.

Report accepted; license granted on the usual conditions.

(4) Report on the petition of Rich, Harris & Frohman (referred today), for permission for Irene Foster and Ethel Martin to appear at Hollis Theatre for two weeks from Oct. 2—that a permit be granted.

Report accepted; permit granted on the usual conditions.

CLAIMS.

Ald. COLBY, for the Committee on Claims, submitted the following:

(1) Report on the petition of John Wolf, Jr., & Co. (referred June 29), to be paid for damage to team caused by an alleged defect in Endicott St., October 25, 1898—recommending that the petitioner have leave to withdraw, on account of late notice.

Ald. DIXON—Mr. Chairman, I would like to have that Wolff matter referred back to the Committee on Claims.

Ald. COLBY—Mr. Chairman, it is perfectly easy to have the matter referred back, but there is absolutely nothing the Committee can do with it. The man met with an accident in October, 1898, and

served notice in September, 1899. The time fixed by statute within which notice shall be given was not observed, and I don't see how the Committee can do anything with it.

Ald. DIXON—Well, I beg to make a statement. Mr. Wolf notified Captain Dyer, Inspector of Claims, last year. Well, I move that the matter be laid on the table.

The report on the petition referred to was laid on the table.

(2) Report on the petition of Charles D. Stewart (referred July 17), for compensation for injuries received from an alleged defect at the corner of Causeway and Portland Sts.—recommending that the petitioner have leave to withdraw, as the claim has been settled.

Accepted. Sent down.

(3) Report on the petition of the Robert G. Shaw Social Club (referred July 17), to be repaid amount paid for a liquor license granted but not issued by the Board of Police—recommending the passage of the following:—

Ordered, That the City Treasurer be authorized to repay to the Robert G. Shaw Social Club, Marshall Thompson, President, the sum of Two Hundred and Fifty Dollars, being the amount, less fifty dollars for use, paid by said club for a special club liquor license which was not issued by the Board of Police.

Report accepted, order passed. Sent down.

(4) Report on the petition of Frank Doherty and Mark F. Dowling (referred June 26), to be refunded the sum paid by them for liquor licenses which were not issued—recommending the passage of the following:—

Ordered, That the City Treasurer be authorized to repay to Frank Doherty and Mark F. Dowling the sum of Fourteen Hundred Dollars, being the amount paid by them for liquor licenses of the first and fourth classes which were granted but not issued by the Board of Police.

Report accepted, order passed. Sent down.

(5) Report on the petition of Lavinia A. Barber (referred May 1) for compensation for injuries received by her husband in the discharge of his duty while employed in the Police Department—Recommending the passage of the following:—

Ordered: That an annuity be paid from the City Treasury to Lavinia A. Barber, widow of James K. Barber, formerly a member of the Police Department, who died from injuries received in the discharge of his duty; the amount of said annuity, not exceeding Three Hundred Dollars, to be determined by the Board of Police, and the annuity so determined to be paid from the appropriation for Pensions, Police Department.

Report accepted, order passed. Sent down.

(6) Report on the petition of William R. F. Whall, and another (referred July 17)—Recommending the passage of the following:—

Ordered: That the City Treasurer be hereby authorized to pay to William R. F. Whall and Thos. J. Ready the sum of eight and 30-100 dollars, being the amount held by the city under chapter 390, section 49, of the Acts of 1888, from the sale of an estate on Charles, Spring and Washington Sts. for unpaid taxes of the year 1897, by deed recorded with Suffolk Deeds, lib. 2580, fol. 68.

Report on the petition of Augusta A. Way (referred Feb. 20)—Recommending the passage of the following:—

Ordered, That the City Treasurer be hereby authorized to pay to Augusta A. Way the sum of one hundred forty-three and 45-100 dollars, being the amount held by the city under chapter 390, section 49, of the Acts of 1888, from the sale of an estate on Morris St., for unpaid taxes of the year 1897, by deed recorded with Suffolk Deeds, lib. 2582, fol. 228.

Report on the petition of Laura Seldner (referred Aug. 1)—recommending the passage of the following:—

Ordered, That the City Treasurer be hereby authorized to pay to Laura Seldner the sum of forty and 30-100 dollars, being the amount held by the city under chapter 390, section 40, of the Acts of 1888, from the sale of an estate on northerly side of Fuller St., for unpaid taxes of the year 1897, by deed recorded with Suffolk Deeds, lib. 2581, fol. 40.

Report on petition of Edward Reardon (referred June 26)—recommending the passage of the following:—

Ordered, That the City Treasurer be hereby authorized to pay to Edward Reardon the sum of ninety-one and 77-100 dollars, being the amount held by the city under chapter 390, section 40, of the Acts of 1888, from the sale of an estate on Fenton St. for unpaid taxes of the year 1896, by deed recorded with Suffolk Deeds, lib. 2498, fol. 621.

Report on the petition of Annie Maguire (referred June 29)—recommending the passage of the following:—

Ordered, That the City Treasurer be hereby authorized to pay to John B. Dore the sum of seventy-six and 26-100 dollars, being the amount held by the city under chapter 390, section 40, of the Acts of 1888, from the sale of an estate on East Fourth St., for unpaid taxes of the year 1895, by deed recorded with Suffolk Deeds, lib. 2408, fol. 123.

Report on three (3) petitions of Catherine J. Lynch (referred July 17)—recommending the passage of the following orders:—

Ordered, That the City Treasurer be hereby authorized to pay to Sherman L. Whipple the sum of three hundred and twenty and 60-100 dollars, being the amount held by the city under chapter 390, section 40, of the Acts of 1888, from the sale of an estate on southwest side of Sixth St., for unpaid taxes of the year 1897, by deed recorded with Suffolk Deeds, lib. 2583, fol. 132.

Ordered, That the City Treasurer be hereby authorized to pay to Sherman L. Whipple the sum of one hundred and forty-one and 60-100 dollars, being the amount held by the city under chapter 390, section 40, of the Acts of 1888, from the sale of an estate on southwest side of Sixth St., for unpaid taxes of the year 1897, by deed recorded with Suffolk Deeds, lib. 2530, fol. 231.

Ordered, That the City Treasurer be hereby authorized to pay to Sherman L. Whipple the sum of one hundred and forty-eight and 20-100 dollars, being the amount held by the city under chapter 390, section 40, of the Acts of 1888, from the sale of an estate on southwest side of Sixth St., for unpaid taxes of the year 1897, by deed recorded with Suffolk Deeds, lib. 2530, fol. 233.

Report on three (3) petitions of the Jewett Lumber Co. (referred Sept. 12)—Recommending the passage of the following orders:—

Ordered, That the City Treasurer be hereby authorized to pay to Elbridge K. Jewett, Trustee, the sum of one and 23-100 dollars, being the amount held by the city under chapter 390, section 40, of the Acts of 1888, from the sale of an estate on Falcon St., for unpaid taxes of the year 1897, by deed recorded with Suffolk Deeds, lib. 2490, fol. 620.

Ordered: That the City Treasurer be hereby authorized to pay to Elbridge K. Jewett, Trustee, the sum of thirty-one and 11-100 dollars, being the amount held by the city under chapter 390, section 40, of the Acts of 1888, from the sale of an estate on Falcon St. for unpaid taxes of the year 1896, by deed recorded with Suffolk Deeds, lib. 2499, fol. 625.

Ordered: That the City Treasurer be hereby authorized to pay to Elbridge K. Jewett, Trustee, the sum of one hundred ninety-two and 47-100 dollars, being the amount held by the city under chapter 390,

section 40, of the Acts of 1888, from the sale of an estate on Glendon St., for unpaid taxes of the year 1896, by deed recorded with Suffolk Deeds, lib. 2499, fol. 625.

Report on the petition of Joseph Comeau et al. (referred June 12)—Recommending the passage of the following:—

Ordered: That the City Treasurer be hereby authorized to pay to William H. Baker the sum of one hundred sixteen and 90-100 dollars, being the amount held by the city under chapter 390, section 40, Acts of 1888, from the sale of an estate on westerly side of Denny St., for unpaid taxes of the year 1897, by deed recorded with Suffolk Deeds, lib. 2581, fol. 49.

Report on the petition of Mary G. Fuller (referred July 17)—Recommending the passage of the following:—

Ordered: That the City Treasurer be hereby authorized to pay to Mary G. Fuller the sum of one hundred fifty-nine and 40-100 dollars, being the amount held by the city under chapter 390, section 40, of the Acts of 1888, from the sale of an estate on Mt. Vernon St., for unpaid taxes of the year 1897, by deed recorded with Suffolk Deed, lib. 2583, fol. 153.

Reports severally accepted; orders severally passed. Sent down.

REMOVAL OF TREE.

Ald. PRESHO offered an order—That the Supt. of Public Grounds be directed to remove a tree standing in front of the house of R. W. Oliver, 244 Bunker Hill St., Wd. 4; said tree being decayed and dangerous; the expense of the same to be charged to the appropriation for Public Grounds Dept.

Passed.

WIDENING OF BATTERY ST.

Ald. DAY offered an order—That the Street Commissioners be requested to widen Battery St., from Commercial St. to the Ferry, on the southerly side, to a width of about 100 feet, in accordance with the plan now in the office of the Board of Street Commissioners.

Passed. Sent down.

EAST BOSTON GRADE CROSSINGS.

Ald. DAY offered an order—That the Law Department be requested to inform this Board what action has been taken on the petition of the Mayor and Board of Aldermen, praying for the abolition of grade crossings in East Boston.

Passed.

REMOVAL OF TREES.

Ald. DAY offered an order—That the Superintendent of Public Grounds be requested to remove a dead tree opposite 113 Eutaw St.; the expense of the same to be charged to the appropriation for Public Grounds Department.

Passed.

NIGHT SCHOOL—SPECTACLE ISLAND.

Ald. DAY offered an order—That the School Committee be requested to consider the matter of furnishing books for a night school at Spectacle Island.

Passed. Sent down.

TRANSPORTATION FOR SCHOOL CHILDREN.

Ald. McDONALD offered an order—That the School Committee be requested to provide transportation for the teachers and scholars to and from Boston Common on Saturday, October 14, on the occasion of the review by Admiral Dewey.

Ald. McDONALD—Mr. Chairman, in relation to that order I would state that, in consultation with several school teachers yesterday, they thought some means should be provided whereby the school children may reach the Common in safety. With that end in view it was suggested

that the teachers should call the scholars together on Saturday morning and that transportation should be furnished either by the West End Road or by harges, so as to reach the Common. If that is not done, it will be considerable trouble for the children to get there. Their idea was this, that the children in many of the schools—for instance in Charlestown, Roxbury and Dorchester, all the outlying sections—should have transportation furnished; but at such schools as the Quincy and Winthrop schools, here in the city, a plan might be arranged whereby the teachers could march at the head of their classes to the Common. In that way they would be able to get on the Common. It seems to me that would be the better way. While we do not wish to dictate to the School Committee, this order is offered for the careful consideration of that committee. It seems to me, if carried out, that it will satisfy the fathers and mothers of the children attending the schools, who will then feel that their children are in safe hands on their way to the Common.

The order was passed.

CALL FOR REPORT.

Ald. PRESHO—Mr. Chairman, I want to give notice that I will ask for a report at the next meeting from the Committee on investigation of the contract made between the city and the Rising Sun Lighting Company. I think that the Council was right in showing some feeling in this matter. I myself tried to do something towards it in the Board, but I found the force of votes against me, so that I was not able to do anything. I feel, as I said before the Committee was appointed, when the order was first brought in, that seriousness of intention was wanting in the Committee. I don't think they have ever assembled for the purpose for which they were appointed. They are surely trifling with the public on an important matter, which concerns not only the city but the lamplighters themselves, besides having a bearing on the tax levy. It is not right to deceive the public in this way—not having meetings and not doing anything. I don't blame the Council for trying to do something. I myself have run up against this stonewall; and now, if they have any explanations to make, I would like to hear them.

Ald. DOYLE—Mr. Chairman, as a member of the Committee on Lamp Department, I want to say to the gentleman who has just taken his seat that this is the first time I have heard him say anything in reference to a hearing on the Rising Sun Street Lighting contract. While I am a member of that committee and am very anxious that an investigation shall be held, still I refuse to sit in my seat while the alderman from Charlestown tries to make political capital in this manner.

Ald. PRESHO—Mr. Chairman—
The CHAIRMAN—The Chair will simply say that the gentleman asks for a report from the Committee. The Chair will call the attention of the Committee to that fact.

Ald. PRESHO—Mr. Chairman, I ask unanimous consent to make a statement. I understand that this has been referred to the Standing Committee on Lamps of the Board of Aldermen, of which I am not a member. If I had been a member, I assure the gentleman that he would have heard from me long before this.

RECESS.

On motion of Ald. Adams the Board voted, at 4:05 P.M., to take a recess subject to the call of the Chair.

The Board reassembled in the Aldermanic Chamber at 5:10 P.M.

DEWEY DAY ARRANGEMENTS.

The CHAIRMAN—The Chair will say

that the Board of Apportionment has appropriated \$5000 for what is known as Dewey Day, and the Mayor is willing to meet a committee on the part of the Board and a committee on the part of the Council. The Chair will appoint as such a committee on the part of the Board Ald. Barry, Berwin, Colby, Dixon, McDonald, O'Toole, Presho.

PUBLIC IMPROVEMENTS.

Ald. COLBY, for the Committee on Public Improvements, submitted the following:—

(1) Reports recommending the passage of orders that the Superintendent of Streets be authorized to issue permits for work, to be completed on or before December 31, 1899, according to the terms and conditions expressed in the ordinances of the city thereto, as follows:—

Charles P. Curtis (petition referred Sept. 18), to construct, maintain and use an area, with sidewalk light and granite covers, under and in the sidewalk in front of estate 81-83 Essex St.

Boston Elevated Railway Company (referred today), to erect, maintain and use two guy posts in Corning St., and one post in Porter St., with the necessary ropes attached thereto.

The American Bell Telephone Company (petition referred Sept. 25), to construct, maintain and use areas with iron and granite covers, under and in the sidewalk in front of estates 11-13 Oliver St. and 117-119 Milk St., as shown on plan on file in the permit office, street department.

L. P. Soule & Son (petition referred today), to erect, maintain and use four guy posts, with the necessary ropes attached, in and over Pemberton Sq., in the following locations:—

1 in front of 38, 1 in front of 56, 2 in front of the Court House, 1 at Police Headquarters, east of driveway; 1 near the corner of Tremont Row, north side.

L. P. Soule & Son (petition referred Sept. 25), to erect, maintain and use guy posts with the necessary ropes attached, in locations as follows:

1 in front of 1 Somerset St.; 1 in front of 11 Beacon St.; 1 in front of 17 Beacon St.; 1 in front of 23 Beacon St.—for use in erecting building at 8 and 10 Beacon St.

John Sutherland (petition referred today), to erect, maintain and use guy posts with ropes attached, as follows:

4 on Bow St., between Arrow and Mason Sts.; 4 on Arrow St.; 8 on Lynde St., between Second and Arrow Sts.—for use in constructing a retaining wall for the Boston & Maine Railroad.

Francis W. Kittredge (petition referred today), to construct, maintain and use three coal hole openings, each not exceeding 18 inches in diameter, with iron covers of rough upper surface, in the sidewalk on the Warren St. side of estate on the corner of Warren and Moreland Sts., Wd. 21.

Estate of John P. Nichols, (petition referred Sept. 25), to construct, maintain and use four areas 12 ft. by 3 ft. 8 inches each, with granite and iron covers under and in the sidewalk in front of estate on Mt. Pleasant Ave., at or near the corner of Blue Hill Ave., Wd. 17.

John A. Rooney (petition referred today), to erect, maintain and use guy posts, with the necessary ropes attached, in the following locations:

1 on Corey St.; 2 on Centre St., near Corey St., and to stretch three guy ropes over and across said streets in Wd. 23.

Reports accepted, orders severally passed under suspension of the rule.

(2) Report on the petition of H. S. Angus (referred today), recommending the passage of an order that the Superintendent of Streets be authorized to issue a permit to the said Angus to move a wooden building, pitch roof, 45 ft. in length, by 22 ft. in width, by 35 ft. in height, from 95 Chelsea St., through Chelsea and Gove Sts. to

Orleans St., to lot rear of 106 Orleans St., Wd. 2, on the terms and conditions expressed in the ordinance of the city relating thereto.

Report accepted, order passed under suspension of the rule.

(3) Reports "that the veto be sustained and that the message be placed on file" on the following messages of His Honor the Mayor:—

Veto of permit to John O'Connor (referred April 12) to project bay windows at 50 Ellery St., Wd. 15.

Veto of permit to N. E. Newspaper Union (referred August 7) to place a sign on lamp-post at 132 Pearl St.

Veto of order authorizing permit to Henrietta Goldsmith (referred May 25) to erect wooden building at 1281-83 Tremont St., Wd. 18.

Veto of permit to Cushing Medical Supply Company (referred August 7) for electric sign at 580 Washington St.

Veto of permit to Stanley F. Squires to excavate a cellar at 329-331 Tremont St. to grade 9.

Veto of order to remove pole of Boston Electric Light Company (referred May 22) corner of Dudley and Washington St.

Reports accepted. Reconsideration of the previous action of the Board was had, and on motion of Ald. Colby it was voted that one roll call be taken on the several vetoes.

The Board refused to pass the various orders over the Mayor's vetoes; yeas 0, nays 11.

(4) Report on message of His Honor the Mayor (referred June 12) relative to contract with Rising Sun Street Lighting Co.—that the same be referred to the Committee on Lamps (Ald.).

Report accepted, said reference ordered.

(5) Report on the petition of John Soley & Sons (referred today) recommending the passage of an order—that the Superintendent of Streets be authorized to issue a permit to John Soley & Sons to move a wooden building, pitch roof, 30 ft. in length, by 22 ft. in width, by 15 ft. in height, from location on Birch St., along Birch, Cornth and Florence Sts. and across private land to rear of No. 192 Poplar St., Wd. 23, on the terms and conditions expressed in the ordinance of the city relating thereto.

Report accepted, order passed, under suspension of the rule.

(6) Reports that no action is necessary on the following petitions:—

Robert Farquhar (referred June 29) for leave to attach rail and sign to cellar opening at 3 South Market St.

A. G. Latour (referred July 3), for transfer of permit granted to A. Ladd at corner of Tremont and Eliot Sts.

William J. Keefe (referred Sept. 12), or leave to place a stand for the sale of newspapers in front of 6 Maverick Sq., Wd. 2.

S. E. Richards (referred April 24), for leave to sell temperance drinks from a wagon in the streets in the vicinity of the Post Office.

Frank Rogers (referred July 3), for leave to maintain a bootblack stand in Franklin Ave.

Hugh D. Kelly (referred Aug. 17), for sidewalk at 100-102 Burrell St., Wd. 17.

Pierce F. Lonergan (referred Aug. 14), for sidewalk of artificial stone at 29-33 Devon St., Wd. 20.

Peter R. Harrigan (referred Aug. 21), for sidewalk at 302-306 Bowdoin St., Wd. 20. Reports severally accepted.

(7) Report on the report of the Committee on Fire Department (referred July 25) relative to site and engine house for engine 22, Fire Department—recommending that the same be placed on file.

Report accepted, said paper placed on file.

(8) Reports recommending the passage of orders that the Superintendent of Streets make brick sidewalks and to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, owner to

furnish material, in front of the following estates:—

Mrs. Annie Formanek (referred Sept. 25), 151-153 Paris St., Wd. 2.

Charles F. Hargrave (referred Sept. 12), Havre St., side of estate 62 Porter St., Wd. 1.

Michael Dolan (referred Sept. 25), 53 Creighton St., Wd. 22.

A. Diamond (referred Sept. 12), 327-339 and 349-51 Heath St., Wd. 19.

John R. Meins (referred Sept. 12), West Third St., corner of 129 B St., Wd. 13.

W. J. Smith (referred Sept. 25), 9-11 Peters St., Wd. 14, with granite edgestone.

James F. Kennedy (referred Sept. 25), 18 Howe St., Wd. 16.

Edward A. Bangs (referred Sept. 12), 17 Vancouver St., Wd. 19.

Thomas B. Noonan (referred Sept. 12), 38 Eliot St., Wd. 23, with granite edgestone.

Estate of Volney Wilder (referred Sept. 12), 34 Elm St., Wd. 22.

Reports accepted, orders severally passed.

(9) Reports recommending the passage of orders that the Superintendent of Streets make sidewalks, to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width and to be built of artificial stone, with granite edgestone, owners to furnish material in front of the following estates:—

Elroy W. Houghton (referred Sept. 25), 10 Atherstone St., Wd. 24.

W. B. Thomas (referred Sept. 12), corner Beacon St., and Mass. Ave., Wd. 11.

James W. Tufts (referred Sept. 25), 817-819 Beacon St., Wd. 11.

Richard J. Gookin (referred Sept. 25), corner Columbia Road and Dorchester Ave., Wd. 20.

Reports accepted, orders severally passed.

(10) Report on the petition of W. Bowman Cutler (referred Sept. 12) asking for an investigation into acts of the Boston Elevated Railway Company in the matter of alleged taking by said company of certain land, claiming that the taking was illegally made,—recommending that the same be returned to the Board of Aldermen as County Commissioners.

Report accepted, recommendation adopted.

(11) Report on the order (No. 16 on the calendar, referred today) determining awards on account of taking of certain lands by the Boston Elevated Railroad Company—that the same be placed on file.

Report accepted, said order placed on file by the Board, acting as County Commissioners.

(12) Report on the substitute order offered by Ald. Colby in connection with No. 16 on the calendar (referred today), estimating the damages sustained by certain parties by taking by the Boston Elevated Railway Company, etc.—that the same be returned to the Board of Aldermen for its action.

The report was accepted, and the question came on the passage of the order.

Ald. BERWIN—Mr. Chairman, I merely desire to ask that my vote be recorded as against the passage of the order.

THE CHAIRMAN—The Clerk will take notice.

The order was read a second time and passed by the Board, acting as County Commissioners.

TRIMMING OF TREES.

Ald. ADAMS offered an order—That the Superintendent of Public Grounds be requested to trim off the branches of trees which interfere with the Baptist Church at the corner of Fourth and L Sts., South Boston; the expense for the same to be charged to the appropriation for Public Grounds Department.

Passed.

SIDEWALK ORDERS.

Ald. ADAMS offered an order—That the Superintendent of Streets make a sidewalk along the corner of Burrell and Batchelder

Sts., Wd. 16, in front of the estate of Catherine Hanrahan; said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of brick, with granite edgestone, and report to this board a schedule of the cost of said work.

Passed.

Ald. ADAMS offered an order—That the Superintendent of Streets make a sidewalk along the northerly side of Talbot Ave., between Norfolk St. and the railroad bridge, Wd. 20, in front of the estates bordering thereon; said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of gravel, with granite edgestone, and report to this Board a schedule of the cost of said work.

Passed.

PROJECTIONS.

Ald. DAY, for the Committee on Building Department (Ald.), submitted the following:

(1) Reports recommending that leave be granted on the following petitions, referred today:

John P. Conlan, for leave to project a sign at 25 Howard St., corner Stoddard St., Wd. 6.

E. A. Laskey, for leave to project two barber poles at 2532 Washington St.

John J. Douglass, for leave to project a campaign transparency at 19 Lewis St., Wd. 2.

Quincy Club of Wd. 1, for leave to project two campaign transparencies at 262 Bennington St., Wd. 1.

Baker & Buckler, for leave to project a V-shaped sign at 124 Dudley St., Wd. 18.

Frank H. Cowin, for leave to project a campaign transparency at 384 Harrison Ave., Wd. 9.

Same, for leave to project two campaign transparencies, one over Washington St. and one over Dover St., from building on corner of said streets, Wd. 9.

I. H. Goldsmith, for leave to project an illuminated druggist's mortar at 1130 Washington St., Wd. 9.

Ferrin & Fausnaught, for leave to project a druggist's mortar at 725 Tremont St., Wd. 9.

Suffolk Engraving Co., for a shelf for printing frames from sixth story of building 234 Congress St.

A. Lipkin, for leave to project a sign at 33 Green St., Wd. 8.

Margaret Gordon, for leave to project a sign at 19 Tremont Row, Wd. 6.

Louis Cohen, for leave to project a sign at 60 Merrimac St., Wd. 8.

Antonio Zarella, for leave to project 3 signs at 88 Charlestown St.

Isaac Pond, for leave to project two barber poles at 47 Lowell St., Wd. 8.

Di Luccio Pasquale, for leave to project a shoemaker's sign at 174 Dudley St., Wd. 17.

Martin Sullivan & Co., for leave to project a sign at 732 Washington St., Wd. 7.

T. F. Corey & Co., for leave to project a lantern at 84 Boylston St., Wd. 7.

Reports accepted, leave granted on the usual condition.

(2) Report on the petition of Louis Nocito (recommitted Aug. 21), for leave to project one bay window from building 31½ Thacher St., Wd. 6—that leave be granted.

Report accepted, leave granted on the usual conditions.

(3) Report on the petition of John Lorgenfeld (recommitted July 17), for leave to project one bay window from building corner of Boston and Rawson Sts., Wd. 16—that the petitioner have leave to withdraw.

Report accepted and petitioner given leave to withdraw.

HOLIDAY—DEWEY DAY.

Ald. O'TOOLE offered an order—That His Honor the Mayor be hereby requested by

this Board to instruct heads of departments to allow all employees whose services can be dispensed with, a holiday, without loss of pay, on Saturday, Oct. 14, 1899, in part compensation for their services; and that he be further requested to order City Hall closed on that day.

Passed.

ERECTION OF STAND.

Ald. O'TOOLE offered an order—That permission be hereby granted to W. M. McDonald to erect temporarily a stand in Postoffice Sq. for the Dewey Celebration, October 13 and 14; the location of same to be approved by the Superintendent of Streets, and the construction of said stand to be satisfactory to the Building Commissioner.

Passed.

RAILROADS.

Ald. DIXON, for the Committee on Railroads, submitted the following:—

(1) Reports on petitions (severally referred today), viz:—

(a) West End Street Railway Company, for a location for a double track on Adams St., from Neponset Ave. to Minot St., with the right to use the overhead electric system thereon.

(b) Same company, for a location for double tracks on Western Ave., from the Watertown line to its existing tracks on said street and on Market St., with the right to use the overhead electric system thereon.

(c) Same company, for a location for double tracks on Atlantic Ave. and Commercial St., to take the place of existing tracks.

(d) Directors of the Newton and West Roxbury Street Railway Company for a location for tracks in Baker, Mt. Vernon and La Grange Sts., or such other streets as the Board of Aldermen may determine, with the right to use the trolley electric system thereon.

Recommending the passage of orders of notice for hearings on Monday, October 30, at three o'clock P.M., when any parties who object thereto may appear and be heard.

Reports accepted, orders of notice passed. (2) Report on petition of the West End Street Railway Company (recommitted today) for track locations in Washington, Warren and Dudley Sts.—Recommending the passage of the following:—

Ordered, That in addition to the rights heretofore granted the West End Street Railway Company to lay down tracks in the streets of the City of Boston, said company shall have the right to lay down, maintain and use curved tracks on Washington St., near Zeigler St., connecting with existing tracks of said company on Washington and Roxbury Sts., and extending to the property line of the Boston Elevated Railway Company on said Washington St.; also on Warren St., north of Zeigler St., connecting with existing tracks of said company on Warren St. and extending to the property line of the Boston Elevated Railway Company on said Washington St.; also on Warren St., north of Zeigler St., connecting with the existing tracks of said company on Warren St. and extending to the property line of the Boston Elevated Railway Company on said Washington St.; also on Dudley St., between Washington and Warren Sts., the Superintendent of Streets.

The right to lay down the tracks located by this order is upon condition that the whole work of laying the same, the form of rail to be used, and the kind and quality of material used in paving said tracks, shall be under the direction and to the satisfaction of the Superintendent of Streets, and shall be approved by him. Also upon condition that said West End Street Railway Company shall accept this order of location, and shall agree, in writing, to comply with the conditions herein

contained, and shall file said acceptance and agreement with the City Clerk within thirty days from the passage of this order; otherwise it shall be null and void.

The whole work of laying the said tracks to be completed within one year from the date of the passage of this order.

And the consent of the Board of Aldermen is hereby further granted to the West End Street Railway Company, to establish and maintain the electric system of motive power in the operation of its cars in said location, by the overhead system, so called, and to erect, maintain and use such wires and iron poles, of the height of not less than 20 feet, at the places indicated by red circles or dots on the plans filed in the office of the Superintendent of Streets, as may be necessary to establish and maintain said overhead electric system of motive power.

The rights herein granted are upon condition that the whole work of constructing the same, and the kind and quality of material used, shall be under the direction and to the satisfaction of the Superintendent of Streets, and be approved by him.

Also, upon condition that nothing herein contained shall be deemed a limitation or waiver of any rights now possessed or that may hereafter be conferred on the Board of Aldermen of the City of Boston, to make rules and regulations pertaining to the operation and maintenance of the electric system, and the running of electric cars in the City of Boston.

Also, upon condition that said railway company shall accept this order and agree to comply with the conditions herein contained, and shall file such acceptance and agreement with the City Clerk within 30 days from the passage thereof; otherwise it shall be null and void.

Report accepted and passed.

(3) Report on the petition of the West End Street Railway Company (recommended today) for a location for double curves at the junction of Columbus Ave. and Dartmouth St.—Recommending the passage of the following:—

Ordered, That in addition to the rights heretofore granted to the West End Street Railway Company to lay down tracks in the streets of the City of Boston, said company shall have the right to lay down, maintain and use double curved tracks at the junction of Columbus Ave. with Dartmouth St.; said tracks being shown by red lines on a plan made by A. L. Plimpton, dated September 13, 1899, and deposited in the office of the Superintendent of Streets.

The right to lay down the tracks located by this order is upon condition that the whole work of laying the same, the form of rail to be used, and the kind and quality of material used in paving said tracks, shall be under the direction and to the satisfaction of the Superintendent of Streets, and shall be approved by him. Also upon condition that said West End Street Railway Company shall accept this order of location, and shall agree, in writing, to comply with the conditions herein contained, and shall file said acceptance and agreement with the City Clerk within thirty days from the passage of this order; otherwise it shall be null and void.

The whole work of laying said tracks to be completed within six months from the date of the passage of this order.

Report accepted, order passed.

(4) Report on the petition of the Norfolk Suburban Street Railway Company for leave to lay tracks and to use the overhead system thereon, on River St., Washington St., and Adams St., Dorchester—Recommending the passage of the following:—

Ordered, That in addition to the rights heretofore granted the Norfolk Suburban Street Railway Company to lay down tracks in the streets of the City of Boston, said company shall have the right to lay down, maintain and use tracks on River St., from a point near Oakland St.,

through River St. and the square formed by its junction with Blue Hill Ave., and Oakland St., to the Milton line. Also on Washington St., from a point near Dorchester Ave., through said street and a public way supposed to be called Washington St., to the Milton line. Also on Adams St., from a point near Dorchester Ave., through said Adams St. and the said public way supposed to be called Washington St., to a point connecting with location herein granted. All with the necessary switches, curves, cross-overs and connections connecting with existing tracks of said company and the tracks of the West Roxbury and Roslindale Street Railway Company. And permission is further granted to said company to make, at its own expense, such changes as may be necessary in the tracks of the West Roxbury and Roslindale Street Railway Company as may be necessary to make such connections, said tracks being shown by red lines on a plan made by H. T. Whitman, dated June, 1899, and deposited in the office of the Superintendent of Streets.

The right to lay down the tracks located by this order is upon condition that the whole work of laying down the same, the form of rail to be used, and the kind and quality of material used in paving said tracks, shall be under the direction and to the satisfaction of the Superintendent of Streets, and shall be approved by him. Also upon condition that said Norfolk Suburban Street Railway Company shall accept this order of location, and shall agree, in writing, to comply with the conditions herein contained, and shall file said acceptance and agreement with the City Clerk within thirty days from the passage of this order; otherwise it shall be null and void.

The whole work of laying the said tracks to be completed within one year from the date of the passage of this order.

Ordered, That the consent of the Board of Aldermen be hereby granted to the Norfolk Suburban Street Railway Company to establish and maintain the electric system of motive power in the operation of its cars in the City of Boston, by the overhead system, so called, as follows:—

On River St., from a point near Oakland St. to the Milton line, on Washington St., from a point near Dorchester Ave. and through a public way supposed to be called Washington St., to the Milton line, and on Adams St., from a point near Dorchester Ave. and through said Adams St. and the aforesaid public way supposed to be called Washington St.; with necessary connections with existing systems of said company and the West Roxbury and Roslindale Street Railway Company.

And permission is hereby granted to the said Norfolk Suburban Street Railway Company to erect, maintain and use such wires and iron poles, of the height of not less than 20 feet, at the places indicated by red circles or dots on the plans filed in the office of the Superintendent of Streets, dated June, 1899, as may be necessary to establish and maintain said overhead electric system of motive power.

The rights herein granted are upon condition that the whole work of constructing the same, and the kind and quality of material used, shall be under the direction and to the satisfaction of the Superintendent of Streets, and be approved by him.

Also, upon condition that nothing herein contained shall be deemed a limitation or waiver of any rights now possessed or that may hereafter be conferred on the Board of Aldermen of the City of Boston, to make rules and regulations pertaining to the operation and maintenance of the electric system, and the running of electric cars in the City of Boston.

Also, upon condition that said railway company shall accept this order and agree to comply with the conditions herein contained, and shall file such acceptance

and agreement with the City Clerk within 30 days from the passage thereof; otherwise it shall be null and void.

Report accepted.

The question came on giving the order a second reading.

Ald. CODMAN—Mr. Chairman, I must object to a second reading of the order; as this is the first I have heard of it. It is in my section, and, therefore, I wish to look into the matter. There seems to be a question of connecting the terminals at Pierce Sq., and, as I understand it, objection being made, it must be laid over to the next meeting.

The CHAIRMAN—Unless there is a suspension of the rule, it goes over to the next meeting.

Ald. DIXON—Mr. Chairman, I ask a suspension of the rule.

Ald. CODMAN—Mr. Chairman, I trust that the rule will not be suspended. It seems to me this committee should allow members of the Board who have not been able to look into the matter an opportunity to do so for at least one week—especially those members who come from the section in which the location is to be granted. I trust that enough members of the Board will be of the opinion that members from Dorchester at least should have time to look into this to prevent a suspension of the rule. I am free to say that I have not had an opportunity to examine into the subject that I know nothing about it, and if the committee have had it before them it has entirely slipped my mind and my knowledge. It seems to me it is a very small request to ask that this be laid over for a week. I therefore ask that the members of the Board will not suspend the rule, but will allow me at least a week to look into the matter.

Ald. McDONALD—Mr. Chairman, I would like to have the matter laid over for at least another week, because, as I understand it, quite a number of locations in Dorchester have been read off. I believe, as the alderman from Wd. 24 has stated, that it would be well for the people of Dorchester to understand exactly where those lines are to be laid. It seems to me it would do no harm to have this laid over for another week. The motion to suspend the rule was lost, and the order went over under the rule.

CLOSING OF STREETS.

Ald. BERWIN offered an order—That the Board of Police be requested to close against travel by vehicles, excepting Fire Department apparatus, Police wagons, ambulances and United States mail wag-

ons and cars, such streets as may be necessary for the parade to be held on the evening of Friday, October 13, on the occasion of the arrival of Admiral Dewey; also the following named streets on Saturday, October 14, between the hours of 11 A.M. and 3 P.M., on account of the mobilization of the State militia, viz., from Commonwealth Ave. through Beacon and Charles Sts., Park Sq., Columbus Ave., Massachusetts Ave., Tremont, Winter, Summer, High, Congress, Milk, India, State, Washington, School and Beacon Sts.

Ordered: That the City Messenger be and hereby is authorized to cause the roping off of such of said streets as may be necessary under the direction of the Board of Police; the expense incurred for said roping off to be charged to the appropriation for City Messenger Department.

Passed.

LIGHTING OF GREENWOOD ST.

Ald. McDONALD offered an order—That the Superintendent of Lamps, through His Honor the Mayor, be requested to place sufficient lamps on Greenwood St., Wd. 20, for the lighting of said street, expense of same to be charged to the appropriation for Lamp Department.

Passed.

LIBERTY BELL FOR BUNKER HILL DAY.

Ald. PRESHO offered an order—That His Honor the Mayor be and hereby is requested to communicate with the Mayor of Philadelphia, Penn., and ask that he, as custodian of the Liberty Bell, allow the same to be brought to Boston on the occasion of the celebration of the 125th anniversary of the battle of Bunker Hill on June 17th 1900.

Passed.

Ald. PRESHO—Mr. Chairman, being in Philadelphia the other day and learning that the bell had been taken to several places—Chicago, New Orleans and Georgia—it occurred to me that it would be a most fitting part of the celebration of the day referred to to have that bell brought to Boston. I introduce the order thus early because I learned that several cities in the country are about to make application for it. I desire to forestall their applications. The order was passed.

GENERAL RECONSIDERATION.

Ald. CODMAN moved a general reconsideration of all action taken today; lost. Adjourned, on motion of Ald. Brick, at 5:32 P.M., to meet on Monday, October 16, at 3 P.M.

CITY OF BOSTON.

Proceedings of the Common Council.

Thursday, Oct. 12, 1899.

Regular meeting of the Common Council, held in the Council Chamber, City Hall, at 7.45 o'clock p. m., President Kiley in the chair.

STREET LIGHTING CONTRACT.

The following was received:—

City of Boston, Law Department,
73 Tremont Street,

Boston, Oct. 12, 1899.

To the Common Council.

Gentlemen:—In reply to your communication asking my opinion "as to the legality of the contract for street lighting entered into by the City of Boston and the Rising Sun Street Lighting Company, and submit a statement of all laws and ordinances relating to the subject," I have the honor to reply that by Acts of 1825, Chapter 3, Section 1, "The Mayor and Aldermen of the City of Boston for the time being may cause to be set up and affixed such and so many lamps in the streets and other places in said city for the purpose of lighting the same as they may determine to be convenient and necessary, and said Mayor and Aldermen are hereby empowered to make all necessary contracts, rules, orders and regulations respecting said lamps and the lighting of the same as they may deem most for the benefit of the city."

Acts of 1885, Chapter 266, Section 10, provides that all orders, resolutions or votes of the Board of Aldermen of the City of Boston which involve the exercise of any of the powers conferred by law upon the Mayor and Aldermen or the Board of Aldermen as a separate board, shall be subject to the veto power of the Mayor, and by Section 3, of the same act, the executive powers of the city and all the executive powers vested in the Board of Aldermen as such, as surveyors of highways, county commissioners or otherwise, are vested in the Mayor, to be exercised through the several officers and boards of the city and the respective departments of the city under his general direction and supervision.

Under these statutes, therefore, the Board of Aldermen, subject to the approval of the Mayor, has power to provide that lamps shall be placed in certain places as they shall determine to be necessary, and to determine whether they shall be lamps to burn gas, oil, naphtha or other material, but the executive power, the power of carrying out these orders, is vested in the Mayor to be exercised through some department of the city.

I find on enquiry that the Board of Aldermen has passed orders providing that certain lamps in the city shall be gas lamps and certain lamps shall be naphtha lamps. The naphtha lamps have for several years been lighted under a contract for furnishing the burners and the material to be burned and the care thereof by a company on substantially the same terms as the contract referred to in your order, and the Mayor, acting through the Lamp Department, has now, by the contract referred to, adopted the same system for the gas lamps. The rights of the Board of Aldermen are preserved in the contract by providing that the company shall light with gas or with naphtha only such lamps as now exist or that shall hereafter be ordered by the Superintendent of Lamps, subject to the Superintendent's withdrawal of lamps from being lighted, and I assume, of course, that the Superintendent will act in such matters only in accordance with the orders of the Board of Aldermen in relation to them.

I see, therefore, no illegality in the contract.

I do not deem it necessary to cite Chapter 23, of the Ordinance of 1898, relating to the Lamp Department, because those provisions are simply reenactments in the form of an ordinance of the provisions of said Chapter 3, of the Acts of the year 1825.

Respectfully,

Andrew J. Bailey,
Corporation Counsel.

Assigned to the next meeting, and ordered printed, on motion of Mr. Sanderson of Wd. 25.

APPROPRIATION FOR FANEUIL HALL

The following was received:—

Mayor's Office, City Hall,
Boston, Oct. 12, 1899.

To the City Council:—

I transmit herewith an order passed by the Board of Estimate and Apportionment at its meeting today making an additional appropriation of \$1500 for the reconstruction of Faneuil Hall. This order was passed by the Board with the understanding that this \$1500 is to be used for the purchase of chairs and other necessary furniture for Faneuil Hall not included in former estimates of cost of construction.

Respectfully submitted,

Josiah Quincy, Mayor,
City of Boston,

In Board of Estimate and Apportionment,
October 12, 1899.

Ordered: That the additional sum of fifteen hundred dollars (\$1500) be appropriated, to be expended by the Engineering Department in reconstructing Faneuil Hall; and that the City Treasurer be authorized to issue, from time to time, on the request of the Mayor, bonds of the city of Boston to said amount for said purpose.

Passed, and we certify that the said appropriation is not to meet a current expense.

Josiah Quincy,
David F. Barry,
John P. Dore,
Laurence Minot,

Members of the Board of Estimate and Apportionment.

The message was sent up, and the order was assigned to the next meeting, on motion of Mr. Stone of Wd. 7.

APPROPRIATION FOR STREET WATERING.

The following was received:—

Mayor's Office, City Hall.

Boston, October 12, 1899.

To the City Council:—

I transmit herewith an order passed by the Board of Estimate and Apportionment at its meeting today making an additional appropriation of \$25,000 for street watering.

Respectfully submitted,

Josiah Quincy, Mayor,

City of Boston,

In Board of Estimate and Apportionment.

Ordered: That in addition to the sum of \$150,000 heretofore appropriated for the maintenance of the Street Watering Division of the Street Department, the additional sum of twenty-five thousand dollars (\$25,000) be and hereby is appropriated for said purpose, the same to be met by assessments for watering streets.

Passed.

Josiah Quincy,
David F. Barry,
John P. Dore,
Daniel J. Kiley,
Laurence Minot.

Members of the Board of Estimate and Apportionment.

The message was sent up, and the order was passed in concurrence with the Board of Estimate and Apportionment. Sent up.

IMPROVEMENT OF ROGERS PARK.

The following was received:—

Mayor's Office, City Hall,
Boston, October 12, 1899.

To the City Council:—

I transmit herewith an order passed by the Board of Estimate and Apportionment at its meeting today appropriating \$2000 for the drainage of Rogers Park, Brighton.

Respectfully submitted,
Josiah Quincy, Mayor.

City of Boston,
In Board of Estimate and Apportionment,
October 12, 1899.

Ordered, That the sum of two thousand dollars (\$2000), to be expended by the Park Commissioners, be appropriated for Rogers Park, Drainage; and that the City Treasurer be authorized to issue, from time to time, on the request of the Mayor, bonds of the city of Boston to said amount for said purpose.

Passed, and we certify that the said appropriation is not to meet a current expense.

Josiah Quincy,
David F. Barry,
John P. Dore,
Daniel J. Kiley,
Laurence Minot.

Members of the Board of Estimate and Apportionment.

The message was sent up, and the order was passed, in concurrence with the Board of Estimate and Apportionment. Sent up.

PAPERS FROM BOARD OF ALDERMEN

1. Report of Committee on Claims, on petition, referred July 17, of Charles D. Stewart, for compensation for injuries received from an alleged defect at the corner of Causeway and Portland Sts.—leave to withdraw, as claim has been settled. Accepted in concurrence.

The Council voted, on motion of Mr. Miller of Wd. 20, to consider Nos. 2 to 17, inclusive, together, viz.:—

2. Report of same committee, on petition of the Robert G. Shaw Social Club, recommending the passage of the following order:—

Ordered, That the City Treasurer be authorized to repay to the Robert G. Shaw Social Club, Marshal Thompson, President, the sum of two hundred and fifty dollars, being the amount, less fifty dollars for use, paid by said club for a special club liquor license which was not issued by the Board of Police.

3. Report of same committee, on the petition of Frank Doherty and Mark F. Dowling, recommending the passage of the following order:—

Ordered, That the City Treasurer be authorized to repay to Frank Doherty and Mark F. Dowling the sum of fourteen hundred dollars, being the amount paid by them for liquor licenses of the first and fourth classes which were granted but not issued by the Board of Police.

4. Report of same committee on the petition of Lavinia A. Barber, recommending the passage of the following order:—

Ordered, That an annuity be paid from the City Treasury to Lavinia A. Barber, widow of James K. Barber, formerly a member of the Police Department, who died from injuries received in the discharge of his duty; the amount of said annuity, not exceeding three hundred dollars, to be determined by the Board of Police, and the annuity so determined to be paid from the appropriation for pensions, Police Department.

5. Report of same committee, on petition of William B. F. Whall and other trustees, recommending the passage of the following order:—

Ordered, That the City Treasurer be hereby authorized to pay to William B. F. Whall and Thomas J. Ready, trustees, the sum of eight and 30-100 dollars, being the amount held by the city under chap-

ter 390, section 40, of the Acts of 1888, from the sale of an estate on Charles, Spring and Washington Sts., for unpaid taxes of the year 1897, by deed recorded with Suffolk Deeds, lib. 2530, fol. 68.

6. Report of same committee on petition of Augusta A. Way, recommending the passage of the following order:—

Ordered, That the City Treasurer be hereby authorized to pay to Augusta A. Way the sum of one hundred forty-three and 45-100 dollars, being the amount held by the city under chapter 390, section 40, of the Acts of 1888, from the sale of an estate on Morris St., for unpaid taxes of the year 1897, by deed recorded with Suffolk Deeds, lib. 2582, fol. 228.

7. Report of same committee on petition of Laura Seldner, recommending the passage of the following order:—

Ordered, That the City Treasurer be hereby authorized to pay to Laura Seldner the sum of forty and 30-100 dollars, being the amount held by the city under chapter 390, section 40, of the Acts of 1888, from the sale of an estate on northerly side of Fuller St., for unpaid taxes of the year 1897, by deed recorded with Suffolk Deeds, lib. 2581, fol. 40.

8. Report of same committee, on petition of Edward Reardon, recommending the passage of the following order:—

Ordered, That the City Treasurer be hereby authorized to pay to Edward Reardon the sum of ninety-one and 77-100 dollars, being the amount held by the city under chapter 390, section 40, of the Acts of 1888, from the sale of an estate on Fenion St. for unpaid taxes of the year 1896, by deed recorded with Suffolk Deeds, lib. 2498, fol. 621.

9. Report of same committee, on petition of Annie Maguire, recommending the passage of the following order:—

Ordered, That the City Treasurer be hereby authorized to pay to John E. Dore the sum of seventy-six and 26-100 dollars, being the amount held by the city under chapter 390, section 40, of the Acts of 1888, from the sale of an estate on East Fourth St. for unpaid taxes of the year 1895, by deed recorded with Suffolk Deeds, lib. 2408, fol. 123.

10. Report of same committee, on petition of Catherine J. Lynch, recommending the passage of the following order:—

Ordered, That the City Treasurer be hereby authorized to pay to Sherman L. Whipple the sum of three hundred and twenty and 60-100 dollars, being the amount held by the city under chapter 390, section 40, of the Acts of 1888, from the sale of an estate on southwest side of Sixth St. for unpaid taxes of the year 1897, by deed recorded with Suffolk Deeds, lib. 2583, fol. 132.

11. Report of same committee, on petition of Catherine J. Lynch, recommending the passage of the following order:—

Ordered, That the City Treasurer be hereby authorized to pay to Sherman L. Whipple the sum of one hundred and forty-one and 60-100 dollars, being the amount held by the city under chapter 390, section 40, of the Acts of 1888, from the sale of an estate on southwest side of Sixth St., for unpaid taxes of the year 1897, by deed recorded with Suffolk Deeds, lib. 2580, fol. 231.

12. Report of same committee, on petition of Catherine J. Lynch, recommending the passage of the following order:—

Ordered, That the City Treasurer be hereby authorized to pay to Sherman L. Whipple the sum of one hundred and forty-eight and 20-100 dollars, being the amount held by the city under chapter 390, section 40, of the Acts of 1888, from the sale of an estate on southwest side of Sixth St. for unpaid taxes of the year 1897, by deed recorded with Suffolk Deeds, lib. 2580, fol. 233.

13. Report of same committee, on petition of the Jewett Lumber Company, recommending the passage of the following order:—

Ordered, That the City Treasurer be hereby authorized to pay to Elbridge K. Jewett, trustee, the sum of one and 23-100 dollars, being the amount held by the city under chapter 390, section 40, of the Acts of 1888, from the sale of an estate on Falcon street for unpaid taxes of the year 1896, by deed recorded with Suffolk Deeds, lib. 2499, fol. 620.

14. Report of same committee, on petition of the Jewett Lumber Company recommending the passage of the following order:—

Ordered, That the City Treasurer be hereby authorized to pay to Elbridge K. Jewett, trustee, the sum of thirty-one and 11-100 dollars, being the amount held by the city under chapter 390, section 40, of the Acts of 1888, from the sale of an estate on Falcon street for unpaid taxes of the year 1896, by deed recorded with Suffolk Deeds, lib. 2499, fol. 625.

15. Report of same committee, on petition of the Jewett Lumber Company recommending the passage of the following order:—

Ordered, That the City Treasurer be hereby authorized to pay to Elbridge K. Jewett, trustee, the sum of one hundred ninety-two 47-100 dollars, being the amount held by the city under chapter 390, section 40, of the Acts of 1888, from the sale of an estate on Glendon street for unpaid taxes of the year 1896, by deed recorded with Suffolk Deeds, lib. 2499, fol. 628.

16. Report of same committee, on petition of Joseph Comeau et als., recommending the passage of the following order:—

Ordered, That the City Treasurer be hereby authorized to pay to William H. Baker the sum of one hundred sixteen and 90-100 dollars, being the amount held by the city under chapter 390, section 40 of the Acts of 1888, from the sale of an estate on westerly side of Denny St., for unpaid taxes of the year 1897, by deed recorded with Suffolk Deeds, lib. 2551, fol. 49.

17. Report of the same committee, on petition of Mary G. Fuller, recommending the passage of the following order:—

Ordered, That the City Treasurer be hereby authorized to pay to Mary G. Fuller the sum of one hundred fifty-nine and 40-100 dollars, being the amount held by the city under chapter 390, section 40, of the Acts of 1888, from the sale of an estate on Mt. Vernon St., for unpaid taxes of the year 1897, by deed recorded with Suffolk Deeds, lib. 2583, fol. 153.

Reports accepted; orders severally passed in concurrence. Mr. Miller moved to reconsider; lost.

18. Ordered, That the Street Commissioners be requested to widen Battery St., from Commercial St. to the Ferry, on the southerly side, to a width of about 100 feet, in accordance with the plan now in the office of the Board of Street Commissioners.

Passed in concurrence.

19. Ordered, That the School Committee be requested to consider the matter of furnishing books for a night school at Spectacle Island.

The question came on giving the order a second reading.

Mr. BAGLEY of Wd. 1—Mr. President, I ask that that order be assigned for a week so that I may look into the matter.

The motion was carried.

20. Mayor's message transmitting the following order passed by the Board of Estimate and Apportionment on October 6, 1899, the same coming down passed by the Board of Aldermen for concurrence:—

Ordered, That so much of the order passed by this Board on February 27, 1899, as appropriated the sum of five thousand (\$5000) dollars for "Children's Institutions Department, Parental School, drainage of land," be, and hereby is, rescinded, and that the said sum be appropriated, to be expended by the Trustees for Children, for reconstructing and refurnishing buildings at Rainsford Island.

The communication was placed on file

and the order passed in concurrence with the Board of Estimate and Apportionment and the Board of Aldermen.

21. Mayor's message transmitting the following order, passed by the Board of Estimate and Apportionment on October 6, 1899, the same coming down without alteration:—

Ordered, That the additional sum of seven thousand (7000) dollars be appropriated, to be expended by the Trustees for Children, for reconstructing and refurnishing buildings at Rainsford Island; and that the City Treasurer be authorized to issue, from time to time, on the request of the Mayor, bonds of the city of Boston to said amount for said purpose.

The communication was placed on file, the order was read a second time and the question came on its passage in concurrence with the Board of Estimate and Apportionment.

Mr. LINEHAN of Wd. 13—Mr. President, I do not rise here to oppose the appropriation of any money for the reconstruction of those buildings; but this is the first time in the history of building where I have known where they have put the roof on first.

Mr. MILLER of Wd. 20—Mr. President, I wish to state here that I desire to go on record as strictly against appropriating any more money for fixing up the buildings at Rainsford Island. I don't wish it to be understood that I object to providing money for the Trustees for the benefit of these institutions, if it is going to be spent where it will be of any benefit to the children or to the City of Boston; but further expenditure of money at Rainsford Island on the old buildings that were burned is simply a waste of money, and I wish to say here that the building which it is proposed to fix up today is not worth the money we have appropriated now to fix it up. This makes, I think, in the vicinity of \$20,000 that has been appropriated or transferred for this building, and they could take \$20,000 and erect a new building that would be far better adapted for the use it is intended for than the one they have at the present time, which will be nothing but an old structure when it is completed. I hope this Council will go on record here as opposing the use of money here in the manner in which it is proposed to use it. I do not wish to say that money should not be expended and used for this institution, but the trustees of the institutions should ask the Board of Estimate and the City Council for money for other purposes rather than for repairing an old structure which is not worth repairing. There are a great many ways in which this money can be used to better advantage than by sinking it in a hole.

Mr. WATSON of Wd. 18—Mr. President, I don't wish to say anything against appropriating this money. At the expiration of thirty days the money will be used anyway. But even if it were not to be I should vote to appropriate this money. I wish, however, to bring to the attention of the people of Boston what an expensive outfit the Trustees for Children have been. While they have not been paid for their services, the city is incurring considerable expense in connection with the institution, which I claim is directly or indirectly incurred by their poor management.

Mr. MULCAHY of Wd. 14—Mr. President, in reply to the gentleman in the fourth division, I wish to say that this order explicitly states that the money is to be used for the reconstruction of these buildings. Some of the members of this council were appointed a committee to visit Rainsford Island early in the year, and they brought in a report of the conditions existing on the island. There is no question in my mind but what their statement of those conditions was true. The

conditions that existed at that time were bad; but now is the time, when the Board of Estimate and Apportionment has appropriated an amount of money to reconstruct and repair these buildings and put them in proper condition, that we should vote in favor of remedying those conditions which the committee found so bad—and yet the gentleman in the fourth division now arises and is opposed to this order. He does not state explicitly why. He knows that nothing has been done to remedy those conditions, and now that the Board of Estimate and Apportionment has appropriated money to remedy them, he opposes this order. There is no question in my mind but what the gentleman who represents us on the Board of Estimate and Apportionment, if he had thought this money was unnecessary, would have voted against it, as he did against other appropriations. Now, when the gentleman in the fourth division arises and opposes this bill, he is going against the report of our committee. It is now going on into the fall when something should be done with these buildings, and I say to the members of this Council that we should go on record as in favor of repairing and replacing these buildings in proper condition. I trust that each member here will vote in favor of the passage of this order.

Mr. WALKER of Wd. 25—Mr. President, reference having been made to the action of our member of the Board of Estimate and Apportionment, I would like the President of the Common Council to make a statement in regard to this order.

The PRESIDENT—The Chair will state, for the benefit of the Council, that this appropriation was only a part of that which was asked for by the Trustees for Children, they having asked for \$10,000 for temporary structures to replace on Rainsford Island, and for appropriations for the repairing of the present structures which have been burnt down; also to provide a little better fire service for the protection of the children on the Island. Both causes seemed worthy to your representative on the Board of Apportionment, as it is the intention of the Trustees for Children to remove the children from their present bad location at Deer Island to their former home on Rainsford Island as soon as this work can be done. The Trustees for Children are very anxious to remove the children from Rainsford Island to the main land just as soon as money can be provided. This money is simply to provide better fire service for the future.

Mr. WOOD of Wd. 20—Mr. President, in reference to the making of this appropriation for Rainsford Island, I wish to say that when our committee visited that island we found those buildings, as has been represented by the Committee, in a fearful state. In regard to this commission asking for \$10,000 to place temporary buildings on the island, we found nothing left there from that fire except the walls and the door sills.

The \$2500 which has been asked and appropriated by the Board of Estimate and Apportionment had already been half spent before it ever came to the Board of Aldermen and the Common Council. I know it is useless to speak against this appropriation, because it will be granted at the end of thirty days, whether we vote for it or not; but I understood, and I think every member of the Committee understood, that they desired to remove these children from Rainsford Island, and that the buildings as a whole are unfit and cannot be put in proper repair. Now, if it is ever the intention of the Trustees for Children to remove the children from Rainsford Island, this is the time to do it. To vote in favor of this order is simply to vote in favor of spending money which can never put the buildings in proper condition. They are old, tumble-down buildings, from beginning to end, and if we

are ever going to remove these boys from Rainsford Island, this is the time to remove them. If I had a boy there I should be glad to think that he had gone to Deer Island, rather than remain there, under the conditions that exist today at Rainsford Island. (A voice: "Amen.")

The PRESIDENT—The Council will preserve order.

Mr. WOOD—Mr. President, this money which is being appropriated is simply to try to place the old buildings in condition, and if I am not incorrectly informed it will be another act like Faneuil Hall—they will be in here asking for double the amount before we are through with it. I think the wisest action would be not to grant one single dollar for Rainsford Island, but to tell the commission that we will make an appropriation for them to go to some home, where they will have pleasanter surroundings, and where better buildings can be provided.

Mr. CUDDY of Wd. 8—Mr. President, I want to say that I am opposed to appropriating this \$7000 for these reasons: I do not believe that the institution at Rainsford Island is a proper place for children. For the last two or three years, or for the last year back, we have been reading of escapes of boys from there weekly. We might say that at the fire at Rainsford Island nineteen or twenty boys escaped—their lives in danger, taking great chances. Now, the city of Boston has an institution on its hands. The Trustees for Children have a building on their hands—the Marcella St. Home. Why don't they take the \$7000 and fix the place up, make a fine institution of it? It is a plenty big enough home. Let us spend the \$7000 on the main land. There is an institution that is idle. I believe they should use that institution, and not let it lie idle. I sincerely hope that this \$7000 will not be appropriated.

Mr. LYDON of Wd. 13—Mr. President, I wish to say that I will go on record tonight and vote for the passage of this order. I hardly believe that there is any unpaid board in the city of Boston today capable of spending the city's money judiciously. I do not believe the Board of Trustees for Children are capable of spending this money as it should be spent. I also believe that it will only be a short time until this unpaid board is wiped out of existence. If there is any way of placing these children in another institution, and then, later in the year, when it comes within our power, giving money to provide buildings in a proper place for these boys, we should vote against this order. I believe this unpaid Board is incompetent to spend this money.

Mr. MARTIN of Wd. 15—Mr. President, I am not in favor of appropriating this money for Rainsford Island. As a member of the Institutions Committee, as one who has visited Rainsford Island time and time again with the committee, I understand the conditions there thoroughly, before the fire and since the fire. In speaking with this unpaid board of trustees, they tell us at that time that they were of the opinion that they did not want to spend any money on Rainsford Island. What they wanted to do was to sell the Marcella Street Home and to provide a new home. Now, if it is the intention of the Board to spend this money there, why do they want a home on the main land? I think we should not throw away this money, as we are doing on Rainsford Island. I should rather wait and let the order go into effect at the end of thirty days, and let them have the money without it, and put ourselves on record as against acting in this way.

Mr. WATSON—Mr. President, from speeches which were delivered by the members who both followed and preceded me, I find out that I am with the wrong people; but tonight, as in the past two years, I have spoken and voted according to my conscience. I wish to say that this \$10,000 is for repairing buildings to

temporarily protect these children. I say we should appropriate it, and not make them wait the thirty days. The children confined at Deer Island are in close contact with hardened criminals, and the Reformatory was not for the purpose of making criminals of young boys, but for making better men of them. The sooner they are taken from Deer Island, the better for them. Now, so far as the reference Councilman Cuddy from Wd. 8—my friend—made to the Marcella Street Home, I want to say that his suggestion is all wrong.

The Marcella Street Home is not fit to be used for a stable for bum contractors of the city of Boston, let alone for any human being. The institution at Marcella Street Home is a disease-breathing spot. There is not sufficient light in the rooms for the children to see for an hour a day. I say that whatever bad acts the Trustees for Children have committed—and they have committed many of them—one good act which they have done was to close the Marcella Street Home. I say give them this money and let them remove the boys to Rainsford Island. No matter how bad the condition of things will be at Rainsford Island it is better than Deer Island, and then later let the next government—not the government of Mayor Quincy, but the government of one who will represent the people, the government of a man that I know will be elected Mayor of Boston—let him provide a place for the children, and not for the benefit of the Trustees. I sincerely trust that we will pass this order tonight.

Mr. BRAUER of Wd. 23—Mr. President, I would beg to differ from my friend in the first division (Mr. Watson) and to concur in a great many respects with my friend in the fourth division (Mr. Cuddy)—with one exception. I don't believe in the passage of this \$7000 to be spent there, and I think that No. 20 on the calendar should be reconsidered and the money that is to be taken away from the children's institution Parental Home for the drainage of the land remain there, and that these children should be placed there. There is a good place there, and there is plenty of room. It is a good healthy locality, providing they have proper drainage. That would be my idea of proper place to provide for these children.

The PRESIDENT—The Council will pardon the Chair for making a statement at this time, which I feel constrained to make as your representative upon the Board of Apportionment. It was made known to the Board of Apportionment that a great many of the children on Rainsford Island are sleeping in the voting booths that were formerly used by the Election Commissioners in this city. For that reason, more than for any other, your representative voted for this appropriation.

Mr. WATSON—Mr. President, I want to answer the gentleman from Wd. 23 (Mr. Brauer) by saying that, while I am not a representative of the ward he comes from and while I am not in the ward that includes within its bounds the Parental School, I do know that the beds at the Parental School are less than a foot apart today. How can any more boys be put here? I ask the gentleman to answer that.

Mr. MULCAHY of Wd. 14—Mr. President and gentlemen, the gentleman in the rear of me, who served as a member of the Committee on Rainsford Island, knowing the condition of affairs there, stands here and tells us he would sooner have his boy on Deer Island than at Rainsford Island. Well, I am sorry for his judgment. It is very poor if he stands here and tells us anything of that kind—that he would rather have his boy on Deer Island, where drunkards and criminals are kept from one end of the year to the other, than on Rainsford Island. Those boys on Rainsford Island are sent

there for petty offences, and should not be kept, in my judgment, on such a place as Deer Island. Every member who rises tonight and opposes the passage of the order seems to throw stones at the Trustees of the Children's Institutions. Now, it is not, in my judgment, a question of the Trustees. I look at this the same as our representative on the Board of Apportionment looked at it, that it is a question of the boys; and I say that those boys should be placed back on Rainsford Island, and that the members of this body should allow this money to be spent there so as to put these buildings in proper condition.

Mr. CUDDY of Wd. 8—Mr. President, I want to say that if that is the condition that exists at Rainsford Island at the present time—that the beds the boys are sleeping in are not a foot apart—it is more shame to the Trustees, when they have buildings like those at the Marcella St. Home, which are lying idle, to which they could send the boys, instead of sending them over to Deer Island to mix with criminals. I say that it is more shame to them, when they have buildings with plenty of accommodations, to place them in such an institution as the one on Deer Island.

Mr. LEFTOVITH of Wd. 8—Mr. President, I desire to say here this evening that the members of this Council have always asked our presiding officer, who is a member of the Board of Apportionment, to give an explanation of the various orders coming before the body, and have always taken his word for them. It now seems to me this evening that there is something wrong.

It was the duty of the Committee who were down to Rainsford Island and found the institutions in such a bad condition as they claim this evening to come up here and report some sort of bill to remove the children right off. But they have gone around, have neglected the opportunity, until they can come in here and seize an opportunity to make a fight against the Trustees.

What is the use of arguing, as some of the members have been arguing, when the children are in such a condition down at Rainsford Island that they have no place to sleep? I say that for humanity's sake we should appropriate the \$10,000. When we go to Spain and fight for humanity I believe it is time for us to fight in the city of Boston, at our own home, for humanity. I believe our children are just as much deserving of attention as somebody's else, and I am surprised at some of the members who have gone down to Rainsford Island from time to time and who know so much about the institutions, who have always been against the Trustees, should come up here at such a late hour, when the cold weather has set in and the children have no beds to sleep upon, and oppose an order of this kind. Let us take action so that these children will not be compelled to mix in among prisoners, thieves, drunkards and offenders of every kind. I claim that this \$10,000 should be appropriated, and I will vote for it. Every member of the Council who sits here this evening ought to do likewise, in order to give the children some kind of home until the time comes when we can give them a better home.

Mr. ARMISTEAD of Wd. 11—Mr. President, I cannot say that I at this time favor the passage of this order, but if the supporters of the order will not insist upon its passage tonight, I believe that later on, a week or so, the chances are that they may have their money. There is a difference of opinion here, and, as I said before, I am not prepared to vote for the passage of the order tonight. I therefore move you that the order be assigned to the next meeting of the Council.

The question came on assignment.
Mr. MULCAHY—Mr. President, I trust that the gentleman will not insist on a motion to have this matter assigned. Sev-

eral of the members are familiar with the conditions there, and as we are getting along late into the Fall of the year and will be unable to do any building if the matter is delayed much longer. I trust that we will get down to business. The gentleman who made the motion understands that this will become a law at any rate, and it would seem useless, in my opinion, to adopt a motion to assign. I, for one, will vote for the passage of the order tonight and I trust that other members who understand the conditions will do likewise. As I have said, it is not a question of the Trustees—it is a question of these boys.

Mr. LINEHAN of Wd. 13—Mr. President, after listening to the eloquent words of the new champion of the Board of Trustees, an unpaid failure, I think it is my duty to stand here and correct him in something he said a few moments ago. He stated that a self-appointed committee went to the Island to investigate. I will correct him—

Mr. MULCAHY—Mr. President, I rise to a point of order. As I understand it, the gentleman in the first division made a motion to assign the order for a week. The gentleman is talking to the main question.

THE PRESIDENT—The Chair will rule the point not well taken.

Mr. LINEHAN—Mr. President, I will also correct him by saying that the Councilman who sits behind him was not a member of that committee. I would vote for \$100,000 for this unpaid board, but I would not give them any excuse for saying that the Council prevented them from doing what they wanted to do. They are wrong, and emphatically wrong, and it is our duty to give them no opportunity and no loophole to creep through.

The motion to assign was declared carried. Mr. Watson doubted the vote and asked for a rising vote. The Council stood divided and the motion to assign was declared carried, 32 members voting in the affirmative, 25 in the negative.

Mr. Mulcahy further doubted the vote and asked for a verification by yeas and nays, which were ordered. The Clerk called the roll, and the motion to assign was lost, yeas 31, nays 31.—

Yeas—Armistead, Atwood, Bagley, Battis, Bennett, Brauer, Cuddy, Doherty, Donahoe, Eddy, Emery, G'blin, Harvey, Howard, Jordan, Linehan, Lorey, MacDonald, Martin, Miller, O'Brien, Peck, Roemer, Rolland, Simpson, Stockton, Stone, Turnbull, Walker, Winsloe, Wood—31.

Nays—Bradley, Brennan, Broderick, Collins, Connolly, Curley, Doyle, Fenton, Flynn, Gibbons, Hibbard, Horrigan, Johnson, Kasanof, Kelley, Kiley, Leftovith, Logan, Lydon, Mansfield, McInerney, Mildram, Moore, Mulcahy, Newhall, Sanderson, Sullivan, Sweeney, Tobin, Watson, Wells—31.

Absent or not voting—Badaracco, Bordman, Carroll, Casey, Chamberlain, Donovan, Hickey, Klemm, Leonard, Madden, Nangle, Rice, Stevens—13.

The order was declared rejected. Mr. Watson doubted the vote and asked for a verification by yeas and nays, which were ordered, and the order was passed in concurrence, yeas 42, nays 19.—

Yeas—Atwood, Bennett, Bradley, Brennan, Broderick, Collins, Connolly, Doherty, Donahoe, Doyle, Fenton, Flynn, G'blin, Harvey, Hibbard, Horrigan, Howard, Johnson, Kasanof, Kelley, Kiley, Leftovith, Linehan, Logan, Lorey, McInerney, Mildram, Moore, Mulcahy, Newhall, O'Brien, Roemer, Sanderson, Simpson, Stockton, Stone, Sullivan, Sweeney, Tobin, Turnbull, Walker, Watson—42.

Nays—Armistead, Bagley, Battis, Brauer, Cuddy, Eddy, Emery, Gibbons, Jordan, Lydon, MacDonald, Mansfield, Martin, Miller, Peck, Rolland, Wells, Winsloe, Wood—19.

Absent or not voting—Badaracco, Bordman, Carroll, Casey, Chamberlain, Curley,

Donovan, Hickey, Klemm, Leonard, Madden, Nangle, Rice, Stevens—14.

Mr. MULCAHY of Wd. 14 moved to reconsider; lost.

RESOLUTIONS CONCERNING JULY FOURTH ORATION.

The Council proceeded to take up No. 22, assignment, viz:—

22. Resolutions concerning Fourth of July oration, presented by Mr. McInerney of Wd. 19. (City Doc. 122.)

The question came on giving the resolutions a second reading.

Mr. McINERNEY of Wd. 19—Mr. President, I wish to sincerely thank the members of the Council for assigning these resolutions at the last meeting, in my absence. I now move you, sir, the following amendment: to strike out the word "has" in the second paragraph and insert "have" in place thereof; and that the words "and who" be stricken from the first resolution.

The amendment was adopted, and the question came on the second reading of the resolutions as amended.

Mr. McINERNEY of Wd. 19—Mr. President, I have no doubt that a great many members of the Council are not aware of the circumstances pertaining to this Fourth of July oration. A great many of the members may think that that oration was delivered from a patriotic standpoint. Being, however, on the Committee on Fourth of July I had a chance to find out that it was not. At the meeting that was held in the Aldermanic chamber there was appropriated for that oration that Fourth of July \$100, and I heard at that time a great many members express their surprise at the fact, as they always thought that a Fourth of July oration was delivered from a patriotic standpoint.

The Mayor who had sole charge at that time of the money appropriated for the Fourth of July entertainments, saw fit to engage beforehand ex-Mayor Matthews to deliver this oration on the Fourth of July, giving expression, as the resolutions say, to "opinions favorable to keeping unwilling races in subjection." Mr. President, that is something that this country never yet stood for. It has always stood by the down-trodden people of the world, always expressed its sympathy with them. A great many of the members have spoken to me and asked me if I was going to force these resolutions. I told them that I did intend to force them. Some said, "You cannot very well participate in the reception that was tendered to the 26th regiment, and still take this ground." I am always very glad to participate in any such reception to any regiment of soldiers belonging to this country; and I say, gentlemen, that I am sorry for the position that the soldiers of this country are placed in today. While attending the reception referred to I said to some of the soldiers, "I hope, gentlemen, that every one of you will come back safe. I am participating in tendering you this reception in behalf of the citizens of Boston—not as conquerors, or not as men who would be conquerors of the Filipinos, but as American soldiers;" and I prayed that when they did return from the Philippine Islands it would be as restorers of peace, not as conquerors of one of the bravest races of people. I might say, in my opinion, that ever lived.

It is understood throughout the length and breadth of the country that the war is being conducted by the trusts of this country. If they are successful in the defeat of the Filipinos it will mean that the Filipinos will have free access to this country, and the Chinese exclusion law that has existed for a number of years, established under a Republican form of government in this country will be down-trodden, because if the Filipinos can come

to this country, why not the Chinese just the same? A great many persons will tell you that events are due to the Filipinos not being capable of governing themselves. That is the only argument that is being advanced today by the trusts of this country. That is the only argument advanced by Mark Hanna and President McKinley, who are the tools of the trusts in this country. I will read an article to you from the New York Journal of July 23, written by Mr. John Barrett, ex-Minister to Siam, one of the Journal's correspondents at Manila during the war with Spain. The article was prepared by him at the request of Albert Shaw, editor of the Review of Reviews. It throws a new light on the character of the land and the people of the Philippines. Mr. Barrett says:—

"The government which was organized by Aguinaldo at Cavite and continued first at Bakor and later at Malolos developed into a much more elaborate affair than its most ardent supporters had originally expected. By the middle of October, 1898, he had assembled at Malolos a congress of one hundred men who would compare in behavior, manner, dress and education with the average men of the better classes of other Asiatic nations, including the Japanese. These men, whose sessions I repeatedly attended, conducted themselves with great decorum, and showed a knowledge of debate and parliamentary law that would not compare unfavorably with the Japanese Parliament."

Then you have perhaps read the answer of the governor of Cebu to the commander of the Petrel, when he was asked to surrender the island and all their arms. The answer of Flores, the governor of the island of Cebu was as follows. Listen to words of truth and justice from the lips of an uncivilized ruler of an uncivilized people:—

"In the face of the verbal intimation to this government by the commander of the U. S. gunboat Petrel demanding the surrender of the fort and city of Cebu, in order to hoist the flag of his nation on the Cotta within the limit of 14 hours, the great council convoked in consequence, and composed of representatives of all the live forces of the country, resolved unanimously to cede to these demands in view of the superiority of the American arms, but not without first protesting that neither the government of this province, nor the whole of the inhabitants combined, have the power to execute acts expressly forbidden by the honorable president of the Philippine republic, Emilio Aguinaldo, our legitimate chief of state, recognized, thanks to his indisputable qualities of just governor and illustrious general."

I wonder, Mr. President—as perhaps any other man in this country who has read that answer to the commander of the Petrel from Governor Flores might do, whether Mark Hanna or the President himself could give as good an answer. And this is the race which is uncivilized, which is uncultured, as we hear from day to day! At present there are dead and buried in the Philippine Islands no less than seven hundred of our American soldiers. For the protection of those who have shown their patriotism to this country, and for that reason alone, this resolution should be passed, demanding that the President of this country withdraw the troops at present in the Philippines. As I say, this war is being waged by trusts, and we can see it. If we should subjugate the Philippine Islands it will mean that we will have the hatred of the smaller nations instead of the love. Ours has been looked upon as one of the leading nations of the world, a country where any man of any nationality could come and enjoy the same freedom that the people of the country enjoyed.

Now, then, if we subjugate the Philippines, as I have said, it will mean the

hatred by foreign nations of this land; it will mean that we will be placing ourselves in the same position that England occupies today. England, gentlemen, you know as well as I, is one of the most hated nations on the face of the globe, and I doubt if any man hates her more than I do. I will say, gentlemen, that this is an indirect road to an alliance with England. What I maintain is that if we subjugate the Filipinos we will have to band ourselves with the people of England in order to hold our foreign possessions. If we should get into trouble in any other quarter of the globe the people of other countries will be ready to jump on us just as they are ready to jump on England today wherever she holds possession. I say, gentlemen, that a following of the path marked out in the oration of Mr. Matthews would be an indirect road to an alliance with England. That is what the Mayor of this city, one of the greatest imperialists we have, one of the leaders of a great trust in this country at the present time, as everybody knows, would like to bring about. I hope that the resolutions will go through unanimously, and I expect that they will.

Mr. WATSON of Wd. 18—Mr. President, I want to admit at the opening one thing and to declare myself on another thing. I want to admit frankly and honestly, as I have many times on this floor on matters, that I know very little about the Filipino question; and I want also to declare that I intend to vote for the resolution offered by Mr. McInerney of Wd. 19. As I am not at all versed on the conditions in the Philippines and as I am somewhat mixed up with the local Filipinos (laughter), I desire to say just one word, that I am opposed to the method pursued to stop the war in the Philippines, because I say that it is unchristian. I think it is wrong to shoot the Gospel to anyone out of a gun. I am sorry that the political line has been drawn so close. I am sorry that any reference has been made to power or to office holders in the Republican party. I claim that imperialism is wrong. My trust to the people I represent is to vote for the resolution offered by Councilman McInerney, and I sincerely trust that it will get a unanimous vote.

The PRESIDENT—The Chair will ask the members to hereafter refrain from personal allusions during debate in the Council Chamber.

Mr. GIBLIN of Wd. 15—Mr. President, I tonight heartily endorse these resolutions, and at the same time I would not want to be counted exactly as a critic; but on the 4th of last July, the Hon. Nathan Matthews—I don't know whether he was hired or asked to deliver an oration for the city of Boston, but he delivered one. While it has been the custom of orators in the past to lay aside whatever little private sentiment or feeling they had on a matter, and to endeavor to touch the public sentiment, feel the public pulse and to discuss the issues of the day with an equality and justice befitting the birthday of the nation, on this day this gentleman alluded to bringing the sunlight or the good influences of civilization to the people of the East. He said, "We must not be behind in taking our place in the East with other nations." And while he presented the case of the expansionists or of the imperialists in a very able manner from a commercial standpoint, he advocated the bringing of a flag to a foreign land and planting it on foreign soil without the aid or wish or consent of the people who inhabited that soil. If that is the motive of bringing the influence of civilization to another people, I very much doubt the benefit of a civilization of that kind. I say that from the moment the American people take that stand, their star is on its downward course. Mr. President, they have taught us in the past to

honor the name of Washington. They have taught us to honor the men who fell on Bunker Hill and who stood at Yorktown, and today they forget those same men that stood out against the greatest power of the time, stood out for principle and the same idea that influences and that animates the people of the Philippine Islands today. Like our forefathers, they are standing out for the boon of freedom, human happiness, liberty and independence for themselves. But, Mr. President, nations, like individuals, very often forget the conditions from which they arose. They very often forget the struggles they had to maintain a position in this world, and very often, through gluttony and avarice for this world's goods, they seek, when they get on top, to stamp the iron heel of oppression upon some weaker nation.

That was not the history that was held up for us to admire in the schools. That is not American justice. No, Mr. President, it is not. Mr. President, to what end is this struggle going on in the East? To bring the benefits of civilization to a people who do not want them? Or is it, Mr. President, to control territory in the hope of taking charge of the civil duties of a country, to be able to give out to a lot of political henchmen a lot of offices? Or is it, on the other hand, one of the reasons, to establish a large standing army, in order that positions and long tenure of service may be given to people, to nurse that great military octopus, which has been the curse of all countries, and which will be the curse of this country, if continued. A standing army, the very thing which the Fathers fought against. The very thing which they saw that, if it was started in this country, would lead eventually to an empire. And why? Because a standing army has been at all times within the power of the chief executive or emperor or king, to use as they saw fit. I ask you today if the organization of a large army is to overawe the people of this country in the near future? And to what end is this war? To the subjugation of a race of people. And, indeed, Mr. President, they are a race of people of the same Christian faith as ourselves. They send their children to schools; and they have schools. They speak, not English, but they speak the modern romance tongue of the nation that was their mother. They deal with the world, and what have we against them? Why, it is said they are inferior. Are they inferior? A nation that has modern institutions, a nation that can boast of a leader of whom Senator Hoar said that there were very few men in this country that could write his appeal to the world? Is a nation an inferior nation that can bring forth a man who can write an appeal such as Aguinaldo did to the world for his ten million fellow citizens? It may ultimately lead to the subjugation of a race like that.

They are a different race, to be sure. They are of the Malay race and the Creator, Mr. President, in His wisdom, has seen fit to make them a dark-skinned race; but I say today, if Lincoln were alive, he would say the same thing that he said on that memorable day in 1862—"Let them be free." Perhaps, Mr. President, we are waiting for a Lincoln. Perhaps we are waiting for someone to bring us out of this gloom and slough of despond. Perhaps the great Admiral, George Dewey, may be able to throw some light on this subject—the greatest fighter of modern times. God bless him, Mr. President! The day in the spring time when he sailed into Manila harbor and fought the battles of his country thirteen thousand miles from home, little did he think that the situation of affairs would exist that does exist today. All honor to him! He fought the good fight, and he won; but it is not a fight such as that today.

We know not exactly from what motive

the poor fellows who left us last month went out there, but we know that at the present day it is not a question of Guantanamo or San Juan Hill. It is not a case of Santiago. It is not a case where their country is in danger, and where the country needs her sons for a public defence. No, it is a sense of piracy, a sense of self-destruction, of murder of the people in the East. Mr. President, history repeats itself. When Caesar, in all the glory and splendor of the empire before him, started out for Britain, crossed the Rubicon, from that day his downfall and the downfall of the empire commenced. He went to Britain to bring the grandeur of the Roman Empire into Britain and Gaul. And what did he do? He brought back the ancient Briton Queen a captive to Rome. When Napoleon, glutted with success, tried to force the code Napoleonic on other people, from that day his downfall began, and he wound up in St. Helena. England—yes, modern England—is following in their footsteps. Look at the spectacle of India today.

The Hindoos, once an agricultural, peace-loving people, are what today? A nation of hungry wolves, fighting for an existence. That thing is being repeated in South Africa. She is today trying to repeat in South Africa what she did in China. When the Chinese refused to open their ports England demanded that they open them and give the drug opium free access. What was the result? Today the Chinese are a nation of opium users and are easy prey to even Japan. That is civilization, as some of the citizens of the United States see it today. I say we should not enter into affairs of this kind with other nations. We have troubles of our own on our hands, and with God's help we will settle them ourselves. We ask no help from any other nation, neither do we care to ally ourselves with any other nation, no matter what part of this earth it may be in, and I hope the day will come—and I hope it is near at hand—when we will see our country rise out of the gloom in which she today finds herself, when liberty will once again raise her head on high, in pride for the great American people.

Mr. HIBBARD of Wd. 24—Mr. President, believing as I do that these resolutions were offered for political effect and for political purposes, I move the indefinite postponement of the resolutions.

Mr. LYDON of Wd. 13—Mr. President, I can hardly see why my friend from Wd. 24 imagines that these resolutions were offered for political effect. We find here that the resolutions were offered on a date which was a very short time after the speech was delivered by Nathan Matthews, and as Nathan Matthews is not a member of the same party which my friend from Wd. 24 happens to be a member of, I can hardly see why he objects to a member of the Democratic party differing with a so-called democrat who delivered an oration on the Fourth of July.

I shall not attempt to rehearse the arguments in favor of this resolution, for they have already been ably stated, but I want to appeal to the members of this Council to make them as unanimous and as weighty as possible. I hope it will not be indefinitely postponed, but, on the other hand, I want to ask the members of the Council to vote for the resolution. The Republican party will hardly admit that it is in sympathy with all that Nathan Matthews said, and I believe that a Republican voting for this resolution tonight will do no harm to his party or himself, and will do a benefit to the country generally. I hope that indefinite postponement will not prevail, but that the resolution will receive the hearty support of the members of the Council.

Mr. LINEHAN of Wd. 13—Mr. President, I sincerely hope that indefinite postponement will not prevail, and, Mr. President, it would be impossible for me to sit in my seat and allow those resolutions to go on

their passage without having a few words to say. I, myself, was born in a foreign country, but I am a good American citizen. I have been educated in the schools of Boston, and I have been educated in the history of these United States, and when my memory drifts back to the days of Washington, to that cold night when he crossed the Delaware, where the ice for yards and yards was covered with the blood of the soldiers, Washington's army being closely pressed by Cornwallis, I realize that he was in the same position that the Filipinos are today; and, Mr. President, claiming to be a good American citizen, claiming to be a believer in freedom for all mankind, it is impossible for me to sit here and allow those resolutions to go on their passage without having a few words to say.

I would say that in my mind the man who delivered that oration was selected personally by the Mayor of Boston; and the man who selected the orator, in my opinion, also selected his subject—and that was Josiah Quincy, once a Republican, now a so-called Democrat; Josiah Quincy, once an imperialist but now an anti-imperialist. He was the man who selected the subject. It was a God-send that that oration was not delivered in the "Cradle of Liberty"—grand old Faneuil Hall. It was delivered in Tremont Temple, directly opposite the graves of Adams and Hancock, the grand old Filipinos of the Revolutionary days. If I remember rightly the words of Hancock when they proposed to burn the city of Boston, although he owned perhaps two-thirds of the property in the city, he said to them: "If it is for the good of the cause, why, certainly, set fire to the town." Supposing the Filipinos set fire to any town. We would class them as bandits and robbers—and yet that is what our fore-fathers thought of doing to Boston. These people are fighting for liberty, personal liberty, political liberty, the same as the fore-fathers did in the days of the Revolution. The men who framed the constitution of the United States knew their business, because they realized that all just laws were founded on philosophy, and all laws that are founded on philosophy are just laws. There is no one that can deny it. They took their laws from the laws of the old Romans, and if you have studied Roman history you know that, according to any of the reliable histories of Rome, in those days, the citizens were the real rulers. They were the people and nobody else. And, Mr. President, I would like to say just a word in reference to commerce. The orator said, "In the name of commerce, we demand it. We must have it." Do you know what commerce means? It has been well said by the Councilman who sits in the first division that the merchants of India, realizing that the most productive plant of India was her opium, cast their eyes around the entire world for a place in which to sell their product. They settled on China, but the officials of China, realizing the terrible results that would arise from the use of opium, closed her ports; but they were opened—opened in the name of commerce, by that grand civilizer, England; opened the mouth of the guns. What was the result?

As the speaker told you, that nation is today in a state of stagnation and decay. That is the result of the expansion of commerce, given to them by the grand civilizer, the greatest colonizer in this whole world, England. They are in a state of decay, mental and physical. We, the American people, will never find ourselves in that state, and we should not force conditions upon other people which will result in their becoming in that state. I sincerely hope, Mr. President, that every member of this Council will see these resolutions as I see them. I realize that there may be

members who will not agree with them, but I hope that they will at least give us the credit of being honest in our intentions. I sincerely hope that the resolutions will pass.

The motion to indefinitely postpone was declared lost. Mr. Mildram of Wd. 24 doubted the vote and asked for the yeas and nays, which were ordered, and the motion to indefinitely postpone was lost—yeas, 29; nays, 32.

Yeas—Armistead, Atwood, Bagley, Battis, Bradley, Brauer, Carroll, Eddy, Harvey, Hibbard, Howard, Johnson, Lorey, MacDonald, Mansfield, Mildram, Miller, Moore, Peck, Roemer, Rolland, Sanderson, Simpson, Stockton, Walker, Wells, Winsloe, Wood—28.

Nays—Bennett, Brennan, Broderick, Casey, Collins, Connolly, Cuddy, Curley, Donahoe, Doyle, Fenton, Flynn, Gibbons, Giblin, Horrigan, Kasanof, Kelley, Kiley, Leftovich, Linehan, Logan, Lydon, Martin, McInerney, Newhall, O'Brien, Stone, Sullivan, Sweeney, Tobin, Turnbull, Watson—32.

Absent or not voting—Badaracco, Bordman, Chamberlain, Doherty, Donovan, Emery, Hickey, Jordan, Klemm, Leonard, Madden, Mulcahy, Nangle, Rice, Stevens—15.

The resolutions as amended were read a second time and the question came on their passage.

On motion of Wd. 18, it was voted that the yeas and nays be called, and the Clerk proceeded to call the roll.

When Mr. Horrigan's name was reached, he said:—

Mr. President, I desire to say that I am paired with Councilman Emery. I vote yes, he would vote no.

The PRESIDENT—The Chair will say that no pair can be received while the Clerk is calling the roll.

Mr. HERRIGAN—Then, Mr. President, I will vote yes.

The resolutions as amended were passed, yeas 34, nays 27:—

Yeas—Bennett, Bradley, Brennan, Carroll, Casey, Collins, Connolly, Cuddy, Curley, Donahoe, Doyle, Fenton, Flynn, Gibbons, Giblin, Horrigan, Johnson, Kasanof, Kelley, Kiley, Leftovich, Linehan, Logan, Lydon, Martin, McInerney, Newhall, O'Brien, Stone, Sullivan, Sweeney, Tobin, Turnbull, Watson—34.

Nays—Armistead, Atwood, Bagley, Battis, Brauer, Broderick, Eddy, Harvey, Hibbard, Howard, Jordan, Lorey, MacDonald, Mansfield, Mildram, Miller, Moore, Peck, Roemer, Rolland, Sanderson, Simpson, Stockton, Walker, Wells, Winsloe, Wood—27.

Absent or not voting—Badaracco, Bordman, Chamberlain, Doherty, Donovan, Emery, Hickey, Klemm, Leonard, Madden, Mulcahy, Nangle, Rice, Stevens—14.

Mr. McInerney moved to reconsider; lost. Sent up

OVERSEERS OF THE POOR DEPT.

The Council proceeded to take No. 23 from the table, viz:—

23. Message of Mayor transmitting communication from Overseers of Poor conveying information in regard to the administration of their department. (City Doc. 140.)

Placed on file.

CLAIMS REPORT.

Mr. LOGAN of Wd. 14, for the Committee on Claims, submitted a report on the order (referred May 11) cancelling agreement of Bennett H. Nash relative to Hyatt light and flagging at 56 Boylston St.—Recommending the passage of the order in concurrence.

Report accepted, order passed in concurrence.

BATH HOUSE, NORTH END.

Mr. BRADLEY of Wd. 6, offered an or-

der—That the Trustees of the Franklin Fund be requested to set aside the sum of Seventy-five Thousand Dollars (\$75,000) for the purpose of establishing an all-the-year-round bath-house at the North End.

Referred to the Committee on Bath Department.

IMPROVEMENT OF ADAMS STREET.

Mr. HIBBARD of Wd. 24 offered an order—That the Superintendent of Streets, through His Honor the Mayor, be requested to place Adams St., between Milton St. and Pierce Sq., Wd. 24, in a safe condition for public travel; the present condition of said street demanding immediate attention.

Mr. HIBBARD of Wd. 24—Mr. President, I just wish to say in regard to that order that Adams St. is the main thoroughfare from the southern part of Dorchester direct to the city; that that street as it is today is in a disgraceful condition; that every day teams are going through up to the hub. It is a street that should be attended to at once, and I hope the Mayor and the Superintendent of Streets will look after it.

The order was referred to His Honor the Mayor.

INTIMIDATION OF EMPLOYEES.

Mr. SWEENEY of Wd. 7 offered the following:—

Whereas, It is a well-known fact that about election time annually many of the employees of the City of Boston are either directly or indirectly threatened with discharge from the city service or otherwise interfered with in the exercise of their rights as citizens; and

Whereas, such action is contrary to the spirit of the ballot law and against the principles of American citizenship and the Declaration of Independence, therefore

Resolved, That this Council hereby expresses its willingness to receive any complaints that may be made by city employees against those who may subject them to inconvenience in voting as they wish, and agrees to have all such complaints properly investigated by a special committee.

Passed.

OBSERVATION STANDS ON COMMON.

Mr. WATSON of Wd. 13 offered an order—That His Honor the Mayor be requested to revoke all permits for the erection of observation stands upon Boston Common in order that a view of the Dewey parade by the citizens of Boston whose property the Common is may not be obstructed by structures erected thereon.

Mr. WATSON of Wd. 13—Mr. President, my purpose in introducing this order is because I cannot stand by and see the rights of the people made a football of without entering at least my humble protest.

The Mayor of Boston has gone beyond his right in issuing permits to non-residents and speculators and others, allowing them to erect observation stands upon the people's own property, the Boston Common, but my objection would still prevail, even had all the permits been granted to Boston men, because the law intended and said that these structures or buildings should not be erected.

I desire to read the statute relating to Boston Common, which, up to today, has not been amended in any manner. It is very specific—Chapter 54, section 16, of the Public Statutes:—

"No building exceeding six hundred square feet in area upon the ground shall be erected in or upon a common or park dedicated to the use of the public, without leave of the General Court."

Now, the question arises, is the stand an observation stand, a building? Webster says it is a structure, is a building, one member of the Law Department gives me an opinion that a stand is a building. Judge Holmes gave an opinion in the case of Blakemore vs. Dudley, I believe in the

159th Massachusetts Reports, wherein he decided that even a tent was a building, Mr. President. I want to say, further, that the Building Department of Boston, superintended by Capt. Damrell, had occasion this year to have trouble with the Chute people. They erected some stands, among them bandstands, to see firm, without a permit. The City of Boston proceeded against them, and the opinion was given by Justice Holmes that a stand was a building. Consequently he issued an injunction compelling them to take down such stands.

Without anticipating a decision by the supreme court, I will simply say that anybody who knows anything about law—little or much, I care not—knows that as a rule Judge Oliver Wendell Holmes's decisions are backed up by the full court. So much for the question whether a stand is a building. The gentleman who helped to draw up the act restraining people from putting anything on the Common told me that at the time he intended to make the statute so sweeping that nothing could be built on the Common. He told me it was admitted years ago that the band stand was illegally erected there, and is there today illegally. Now, I desire to say that if the Mayor does not see fit to notice this order I and others, influential people besides myself, intend to go further—intend to go to the courts and attempt to get an injunction; because I contend that the Common belongs to the people, and if I am right why should stands be erected thereby shutting out their view of the parade unless they pay the speculators' price or try and see it elsewhere than from the Tremont St. mall.

I have no fault to find with those having permits, for they have at least recognized the city government by sending us each two tickets for one of their stands, but if they send us one hundred each the fact remains that these stands are illegally erected, and my duty would be to protest against this encroachment upon the people's breathing spot, the Boston Common.

What is there to stop His Honor from giving to these same gentlemen from New York the right to erect a large stand in the vicinity of the band stand, when band concerts are about to take place, thus reaping the benefit as they are today? I say there is no way to stop it unless these stands are illegally erected. Whatever my faults may be, no man can question my courage to express at all times my opinion on any matter that affects in any way my constituency. My people sent me here for a specific purpose, which was to at least try and look out for their interests, and until I leave this hall in December I shall continue to do so regardless of the toes I may walk upon.

There is still another side to this matter. It is, are the stands safe? I have my doubts. In the first place, they are being erected by non-union help, and I believe incompetent help. I was informed by a well known builder that many of the men working as carpenters never drove a nail before. If this is a fact, how can the stands be safe? They are not under the supervision of the Building Dept., as I have been informed by the Building Dept. that they have nothing to do with them. I want to say that the Tremont St. Mall on the Common was to be the "Mecca" of many of my constituents, from which they intended to view the parade, but if the proposed plans of the Mayor and the speculators prevail, they must see the parade from some other spot of not see it at all.

I demand, in the name of the citizens of my ward and of the city in general, that the permits that have been granted be revoked by His Honor in order that the people, to whom the Common belongs, may see it if they so desire, free of charge, as is their right as custodians of the Common, which belongs to them.

Mr. LINEHAN of Wd. 13—Mr. President, the present state of affairs does not surprise me one particle, because it is only in line with what the Mayor, His Honor, the almighty Mayor, has been doing the entire year. I believe the New York people, the speculators have received very little as it is, because if we stop a moment and consider the number of deals His Honor is in, I think we can connect him with this. First, he is interested, in my opinion, in the Rising Sun Street Lighting Company; second, in the Sanitary Refuse Utilization Company; fourth, in the Boston Asphalt Company; fifth, in the Antiseptic Mouthpiece Company; sixth, in the Massachusetts Telephone Company; seventh, in the Seventh Avenue National Bank of New York; eighth, in automobiles, Abner McKinley, Quinly & Company; and last, but not least, he is chairman of Boston's municipal political trust, better known as the Board of Strategy (Laughter). Those are the people who have got this franchise—the Board of Strategy. Members of the Council, if this matter were investigated you would find out that what I say is a fact. It has been secured under cover, and the Board of Strategy are the people who are doing this job.

Mr. HOWARD of Wd. 20—Mr. President, it is within considerable reluctance that I feel called upon tonight to say that I am at least surprised that an alderman coming from my end of the city should be a party to usurping land and property which rightfully belongs to the people.

I have not mentioned the laboring man, the working man or the poor people very much—not because I am not in sympathy with them, but simply because I think they have champions in the Board or in this Council more competent to set forth their sorrows and their position than myself. I learned today that a certain alderman used his influence with His Honor the Mayor to get a permit for a gentleman who is not even a citizen of Boston, who lives in Everett. I also understand that this same alderman is circulating tickets pretty freely. I haven't any. I don't want any. I believe I have two which were extended to me through the courtesy of Mr. Berwin, and I thank that gentleman for his good intentions, but, nevertheless, I will not use them myself and I do not propose that anybody else shall use them on a stand erected where the people should have a right to at least stand. I don't know that I can say anything more. This has been pretty thoroughly ventilated in the papers today—the whole condition of affairs. Nevertheless, I will say, in the interest of those who are not in a position to pay \$3 for a seat, or whatever these shysters may see fit to charge for their seats, that in this case, if I have not been always apparently in sympathy with some orders offered here in their behalf, I do hope they will have the right to occupy the space on Boston Common that is now being covered with stands for the benefit of private individuals. I hope, Mr. President, that the Supreme Court will take some action against these stands. Such a proceeding as the placing of these stands by speculators on Boston Common is decidedly wrong, is decidedly against the purpose for which the Common was given. It was intended to be a playground and an open space for all people at all times. His Honor the Mayor has attempted to make a bath-tub of the Frog Pond, a bicycle path on another part of the Common, and I don't know what he has not undertaken to use the Common for. His Honor the Mayor comes from good stock, but it didn't last down to him. I hope, as I said before, that some action will be taken. I am willing to go before my people now, and I hope that in the coming election—which I shall not be a party to or a candidate in—this thing will be remembered, as I have no doubt it will be. We live away out in the woods and

don't get a chance to get to Boston very often, but when we do we like to get an opportunity to stand on the Common occasionally.

Mr. LYDON of Wd. 13—Mr. President, I hope the order by the gentleman from Wd. 18 (Mr. Watson) will receive the unanimous vote of the Council this evening. In order to acquaint myself with the conditions on the Common I walked down there myself this afternoon, and there is not an available spot to speak of but what is taken up by these speculators—fakirs, you might call them. I want to say that it is nothing new to have fakirs entering the Mayor's office and receiving favors at the hands of the Mayor. I myself am not quick to attack any democratic Mayor, but I believe His Honor Josiah Quincy has done something which will hurt the party more than a little. There is not a man in Boston today but what is interested in this question of the encroachment upon their rights on Boston Common, and it will not be forgotten very easily. The Mayor claims that he had a right to grant this permit, and my friend from Wd. 18 (Mr. Watson) quotes the law to show that he has not the right to allow anything of this kind on the Common. I certainly hope my friend from Wd. 18 is sincere in the matter and will pursue the course he says he intends to pursue; and if the Mayor has no right to encroach upon the rights of the people on Boston Common, it will become our duty, a duty which will be appreciated by the people generally, to see that the matter is remedied in the courts. This is the first time for a considerable period that a parade has passed the Common so that the people might have an opportunity to stand there and view the parade; and it now turns out that instead of the Common being our own property, we have to give to speculators anywhere from one dollar to five dollars, whatever they may ask, for a seat there. That certainly is an outrage. The Mayor of Boston should set an example for the citizens to go by, but I am sure that if we follow the present Mayor's example we will be very poor citizens, to say the least. My only hope is that the gentleman from Wd. 18 will pursue the course he has outlined, and if there is any possible way, through the courts to prevent this use of the people's property during the Dewey parade, I hope it will be done. The people should have the right to view the parade from the Common and I trust they will be granted that privilege.

Mr. WATSON—Mr. President, I would like to offer an amendment to my order. After the word "requested" I would like to insert the words "by the Common Council," so that the order will read "That His Honor the Mayor be requested by the Common Council to revoke," etc.

The PRESIDENT—If there is no objection, the Chair will consider the amendment adopted.

The question came on giving the order as amended a second reading.

Mr. MILLER—Mr. President, this is not a matter of politics, it is a question of justice to the people of Boston. Politics should not enter into it. It seems, however, that politics has got into it from both sides—not only through our democratic mayor, but through some of our republican or so-called republican aldermen, who go to the mayor and recommend a man from New York to come here and take possession of property that was given to the people of Boston for their free use at all times. This is an injustice to the citizens of Boston, regardless of politics, and I hope that this Council tonight will go on record unanimously in favor of the resolution presented by the gentleman in the first division (Mr. Watson). I wish to say, further, that if I can assist him in any way, financially or otherwise, I am willing to go down into my pocket to help serve an injunction against these parties who are infringing upon the rights of people who cannot afford to pay to see the

Dewey parade, and who by the action that has been taken will be kept away from the only place they could go to. The boys from our district, and the men and women wish to go there, and it is the only open space we have. I have heard today from several quarters objection on the part of people who have not money enough to feel able to spend three dollars for a seat on a grand stand. This is a speculative scheme, and there are many more than the mayor interested in it. In New York city a Boston party was refused an opportunity to figure on anything in connection with the Dewey parade. One party who asked for a chance to figure on fireworks was refused the opportunity, because he was not a resident of New York. Yet the very first man who goes to the mayor's office is a man from New York, well recommended by a Boston man, and he is given this privilege without any question.

There is no need of saying why the Boston man recommends him to a man who can see through a stone wall; and the Mayor grants a permit to a man outside the state to erect this stand, thereby perpetrating an injustice upon every citizen of Boston. The Mayor is well aware of the fact, as it came from his own lips, that Boston people were refused the privilege of figuring on fireworks in New York. I heard the Mayor make that statement myself in a meeting. Now, why should he, knowing the facts, grant such a privilege as this to an outsider the first time it is asked? It is an injustice, and I hope this body will vote unanimously to condemn the action of anybody, be he Republican or Democrat, who is interested in this matter. Furthermore, I would be glad to see the citizens of Boston rise up in their wrath, and, if they cannot get the injunction from the courts, take the stands on the Common and use them. I trust that they will take such action that every man, woman and child can go and view this parade.

Mr. WATSON—Mr. President, I want to add to my few remarks a few moments ago by saying that one of the leading members of the Massachusetts bar informed me today, after looking up the law quickly, that in his judgment any number of people who saw fit could go down and occupy those stands, and not a person in Boston could take him away. That was his position. I would not care to say much about it, and would not care to give the lawyer's name, as he is a very reliable lawyer, for fear they might do it. (Laughter.) So much for the taking of the stands, I desire to thank the gentleman from Wd. 20, (Mr. Miller), for his kind offer in connection with the injunction.

I will accept his offer in its entirety after the meeting. I want, in justice to one of the gentlemen who has erected a stand on Boston Common, to read a letter which he has seen fit to send to me. I feel that it may be wrong to read it, and then, again, I feel that it would be wrong to him not to read it. It is from Mr. Keith, whom I have seen fit in the past to criticize. I went to see him last evening, but he was away, but I saw his manager, Mr. Dupee. I inquired of him if it was his intention to sell seats, and the look I got almost killed me. He said, "No." I said, "For what purpose is the stand to be erected?" He said that they intended to erect seats for 1500 poor children, selected from different charitable institutions. I told him I thought it was very kind of him, but as long as stands were illegal I told him I thought it was my duty to protest against any stands there, which, of course, I have done. However, he has sent me this letter, which I will read in all justice to him. It has nothing to do with the matter, but I will read it:—

Boston, Mass., Oct. 12, 1899.

Councilman J. A. Watson,

Boston, Mass.:

Dear Mr. Watson:—

Referring to our conversation of last evening about the stand being erected on the Common for Mr. Keith's use on Saturday next, I thought you would be interested to know how he has distributed the tickets:—

Father Ford's Working Boys' Home,
Bulfinch Place Chapel,
Parker Memorial,
Unity Chapel,
South End House,
North End Union,
Barnard Memorial,
Morgan Chapel,
St. Andrew's Church.

"These are for the children and, of course, they will be accompanied by an adult to take care of them. The boys and girls included in this list are of all creeds and nationalities, carefully selected and worthy. Then he has given for the use of the families of employees from one to two tickets. Very truly yours,

"Henry D. Dupee."

Mr. ARMISTEAD of Wd. 11—Mr. President, after having listened to the remarks of the gentleman on my right and to the letter he has read in my hearing from Mr. Keith, the proprietor of the theatre, I desire to offer the following amendment: Amend the order by inserting after the words "Boston Common," the following words: "Except the permit granted to B. F. Keith."

The question came on the adoption of the amendment.

Mr. WATSON—Mr. President, I have stated my position on this order, and if I had not read that letter I doubt if this amendment would have come in. Now, I say that I am in favor of the tearing down of every stand or no stand. It is a question of right and justice. If I am right on the law I have quoted, every stand must come down. We are all created free and equal.

According to the law the speculator has the same right there as Benjamin F. Keith, and if that amendment is pressed here tonight I will vote against it, and will proceed for the injunction tomorrow. I say this is not a proper advantage to take of me. I was not in duty bound to read that letter, but in all fairness to Mr. Keith's representative I have done so. The gentleman who has introduced the amendment knew I had that letter. I informed him that if he offered the amendment I would oppose it, and that if he offered it I would not read the letter from Mr. Keith. I waited to see if he would introduce the amendment. He did not do so. Seeing that he did not introduce it, I offered the letter, in all fairness. Now he comes in with the amendment. I say there is either virtue in my order or there is not. I say if one stand is against the law they are all against the law. If one has the right to be there they all have that right. I want him to understand that I have to look to the poor people for my support, those who have nothing, those who must use the Common or else stay at home in their little shacks in my ward. I want to say that they have come to me and thanked me for the interest I took in this matter. Now, Mr. President and fellow members, why should Mr. Keith's employees have the pleasure of viewing the parade, with only one per cent. of the poor children of Boston. Why not give the entire stand up to the poor people? I did not question his motives. I tried to give him credit that did not belong to him. It is an advertising scheme, pure and simple, and the gentleman has now brought it from me. I intended not to refer to it. I say that I will thank no member of this body to vote for the amendment offered by the gentleman from Wd. 11. I take the position I do regardless of politics. Forget my politics, forget my humor, forget the funny cracks I may make, and consider me seriously. I say, if one stand is right the other stands are

right. Take down every stand or none. I hope the amendment will be defeated.

Mr. BRAUER—Mr. President, I heartily concur with the last speaker. I think that if one of these stands should come down, all should come down. I think it is an encroachment on the rights and privileges of the citizens whom I have the honor to represent in part. I think they should have the privilege of coming in there and standing on the Common. I know that many of them have been making preparations, and have been counting for weeks upon coming in there and reviewing the parade, and now that the stands are going up, they don't know where to go. As the gentleman in the second division has stated, the people in the suburban wards do not come into the city every day, and those who wish to view this parade consider that they have a right to come onto the Common and view it.

Mr. LYDON—Mr. President, I hardly believe that the gentleman from Wd. 11 will insist upon his amendment. I believe, that he introduced his amendment in all sincerity, but as the amendment has no ground to stand on, and as it is entirely out of keeping with the order as offered by the gentleman from Wd. 18, I would like to ask him if he won't withdraw the amendment and allow the original order to go upon its passage?

Mr. ARMISTEAD—Mr. President, I offered the amendment in all good spirit, and I desire to say to the gentleman on my right, who claims that I promised him that I would not offer that amendment, that he is in error. It would not have been necessary for me to have offered that amendment, or I should not have deemed it necessary to offer that amendment, had I not read the letter read by the gentleman from Wd. 18. I believe that he is sincere in his object in bringing in the order that he has brought in tonight before the members of the Council and I desire to say that I agree with him from beginning to end. I do not believe that such a sacred spot as the Boston Common ought to be utilized at all, and if I had my way about it, I should not have granted a permit to anyone. Inasmuch as the matter has gone as far as it has, I desire to say that the object stated by Mr. Keith in his letter seems to me to carry out to the letter the idea contained in the gentleman's order. He desires the citizens of Boston to see that parade, and especially the young people—the children. Here is a man, one of the most patriotic citizens that there is in the city of Boston, a man who is assisting the city government to entertain Mr. Dewey and the men on the Olympia, and you object to his giving children and young people a chance to see this parade. Right here, let me digress and say that personally I have no interest in this matter. I have not seen Mr. Keith, or any of his representatives. I offered that amendment from a good purpose, and I believe that a man who is doing so much for the advancement of the citizens of Boston as is Benjamin F. Keith, ought to have some consideration given to him. I am opposed to a New Yorker coming here and allowing the privilege of erecting a stand and charging the people exorbitant prices, but the stand which is to be erected by Mr. Keith is to be put there to be used distinctly by the poor people from charitable institutions, and if I am not right, then the letter read in our hearing is not right. It is only in that spirit that I have offered this amendment, and I trust that the amendment will prevail.

Mr. TOBIN of Wd. 9—Mr. President, I am very much opposed to the amendment, and I am also opposed to stands upon Boston Common at all. I am just as much opposed to Mr. Keith having a stand there as I am to a man from New York. This man is always advertising at the expense of somebody else. Why don't he pay his employees proper wages, instead of trying

to make something out of cheap advertising?

Mr. WATSON—Mr. President, I want to say, for the benefit of the member from Wd. 11, that Mr. Dupee specifically says: "Also for the employees and their families," or, rather, "Also the employees, who will receive one or two tickets." Everybody knows that there must be nigh onto 900 employees at Keith's—one moment, and I will read the letter again, for the gentleman's information. Mr. Dupee says, in closing: "These are for the children, and, of course, they will be accompanied by an adult to take care of them." How many? There may be one for each child. The language of the letter admits of that interpretation. Then, he says: "The boys and girls included in this list are of all creeds and nationality"—well, I admit that; nobody raised that question—"and carefully selected and worthy. Then, he has given for the use of the families of employees from one to two tickets." Now, let us see how many poor children will get seats on that stand. Two tickets to each employee would leave about 200 for these children, and there are ten institutions—20 children from each institution. Twenty boys from the Working Boys' Home. Just think of picking out 20 boys from the large number in that institution to be given the privilege of seeing this parade.

Just think of putting the burden on any one person of selecting 20 inmates of that institution as his particular favorites to see this parade. Why, it would create more hard feeling than if they never saw Dewey. I do not intend to move an inch. I want to say that the speech of the gentleman from Wd. 11 coincides with what I say. He is opposed to encroaching on the sacred soil of Boston Common—but he wants to give a special permit to one individual because he has seen fit to invite the "jolly tars" from the Olympia to a smoke-talk. What member of this Council would not invite them to his home, if they would come? What theatre in Boston would not be glad to have them? It is simply a question of which one can get them. Nothing is too good for those gentlemen, in my judgment. Why should his permit not be revoked, as well as the rest? I have not heard any reason. He says he agrees with all I have said. I do not see, then, how he can offer the amendment. I hope the amendment will be voted down, and that the order will be passed as I introduced it; and I want to say, in closing, one thing. In my judgment, Mr. Keith has done a great deal for Boston—and Boston has done a great deal for Keith. (laughter.)

Mr. MULCAHY of Wd. 14.—Mr. President, I desire to voice at this time the sentiment of the preceding speaker, and desire to say here that I, as a representative of my people, will oppose this matter tonight, and will favor the passage of this order opposing the granting to any New Yorker of a permit to come here and build stands on our Common. As I have understood it in the past, the Boston Common, the largest space of land in the centre of the city, is for the use of the people, as was explained thoroughly by the gentleman in the second division. Mr. Keith should not have been granted a permit to build, any more than a New Yorker. I am opposed to him, as well as anybody else, having any stands there. I say that the Boston Common is for the use of the people, and that it should be so used. It has been in the past, and should be now. It is not for the use of speculators or anybody else that desires to use it. I trust that the order will pass, and I will certainly vote for it.

Mr. LINEHAN, of Wd 13—Mr. President, I am confirmed in my belief that if that letter had never been read, the order would have gone upon its passage without a dissenting vote. I am opposed, anyway,

to members of the Council bringing in letters here and using the City Council as an advertising bureau for any individual. If B. F. Keith is such a patriotic gentleman, such a great friend of humanity, I would like to ask him why is the entire town billed with great posters reading: "Wage-earners, do not patronize B. F. Keith's. He is unfair to organized labor." (Applause in the gallery).

Mr. LYDON—Mr. President, I wish to say that in my judgment the amendment offered by the gentleman from Wd. 11 is inconsistent with the order offered by the gentleman from Wd. 18. He introduced an order requesting the mayor to revoke all permits granting the privilege to use the Common for stands, on the ground that this is illegal, and the amendment reads that he shall make exception in the case of B. F. Keith. Now, if it is illegal in one case, it is illegal in all cases, and the mayor cannot make an exception if he would like to if put on that ground. It must be a general rule, or it cannot be a rule at all. Therefore, I respectfully move the previous question.

The main question was ordered, the amendment was rejected, the order was read a second time, and the question came upon its passage.

Mr. WATSON—Mr. President, I move that the vote be taken by a rising vote, and I hope it will be unanimous.

Mr. Watson's order was passed by a unanimous rising vote. Mr. Watson moved to reconsider; lost.

TRANSFER OF AUSTIN SCHOOLHOUSE.

Mr. BAGLEY of Wd. 1 offered an order—That the Austin Schoolhouse on Paris St., East Boston, which was surrendered by the School Committee February 12, 1895, be transferred from the custody of the Street Commissioners to the custody of

the School Committee, the use of said building for school purposes being again required.

Mr. BAGLEY—Mr. President, I simply desire to say that the Austin School House has been in charge of the street commissioners for the past year or two, and now that the Chapman schoolhouse is being built, the school committee are at a loss to find a place for the school children. They have hired a church over there, and are unable to obtain sufficient room; so they now ask to have this transferred back to the school committee, which desires it for that purpose.

The order was passed. Sent up.

CITY BOAT TO VISIT OLYMPIA.

Mr. CUDDY of Wd. 8 offered an order—That His Honor the Mayor be requested to grant the use of one of the city boats to the members of the city government for the purpose of enabling them to visit the United States Ship Olympia at such time as may be agreeable to the officer in command of said ship.

Referred to His Honor the Mayor.

PLAYGROUND, SOUTH BOSTON.

Mr. FENTON of Wd. 15 offered an order—That the Superintendent of Public Grounds be authorized to hire for playground purposes the lot of land in South Boston known as the Locust-Street Playground, the expense of the same to be charged to the appropriation for City Council, incidental expenses.

Passed. Sent up.

Mr. LEFTOVITH of Wd. 8—Mr. President, as there is not a quorum present, I move we now adjourn.

Adjourned at 10:20 P.M., to meet on Thursday, October 19, at 7:45 o'clock P.M.

CITY OF BOSTON.

Proceedings of the Board of Aldermen.

Monday, Oct. 16, 1899.

Regular meeting of the Board of Aldermen, held in the Aldermanic Chamber, City Hall, at 3 o'clock P.M., Chairman Barry presiding, and all the members present.

The Board voted, on motion of Ald. Colby, to dispense with the reading of the records of the last meeting.

REMOVAL AND APPOINTMENT OF CONSTABLE.

The following was received:—

Mayor's Office, City Hall,
Boston, Oct. 16, 1899.

To the Board of Aldermen:—

Subject to your approval and confirmation I hereby appoint William H. Powers a Constable of the City of Boston, for the term ending April 30th, 1900, in place of Edward J. Holland, who has this day been removed from the position of Constable.

Respectfully submitted,

Josiah Quincy, Mayor.

Laid over under the law.

APPOINTMENT OF CONSTABLE.

The following was received:—

Mayor's Office, City Hall,
Boston, Oct. 16, 1899.

To the Board of Aldermen:—

Subject to your approval and confirmation I hereby appoint James O'Connor a Constable of the City of Boston for the term ending April 30th, 1900, in connection with his duties in the Building Department of this city, in place of Thomas O'Connor, resigned.

Josiah Quincy, Mayor.

PROJECTION OF SIGN—VETO.

The following was received:

Mayor's Office, City Hall,
Boston, October 16, 1899.

To the Board of Aldermen:—

I return herewith without my signature a vote passed by your Board granting permission to Martin Sullivan & Company to project a sign two feet from building at 732 Washington St., Wd. 7, for the reason that this projection is further than is allowed by law.

Respectfully submitted,

Josiah Quincy, Mayor.

The vote whereby the permit was granted was reconsidered and the question came on granting the permit, the Mayor's objections to the contrary notwithstanding.

Ald. BERWIN—Mr. Chairman, I would like to know who introduced the order in the Board.

The CHAIRMAN—It came through the ordinary course as a permit. The Clerk will call the roll.

Ald. PRESHO—Mr. Chairman, I would like to have consideration of this matter assigned to the next meeting of the Board.

The matter was assigned to the next meeting.

PETITIONS REFERRED.

The following petitions were received and were referred to the committees named, viz:

Building Dept. (Ald.)

Petitions for leave to project signs, etc., viz:

Prudential Insurance Company of America, a sign, at 10 Hyde Park Ave.
Chandler & Farquhar, a sign, at 36 Federal St.

David Gaffen, a sign, at 234 Main St., Wd. 8.

Joseph Pecone, a sign, at 316 Washington St., Wd. 25.
Burk & Co., an illuminated sign, at 294 Washington St., Wd. 6.
Remnant Tailoring Co., a sign, at 353 Washington St., Wd. 6.

Claims.

Mary A. Doyle (two petitions) that the balances remaining from tax sales of estates on Keith St. be paid to Edward A. McLaughlin, attorney.

Maria Joel, for compensation for damages to estate on Hollander St. caused by construction of a sewer in Waumbeck St., Wd. 21.

Jennie L. Grush, for compensation for damage to house No. 35 Everton St., Dorchester, caused by blasting.

John E. Shea, for compensation for damage to his carriage caused by an alleged defect in Centre St., W. R.

Electric Wires.

The N. E. Tel. and Tel. Co. of Mass., for extension of time in which to erect poles on La Grange, Wd. 23.

Faneuil Hall, Etc.

Democratic City and State Committee, for the use of Faneuil Hall, on the evening of Wednesday, Oct. 25.

Supt. of Public Grounds.

Frank Jenkins, for removal of a tree at 96 Mt. Pleasant Ave.

Dr. James H. Payne, for removal of a tree at 1472 Washington St.

Lamps.

Augusta S. Walker, for public lamps on Palmer St., Wd. 17.

John McLaughlin et als., for lamps on Farrington St., East Boston.

Licenses.

Petitions for amusement licenses for the season ending August 1, 1900, viz:—

Mary A. Brainard, at St. Omer Hall, 376 Broadway.

Wm. MacDonald, at Association Hall, Y. M. C. A., at the corner of Boylston and Berkeley Sts.

Frank O. Otto, at German Workingmen's Association Hall, 22-26 Amory St., Roxbury.

Roanoke Social and Athletic Club, 2 No. Russell St.

Wm. MacDonald, at Association Hall, cor. Union and Lawrence Sts., Charlestown.

C. H. Waldron, at America Hall, 53 Hanover St.

John H. Cauley, at Cauley Hall, 544 Main St.

Public Improvements.

David J. Brett, for leave to place a small order box on sidewalk at 1278 Washington St., Wd. 9.

Woodbury & Leighton, for leave to erect guy posts in Cazenove and Chandler Sts.

John Danielion, for leave to place a box sign on sidewalk in front of 1029 Tremont St., Wd. 18.

J. F. and W. H. Falvey, for leave to construct areas in front of building on Broadway, F and Silver sts., Wd. 15.

A. M. Richards B. M. Co., for leave to move a wooden building from Arlington Ave., Wd. 4, to Dorrance St., Wd. 4.

John Soley & Sons, for leave to move a wooden building from 23-25 Sewall's ct., Wd. 4, to 20-22 Dorrance st., Wd. 4.

Museum of Fine Arts, for release of conditions and restrictions in deed of its estate in Copley sq.

Petitions for sidewalks, viz:—

Fannie Bible, 728 E. Seventh st., Wd. 14.
James V. Devine, Cottage st., side of estate 949 Dorchester ave., Wd. 16.

James M. Cross, 103-107 Sidney st., Wd. 16.
Timothy McCarthy, 1536-1542 Tremont st., Wd. 19.

Walter H. Baldwin, 10-16 Minden st., Wd. 19.

H. J. Freeman, Bowdoin st. side of es-

tate corner Bowdoin st. and Geneva ave., Wd. 20.

Samuel G. King et als., trustees, 23 Trull st., Wd. 20.

French, Cole & Co., 73, 75 and 81 Waumbek st., Wd. 21.

M. Grant Daniell, 9 Schuyler st., Wd. 21.
Edward Carroll, cor. South and Poplar sts., Wd. 23.

LEAVE GRANTED ON PETITION.

Ald. McDONALD presented the petition of John B. Boyle for a sign at 493 Neponset Ave., Wd. 24.

The rule was suspended, on motion of Ald. McDonald, and leave was granted on the usual conditions.

PAPERS FROM COMMON COUNCIL.

1. Message of the Mayor transmitting the following order passed by the Board of Estimate and Apportionment:—

Ordered, That, in addition to the sum of \$150,000 heretofore appropriated for the maintenance of the Street Watering Division of the Street Department, the additional sum of twenty-five thousand (25,000) dollars be, and hereby is, appropriated for said purpose, the same to be met by assessments for watering streets.

Referred to the Committee on Public Improvements, on motion of Ald. Adams.

2. Message of the Mayor transmitting the following order passed by the Board of Estimate and Apportionment:—

Ordered, That the sum of two thousand (2000) dollars, to be expended by the Park Commissioners, be appropriated for Rogers Park drainage; and that the City Treasurer be authorized to issue, from time to time, on the request of the Mayor, bonds of the city of Boston to said amount for said purpose.

The message was placed on file and the order was passed in concurrence.

3. Ordered, That the Austin Schoolhouse on Paris St., East Boston, which was surrendered by the School Committee February 12, 1895, be transferred from the custody of the Street Commissioners to the custody of the School Committee; the use of said building for school purposes being again required.

Passed in concurrence.

4. Ordered, That the Superintendent of Public Grounds be authorized to hire for playground purposes the lot of land in South Boston known as the Locust St. playground; the expense of the same to be charged to appropriation for City Council, Incidental Expenses.

Referred to the Committee on Public Improvements, on motion of Ald. Brick.

5. Whereas, On July Fourth, the Hon. Nathan Matthews, representing in an official capacity as orator of the day the city of Boston, having been appointed to such position by the Mayor, and who, in the course of his remarks at the official observance of the day at Tremont Temple, gave expression to opinions favorable to keeping unwilling races in subjection, denying the maxim of this Republic, "that government is by the governed," and

Whereas, Such utterances coming from the official Fourth of July orator, upholding Imperialism, Expansion and Trusts, have given the entire country the impression that his words are the real sentiments of the City Government of Boston, therefore be it

Resolved, That we, the members of the City Council of the city of Boston, disapprove of these sentiments, which are not expressive of the views of the people of Boston, in whole or in part, while, on the contrary, we also disapprove of the tendency of the times to abandon the fundamental principles of this Republic, as wisely put forth by Washington, Jefferson, Munroe and Lincoln, and we believe that a colonial policy is dangerous to the welfare of the Republic because it means military and naval rule against the right of the citizen to govern.

Resolved, also, That we disapprove of the policy outlined by Mr. Matthews which would make this Republic an empire where classes would rule, where the sacredness of the ballot would be violated, and where the rights of American citizenship would be invaded, simply to gratify the greed of American and foreign capitalists, who seek to make the masses subject to the classes.

Resolved, That a copy of these resolutions be printed in the official records, and copies be sent to the Hon. Nathan Matthews, Mayor Josiah Quincy, Hon. F. A. Collins, Hon. George S. Boutwell, President of the Anti-Imperialist League, Senators George F. Hoar and Henry Cabot Lodge, Congressmen Fitzgerald, Napfen, McCall, Sprague and Roberts, who represent Massachusetts in the National House, also the Boston press. (Doc. 122.)

Ald. DAY—Mr. Chairman, I move that the reading of the resolutions be dispensed with and that it be referred to the Committee on Public Improvements. I would like to make a personal statement of my position on that matter. On Saturday morning I heard the Mayor of Boston, in an eloquent speech in which he presented the city's gift to Admiral Dewey, give utterance to sentiments that I don't agree with. But I do not, on that account, think that I have any right, or that it would be proper for me, to bring in a resolution condemning him for what he then said. Nor would I vote for such a resolution if any one else brought it in. It seems to me that the same rule ought to apply to the Fourth of July oration. A Fourth of July orator should be allowed the fullest freedom of opinions. I fully agree with the wording of these resolutions, and if it were possible in any way I would like to put myself on record in condemnation of the gentleman who made those references. But I think he acted properly, that he was giving expression to his honest views, and that the city council has no right to condemn him. I move reference of the resolutions to the Committee on Public Improvements.

Ald. BRICK—Mr. Chairman, after the experience I have had in the past, I am a little timorous about making any lengthy utterance today on these resolutions. With the spirit of the resolutions I am in entire sympathy. I heartily concur with them, and think they express what the people will find to be a fundamental truth, before the trouble in the Philippines is entirely settled. But I cannot agree to vote for the resolutions as they stand, because, as Ald. Day has already said, the man who is given the honor of being the public orator on the Fourth of July should have the fullest freedom in his public utterance. While I do not agree with him in this case, and while in private I have condemned him, and while I am willing to publicly go on record in opposition to his utterances at that time, still I don't feel that I can vote for these resolutions condemning him, because I think it would be an abridgement of public speech. Therefore, while I agree with the sentiment of the resolutions, I feel that I should vote against any special condemnation of the orator.

Ald. PRESNO—Mr. Chairman, I very heartily concur in the motion to refer, as I understand that this is simply to be referred to the Committee on Public Improvements for burial purposes. I do, however, wish to express my feelings in regard to the resolutions themselves. I think they were only excelled by the celebrated copperhead resolutions, passed so unanimously and so unanimously abhorred in 1863, and of which no man dared claim himself the originator or supporter in after years.

The resolutions were referred to the Committee on Public Improvements.

TRACKS IN DORCHESTER.

The Board proceeded to take up No. 6, unfinished business, viz.:-

6. Order granting the Norfolk Suburban Street Railway Company locations for tracks "on River St., from a point near Oakland St., through River St. and the square formed by its junction with Blue Hill Ave. and Oakland St. to the Milton line. Also on Washington St., from a point near Dorchester Ave., through said street and a public way supposed to be called Washington St., to the Milton line. Also on Adams St., from a point near Dorchester Ave., through said Adams St. and the said public way supposed to be called Washington St. to a point connecting with location herein granted. All with the necessary switches, curves cross-overs and connections connecting with existing tracks of said company and the tracks of the West Roxbury and Roslindale Street Railway Company. And permission is further granted to said company to make, at its own expense, such changes in the tracks of the West Roxbury and Roslindale Street Railway Company as may be necessary to make such connections." Said order also gives the consent of the Board of Aldermen to the establishment of the overhead trolley system, so-called, on said locations.

Ald. CODMAN—Mr. Chairman, I asked for the assignment of this order, and intended at the time to take the matter up within the past week. As you know, however, this has been a busy week for all of us, owing to the celebration and one thing and another, and I have not had an opportunity to look into the matter as I would wish. I dislike to ask for further delay; but, at the same time, I believe this is a matter of so much importance to the people of my section that I should be given further time. If this is referred to the Committee on Public Improvements, I could state there just how it appears to me and perhaps ask the indulgence of the Board to have it laid over for a week more. I move that this be sent to the Committee on Public Improvements.

The order was referred to the Committee on Public Improvements.

CLAIM COMMITTEE REPORT.

The Board proceeded to take up No. 7 from the table, viz.:-

7. Report of Committee on Claims, recommending leave to withdraw, on account of late notice, on petition of John Wolf, Jr., & Co., to be paid for damage to team caused by an alleged defect in Endicott St.

Accepted. Sent down.

ENTERTAINMENT OF IRISH VISITORS

The CHAIRMAN offered the following:-

Resolved, That, in view of the approaching visit to our city of the Right Honorable Daniel Tallon, Lord Mayor of Dublin, Ireland, and Mr. John E. Redmond, M.P. for Waterford, Ireland, a committee of five members of this Board, with such as the Council may join, be appointed to act in conjunction with His Honor the Mayor, and in co-operation with the civic committee, in extending the hospitalities of the city to the distinguished visitors.

Passed. Sent down.

Later in the session the Chairman appointed as said committee on the part of the Board, Ald. Barry, Codman, Day, Berwin and O'Toole.

TAKING OF LAND—ORDERS OF NOTICE.

On the petitions of Matthew and Mary Desmond and of Daniel Mahoney that the Board estimate and determine the damages by the taking of their land by the Boston Elevated Railway Co. in Charlestown—orders of notice were passed for hearings thereon on Monday, Nov. 6th, at 3 o'clock p. m.

AWNINGS—ORDERS OF NOTICE.

On the following petitions for leave to project awnings, viz.:-

Eastern Cold Storage Co., awning in front of 28-32 North St., Wd. 6.

Boston Auction Co., permanent awning in front of 46-52 Clinton St. and 38 Commercial St., Wd. 6.

Orders of notice were passed for hearings thereon on Monday, Oct. 30th, at 3 o'clock p. m.

EXTERMINATION OF GYPSY MOTH.

A copy of the Acts and a copy of the rules and regulations made by the State Board of Agriculture relative to the extermination of the Gypsy Moth and the Brown Tail Moth was received.

Placed on file.

LICENSE TO STORE OIL.

A report was received from the Fire Commissioner on the petition of Max Finkelstein for a license to keep for sale oils or fluids composed wholly or in part of the products of petroleum, at 37 Spring St., Wd. 8, disapproving of the same.

The petitioner was given leave to withdraw.

ARBITRATION OF LABOR TROUBLES.

Ald. PRESHO offered an order—That the Committee on Legislative Affairs be requested to consider the advisability of requesting His Honor the Mayor to petition the next General Court for the passage of a law for the compulsory arbitration of difficulties between capital and labor, similar to that now in vogue in New Zealand; and that the committee be authorized to give public hearings, to employ a stenographer and to report in print if they deem it advisable.

Ald. PRESHO—Mr. Chairman, a lecture was recently delivered at Boston University by the ex-Minister of Education of New Zealand, Mr. Reeves, upon the New Zealand law for the compulsory arbitration of difficulties between capital and labor. That law seems to embody the proper principle in settling disputes between labor and capital. New Zealand is, of course, a new country in the formative stage of government, and in such a government a great many new ideas are introduced. We owe to such ideas our new system of conveying land titles, known as the Torrens system; and the system of bailoting which has been adopted all over the United States, known as the Australian system, we owe to those younger countries. I think we can borrow something from them in this respect, and I know that anything which will do away with strikes and disturbances, as this is said to have done in New Zealand, will be welcomed by the public at large. I feel that Boston, standing, as it does, pre-eminent in these matters, should consider this subject thoroughly and make some report embodying its views upon the problem, and perhaps if the subject is examined into propositions will be forwarded to the Legislature having some such law in view.

The order was passed. Sent down.

GARBAGE PLANT NUISANCE.

Ald. ADAMS offered an order—That the Board of Health be requested to inform this Board at its next meeting what action it proposes to take relative to the abatement of the garbage plant nuisance now existing at the Cow Pasture, of which many complaints and protests have been made by the citizens of Dorchester and South Boston.

The order was read a second time and the question came on its passage.

Ald. ADAMS—Mr. Chairman, this is a matter which has been agitated by the citizens of Dorchester and also by the citizens of Boston for the past six months. I do not propose to take up any of the time of

the Board today on the matter, but simply to say that the people of Dorchester think it is about time that the Board of Health took some action one way or the other. It has been brought to the attention of the city government before by my colleague, Ald. McDonald, and the Board of Health has certainly had time enough to consider the matter in all its bearings and to give us the relief we ask for, if in its power to do so. I am willing to give to that board the opportunity, which I hope it will embrace, to inform this Board at its next meeting what is proposed to be done in regard to the matter. The garbage plant was located on its present site, I believe, not at the instance or with the approval of the members of the city government. When we voted on the matter last year it was with the understanding, according to the message of His Honor, the Mayor, that this garbage plant was to be located on an island down the harbor, where there could possibly be no bad results to people on shore.

But on being located where it has been, on the Cow Pasture, within a very short distance of the residential section, it has become a public nuisance and it is high time, in my opinion, that some steps should be taken to remove the nuisance which the Board of Health itself admits now exists there. I sincerely hope the Board of Health will give us some definite information at our next meeting regarding the matter.

Ald. McDONALD—Mr. Chairman, I heartily concur with my colleague from Wd. 20 in relation to this garbage matter in Dorchester—that the time has certainly come when the Board of Health should take the matter in hand and abolish the nuisance out there. The citizens of Dorchester will not be satisfied with a garbage plant in that territory. It should be located, as it was understood in the first place that it would be—as stated by the alderman from Wd. 20—on some island in the harbor. It seems to me the Board of Health has been considering this matter long enough. I sincerely trust that at the next meeting it will make a definite report, for the people of Dorchester are anxious to get some information upon the subject. They will not stand a garbage plant out there much longer.

The order was passed.

CLOSING OF ROADWAYS.

Ald. DAY offered the following:—

Ordered, That the Superintendent of Streets be authorized to issue the necessary permit to William L. Miller & Co. to close the roadway on Western Ave., between Barry's Corner and the bridge, to all public travel during the time necessary for the rebuilding of the Western Ave. bridge.

Ordered, That the Superintendent of Streets be authorized to issue the necessary permit to Simon J. Donovan to close the roadway on Ninth St., from Old Harbor to G Sts., to all public travel for three weeks, beginning on October 17, 1899, or during street construction on said street.

The rules were suspended and the orders were passed.

RECESS TAKEN.

The Board voted at 3:36 o'clock p. m., on motion of Ald. Brick, to take a recess subject to the call of the Chairman.

The members of the Board reassembled in the Aldermanic Chamber and were called to order at 4:50 o'clock p. m., by the Chairman.

PUBLIC IMPROVEMENTS.

Ald. O'TOOLE, for the Committee on Public Improvements, submitted the following:—

(1) Report on the petition of David J. Brett (referred today), for leave to place a small order box on sidewalk at 1278 Wash-

ington St., Wd. 9,—recommending that leave be granted.

Report accepted, leave granted on the usual conditions.

(2) Report on the petition of Patrick J. Calnan (referred October 9), for the relocation of the pumping station on Charles River Bridge to the northwest side of the draw of Warren Bridge,—recommending reference of the same to the Superintendent of Streets.

Report accepted, said reference ordered.

(2) Report on the petition of Fanni Drockner (referred Oct. 9) for leave to construct a coal slide under the sidewalk, also an entrance from sidewalk to basement at 30 Norman St., Wd. 8,—that the petitioner have leave to withdraw.

Report accepted, petitioner given leave to withdraw.

(4) Reports on petitions referred Oct. 9, recommending the passage of orders that the Superintendent of Streets be directed to make sidewalks, to be from 3 to 10 inches above the gutter adjoining, and to be from 5 to 12 feet in width, owner to furnish material, in front of the following estates:—

Emma Kimball, 1 Robin Hood St., Wd. 16, brick.

Gleofa Essig, 30 Washburn St., Wd. 16, brick.

Joseph F. Loughlin, 19 Bellflower St., Wd. 16, brick.

David Rubinovz, 369-373 Heath St., Wd. 19, brick.

Arthur H. Flint, 768 E. Fifth St., Wd. 14, brick.

John D. Bates, 253-259 E. St. and on E. Sixth St. 70 ft. front, Wd. 15, brick.

Julia Desmond, 70 Fisher Ave., Wd. 19, gravel, with granite edgestone.

Maximilian Kaiser, 91 George St., Wd. 17, brick, with granite edgestone.

Charles May, 825 Dorchester Ave. and on Harvest St., Wd. 16, brick.

Benjamin Harris, 9-23 Haskins St., Wd. 21, brick.

C. H. Wheelock, 66-68 Middle St., Wd. 15, brick, with granite edgestone.

Louisa A. Means, 424 E. Sixth St., Wd. 15, brick, with granite edgestone.

R. F. Means, 422 E. Sixth St., Wd. 15, brick, with granite edgestone.

Dennis Meagher, 96 Paul Gore St., Wd. 22, brick, with granite edgestone.

D. J. Delaney, 80 Calumet St., Wd. 19, brick, with granite edgestone.

French, Cole & Co., 81 Waumbeck St., Wd. 21, granolithic stone, with granite edgestone.

Reports accepted; orders severally passed.

(5) Reports on petitions, referred Oct. 9, recommending the passage of orders that the Superintendent of Streets make sidewalks, to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone, owners to furnish material, in front of the following estates:—

W. A. and H. A. Root, 119 Bay State Road, Wd. 11, granite edgestone.

Albert Geiger, Columbus Ave., corner of Washington St., Wd. 10, granite edgestone.

James P. Stearns and others, trustees, 7-9-11 Fulton St. and 42-52 Clinton St., Wd. 6, granite edgestone.

Henry G. Allbright, 570 Columbia Road, Wd. 16, with granite edgestone.

Robert Black, 15-19 Folsom St., steel edgestone.

W. B. Thomas, 479-481 Beacon St., Wd. 11, granite edgestone.

John Mahan, 61-63 Dewey St., Wd. 16.

Hugh D. Kelly, 50-60 Burrell St., Wd. 16, with granite edgestone.

James W. Tufts, 817-819 Beacon St., Wd. 11, with granite edgestone.

Andrew F. McDermott, 1849-1851 Dorchester Ave., Wd. 24.

C. B. Hill, 28 North St., Wd. 6, with granite edgestone.

Reports accepted, orders severally passed.

(6) Report on petitions (severally referred today), recommending the passage of the following:

(a) Ordered, That the Superintendent of Streets be authorized to issue a permit to J.F. & W.H. Falvey to construct, maintain and use areas, with sidewalk light covers, under and in the sidewalks in front of estate on Broadway, F and Silver Sts., Wd. 15, dimensions as shown on plan on file in the permit office of the Street Department; the work to be completed on or before December 31, 1899, according to the terms and conditions expressed in the ordinances of the city relating thereto.

(b) Ordered, That the Superintendent of Streets be authorized to issue a permit to Woodbury & Leighton to erect, maintain and use guy posts, with ropes attached, as follows, viz: One opposite No. 4 Cazenove St., one opposite No. 74 Chandler St. and one opposite No. 96 Chandler St.; the work to be completed on or before December 31, 1899, according to the terms and conditions expressed in the ordinances of the city relating thereto.

(c) Ordered, That the Superintendent of Streets be authorized to issue a permit to John Soley & Sons to move a wooden building, flat roof, 40 feet in length, by 30 feet in width, by 20 feet in height, from 23-25 Sewall's Ct. over private lands and across Dorrance St., to Nos. 20-22 Dorrance St., Wd. 4, on the terms and conditions expressed in the ordinances of the city relating thereto.

(d) Ordered, That the Superintendent of Streets be authorized to issue a permit to A. M. Richards Building Moving Co. to move a wooden building, pitch roof, 49 feet in length, by 15 feet in width, by 18 feet in height, from present location on Arlington Ave., to rear of said lot and across Dorrance St., to lot on Dorrance St., Wd. 4, on the terms and conditions expressed in the ordinance of the city relating thereto.

Reports severally accepted; orders severally passed.

(7) Reports on petitions (severally referred Oct. 9), recommending the passage of the following:—

(a) Ordered, That the Superintendent of Streets be authorized to issue a permit to Lotta M. Crabtree to construct, maintain, and use a coal hole opening, not exceeding 18 in. in diameter, with an iron cover of rough upper surface, under and in the sidewalk in front of estate N. 631 Washington St., Wd. 7, the work to be completed on or before December 31, 1899, according to the terms and conditions expressed in the ordinances of the city relating thereto.

(b) Ordered, That the Superintendent of Streets be authorized to issue a permit to Daniel F. Dowd to construct, maintain, and use a coal hole opening, not exceeding 18 inches in diameter, with an iron cover of rough upper surface, under and in the sidewalk on the Piedmont St. side of estate numbered 51 and 53 Church St., Wd. 10, the work to be completed on or before Dec. 31, 1899, according to the terms and conditions expressed in the ordinances of the city relating thereto.

(c) Ordered, That the Superintendent of Streets be authorized to issue a permit to Aug. P. Loring, Trustee, to construct, maintain and use an area, with sidewalk light and granite cover, under and in the sidewalk in front of estate known as "Albany Building," on Lincoln St., as shown on a plan on file in the Permit Office of the Street Department; the work to be completed on or before Dec. 31, 1899, according to the terms and conditions expressed in the ordinances of the city relating thereto.

(d) Ordered, That the Superintendent of Streets be authorized to issue a permit to Eastern Cold Storage Company to lay, maintain and use six-inch iron pipe, with a 1½-inch iron pipe enclosed therein, under and along Creek Sq., at rear of No. 44 North St., as shown on a plan dated Oct. 16, 1899, on file in the Permit Office of the Street Department; the work to be

completed on or before Dec. 31, 1899, according to the terms and conditions expressed in the ordinances of the city relating thereto.

Reports severally accepted; orders severally passed.

(8) Report on the petition of the Museum of Fine Arts (referred today) for release of conditions and restrictions in deed of its estate in Copley Sq.—recommending the passage of the following:—

Ordered, That His Honor the Mayor be and hereby is authorized to enter into an indenture with the Museum of Fine Arts for releasing all the restrictions and conditions imposed by the City on the land conveyed by it to said Museum of Fine Arts under its former name of Trustees of the Museum of Fine Arts; provided that said Museum of Fine Arts shall by said indenture agree to a restriction for the future on said land requiring all buildings thereon to be set back at least 25 feet from any street by which said premises are bounded, and requiring the exterior walls of all buildings thereon to be of brick, stone or iron, and that said Museum of Fine Arts shall further agree to give the public the same right of access as now to the building or buildings on said premises so long as the same belong to said Museum of Fine Arts, and are used by it for a Museum of Fine Arts; and requiring the owner of said land to protect the City against all damages from raising the grade of Dartmouth St. or other streets as provided in the fifth of said conditions; such indenture shall be in such form and contain such other provisions as His Honor the Mayor shall approve.

Report accepted; order passed. Sent down.

LICENSES.

Ald. Colby, for the Committee on Licenses, submitted the following:—

(1) Reports, on petition referred today recommending that licenses be granted on the usual conditions, for the season ending Aug. 1, 1900, as follows:—

Mary A. Brainard, for musical, dancing and literary entertainments at St. Omer Hall, 376 Broadway.

C. H. Waldron, for musical, dramatic, literary and dancing entertainments at America Hall, 53 Hanover St.

William MacDonald, for Association Hall, corner Union and Lawrence Sts., Charlestown, for literary, musical and dramatic entertainments and dancing.

Roanoke Social and Athletic Club, 2 North Russell St., for literary, musical, and dramatic entertainments and dancing.

Frank O. Otto, for German Workmen's Association Hall, 22-26 Amory St., Roxbury, for literary, musical and dramatic entertainments and dancing.

William MacDonald, for Association Hall, Y. M. C. A., corner Boylston and Berkeley Sts., for literary, musical and dramatic entertainments and dancing.

John H. Cauley, for dancing and musical entertainments at Cauley Hall, 54½ Main St., Charlestown.

Reports accepted, licenses granted on the usual conditions.

(2) Reports recommending that minors' licenses be granted to 21 newsboys, 2 boot-blacks and one vendor.

Reports accepted, licenses granted on the usual conditions.

CLAIMS.

Ald. COLBY, for the Committee on Claims, submitted the following:—

(1) Report on the petition of Mary Doyle (referred July 17), for payment of balance from tax sale of estate on Ellingwood St., for the year 1897, recommending the passage of the accompany order:—

Ordered: That the City Treasurer be hereby authorized to pay to Mary Doyle the sum of \$151.85, being the amount held

by the city under Chapter 390, section 40 of the Acts of 1888, from the sale of an estate on Ellingwood St. for unpaid taxes of the year 1897, by deed recorded with Suffolk Deeds, Lib. 2580, fol. 107.

Report accepted, order passed. Sent down.

(2) Reports recommending leave to withdraw on the following petitions:—

Mary Dolan and N. Kalbskopf, (referred from last year), to be repaid certain sums paid by them on account of title to estate 3492-3494 Washington St.—as the claim has been settled.

Mary F. Mallon (referred from last year), for compensation for injuries to horse caused by an alleged defect in Harvard St.—as the claim has been settled.

M. F. Morley (referred April 12), for compensation for damage to property caused by construction of sewer at corner of Western Ave. and Market St.

Reports severally accepted; petitioners given leave to withdraw.

PROJECTIONS.

Ald. DAY, for the Committee on Building Department (Ald.), submitted the following:—

(1) Reports on petitions referred today, recommending that leave be granted as follows:—

David Gaffen, to project a sign at 234 Main St., Wd. 5.

Joseph Pecone, to project a sign at 316 Washington St., Wd. 25.

Burk & Co., to project an illuminated sign at 294 Washington St., Wd. 6.

Prudential Insurance Company of America, to project a sign at 10 Hyde Park Ave.

Chandler & Farquhar, to project a sign at 36 Federal St.

Remnant Tailoring Co., to project a sign at 553 Washington St.

Reports accepted; leave granted on the usual conditions.

(2) Reports recommending that leave be granted on the usual conditions on the following petitions:—

T. H. Connolly (referred Aug. 14), to project two bay windows from building 2985-2987 Washington St., Wd. 22.

M. Maloney (referred September 18), to project a bay window from building 14 St. Martin St., Wd. 4.

C. E. Davis & Co. (referred Oct. 9), to project an illuminated sign at 2 Park Sq., corner Boylston St., Wd. 7.

Reports accepted; leave granted on the usual conditions.

(3) Reports recommending that petitioners have leave to withdraw on petitions referred October 9, as follows:—

O. F. Couture, for a permit to project a sign at 6 Avery St., Wd. 7.

George M. Palmer, M.D., to project a sign at 7 Bowdoin Sq., Wd. 6.

Reports accepted; petitioners given leave to withdraw.

STATE AID.

Ald. DIXON, for the Committee on State Aid, submitted a report recommending a passage of an order for the payment of aid to soldiers and sailors and their families in the city of Boston for the month of October, under the provisions of the various acts of the Legislature providing for said payment.

The report was accepted and the order passed, the reading of names of beneficiaries being dispensed with, on motion of Ald. Dixon.

ELECTRIC WIRES.

Ald. CODMAN, for Ald. Doyle, Chairman of the Committee on Electric Wires, submitted a report on the petition of the N. E. Tel & Tel. Co. of Mass. (referred today), for an extension of time in which to erect poles on Lagrange St., Wd. 23,—recom-

mending the passage of the accompanying order:—

Ordered, That the time allowed the N. E. Tel. & Tel. Co. of Mass. in which to erect poles on Lagrange St., under the order passed by this Board, June 26, 1899, be and the same is hereby extended to December 31, 1899.

Report accepted; order passed.

FANEUIL HALL.

Ald. CODMAN, for the Committee on Faneuil Hall, submitted a report on the petition of the Democratic City and State Committee (referred today), for the use of Faneuil Hall on the evening of Wednesday, Oct. 25, 1899—recommending that leave be granted.

Report accepted, leave granted on the usual conditions.

SIDEWALK ON CALUMET ST.

Ald. CODMAN, for Ald. Doyle, offered an order—That the Superintendent of Streets make a sidewalk along both sides of Calumet St., from Tremont St. to St. Alphonsus St., with paved gutters, in front of the several estates on said street; said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of gravel, with granite edgestones, and report to this board a schedule of the cost thereof.

Passed.

BRANCH LIBRARY AT NORTH END.

Ald. DIXON offered an order—That the Board of Estimate and Apportionment be requested to provide an appropriation sufficient for the establishing of a branch of the Public Library at the North End.

Passed. Sent down.

REMOVAL OF TREES FROM WEST BROADWAY.

Ald. BERWIN, for Ald. McDonald, offered an order—That the Superintendent of Public Grounds be and is hereby directed to remove two trees from West Broadway, opposite Nos. 417 and 423, also to remove three trees on the south side of F St., between West Broadway and Silver St.; the expense attending the same to be charged to the appropriation for Public Grounds Department.

Passed.

DEWEY DAY EXERCISES.

Ald. DAY, for Ald. McDonald, offered an order—That His Honor the Mayor be requested to publish as a city document the exercises held on October 14th, 1899, in connection with the presentation by the city of Boston of a watch to Admiral Dewey.

Passed. Sent down.

WORK ON LAURIAT AVE. CROSSING.

Ald. CODMAN offered an order—That the Superintendent of Streets, through His Honor the Mayor, be requested to use every effort to have the work on the Lauriat Ave. Crossing completed at the earliest possible day.

Ald. CODMAN—Mr. Chairman, some-time ago—I think something over a month—I put in an order requesting that when the contract for the grade crossing on Lauriat Ave. be made, it contain a provision that the work be finished within two months. I believe that condition was put in the contract, and it was accepted with that condition. The time that the contractor has been working there has already stretched out to upwards of three months, and the work is proceeding at present very slowly.

It seems to me when a contractor takes a job of this sort, with the winter approaching, as is the case now, extra service should be employed upon the work, in order to give the people out there an out-

let, which is certainly very much needed, as soon as possible, not compelling them to be tied up all winter, on account of the slowness of the contractor. As those who are acquainted with the district know, the people of the Lauriat Ave. section are entirely cut off from the rest of Dorchester—from stores, schools and everything else—unless they have this outlet under the railroad. I trust that the rule will be suspended, that the matter will be taken up by the Superintendent of Streets, and that the work there will be hastened so that the residents may be relieved.

The order was read a second time and passed.

GENERAL RECONSIDERATION.

On motion of Ald. Colby, general reconsideration of all action taken today was refused.

RISING SUN LIGHTING CONTRACT.

Ald. PRESHO—Mr. Chairman, I will say in the absence of Ald. Doyle, chairman of the Committee on Lamps, that I will defer calling for a report from that committee on investigation of the contract between the Rising Sun Lighting Company and the city of Boston until the next meeting.

Adjourned, on motion of Ald. Day at 5:06 P. M., to meet on Monday, October 23, at 3 P. M.

CITY OF BOSTON.

Proceedings of the Common Council.

Thursday, October 19, 1899.

Regular meeting of the Common Council, held in the Council Chamber, City Hall, at 7:45 o'clock P.M., President Kiley in the chair.

AMBULANCE STATION, SO. BOSTON.

The following was received:—

Mayor's Office, City Hall,
Boston, Oct. 19, 1899.

To the City Council:—

In connection with the building of the ambulance station in South Boston, for which the sum of ten thousand dollars has been appropriated, it is important to arrange at once for a site. The appropriation was urged on the ground that an ambulance was very greatly needed in that section of the city, and particularly in connection with the work of Carney Hospital; and my understanding is that the appropriation was made by the Board of Apportionment and the City Council with the desire of making the ambulance station available for use in connection with this very worthy and useful institution. The appropriation is now in the hands of the Public Buildings Department for expenditure, and the building can be started as soon as the site is arranged for. It has seemed to me that the best course was for the city to lease from the Carney Hospital authorities the lot of land owned by them, which was suggested as offering the most suitable site for the ambulance station, and for the city, then to lease the station, when completed, to Carney Hospital at a normal rental, for use in connection with that institution. As Carney Hospital now derives some revenue from the lot of land which it is proposed to use for this purpose, the authorities of the Hospital believe that the city should pay a ground rent of \$250 a year for the use of this site, and this seems to me a reasonable proposal,—particularly in view of the fact that the ambulance will thus be put into public service. A lease of this character should be authorized by the City Council, and I therefore recommend the passage of the following order.

Respectfully submitted,

Josiah Quincy, Mayor.

Ordered, That the Superintendent of Public Buildings, with the approval of His Honor the Mayor, be authorized to lease for the term of twenty years, and at a rental of two hundred and fifty dollars a year, for the purpose of using the same as a site for the ambulance station for South Boston, for which the sum of ten thousand dollars has been appropriated, a certain parcel of land situated in South Boston, owned by the Carney Hospital, and bounded and described as follows: Easterly by National St., which leads into Fourth St., near its intersection with Dorchester St., forty feet six inches; southerly by land now or formerly of Martin, eighty-seven feet; westerly by land now or formerly of Calvin Aiken, by line parallel with the westerly line of said National St. (and also parallel with Old Harbor St.), forty feet six inches; northerly by land supposed to have belonged to George Sweetlin, eighty-seven feet.

The communication was sent up, and the order was passed. Mr. Giblin of Wd. 15 moved to reconsider; lost. Sent up.

PAPERS FROM THE BOARD OF ALDERMEN.

The council voted, on motion of Mr. Watson of Wd. 13, to consider Nos. 1 to 4, inclusive, together, viz:—

1. Report of Committee on Claims, on

petition, referred June 29, of John Wolf, jr., & Co., to be paid for damage to team, caused by an alleged defect in Endicott St., Oct. 25, 1898,—leave to withdraw, on account of late notice.

2. Report of same committee, on petition, referred April 12, of M. F. Morley, for compensation for damage to property caused by construction of sewer at corner of Western Ave. and Market St., in 1889,—leave to withdraw.

3. Report of same committee, on petition, referred Dec. 12, 1898, of Mary F. Mallon, for compensation for injuries to horse caused by an alleged defect in Harvard St.,—leave to withdraw, as the claim has been settled.

4. Report of same committee, on petition, referred Dec. 12, 1898, of Mary Dolan and N. Kalbskopf, to be repaid certain sums by them on account of title to estate 3492-3494 Washington St.,—leave to withdraw, as the claim has been adjusted.

Severally accepted in concurrence.

5. Report of Committee on Claims, on petition of Mary Doyle, recommending the passage of the following order:—

Ordered, That the City Treasurer be hereby authorized to pay to Mary Doyle the sum of \$154.85, being the amount held by the city under chapter 390, section 40, of the Acts of 1888, from the sale of an estate on Ellingwood street for unpaid taxes of the year 1897, by deed recorded with Suffolk Deeds, Lib. 2580, fol. 107.

Report accepted; order passed in concurrence.

6. Petition of Museum of Fine Arts for release of conditions and restrictions in deed of its estate in Copley square.

In connection therewith the following order comes down passed for concurrence, the same being recommended by the Committee on Public Improvements, Aldermen, viz:—

Ordered, That His Honor the Mayor be and hereby is authorized to enter into an indenture with the Museum of Fine Arts for releasing all the restrictions and conditions imposed by the city on the land conveyed by it to said Museum of Fine Arts under its former name of Trustees of the Museum of Fine Arts; provided that said Museum of Fine Arts shall by said indenture agree to a restriction for the future on said land requiring all buildings thereon to be set back at least 25 feet from any street by which said premises are bounded, and requiring the exterior walls of all buildings thereon to be of brick, stone or iron, and that said Museum of Fine Arts shall further agree to give the public the same right of access as now to the building or buildings on said premises so long as the same belong to said Museum of Fine Arts and are used by it for a Museum of Fine Arts; and requiring the owner of said land to protect the City against all damages from raising the grade of Darmouth street or other streets as provided in the fifth of said conditions; such indenture shall be in such form and contain such other provisions as His Honor the Mayor shall approve.

On motion of Mr. Turnbull of Wd. 4, the reading of No. 6 was dispensed with.

The petition was placed on file and the question came on giving the order a second reading.

Mr. MILLER of Wd. 20—Mr. President, I don't exactly understand this order, and I think that there are several other members here tonight do not.

I would like to know what this really means. It says: "Hereby is authorized to enter into an indenture with the Museum of Fine Arts for releasing all the restrictions and conditions imposed by the city on the land conveyed by it." Now, if there is anyone here who can give an explanation of this, I would be glad to hear from him before I vote upon the order. If no explanation is given, I would like to have the matter assigned for one week.

Mr. STOCKTON of Wd. 11—Mr. Presi-

dent, I think I can explain the meaning of this order. The Boston Water Works Company about the year 1885 conveyed to the city of Boston the land on which the Art Museum now stands, with certain restrictions on the land, then. The city conveyed to the Boston Art Museum the land, with one or two further restrictions. At present, the Trustees of the Boston Art Museum would like to be able to mortgage this property, to raise money to buy land to be used in the future sometime for an annex to the Museum. It is necessary to do it at this time, because all the available land in the Fens and in other parts of Boston that would be suitable for such a Museum is being cut up into lots, and the Trustees think that it is for the interest of the City and of the Museum itself to have this done now. The interests of the city and the Museum are substantially identical. The Trustees are merely working for the public good. They have no private interests, and if you would look over a list which I am sorry to say I have not with me at this present moment, I think you would find that the Trustees are all perfectly trustworthy, and that whatever they say can be believed. I therefore sincerely hope that this order will go on its passage tonight, especially as the Museum is in the ward which I in part represent, and as both of my colleagues from that ward agree with me.

The order was read a second time and passed in concurrence. Mr. Stockton moved to reconsider; lost.

7. Ordered, That His Honor the Mayor be requested to publish as a city document the exercises held on October 14, 1899, in connection with the presentation by the city of Boston of a watch to Admiral George Dewey.

8. Ordered, That the Board of Estimate and Apportionment be requested to provide an appropriation sufficient for the establishing of a branch of the Public Library at the North End.

Passed in concurrence.

9. Ordered, That the Committee on Legislative Affairs be requested to consider the advisability of requesting His Honor the Mayor to petition the next General Court for the passage of a law for the compulsory arbitration of difficulties between capital and labor, similar to that now in vogue in New Zealand; and that the committee be authorized to give public hearings, to employ a stenographer and to report in print if they deem it advisable.

10. Resolved, That in view of the approaching visit to our city of the Right Honorable Daniel Tallon, Lord Mayor of Dublin, Ireland, and Mr. John E. Redmond, M.P., for Waterford, Ireland, a committee of five members of this Board (Aldermen Barry, Codman, Day, Berwin and O'Toole) with such as the Council may join, be appointed to act in conjunction with His Honor the Mayor and in cooperation with the civic committee, in extending the hospitalities of the city to the distinguished visitors.

The resolve was passed in concurrence, and the President appointed as said committee on the part of the Council Messrs. Collins of Wd. 13, MacDonald of 12, Martin of 15, Simpson of 1, Flynn of 17, Wells of 1, and Stone of 7.

WIDENING OF BATTERY ST.

The Council proceeded to take up No. 11, reconsideration, viz:—

11.—Ordered, That the Street Commissioners be requested to widen Battery St., from Commercial St. to the ferry, on the southerly side, to a width of about 100 feet, in accordance with the plan now in the office of the Board of Street Commissioners.

The question came on motion (notice given by Mr. Cuddy) to reconsider vote of Oct. 12, whereby said order was passed.

Mr. CUDDY of Wd. 8—Mr. President, inasmuch as I filed the notice to reconsider at the last meeting, as I was outside at the time when this order was passed I wish to say that since then I have looked into the matter thoroughly, and am satisfied that the order is all right. I therefore move reconsideration, hoping that the same will not prevail—or, if there is no objection, I should like to withdraw the notice of the motion to reconsider.

There being no objection, the notice of the filing of the motion to reconsider was considered withdrawn.

REFURNISHING OF BUILDINGS, RAINSFORD ISLAND.

The Council proceeded to take up No. 12, reconsideration, viz:—

12. Ordered, That so much of the order passed by this Board on February 27, 1899, as appropriated the sum of five thousand (5000) dollars for "Children's Institutions Department, Parental School, drainage of land," be, and hereby is, rescinded, and that the said sum be appropriated, to be expended by the Trustees for Children, for reconstructing and refurnishing buildings at Rainsford Island.

The question came on motion (notice given by Mr. Brauer) to reconsider vote of October 12, whereby said order was passed in concurrence with the Board of Estimate and Apportionment and the Board of Aldermen.

Mr. BRAUER of Wd. 23—Mr. President, I desire to say, in relation to this order, that I have been up to the Parental School and have made an investigation on my own hook, and I think that it is absolutely necessary that this appropriation should be had for those boys at the Parental School. It is to drain a certain parcel of land near a playground that the boys now occupy, and which is very low and unhealthy. I think that they should have this appropriation, as they have had no other appropriation this year, and it is a great detriment to the children to use this playground with this low land there. There are at least 150 of them, I believe, and they are in crowded quarters, and I think that inasmuch as Rainsford Island has had so much from the city we should consider these boys and let them have this \$5000, in order that this land may be drained and properly cared for. It is a disease-breeding locality if it is not drained, and the superintendent of institutions tells me that unless it is drained it will be a source of inconvenience and annoyance to them for the rest of the year. I hope that reconsideration will prevail.

The PRESIDENT—If the Council will pardon me, as the representative of the Council on the Board of Estimate and Apportionment I desire to state for the information of the Council, and particularly for the information of the gentleman from Wd. 23, that this order was passed upon a request made by the board of trustees for children, who requested the transfer of this money on account of the fact that it will take from \$10,000 to \$12,000 to drain the land, whereas they have only an appropriation of \$5000.

Mr. WATSON of Wd. 18—Mr. President, my position in reference to this money for Rainsford Island is the same as my position was in the other matter last Thursday evening. I am satisfied that conditions at Rainsford Island demand some immediate attention, and that money is needed. I am not thinking of His Honor the Mayor's interest, but the interest of those boys—and while I am speaking on the matter I desire to read in part a letter which I received from Acting Penal Institutions Commissioner Hunt, in which he says:—

"I was very much surprised in reading a speech made by you in the Common Council last Thursday night, to find you charging that the Rainsford Island children, who are now at Deer Island, are in close contact with hardened criminals."

This is not so, and you do us an injustice by making such assertions. The fact is that the boys who were transferred from Rainsford Island work in a separate room, and in the cell building they are entirely separated from the prisoners. They have a separate dining room, and in going from the prison to their work-rooms, as well as to the schoolroom and dining room, they do not come in contact with our prisoners."

Now, Mr. President, I accept his statement—or, rather, I apologize to Acting Penal Institutions Commissioner Hunt; but I do want to say that no matter how far they are from those hardened criminals on Deer Island, they should be got from there at once. I don't care if they are at the other end of the Island—they are on Deer Island, and not Rainsford. You have told us, Mr. President, that those boys were sleeping in voting booths. Many of us have been almost frozen in those voting booths, with a red hot fire in them. This money is very much needed at Rainsford Island, and, in view of the fact that the \$5000 will not do the work that the member from Wd. 23 desires to have done, I trust that he will not compel us to wait for the thirty days in order to give them this money, but that they will be given it immediately. I approve of the course of the President of this body, acting as a member of the Board of Apportionment, and I sincerely trust that we will not reconsider this order this evening.

The motion to reconsider was lost.

NIGHT SCHOOL AT SPECTACLE ISL'D.

The Council proceeded to take up No. 13, assignment, viz:—

13. Ordered, That the School Committee be requested to consider the matter of furnishing books for a night school at Spectacle Island.

The question came on giving the order a second reading.

Mr. BAGLEY of Wd. 1—Mr. President, I desire to say that since last Thursday night I have looked into this matter a little, and I find that there are about fifteen men down on Spectacle Island, who are desirous of attending school in some way or other, and they are perfectly willing to hire a teacher if they can have the books furnished to them. I am perfectly willing that the order should go through.

Mr. WATSON of Wd. 13—Mr. President, I think the member from Wd. 1 is taking advantage of this Council. Some of us are intelligent. Who are these people at Spectacle Island?

Mr. BAGLEY—Mr. President, I will simply state that they are citizens of Boston, but that they are employed by N. Ward & Company.

The order was read a second time and passed in concurrence.

LEGALITY OF STREET LIGHTING CONTRACT.

The Council proceeded to take up No. 14, assignment, viz:—

14. Communication from Corporation Counsel giving his opinion as to the legality of the contract for street lighting entered into by the city of Boston and the Rising Sun Street Lighting Company. (City Doc. No. 145.)

Mr. SANDERSON of Wd. 25—Mr. President, I move that that be referred to the Special Committee on the part of the Council for the Investigation of the Lamp Department, when appointed.

Mr. McINERNEY of Wd. 19—Mr. President, I move as an amendment to this motion made by the gentleman in the second division, that it be referred to the Committee on Lamp Department on the part of the Council.

Mr. LINEHAN—Mr. President, I rise here to oppose the amendment. I think the proper place for that opinion to be

referred is to the committee that is going to try and investigate that contract. I sincerely hope that the members of the City Council will for once refuse to bury any communication that comes from His Honor the Mayor or the Corporation Counsel. Of the legality of the contract, there is no doubt in my mind, because I realize that the statute gives to the Mayor the right to enter into any contract, no matter how large it is and gives to any department the right to make any contract, no matter how large it is, so long as it has the approval of the Mayor. But I also have an opinion that the man who introduced that bill at the House, which became the law, did it on behalf of the people, to protect their interests. He did it to prevent heads of departments entering into any contract amounting to over \$2000, without the approval of the Mayor. He did it in all good faith, never thinking for an instance that there would be a Mayor of Boston who would take advantage of that law. I sincerely hope that communication will be referred to the committee to investigate.

Mr. WATSON—Mr. President and fellow members, we are all satisfied that there will be a committee on investigation of the lamp contract appointed, and I am satisfied, as well as every other member, that the gentleman who introduced that order will be on that committee. So long as he makes the request that this committee be given the opinion, I think it only courteous that it should be done. Now, what is the use of going to work and putting this opinion into the hands of the Lamp Department Committee, when the other committee that is about to be appointed will be acting on this very matter? As a matter of fact, I suppose we might as well refer this to the Committee on Vessels and Ballast, a committee of which I was a member last year, as to the Committee on Lamps. It would do as much good. But the gentleman from Wd. 13 (Mr. Linehan), a true representative of the people, requests that his hands be not tied in the matter of the investigation, and I think it only fair that we should go to work and accede to his request. I sincerely trust that my friend McInerney's amendment will be voted down, and that Mr. Sanderson's motion will be adopted. Mr. McInerney's amendment was rejected.

Mr. Sanderson's motion, to refer the communication to the committee to be appointed to investigate into the street lighting contract, etc., was carried.

The President appointed as said Committee, Messrs. Linehan of Wd. 13, Chamberlain of Wd. 12, Cuddy of Wd. 8, Wood of Wd. 20 and Watson of Wd. 3.

RECONSTRUCTION OF FANEUIL HALL

The Council proceeded to take up No. 15, assignment, viz:—

15. Ordered, That the additional sum of fifteen hundred (1500) dollars be appropriated, to be expended by the Engineering Department in reconstructing Faneuil Hall; and that the City Treasurer be authorized to issue, from time to time, on the request of the Mayor, bonds of the city of Boston to said amount for said purpose.

The question came on the passage of the order in concurrence.

Mr. LINEHAN of Wd. 13—Mr. President, at the request of Councilman Chamberlain, I ask the members of the Council to assign this matter for one week. It is impossible for him to remain here, and he requested me to ask the members to assign it.

The question came on assignment.

Mr. MULCAHY of Wd. 14—Mr. President, I trust that this matter will not be assigned for one week. I see no reason why the gentleman from Wd. 12 (Mr. Chamberlain) should ask the gentleman from Wd. 13 (Mr. Linehan) to move the

assignment of an order of this nature. The gentlemen from Wds. 12 and 13 know that the reconstruction and remodeling of this building are going on, and they know, as well as I, that money is needed for the purpose. I trust that this order will be passed this evening.

Mr. STEVENS of Wd. 11—Mr. President, I hope the order will be assigned until the next meeting. Ever since the order was put in here to reconstruct Faneuil Hall it has been one constant request for additional money, and before we get through twice the amount which we were told originally was needed will be appropriated for the purpose. Now, I think it would be far better to assign this order to another meeting and to allow all who want it an opportunity to look into the matter. I was told that this item was simply for buying chairs. Whether that was so I do not know, but I would like the privilege of seeing whether it is needed for chairs alone. I therefore trust that the order will be assigned.

Mr. WATSON of Wd. 18—Mr. President, I think it would be a pure, unadulterated insult to refuse to assign the order tonight in the absence of the gentleman from Wd. 12, who is specially interested, and I am satisfied, after I get through my few remarks, that Councilman Mulcahy will, in all fairness to his colleague in his division, withdraw his objection to the motion made by Councilman Linehan. Councilman Chamberlain is his friend—

THE PRESIDENT—The Chair will ask the gentleman to refrain from personal designation.

Mr. WATSON—At least, Mr. President, I hope he will in all fairness withdraw his opposition to the assignment of this order. I will say, frankly, that no matter how much I have opposed the gentleman this past two years, if some friend of his requested that an order be assigned because of his absence, I would vote for the assignment of any matter that he was interested in, providing he was not here. Now, if the gentleman will not withdraw his opposition, I trust that the Council will be fair to Mr. Chamberlain and will vote to assign this order for one week.

Mr. MULCAHY—Mr. President, I want to state to the gentleman in the first division (Mr. Watson) that I am just as liberal and broad minded as any other man in this body. But I see no reason why one man should send word in here, asking this body to assign an order for a week. If this gentleman is personally interested in this order on the calendar tonight, it is his duty, in my opinion, to be present to defend his position, if it is possible for him to be here. Of course, if it is a question of illness I will at any time be willing to give way. But, hearing no reason advanced why the gentleman is not present, I urge the passage of the bill, and I trust that it will go through.

Mr. LINEHAN—Mr. President, I would like to state that very urgent business called Mr. Chamberlain away, or he would be here to answer for himself—and he is one who can answer for himself.

The motion to assign to the next meeting was declared carried. Mr. Mulcahy doubted the vote, and asked for a verification by yeas and nays. A rising vote was taken and the yeas and nays were not ordered.

Mr. Linehan moved to reconsider; lost.

FINANCE REPORT.

The President, for the Committee on Finance on the part of the Common Council, submitted a report on the Mayor's message and order (referred June 29), making an appropriation of \$1300 for an electric plant at the Dover St. bath-house—Recommending that the same be returned to the City Clerk, as owing to the lapse of thirty days from presentation to the City Council, the order has become operative.

The report was accepted, and the papers were ordered returned to the City Clerk.

WOODEN ADDITION.

Mr. EDDY, of Wd. 16, for the Committee on Building Department, submitted a report on the petition of Henry E. Wright (referred Aug 7)—Recommending the passage of the following:—

Ordered, That the Building Commissioner be authorized to issue a permit to Henry E. Wright to build, outside the building limits, a wooden addition to building on Spice St., Wd. 4; in excess of size allowed and without the construction of a brick wall as required by the ordinances, and in accordance with an application on file in the Building Department; said addition to be occupied for mercantile purposes, main building occupied for manufacturing purposes.

The report was accepted, and the order was read a second time, and the question came upon its passage.

Mr. WATSON of Wd. 18—Mr. President, owing to the fact that I was unable to get at the committee meeting at which this was considered, I would like some information on this order. My reason is that the Mayor has already vetoed an order for building the same sort of a building, and I want to be sure that this is all right before I give him a chance to veto this. I would like to have some member of the Building Committee give me some information.

Mr. STONE of Wd. 7—Mr. President, at a meeting of the Building Committee on Wednesday last that matter was brought up before the committee. We found that it had been before the committee for some time. A committee was appointed, and after going over to Charlestown, we found no valid objection; therefore we recommended to the committee yesterday that the order should be passed. The order which he refers to as having been vetoed by the Mayor is an entirely different order, and not at all connected with this one, which is to be passed tonight, I hope. The order was passed. Sent up.

PLAYGROUND, WD. 22.

Mr. LOREY of Wd. 22 offered an order—That the Park Commissioners, through His Honor the Mayor, be requested to purchase a site for a playground in Wd. 22.

Referred to His Honor the Mayor.

ELECTRIC LIGHTS TALBOT AVE.

Mr. HARVEY of Wd. 24 offered an order—That the Superintendent of Lamps be requested, through His Honor the Mayor, to provide electric lights on Talbot Ave., between Norfolk St. and Blue Hill Ave.

Referred to His Honor the Mayor.

PNEUMATIC TUBE CONTRACT.

Mr. MARTIN of Wd. 15 offered an order—That the Corporation Counsel be hereby requested to take such action as may be necessary to compel the Boston Pneumatic Tube Company to carry out the terms of the contract entered into by said company with the City of Boston.

The order was read a second time, and the question came upon its passage.

Mr. MARTIN—Mr. President, this is a matter that should be given some consideration by the Corporation Counsel. It is a franchise, a right given to a company to lay certain pipes and tubes in this city two years ago. They entered into a contract with this city, and agreed to give a certain percentage of their earnings to the city. After some deliberation, it was voted down. The Mayor vetoed that order. After several meetings it was agreed on behalf of the city by the Mayor and Mr. Ferguson on the part of the Company that they should have the permission they desired. They received the permission, and

as far as I am able to learn at this time they have not paid one cent to the city. Now, if they have not paid one cent, we should know the reason why, in these days of hard times. We are looking for money for certain transfers, time and time again, and if there is so much need of money, I do not see any reason why some cannot be obtained from this company, which entered into this agreement. I hope the Corporation Counsel will look into this matter.

The order was passed. Sent up.

ELECTION RETURNS.

Mr. CUDDY of Wd. 8 offered an order—That the City Messenger be directed to make the usual arrangements for receiving election returns on the days of the coming State and City election, and that the Common Council chamber be opened on the evenings of said days for the announcement of said returns; the expense attending the same to be charged to the appropriation for City Council Incidental Expenses.

Passed. Sent up.

CONDITION OF ALLEYS.

Mr. WATSON of Wd. 18 offered an order—That the Board of Health be requested, through His Honor the Mayor, to lay out and improve the condition of public alleys in Roxbury and in the tenement districts in general.

Mr. WATSON—Mr. President, my purpose in introducing this order here tonight is that some time last year the City Council of Boston accepted an act of the Legislature relative to public alleyways. A short while after accepting that act, I introduced an order asking the Mayor to have the alleyways laid out in thickly settled and tenement house districts. In the ward which I represent in part, there are many alleyways which will eventually be taken by the city and made into public alleys. They are in a frightfully unhealthy condition. In many places, when it rains, you cannot go through the alleyways, and the cellars are flooded. I would like to ask the members of this council from democratic wards if the Board of Health or His Honor the Mayor have laid out one alley in their wards? I would like to know, was this act accepted for the purpose of making His Honor the Mayor strong in wds. 10 and 11? If so, I made an error in voting for him. I want to know why he, a democrat, who is supposed to represent, and only supposed to represent the plain people, does not do something for the ward I represent? I want to know, is it because I represent my constituency that he neglects to do something? If so, I want him to understand that the people of my ward will endorse me again, although they never would endorse him if he ran for pound keeper. Now, Mr. President, it is only proper and right that some member from some democratic ward should get up here and inform me how much good has been done to their business by this so-called alleyway act. I want to say that you will find if you look through the records that something like alleyway nine hundred and something has been laid out, and you will find that it is in Wd. 11. Why, the alleyways in Wd. 11 are better than many of the streets in my ward—far better. I want to ask, in closing, that His Honor the Mayor for once forget that I am asking for something for my district, forget that I may get a little honor if he does something, forget that I am not with him or with his, but that he will do something for the people who voted for both him and me—and today they are satisfied that they did right in voting for me, and that they did wrong in voting for him. (Laughter.)

The order was referred to His Honor the Mayor.

PLAYGROUND, WD. 16.

Mr. WATSON of Wd. 18 offered an order—That the Park Department be requested to inform the Common Council, through His Honor the Mayor, what they have done towards locating a playground in Wd. 18, if anything.

Referred to His Honor the Mayor.

NEW HIGH SCHOOL, CHARLESTOWN

Mr. DOHERTY of Wd. 3 offered an order—That the School Committee, through His Honor the Mayor, be requested to petition the General Court, at its next session, for the passage of an act to authorize a loan of two hundred and fifty thousand dollars, outside of the debt limit, to be expended in the construction and furnishing of a new high school building in the Charlestown District.

Referred to His Honor the Mayor.

STREET IMPROVEMENTS, WD. 24.

Mr. MILDGRAM of Wd. 24 offered an order—That the Superintendent of Streets, through His Honor the Mayor, be requested to repair the surface of Granite Ave., in Wd. 24, from its junction with Adams St. to the Neponset River bridge, the street at present being in a dangerous condition to travel.

Referred to His Honor the Mayor.

Mr. MILDGRAM of Wd. 24 offered an order—That the Superintendent of Streets, through His Honor the Mayor, be requested to construct a catch-basin at the northeast corner of the junction of Adams and Milton Sts., Wd. 24.

Referred to His Honor the Mayor.

Mr. MILDGRAM of Wd. 24 offered an order—That the Superintendent of Streets, through His Honor the Mayor, be requested to construct a crosswalk across Adams St., along the projection of the northerly line of Milton St., Wd. 24.

Referred to His Honor the Mayor.

CHANGE IN DORCHESTER HIGH SCHOOL.

Mr. MILLER of Wd. 20 offered an order—That His Honor the Mayor be requested to notify the School Committee that the entrance to the new high school building in Dorchester, on the west side, which is the most prominent side of said building, is not in keeping with the general plan of the structure; and, in the opinion of the Common Council, said committee should take such action as will bring about a satisfactory alteration of said entrance.

Mr. MILLER of Wd. 20.—Mr. President, I wish to say just one word in regard to this matter, so that the architects or the School Committee may not misconstrue my motive in presenting this order. We are expending in the vicinity of a half a million dollars for a Dorchester High School, which is being built on a lot bounded by Talbot Ave., Centre St. and Washington St. Now, Washington St. is the main thoroughfare, and through some oversight or error, the rear entrance, or a door supposed to be one of the rear entrances, faces Washington St., and this is really the most conspicuous part of the building. I simply want this brought to their attention, to see if something cannot be done to change the outside appearance of this building without in any way necessarily affecting the interior. I simply wanted to make this explanation in regard to it.

The order was referred to His Honor the Mayor.

REPAIRS ON PHILLIPS SCHOOL.

Mr. ARMISTEAD of Wd. 11 offered an order—That the School Committee, through His Honor the Mayor, be requested to inform the Common Council why repairs have not been made on the Phillips school-house in accordance with the appropriation already made for the purpose, and that the attention of said committee be hereby called to the necessity of immedi-

ately causing said repairs to be made in order to ensure the health of the teachers and pupils who are obliged to occupy this building.

Referred to His Honor the Mayor.

ADDITION TO CONTRACT.

Mr. ARMISTEAD of Wd. 11 offered an order—That the School Committee, through His Honor the Mayor, be requested to inform the Common Council why the contractor, Frank G. Cobourn, to whom the contract was awarded for building a schoolhouse in East Boston at a cost of \$35,000, was allowed to add over \$7000 to his original figure after the bids had been opened and contract signed.

Referred to His Honor the Mayor.

DELAY IN OPENING CHARLESTOWN BRIDGE.

Mr. GIBBONS of Wd. 5 offered an order—That the Boston Transit Commission be requested, through His Honor the Mayor, to inform the Common Council as to the cause of the delay in opening the new Charlestown bridge and when it is expected that said bridge will be ready for the use of the public.

The PRESIDENT—The order will be referred to His Honor the Mayor.

Mr. GIBBONS of Wd. 5—Mr. President, before the reference of that order to the Mayor, I wish to make a few remarks. It might seem to some unnecessary to introduce the order at this meeting after what has appeared in one of the Boston morning papers, but I wish information from the Transit Commission and not through any other source. I had an order to this effect drawn up at the last meeting of the Council, but, through the kindness of a gentleman who moved to adjourn the Council before its business was completed, I did not get an opportunity to introduce it. Mr. President, to my knowledge that bridge has been completed since the first of the summer. I have made no secret of the fact that I proposed to find out from the Boston Transit Commission why the bridge has not been opened. Perhaps I know and perhaps I do not, but I want an authentic report from the Commission, not through a newspaper. When that report comes in I propose to pay my respects to the Boston Transit Commission.

The order was referred to His Honor the Mayor.

DRAINING OF LAND, PARENTAL SCHOOL.

Mr. BRAUER of Wd. 23 offered an order—That the Board of Estimate and Apportionment be requested to provide a sum sufficient to drain the land at the Parental Home, West Roxbury.

Referred to His Honor the Mayor.

VOTING LIST IN GERMANTOWN.

Mr. NEWHALL of Wd. 23 offered an order—That the Election Commissioners, through His Honor the Mayor, be requested to place a voting list in that portion of Wd. 23 known as Germantown.

Referred to His Honor the Mayor.

REPAIR OF SIDEWALKS.

Mr. NEWHALL offered an order—That the Street Department, through His Honor the Mayor, be requested to put the sidewalks on Temple St., Wd. 23, in a proper condition.

Referred to His Honor the Mayor.

TRIMMING OF TREES.

Mr. GIBLIN of Wd. 15 offered an order—That the Superintendent of Public Grounds be requested to trim trees in front of 55, 56, 57, 58 and 59 Thomas Park; the same being a menace to travel.

Referred to His Honor the Mayor.

EXPENSES OF BATH DEPT.

Mr. STEVENS of Wd. 11 offered an order—That the Bath Commission be requested to report at the next meeting of the Common Council the amount of money they have expended since Jan. 1, 1899, to Oct. 1, 1899; also the amount of unpaid bills and for what they were contracted; also the number of people who have used the different bathhouses; the report to be so worded that we can see what each bathhouse has cost to be maintained and the amount spent for construction.

Referred to His Honor the Mayor.

MEMBERS PRESENT.

The Clerk, by direction of the President, called the roll to ascertain the number of members present, with the following result:—

Present—Armistead, Atwood, Badaracco, Bagley, Battis, Bennett, Brauer, Brennan, Broderick, Collins, Connolly, Cuddy, Curley, Doherty, Donahoe, Doyle, Eddy, Fenton, Gibbons, Giblin, Harvey, Hickey, Horigan, Howard, Jordan, Kananof, Kelley, Kiley, Kiernan, Leftovith, Leonard, Linehan, Logan, Lorey, Mansfield, Martin, Millard, Miller, Moore, Mulcahy, Newhall, O'Brien, Peck, Rice, Roemer, Rolland, Sanderson, Simpson, Stevens, Stockton, Stone, Sullivan, Sweeney, Tobin, Turnbull, Walker, Watson, Wells, Winsloe, Wood—60.

Absent—Bordman, Bradley, Carroll, Casey, Chamberlain, Donovan, Emery, Flynn, Hibbard, Johnson, Lydon, McDonald, Madden, McInerney, Nangle—15.

Adjourned at 8:38 o'clock P.M., on motion of Mr. Walker of Wd. 25, to meet on Thursday, Oct. 26, at 7:45 P.M.

CITY OF BOSTON.

Proceedings of the Board of Aldermen.

Monday, Oct. 23, 1899.

Regular meeting of the Board of Aldermen, held in the Aldermen's Room, City Hall, at 3 o'clock P.M., Chairman Barry presiding, and all the members present.

The Board voted, on motion of Ald. Colby, to dispense with the reading of the records of the last meeting.

JURORS DRAWN.

Jurors were drawn, in accordance with the provisions of chap. 514 of the Acts of 1894, as follows:—

Thirty-four traverse, Superior Criminal Court, Nov. 13th: Timothy J. Deasy, Wd. 7; Edw. J. Dowd, Wd. 19; Geo. W. Locke, Wd. 15; John J. Glacken, Wd. 6; Patrick McNulty, Wd. 4; Chas. A. Dodge, Wd. 25; Nathan C. Child, Wd. 23; Geo. B. Brewster, Wd. 9; Wm. J. Duffy, Wd. 16; Austin Bigelow, Wd. 25; Chas. C. Collins, Wd. 13; David B. Shaw, Wd. 3; John A. Martin, Wd. 13; Daniel F. Kelly, Wd. 13; John E. Duffy, Wd. 17; Daniel Donovan, Wd. 13; James F. Dowling, Wd. 23; Creighton J. Hill, Wd. 21; George W. Gale, Wd. 11; Dennis D. Driscoll, Wd. 9; Joseph Wagner, Wd. 25; John B. Dullay, Wd. 3; Daniel H. Gillespie, Wd. 17; Thos. C. Chase, Wd. 20; Frank J. Wermers, Wd. 20; Gustave A. Friedel, Wd. 23; Bartholemew Flynn, Wd. 6; Burton B. McCully, Wd. 3; Chas. R. Arlen, Wd. 9; Fred'k C. Moseley, Wd. 24; Joseph Mode, Wd. 21; Edw. W. Butler, Wd. 18; Lewis Myers, Wd. 21; John J. Farrell, Wd. 6.

Nine petit, United States District Court, October term: Edw. Briggs, Wd. 24; James Otis Leman, Wd. 20; Frank S. Hussey, Wd. 20; Michael J. Golden, Wd. 14; Hosea R. Tillison, Wd. 15; Wm. F. Robinson, Wd. 6; Edw. F. Dunham, Wd. 20; James T. Souther, Wd. 7; O. Herbert Hodgkins, Wd. 23.

GARBAGE PLANT NUISANCE.

The following was received:—

Mayor's Office, City Hall,
Boston, Oct. 23, 1899.

To the Board of Aldermen:—

I transmit herewith a communication from the Board of Health in reply to your order requesting a report as to "what action the said Board proposes to take relative to the abating of the garbage plant nuisance existing at Cow Pasture."

Respectfully,

Josiah Quincy, Mayor,
Health Department, Old Court House,
Boston, Oct. 21, 1899.

Hon. Josiah Quincy, Mayor,
Dear sir:—

In response to an order of the Board of Aldermen asking to be informed at its next meeting "what action the Board of Health proposes to take relative to the abating of the garbage plant nuisance now existing at Cow Pasture," we have to say that the matter referred to has been thoroughly investigated by the Board of Health and its conclusions were sometime since communicated, through His Honor the Mayor to the Superintendent of Streets, who, under the terms of the contract between the City of Boston and the New England Sanitary Product Co., is authorized and empowered to abate any nuisance shown to be prejudicial to the public health or comfort in the operation of the new garbage plant. Very respectfully,

The Board of Health,
Samuel H. Durgin, Chairman.

Ald. McDONALD—Mr. Chairman, after listening to the communication from the Board of Health, I would state that notwithstanding the report from that office,

ent body, there still exists a nuisance from the garbage plant in Dorchester. The matter should have been attended to and looked into more carefully, it seems to me. However, I will move that the communication be referred to the Committee on Public Improvements.

The communication was referred to the Committee on Public Improvements.

ADDITION TO RESERVE FUND.

The following was received:—

Mayor's Office, City Hall,
Boston, Oct. 23, 1899.

To the City Council:—

I transmit herewith an order passed by the Board of Estimate and Apportionment at its meeting today making an additional appropriation of \$100,000 to the Reserve Fund, the said appropriation to be met by additional revenue estimated by the City Auditor in excess of his estimate made at the first of this year.

Respectfully submitted,
Josiah Quincy, Mayor.

City of Boston,

In Board of Estimate and Apportionment.

Oct. 23, 1899.

Ordered, That an additional appropriation of one hundred thousand dollars (\$100,000) is hereby made to the Reserve Fund, the same to be met by the additional revenue estimated by the City Auditor under date of October 18th in excess of his previous estimate of revenue.

Passed.

John P. Dore,
David F. Barry,
Laurence Minot,
Josiah Quincy,

Members of the Board of Estimate and Apportionment.

Referred to the Committee on Public Improvements, on motion of Ald. Codman.

NEW FERRYBOAT AUTHORIZED.

The following was received:—

Mayor's Office, City Hall, Boston,
October 23, 1899.

To the City Council:—

I transmit herewith an order passed by the Board of Estimate and Apportionment at its meeting today, authorizing the Superintendent of Streets to construct and equip a new ferryboat, the expense to be met from the loan authorized by Chapter 435 of the Acts of 1895. The City Council authorized the Superintendent of Streets to construct the "Noddle Island," the idea being to increase by one the number of ferryboats. This increase has been offset, however, by the taking of the "East Boston" by the United States government, and the need for a new boat is pressing.

Respectfully submitted,

Josiah Quincy, Mayor,
City of Boston,

In Board of Estimate and Apportionment,

Oct. 23, 1899.

Ordered, That the Superintendent of Streets be directed to construct and equip a new ferryboat for the Ferry Division of the Street Department, the expense thereof to be charged to the loan authorized by Chapter 435 of the Acts of 1895.

Passed, and we certify that the said appropriation is not to meet a current expense.

Josiah Quincy,
David F. Barry,
John P. Dore,
Laurence Minot,

Members of the Board of Estimate and Apportionment.

Passed. Sent down.

ORDER BOX ON SIDEWALK—VETO.

The following was received:—

Mayor's Office, City Hall,
Boston, Oct. 23, 1899.

To the Board of Aldermen:—

I return herewith without my signature a vote passed by your Board grant-

ing permission to David J. Brett to place a small order box on the sidewalk at 127½ Washington St., Wd. 9, for the reason that, in the opinion of the Law Department, said vote is illegal.

Respectfully submitted,

Josiah Quincy, Mayor.

The vote whereby leave was granted to place an order box on the sidewalk was reconsidered and the question came on granting leave, the Mayor's objections to the contrary notwithstanding. The Board refused to grant the permit over the Mayor's veto, the vote being:—

Yeas—Ald. Barry, Day, Doyle—3.

Nays—Ald. Adams, Berwin, McDonald, Presho—4.

HEARINGS AT 3 O'CLOCK.

1. On petition of Freeman Nickerson et als., trustees, for leave to project three bay-windows, from building 35 Central Sq., corner of Saratoga St., Wd. 1—one over the corner of said square and street, and two over Saratoga St.

2. On petition of Pierce J. Grace for leave to project a permanent awning over the sidewalk on Washington St., Wd. 9, in front of Columbia Theatre.

No objections. Severally referred to the Committee on Buildings Dept. (Ald.)

PETITIONS REFERRED.

The following petitions were received and were referred to the committees named, viz:—

Building Dept. (Ald.)

Petitions for leave to project signs, etc., viz:—

Carlton W. Crocker & Co., two signs, at 108 Trenton St., Wd. 1.

Kalish & Rosen, an illuminated sign, at 20 Salem St., Wd. 6.

Abram Petow, a sign, at 38 Lowell St., Wd. 8.

A. P. Welch, two barber poles, and two V-shaped signs, at 62 Causeway St., Wd. 8.

Eli Goldstein, a sign, at 44 Lowell St., Wd. 8.

New England School of Engineering, an illuminated sign, at 121 Haverhill St., Wd. 8.

Mich Daniele, a sign, at 148 Shawmut ave., Wd. 9.

L. W. Eddy & Co., a sign, at 709 Dudley st., Wd. 16.

F. H. Thompson, two barber poles, at 46½ Warren st., Wd. 17.

Bradbury Bros., a druggist's mortar, at 559 Dudley st., Wd. 17.

Hugh W. Bresnahan, four campaign transparencies, at 301 Broadway, Wd. 13.

Fred J. Kneeland, a campaign transparency, at 3764 Washington st., Wd. 23.

Diamond Bros., wooden advertising sign, 20 Salem st., Wd. 6.

Diamond Bros., wooden advertising sign, 43 Salem st., Wd. 6.

W. C. S. Healey, illuminated sign, 2 North Ferry Ave., Wd. 2.

Philip Logue, transparency, 41 Washington st., Wd. 6.

J. F. Tehan, illuminated sign, 136 Court st.

James H. Doyle, two transparencies, 1042 Tremont st.

Margaret Gordon, sign, 19 Tremont Row, Wd. 6.

Gross & Strauss Co., electric sign, corner Washington and Bedford sts., Wd. 7.

John W. Green, transparency, 2½ Charter st., Wd. 6.

Claims.

John F. Kelly, Admr., for payment of balance remaining from tax sale of estate on Bismarck st.

John F. Kelly, Admr., for payment of balance remaining from tax sale of estate on Messenger st.

F. W. Hunnewell, Trustee, for compensation for damages to house caused by an accident in removing tree in constructing Boston Elevated Railway.

Geo. F. Byrne, for compensation for injuries caused by an alleged defect in East Third st.

George S. Haddock, for compensation for damages to estate 76 Lonsdale st., caused by overflow of surface water.

W. J. Gallivan, for a hearing on the question of compensation for damage to carriage.

George A. Jordan, to be refunded \$244.18, being the amount of judgment and costs in a suit against him on account of his acts as a police officer.

Electric Wires.

The New England Tel. and Tel. Co. of Mass., for leave to remove poles on Hastings st., Wd. 23.

Same company, for leave to attach wires to trees on Magnolia and Catawba streets. Faneuil Hall, Etc.

Democratic State Committee of Mass., for the use of Faneuil Hall on the evening of Oct. 27, for a political meeting.

Social Labor Party, for the use of said hall on the evening of Nov. 3, waiving the fee.

Josiah Quincy, for the use of Faneuil Hall, on the evening of November 9, 1899.

Lamps.

Geo. W. Armstrong, for a public lamp in front of 76-78-80 Utica St., Wd. 7.

Licenses.

Petitions for amusement licenses for the season ending August 1, 1900, viz:—

Division 22, A. O. H., for musical, dramatic, literary and dancing entertainments at Sheridan Hall, Gurney St.

F. Weisenberger, for literary, musical, dramatic and dancing entertainments, at Germania Hall, 148 Columbus Ave.

Hugh W. Sanford, president of Harvard Shooting Club, for license for shooting clay pigeons on Soldiers Field.

Police (Ald.)

Elizabeth P. Hodson, to be paid for loss of fowls killed by dogs.

Public Improvements.

Norcross Bros., for leave to erect a guy post on A St., S. B.

Albert R. Whittier, for leave to construct an area with ash lift in sidewalk, at 13-15 Exchange St., Wd. 6.

Geo. C. Cornan, for leave to construct a bulkhead in sidewalk at 805 Albany St., Wd. 17.

Eastern Cold Storage Co., for leave to lay a pipe under and along Creek Sq., in rear of 33-44 North St., Wd. 6.

Israel Nesson, for leave to erect two posts, with electric lights, in sidewalk on Albermarle St., Wd. 10.

Estate of John P. Nichols, for leave to construct four areas in sidewalk at 11-13-15-17 Blue Hill Ave., Wd. 17.

Petitions for sidewalks, viz:—

Robert Garner, 19 Condon St., Wd. 1.

James S. Dorsey, 278-280 Blue Hill Ave., Wd. 16.

Christina Single, 23 Schiller St., Wd. 19.

Wm. James Day, 8 Fenelon St., Wd. 20.

B. F. Roach, 1175 Dorchester Ave., Wd. 20.

Michael H. Burke, 35 Sagamore St., Wd. 20.

Enoch J. Shaw, 37 Sagamore St., Wd. 20.

PAPERS FROM COMMON COUNCIL.

3. Message from the Mayor, recommending the passage of the following:—

Ordered, That the Superintendent of Public Buildings, with the approval of His Honor the Mayor, be authorized to lease, for the term of twenty years, and at a rental of two hundred and fifty dollars a year, for the purpose of using the same as a site for the ambulance station for South Boston, for which the sum of ten thousand dollars has been appropriated, a certain parcel of land situated in South Boston, owned by the Carney Hospital, and bound-

ed and described as follows: easterly by National St., which leads into Fourth St., near its intersection with Dorchester St., forty feet six inches; southerly by land now or formerly of Martin, eighty-seven feet; westerly by land now or formerly of Calvin Aiken, by line parallel with the westerly line of said National St. (and also parallel with Old Harbor St.), forty feet six inches; northerly by land supposed to have belonged to George Sweetlin, eighty-seven feet.

The Chairman offered the following amendment:

Add at the end thereof the following:

"The city shall also assume and pay all taxes, assessments and betterments of all kinds assessed upon said land during said term."

The message was placed on file and the order as amended was passed. Sent down for concurrence.

4. Ordered, That the Corporation Counsel be hereby requested to take such action as may be necessary to compel the Boston Pneumatic Tube Company to carry out the terms of the contract entered into by said company with the City of Boston.

Passed in concurrence.

5. Ordered, That the City Messenger be directed to make the usual arrangements for receiving election returns on the days of the coming state and city elections, and that the Common Council Chamber be opened on the evenings of said days for the announcement of said returns; the expense attending the same to be charged to the appropriation for City Council, incidental Expenses.

Passed in concurrence.

6. Report of Committee on Building Department, recommending the passage of the following:—

Ordered, That the Building Commissioner be authorized to issue a permit to Henry E. Wright to build, outside the building limits, a wooden addition to building on Spice St., Wd. 4, in excess of size allowed and without the construction of a brick wall as required by the Ordinances, and in accordance with an application on file in the Building Department; said addition to be occupied for mercantile purposes; main building occupied for manufacturing purposes.

Report accepted; order passed in concurrence.

CONFIRMATION OF APPOINTMENT.

The Board proceeded to take up No. 7, unfinished business, viz.:—

Action on appointments submitted by the Mayor, viz.:—

7. James O'Connor, to be a Constable for the term ending April 30, 1900, in place of Thomas O'Connor, resigned.

The question came on confirmation. Committee—Ald. Brick and Presho. Whole number of ballots cast 9, yes 9, and the appointment was confirmed.

The Board proceeded to take up No. 8, unfinished business, viz.:—

8. William H. Powers, to be a Constable for the term ending April 30, 1900, in place of Edward J. Holland, removed.

Laid on the table, on motion of Ald. Presho.

VETO OF PERMIT.

The Board proceeded to take up No. 9, special assignment, viz.:—

3. Message of the Mayor vetoing permit to Martin Sullivan & Co., to project a sign at 732 Washington St., Wd. 7.

The question came on granting the permit the Mayor's veto to the contrary notwithstanding. The Board refused to grant the permit; the vote being yeas 0, nays 12.

ACCEPTANCE OF LOCATIONS.

Communications were received from the West End Street Railway Co. accepting its

183d and 184th locations and agreeing to comply with the conditions therein.

Severally placed on file.

APPEAL FROM AWARD.

Notice was received from D. P. Nichols & Co., lessees of part of estate of Harlan P. Whitcomb of appeal from award on account of the taking of said estate by Boston Elevated Railway Co.

Placed on file.

CLERK HIRE.

Thomas F. Temple, Register of Deeds, submitted a report in accordance with the provisions of Sec. 2, Chap. 493, of the Acts of 1895, certifying that certain persons had been employed in his office and that work had been performed to the amount of \$1600.98.

Approved by the Board.

CANOPY—ORDER OF NOTICE.

On the petition of F. L. Ames Estate for leave to construct a canopy over gallery entrance to theatre on Boylston St., Wd. 7—an order of notice was passed for a hearing thereon on Monday, Nov. 6th, at 3 o'clock P. M., when any parties objecting thereto may appear and be heard.

FOWLS KILLED BY DOGS.

Ald. BERWIN, for the Committee on Police (Ald.) submitted the following:—

(1) Report on the petition of Elizabeth P. Hodson (referred today), to be paid for loss of fowls killed by dogs,—recommending the passage of the following order:—

Ordered: That there be allowed and paid to Elizabeth P. Hodson the sum of One Dollar and Fifty Cents (\$1.50) in compensation for the loss of fowls killed by dogs, Oct., 14, 1899; said sum to be paid from the income from dog licenses.

Report accepted, order passed.

(2) Report on similar petition of Mary Brophy (referred Sept. 18), recommending the passage of the accompanying order:—

Ordered: That there be allowed and paid to Mary Brophy the sum of Six Dollars (\$6.00) in compensation for the loss of fowls killed by dogs, September 8, 1899; said sum to be paid from the income from dog licenses.

Report accepted, order passed.

(3) Report on similar petition of Ellen Hannan (referred May 8), recommending the passage of the following order:—

Ordered: That there be allowed and paid to Ellen Hannan the sum of Three Dollars (\$3.00) in compensation for the loss of fowls killed by dogs April 11, 1899; said sum to be paid from the income from dog licenses.

Report accepted, order passed.

(4) Report on similar petition of Edith F. Conness (referred May 22), recommending the passage of the following order:—

Ordered: That there be allowed and paid to Edith F. Conness the sum of Sixteen Dollars (\$16.00) in compensation for the loss of fowls killed by dogs April 16, 1899; said sum to be paid from the income from dog licenses.

Report accepted, order passed.

(5) Report on similar petition of George F. Burckhart (referred June 29), recommending the passage of the following order.

Ordered: That there be allowed and paid to George F. Burckhart the sum of Six Dollars and Fifty Cents (\$6.50) in compensation for the loss of fowls killed by dogs, June 25, 1899, said sum to be paid from the income from dog licenses.

Report accepted, order passed.

LICENSES.

Ald. COLBY, for the Committee on Licenses, submitted the following:—

(1) Reports recommending that minors'

licenses be granted to 26 newsboys, 2 boot-blacks and vendors.

Reports accepted, licenses granted on the usual conditions.

(2) Reports recommending that licenses be granted on petitions referred today, as follows:—

Division 22, A. O.H., for musical, dramatic, literary and dancing entertainments at Sheridan Hall, Gurney St., for the season ending Aug. 1, 1900.

Hugh W. Sanford, President Harvard Shooting Club, to shoot clay pigeons on Soldiers' Field, Wd. 25, for season ending Aug. 1, 1900.

F. Weisenberger, for Germania Hall, 1448 Columbus Ave., for literary, musical and dramatic entertainments and dancing, for the season ending August 1, 1900.

Reports accepted, licenses granted on the usual conditions.

CLOSING OF FREEPORT STREET.

Ald. CODMAN offered an order—That the Superintendent of Streets be authorized to close Freeport St., between Preston and Tenean Sts., Wd. 24, to public travel during necessary repairs on Commercial Point Bridge.

Passed.

ARRANGEMENTS FOR STATE ELECTION.

Ald. COLBY offered an order, That the City Clerk be and hereby is directed to give notice, by advertising the same as required by law, that meetings of the citizens of this city, qualified to vote for State officers, will be held at the several polling places designated for the purpose by the Board of Election Commissioners, on Tuesday, the seventh day of November next, for the election of a Governor, Lieutenant-Governor, Secretary, Treasurer, Auditor, Attorney-General, Councillors, Senators, and Representatives in the General Court.

The polls at said election will be opened at six o'clock A.M. and closed at four o'clock P.M.

Passed.

ELECTRIC WIRES.

Ald. DOYLE, for the Committee on Electric Wires, submitted the following:—

(1) Report on the petition of the Boston Electric Light Co. (recommitted Sept. 18)—recommending the passage of the following:—

Ordered, That permission be granted to the Boston Electric Light Co. to place and maintain poles for the support of wires at points designated by red dots on a plan deposited in the office of the Superintendent of Streets, made by D. A. Harrington, dated Sept. 11, 1899; said poles to be located as follows:—

Washington St., 9 poles, 46 ft. high, 14 in. in diameter; width of sidewalk, 12 ft.

Union Park St., 2 poles, 40 ft. high, 14 in. in diameter; width of sidewalk, 8 ft.

Worcester St., 1 pole, 40 ft. high, 14 in. in diameter; width of sidewalk, 8 ft.

Newman St., 4 poles, 35 ft. high, 14 in. in diameter; width of sidewalk, 8 ft.

K St., 2 poles, 35 ft. high, 14 in. in diameter; width of sidewalk, 8 ft.

L St., 5 poles, 35 ft. high, 14 in. in diameter; width of sidewalk, 8 ft.

P St., 1 pole, 35 ft. high, 14 in. in diameter; width of sidewalk, 8 ft.

H St., 4 poles, 35 ft. high, 14 in. in diameter; width of sidewalk, 8 ft.

Dorchester Ave., 1 pole, 60 ft. high, 18 in. in diameter; width of sidewalk, 10 ft.

Broadway, 2 poles, 40 ft. high, 15 in. in diameter; width of sidewalk, 12 ft.

London St., 2 poles, 35 ft. high, 14 in. in diameter; width of sidewalk, 8 ft.

Liverpool St., 6 poles, 35 ft. high, 14 in. in diameter; width of sidewalk, 8 ft.

Paris St., 3 poles, 35 ft. high, 14 in. in diameter; width of sidewalk, 8 ft.

The Superintendent of Streets is hereby authorized to issue permits for opening and occupying streets for placing and maintaining said poles on the conditions specified in chapter 38, section 15, of the Revised Ordinances of 1898.

The work of locating said poles to be completed within six months from date of the passage of this order.

Report accepted; order passed.

(2) Report on the petition of the New England Telephone and Telegraph Co. of Mass. (referred today), for leave to remove poles on Hastings St., Wd. 23—Recommending the passage of the following:—

Ordered, That permission be granted to The New England Telephone and Telegraph Company of Mass. to remove from Hastings St., Wd. 23, five poles shown by red dots marked "removed" on a plan made by G. H. Dresser, dated January 13, 1899.

Report accepted; order passed.

(2) Report on petition of the same company (referred today), for leave to attach wires to trees on Magnolia and Catawba Sts.—Recommending the passage of the following:—

Ordered, That permission be granted to The New England Telephone and Telegraph Company of Mass. to attach wires to six trees on Magnolia St., between Hooper Ave. and Magnolia Sq., and to one tree opposite 22 Catawba St.; said attachment to be made by bending wire around a part of each of said trees, over blocks painted substantially the color of the tree, and so placed as to protect the tree from injury.

Report accepted; order passed.

LAYING OUT OF VINSON ST.

Ald. ADAMS offered the following:—

Ordered, That the Board of Street Commissioners be requested to make a plan for the laying out of Vinson St., from Park St. to Geneva Ave., Wd. 20, give a public hearing and accept and construct said street under the provisions of Chapter 323 of the Acts of 1891.

Passed.

GRADES ON HAMILTON ST.

Ald. ADAMS offered the following:—

Ordered, That the Board of Street Commissioners be requested to give a public hearing at the earliest possible date on relocating and changing the grades on Hamilton St., Wd. 20, in accordance with a plan just completed and approved by the City Engineers.

Passed.

BRANCH LIBRARY, DORCHESTER.

In connection with the petition of Thomas F. Lamson and very many others for a branch library, Ald. Adams offered the following:—

Ordered, That the trustees of the Boston Public Library be hereby requested to establish a branch library to be located at Proctor's Pharmacy, corner of Olney and Bowdoin Sts., Dorchester, for the accommodation of the public in that vicinity. The order was passed.

ATTACHING OF WIRES TO TREES.

Ald. DOYLE offered the following:—

City of Boston. In the year One Thousand and Eight Hundred and Ninety-nine.

An ordinance relating to trees. Be it ordained by the City Council of Boston as follows:—

Chapter 47 of the Revised Ordinances of 1893 is hereby amended by inserting a new section, to be section 105 of said Chapter, and by re-numbering section 105 so as to be section 106; said new section to be as follows:—

"Section 105. No person shall attach any wire to a tree belonging to the city, or in any street, except by bending wire around a part of the tree, over blocks painted substantially the color of the tree, and so placed as to protect the tree from injury."

Passed, under a suspension of the rules.
Sent down.

FRANKLIN FUND REPORT.

Chairman Barry presented the following:—

City of Boston.

October 17, 1899.

To the Honorable the City Council:—

The managers of the Franklin Fund submit herewith a preamble and order providing for the disposition of the Franklin Fund, and recommend its passage by the City Council.

For and in behalf of said managers,
David F. Barry, Chairman.

City of Boston,

In Board of Aldermen, Oct. 23, 1899.

Whereas, The Managers of the Franklin Fund, the donation to the Town of Boston under the will of Benjamin Franklin—propose to lay out one-half of that part of said fund now in the hands of the City Treasurer and all accumulations thereof, to be used by the city for erecting a building, to be known as the Benjamin Franklin building, upon the lot of land owned by the city on Washington St., near the corner of Dover St., now partially occupied by the old Franklin School building, and upon other lands of the city adjoining said lot, so far as the same may be considered desirable therefor, said building to contain a branch of the Public Library with reading-rooms, also a ward-room, public hall, lecture-rooms and rooms for the use of the Grand Army posts now quartered in said old building; also a public convenience station in the basement; and to lay out the remainder of said part of said fund and its accumulations, to be used by the city for erecting buildings to contain baths for all-the-year-round use, combined with public gymnasia when deemed desirable; for building public convenience stations and for the purchase of suitable lots for such buildings.

Now, therefore, it is hereby

Ordered, That if said Managers lay out said fund as above specified, the City Engineer forthwith thereafter, shall acquire for the city any land desired for said Benjamin Franklin building, and suitable lots for said other buildings, when such lots are not already owned by the city, one at least in each of the following districts: East Boston, Wds. 1 and 2; Charlestown, Wds. 3, 4 and 5; North and West Ends, Wds. 6, 7 and 8; South Boston, Wds. 13, 14 and 15; Roxbury, Wds. 17, 18, 19 and 21; Dorchester, Wds. 16, 20 and 24; shall build at least two public convenience stations, one to be located in Post Office Sq. and one in Park Sq., and shall employ architects and erect said buildings to be approved by the Managers of said fund and the Mayor, and the expense attending the carrying out of this order to be paid from the proceeds of said fund as laid out for said purposes.

The communication was ordered sent down.

It was voted, on motion of Ald. Codman, that the resolutions be printed and assigned to the next meeting.

Ald. DOYLE—Mr. Chairman, I would like to ask if it is in order at this time to present an amendment to the report of the Committee on the Franklin Fund?

The Chairman—The Chair will say, for the benefit of the gentleman, that this must go before the managers of the Franklin Fund, that any amendment that is offered must be so referred.

Ald. DOYLE—I desire to offer an amendment this afternoon, if it is in order.

The CHAIRMAN—The Chair will accept the amendment and refer it to the Board of Managers of the Franklin Fund, which includes three members not in this Board.

Ald. DOYLE offered the following amendment:—

In connection with the above, Ald. Doyle moved to amend by inserting after the words "Park Sq." the following words:—

"shall build a new bathhouse and gymnasium on the site of the present bathhouse in Wd. 18, at an expense of not less than \$50,000."

The amendment was referred to the Board of Managers of the Franklin Fund.

Ald. McDONALD offered the following:—
Whereas, Benjamin Franklin did, by his will, leave £100 sterling to the town of Boston to provide silver medals annually to be distributed by the directors of the free schools of Boston, in such manner as to the discretion of the Selectmen of the said town shall seem meet,

And whereas said fund, amounting to \$1000, does not afford income sufficient to supply medals to all the schools, and therefore none have been given to grammar schools since 1867—

Ordered, That a special committee of three members of this Board be appointed to request the Board of Trustees of the Franklin Fund to consider the propriety of transferring not exceeding \$7000 from the Franklin Fund to increase the Franklin Medal Fund, the income to be spent at the discretion of this Board under the direction of the School Committee.

Ordered, That the City Registrar be directed to prepare and report in print a list of Franklin Medal boys, and of the six graduating scholars in the grammar schools in each year since 1867 who would have been entitled to medals by previous rules. The expense to be charged to the appropriation for the contingent expenses of this Board.

Ald. McDONALD—Mr. Chairman, the order which I have just introduced calling for a special committee looking towards the increase of the Franklin Medal fund, seems appropriate at this time, when the provisions of the will of Benjamin Franklin are about to be carried out. He loved Boston and its free schools, as the extract from his will which I will now read shows:

"I was born in Boston, New England, and owe my first instructions in Literature to the free Grammar Schools established there; I therefore give One hundred Pounds Sterling to my Executors to be by them, the Survivors or Survivor of them, paid over to the Managers or Directors of the free Schools in my native Town of Boston, to be by them, or those Person or Persons who shall have the superintendance and Management of the said Schools, put out to Interest, and so continued at Interest forever, which Interest annually shall be paid out in Silver Medals, and given as honorary Rewards annually by the Directors of the said Free Schools for the encouragement of Scholarship in the said Schools, belonging to the said Town, in such manner as to the Discretion of the Select Men of the said Town shall seem meet."

It shows conclusively that it was his earnest wish that the Selectmen, the Board of Aldermen exclusively, should direct the managers or directors of the free schools—now the School Committee—as to how the Franklin Medal should be distributed, "in such manner as to the discretion of the Selectmen of said town as shall seem meet." It is clearly the Selectmen—now the aldermen—that ought to see to this trust. By the School Committee's report of 1858 the fund was \$1000, invested since 1840 in a 5 per cent. City bond; but the income did not pay for all the medals, and the City made it up, the basis of distribution being one medal for every sixty scholars. In 1857 the distribution was six to the Latin School, seven to the English High, eighty-one to the Grammar schools, or 94 in all. The cost of the medal then could not have exceeded one dollar, as the city furnished the dies.

In 1857 medals were given for the last time to the grammar schools and since then the Latin and High Schools have divided them.

We have today in Boston—1 Normal school, 11 Latin and High schools, 57 grammar schools—69 schools with about 42,000 scholars. This would call for about 700

medals and with the low price of silver the cost would not exceed 43 cents apiece. I cannot in my search find any vote passed by the Selectmen or Board of Aldermen giving the School Committee full control of the Franklin Medal fund. In 1887 as stated in my remarks, the Franklin medals were given for the last time to the grammar schools. In that year there was embodied in the rules of the School Committee the following:—

The Standing Committees of the Latin and English High Schools shall have general control of the expenditure of the Franklin Fund, and of all matters relating to the Franklin Medals, subject to the provisions of the regulations and the requirements of Dr. Franklin's will.

They shall annually divide the medals provided by the income of this fund equally between the Latin and English High Schools, and their respective standing committees shall award them to those graduates who shall be found most advanced in scholarship and meritorious deportment.

June 9, 1874, the School Committee voted that the Franklin Medals shall be apportioned to the Latin and English High Schools, according to the size of the graduating classes in the two schools.

This is the vote that I cannot find any authority for.

The transfer of \$7000 from the general fund of Franklin to this special fund would be hailed with delight by the school boys of Boston, and it would meet with the approval of the citizens of this city, for it would continue the distribution of the medal to the grammar schools, where, to all intents and purposes, that great man meant it should go, for in his will he stated plainly "I was born in Boston, New England, and owe my first instructions in literature to the free grammar schools established there."

The account of his school education as related in his autobiography will ever remain associated with the Franklin Medal.

Franklin says: "I was put to the Grammar School at eight years of age, my father intending to devote me to the service of the church. My early readiness in learning to read, which must have been very early, as I do not remember when I could not read, made it appear that I would certainly make a good scholar. I continued, however, at the Grammar School rather less than a year. But my father, burdened with a numerous family, was unable without inconvenience to support the expense of a college education."

He was then sent to a school for writing and arithmetic. The instruction of these two years in the Grammar School and the school for teaching arithmetic and writing, from 1714 to 1716, was all the regular tuition Benjamin Franklin received.

Considering the matter carefully we must come to the conclusion that Benjamin Franklin intended that the Franklin Medal should be distributed in the Grammar Schools where "my first instructions were received," he states.

For thirty-two years six graduating scholars in each of the grammar schools who were entitled to the Franklin Medal have not received it—an unjust proceeding!

The bestowment of this medal to the schools that he loved so well should be established by the Board of Aldermen if it is possible, and at this time the matter should be looked into and the rights of the Board of Aldermen and the School Board be adjusted. A special committee of the Board could act promptly.

I do not wish to deprive the Latin and High School from receiving the medal; but in justice to Benjamin Franklin, that great philosopher, the grammar school should not lose the medal that he intended should be given to its scholars. It was there he received his education, and it was especially by the grammar school

scholars that he wished to have his memory perpetuated. If we cannot secure the money from the Franklin Fund we can at least appropriate \$300 a year and add it to the income of the \$1000 fund, which will supply the medals. It will spur the young boys in our schools to greater educational efforts, and the money could be saved from the amount specified for Memorial Building and applied to the Franklin Medal without any inconvenience whatever, for \$360,000 will build the Franklin Memorial and baths and leave about \$6000 or \$7000 for Franklin Medals.

This idea has the indorsement of the officers of the Boylston School Association (of which, Mr. Chairman, you are an honored member), by President Fred E. Dolbeare, Wm. M. Clarke, secy.; Joseph O. McMullen, treas., all medal scholars, and I have no doubt that it will receive the indorsement of every school association in this city.

I hope the order will pass.

The preamble and orders were passed, and Ald. McDonald, Colby and Doyle were appointed said committee.

RECESS.

The Board voted at 4.10 p.m., on motion of Ald. Doyle, to take a recess, subject to the call of the Chair.

The Board reassembled in the Aldermanic Chamber at 5.24 P.M.

PUBLIC IMPROVEMENTS.

Ald. DOYLE, for Ald. O'Toole, for the Committee on Public Improvements, submitted the following:—

(1) Report on the message from His Honor the Mayor transmitting order making appropriation of \$25,000 for street watering (referred Oct. 16), recommending the passage of the order, which comes from the Board of Apportionment, and that the message be placed on file.

Report accepted, order passed in concurrence. Message placed on file.

(2) Report on the message of His Honor the Mayor (referred today), transmitting order from Board of Estimate and Apportionment appropriating \$100,000 additional for reserved fund, recommending the passage of the order and that the message be sent down.

Report accepted, order passed in concurrence with the Board of Estimate and Apportionment. Sent down.

(3) Report on the petition of the Eastern Cold Storage Company (referred today) for leave to lay a pipe under and along Creek Sq., in rear of 38-44 North St., Wd. 6—recommending the passage of an order—That the Superintendent of Streets be authorized to issue a permit to the Eastern Cold Storage Company to lay, maintain and use a twelve inch conduit, with iron pipes incased therein, under and along Creek Sq., at the rear of 38-44 North St., Wd. 6, as shown on a plan dated Oct. 16, 1899, on file in the permit office of the Street Department; the work to be completed on or before December 31, 1899, according to the terms and conditions expressed in the ordinances of the city relating thereto.

The report was accepted, and the question came on giving the order a second reading.

Ald. BERWIN—Mr. Chairman, we have in the past had some difficulty from the passage of these orders granting permits to these companies, and I move that this matter lie over under the rules to the next meeting of the Board.

The CHAIRMAN—The Chair would say that this has been advertised before, and it is simply desired now to obviate a great mistake. A suspension of the rule is required to put the order on its passage today. The order lies over under the rules.

(4) Reports on petitions, referred October 16, recommending the passage of orders, that the Superintendent of Streets make sidewalks, to be from 3 to 10 inches above the gutter adjoining, and to be built from 5 to 12 ft. in width, owners to furnish material, in front of the following estates:—

Edward Carroll, corner South and Poplar Sts., Wd. 23, brick.

French, Cole & Co., 73-75-81 Waumbeck St., Wd. 21, artificial stone with granite edgestone.

Samuel G. King and others, Trustees, 23 Trull St., Wd. 20, artificial stone with granite edgestone.

H. J. Freeman, Bowdoin St. side of estate corner of said street and Geneva Ave., Wd. 20, brick.

Timothy McCarthy, 1536-1542 Tremont St., Wd. 19, brick with granite edgestone.

Walter H. Baldwin, 10-16 Minden St., wd. 9, brick.

James V. Devine, Cottage St. side of estate 949 Dorchester Ave., wd. 16, brick.

James M. Cross, 103-107 Sydney St., wd. 20, brick with granite edgestone.

Fanny Bible, 728 E. Seventh St., wd. 14, brick with granite edgestone.

M. Grant Daniell, 9 Schuyler St., wd. 21, brick.

Reports severally accepted, orders passed under suspension of the rule.

(5) Report on Mayor's message (referred today), transmitting communication from Board of Health in regard to garbage plant nuisance—recommending that the same be placed on file.

The report was accepted, and in connection with the report Ald. Adams offered the following order:—

That the Superintendent of Streets, through His Honor the Mayor be requested to transmit to this Board at its next meeting the communication from the Board of Health with their conclusions, mentioned in their letter to the Board of Aldermen of this date, relative to the garbage plant nuisance said to exist at the Cow Pasture.

Ald. ADAMS—Mr. Chairman, the citizens of Dorchester and South Boston have been trying for some time past to find out what the Board of Health and the Superintendent of Streets intend to do relative to the garbage plant nuisance now existing at the Cow Pasture. I had an order passed through this Board last week requesting the Board of Health to communicate to this body its intentions and findings in the matter. The communication which we have received today from them is, to my mind, to say the least, rather evasive. It does not give the information which this Board petitioned for, and I propose, if possible, to secure the information for which I have asked, in the interest of the citizens of those two districts.

The Board of Health, according to their communication, have sent their findings and recommendations to the Superintendent of Streets. Now, Mr. Chairman, as this is a matter of public interest, I think it only fair that the Board of Health should send to this body their findings and their conclusions in regard to this matter, which has been under consideration for many months. I sincerely hope that this order will pass today and that the Superintendent of Streets will show to the members of the Board of Aldermen and to the people of that section the courtesy which is due them, letting us know the inside of this whole affair. I don't believe it is right to put the matter under a bushel and to keep it there. I think the facts should be made public. If the Superintendent of Streets does not see fit to inform us of the nature of that communication, which information we certainly are entitled to, I say here and now that I shall certainly take other steps to secure information in regard to the conclusions of the Board of Health, in some way. I trust that the order will be passed unanimously today.

The order was read, at request of Ald. Codman.

Ald. McDONALD—Mr. Chairman, it seems to me that the order introduced by my colleague from Wd. 20 (Ald. Adams) is a fair one, and that it is about time that decided action was taken in regard to the garbage plant in Dorchester. The subject has been before the Board for the past two years. After taking the garbage plant away from Gibson St. they finally remove it to the Cow Pasture, when the people of Dorchester understood at the time very clearly that the Garbage Plant was to be located on one of the islands of the harbor—where it ought to go. It is about time that the citizens of Dorchester rose in their might and demanded that the Board of Health and the people who have charge of this matter pay some attention to them. We have talked over this subject so many times that the Board of Aldermen has got tired of listening to references to the garbage plant. But the people of Dorchester are very serious in this matter. It seems to me that the inquiry by the Alderman from Wd. 20 should be answered, that a communication should have been sent here by the Board of Health, as the inquiry was made directly by the Board of Aldermen of that body. I certainly trust that the order will pass.

Ald. CODMAN—Mr. Chairman, I must join with the other two gentlemen from Dorchester in a protest to the Board of Health for the way it has treated this order which was offered by Ald. Adams. During my first year in the City Government this garbage matter was brought up, and at that time we made a fight similar to what must be made in this case. There is undoubtedly an attempt on the part of some of the officials connected with the department by which these contracts have been made and are now made to ward off, as far as possible, attacks on a garbage plant after it has really become established as a nuisance. After my connection with the first fight to do away with a garbage plant in Dorchester I felt that we had scored a success which would prevent any further attempt to crowd such a nuisance upon our section of the city. But, Mr. Chairman, in view of all the promises that were made, to the effect that the garbage plant at the Cow Pasture was simply being placed on file and that, under the language of the contract, we would have an opportunity to easily rid ourselves of it if it proved to be a nuisance, by making known the fact that it was a nuisance, those of us who were in the Board of Aldermen and in the Common Council allowed the erection of the plant at the Cow Pasture without any particular objection at the time. Now, Mr. Chairman, objections have been made and sent to the Board of Health, and why the Board of Health should not at our request send a list of those objections here is more than I can understand. When we send to the Board of Health for such a list, they send to the Superintendent of Streets. If that is not an evasion, in the first place, I fail to give a name to it. I believe if the Superintendent of Streets has that list he should be called upon for it, under the order, and if he does not see fit to send it here I believe we can have the Board of Health make a new list and send it to us. I certainly, for one, wish to give notice that if this matter is not taken up by the City officials as it should be, and pushed to a conclusion, the people of Dorchester will simply rise up as they did before and go to the courts. They don't want to undertake a long fight like that, but they are certainly not going to stand this garbage nuisance now any more than they did previously. I think myself that they are now better equipped for a fight than they were before, because they know where to strike, while the first time they had to feel their way. I trust that

the order will be passed, and that the information will be submitted to us.

Ald. BERWIN—Mr. Chairman, after the eloquent speeches made by the distinguished representatives from Dorchester, I think there is nothing left for me to do but to lend them my humble support in getting rid of this nuisance in Dorchester. The members of the press have in the past made mention of the fact that there have been combinations in the Board. I wish to say to them tonight that there is a combination including every member of the Board to assist Dorchester in its efforts to get rid of something that has been a nuisance for so many years. I am glad to find the members representing Dorchester united, although they have differed at times in the past, politically and otherwise, in this Board. I say again, I am glad to see them united this afternoon in their efforts to get rid of this nuisance; and I want to say to them, as I wish them to say to the people of Dorchester, that at the proper time, if they cannot get the redress they should get from the city of Boston, I will join with them in appealing to the courts. I have nothing more to say. I trust that the order introduced by Ald. Adams will prevail.

Ald. Adams's order was passed.

PROJECTIONS.

Ald. DAY, for the Committee on Building Department (Ald.), submitted the following:—

(1) Reports on petitions referred today, recommending that leave be granted as follows:—

Kalish and Rosen, to project an illuminated sign at 20 Salem St., Wd. 6.

Hugh W. Bresnahan, to project four transparencies at 301 West Broadway Wd. 13.

Fred J. Kneeland, to project a campaign transparency at 3764 Washington St., Wd. 23.

Bradbury Brothers, to project a druggist's mortar at 539 Dudley St., Wd. 17.

L. W. Eddy & Co., to project a sign from building 709 Dudley St., wd. 16.

F. H. Thompson, to project two barber poles at 46½ Warren St., wd. 17.

Mich Daniele, to project a sign at 148 Shawmut Ave., wd. 9.

New England School of Engineering, to project an illuminated sign at 121 Haverhill St., wd. 8.

Eli Goldstein, to project a sign at 44 Lowell St., wd. 8.

A. P. Welch, to project two barber poles and two V-shaped signs at 62 Causeway St., wd. 8.

Abram Petow, to project a sign at 33 Lowell St., Wd. 8.

Carleton W. Crocker & Co., to project two signs at 108 Trenton St., wd. 1.

Diamond Bros., wooden advertising sign, 20 Salem St., wd. 6.

Diamond Bros., wooden advertising sign, 43 Salem St., wd. 6.

W. C. S. Healey, illuminated sign, 2 North Ferry Ave., Wd. 2.

Philip Logue, transparencies, 41 Washington St., wd. 6.

J. F. Tehan, illuminated sign, 136 Court St.

James H. Doyle, two transparencies, 1042 Tremont St.

Margaret Gordon, sign, 19 Tremont Row, wd. 6.

Gross & Strauss Co., electric sign, corner Washington and Bedford Sts., wd. 7.

John W. Green, transparency, 2½ Charter St., wd. 6.

Reports accepted, leave granted on the usual conditions.

(2) Report on the petition (recommitted August 14) of William H. Gibbons, to project two bay windows from building on Tremont St., opposite Mission Church, wd. 19—that the petitioner be given leave to withdraw.

Accepted.

WOODEN ADDITION.

Ald. DAY, for the Committee on Building Department, submitted a report on the petition of the Eben D. Jordan estate (referred Oct. 9), for leave to build a wooden addition—recommending the passage of the following:—

Ordered, That the Inspector of Buildings be authorized to issue a permit to the Eben D. Jordan estate to build, outside the building limits, a wooden addition to building on Corey Road, corner Westbourne Terrace, Wd. 25, in excess of size allowed, and without the construction of a brick wall as required by the Ordinances, and in accordance with an application on file in the Department for the Inspection of Buildings; said addition to be occupied for storage purposes; main building occupied as a stable.

Report accepted; order passed. Sent down.

GENERAL RECONSIDERATION.

Ald. BERWIN moved to reconsider the action taken on all business at the meeting, hoping the same would not prevail. Lost.

FANEUIL HALL.

Ald. CODMAN, for the Committee on Faneuil Hall, etc., submitted the following:—

(1) Reports recommending that leave be granted on the usual conditions on the following petitions for the use of Faneuil Hall, referred today:—

Social Labor Party, on the evening of November 3, 1899.

Democratic State Committee of Massachusetts, on the evening of Friday, October 27, for a political meeting.

Josiah Quincy, on Thursday evening, November 9, 1899.

Reports accepted, leave granted on the usual conditions.

(2) Report on the petition of District Assembly No. 30, Knights of Labor (referred Oct. 9) for the use of Faneuil Hall, for a convention of the General Assembly of the K. of L. on November 14th to 25th inclusive (except Sunday, Nov. 19) in the daytime, and on Nov. 14 in the evening,—recommending that leave be granted, waiving the fee.

Report accepted, leave granted, waiving the fee.

(3) Reports that no action is necessary on the following petitions:—

Ancient & Honorable Artillery Co. (referred Sept. 25) for the use of Faneuil Hall on Sept. 30, and Oct. 5, 1899.

Farmers' National Congress (referred Feb. 13), for the use of Faneuil Hall on October 3, 4, 5 and 6.

Reports accepted.

REMOVAL AND TRIMMING OF TREES.

Ald. DAY offered an order—That the Superintendent of Public Grounds be directed to remove a tree standing in front of No. 6 Winthrop St., Wd. 2, said tree being an obstruction to public travel; and expense attending the same to be charged to the appropriation for Public Grounds Department.

Ald. McDONALD offered an order—That the Superintendent of Public Grounds be requested to trim one tree in front of estate No. 10 Mercer St., South Boston; the expense attending the same to be charged to the appropriation for Public Grounds Department.

Ald. McDONALD offered an order—That the Superintendent of Public Grounds be requested to remove a dead and dangerous tree standing in front of No. 48 Paris St., Wd. 2; the expense attending the same to be charged to the appropriation for Public Grounds Department.

Ald. DAY also presented the petition of F. G. Coburn & Co. for leave to remove trees on Eutaw St., East Boston, and, in connection therewith, offered an order—

That permission be granted to Frank G. Coburn & Co. to remove such trees from Eutaw St., East Boston, as may be necessary to facilitate the erection of the new Chapman School building.

The orders were severally passed.

—
NEW SIDEWALK AT GRANARY BURY-
ING GROUND.

Chairman BARRY offered an order—That the Superintendent of Streets make an artificial stone sidewalk in front of the Granary Burying ground on Tremont St., as the present sidewalk is in a dangerous condition through depressions caused by excessive travel.

Passed.

—
GRADE CROSSINGS IN EAST BOSTON.

Ald. DAY offered an order—That the Mayor of Boston be requested to direct the Law Department to accord this Board the courtesy of a reply to their request for information as to what action has been taken on the petition of the Mayor and Board of Aldermen, praying for the abolition of grade crossings in East Boston.

The order was read a second time and the question came on its passage.

Ald. DAY—Mr. Chairman, after requesting the head of the Law Department to withdraw his resignation, I suppose we cannot very well criticise him at this time. But the case is a very aggravating one. The people of East Boston are suffering in a manner which cannot be appreciated

by people who do not live over there, by reason of the grade crossings. We went to the Legislature, praying for relief, and a bill was granted; and, under that bill, on the 25th day of May, this Board petitioned the courts—the Mayor signing the petition—for relief. The matter then went to the Law Department. Under the bill there was a commission of three persons to be appointed to consider the subject, and I went individually, time after time, to the head of the Law Department to find out what progress had been made, but could get no satisfactory answer.

The matter dragged along until the 9th day of October. The people of my district were pushing me. The Citizens' Association over there at every meeting is inquiring why something is not done, and I cannot find out. I put in an order here, which the Board passed on the 9th day of October, asking for information. No information came at the last meeting, as it should have done. I then went to Mr. Bailey and he told me that it would come in surely at this meeting. I have waited until the last minute and no notice has been taken of it as yet. It seems to me that the Law Department is not treating this Board with the courtesy that it should, when a request of that nature is made by this body and two weeks is allowed to go by without any attention being paid to it.

The order was passed.

Adjourned at 5.45 P.M., on motion of Ald. Berwin, to meet on Monday, Oct. 30, at 3 P. M.

CITY OF BOSTON.

Proceedings of the Common Council.

Thursday, Oct. 26, 1899.

Regular meeting of the Common Council in the Council Chamber, City Hall, at 7:45 P.M., President Kiley in the Chair.

METALLIC FILING CASES.

The following was received:—

Mayor's Office, City Hall,
Boston, Oct. 26, 1899.

To the City Council:—

I transmit herewith an order passed by the Board of Estimate and Apportionment at its meeting today appropriating the sum of \$2000 for metallic filing cases for the City Clerk's office, Respectfully submitted,
Josiah Quincy, Mayor.

City of Boston.

In Board of Estimate and Apportionment.
Oct. 26, 1899.

Ordered, That the sum of two thousand dollars (\$2000) be appropriated, to be expended by the City Clerk in purchasing metallic file cases; and that the City Treasurer be authorized to issue, from time to time, on the request of the Mayor, bonds of the city of Boston to said amount for said purpose.

Passed, and we certify that the said appropriation is not to meet a current expense.

Josiah Quincy,
David F. Barry,
John P. Dore,
Daniel J. Kiley,
Laurence Minot,

Members of Board of Estimate and Apportionment.

Passed in concurrence with the Board of Estimate and Apportionment. Sent up.

NO QUORUM.

Mr. HARVEY of Wd. 24—Mr. President, I rise to a point of order, that there is no quorum present, and ask that the roll be called.

The Clerk called the roll, with the following result:—

Present—Atwood, Badaracco, Bagley, Battis, Bradley, Brauer, Brennan, Eddy, Fenton, Giffin, Harvey, Horrigan, Howard, Jordan, Kasanof, Kiley, Klemm, Lorey, Miller, Moore, Newhall, O'Brien, Roemer, Rolland, Sanderson, Simpson, Stevens, Stockton, Sweeney, Turnbull, Walker, Wells Wood—33.

Absent—Armistead, Bennett, Bordman, Broderick, Carroll, Casey, Chamberlain, Collins, Connolly, Cuddy, Curley, Doherty, Donahoe, Donovan, Doyle, Emery, Flynn, Gibbons, Hibbard, Hickey, Johnson, Kelley, Leftovich, Leonard, Linehan, Logan, Lydon, MacDonald, Maden, Mansfield, Martin, McInerney, Milgram, Muleahy, Nangle, Peck, Rice, Stone, Sullivan, Tobin, Watson, Winsloe—42.

The PRESIDENT—The Chair will rule the point of order well taken and will declare the Council adjourned to next Thursday night at 7.45.

CITY OF BOSTON.

Proceedings of the Board of Aldermen.

Monday, Oct. 30, 1899.

Regular meeting of the Board of Aldermen, held in the Aldermanic Chamber, City Hall, at 3 o'clock, P.M., Chairman Barry presiding and all the members present.

The Board voted, on motion of Ald. Berwin, to dispense with the reading of the records of the last meeting.

JURORS DRAWN.

Jurors were drawn in accordance with the provisions of Chap. 514 of the acts of 1894, viz.:

Thirty traverse, Superior Court, first session, October sitting:—

James J. Mulligan, Wd. 14; J. Appleton Parker, Wd. 11; Charles A. Royce, Wd. 16; Wm. H. Murphy, Wd. 17; Fred C. Wilber, Wd. 5; Charles McKenna, Wd. 19; Solomon Bacharach, Wd. 16; Charles W. Franklin, Wd. 17; George Greenwood, Wd. 7; James H. Hawkins, Wd. 12; Michael H. O'Donnell, Wd. 15; Samuel W. Houston, Wd. 9; Lawrence O'Halloran, Wd. 24; John J. Redding, Wd. 21; Clarence I. Pickert, Wd. 17; Moses Kenney, Wd. 13; Patrick J. Nagle, Wd. 7; Edw. Riley, Wd. 4; Daniel Carroll, Wd. 13; William H. Conroy, Wd. 16; Michael Cantwell, Wd. 14; Joseph L. Ellis, Wd. 4; Charles H. Jones, Wd. 4; James H. Driscoll, Wd. 4; Charles H. Grace, Wd. 13; Edward J. Athy, Wd. 13; Geo. S. Morse, Wd. 20; Elmer Chickering, Wd. 20; Henry S. Keen, Wd. 10.

Thirty traverse, Superior Court, second session, Oct. sitting:—

Joshua Hammond, Wd. 24; Francis S. Allen, Wd. 11; Everett T. Allard, Wd. 20; Jeremiah J. McCarthy, Wd. 7; John O'Connor, Wd. 11; Michael F. Farrell, Wd. 2; Chas. A. Spaulding, Wd. 24; Albert B. Whittle, Wd. 3; Joseph E. Cheney, Wd. 23; James H. Everton, Wd. 10; Chas. H. Parker, Wd. 6; Hugh H. Hamitt, Wd. 8; Samuel Keene, Wd. 25; Wilder F. Hall, Wd. 14; Solomon P. Dodge, Wd. 24; Frank J. Hayden, Wd. 15; James D. Regan, Wd. 15; John E. Fitzgerald, Wd. 3; Fred'k M. Marden, Wd. 23; James F. Boyden, Wd. 22; Hiram B. Robinson, Wd. 20; John T. Brady, Wd. 19; James Geddin, Wd. 8; Joseph Myers, Wd. 20; John D. Hupnefeld, Wd. 14; Henry D. Williams, Wd. 23; Max Wiener, Wd. 22; Wm. F. Tuck, Wd. 2; Andrew Kirk, Wd. 4; George C. Cable, Wd. 15.

Thirty traverse, Superior Court, third session, Oct. sitting:—

Matthew J. Nolan, Wd. 18; Wm. T. McKechnie, Wd. 16; Wm. D. Cotton, Wd. 22; John F. McBride, Wd. 21; George A. Bridge, Wd. 20; Alonzo N. Blake, Wd. 3; Konrad Young, Wd. 23; Chas. A. Grant, Wd. 16; John E. Sullivan, Wd. 21; Wm. P. Barnes, Wd. 12; James D. O'Sullivan, Wd. 9; Thos. P. Sullivan, Wd. 9; Howard Carleton, Wd. 18; Geo. W. Havender, Wd. 18; Chas. H. Pratt, Wd. 3; Patrick H. Horan, Wd. 16; Harry J. Hollings, Wd. 16; Alvah C. Spencer, Wd. 23; Sias A. Brayley, Wd. 1; Wm. F. Howe, Wd. 20; Joseph H. Hughes, Wd. 4; Henry S. Bicknell, Wd. 19; Edward G. Barnard, Wd. 10; Frank W. Neal, Wd. 20; Geo. McCarthy, Wd. 1; Henry J. Brawley, Wd. 19; Caleb L. Sturgis, Wd. 18; Allen Clark, Jr., Wd. 25; Wm. S. Tyler, Wd. 18; Theodore Snow, Wd. 23.

Thirty traverse, Superior Court, fourth session, Oct. sitting:—

James McMann, Wd. 13; Horace N. Hatch, Wd. 15; Chas. E. Lord, Wd. 20; Pliny B. Morrill, Wd. 15; Wm. H. Leaman, Wd. 18; Daniel O'Brien, Wd. 14; Albert C. Lynn, Wd. 5; James R. Leonard, Wd. 13; Daniel J. Gillespie, Wd. 2; Hugh J. Bagley,

Wd. 1; Wm. A. Griffin, Wd. 1; Frank S. Jarvis, Wd. 19; Martin J. Hannon, Wd. 20; Michael E. Ryan, Wd. 23; James T. Mahony, Jr., Wd. 13; Martin D. Safford, Wd. 20; Josiah G. Hentz, Wd. 24; George S. Jones, Wd. 9; James F. Canning, Wd. 25; Morris Benjamin, Wd. 21; James M. Reagan, Wd. 19; Edwin C. Stimpson, Wd. 21; Frank A. Heald, Wd. 10; Richard Nason, Wd. 14; George J. Twiss, Wd. 7; Edw. T. Curley, Wd. 21; Lewis W. Ramsdell, Wd. 19; Joseph W. Sherry, Wd. 14; John W. Sweeney, Wd. 6; John Quincy Adams, Wd. 25.

SALE OF OLD LANTERNS.

The following was received:—

Mayor's Office, City Hall,
Boston, Oct. 25, 1899.

To the City Council:—

I transmit herewith a communication from the Superintendent of Lamps requesting authority to sell to the highest bidder, after public advertisement, the old lanterns which have been replaced by Welsbach Boulevard lanterns, and for which the city has no further use.

Respectfully submitted,
Josiah Quincy, Mayor.
City of Boston,
Office of Lamp Department,
City Hall,

October 25, 1899.

Hon. Josiah Quincy, Mayor.

Sir:—I desire to call your attention to the fact that this department now has on hand, and in storage, several thousand gas lamps, taken down from lamp posts in the streets and replaced by the new lanterns for Welsbach lights installed by the Rising Sun Street Lighting Company under its contract. As I cannot see that the city will have any further use for these old lanterns, I suggest that authority be obtained from the City Council, as they will be over \$500 in value, to sell them, after public advertisement, to the highest bidder.

Yours respectfully,

James Donovan,
Superintendent of Lamps.

Order — That the Superintendent of Lamps, with the approval of the Mayor, be authorized to sell to the highest bidder, after public advertisement, the old street lanterns which have been replaced by Welsbach boulevard lanterns, and for which the city has no further use.

Referred to the Committee on Public Improvements, on motion of Ald. Presho.

TELEPHONE CABLE TO GALLUP'S ISLAND.

The following was received:—

Mayor's Office, City Hall,
Boston, Oct. 30, 1899.

To the City Council:—

I transmit herewith an order passed by the Board of Estimate and Apportionment at its meeting held on October 27th, appropriating \$2400 for a telephone cable from Long Island to Gallup's Island.

Respectfully submitted,
Josiah Quincy, Mayor.

City of Boston,
In Board of Estimate and Apportionment,
Oct. 27, 1899.

Ordered, That the sum of twenty-four hundred dollars (\$2400) be appropriated, to be expended by the Board of Health in purchasing and laying a telephone cable from Long Island to Gallup's Island; and that the City Treasurer be authorized to issue, from time to time, bonds of the city of Boston to said amount for said purpose.

Passed, and we certify that the said appropriation is not to meet a current expense.

Josiah Quincy,
David F. Barry,
John P. Dore,
Laurence Minot,
Daniel J. Kiley.

Members of the Board of Estimate and Apportionment.
 The foregoing order was transmitted to the Common Council, without alteration.

ASPHALTING HARRISON AVE.

The following was received:—
 Mayor's Office, City Hall,
 Boston, Oct. 30, 1899.

To the City Council:—
 I transmit herewith an order passed by the Board of Estimate and Apportionment at its meeting today, appropriating \$1000 for asphaltting Harrison Ave., between Asylum and Davis Sts.

Respectfully submitted,
 Josiah Quincy, Mayor.
 City of Boston.

In Board of Estimate and Apportionment,
 Oct. 30, 1899.

Ordered: That the sum of one thousand dollars (\$1000) be appropriated, to be expended by the Superintendent of Streets in asphaltting Harrison Ave., between Asylum and Davis Sts.; and that to meet the said appropriation the City Treasurer be authorized to issue, from time to time, on the request of the Mayor, bonds of the city of Boston to said amount for said purpose.

Passed, and we certify that the said appropriation is not to meet a current expense.

Josiah Quincy,
 David F. Barry,
 John P. Dore,
 Laurence Minot.

Members of the Board of Estimate and Apportionment.

The foregoing order was transmitted to the Common Council, without alteration.

IMPROVEMENTS IN INDEPENDENCE SQUARE.

The following was received:—
 Mayor's Office, City Hall,
 Boston, Oct. 30, 1899.

To the City Council:—
 I transmit herewith an order passed by the Board of Estimate and Apportionment at its meeting held today appropriating \$2700 for improvements in Independence Sq., South Boston. It is intended with this appropriation to replace the present iron fence, which is very much out of repair, with a hedge fence, and to build stone steps leading from M and N Sts.

Respectfully submitted,
 Josiah Quincy, Mayor.
 City of Boston.

In Board of Estimate and Apportionment,
 Oct. 30, 1899.

Ordered, That the sum of twenty-seven hundred dollars (\$2700) be appropriated, to be expended by the Superintendent of Public Grounds for improvements in Independence Sq., South Boston; and that to meet the said appropriation the City Treasurer be authorized to issue, from time to time, on the request of the Mayor, bonds of the city of Boston to said amount for said purpose.

Passed, and we certify that the said appropriation is not to meet a current expense.

Josiah Quincy,
 David F. Barry,
 John P. Dore,
 Laurence Minot,
 Daniel J. Kiley.

Members of the Board of Estimate and Apportionment.

The foregoing order was transmitted to the Common Council without alteration.

REMODELLING OF "A" BUILDING.

The following was received:—
 Mayor's Office, City Hall,
 Boston, Oct. 30, 1899.

To the City Council:—
 I transmit herewith an order passed by the Board of Estimate and Apportionment at its meeting today appropriating \$3000

for remodelling the "A" building, at the Insane Hospital.

Respectfully submitted,
 Josiah Quincy, Mayor.
 City of Boston.

In Board of Estimate and Apportionment,
 Oct. 30, 1899.

Ordered, That the sum of three thousand dollars be appropriated, to be expended by the Insane Hospital Trustees in remodelling the "A" building; and that the City Treasurer be authorized to issue, from time to time, on the request of the Mayor, bonds of the city of Boston to said amount for said purpose.

Passed, and we certify that the said appropriation is not to meet a current expense.

Josiah Quincy,
 David F. Barry,
 John P. Dore,
 Laurence Minot,
 Daniel J. Kiley.

Members of the Board of Estimate and Apportionment.

The foregoing order was transmitted to the Common Council, without alteration.

MONEY FOR EXECUTIONS OF COURT.

The following was received:—
 Mayor's Office, City Hall,
 Boston, October 30, 1899.

To the City Council:—
 I transmit herewith an order passed by the Board of Estimate and Apportionment at its meeting held today appropriating \$42,000 to meet deficiencies in loan appropriations caused by executions of court.

Respectfully submitted,
 Josiah Quincy, Mayor.
 City of Boston.

In Board of Estimate and Apportionment,
 Oct. 30, 1899.

Ordered: That the sum of forty-two thousand dollars (\$42,000) be and hereby is appropriated for the following-named purposes; and that to meet said appropriation the City Treasurer be authorized to issue, from time to time, on the request of the Mayor, bonds of the city of Boston, to the total amount of such appropriations, viz:—

Pauper Institutions Department.

| | | |
|----------------------------|------------|------------|
| Farm, Long Island..... | \$2,487.84 | |
| Hospital, Long Island..... | 6,643.76 | \$9,131.60 |

Park Department.

| | | |
|--|--|-----------|
| Playground, Billings Field, West Roxbury..... | | 27,060.98 |
|--|--|-----------|

Public Buildings Department.

| | | |
|---|--|--------|
| Fire Department, Buildings and Site, South Boston..... | | 609.56 |
|---|--|--------|

Street Department.

| | | |
|----------------------|--|--------|
| Gold-St. Bridge..... | | 216.66 |
|----------------------|--|--------|

Street Laying Out Department.

| | | |
|-----------------------------|------------|----------|
| Center St., Wd. 24..... | \$1,896.99 | |
| Widening and Extending..... | 3,092.91 | 4,989.90 |

\$42,000.60

Passed, and we certify that none of the above appropriations are to meet a current expense.

Josiah Quincy,
 David F. Barry,
 John P. Dore,
 Laurence Minot,
 Daniel J. Kiley.

Members of the Board of Estimate and Apportionment.

The foregoing order was transmitted to the Common Council without alteration.

REPAVING OF DEVONSHIRE ST.

The following was received:—
 Mayor's Office, City Hall,
 Boston, Oct. 30, 1899.

To the City Council:—
 I transmit herewith an order passed by the Board of Estimate and Apportionment at its meeting today, appropriating \$6500

for repaving Devonshire St., between State and Water Sts.

Respectfully submitted,
Josiah Quincy, Mayor.
City of Boston,

In Board of Estimate and Apportionment,
Oct. 30, 1899.

Ordered, That the sum of sixty-five hundred dollars (\$6500) be appropriated, to be expended by the Superintendent of Streets for repaving Devonshire St., between State and Water Sts.; and that the City Treasurer be authorized to issue, from time to time, on the request of the Mayor, bonds of the city of Boston to said amount for said purpose.

Passed, and we certify that the said appropriation is not to meet a current expense.

Josiah Quincy,
David F. Barry,
John P. Dore,
Laurence Minot,

Members of the Board of Estimate and Apportionment.

The foregoing order was transmitted to the Common Council, without alteration.

BRANCH LIBRARY, DORCHESTER.

The following was received:—

Mayor's Office, City Hall.
Boston, Oct. 30, 1899.

To the Board of Aldermen:—
I transmit herewith a communication from the Trustees of the Public Library in reply to your order requesting them to establish a branch library at Proctor's Pharmacy, in Dorchester.

Respectfully,
Josiah Quincy, Mayor.

The Public Library of the City of Boston.
Copley Square,
Boston, Mass., Oct. 28, 1899.

To the Hon. Josiah Quincy, Mayor.
My Dear Sir:—In behalf of the Trustees of the Boston Public Library I acknowledge the receipt from you of a copy of an order, passed by the Board of Aldermen, requesting the Trustees to establish a branch library at Proctor's Pharmacy in the Dorchester District. A petition of citizens to the same effect was also transmitted.

In reply the Trustees have to say that the funds of the Library at their disposal are not at present sufficient to permit the establishment of the branch requested.

Whenever the Trustees shall find that they are able to provide for any expansion of the present system the needs of all sections of the city, including that represented by the present petitioners, shall have full consideration. Very truly,
Solomon Lincoln, President.

Referred to the Committee on Library Dept., on motion of Ald. Adams.

INSANE HOSPITAL ADDITIONAL LAND.

The following was received:—
Mayor's Office, City Hall.
Boston, October 30, 1899.

To the City Council:—
I transmit herewith an order passed by the Board of Estimate and Apportionment at its meeting today appropriating the sum of \$24,000 for the purchase of the equity in certain parcels of land lying immediately adjacent to or near Austin and Pierce Farms. The unanimous passage of this order by the Board of Estimate and Apportionment is the result of its long consideration of the urgent requests of the Insane Hospital Trustees that additional lands for the use of that institution should be secured without delay. The total area of the land included in the parcels which would be purchased under the terms of this order is about 34 acres, and the total purchase price, under the arrangement concluded by the Board of Apportionment, is about \$226,000.

As only \$24,000 of this amount is to be

paid down, the parcels of land would be taken subject to mortgages aggregating \$202,000, such mortgages being placed upon the land prior to the transfer of title to the city, so that the city is not liable thereon, and the right to prepay such mortgages in full is also reserved, so that mortgage interest can be stopped at any time that the remainder of the purchase money can be appropriated. These parcels of land are included within the lines of a comprehensive and carefully prepared plan for the enlargement of the property of the Insane Hospital, fixed upon by the Trustees after consultation with a committee of leading experts connected with the management of insane hospitals elsewhere, and the purchase of these parcels is now provided for because it is believed that they are the most urgently needed, and that there is the greatest danger that they will pass out of the hands of present owners for development in house lots, if not acquired by the city. While the policy of purchasing land subject to mortgage is not one which should ordinarily be pursued by the city, it seemed to the members of the Board of Apportionment, after full consideration, that the great importance to the future of the Boston Insane Hospital of enlarging the area of its land fully warranted in this instance the purchase of the equity in these parcels, leaving the amount of the mortgages to be appropriated in future. A very substantial reduction from the prices asked for these lands was secured by the Board through negotiation, and its members believe that they have negotiated terms which are much lower than the city would in all probability have been obliged to pay later for these parcels of land, which are considered by the Trustees to be essential to the proper development of the hospital and to the adoption of the policy of caring for a much larger proportion of the insane for whose support the city is chargeable in our own city institution.

Respectfully submitted,
Josiah Quincy, Mayor.

City of Boston,
In Board of Estimate and Apportionment,
October 30, 1899.

Ordered: That the sum of twenty-four thousand dollars (\$24,000) be, and hereby is, appropriated for the purchase of the equity in the lot of land situated on Morton St. and in the lot of land situated on Austin St., West Roxbury, adjoining the Austin Farm, and both belonging to George W. Seaverns, and also for the purchase of the equity in the lot of land on the corner of Walk Hill and Harvard Sts., adjoining the Pierce Farm, and belonging, in part to James J. Costello and in part to John P. Callahan; that to meet said appropriation the City Treasurer be authorized to issue, from time to time, on the request of the Mayor, bonds of the city of Boston to said amount for said purpose; and that the Insane Hospital Trustees expend said appropriation for said purpose.

Passed, and we certify that the said appropriation is not to meet a current expense.

Josiah Quincy,
David F. Barry,
John P. Dore,
Laurence Minot,
Daniel J. Kiley,

Members of the Board of Estimate and Apportionment.

Referred to the Committee on Public Improvements, on motion of Ald. Presho.

HEARINGS AT 3 O'CLOCK.

1. On petition of the Boston Auction Company, for leave to project a permanent awning in front of Nos. 46 to 52, inclusive, Clinton St., and No. 28 Commercial St., Wd. 6.

No objections. Recommended to the Committee on Building Dept. (Ald).

2. On petition of the Eastern Cold Ster-

age Company, for leave to erect an awning in front of 23-22 North St., Wd. 6.

Referred to the Committee on Public Improvements, on motion of Ald. Codman.

3. On petition of the Directors of the Newton and West Roxbury Street Railway Company for a location of tracks in Baker, Mt. Vernon and La Grange Sts., or such other streets as the Board of Aldermen may determine, with the right to use the overhead trolley system thereon.

Not having advertised in accordance with law the petitioners were given leave to withdraw.

On petitions of the West End Street Railway Company, viz.:-

4. For a location for double tracks on Western Ave., from the Watertown line to its existing tracks on said avenue and Market St., with the right to use the overhead trolley electric system thereon.

5. For a location for double tracks on Adams St., from Neponset Ave. to Minot St., with the right to use the overhead trolley electric system thereon.

6. For a location for double tracks on Atlantic Ave. and Commercial St., to take the place of existing tracks.

No objections. Severally recommitted to the Committee on Railroads.

PETITIONS REFERRED.

The following petitions were received and were referred to the committees named, viz.:-

Building Dept. (Ald.)

Petitions for leave to project signs, etc., viz.:-

James R. Hamilton, a sign, at 209 Rugjes St., Wd. 19.

Levi Bros., a sign, at 983 Boylston St., Wd. 11.

Isodor Levy, a drum sign, at 57 Massachusetts Ave., Wd. 11.

Samuel Katz, a sign, at 19 Tremont Row, Wd. 6.

Fred L. Smith, a sign, at 29½ Tremont St., Wd. 6.

A. J. Landry, a sign, at 51 Temple Pl., Wd. 7.

C. N. Campbell, an illuminated sign, at 17 Kneeland St., Wd. 7.

Frank Scarpa, a barber pole, at 114 Prince St., Wd. 6.

Meyer Frank, a brass rail to protect window, at 589 Washington St., Wd. 7.

McManus & Co., an illuminated sign, at 670-672 Washington St., Wd. 7.

Goodman & Fish, a sign, at 896 Washington St., Wd. 7.

W. L. Rugg, two signs, at 324 Washington St., Wd. 25.

Walter L. Wiley, an illuminated sign, at 11 E. Dedham St., Wd.

James J. Brock, an illuminated sign, at 560-562 Main St., Wd. 4.

George R. Mansfield, a sign, corner of Tremont St. and Mansfield Pl., Wd. 8.

Remnant Clothing Co., an illuminated sign, at 353 Washington St., Wd. 7.

Daniel T. Connolly, a temporary sign, at 919 Albany St., Wd. 17.

Rueter & Co., a sign, at 599 Main St., Wd. 4.

Mrs. J. B. Wilson, a sign in front of estate 11-15 Hanover St., Wd. 6.

Petitions for leave to project campaign transparencies, viz.:-

Daniel T. Connolly, one, at 952 Albany St., Wd. 17.

D. T. Connolly, one, at corner of Albany and Webber Sts., Wd. 17.

Timothy L. Connolly, one, at 107 Eustis St., Wd. 17.

Timothy L. Connolly, one at 43 Dearborn St., Wd. 17.

Hugh W. Bresnahan, one at 31 Way St., Wd. 9.

Randolph V. King, one, at Sammet Block, Boylston St., Wd. 22.

Thos. F. Clark, one, at 299 Bennington St., Wd. 1.

Wm. C. S. Healey, one, at 19 Lewis St., Wd. 2.

W. C. S. Healey, one, at 112 Sumner St., Wd. 2.

Daniel J. Lydon, one, at 316 Broadway, Wd. 13.

M. J. McCullough, one, at 318 Broadway, Wd. 13.

Claims.

Elizabeth Weston, for payment to Frederick W. Hassam of balance remaining from tax sale of estate on Savin Hill Ave. and Grampian Way.

Rufus K. Thomas, for payment of balance remaining from tax sale of estate on Willis St.

Mary G. Davis, for payment to Edgar G. Fisher of balance remaining from tax sale of estate on Spencer St.

Barnet Rosen, for compensation for damage to his wagon caused by collision with a dump cart of the city.

Julia E. Hurd, for rebate of portion of a sewer assessment against estate 10 Percival St.

Electric Wires.

The New England Tel. and Tel. Co. of Mass. for leave to erect and to remove poles on Wait St., Wd. 19.

Postal Telegraph-Cable Co., for leave to erect and to remove poles on Boston St., Wd. 16.

Boston Electric Light Co. for leave to erect poles in Fort Ave., Rox., and Humphrey St., Dor.

Fire Commissioner.

Charles T. Simpson et als., for a keyless fire alarm box at the corner of Hamilton and Speedwell Sts., Dor.

Supt. of Public Grounds.

Louis Berenson, for removal of two trees at 63-65 Lambert Ave.

Lamps.

Edward N. Burt et als., for three public lamps on Hamilton St., W. R.

Thomas Yeomans, for three electric lights on W. Leyden St., Wd. 1.

Licenses.

George W. Magee, for a permit for Allie Gentle, under 15 years of age, to appear at the Grand Opera House, during the week ending October 23, 1899.

The Pitts-Kimball Co., for a license for musical, dramatic and literary entertainments at their hall 607-617 Washington St., for the season ending August 1, 1900.

Rev. J. N. Supple, for a license for musical, dramatic, literary and dancing entertainments, at St. Francis Parochial Hall, Bunker Hill St., for the season ending August 1, 1900.

Public Improvements.

N. E. Hospital for Women and Children, for leave to lay a conduit under and across Dimock St., Wd. 22.

Estate of James L. Little, for leave to place hyatt light covers in place of old North River flagging covers over area at 175 Tremont St., Wd. 7.

G. A. Cahill, for leave to erect one guy post at 324 Newbury St., and one at corner of Newbury and Hereford Sts., Wd. 11.

The Webb Granite and Construction Co., for leave to erect guy posts, etc., on Myrtle and Joy Sts.

Moses Williams et als., trustees, for leave to excavate under sidewalk in front of Pemberton Bldg. on Pemberton Sq., Wd. 6.

John Soley & Sons, for leave to move a wooden building from No. 692 to No. 683 Saratoga St., Wd. 1.

John Soley & Sons, for leave to move a wooden building from 14 Arlington Ave. to corner of Arlington Ave. and Beacham St., Wd. 4.

Petitions for sidewalks, viz.:-

Arthur H. Flint, 922 E. Fourth St., Wd. 14.

A. C. Chisholm, west side of Harrishoff St., Wd. 21.

Geo. A. Medbery, Exr., 5, 11 and 13 Schuyler St., Wd. 21.

Mrs. Harriet Hackett, 7 Schuyler St., Wd. 21.

William Smith, 18-20 King, Wd. 19.

F. M. and A. G. Frost, cor. Commonwealth Ave., and Winslow road, Wd. 25.

Sharreff Bros., 387-389 Blue Hill Ave. and Brunswick St., Wd. 20.

REMOVAL OF TREES.

Ald. DAY presented the petition of Mead, Mason & Co., for the removal of two trees and in connection therewith presented the following:—

Ordered: That the Superintendent of Public Grounds be hereby directed to remove the tree located on Marion St., Wd. 1, about 109 feet from Saratoga St., also the tree located on Princeton St., Wd. 1, about 152 feet from Marion St.; these trees coming in the line of sewer connections to the East Boston High School.

Passed, under a suspension of the rule.

PAPER FROM THE COMMON COUNCIL.

7. Message from the Mayor transmitting an order passed by the Board of Estimate and Apportionment, as follows:—

Ordered, That the sum of two thousand dollars (\$2000) be appropriated, to be expended by the City Clerk in purchasing metallic file cases; and that the City Treasurer be authorized to issue, from time to time, on the request of the Mayor, bonds of the City of Boston to said amount for said purpose.

The message was placed on file and the order was passed in concurrence.

CONDUIT FOR STORAGE CO.

The Board proceeded to take up No. 8, unfinished business, viz:—

8. Ordered, That the Superintendent of Streets be authorized to issue a permit to the Eastern Cold Storage Company to lay, maintain, and use a twelve-inch conduit, with iron pipes encased therein, under and along Creek Sq., at the rear of Nos. 38 and 44 North St., Wd. 6, as shown on a plan, dated October 16, 1899, on file in the Permit Office of the Street Department. The work to be completed on or before Dec. 31, 1899, according to the terms and conditions expressed in the ordinances of the city relating thereto.

Ald. Adams moved that the reading of the order be dispensed with and that it be referred to the Committee on Public Improvements.

Ald. COLBY—Mr. Chairman, I would like to ask if there is any special reason for that motion, I thought this was a simple matter, something to which there was no objection; in fact, I saw some of the people who opposed this company before, and they said the opposition was simply to another location, that to a location in Creek Sq. they made no objection. If they make no objection and nobody else objects, I see no reason why this should be sent to the Committee on Public Improvements, instead of being put on its passage.

The order was referred to the Committee on Public Improvements.

DISPOSITION OF FRANKLIN FUND.

The Board proceeded to take up No. 9, special assignment, viz:—

9. Communication from the Managers of the Franklin Fund, recommending the passage of a preamble and order relative to the disposition of said fund. (See Doc. 148).

Referred to the Committee on Public Improvements, on motion of Ald. Berwin.

APPOINTMENT OF CONSTABLE.

The Board proceeded to take No. 10 from the table.

10. The appointment of William H. Powers to be a Constable, for the term ending

April 30, 1900, in place of Edward J. Holland, who has been removed.

Ald. BERWIN—Mr. Chairman, in the absence of Ald. O'Toole, who I believe had this matter laid on the table, I move that it still continue on the table.

Ald. DAY—Mr. Chairman, I hope action will be taken on this matter now. William H. Powers comes from my ward, and there is no reason why he should not be confirmed. He is all right in every way. The reason why some members are opposed to immediate action, I understand, is on account of the man who has been removed; but it does not seem fair that Mr. Powers should be held up in this way. I hope action will be taken this afternoon.

Ald. BERWIN—Mr. Chairman, I have but slight acquaintance with the matter under consideration. I know Mr. Powers, and he has spoken to me in reference to the matter within a few days. I have no special interest in it, except I think if Ald. O'Toole were present he could enlighten us on the subject. I don't think the interests of the Alderman's friends will suffer any if the matter rests until a little later in the day.

The appointment was continued on the table.

ABOLITION OF GRADE CROSSINGS.

The following was received:—

City of Boston, Law Department,
73 Tremont St.

Boston, Oct. 30, 1899.

To the Board of Aldermen.

Gentlemen:—In reply to your inquiry as to what progress has been made in the abolishing of the grade crossings in East Boston I have to say that George W. Wiggin, William B. French and Edward P. Bishop were last week appointed commissioners to consider the matter, and they will hold their first meeting at once.

I have neglected to answer the communication before because, owing to the absence of opposing counsel, the appointment of these commissioners could not be brought before the court earlier, and there was nothing to report. I understand that the railroad companies do not raise any objection to the abolishment of the crossings, and as soon as the City Engineer shall have prepared the plans they will be submitted to the commissioners.

Respectfully,

Andrew J. Bailey,
Corporation Counsel.

Placed on file.

TRANSPORTATION ON DEWEY DAY.

The following was received:—

City of Boston, In School Committee,
October 24, 1899.

The Committee on Accounts, to whom was referred, Oct. 10, a communication from the Board of Aldermen requesting that transportation be provided for the teachers and scholars to and from Boston Common on Saturday, Oct. 14, on the occasion of the review by Admiral Dewey, report that transportation to and from the Common was provided teachers and pupils who were not within walking distance, in accordance with arrangements made by the Special Committee in charge of the reception, on whose recommendation an order was passed at the meeting of the Board on October 10, making an appropriation to cover the cost of necessary expenses on the occasion referred to. Your committee recommend that the information contained in this report be transmitted to the Board of Aldermen.

For the Committee,

Francis L. Coolidge, Chairman,
Accepted, and ordered to be sent to the Board of Aldermen.

A true copy—Attest:—

Thornon D. Apollonio, Secretary.
Placed on file.

KINDERGARTEN AT SAVIN HILL.

The following was received:—
City of Boston. In School Committee.
Oct. 24, 1899.

The Committee on the Ninth Division, to whom was referred (Sept. 26) a communication from the Board of Aldermen, requesting that a kindergarten be established at Savin Hill, report that your committee have given this matter attention, and recommend that the Board of Aldermen be informed that there are no accommodations in that district available for such purposes at the present time.

For the Committee,

Emily A. Fifield, Chairman.

Accepted and ordered to be sent to the Board of Aldermen,
A true copy.

Attest: Thornton D. Apollonio, Sec.

Ald. McDONALD—Mr. Chairman, I notice from the wording of the communication from the School Committee that they practically acknowledge that a kindergarten should be established at Savin Hill, but say they have not the accommodation for it. Now it seems to me if the School Committee would look more carefully into the neighborhood of Savin Hill they ought to be able to find accommodations for the establishment of a kindergarten, which is required very much in that location. My colleagues from Dorchester, and other gentlemen in this Board familiar with the locality, know that that neighborhood has been built up immensely. It seems to me there should be a kindergarten established in the vicinity of Savin Hill, in order to save the young children from the necessity of going to Meeting House Hill, which is certainly a mile and a half away.

The communication was placed on file.

BAY WINDOW—ORDER OF NOTICE.

On petition of Florence E. Creed, for leave to project a bay window from building Nos. 197-199 Dorchester St., corner West Seventh St., Wd. 15, an order of notice was passed for a hearing thereon on Monday, November 20th, 1899, at 3 o'clock P. M., when any parties desiring to object may appear and be heard.

LAND FOR ELEVATED ROAD—HEARING.

On the petition of Catherine Curran et als. that the Board estimate damages sustained by them on account of the taking of their land on Beacham St., Charlestown, by the Boston Elevated Railway Co., an order of notice was passed for a hearing thereon on Monday, November 20th, at 3 o'clock P. M., when any parties desiring to object may appear and be heard.

DAMAGES BY ELEVATED ROAD—APPEALS.

Notices were received from Frank L. Robbins, lessee of the estate of Reuben E. Demmon, of an appeal by him from the award of the Board on account of the taking of the said estate by the Boston Elevated Railway Co., and from the same person, as lessee of the estate of B. F. Shattuck, of an appeal by him from the award of the Board on account of the taking of the said estate, located at the corner of Beach St. and Harrison Ave., by the said railway company.

Severally placed on file.

POLES FOR ELECTRIC WIRES.

Ald. BERWIN, for Ald. Doyle, for the Committee on Electric Wires, submitted reports recommending the passage of orders of notice for hearings on Wednesday, Nov. 8th, at 3 o'clock P. M., on the following petitions (severally referred today):—

The New England Telephone and Telegraph Co. of Mass., for leave to erect poles and to remove poles on Walt St., Wd. 19.

Boston Electric Light Co., for leave to erect poles in Fort Ave. and Humphreys St.

Postal Telegraph Cable Co., for leave to erect and to remove poles on Boston St., Wd. 16.

Reports severally accepted; orders of notice severally passed.

LICENSES.

Ald. COLBY, for the Committee on Licenses, submitted the following:—

(1) Report recommending that minors licenses be granted to 44 newsboys, 3 boot-blacks and 2 vendors.

Report accepted; licenses granted on the usual conditions.

(2) Reports recommending that licenses and permit be granted in accordance with the following petitions (severally referred today):

Rev. J. N. Supple, for a license for musical, dramatic, literary and dancing entertainments at St. Francis's Parochial Hall, on Bunker Hill Sq., for the season ending August 1, 1900.

The Pitts-Kimball Co., for a license for musical, dramatic and literary entertainments at their hall, 607-617 Washington St., for the season ending August 1, 1900.

George W. Magee, for a permit for Allie Gentle, under 15 years of age, to appear at the Grand Opera House during the week ending Oct. 28th.

Reports severally accepted; licenses and permit granted on the usual conditions.

CLAIMS.

Ald. COLBY, for the Committee on Claims, submitted the following:—

(1) Report on the petition of E. B. Stiles (referred Sept. 25), for compensation for damage to his carriage from a collision with a team of the Sanitary Division of the Street Department—that the petitioner have leave to withdraw.

Accepted. Sent down.
(2) Report on the petition of Charles W. Bates (referred July 17), for payment of balance remaining from tax sale of estate—recommending the passage of the following:—

Ordered, That the City Treasurer be hereby authorized to pay to Joseph A. McCloskey the sum of \$170.91, being the amount held by the city under chapter 390, section 40, of the Acts of 1888, from the sale of an estate on Haskins St., for unpaid taxes of the year 1896, by deed recorded with Suffolk Deeds, lib. 2500, fol. 17.

Report accepted; order passed. Sent down.

(3) Report on the petition of Mary S. Barker (referred Aug. 14), for payment of balance remaining from tax sale of estate—recommending the passage of the following:—

Ordered, That the City Treasurer be hereby authorized to pay to Mary S. Barker the sum of \$167.65, being the amount held by the city under chapter 390, section 40, of the Acts of 1888, from the sale of an estate on Spring and Etna Sts., for unpaid taxes for the year 1897, by deed recorded with Suffolk Deeds, lib. 2582, fol. 219.

Report accepted; order passed. Sent down.

FRANKLIN MEDALS.

Ald. McDONALD submitted the following:—

The Special Committee of this Board on the Subject of the Franklin Medals, desires to report in part, at this time, as follows:—

It appears by School Doc. No. 9 of 1899, p. 15, that the members of the graduating class in the various Grammar Schools, were 1524 boys divided among 45 schools, in numbers varying from 12 each in the Adams and Harvard Schools, to 86 in the Bigelow School. A schedule is annexed of

the names of the schools arranged by the number of graduates.

It appears that the average number of boys for the school year of 1899 was 19,183 boys (being a percentage of 92 on the enrolled list), and that on September 30, 1899, the total number of boys was 19,521, giving us 20,000 as a round number for estimates.

In the School Committee report for 1858 when the Franklin Medal problem was last discussed by that Board, it seems that when double schools were in vogue, six medals were assigned annually to each school, but later by the rules in force in 1858, one medal was given to every sixty scholars in each school, without regard to the numbers in the graduating class. By this rule, at present there should be about 320 medals given.

Owing to the great inequality now in the size of the schools, varying from 12 to 86 graduates annually, some new plan must be adopted to preserve reasonable uniformity of rates. Starting with some 320 medals to distribute, and with 1500 graduates, it would seem that one medal to each five graduates would be the mathematical ratio, and would keep the rate about where it formerly was.

Your Committee has ventured to add to the official list of schools and graduates a table showing the number of medals which would fall to each school, on the basis of one medal to five graduates, dealing liberally with fractions, and the result is the appropriation of 312 medals.

The question of cost is to be considered. Your Committee had some specimens of Franklin Medals weighed carefully and find that, according to the different patterns used, they have varied from 153 grains for an engraved medal (only used between 1845 and 1851) to about 230 grains for a medal from the die made in 1851, and probably now in use, for medals for the Latin and High Schools.

The weight of the standard half dollar is about 200 grains, and the fineness is probably the same as that of the medals, as they are struck at the U. S. Mint. A half ounce of pure silver, or 240 grains, with the added alloy, would make a fine medal as large as the old ones, and at present prices of silver would cost not over 33 1-3 cents. At anywhere near these prices, and allowing a margin for more graduates, \$150 would pay for the 320 medals now needed, and \$200 would give a margin for years to come. The present Franklin fund is \$1000 invested at four per cent., but none of the income is used for Grammar schools; now if \$5000 could be transferred and similarly invested it would give the desired \$200 income for the Grammar Schools.

Owing to the lack of time your Committee has not gone into close figures, but it can and does recommend the passage of the following votes.

Ordered, That the Board of Aldermen recommend to the Trustees of the General Fund established under the will of Benjamin Franklin, the transfer of Five thousand dollars to his special fund for providing silver medals for certain boys graduating from the Grammar Schools of Boston, such sum to be paid to the City Treasurer of Boston to be invested in a bond to run for ninety-nine years, and to bear interest at the rate of four per cent. per annum, the interest to be used in the purchase of medals in accordance with Franklin's will.

Ordered, That until otherwise ordered by the Board, said interest money, or so much as may be needed in each year, shall be spent by the Mayor in procuring medals, each containing one half ounce of pure silver, with sufficient alloy to make the fineness of U. S. dollars, and any unexpended interest shall be carried in a separate fund to provide for more medals as the growth of the schools may require, but always on the ratio of one medal to five graduates in each school.

Ordered, That the School Committee

shall be notified of the foregoing action of the Board, if any fund be created, and that the said Board shall be requested in accordance with Franklin's will to give the medals as honorary rewards by the Directors of the Free Schools for the encouragement of scholarship in the said schools.

Your Committee desires to add that they have heard nothing but good of the action of the School Committee in regard to the management of the Franklin Medal Fund, and are convinced that the body will be glad to extend the usefulness of this useful bequest. It desires especially to endorse the rule laid down prior to 1853 by that Committee, that "general scholarship and more especially good conduct shall be taken into account in awarding the medals."

Lastly your Committee would urge that this donation, though small in amount, is venerable and peculiar to Boston. It should be preserved and a tie thus formed which will bind together the most promising part of the graduates from our Free Schools. This object lay close to Franklin's heart. Before he made his main bequest to Boston for public purposes he specifically gave the money for these medals, and repeats his indebtedness to the free Grammar Schools of his native city. Surely, if alive, he would desire to add a small part of his accumulations to this fund.

Respectfully submitted,

Patrick F. McDonald,
John H. Colby,
James H. Doyle.

Medals now provided for by the income of \$1000 of Franklin's money and expended by School Committee.

Ordered printed and referred to the Franklin Fund Managers.

REMOVAL OF TREE.

Ald. PRESHO offered an order—That the Superintendent of Public Grounds Department be requested to remove a dead tree standing in front of No. 24 Bunker Hill St., and the expense of the same be charged to Public Grounds Department.

Passed.

REMOVAL OF POLES.

Ald. DOYLE offered an order—That the locations for poles and wires granted to the Baltimore and Ohio Telegraph Company by an order of this Board dated May 5, 1884, be and the same are hereby revoked, said poles being abandoned for use.

Ordered: That the Superintendent of Streets be, and he is hereby, directed to have removed the abandoned and unused poles located and erected by the Baltimore and Ohio Telegraph Company in Mt. Washington and Dorchester Aves., Granite, West First, B, West Sixth, D, West Ninth, Dorchester and Sweet Sts., and since operated by the Western Union Telegraph Company—said poles being abandoned for use and dangerous obstructions; the expense incurred under this order to be charged to the Western Union Telegraph Company.

The order was read a second time and the question came on its passage.

Ald. BERWIN—Mr. Chairman, if there is no objection on the part of the gentleman who introduces the order, I would like very much to have it go to the Committee on Public Improvements.

Ald. DOYLE—Mr. Chairman, I have no objection.

The order was referred to the Committee on Public Improvements.

REQUEST TO HURRY RAILWAY WORK.

Ald. ADAMS offered an order—That the Boston Elevated Railway Company be requested, through His Honor the Mayor, to hurry along their work of laying their tracks on Talbot Ave., at the junction of Blue Hill Ave., and at Norfolk St., in order that the Street Department may complete their work of construction of said avenue before winter sets in.

Passed.

INVESTIGATION OF GARBAGE NUISANCE.

Ald. CODMAN offered an order—That a special committee, to consist of five members of this Board, be appointed to investigate and report as to the nuisance existing at the garbage plant at Cow Pasture, with authority to give public hearings, employ a stenographer and report their findings in print; the expense of the same to be charged to the Contingent Fund, Board of Aldermen.

The question came on the passage of the order.

Ald. BERWIN—Mr. Chairman, I reluctantly oppose the passage of this order, because—with all due sympathy for the representatives from Dorchester—I hardly think that anything is to be accomplished by its passage at this time, when so little of our session is left. At the same time, I think the Dorchester representatives would hardly accomplish any good for themselves by putting it through. The only way to remedy the evil that exists is by

going to the court with a combined effort on the part of the representatives of that section. We have made every effort which it is possible to make in this Board by our vote, and I do not think the passage of the order introduced this afternoon will accomplish anything. I am willing to help the representatives of Dorchester in any reasonable way, but I want to tell them, for their own good, that they will not do one particle of good by passing this order. For that reason, I shall vote against it.

Ald. CODMAN—Mr. Chairman, I, as one of the Dorchester representatives, am certainly obliged to the alderman on the other side of the chamber for his advice. But, as he knows, having been a member of the Common Council at the time when the Dorchester fight against the garbage plant was on, every effort—and certainly all concentrated effort—towards the removal of this plant and towards the collection of evidence in the matter of its being a nuisance, is of advantage to the citizens of that section in their fight, in court, or anywhere else. The members of this Board from Dorchester at different times have introduced orders with the purpose of getting reports as to who the objectors are and who the petitioners for the abatement of this nuisance are, and for the stopping of the nuisance. We cannot get the reports we desire. We don't seem to be able to get anything from the Board of Health showing who the signers of this somewhat lengthy petition are, and we have today no reply from the order sent to the Superintendent of Streets asking him for similar information. It seem to me that a committee such as is proposed, with power to give a hearing, could locate the objection, could learn the situation of affairs, and could do some good. Consequently I have asked for the appointment of the committee.

Ald. ADAMS—Mr. Chairman, although this order has been introduced here this afternoon by one of my colleagues from the Dorchester district without my knowledge, yet I am heartily in favor of it. I believe in adopting any measure that will enable us to get at the root of this garbage plant nuisance. The Board of Health, which to my mind is the proper body to investigate this matter, has had several hearings upon this subject and has come to a conclusion. I understand, having printed an official and expert opinion on the subject. It has sent that opinion to the Mayor and he in turn has sent it to the Superintendent of Streets. Two weeks ago I introduced an order here, couched in as polite terms as I could use, requesting the Board of Health to send to this board its expert opinion on this subject. That Board very politely informed us that it had already rendered its decision in the matter and had sent it to the proper authorities—namely, the Mayor and the Superintendent of Streets, who, according to the opinion of that Board, have jurisdiction in the matter.

It seems to me, Mr. Chairman, that this Board of Aldermen, through its representatives in different sections of the city, has a perfect right to know what the official opinion of the Board of Health is upon this matter; and, if we cannot get it in a fair way, I believe we should take hold ourselves, have a committee appointed, and give a public hearing to the people of Dorchester and South Boston, who have been crying out against this nuisance for the last six or eight months. I was much surprised today when I listened to the reading of communications from His Honor the Mayor, that no notice whatever was taken by him of the order passed at the last meeting requesting the Superintendent of Streets to send in to us a copy of the official opinion of the Board of Health, which I am sure he has on his files. It looks to me, Mr. Chairman, as though there were a concerted attempt on the part of the Board

of Health, in collusion with the Mayor and the Superintendent of Streets, to cover this matter up. Mr. Chairman, I, as one of the Dorchester representatives, protest against this method of covering things up. I insist that the facts be made public. I think we have a right to know what the official and expert report of the Board of Health is upon this nuisance which now exists. I don't want to come in today and make any charges against the Superintendent of Streets, but I understand from pretty good authority that the Superintendent of Streets is today financially interested in the Garbage plant at the Cow Pasture. He is financially interested, I understand, Mr. Chairman, and for that reason it is to be supposed that at this time he will cover up any official communication which may be made and has been made—

The CHAIRMAN—The Chair will call the alderman's attention to the fact that if charges are made against any head of a department they must be presented in writing. I simply want to keep the alderman within the bounds of the rules of the Board. The Board is always willing to act upon any substantial statement that any member of the Board may make.

Ald. ADAMS—Mr. Chairman, I did not make any charges myself.

The CHAIRMAN—The Chair so understood.

Ald. ADAMS—I simply said I understood, from pretty good authority, that the Superintendent of Streets was financially interested in the garbage plant at the Cow Pasture.

The CHAIRMAN—The Chair misunderstood the gentleman. The correction is proper. The gentleman will proceed.

Ald. ADAMS—Mr. Chairman, I am not prepared today to substantiate that statement, but that is an opinion which I hold in my mind, and it seems to me that the way the Superintendent of Streets and the Board of Health are acting upon this matter is, to say the least, very suspicious and open to great deal of criticism. I stand here today, as a representative of a Dorchester constituency, to criticize the Board of Health and the Superintendent of Streets for the manner in which they have used the citizens of Dorchester and South Boston on this garbage plant question. We have tried in a fair and impartial way, in a perfectly legitimate way, to secure the opinion of those different authorities on this matter. They have refused to give it to us. Therefore, Mr. Chairman, it seems to me it is perfectly proper that we, as a Board of Aldermen, should take this matter up ourselves, appoint a committee and give an open and free hearing to any who may wish to appear and offer their protests against a nuisance which, I feel from private conversations with the Board of Health, that they themselves know exists—and I know it exists. My friends out there are protesting to me every day in letters and personally on the street against this outrageous nuisance which has been allowed to be established in our midst. Mr. Chairman, I am put in a false position before my constituents at this time. It has been said that this garbage plant was established on its present location with the concurrent vote of the City Council. I was a member of the City Council in the year when this matter came up. I heard the communication which the Mayor sent in upon it read, and it is very clear in my mind today. The Mayor of the City of Boston, who advocated the establishment of a garbage plant at that time, said that it should be established on Spectacle Island down the harbor, where it would offer no nuisance to any citizens of Boston. Acting on that supposition, I voted for the establishment of this garbage plant. There was one clause in the contract which I did not approve of at that time and for which I have always been sorry that I voted.

The City of Boston under that contract

was paying to this garbage plant \$47,000 a year for consuming or burning this garbage; the City of Boston delivering the garbage at the doors of the garbage plant, and all the plant has to do being to render it and deduct from it the valuable commercial products—which in itself is a paying process. I have heard that the garbage plant company is making from 25 to 35 p.c. dividends on the money invested, and it is no wonder that great efforts are being made at the present time to keep the garbage plant running in its present location and to cry down and hush up, cover up, the nuisance to which so many of our citizens have testified before the Board of Health. I sincerely hope, Mr. Chairman, that this Committee will be appointed and that it will be able to do something which the Board of Health has not seen fit to do for us—that is, get at the facts in the case through the Committee, if we cannot get at them through the other proper channels. I certainly hope the order will be passed unanimously by the Board.

(Ald. Codman in the Chair.)

Ald. BARRY—Mr. Chairman, I want the Board to understand that I know nothing about the proposition to appoint this committee this afternoon. I have, however, watched this question at issue pretty carefully; and, while I live in a part of the city which is practically known as the old part of the city, and while the constituency among whom I reside—while, of course, I represent the whole city today as an alderman—does not feel that nuisance as it is being felt by the people who are living in Dorchester and South Boston, I think that, as South Boston has no representative in this Board to speak for it, as I am the only alderman who lives near that section, it is my duty to speak for those people.

Mr. Chairman, when bids were advertised for in the various papers for the care of the offal of our city—which today amounts to 235 tons in every twenty-four hours—those bidding were told in the advertisement that there should be a suitable place for the care of the same in Boston Harbor. Mark you, gentlemen, the way that the advertisement read. The gentlemen who came in to compete under the advertisement, and who were willing to make a contract to take care of the offal, were misled. The property where this plant is built today belongs to the City of Boston. The bidders were not told at that time that that was to be the case, but had every reason to believe that they were going to some island far into the harbor, where they did not go. The result was that a contract was made with the New England Sanitary Product Company for \$47,000 a year, a five year contract. Now, what does it mean? It means that that contract today, in my honest opinion, if a chance were given to bidders, would be taken by companies absolutely for nothing except the product that would be secured from the garbage, the by-product. There is one ton of that by-product in every nine—two hundred pounds of grease to every ton of garbage, to make soap and candles, which sell in the open market for six cents a pound. There are also the ammonia and other by-products that go with it. I say it is a fat contract for those who got it. It is a nuisance to the people of Dorchester and should be remedied. Something should be done; and if nothing can be done otherwise, this Board should appoint a committee to look into the matter and see what means can be employed to annihilate that nuisance to the people of South Boston and Dorchester.

Ald. BRICK—Mr. Chairman, I would like to ask the alderman a question. Assuming that we had an investigation and found that it was a nuisance, have we any power by which we could aid the people of Dorchester in the matter?

Ald. BARRY—Today the Board of Health has a power in regard to such matters

which no other board has. It has a power to close that place.

Ald. BRICK—Mr. Chairman, what I ask the alderman is this—if, after investigating this plant, we found as a fact that it was a nuisance, have we any power by which we could help the people out there in the matter?

Ald. BARRY—The power which the Board would have would be, after investigation, to report the facts to the Board of Health, to report to the Board that the plant is a nuisance, and to recommend to the Board of Health that the place be condemned.

Ald. BRICK—Mr. Chairman, I would also ask if we have not already recommended that to the Board of Health twice, by our action in this Board?

Ald. BARRY—Not on the recommendation of a committee that has investigated the subject.

Ald. BRICK—I ask whether, according to the recollection of the Chair, we have not already declared the plant a nuisance and made that recommendation?

Ald. BARRY—In all probability the alderman is right. Many things go through the hands of the Chair that the Chair is unable to carry in his mind. I have not the slightest doubt that the alderman is right in that matter.

Chairman BARRY in the Chair.

Ald. McDONALD—Mr. Chairman, I am surprised that the alderman from Wd. 6 (Ald. Berwin) should oppose the very fair order offered by the alderman from Wd. 24 (Ald. Codman). While reading over the planks enunciated by the gentleman in his communication to the people, published in the papers several days ago, I noticed one section in particular in his very able platform in relation to looking out for the outlying sections of the city. Now, I hope that is not a rubber plank. (Laughter.) He certainly ought to stand upon the platform he has enunciated to the people of Boston and vote for the order that has been introduced here today. There have been several orders passed by this Board in regard to the garbage plant, but it seems to me it has been understood by some people that merely the members of the Board of Aldermen from Dorchester were stating to the people that a nuisance exists there, whereas the fact is that the people of Dorchester, around Savin Hill and around Upham's Corner, have been protesting for the past year against this nuisance. It is about time that there was a committee appointed from this Board to hear them. This sort of thing has been going on too long already—communications have been continually sent to members of the Board of Aldermen, letters have been occasionally published in the papers, the representatives from that section have been appealed to by their constituents, and it is about time that the people out there were given a chance to come here and state their grievances to this body officially.

Then, after they have proved their case, which they certainly can do, the only thing to do is to lay the matter before the Board of Health, who will then be compelled to close down the nuisance that has been existing there for some time. As I have said here before, when the Garbage plant was first established on Gibson St. the people there rose in their might and condemned it, and the plant was removed. They also rose in their might at a great meeting held at Savin Hill in regard to the present plant, protesting as they did in the case of the Gibson St. plant. But there has been no notice taken of them. In order to make the protest stronger, it is now desired that a committee of this official body shall be appointed to look into the matter and to take the testimony of people who thoroughly understand the question. I don't want to take up any more of the time of the Board talking on this question, but I regret exceedingly that my colleague from Wd. 20 (Ald. Adams) should mention the

name of the Superintendent of Streets directly or indirectly in the Board of Aldermen today, as he has, by reason of any hearsay that may have come to his ears on the streets. I don't think it is a fair thing to take advantage of the Superintendent of Streets in that way. I have found him to be a gentleman at all times. I have always found him glad to meet citizens of Boston in his office, always treating them courteously and politely, and he has always tried to do his best in the interest of the citizens since he has been Superintendent of Streets. I have been called upon very often to visit him in relation to the streets of Dorchester, and he has been more than anxious to do everything he possibly could to make the streets passable for the citizens and taxpayers of Dorchester. As I said before I think it would have been better not to have brought that subject into the Board at all, for Mr. Wells, I believe, is a fair-minded, honest, conscientious official; and I trust that the gentleman will withdraw his remarks in regard to that matter.

Ald. ADAMS—Mr. Chairman, I have no animosity towards the Superintendent of Streets of the City of Boston—none whatever. He certainly has treated me as fairly in all matters pertaining to his office as Ald. McDonald says he has him. But under the terms of this contract, the Superintendent of Streets of the City of Boston has the power to annul the contract which now exists between the city and the New England Sanitary Product Company, when it has been shown to him that the garbage plant has become a nuisance. That provision is incorporated in the contract.

Now, Mr. Chairman, if the Superintendent of Streets does not wish to be criticised by me or by the citizens of Boston—particularly of Dorchester—in connection with this matter, why does he refuse, under an order which I introduced here and which was passed unanimously by this Board last week, to give us the information which we seek, and which we are entitled to? The Board of Health has given him its opinion, refusing to give it to us, because that Board takes the ground that the Superintendent of Streets is the proper authority to send it to. If he has nothing to cover up in the matter, why should he refuse to send in here today a copy of that official opinion. I say it looks rather suspicious, to say the least. I hate to make any charges here today to the effect that I think any head of a department of the City of Boston would be unfair, but it seems to me that we have not been treated fairly in this matter. It is an outrage for these people to tell the citizens of Dorchester to go to the courts for redress. Why should the citizens of Dorchester be obliged to go down in their pockets and spend their money in order to rid themselves of a nuisance of this kind, as they did four years ago, when the city of Boston has paid officials, drawing salaries of three thousand dollars and four thousand dollars a year, whose duty it is to look out for just such nuisances as we claim exist in this case. Why should we be called upon to do that? I say we have paid officials, whose duty it is to look out for these matters. I believe they have had their hearing and have rendered their decision in this matter. They have told me so with their own mouths. I have talked within two weeks with the Chairman of the Board of Health and one other member of that commission and they told me that they had arrived at an expert opinion upon this matter and that they have forwarded that opinion to what they claim to be the proper authorities at City Hall. Now let us have that opinion. We are as much entitled to it as anybody and if there is nothing to cover up why don't they give us the light of day upon it. Why doesn't the Superintendent of Streets cover it up? I will criticise him from now until the first of January, unless he does what is right

and fair in this matter. As a citizen of Boston, as a representative of the district suffering from the garbage plant, it certainly is my privilege to do so; and I hope the proper authorities will do us justice in this matter and not force the people of Dorchester to take things into their own hands, when we have paid officials whose duty it is to attend to all nuisances such as that which now exists at the Cow Pasture.

Ald. COLBY—Mr. Chairman, I sympathize with the aldermen from Dorchester, but I will suggest at this time that it does not seem to me that the order as introduced will bring about the result desired. Leaving it just as it stands at the present time, it seems to me that it gives a wrong impression, to the effect that all that you want to do now is to stir up the people of Dorchester and bring them into a public hearing, with the possible idea that it is desired to show them that the aldermen from Dorchester are active. Well, I suppose that is all right, but that is not really the action that is needed upon this matter. The people of Dorchester have been to the Board of Health and have testified. I happened to be there accidentally one day when their case was being heard, and I was told that that was the second or third time they had been there and told their story, and told it straight. Now, I suppose what is desired by the people of Dorchester is the abatement of the nuisance, and not more hearings. Without being interested personally, I will vote against this order which calls for a public hearing, because I don't think it is at all what you want. I am perfectly willing to vote in favor of a conference in regard to the situation with the Mayor and the Superintendent of Streets, to find out what the trouble is; but I don't think anything will be gained, in the interest of the people of Dorchester, by a public hearing. They have had their hearing, and the commission has made its report. It seems to me you should now take the matter up where they have left it, not going over it again. I understand that the company admitted the nuisance, the only defense being that it arose from a fire at their works, and that they stated that as soon as the building was fixed up it would be all right. I think this order should be properly redrafted, and I am going to move its reference to the Committee on Public Improvements—unless somebody can at this time suggest a better draft than the one before us. My motion is not with the idea of defeating this, because I believe the main underlying principle is all right and that the parties have a right to know what the state of affairs is. But I am not in favor of another public hearing, after one has already been given by the proper authorities. It seems to me what we should do as a matter of business, is to go to the people who have given the hearing, who have got the matter in charge, and get an understanding of the situation, then starting where they left off. I think the order should be redrafted. As the whole thing is vested in the Mayor and the Superintendent of Streets, it does not seem to me that it would do any good for a committee of this Board to have a hearing on it. The proposition simply looks like a matter of politics and involves the spending of money. I think it would be better for us to vote to examine into the exact situation, and I would be more than pleased to vote to do that.

Ald. CODMAN—Mr. Chairman, as the one who offered the order, I desire to say that as it is drawn it does not provide that there must be a hearing. It provides for a committee to investigate the matter and gives the Committee power, if it sees fit, to have a public hearing. I can conceive that it might be necessary to have a hearing. If it is as difficult for the Committee to get a paper from the Superintendent of Streets as it is for this

Board to obtain it, perhaps it will be necessary for the committee to have a hearing, to go over all the evidence again, so as to know what the Board of Health had before them. We have sent to the Board of Health and they have refused to send us an account of their hearing and findings. They have referred us to the Superintendent of Streets and we have sent to him, and we have got no satisfaction from him as yet. It strikes me that this committee at its first meeting should send to the Superintendent of Streets and use every reasonable means to get the results it desires. But, in view of the contingencies that might arise, and as it has been the custom here in the appointment of other committees to attach a provision for a hearing to the order, I have included that provision in this case. I, for one, as a member of committees, have not been anxious to attend hearings, have not hankered after that sort of work, but it is sometimes necessary for committees to give hearings. This Board has had an abundance of hearings this year, and it may or may not be necessary to have one in this case. As I said in the first place, I don't think the order means that the Committee shall give a hearing; it simply means that it shall have the power to do so, if necessary.

Ald. PRESHO—Mr. Chairman, I cannot understand why a reply has not been made to the request of this Board—why the report of the findings of the Board or Health has not been sent here. I would be in favor of having a committee appointed at this time to wait on His Honor the Mayor during the customary recess and ask why something has not been done in the matter. I think that would be the most fitting thing to do at this time. It seems to me it would get at what you want to know.

Ald. BERWIN—Mr. Chairman, I merely desire to place myself right on this proposition. My opposition to the passage of the order is not influenced by any desire to injure the cause of the people of Dorchester or their zealous representatives in this Board. My purpose is merely to have the matter expedited, I am inclined to agree with Aldermen Colby and Presho that if this order prevails and His Honor the Mayor and the Board of Health then refuse to give to the Board the information we desire, it will be impossible to get it in any other way. I take it that the representatives of Dorchester, as well as other members of this Board are familiar with the exact character of the statements made before the Board of Health. I don't suppose there is much question about that. Anyway, there is a unanimity of opinion that that plant is a nuisance and ought to be abated. If that is the case, how can that result be accomplished? The nuisance cannot be abated by this Board. It will have to be done through the courts. Any other course will simply take up time and will not accomplish anything. I do not want to reflect on the alderman by saying that he brings this in as a political matter, because there is no politics in it. With the intent of the order I am as heartily in accord as Ald. McDonald or any other member of the Board. I want to get the nuisance remedied, and if you think you are going to remedy it with the proposition you have introduced, I have nothing further to say. I leave it with the Dorchester representatives.

The order was passed, and the Chairman appointed Ald. Codman, McDonald, Adams, Dixon and Doyle, said committee.

ADDITIONAL COPIES, MUNICIPAL REGISTER.

Ald. DAV offered an order—That the Superintendent of Printing be authorized to print 100 additional copies of the Municipal Register of 1899; the expense of the same to be charged to the appropriation for Printing Department.

Passed. Sent down.

PROJECTION OF SIGNS.

Ald. DAY, for the Committee on Building Dept. (Ald.), submitted the following—

(1) Reports on petitions (severally referred today), for leave to project signs, etc.—recommending that leave be granted, viz:—

- James R. Hamilton, sign, 209 Ruggles St., Wd. 19.
 Levi Bros., sign, 983 Boylston St., Wd. 11.

Reports severally accepted; leave granted on the usual conditions.

(2) Reports on petitions for leave to project bay windows, cornices, etc.—recommending that leave be granted, viz:—

- Freeman Nickerson, et al., trustees (referred Oct. 23), three bay windows, 35 Central Sq., over said square and two over Saratoga St.
 J. C. Spillane (referred Oct. 9), three bay windows and a cornice on Tremont St., near Carmel St., Wd. 19.

Pierce J. Grace (referred Oct. 23), permanent awning at Columbia Theatre on Washington St., Wd. 9.

Reports severally accepted; leave granted on the usual conditions.

RECESS TAKEN.

The Board voted, at 4:40 o'clock, on motion of Ald. O'Toole, to take a recess subject to the call of the Chairman.

The members reassembled in the Aldermanic Chamber and were called to order at 6:42 P.M.

INFORMATION ABOUT GARBAGE PLANT.

The following was received:—

Mayor's Office, City Hall,

Boston, Oct. 30, 1899.

To the Board of Aldermen:—

I transmit herewith, as requested by an order passed by your Board at its last meeting, a copy of a communication addressed by the Board of Health to the Superintendent of Streets, relative to the garbage plant at Cow Pasture, under date of August 25th last.

This communication received the prompt and careful consideration of the Superintendent of Streets, in consultation with the City Engineer and myself, and we visited the garbage plant together a few days after it was received. The position taken by the Superintendent of Streets, with my approval, was verbally communicated to the Board of Health within a few days, and shortly afterwards conditions materially improved and have not since been regarded as sufficiently serious to call for radical action, particularly in view of the fact that the contracting company was, and still is, laboring to some extent under the disadvantage of having been unable to fully replace its plant in the condition in which it was prior to the fire which seriously damaged it in February last. It is certainly a fact of vital importance in connection with this matter that, although the garbage plant was in full operation from November 15th of last year, no complaint of offensive odors from it was made, so far as I am aware, until many months afterwards, and subsequent to the date when an important portion of the plant had been destroyed by fire. This would certainly seem to indicate that it was, and still is, possible to conduct the operations of the plant in such manner as not to be "objectionable to the public health or comfort." Up to the time of this fire, I think that all of the city authorities connected with the matter regarded the plant as a decided success as supplying a sanitary and unobjectionable means of disposing of garbage. As the Superintendent of Streets, therefore, considered that it had been demonstrated in the past that this plant was capable of meeting the expectations of his department, he naturally felt inclined to make every effort to have it brought back to the same conditions before taking any radical action under the contract, which might result in compelling the city to go back to discarded and objectionable methods of disposing of its garbage—and this position was taken by him with my full approval.

The examination above referred to, made at the end of August, led to the conclusion that the odor complained of must come chiefly from the raw garbage upon the scows, prior to its entering the plant, or from the pressed tankage made up of the residue of the garbage left after the extraction of grease and water therefrom. Measures were promptly taken to deodorize the raw garbage by treating it with a suitable disinfectant while in the carts in which it is gathered, and before its collection in large masses, and these efforts seemed to meet with success. It is believed that the main cause of complaint has been due to odors from the pressed tankage placed upon the scows prior to removal. The necessity of removing this tankage, instead of drying and grinding it within the building as formerly, for use as a fertilizer base,—which is intended to constitute one of the main products of the manufacturing operation,—arises from the fact that the dryers formerly used were destroyed in the fire referred to. The representative of the contractor states that the order for new dryers was placed shortly after the fire, and that no expense or effort has been spared to secure their delivery and installation, but that this has been delayed, owing to the overcrowded condition of the iron and steel industry

and the impossibility of securing prompt attention to orders. It is stated, however, that the dryers are now promised within a very short time. It should be noted in this connection that the arrangements for completely disposing of the vapor and odors from the digestors seemed to be working perfectly satisfactorily, and it does not seem to be claimed that any odors of this character are detected, although these would be the most objectionable, and are the most difficult to control.

It should further be stated in connection with this matter that the identical process in use at Cow Pasture has for some time been in satisfactory operation in the cities of New York and Philadelphia, and I have been furnished with recent statements from officials of both of these cities expressing entire satisfaction with the sanitary conditions connected with the operation of these plants.

In view of this situation, it has not seemed to the Superintendent of Streets or to myself that the city would yet be warranted in taking the position that this plant cannot be operated in accordance with the provisions of the contract, or that the company can as yet be fairly placed in the position of being either unable or unwilling to operate this plant in a thoroughly sanitary manner. While it cannot be denied that unfortunate conditions have existed at times during the summer season, it has certainly been demonstrated that conditions formerly complained of could be materially improved, and I believe that all concerned should at least await the installation of the new dryers and the resumption of the normal operation of the plant before calling for radical action. If the garbage plant cannot be operated in its present location without being "objectionable to the public health or comfort," it will have to be abolished or removed; but the importance of its operation to the city is such that no objections should be allowed much weight unless they are based upon solid and substantial grounds. It should further be noted that the great bulk of the complaints, particularly those made recently, have come from a small number of persons living in a very limited area of territory, and that at least some of the complaints have been fixed at times when the direction of the wind has been such that it would seem physically impossible for smells to have traveled in the directions claimed.

Respectfully submitted,

Josiah Quincy, Mayor.

Health Department, Old Court House,
Boston, Aug. 25, 1899.

Benjamin W. Wells, Esq., Superintendent
of Streets.

Dear Sir:—The Board of Health respectfully begs to call your attention to the following facts concerning the garbage plant adjoining the pumping station at Cow Pasture, Dorchester District, and recommends such immediate action on your part as the terms of the contract between the City of Boston and the New England Product Company may seem to you to demand:—

This garbage plant was installed and called into use Nov. 15, 1898. Complaints of offensive odors from said plant began to be made early in the present summer. The Board of Health made a thorough investigation and found that the offensive odors from this garbage plant were reaching distances of over one mile and that the complaints of the residents of Dorchester and elsewhere, were well founded. Hearings were given by the Board of Health to the complainants and to the officers of the New England Sanitary Product Company early in July. Promises were made to the Board of Health by the officers of the said company to so alter and repair the plant as to do away with any nuisance, and that such repairs and alterations should be completed on or be-

fore Aug. 1st, 1899. This time was granted as requested and the officers of the company reported the work as completed about the 1st of August.

Nevertheless, these alterations in the plant and the assurances of its management that its condition was then such as to control the odors, the complaints from the residents of Dorchester and elsewhere have continued with increasing frequency and force down to the present date. The Board of Health has diligently traversed the territory, within range of the odors complained of, by day and by night, with a view of estimating the degree of nuisance and with an earnest hope that the alterations in the plant would be found to be successful in so far diminishing the nuisance as to make the plant tolerable to the people living in the vicinity.

The Board of Health now, however, feels bound by its convictions and obligations, to report to you that the said garbage plant at Cow Pasture has been for several months and is now, causing such offensive odors to the inhabitants of Dorchester, South Boston and elsewhere as to warrant it in declaring the said plant to be "objectionable to the public health or comfort" within the meaning of the terms of the contract between the City of Boston and the New England Sanitary Product Company and to call for immediate action on the part of yourself under the following terms of the said contract, (Art. 3, Sec. E):—

"Carry on all said work in such manner that the appearance, smell and use of said scows and their loads and the appearance, smell and operation of said plant and the taking of any substances, materials, residues or waste, to or from said island and the depositing or keeping of any thereof, in any place, will not be objectionable to the public health or comfort.

(Art. 9). If the contractor from any cause, except fire or extraordinary ice in the water surrounding the city or in Boston Harbor or process of law or other extraordinary or unavoidable cause as aforesaid, shall fall for more than five successive days, to remove or to cremate or render said garbage as required in this contract or to dispose of the residue or waste thereof as so required, the superintendent acting for the city by notice in writing to that effect, signed by him and approved by the Board of Health of said city and the Mayor, given to the contractor or mailed to him at the business address given by him to the superintendent, may cancel this contract or using any labor, materials, implements or machinery of the contractor with any others he may deem necessary and by day labor, contract or otherwise without further notice, may take possession of the plant and any scows of the contractor he may desire, forcibly if necessary, and thereafter do the things required in this contract of the contractor; and in case that such cancellation or the taking possession of the property and doing things as aforesaid any expenses, losses or damages incurred by the city in each and every month of said term of ten years in removing and disposing of the garbage, to be removed by the contractor under his contract, over and above the amount which would have been paid to the contractor by this contract, shall be paid to the city by the contractor."

Very respectfully,

The Board of Health.
Samuel H. Durgin, Chairman.

Before the reading of the communication was completed, Ald. Berwin said: Mr. Chairman, I move that further reading of the communication be dispensed with and that it be referred to the special committee that has just been appointed.

Ald. ADAMS—Mr. Chairman, I for one, would like to hear that communication read. It may give us the information that the Committee desires, without calling for

any further action on the part of the Committee.

(The Clerk completed the reading of the communication and the enclosure).

Ald. CODMAN—Mr. Chairman, I move that that paper and all papers pertaining to this matter, in the hands of the Clerk, be printed and referred to the Special Committee.

Ald. BERWIN—Mr. Chairman, I want to say in advance that the motion I am about to make is no reflection whatever upon the Committee that has been appointed; but the importance of that communication is such that I think it should be left in the hands of the entire board. That is in line with what Ald. Adams said a moment ago, that if the communication were such that it would give us the information sought for, there might be no occasion for action on the part of the Committee. For that reason, Mr. Chairman, I move that the matter be printed and assigned to the next meeting of the Board.

Ald. ADAMS—Mr. Chairman, I cannot agree with the alderman from Wd. 6 (Ald. Berwin). I certainly think that the Committee that has been appointed here this afternoon is perfectly competent to consider this matter, and I wish to call the attention of the Alderman from Wd. 6 to the fact that this committee must report to the whole board before the matter can be acted upon at all, officially. It seems to me he will then have ample opportunity to look into it before acting upon it. I therefore hope this will be referred to the Special Committee.

Ald. CODMAN—Mr. Chairman, I trust that this will not be assigned.

Ald. BERWIN—Mr. Chairman, if the aldermen will yield for just a moment, out of courtesy to the committee I am willing to withdraw my motion. That will expedite business.

The communication, with the enclosure, was referred to the Special Committee appointed earlier in the meeting.

PUBLIC IMPROVEMENTS.

Ald. O'TOOLE, for the Committee on Public Improvements, submitted the following:—

(1) Reports (on petitions referred Oct. 23), recommending the passage of orders directing the Superintendent of Streets to make sidewalks in front of the following named estates and along the following named streets, said sidewalks to be from 3 to 10 inches above the gutters adjoining, to be from 5 to 12 feet in width, and to be built of the materials specified, with granite edgestones, the owners of said estates to furnishing the materials, viz:—

James S. Dorsey, 278-280 Blue Hill Ave., Wd. 16, brick.

Robert Garner, 19 Condor St., Wd. 1, brick.

Michael H. Burke, 35 Sagamore St., Wd. 20; artificial stone.

Enoch J. Shaw, 37 Sagamore St., Wd. 20; artificial stone.

William James Day, 8 Fenelon St., Wd. 20; artificial stone.

B. F. Roach, 1175 Dorchester Ave., Wd. 20; brick.

Christina Single, 23 Schiller St., Wd. 19; brick.

Reports severally accepted; orders severally passed.

(2) Report on the petition of the Eastern Cold Storage Co. (referred today), for leave to erect an awning in front of Nos. 23 and 32 North St., Wd. 6—Recommending that leave be granted on the usual conditions.

Report accepted; leave granted on the usual conditions.

(3) Report on the orders (referred today) revoking the locations for poles and wires granted May 5, 1884, to the Baltimore and Ohio Telegraph Co., and directing the Superintendent of Streets to remove said

poles—That the said orders ought to pass.

Report accepted; said orders passed.

(4) Report on the order (referred today) authorizing the Eastern Cold Storage Co. to lay a conduit, with iron pipes encased therein, under and across Creek Sq., in the rear of Nos. 38-44 North St., Wd. 6, as shown on a plan dated Oct. 16, 1899, on file in the Street Department—That the said order ought to pass.

Report accepted; said order passed.

(5) Reports (on petitions referred Oct. 23) recommending the passage of the following:—

(a) Ordered, That the Superintendent of Streets be authorized to issue a permit to the estate of John P. Nichols to construct, maintain, and use four areas, with covers of granite iron and iron grating, under and in the sidewalk in front of Nos. 11-17 Blue Hill Ave., as shown on a plan dated Oct. 23, 1899, on file in the Permit Office of the Street Department; the work to be completed on or before December 31, 1899, according to the terms and conditions expressed in the ordinances of the city relating thereto.

(b) Ordered, That the Superintendent of Streets be authorized to issue a permit to Aibert R. Whittier to construct, maintain, and use areas, with granite and sidewalk light covers, under and in the sidewalk in front of estate Nos. 13 and 15 Exchange St., as shown on a plan dated October 23, 1899, on file in the Permit Office of the Street Department; the work to be completed on or before Dec. 31, 1899, according to the terms and conditions expressed in the ordinances of the city relating thereto.

(c) Ordered, That the Superintendent of Streets be authorized to issue a permit to George C. Cornan to construct, maintain and use a bulkhead opening, 5 ft. by 2½ ft., with a wooden cover, under and in the sidewalk in front of estate 805 Albany St.; the work to be completed on or before Dec. 31, 1899, according to the terms and conditions expressed in the ordinances of the city relating thereto.

Reports severally accepted; orders severally passed.

(5) Reports (on petitions referred today), recommending the passage of the following:—

(a) Ordered, That the Superintendent of Streets be authorized to issue a permit to G. A. Cahill to erect, maintain and use guy posts, with ropes attached, as follows: One in front of 324 Newbury St., and one at or near the corner of Newbury and Hereford Sts., Wd. 11; the work to be completed on or before December 31, 1899, according to the terms and conditions expressed in the ordinances of the city relating thereto.

(b) Ordered, That the Superintendent of Streets be authorized to issue a permit to the New England Hospital for Women and Children to construct, maintain and use an 18-inch conduit, with steam pipes and electric wires encased therein, under and across Dimock St., Wd. 22, as shown on a plan dated October 23, 1899, on file in the Permit Office of the Street Department; said pipes and wires to be used for heating and lighting purposes, and the work to be completed on or before December 31, 1899, according to the terms and conditions expressed in the ordinances of the city relating thereto.

(c) Ordered, That the Superintendent of Streets be authorized to issue a permit to The Webb Granite Construction Co. to erect, maintain, and use, guy posts, with ropes attached, in the following named locations, viz: one in front of No. 25 Myrtle St., one in front of No. 12 Myrtle St., one in front of No. 41 Joy St., and one in front of No. 23 Joy St., for use in building construction; the work to be completed on or before December 31, 1899, according to the terms and conditions expressed in the ordinances of the city relating thereto.

(d) Ordered, That the Superintendent of Streets be authorized to issue a permit to

the Estate of James L. Little to place, maintain, and use sidewalk light covers over the present areas in the sidewalk in front of estate 175 Tremont St., Wd. 7; the work to be completed on or before December 31, 1899, according to the terms and conditions expressed in the ordinances of the city relating thereto.

(e) Ordered, That the Superintendent of Streets be authorized to issue a permit to Norcross Bros. (petition referred Oct. 23) to erect, maintain, and use one guy post, with ropes attached, in and over A St., at storage yard, Wd. 13; the work to be completed on or before December 31, 1899, according to the terms and conditions expressed in the ordinances of the city relating thereto.

(f) Ordered, That the Superintendent of Streets be authorized to issue a permit to John Soley & Sons, to move a wooden building, flat roof, 24 feet in length, by 15 feet in width, by 10 feet in height, from No. 692 Saratoga St., across said street to lot No. 633 Saratoga St., Wd. 1, on the terms and conditions expressed in the ordinance of the City relating thereto.

(g) Ordered, That the Superintendent of Streets be authorized to issue a permit to John Soley & Sons, to move a wooden building, flat roof, 39 feet in length, by 30 feet in width, by 22 feet in height, from No. 14 Arlington Ave., across said avenue to the corner of Beacham St., Wd. 4, on the terms and conditions expressed in the ordinance of the City relating thereto.

Reports severally accepted; orders severally passed.

APPROPRIATION FOR CLERICAL WORK.

Aid. BRICK, for the Committee on County Accounts, submitted a report of the petition of Elijah George (referred Sept. 12), for an additional allowance for clerical assistance in his office—recommending the passage of the following:—

Ordered, That in addition to the sums heretofore allowed for clerical assistance in the office of the Register of Probate and Insolvency for the County of Suffolk, there be allowed, from October 1, 1899, and until otherwise ordered, the sum of \$1500 per annum, to be paid from the treasury of the County of Suffolk, upon the official certificate of said Register countersigned by a Judge of Probate and Insolvency for said county.

Report accepted; order passed.

RAILROAD LOCATIONS.

Aid. DIXON, for the Committee on Railroads, submitted the following:

(1) Report on the order (referred March 6) requesting the N. Y., N.H. & H. R.R. Co. to place an electric signal gong at the West Park St. crossing, Wd. 20—That the said order ought to pass.

Report accepted; said order passed.

(2) Reports on petitions of the West End Street Railway Company (recommitted today) for a location for double tracks on Atlantic Ave. and Commercial St., to take the place of existing tracks, of the petition of the same company (recommitted today), for a location for double tracks on Western Ave., from the Watertown line to its existing tracks on said avenue and Market St., and of the same company (recommitted Sept. 12) for a location for tracks in Swett St. and Massachusetts Ave.—Recommending the use of the following:

(a) Ordered, That in addition to the rights heretofore granted the West End Street Railway Company, to lay down tracks in the streets of the City of Boston, said company shall have the right to lay down, maintain and use double tracks on Atlantic Ave. and Commercial St., from and connecting with the company's tracks on said avenue at or near Foster's Wharf, thence on said Atlantic Ave. and Commercial St. to and connecting with the

company's tracks at or near Hull St.; said tracks being shown by red lines on a plan made by A. L. Plimpton, dated Oct. 7, 1899, and deposited in the office of the Superintendent of Streets.

The right to lay down the tracks located by this order is upon condition that the whole work of laying the same, the form of rail to be used, and the kind and quality of material used in paving said tracks, shall be under the direction and to the satisfaction of the Superintendent of Streets, and shall be approved by him. Also upon condition that said West End Street Railway Company shall accept this order of location, and shall agree, in writing, to comply with the conditions herein contained, and shall file said acceptance and agreement with the City Clerk within thirty days from the passage of this order; otherwise it shall be null and void.

The whole work of laying the said tracks to be completed within six months from the date of the passage of this order.

(b) Ordered, That in addition to the rights heretofore granted the West End Street Railway Company to lay down tracks in the streets of the City of Boston, said company shall have the right to lay down, maintain and use double tracks on Western Ave., from the dividing line between the Town of Watertown and the City of Boston, to and connecting with the existing tracks of said company on said Western Ave. and Market St., with necessary curves, cross-overs, switches and connections; said tracks being shown by red lines on a plan made by A. L. Plimpton, dated September 23, 1899, and deposited in the office of the Superintendent of Streets.

The right to lay down the tracks located by this order is upon condition that the whole work of laying the same, the form of rail to be used, and the kind and quality of material used in paving said tracks, shall be under the direction and to the satisfaction of the Superintendent of Streets, and shall be approved by him. Also upon condition that said West End Street Railway Company shall accept this order of location, and shall agree, in writing, to comply with the conditions herein contained, and shall file said acceptance and agreement with the City Clerk within thirty days from the passage of this order; otherwise it shall be null and void.

The whole work of laying the said tracks to be completed within one year from the date of the passage of this order.

And the consent of the Board of Aldermen be hereby further granted to the West End Street Railway Company to establish and maintain the electric system of motive power in the operation of its cars, in said location, by the overhead system, so called, and to erect iron poles, of the height of not less than 20 feet, at the places indicated by red circles or dots on the plans filed in the office of the Superintendent of Streets, as may be necessary to establish and maintain said overhead system of motive power.

The rights herein granted are upon condition that the whole work of constructing the same, and the kind and quality of material used, shall be under the direction and to the satisfaction of the Superintendent of Streets, and be approved by him.

Also, upon condition that nothing herein contained shall be deemed a limitation or waiver of any rights now possessed or that may hereafter be conferred on the Board of Aldermen of the City of Boston, to make rules and regulations pertaining to the operation and maintenance of the electric system, and the running of electric cars in the City of Boston.

Also, upon condition that said railway company shall accept this order and agree to comply with the conditions herein contained, and shall file said acceptance and agreement with the City Clerk within 30 days from the passage thereof; otherwise it shall be null and void.

(c) Ordered, That in addition to the

rights heretofore granted the West End Street Railway Company to lay down tracks in the streets of the City of Boston, said company shall have the right to lay down, maintain and use double tracks on Swett St., from and connecting with the existing tracks of said company on Hampden St. to Massachusetts Ave., and thence on Massachusetts Ave. to Edward Everett Sq., with all necessary curves, cross-overs, switches and connections connecting with the existing tracks of said company in Northampton St., Hampden St. and Edward Everett Sq.; said tracks and turn-outs being shown by red lines on a plan made by A. L. Plimpton, dated August 21, 1899, and deposited in the office of the Superintendent of Streets.

The right to lay down the tracks located by this order is upon condition that the whole work of laying the same, the form of rail to be used, and the kind and quality of material used in paving said tracks, shall be under the direction and to the satisfaction of the Superintendent of Streets, and shall be approved by him. Also upon condition that said West End Street Railway Company shall accept this order of location, and shall agree, in writing, to comply with the conditions herein contained, and shall file said acceptance and agreement with the City Clerk within thirty days from the passage of this order; otherwise it shall be null and void.

The whole work of laying the said tracks to be completed within — days from the date of the passage of this order.

Ordered, That the consent of the Board of Aldermen be and hereby is granted to the West End Street Railway Company, to establish and maintain the electric system of motive power in the operation of its cars in the City of Boston, by the overhead system, so-called, as follows:—

On Swett St., from Hampden St. to Massachusetts Ave., thence on Massachusetts Ave. to Edward Everett Sq., with necessary connections with the existing electric system of said company.

And permission is hereby granted to the said West End Street Railway Company, to erect, maintain, and use such wires and iron poles, of the height of not less than 20 feet, at the places indicated by red circles or dots on the plans filed in the office of the Superintendent of Streets, as may be necessary to establish and maintain said overhead electric system of motive power.

The rights herein granted are upon condition that the whole work of constructing the same, and the kind and quality of material used, shall be under the direction and to the satisfaction of the Superintendent of Streets, and be approved by him.

Also, upon condition that nothing herein contained shall be deemed a limitation or waiver of any rights now possessed or that may hereafter be conferred on the Board of Aldermen of the City of Boston, to make rules and regulations pertaining to the operation and maintenance of the electric system, and the running of electric cars in the city of Boston.

Also, upon condition that said railway company shall accept this order and agree to comply with the conditions herein contained, and shall file such acceptance and agreement with the City Clerk within 30 days from the passage thereof; otherwise it shall be null and void.

The question came on the acceptance of the reports.

Ald. BRICK—Mr. Chairman, I would ask that the reports on Swett St. and Western Ave. be assigned for one week. I don't like to oppose railroad locations, although it seems I have got into the habit of it, but I do protest against giving out franchises simply because they happen to be hanging around loose and someone happens to want them. I have not the slightest knowledge of these matters.

The committee does not attempt, through its chairman, or any of its members, to furnish the Board with any information, and all the information a member can

have is the indistinct recollection of having seen a matter referred to on the calendar when it was up for a public hearing. It is perhaps some months afterwards when it gets into the Board from the Committee on Railroads, when it is pulled out from some musty corner and shoved through here under suspension of the rules. I confess that I feel like a donkey in voting for orders of this kind, because I don't know about them, and I do not believe, as a matter of principle, in giving out franchises to corporations merely to please them or because I happen to be a little fearful that they will not like my opposition. I therefore ask that those two last matters be assigned. I should imagine that the first one, relating to a location on Atlantic Ave. is a matter of business, from the reading of it as I remember it, something that would be beneficial; but the other two I should like to have assigned for a week that I may have an opportunity to look into them.

Ald. CODMAN—Mr. Chairman, not being a member of the Committee on Railroads I cannot say anything about what information they have regarding these matters. But, in regard to Swett St., I have just a word to say to the members of the Board. Ever since I have been a member of the City Government there has been an agitation all through Dorchester, especially in the lower section, to have Swett St. built. The street has been partially laid out for a number of years and has been merely passable. I think it was rough graded, and I think nothing more than that was ever done towards the completion of the street. We have no other direct communication from Dorchester through Massachusetts Ave., than going through Swett St. and connecting with lines to Cambridge, to the Fenway and all that part of the Park system.

As far as I am personally concerned, representing, as I do, a part of the Dorchester district, I am strongly in favor of having these tracks through Swett St. because it simply means, as was the case with Tabot Ave., that if the track location is granted, the city must build the street. It will be only a short time after tracks are allowed there when they will be laid through Swett St. and Massachusetts Ave., undoubtedly, to what we call the Five Corners, which is well into the centre of Dorchester now. Following immediately upon that the City will begin the building and surfacing of that wide and important thoroughfare, Massachusetts Ave., formerly East Chester Park. For that reason, these tracks cannot be put in any too soon to satisfy me and those in Dorchester whom I have had an opportunity to consult. Besides that, it gives us Dorchester people a more direct and a much required car service to the centre of the city. You all know the Field's Corner, Meeting House Hill and Upham's Corner cars, a good many of them, go out through Washington St. to the transfer station, and that after a long and circuitous ride we are finally, in about 45 to 55 minutes, landed at Field's Corner or Neponset Bridge. I believe that this line, taking some of the cars bound to the farthest points in our ward, will run a class of cars that may be called express trains. Running through Massachusetts Ave. there would be hardly a stop, until that section is built up, and that would greatly shorten the trip to the centre of Dorchester. I do not hesitate to say that I think the time of the trip from Boston to Field's Corner will be reduced at least a third. The suggestions I have made in connection with this matter will show to the Board why I personally, outside of the railroad committee am not only in favor of this location, but think that it should be granted as soon as possible. If the other members of the Board had had the experience I have had with urgent and persistent efforts of the citizens of Dorchester, having them at their backs as I have had them at mine, I think they would understand how important this location is.

I trust that there will be no unnecessary delay in granting it caused by any member of the Board who simply does not know anything about it, because we, the members of the Board from Dorchester, can give a great deal of information upon it, and I presume some of the members of the Committee on Railroads can give the rest of the necessary information. I hope the matter will be hurried along as rapidly as practicable.

Ald. ADAMS—Mr. Chairman, I don't care to weary the members of the Board at this hour with any remarks upon this matter, but, as one of the members of the Railroad Committee, I want to say, for the benefit of Ald. Brick, that I believe this location should be granted. I agree heartily with all that Ald. Codman has said in regard to the accommodation which this route will give to the citizens of Dorchester who desire to get in and out of town. It will also open up and develop a large tract of land there which at the present time is lying idle, and that will add to the valuation of the city, besides building up the section lying between Dorchester and the South End. I see no reason why the order should be further assigned. However, if the alderman insists on it I will offer no objection to assignment for one week, although I think the order should be put through here today.

Ald. BRICK—Mr. Chairman, I have no ulterior purpose in wishing this assigned. I simply have no information upon it. My only recollection of Sweet St., which is an indistinct one, is that it is mostly a marsh.

If I know Sweet St. at all—and I don't know a great deal about it—it is mostly an unoccupied territory, and I am opposed to giving out franchises which go into the future. It may be that within five or ten years we will regret that we have given out franchises in this way—that not only we, but the persons who follow us will feel the effects of granting these franchises ad lib., without reason, without any pressing need. I protest sincerely against it, and desire an opportunity to look into this matter and find out what the facts are. I say that this Railroad Committee when it reports should give some reason, that the members of the Committee should give some reasons, for giving out franchises of this sort, when they are questioned about them.

Ald. McDONALD—Mr. Chairman, I believe the gentleman is entitled to the reasons for the laying of tracks over Sweet St. I have some figures here in regard to the matter. I will tell the gentleman exactly where the locations petitioned for by the Boston Elevated Railroad run, as I believe he should have this information. It runs from the junction of Northampton, Albany and Hampden Sts., through Sweet St. to Massachusetts Ave., and through Massachusetts Ave. to Edward Everett Sq., at the beginning of Dorchesterway, and the road desires double tracks. The length of the line is approximately six thousand feet, which would make about 12,000 feet of single track. If granted it will be built as I understand it, according to the best type of street railway construction and equipped in a substantial manner. The building of this track will give to the people of Dorchester and Neponset another direct line of cars to the city, and a cross-town line through Northampton St. to the Back Bay and through the Subway. It would also open up along the route desirable sites for manufacturing establishments, as it borders for a considerable distance on water facilities furnished by the South Bay.

In connection with Columbia Road, now in course of construction, it will give a desirable route to the city for Dorchester people. That is exactly what the Dorchester people have been wanting for years. There has been no way of going across Dorchester. The travel has been all up and down, and there was no way across until the tracks were first laid on

Talbot Ave. I agree with the alderman from Wd. 24 (Ald. Codman) and my colleague from Wd. 20 (Ald. Adams) that the time has certainly come when Dorchester has got to be provided with some more cross-town cars. As I stated at the meeting of the Board of Trustees of the Franklin Fund, Dorchester has increased in valuation in ten years, from 1888 to 1898, forty million dollars—which is marvellous, and there is no part of this country today which can show such an increase in valuation in ten years. Not only that, but we have built sixty-eight miles of streets in that time, and it would be impossible to state the number of houses that have been built in Dorchester in ten years. So we are certainly entitled to all the accommodations that we can receive, and it is about time that the Boston Elevated Railroad woke up to the fact that the people of Dorchester need more cars. I introduced an order here some time ago in regard to running more cars to Meetinghouse Hill, but it has not been done as yet; and I say now that at this late day the West End or the Boston Elevated Railroad should look after the interests of Dorchester better than it has in the past. I believe when it wakes up to the fact that the people of Dorchester insist upon this we shall have more cars running out there and better accommodation.

The CHAIRMAN—The orders will be laid over, under the rule.

Ald. DIXON—Mr. Chairman, I ask a suspension of the rule, that the orders may be put upon their passage.

Ald. BRICK—Mr. Chairman, I ask to have these matters assigned. I suppose I am entitled to a vote upon that motion, even though I vote alone.

The motion to assign was declared carried. Ald. Adams doubted the vote and asked for the yeas and nays. The motion to assign the three orders to the next meeting was lost, yeas 3, nays 9.

Yeas—Ald. Barry, Berwin, Brick—3.

Nays—Ald. Adams, Codman, Colby, Day, Dixon, Doyle, McDonald, O'Toole, Presho—9.

On motion of Ald. Dixon the rule was suspended and the question came on the passage of the three orders.

Ald. BRICK—Mr. Chairman, as those who are advocating the passage of these orders seem to have the votes, I suppose it is of no use for me to further insist upon assignment; but it does seem to me a little bit out of the proper line of action. It does seem a little bit loose, when a member of this board in good faith asks assignment of a matter of this importance that he should be refused that privilege. Now, I am going to vote "no" on this question simply because I don't know anything about these matters. I have asked for their assignment simply because I desire information, and I don't think there are two men at this Board who, when they register their votes here today in favor of these orders, will do so because they have given their attention to these matters and know the facts, and could give good reasons for voting in the affirmative. I don't think two men at this Board are in possession of facts which warrant them giving these franchises to the Boston Elevated Railroad. I make no assertions. I do not say that there are ulterior motives which actuate any man, but I do protest against this swift pushing of franchises through the Board.

Ald. ADAMS—Mr. Chairman, it seems very strange to me, after the gentleman from Wd. 8 (Ald. Brick) has been treated with so much eloquence from the representatives from Dorchester, that he should get up and open this question up again. I think I gave at least a few reasons why this order affecting Sweet St. and Massachusetts Ave. should go through, and I think the other two aldermen from Dorchester also gave good reasons for its passage. On the other hand, the gentleman who opposes the passage of the order did

not state a single reason why it should not pass here today. I think he is well enough acquainted with the district to be able to offer some reason, if he has any, why the order should not go through at this time. If he is a representative of the whole city, it seems to me he ought to know the location of Swett St. and Massachusetts Ave., and before he asks us to assign this matter further I think he should give us some reasons for its assignment.

Ald. COLBY—Mr. Chairman, I don't feel just like a donkey myself, and I am prepared to vote for these orders. I do not do so because I think I am thereby granting a franchise in the way in which the alderman puts it. If a new railroad came in here and asked for a location which was a new matter, involving the granting of new rights, that would be one thing; but, as a matter of fact, the Boston Elevated Railroad has locations all around this, so there is no possibility of anybody else coming in. It is, therefore, simply a question of cutting across and connecting two existing arteries. Ultimately there will have to be a road there, anyway. They say they are willing to start as soon as the improvements on the street are made. It is not inviting anybody else to come in, it is not a proposition involving a new franchise, or anything of the sort. It is not proposed to grant anything to an outside concern. We will be simply granting permission to the existing road to make connections. If the alderman does not understand where these tracks are to be, that is his misfortune. I don't know why we should assign a matter of this kind because he does not understand, when we tell him where the tracks are to be. If he does not understand it when we tell him, I don't know how he will understand it when anybody else tells him. The actual fact is that there are lines running into the city from Dorchester by way of Dorchester Ave. and the Back Bay, and it is now desired to cut across. These tracks will pass through an undeveloped territory, developing property that never will be developed until it has some such means of communication with other parts of the city. For any man to say that anybody has ulterior motives in favoring action such as is proposed here shows such shortsightedness on his part that it is not entitled to consideration. I, therefore, have voted conscientiously against his motion to lay over, while I want every man to have an opportunity to look into a matter when there is anything involved. But there cannot be anything involved in this that would warrant its assignment, and I cannot, therefore, vote to lay it over.

Ald. CODMAN—Mr. Chairman, I would vote to have the matter laid over, out of consideration for the alderman, except that my experience here during a term of years has taught me that it is necessary, at this time of the year, that measures of this kind should be pushed through rapidly. The tendency at the latter part of the year is to railroad them through, the reason being that if quick action is not taken the chances are that the weather conditions will prevent the carrying out of the work.

I believe, and have every assurance, that if this order is passed, and passed at this time, we will get relief this winter, that the roadbeds will be constructed, the tracks laid, and the cars put in operation.

The road is ready to go to work at once, and has ironwork that it can use there. It is a perfectly straight road, there are no curves to be laid, and the work will proceed rapidly as soon as the authority for it is given. But, unless the matter is pushed along with a due amount of speed, we will not have the connection there this winter. The people of Dorchester are very anxious to have this location granted, and it seems to me that there is no reason for delay, because it is desired by any member of the Board, when the three members from that sec-

tion can answer any questions that he may ask.

Ald. BERWIN—Mr. Chairman, I shall vote against the passage of these orders this afternoon, believing that the stand taken by Ald. Brick is a correct one. Aside from the correctness of his position, he is entitled to at least the consideration he asks at the hands of this Board. This matter, as I understand, has been in the hands of the Committee for two months. They have taken two months to consider the proposition, and now come in at the tall end of the session, when we are all anxious to get away, and attempt to push it through. I have voted for every proposition the West End Road has asked for, and I don't know that I am opposed to this one. If the vote is not forced tonight, I shall probably be in favor of the passage of the order. But I don't see why it is necessary to push the order in the slightest degree. The road is not going to work on this tomorrow. Why not grant to Ald. Brick the privilege he asks for? The votes are here and you can pass the order at the next meeting. That is the way I look at the matter. I hope the Board will reconsider its desire to force this matter through and will treat Ald. Brick and other members of this Board with that consideration which I believe is their due.

Ald. BRICK—Mr. Chairman, I would like to put myself right on this matter, and I would like to have the clerk read the date of the petition.

The CHAIRMAN—The Clerk has not the petition here.

Ald. BERWIN—I can answer that question, Ald. Brick. The petition has been in the committee, I think, for more than a month.

Ald. BRICK—I would now like to ask the Chairman of the Railroad Committee, through the Chair, when the meeting which decided this matter was held?

The CLERK—I have the petition here now. It was presented August 21, and a hearing was given on it September 12.

Ald. BRICK—Mr. Chairman, I would like to ask the Chairman of the Railroad Committee if these orders were not approved this afternoon, during the meeting of the Committee on Public Improvements.

Ald. DIXON—Yes. The Railroad Committee were called together, and they approved of these orders.

Ald. BRICK—I simply want to have the facts as they are brought out. That is all.

The three orders were passed, Ald. Brick calling for the yeas and nays; yeas 10, nays 2, Ald. Berwin and Brick voting nay.

SALE OF ELM ST. SITE.

Ald. PRESHO offered an order—That the Board of Street Commissioners, with the approval of His Honor the Mayor, be authorized to sell at public auction, or otherwise, the estate situated on Elm St., Charlestown, said estate having been abandoned by the School Committee for school purposes, and surrendered to the Street Commissioners to dispose of.

Passed. Sent down.

FRANKLIN FUND AND UNION LABOR

Ald. O'TOOLE offered an order—That the Managers of the Franklin Fund be requested to instruct the City Engineer to take the necessary steps to provide that none but union labor shall be employed in the construction of any buildings to be erected from the proceeds of said fund.

Passed.

THE NEXT MEETING.

Ald. COLBY offered an order—That when this Board adjourns, it be to meet on

Monday, November 13, 1899, at 3 o'clock P.M., and that all hearings on orders of notice assigned for a prior date be postponed accordingly.

The order was declared passed.

Ald. CODMAN—I doubt the vote, Mr. Chairman. That is too long an adjournment.

Ald. BERWIN—Mr. Chairman, I move that the Board do now adjourn.

The CHAIRMAN—The Clerk will call the roll on adjournment.

Ald. CODMAN—Mr. Chairman, that is too long an adjournment. I don't think the Board desires to adjourn for that length of time.

Ald. DOYLE—Mr. Chairman, would it be in order to ask the gentleman who offered the order what the object of postponing the next meeting for that length of time is?

Ald. COLBY—Mr. Chairman, I have a somewhat selfish interest. I think it has never been customary to have a meeting of the Board on the day before the state election, and I myself will be somewhat busy on that day. I think it has always been customary not to have a meeting on that day.

The CHAIRMAN—The Chair is solving a doubt.

The order was defeated, yeas 3, nays 9:—

Yeas—Ald. Barry, Berwin, Colby—3.

Nays—Ald. Adams, Brick, Codman, Day, Dixon, Doyle, McDonald, O'Toole, Presho—9.

Ald. PRESCHO—Mr. Chairman, I move that when this Board adjourns it be to meet a week from Wednesday, at 3 o'clock p.m.

Ald. Presho's motion was carried.

Ald. BERWIN—Mr. Chairman, I move that the Board do now adjourn.

Ald. COLBY—Mr. Chairman, I hope that motion will not be carried. I think there is other business that should come before this meeting. I would like to move a general reconsideration of the action taken by the Board today. Will the gentleman withdraw his motion, to give me an opportunity to move a general reconsideration?

Ald. BERWIN—Mr. Chairman, I will not withdraw it, unless it is the sense of the Board that I do so. I have always yielded to Ald. Colby upon matters of that kind, but there are reasons why I do not now wish to withdraw my motion.

Ald. ADAMS—Mr. Chairman, I will not vote to adjourn at the present time. I don't think it is right for the gentleman from Wd. 6 (Ald. Berwin), to deprive us of the opportunity to reconsider the business transacted here today, in order to give him a chance to file a general reconsideration on matters which he desires reconsidered. I therefore ask for the yeas and nays on Ald. Berwin's motion to adjourn.

Ald. BERWIN—Mr. Chairman, I will state frankly to the two gentlemen who oppose the motion I have just made that my purpose in making it was to defeat the passage at this meeting of the very proposition which these two gentlemen and a majority of this Board have just voted to pass.

I made the motion in order that Ald. Brick might have fair treatment, in accordance with the request he made of this Board. His position is perfectly right, and I tell you that this Board has done wrong in voting to pass those railroad orders. I have stood up here and maintained the rights of the West End road and have voted to give them as many privileges as far as my vote went, as any other member of the Board. But it was not fair to members of this Board who desired these matters assigned, so that they might have an opportunity to look into them, to vote to pass them today. And I want to tell you this, Mr. Chairman, that there is something else behind this, I understand that there is a widening scheme contemplated in connection with Swett St., and this may have a very important bear-

ing upon that. The land has been neglected for years, and I understand that there is now a proposition on foot to build up that neighborhood. It is not unlikely that there may be some serious objections to the granting of such a franchise as is proposed up there, and I think any gentleman who desires to look into the matter should have a chance to do so. The Committee on Railroads has had a long time to consider it—I say this intending no reflection on the committee—and they should be willing to give other members a chance. You have the votes, anyway, and can pass the order at the next meeting, and what will be lost by assigning it for one week? I am going to withdraw my motion to adjourn, if the Board is willing, and I will then ask that reconsideration of that railroad franchise order be assigned to the next meeting. I take that position in all sincerity, because I am willing to go on record as saying, as far as the West End Road is concerned, that when it treats the people right I am with it and will be with it at all times. But this is not a time to take advantage of other members of the Board. You may laugh, if you will, but I am right.

Ald. COLBY—Mr. Chairman, I move a general reconsideration of the action taken today, trusting that it will not prevail.

Ald. BERWIN—And I ask, Mr. Chairman, that the vote granting that franchise be excepted from the motion.

Ald. BRICK—Mr. Chairman, I feel intensely about this—

The CHAIRMAN—The Chair will say that Ald. Colby makes a general motion to reconsider the votes on all motions, orders and resolutions that have passed the Board this afternoon.

Ald. COLBY—Mr. Chairman, rather than to have any befogging of the issue here, I will withdraw that motion, in order to let the matter come before the Board squarely. I will move a reconsideration of the vote taken granting track locations to the Boston Elevated Railroad on Swett St., etc., hoping that the same will not prevail.

Ald. BRICK—And I hope the motion will prevail, Mr. Chairman. It seems to me some courtesy should be extended to a member of the Board who desires an opportunity to look into an important matter like this. There has not been any time that I know of when a member of this Board has asked, has begged as strenuously as Ald. Berwin and myself have for that courtesy, when it has been refused. The alderman on my extreme right, I think has asked for more assignments than any other member of this Board, with the possible exception of Ald. Colby, and there has never been an occasion when what he asked for in that way has not been granted. Now, I think the action taken by this Board today has been unfair. I think we have been subjecting ourselves to criticism, and a fair criticism. If you try to jam this railroad location through tonight without giving us a chance to look into it, you are simply opening yourselves to criticism that is fair, and the newspapers of Boston should criticize you. They can properly ask why this thing is jammed through here at half past seven o'clock at night, after a meeting of the Committee on Railroads to which no other member of the Board had access, during the session of the Committee on Public Improvements. The few members who have spoken upon that matter have shown how little they know about it, and I tell you you make a mistake in jamming this through without giving us an opportunity to look into it.

Ald. COLBY—Mr. Chairman, it is a perfectly easy thing to get up here and say that there is an ulterior motive on the part of the majority of the committee to keep the Franklin Fund tied up, for instance, after we had practically decided upon the disposition of it; and it is an easy matter, in the same way, to get up here, as the

Alderman has done, and say that we wanted the order he is speaking of to go through for some reason or other. A man, however, who gets up here and objects to a thing going through does not add much weight to his argument unless he gives some ground for the position he takes and for the statements he makes. Now, as far as the talk of developing that territory about the South Bay is concerned, I think nobody questions the statement that that ought to be developed. It certainly is not good for much now; and I say if Ald. Brick does not understand the situation there at the present time I don't see how a week's delay will help him any. If this was something that called for an examination by experts, for a careful investigation as to the locality, or anything of that sort, that would be another question; but for him to take a plain, simple proposition, such as this, and say that he cannot understand it, and that he wants a week to look into it, it seems to me places him in a mental attitude which does not seem to promise much for his further enlightenment upon the matter in the future, to be perfectly frank. I am always willing to grant every courtesy. I don't know that I have asked for as many assignments as my brother credits me with, and if I have I have not had them. But, however, this is a straight proposition. It is simply desired to make a cross cut between existing routes and there cannot be the slightest objection to it.

Ald. DOYLE—Mr. Chairman, I did not intend to say one word on this matter, but as I am probably the nearest resident to that section of any member around this Board I feel perhaps that I may be allowed to say a word or two in connection with the proposed railroad through Swett St. Everybody in this Board knows that the roadbed of Swett St. has been in a deplorable condition for years. As far as residents along the street are concerned, there are none to speak of. So that it will be entirely a matter of expense on the part of the railroad to construct tracks through that street and operate them. The road cannot for some time to come get any local business from the fact that it goes through that street. I cannot understand why my friend from Wd 8 (Ald. Brick) should make such a tirade against members of this Board who are familiar with the conditions in connection with Swett St, and who have therefore voted in favor of the order. I sincerely hope our action will not be reconsidered.

The motion to reconsider the vote of the Board granting the right to the West End Road to lay tracks through Swett St., etc., was lost, yeas 2, nays 10, Ald. Berwin and Brick voting yea.

Ald. BERWIN moved a general reconsiderations of all other votes passed today; lost.

Adjourned at 7:39 P.M. on motion of Ald. Berwin, to meet on Wednesday, Nov. 8, at 3 P. M.

CITY OF BOSTON.

Proceedings of the Common Council.

Thursday, Nov. 2, 1899.

Regular meeting of the Common Council, held in the Council Chamber, City Hall, at 7.45 o'clock P.M., President Kiley in the chair.

BATH DEPT. STATISTICS.

The following was received:—

Mayor's Office, City Hall,
Boston, Oct. 26, 1899.

To the Common Council:—

I transmit herewith a communication from the Acting Secretary of the Bath Department, furnishing information requested in order passed by your body.

Respectfully submitted,

Joshua Quincy, Mayor.

City of Boston, Department of Baths,
64 Pemberton Square,
October 26, 1899.

Hon. Josiah Quincy, Mayor.

Sir:—In reply to the order offered by Councilman Stevens I respectfully submit the following figures.

The expenditures this year so far amount to \$66,789.86, divided as follows:—

| | |
|---|-------------|
| Office, Salaries..... | \$2295.89 |
| Bills | 1913.09 |
| Warren Bridge, Salaries..... | 712.00 |
| Bills | |
| Wood Island, Salaries..... | 1641.00 |
| Maverick Street, Salaries..... | 611.00 |
| Charlestown Beach, Salaries..... | 1286.00 |
| Bills | 217.50 |
| Border Street, Salaries..... | 644.00 |
| Bills | 5.80 |
| Neponset Beach, Salaries..... | 132.00 |
| Bills | 133.00 |
| Neponset Bridge, Salaries..... | 533.50 |
| Bills | 59.00 |
| Chelsea Bridge, Salaries..... | 663.00 |
| Dover St. Bridge, Salaries..... | 764.00 |
| Commercial Point, Salaries..... | 729.50 |
| Bills | 651.35 |
| Cabot St. Salaries..... | 1039.25 |
| Bills | 64.75 |
| Harvard Bridge, Salaries..... | 453.50 |
| Malden Bridge, Salaries..... | 631.25 |
| Orchard Park, Salaries..... | 1220.00 |
| Bills | 151.10 |
| Craigies Bridge, Salaries..... | 533.00 |
| Spring Street, Salaries..... | 762.25 |
| Bills | 116.88 |
| W. Boston Bridge, Salaries..... | 501.50 |
| K. Street Beach, Salaries..... | 529.00 |
| Bills | 1.29 |
| L. Street Beach, Salaries..... | 2709.85 |
| Bills | 100.37 |
| Savin Hill, Salaries..... | 277.00 |
| Bills | 6.70 |
| N. End Park, Salaries..... | 4119.25 |
| Bills | 1818.99 |
| Dover St. Laundry, summer, extra help.. | 637.50 |
| Swimming instructors..... | 280.00 |
| Gymnasium, Salaries..... | 3218.99 |
| Bills | 1708.25 |
| Urinals, Salaries..... | 2710.79 |
| Expenses | 136.05 |
| Teamsters, Salaries..... | 1523.20 |
| Teaming | 2329.75 |
| Wharves, Salaries..... | 3984.60 |
| Rent | 1633.75 |
| Towing | 735.45 |
| Supplies for general use..... | 113.30 |
| General repair on all baths..... | 6627.89 |
| Laundrying | 36.65 |
| Bathing suits and towels..... | 3705.11 |
| Ice delivered at various baths..... | 111.70 |
| N. End Park laundry, salaries..... | 1845.76 |
| Dover St. house salaries..... | 5859.15 |
| Dover St. bills..... | 2361.11 |
| Total | \$66,789.86 |

Total\$66,789.86

The only bill remaining unpaid in this office on Oct. 1 was one of \$1449.49 for general repairs at the various bathhouses, due to the Public Building Department.

Table of attendance at baths is appended.

Yours respectfully,

P. J. Carroll, Acting Secretary.

ATTENDANCE

at Summer Baths for the season of 1899, July, Aug. and Sept.:—

| | |
|------------------------------|---------|
| 1. Malden Bridge..... | 31,708 |
| 2. Charlestown Beach..... | 32,293 |
| 3. Chelsea Bridge..... | 48,094 |
| 4. Wood Island Beach..... | 56,936 |
| 5. Border Street Bath..... | 59,259 |
| 6. Jeffries Point..... | 22,965 |
| 7. North End Park..... | 39,835 |
| 8. Warren Bridge..... | 68,869 |
| 9. Craigie's Bridge..... | 196,815 |
| 10. West Boston Bridge..... | 48,223 |
| 11. Harvard Bridge..... | 29,392 |
| 12. Dover Street Bridge..... | 65,525 |
| 13. L Street Beach..... | 318,451 |
| 14. K Street Beach..... | 154,021 |
| 15. Orchard Park Pool..... | 39,899 |
| 16. Cabot Street Pool..... | 72,531 |
| 17. Spring Street..... | 29,221 |
| 18. Commercial Point..... | 83,215 |
| 19. Neponset Bridge..... | 36,496 |
| 20. Neponset Beach..... | 5,334 |
| 21. Savin Hill Beach..... | 16,559 |

Grand total.....1,594,271

Attendance at all-year-round baths, Feb. 1st to Oct. 1st, 1899:—

| | |
|----------------------------|---------|
| Dover Street bath..... | 222,533 |
| East Boston gymnasium..... | 53,345 |

Total275,878

Assigned to the next meeting, and ordered printed, on motion of Mr. Stevens of Wd. 11.

SKATING—CHURCHILL FIELD.

The following was received:—

Mayor's Office, City Hall,
Boston, Oct. 26, 1899.

To the Common Council:—

I transmit herewith a communication from the Board of Park Commissioners in reply to your order requesting the said Board to lease Churchill's Field, Wd. 24, for skating purposes.

Respectfully,

Josiah Quincy, Mayor.

Board of Commissioners of the Department of Parks,
October 23, 1899.

Hon. Josiah Quincy, Mayor.—

Dear Sir:—We have received your communication, enclosing an order of the Common Council requesting this Board to lease Churchill's Field in Wd. 24 for skating purposes. We regret to say that the smallness of our maintenance appropriation renders it inadvisable to increase the area of ice to be cared for by us next winter.

Yours respectfully,

Charles E. Stratton, Chairman.

Placed on file.

PLAYGROUND, WARD 18.

The following was received:—

Mayor's Office, City Hall,
Boston, October 26, 1899.

To the Common Council:—

I transmit herewith a communication from the Board of Park Commissioners in reply to your order requesting a report as to what the said Board has done toward locating a playground in Wd. 18.

Respectfully,

Josiah Quincy, Mayor.

City of Boston,
Board of Commissioners of the Department of Parks,
October 23, 1899.

Hon. Josiah Quincy, Mayor.

Dear Sir:—We have your communication of Oct. 20th, enclosing an order of the Common Council requesting information as to our action in locating a playground in Wd. 18. We have taken a tract of about 80,000 sq. ft. of land in the rear of Columbus Ave., between the Base Ball Grounds and Camden St.

We have no money to develop the grounds. A request made by us, Aug. 14th, to the Board of Estimate and Apportionment for a small sum to improve the land has not yet been granted.

Yours respectfully,

Charles E. Stratton, Chairman.

Placed on file.

COMPILATION OF SPECIAL LAWS.

The following was received:—

Mayor's Office, City Hall,
Boston, October 26, 1899.

To the Common Council:—

I transmit herewith a communication from the Corporation Counsel in reply to your order requesting a report as to "what progress, if any, the special commission appointed to prepare a compilation of the special laws relating to the City of Boston has made, and how soon a report of their work may be expected."

Respectfully,

Josiah Quincy, Mayor.

City of Boston, Law Department,
73 Tremont Street,
Boston, October 26, 1899.

Hon. Josiah Quincy, Mayor,

Dear Sir:—In reply to your request that I should inform you of "what progress, if any, the special commissioners appointed to prepare a compilation of the special laws of the city of Boston have made, and how soon a report of their work may be expected," I have the honor to say that the commissioners are not engaged in a mere compilation of the special laws, but are making a revision of the laws, embodying in a form of charter all the special acts in force giving authority to the City of Boston and the officers thereof, and the commissioners have given a great deal of time to the work. I have just received your communication and am unable to see the other commissioner, Hon. A. E. Pillsbury (General Collins having resigned some time since), but for my part, I think we have made such progress that we can complete the work to such a degree as to make a report, including substantially the charter as we desire to leave it, before the end of the year. In a work of this character it is impossible to give any idea of what progress is made. All that we can say is that the whole work has received a great part of our time, especially the last six months, and there is not an act or section of an act of all the special acts passed since the charter of the city in 1854, that we have not considered and acted upon, but as to giving any further information, it is impossible to do so. Respectfully,

Andrew J. Bailey, Corporation Counsel.
Placed on file.

DISPOSAL OF GAS LAMPS.

The following was received:—

Mayor's Office, City Hall,
Boston, October 26, 1899.

To the Common Council:—

I transmit herewith a communication from the Superintendent of Lamps in reply to your order requesting a report as to "what has been done with the gas-lights recently removed from the streets, and if the same have been sold, to whom and for how much." Respectfully,

Josiah Quincy, Mayor.

City of Boston,
Office of the Lamp Department,
City Hall, October 25, 1899.

Hon. Josiah Quincy, Mayor.—

Dear Sir:—In accordance with the request contained in the enclosed order of the Common Council, I beg to report that the gas lanterns that have been removed by reason of substitution for the new lamps, have been stored in the various yards of the Street Department and at the shop of this department. None of these lanterns have been sold.

Respectfully,

James Donovan, Supt. of Lamps.

Placed on file.

STREET LIGHTING CONTRACT.

The following was received:—

Mayor's Office, City Hall,
Boston, Oct. 26, 1899.

To the Common Council:—

I transmit herewith a communication from the Superintendent of Lamps in

reply to your order requesting a copy of the contract for street lighting between the city of Boston and the Rising Sun Street Lighting Company, together with a schedule of all city property used or controlled by said company.

Respectfully,

Josiah Quincy, Mayor.

City of Boston,
Office of the Lamp Department,
October 25th, 1899.

Hon. Josiah Quincy, Mayor.—

Dear Sir:—In accordance with the request contained in the enclosed order of the Common Council, I hereby enclose a copy of the contract with the Rising Sun Street Lighting Company; and also a schedule of the city property which, in accordance with Article 3 of said contract, is being used temporarily by said company, the company being required to return the same to the said city when the lanterns to be placed within four months from the time this contract goes into effect are so placed.

Respectfully,

James Donovan, Supt. of Lamps.

The Rising Sun Street Lighting Company, corporation duly established under the laws of the State of Maine, having a usual place of business in the City of Boston, in the County of Suffolk, and Commonwealth of Massachusetts, hereinafter called the contractor, of the first part, and the City of Boston, a municipal corporation in said Commonwealth, hereinafter called the city, of the second part, agree as follows:—

Article 1. Said contractor shall have the charge of all gas-lanterns hereafter used for the lighting of the streets and places of said city, except such lanterns as said contractor shall be notified from time to time by the Superintendent of Lamps of said city to discontinue; shall within four months after June 1, 1899, place on every post designated, within one month after the date hereof, by said Superintendent, a boulevard lantern of said contractor like the lantern deposited as a sample in the office of said Superintendent and marked "Welsbach Boulevard No. 1," and shall within five days after being notified by said Superintendent so to do, place on every additional post specified by the said Superintendent, and furnished with a supply pipe from the gas main to the top of the post, a similar lantern; shall, when required by said Superintendent, furnish in place of any lantern, whether owned by the city or said contractor, other than a boulevard lantern, a lantern of the pattern now kept in said office as specified by said Superintendent, or any other lantern, if the contractor and the Superintendent shall so agree; shall place and maintain on every gas-lantern when in use, whether owned by the city or said contractor, a Welsbach burner and mantle, and furnish gas and keep it burning in every such lantern during the hours shown on time cards to be furnished by said Superintendent, so as to give a sixty (60) candle light; shall keep all lanterns when in use in good repair and condition and well painted, and properly replace all broken or displaced glass and signs on said lanterns before the next time of lighting, the signs to be furnished by the city but placed and kept securely fastened by the contractor; shall clean all lanterns when in use as often as once a week, and oftener if required, to keep the light from being obstructed; and shall when it removes a lantern without substituting another therefor, properly plug the pipe so that the gas will not escape therefrom.

The Superintendent of Lamps and the contractor may agree at any time to install in lieu of gas-lamps as many Welsbach naphtha lights of sixty (60) candle power each with boulevard lanterns of approved pattern as may be necessary to fully carry out this contract, same to be kept and maintained as herein provided under and subject as to cost and other re-

quirements to all the other provisions and obligations of this contract applicable thereto.

Article II. Said contractor shall report in writing at the office of said Superintendent on Thursday of each week, and on the ninth of each month, the number of said lanterns lighted on each night subsequent to the last report, giving in each report the name of each person engaged in lighting the lanterns and the number lighted by each person.

Article III. Said contractor shall have the use of all property now belonging to the city, and used by the Superintendent of Lamps in carrying on the duties of his Department, as the contractor considers necessary to carry out this agreement; shall keep the same in good condition and repair, and replace any thereof that shall be destroyed or injured, and shall return the same to said city in like good order and condition when the lanterns to be placed within four months from the time this contract goes into effect are so placed.

Article IV. Said city shall lay and maintain all gas-pipes to the burners in the care and charge of said contractor and keep the same in good condition and repair; as full payment for everything furnished or done by, or resulting to, the contractor in carrying out this contract, shall for each year of three thousand eight hundred twenty-eight (3828) hours pay for each and every lantern taken care of and lighted by said contractor as aforesaid, at the rate of thirty (30) dollars per year, in proportional monthly payments on the first day of each and every month; provided, however, that if any lantern has not been kept and lighted in accordance with this contract during all the hours required by said time card a proportional deduction as determined by said Superintendent, shall be made; and provided, further, that if at any time by reason of a reduction by any gas company in the price of gas, the contractor shall procure its gas supply at a lower average price per lamp for the whole number of lamps lighted than the average price paid for gas by the contractor when the system provided for herein is fully installed, the said rate paid by the city shall be reduced by the amount of the reduction in the price of gas so secured. (It is understood and agreed that any reduction made prior to the complete installation of the Welsbach system shall be calculated in the deduction from the rate to be made as before provided with like force and effect as if made thereafter, but the contractor shall receive the full rate until such installation is complete). The contractor shall render to the city statements every three months, showing such reductions, if any, and the amounts of same accrued during the prior three months shall be deducted from the next payments due the contractor. The said rate paid by the city shall then be adjusted in accordance with such reductions.

Article V. This contract shall take effect June 1, 1899 (which date may be changed by mutual consent), and shall continue in force subject to the necessary appropriation being made for gas-lighting, for the term of seven years from June 1, 1899,—but any change of date shall not relieve the contractor from its obligation to have the Welsbach system as provided herein fully installed and in operation within four months from June 1, 1899, and shall continue thereafter until a new agreement is made by the parties, or until the expiration of three months after notice in writing which may be given prior to said date by either party of its election to terminate the contract at the end of the period of seven years as herein provided, and on such termination the said contractor may remove its lanterns and all other property by it furnished under this agreement, providing the same is not purchased by the said city. If at the expiration of said term the Mayor of said city desires that the city shall purchase the lanterns, burn-

ers and mantles of said contractor, and notifies the contractor to that effect, the contractor shall convey the same to the city upon terms to be agreed upon by the parties at that time, and, if they cannot agree, the same shall be fixed by three persons, one to be selected by the Mayor of said city, one by the contractor, and the third by the two so selected, and the decision of a majority thereof shall be binding upon the parties; and provided, further, that the contract shall continue for a second period of seven years if the Mayor of said city shall within three months from the expiration of the first period of seven years so notify in writing the contractor.

In witness whereof, the said Rising Sun Street Lighting Company, by its proper officer, and the said city by its Superintendent of Lamps, duly authorized and approved by the Mayor, have hereunto set their hands and seals on this thirty-first day of May, A. D. 1899.

The Rising Sun Street Lighting Company,
By Wesley A. Gove, President.

City of Boston,

By James Donovan,

Superintendent of Lamps.

Approved: Josiah Quincy,
Mayor of Boston.

Schedule of property in use by the Rising Sun Street Lighting Company, or which it has the right to use under its contract:—

- 6 horses.
- 11 sets of single harnesses.
- 2 sets of double harnesses.
- 4 single wagons.
- 1 wagon, double or single.
- 3 pungs, single.
- 1 pung, double.
- 1 top buggy.
- 1 open buggy.
- 2 sleighs.
- 23 blankets.
- 3 rubber horse-covers.
- 2 whips.
- 2 buggy-mats.
- 2 buggy-covers.
- 4 sets interfering boots.
- 3 carriage-jacks.
- 1 oiling pan.
- Necessary equipment for washing wagons and cleaning horses and harnesses.
- 50 feet of hose.
- 5 horse-nets.
- 1 hot-water heater.
- Furniture in office at shop.
- 1 large turning-machine.
- 1 large burring-machine.
- 1 small burring-machine.
- 1 wiring-machine.
- 1 rolling-machine.
- 1 pair rotary shears.
- 2 pairs bench shears.
- 1 double seamer.
- 1 groover.
- 1 squaring shears.
- 1 tin-folder.
- 1 lantern form.
- 2 vises.
- 1 grindstone.
- 2 firepots.
- 1 blow-horn stakc.
- 6 soldering-coppers.
- 1 hollow mandrel-stake.
- 1 beak-horn stake.
- 1 double seaming-stake with four heads.
- 1 square stakc.
- 1 lot hand-tools.
- 1 die-holder and five dies.
- 1 crane and tackle.
- 1 bolt-cutter.
- 2 die stocks and cutters.
- 2 pipe cutters.
- 1 forge.
- 3 lantern holders.
- 2 wooden shovels.
- 4 iron shovels.
- 3 ice-cutters.
- 5 double ladders.
- 12 ladders.
- 3 long ladders.
- 1 pair scales.

Property and tools in hands of lamp-lighters, and all plans of routes, maps, etc. Assigned to the next meeting, and ordered printed, on motion of Mr. Linehan of Wd. 13.

PAPERS FROM THE BOARD OF ALDERMEN.

1. Report of Committee on Claims, on petition referred September 25, of E. B. Stiles, for compensation for damage to his carriage from a collision with a team of the Sanitary Division of the Street Department,—leave to withdraw.

Accepted in concurrence.
The Council voted, on motion of Mr. Harvey of Wd. 24, to consider Nos. 2, 3 and 4 together, viz:—

2. Report of same committee, on petition of Charles W. Bates, recommending the passage of the following order:

Ordered, That the City Treasurer be hereby authorized to pay to Joseph A. McCloskey the sum of one hundred and seventy dollars and ninety-one cents (\$170.91), being the amount held by the city under chapter 390, section 40, of the Acts of 1888, from the sale of an estate on Perkins St., for unpaid taxes of the year 1895, by deed recorded with Suffolk Deeds, lib. 2500, fol. 17.

3. Report of same committee, on petition of Mary S. Barker, recommending the passage of the following order:

Ordered, That the City Treasurer be hereby authorized to pay to Mary S. Barker the sum of one hundred and sixty-seven dollars and sixty-five cents (\$167.65), being the amount held by the city under chapter 390, section 40, of the Acts of 1888, from the sale of an estate on Spring and Etna Sts., for unpaid taxes for the year 1897, by deed recorded with Suffolk Deeds, lib. 2582, fol. 219.

4. Report of Committee on Building Department, on petition of the Eben D. Jordan estate, recommending the passage of an order authorizing the issue of a permit to said Eben D. Jordan estate, to build a wooden addition to building on Corey road, corner Westbourne terrace, Wd. 25, in excess of size allowed, etc., to be used for storage purposes.

Reports severally accepted; orders passed in concurrence.

5. The order passed by this Council on October 19, concerning a site for an ambulance station for South Boston, comes down passed in concurrence with an amendment adding thereto the following words: "The City shall also assume and pay all taxes, assessments and betterments of all kinds assessed upon said land during said term."

Amendment adopted in concurrence. Mr. Logan of Wd. 14 moved to reconsider; lost.

6. An ordinance relating to trees:—
Be it ordained by the City Council of Boston as follows:—

Chapter 47 of the Revised Ordinances of 1898 is hereby amended by inserting a new section, to be section 105 of said chapter, and by renumbering section 105 so as to be section 106; said new section to be as follows:—

"Section 105. No person shall attach any wire to a tree belonging to the city, or in any street, except by bending wire around a part of the tree, over blocks painted substantially the color of the tree, and so placed as to protect the tree from injury."

The rules were suspended on motion of Mr. Wood of Wd. 20, and the ordinance was passed in concurrence. Mr. Wood moved to reconsider; lost.

7. Ordered, That the Board of Street Commissioners, with the approval of His Honor the Mayor, be authorized to sell at public auction, or otherwise, the estate situated on Elm St., Charlestown, said estate having been abandoned by the School Committee for school purposes, and

surrendered to the said Street Commissioners to dispose of.

The question came on giving the order a second reading.

Mr. GIBBONS of Wd. 5—Mr. President, as I see no one here from Wd. 3 in the chamber at present, and as this is an order affecting the Charlestown district, I move you, sir, that it be assigned to the next meeting.

The order was assigned to the next meeting.

8. Ordered, That the Superintendent of Printing be authorized to print 100 additional copies of the Municipal Register of 1899; the expense of the same to be charged to the appropriation for Printing Department.

The order was declared referred to the Committee on Printing.

Mr. HARVEY of Wd. 24—Mr. President, while this order, No. 8 on the calendar, may be all right, I think it will bear looking into. We have just had 1500 copies of the Municipal Register printed, and why do we want 100 more copies?

The PRESIDENT—The Chair has just referred the matter to the Committee on Printing.

Mr. CUDDY of Wd. 8—Mr. President, being a member of the Committee on Printing, I will state that it is customary to have some copies to exchange with different cities in the State; and, as the Committee has used up all the copies it had the Mayor requested that an order be prepared for the printing of 100 more copies, and that is why the Committee have reported in favor of that order.

The matter was referred to the Committee on Printing.

9. Mayor's message transmitting the following order passed by the Board of Estimate and Apportionment on October 23, the same coming down passed by the Board of Aldermen for concurrence, viz:—

Ordered, That the Superintendent of Streets be directed to construct and equip a new ferry-boat for the Ferry Division of the Street Department, the expense thereof to be charged to the loan authorized by chapter 455 of the Acts of 1895.

The message was placed on file and the order was passed in concurrence.

10. Mayor's message transmitting the following order passed by the Board of Estimate and Apportionment on October 23, the same coming down passed by the Board of Aldermen for concurrence:—

Ordered, That an additional appropriation of one hundred thousand (100,000) dollars is hereby made to the Reserve Fund, the same to be met by the additional revenue estimated by the City Auditor under date of October 18, in excess of his previous estimate of revenue.

The communication was placed on file, the order was read a second time, and the question came upon its passage in concurrence with the Board of Estimate and Apportionment.

Mr. STEVENS of Wd. 11—Mr. President, I would like to ask our President, as a member of the Board of Estimate and Apportionment, why it is desired to place so large a sum to the credit of the reserve fund? What are the particular matters that want to be provided for?

The PRESIDENT—The Chair will state, for the information of the gentleman from Wd. 11, that your representative on the Board of Apportionment did not vote for this order. The \$100,000 appropriated to the reserve fund by this order is expected income which the City Auditor was unable to determine at the beginning of the year, and as the Chair understands, it is derived from the street railway franchise tax. The Chair stated in the Board of Estimate and Apportionment, and he reiterates the statement now, that the appropriation of the \$100,000 to the reserve fund simply furnishes a reserve fund for the board of apportionment to transfer from, by three votes, during the coming 30 days.

Mr. STEVENS—Mr. President, I move

that this be assigned to the next meeting. The motion to assign was carried.

11. Mayor's message transmitting the following order, passed by the Board of Estimate and Apportionment on October 27, the same coming down without alteration, viz.:-

Ordered, That the sum of twenty-four hundred (2400) dollars be appropriated, to be expended by the Board of Health in purchasing and laying a telephone cable from Long Island to Gallup's Island; and that the City Treasurer be authorized to issue, from time to time, bonds of the city of Boston to said amount for said purpose.

The message was placed on file and the order was passed in concurrence.

12. Mayor's message transmitting the following order, passed by the Board of Estimate and Apportionment on October 30, the same coming down without alteration, viz.:-

Ordered, That the sum of three thousand (3000) dollars be appropriated to be expended by the Insane Hospital Trustees in remodelling the "A" building; and that the City Treasurer be authorized to issue, from time to time, on the request of the Mayor, bonds of the city of Boston to said amount for said purpose.

The message was placed on file and the order was passed in concurrence.

13. Mayor's message transmitting the following order, passed by the Board of Estimate and Apportionment on October 30, the same coming down without alteration, viz.:-

Ordered, That the sum of twenty-seven hundred (2700) dollars be appropriated, to be expended by the Superintendent of Public Grounds for improvements in Independence Sq., South Boston; and that to meet the said appropriation the City Treasurer be authorized to issue, from time to time, on the request of the Mayor, bonds of the city of Boston to said amount for said purpose.

The communication was placed on file, the order was read a second time, and the question came upon its passage in concurrence with the Board of Estimate and Apportionment.

Mr. DONAHOE of Wd. 14—Mr. President, in relation to No. 13 on the calendar, I desire to ask our member of the Board of Estimate and Apportionment whether or not he has been requested by a former alderman or the present Senator from South Boston to vote for the postponement of that bill when it came before the Board of Estimate and Apportionment, my attention being called to the matter by an article which was in the Traveler of last night.

The PRESIDENT—The Chair will state, for the information of the gentleman from Wd. 14, and for the information of the Council, that the statement contained in last evening's Traveler, inspired by John Drohan, the Superintendent of Public Buildings, is an intentional falsehood, intended to deceive the public.

Mr. MULCAHY of Wd. 4—Mr. President, I desire to ask the Chair as a member of the Board of Estimate and Apportionment, if he did not desire to assign this bill to the next meeting of the Board of Estimate and Apportionment?

The PRESIDENT—The Chair desires to repeat that no man asked him to make any motion to postpone.

Mr. MULCAHY—Mr. President, the question now is on No. 13 on the calendar?

The PRESIDENT—Yes, sir; on passage in concurrence with the Board of Estimate and Apportionment.

Mr. MULCAHY—Mr. President, in reference to No. 13 on the calendar, I wish to say that the first time that we asked for an appropriation of this kind was in 1894, when the present commissioner of wares was a member of the Board of Aldermen. He, as a representative of that district, found it very necessary to ask for an appropriation of this kind, for stone steps

at the two separate corners of this Independence Sq., so that the people who live in that district might obtain an easy passage to it instead of going up on two hills, which are of considerable height.

The Square at the present time is in very bad condition. The fence is in very bad shape, and the South Boston Citizens' Association of my district who advocated this thing sometime ago, and which in the past succeeded in getting appropriations passed which were vetoed, appointed a committee of five, containing three Republican members of the District and two Democrats, who appeared before the Board of Estimate and Apportionment, with the assistance of the present Wire Commissioner and of Representative Sullivan and myself, and asked for an appropriation of \$2700 for that district. It is understood, although denied by the Chair, that a motion was made by him to have this thing assigned; but the Chair, as it is seen on record, voted for the passage of this order—and so also, Mr. Chairman, did the whole Board of Estimate and Apportionment. The people of that district, and I, as a representative of the people of that district, desire to thank the Board of Estimate and Apportionment for what they have done in this matter, because it was something that was very much needed and it was a great success for the people to get it, because it has long been wanted. They have got it at last, and we thank them for it.

Mr. LOGAN of Wd. 14—Mr. President, in order that there may be no misapprehension in the minds of any member of the City Council as to the necessity of this order, which is now before us, I should like to say a few words in reference to it. It is a matter of considerable regret to me that this question as to whether \$2700 should be appropriated for a much needed fence and entrance to Independence Sq. should be made a question of party and factional politics. The City of Boston, failing to fulfill the wise rule that "a stitch in time saves nine" sometime ago built this fence here, and instead of keeping the fence in repair let it go absolutely to wrack and ruin, so that the fence is now almost torn down. It was once a very handsome fence, but it has been torn down by the children in the course of time, so that it is now, as I have said before, in a state of wrack and ruin. The South Boston Citizens' Association, an association of South Boston which is very much interested in the welfare of the district, appointed, as my colleague in the third division has said, a committee to wait on the Board of Estimate and Apportionment and ask for the appropriation of this money. The article which appeared in the papers, I have the assurances of both gentlemen whose names were mentioned was absolutely false. They both told me that neither of them had seen the President of this Council to speak to him in any way in reference to the matter. I sincerely hope that the Council will pass this order tonight.

Mr. MULCAHY—Mr. President, there was no desire on my part to say anything pertaining to this order had not my colleague in the first division (Mr. Donahoe) referred to it first. There was no desire on my part to display politics in the matter whatsoever, whether factional or otherwise.

Mr. LYDON of Wd. 13 in the Chair.

Mr. KILLEY of Wd. 8—Mr. President, I want to apologize to the members of the Council for leaving the Chair tonight to clear up a statement which I know was inspired in the columns of a newspaper of this city by the head of one of our City departments. Last week the Board of Estimate and Apportionment considered the question of appropriating money for placing in proper condition Independence Square, South Boston. At that meeting your representative on the Board asked to have the matter postponed, so that he might inquire of the Councilmen represent-

ing that ward as to the necessity of the appropriation. The question of appropriation came up at a subsequent meeting, and I, not having had an opportunity to have a personal interview with the members representing that section, asked again to have the matter postponed, assuring the Board that if I found that this was a proper subject for an appropriation I would readily and willingly vote for it. Upon that occasion the Board of Estimate and Apportionment denied my request. When the question came upon its passage I voted for the appropriation. Last evening an article appeared in the Boston Traveler, which was written in the office of the Superintendent of Public Buildings, John Drohan, who has inspired many articles of a like character blackmailing and attempting to cast discredit upon decent public servants holding positions in the City Government of Boston—this man, who has a deficiency of \$50,000 in his department today, who has squandered the city's money, who has managed his department in an extravagant manner, who is on the payroll of a newspaper for no other purpose than to slander the good work and character of public servants and representatives in the employ of the City of Boston, or the people's elected representatives. I want to state here on the floor of the Council that that article, written and inspired by him and from his office, where he should be engaged in better business, where he should be engaged in looking after the welfare of his department, for which he is paid \$3600 a year—that that article is an unmitigated and intentional falsehood, intended to deceive the people of Boston. (Applause.)

President KILEY in the Chair.

The PRESIDENT—The question is on the passage of the order in concurrence.

Mr. MULCAHY—Mr. President, I think the President of this Board, a member of the Board of Estimate and Apportionment, is carrying the matter a little too far, when he is criticising the Superintendent of Public Buildings in this matter. He goes on to state that he knows, as he says here, that this article was written in the office of the Superintendent of Public Buildings. I say that he knows nothing of the kind. I don't know it, and he does not know it, and if he did he would tell us—although he says he does know it here. Give us some proof of it, and then we will believe it.

Mr. LINEHAN of Wd. 13—Mr. President, I have been sitting here—

Mr. MULCAHY—I don't want you to tell me anything about it, so don't try it. Don't make any mistake.

The PRESIDENT—The Chair will direct the City Messenger to preserve order.

Mr. LINEHAN—Mr. President, after sitting in my seat for about fifteen minutes, listening to the eloquent campaign speeches made by the only representative of the Peninsula district—especially that part of the district called Wd. 14—the man who says "You don't know or I don't know," I would simply say that I would like to know what he does know? In talking to the appropriation of \$2700 for the improvement of this park, I say it is a desired necessity. The park has been dilapidated for the last two years and perhaps more, and now when the people who prompted the only representative to come in here and deliver an eloquent campaign speech demand a little capital to bolster up themselves they have him come in here decrying certain gentlemen.

The order was passed in concurrence.

14. Mayor's message transmitting the following order, passed by the Board of Estimate and Apportionment on October 30, the same coming down without alteration, viz.:—

Ordered, That the sum of sixty-five hundred (\$6500) dollars be appropriated, to be expended by the Superintendent of Streets for repaving Devonshire St., between State and Water Sts.; and that the City Treas-

urer be authorized to issue, from time to time, on the request of the Mayor, bonds of the city of Boston to said amount for said purpose.

The message was placed on file, the order was read a second time and the question came on its passage, in concurrence.

Mr. McINERNEY of Wd. 14—Mr. President, I move you, sir, that No. 14 be assigned to the next meeting.

Mr. STEVENS of Wd. 11—Mr. President, on the question of assigning No. 14 on the calendar, I would like to say, for the information of the gentleman asking for the assignment, that I think the owners of every piece of real estate abutting on that street have signed a petition to the City Government to have the street repaved. It is one of the principal thoroughfares of the city, one upon which there is an enormous amount of trucking at every hour of the day, one of the busiest of our streets, and I suppose the part of the street that it is desired to repave is in worse condition than any other street down in the business portion of our city. If the gentleman wishes time in order to look into it, I am perfectly willing to agree to assignment; but I think it is a perfectly worthy order.

The question came on assignment of the order to the next meeting.

Mr. GIBLIN of Wd. 15—Mr. President, I just want to say a word in relation to this matter. I am in favor of assignment of the order to the next meeting, anyway, because it seems to me it was not many years ago that Devonshire St. in this section was paved. I may be in error there but I was passing through there the other day and it struck me that this section of Devonshire St. had been paved not many years ago. I cannot see now the absolute necessity of repaving it at this time, when there are so many streets in the outlying districts that have not been touched for perhaps a score of years. I would like a chance to look into the matter.

Mr. MILLER of Wd. 20—Mr. President, I am always in favor of allowing any gentleman the privilege of having a matter assigned, if he can give any good reasons for it. But Devonshire St., as everyone knows, is a business thoroughfare. This body is here to take care of the business interests of the city, of the interests of those who have trucking to do through our streets. I have occasion to do a great deal of trucking on that street, almost every day. The street today is dangerous to any man who may have occasion to ride on a load of material through it, on account of its bad condition. I hope the gentleman will withdraw his motion unless he has some good reason for it. We certainly should look after the business interests of the city in preference to some of the suburbs. I should like to see the suburbs taken care of, as well as any member here, as well as the gentleman in the first division; but I am in favor of taking care of the business interests of the city before anything else. I hope the gentleman will withdraw his motion.

Mr. MOORE of Wd. 10—Mr. President, if anyone in this Council will pass through Devonshire St. he will see that that part of the street referred to is sadly in need of repairs. The city has recently fixed part of Devonshire St., between Water and Milk St., repaving it a short time ago; but the part referred to in the order is beyond that and has not been taken care of. In the last year the street has been dug up two or three times for laying wires or pipes through there and in relaying the pavement, leaving the street in a wretched condition. As I am there almost every day in the year excepting Sundays I know the condition of the street very well. Therefore I am ready tonight to pass this order, and am not ready to assign it for one week.

Mr. McINERNEY of Wd. 19—Mr. President, my reason for asking assignment of this order is that, if my recollection serves me right, last spring that street was paved. Now they want to repave it. I know for a fact that it has been paved within a year; I have not seen an appropriation come here for my district during the year that I have been in the Council, an appropriation of this kind. Why, gentlemen, there are streets out in my district that need to be repaved, that need to be macadamized or have something done to them. They are like a lot of Klondike trails. It behooves you, gentlemen in the first and fourth division, to speak against assignment of the matter, because the people you represent do business in that district. That is the reason why you are fighting assignment tonight—not because the street needs repaving.

The PRESIDENT—The Chair perhaps owed an explanation to the Council as its representative on the Board of Estimate and Apportionment, of the circumstances under which this order passed, and which led your representative to vote against it. Devonshire St. was last paved under the administration of ex-Mayor O'Brien. The only difference of opinion between the members of the Board of Estimate and Apportionment was as to whether it should be paved with granite or asphalt. Believing that the business interests of the city did not want asphalt on that street, your representative on the Board voted against the order. The question now is on assignment.

Mr. STEVENS of Wd. 11—Mr. President, I would like to say that I am perfectly willing to have this matter assigned, but I would like to say this, for the information of the gentleman in this division (Mr. McInerney), that I think he is misinformed in regard to that part of Devonshire St. having been repaved within a year. I know that Devonshire St. between Water St. and Winthrop Sq. has been repaved, but I think he is misinformed in regard to this part of it; but I am perfectly willing to assign the matter.

The motion to assign the matter to the next meeting was declared carried. Mr. Harvey of Wd. 24 doubted the vote and asked for a rising vote, which was taken, and the motion to assign the matter to the next meeting was carried, 20 members voting in the affirmative, 10 in the negative.

15. Mayor's message transmitting the following order, passed by the Board of Estimate and Apportionment on October 30, the same coming down without alteration, viz:—

Ordered, That the sum of one thousand (1000) dollars be appropriated, to be expended by the Superintendent of Streets in asphaltting Harrison Ave., between Asylum and Davis Sts.; and that to meet the said appropriation the City Treasurer be authorized to issue, from time to time, on the request of the Mayor, bonds of the city of Boston to said amount for said purpose.

The message was placed on file, the order was read a second time, and the question came on its passage in concurrence with the Board of Estimate and Apportionment.

Mr. McINERNEY of Wd. 19—Mr. President, as it seems that the finances of the city of Boston are getting down pretty low, I would like to look into this matter and find out whether there is a public building or church or school or anything of that kind on Harrison Ave. between those two streets before we have an appropriation of \$1000 for asphaltting a public way, and a street through which there is considerable teaming—a street that should be paved instead of asphalted. I want to look into the matter and see if there is any such building on that street. If that street was in any other section of the city and they looked for \$1000 for asphaltting it they would be laughed at by the Board of Estimate and Apportionment. That street is in Wd. 9, and if I do not mistake, when

my back was turned, one of the gentlemen from that district in the third division was about to get up and speak in favor of this order. I thought I recognized his voice. Those are the people for whom that is being done. It is being done because it is a campaign issue. That is the whole thing, in a nutshell. It is one of Jack Keliher's jobs.

Mr. KASANOF of Wd. 9—Mr. President, for the information of the gentleman from Wd. 19, I wish to state that there is an institution, which is a public institution, on that street at this place. It is called the Industrial Home. Mr. T. D. Roberts is the Superintendent of that home. That is the only reason that there is \$1000 appropriated for fixing up that part of the street.

Mr. WELLS of Wd. 16—Mr. President, I am decidedly opposed to asphaltting Harrison Ave., when they ask for asphalt there simply because there is an industrial school there. They might pick out one or two hundred places in Boston and ask for the same thing. I do not believe in asphaltting a busy street. I have seen teams in wet weather, in summer as well as winter, trying to get through Kilby St. and being obliged to unhitch their horses and to have men take hold of the wagons and push them along until they got to paved streets, when they could hitch the horses into them again. Now, Harrison Ave. is one of the busiest streets in that section of the city. Almost all of the teaming going out to Roxbury and Dorchester passes through Harrison Ave. or Albany St., and in the winter time it is almost impossible for a horse, if it is anyways smooth at all, to travel over an asphalt street. I believe that the meetings in that chapel are held mostly upon evenings or Sundays, and there will not be enough teaming on the avenue to make enough noise to disturb them at those times. While I would be willing to vote for any order to repave the street, I am decidedly against asphaltting.

Mr. LINEHAN of Wd. 13—Mr. President, perhaps I might be able to advance a little information to the gentleman who sits in the fourth division (Mr. McInerney). They have stated that it is for the benefit of the Industrial School, but, in my opinion, it is for the benefit of the industry called the Boston Asphalt Company (Laughter).

Mr. KELLEY of Wd. 4—Mr. President, I sincerely hope that assignment will prevail this evening, on the ground that early in this year I introduced an order asking for the asphaltting of a certain portion of my ward. I was informed by the Superintendent of Streets and by His Honor the Mayor that they had no money to make such improvements with, and therefore, on that ground, I sincerely hope that this may be assigned, so that I may personally look into it and find out whether the city has money to do this matter with, or where they receive this money from.

Mr. TOBIN of Wd. 9—Mr. President, for the benefit of the gentleman in the Fourth Division, who feels so particular about Wd. 9 and who is always so willing to do all kinds of knocking where the gentleman from Wd. 9 at the State House is concerned, I would state that this is no campaign matter whatever. That is shown by the fact that the gentleman who represents this institution for the benefit of which it is proposed to asphalt this street is a black Republican. (Laughter.)

The motion to assign further consideration of the matter to the next meeting was carried.

16. Mayor's message transmitting the following order, passed by the Board of Estimate and Apportionment on October 30, the same coming down without alteration, viz:—

Ordered, That the sum of forty-two thousand (42,000) dollars be, and hereby is, appropriated for the following named purposes; and that to meet said appropriation

the City Treasurer be authorized to issue, from time to time, on the request of the Mayor, bonds of the city of Boston to the total amount of such appropriations, viz.:-

| | |
|---|-------------|
| Pauper Institutions Department. | |
| Barn, Long Island..... | \$2,487 82 |
| Hospital, Long Island..... | 6,643 75 |
| | \$9,131 50 |
| Park Department. | |
| Playground, Billings Field, West Roxbury | 27,069 93 |
| Public Buildings Department. | |
| Fire Department, building and site, South Boston..... | 600 56 |
| Street Department. | |
| Gold-street bridge..... | 216 00 |
| Street Laying-Out Department. | |
| Centre street, Ward 24..... | \$1,896 99 |
| Widening and extending..... | 3,092 91 |
| | 4,989 90 |
| | \$42,000 00 |

On motion of Mr. Harvey of Wd. 24, the reading of the communication and order was dispensed with. The communication was placed on file, and the question came on the passage of the order in concurrence.

Mr. McINERNEY of Wd. 19—Mr. President, I would like to know, through our representative on the Board of Estimate and Apportionment, if there could be such a thing possible as \$42,000 in the treasury of the City of Boston? Where is it coming from? I don't believe it.

The PRESIDENT—The Chair desires to state, for the information of the Council, that all these matters contained in No. 13 on the calendar are costs and executions of court and that they are deficiencies in appropriations already made. This order makes the deficiencies good from the borrowing capacity of the city, which on last Monday amounted to \$31,000.

Mr. STEVENS of Wd. 11—Mr. President, I move that this meet the fate of its predecessors and be assigned.

Mr. McINERNEY—I second that motion.

The motion to assign further consideration of the matter to the next meeting was carried.

RECONSTRUCTION OF FANEUIL HALL

The Council proceeded to take up No. 17, assignment, viz.:-

17. Ordered, That the additional sum of fifteen hundred (1500) dollars be appropriated, to be expended by the Engineering Department in reconstructing Faneuil Hall; and that the City Treasurer be authorized to issue, from time to time, on the request of the Mayor, bonds of the city of Boston to said amount for said purpose.

The question came on the passage of the order in concurrence with the Board of Estimate and Apportionment.

Mr. STEVENS of Wd. 11—Mr. President, I have been assured by the department that has Faneuil Hall in charge that if this money is passed this will be the last they will ask for. That this is to be used, as I understand it, for equipping the hall—all the furniture that may be desired. As the hall is so near completion, and as \$1500 will finish it, I trust that this will be passed, and that will end Faneuil Hall.

Mr. HOWARD of Wd. 20—Mr. President, I should like to ask you as our representative on the Board of Estimate and Apportionment, what you can say in regard to this matter. I have had considerable to say about the several appropriations for Faneuil Hall, and I have no doubt but what there will be more requests for appropriations. The last one is always said to be the last one that is going to come before us.

The PRESIDENT—The Chair will state for the information of the gentleman from

Wd. 20 and of the Council that the appropriation asked for was \$2500. It was cut down, on motion of your representative to \$1500. The money is asked for to furnish chairs for Faneuil Hall, to furnish tables for newspaper reporters, and to furnish proper furniture for the platform of Faneuil Hall, and whatever fixtures are necessary in completing the furnishing of the Hall.

Mr. McINERNEY—Mr. President, while I have the greatest respect for the press, I would like to have this matter assigned as well as the others. The gentleman who sits in the rear of me (Mr. Stevens) has said that he has been given to understand that if this order for \$1500 is passed, that will be the last we will hear of Faneuil Hall. I think we have hardly had a meeting of the Common Council this year that we have not had the question of appropriating money for Faneuil Hall before us. Now, as I understand it, they have asked for \$2500. They have been cut down to \$1500. The result is that if you give them \$1500 they will come around for the other \$1000 later. I believe in assigning it. They have enough. I do not see them fixing any schoolhouses or public alley ways out my way.

The order was declared passed. Mr. McInerney doubted the vote, and asked for a rising vote which was taken, 30 members voting in the affirmative, 1 in the negative.

PRINTING REPORT.

Mr. CUDDY of Wd. 8, for the Committee on Printing, submitted a report on the order (referred October 19) relative to the printing as a city document of the exercises in honor of Admiral Dewey—Recommending the passage of the order in concurrence.

Report accepted. Order passed in concurrence.

TIME FOR VOTING.

The PRESIDENT offered an order—That the Fire Commissioner be requested, through His Honor the Mayor, to allow all firemen sufficient time to attend the caucuses to be held on November 15 and 16, 1899.

Passed. Sent up.

WD. 10 IMPROVEMENTS.

Mr. MOORE of Wd. 10 offered an order—That the Street Commissioners, through His Honor the Mayor, be requested to furnish to the Council an estimate of the cost of constructing and laying out Carleton St., from West Newton St. to Dartmouth St.; said street to be not less than fifty feet in width.

Referred to His Honor the Mayor.

Mr. MOORE offered an order—That the Superintendent of Streets be requested, through His Honor the Mayor, to repave the sidewalk on the north side of Columbus Ave., between Buckingham St. and West Canton St.

Referred to His Honor the Mayor.

NEW CITY HALL.

Mr. MOORE of Wd. 10 offered an order—That a special committee, consisting of eight members of the Common Council and such of the Board of Aldermen as may join, be appointed to consider the advisability of erecting a new City Hall for the City of Boston, on the site formerly occupied by the Providence Division of the N. Y., N. H. & H. R.R., said committee to report its findings to the City Council.

The order was read a second time and the question came on its passage.

Mr. LYDON of Wd. 13—Mr. President, I believe it is well for us to give that matter some consideration at this time. There has been an attempt, a very strong attempt, made on the part of the New York, New Haven & Hartford Railroad to foist that building upon the city of

Boston in one way and another. There is already a special committee appointed to consider the advisability of taking that old Providence station and using it as a market.

Now we have another scheme advanced to take it for a city hall. I believe it would be well to have that order amended by dropping out "the Park Sq. station" and to have it provide that a committee be appointed to consider the advisability of selecting a site for a new city hall; but, when it comes to taking in the New York, New Haven & Hartford Railroad Company and practically making it a party to the appointment of such a committee, I do not believe it is proper. I shall certainly vote against any such order, and I hope that every member will do the same thing. It is evident that that property is worthless to the New York, New Haven & Hartford Railroad Company, and it has been suggested that it would be a very wise thing for the city of Boston to invest some money in it. Well, if it is a good investment for the city of Boston, it would be a better investment for any private capitalist who desired to put money into such an enterprise. If there were any good ground for that argument, or if it were a wise act, you would not find that the city of Boston would be made a party to it; but when there is a chance of foisting anything that is useless upon the city of Boston, you will always find some schemers to agitate the matter and see if it cannot be brought about. I am opposed to this order. If this order were passed, it might be perfectly possible that one scheme would be used to offset the other. The argument might be used before one committee that if we did not take it for a market the chances were that the other committee would take it for a city hall. It might dwindle down practically to whether it was better to take it for a city hall or a public market, if the gentleman will strike out all reference to the Park Sq. station and put in an order to consider the advisability of selecting a site for a new city hall, I will favor it, but as long as the Park Sq. station is mentioned, and as long as it is intended to make the city of Boston a party to that scheme, and to make it accept the burden of it, I shall vote against it.

Mr. MOORE—Mr. President, I know there has been an effort on the part of some members of the City Government to take that building for a market. They have had several hearings on the subject. Now, that is my ward, or in the ward which I try to represent. I desire to say that the citizens of that ward do not care to have a market located there. They think that the building can be used for some other better purpose. I have no connection in whatever form with the New York, New Haven and Hartford Railroad. I do not know that I know a single member of the Board of Directors only by name, and therefore I certainly have no interest in trying to foist that building upon the city of Boston. It was merely with the idea that we need a new City Hall and need it badly, that this location was central—much more so than the other sites which have been enumerated heretofore—that I introduced this order. I thought that instead of the Committee reporting for a market, a separate committee might report upon having a new City Hall in that vicinity, and thereby improve my part of the ward materially. It is no scheme to foist this upon the city of Boston, because I have no connection with the N. Y., N. H. & H. R. R. The only connection I ever had was to try once to get a pass from here to New Haven, and I did not succeed in getting that. That is the furthest I ever had any business with them, except to pay money for fare.

Mr. LYDON—Mr. President, I hope the gentleman from Wd. 10 did not misconstrue my meaning. I did not mean that he had

any affiliations with the N. Y., N. H. & H. R. R., but I believe this was started by the N. Y., N. H. & H. R. R. Company, or by its representatives. I believe that he is innocent enough in this matter, but at the same time perhaps he is furthering their scheme which they have started. I hope the matter of Park Square will not be considered alone, but that it will be considered, perhaps, by a Committee which is appointed to select a site for a new City Hall.

The PRESIDENT—Does the Chair understand the gentleman to offer an amendment?

Mr. LYDON—Mr. President, I move to amend that all wording in reference to Park Square be eliminated from the order.

The amendment was adopted, and the order was passed, as amended. Sent up.

GARBAGE NUISANCE, COW PASTURE.

Mr. HOWARD of Wd. 20 offered an order—That the Superintendent of Streets be requested, through His Honor the Mayor, to annul the contract between the City of Boston and the New England Sanitary Product Company; the plant of the said company having, in the opinion of the Board of Health, become a detriment to the public health and comfort.

The question came on giving the order a second reading.

Mr. HOWARD—Mr. President, without a doubt the question of the so-called garbage plant is very fresh in the minds of many of us, and of those who come from my particular section it is probably also true that it is fresh in their nostrils. Without a doubt you have all heard a great deal about this garbage plant, but perhaps there are some facts which those who live in other sections are not familiar with. Today the people of that district are suffering from a nuisance. The Mayor comes forward, as does also the Superintendent of Streets, and tells us that we have no nuisance there—that there are no odors coming from that plant. Now, I am unfortunate enough to live within a mile of the garbage plant, and I take this opportunity to repudiate the statement made by His Honor the Mayor and the Superintendent of Streets, for there is hardly a day passes but what we are compelled to inhale the odors coming from that garbage plant. They have also taken opportunity to say that protests have been received when the wind was in the opposite direction. For their information, let me say that when there is an absence of wind you will get the odor from that plant from all points of the compass. As a matter of fact, I have been able to smell the odor when the wind was east, and when I was at that time on the point of land which extends to the eastward of the plant, just as plainly as you would to leeward. Now, we are suffering very much. Property is being depreiated. The people are moving out, and taxes are being placed at higher rates on our property. We simply ask for a relief which the Superintendent of Streets has the power to give us. We have been very patient. We have been waiting since the first of June for some relief. They have given us one excuse, and then another. But today, after the New England Sanitary Product Company have sent in word to the Board of Health that the repairs are complete and that there is no odor, we are still getting an odor just as badly as we did during the warm weather. I trust the order will go through.

Mr. HARVEY of Wd. 21—Mr. President, I think there is no question that it has been established that this is a nuisance, and I think a special committee appointed by the Board of Aldermen has today taken the proper steps. It has asked the court for an injunction to stop that plant at once, which I hope will be done. I sincerely hope that this order introduced by my colleague will pass, if it will help them along in any way whatever.

Mr. GIBLIN of Wd. 15—Mr. President, I might say just a word in relation to this matter, for, while our district is not directly concerned, yet it has felt the ill effects of that establishment in Dorchester Bay, and the section of our district bordering on the water front there, when the wind is favorable, at times last summer felt the effects of this institution. I say that something should be done to remedy the evil.

Mr. LINEHAN of Wd. 13—Mr. President, if my memory serves me right, a year ago—I should say two years ago this fall—there was considerable discussion in the Board of Aldermen relative to this contract, and, if I mistake not, the gentleman who created the great disturbance at the time was Ald. Coiby. I think he was an instigator of an order for an investigation into the contract; and, being defeated for re-election, I think the matter vanished out of sight for a time. I myself have worked on a number of these garbage plants—one in Newport, especially, which ran successfully for three months, when the people rose in their might and protested against it, and today it is lying there useless. I realized at that time that it would be only a question of a short time when the people of Dorchester and of the neighboring districts around where the garbage plant is situated would rise up in their might and sweep it away.

If I mistake not, the contract read specifically that that plant should be situated on Gallup's Island, or some other island down the harbor. But the specifications were the weakest thing that I ever laid eyes upon, and the Superintendent of Streets and the Mayor of Boston, being financially interested, it was only natural that they should locate the garbage plant somewhere where there would be a minimum expense in transporting the product from the garbage to market; and today the plant is situated on the Cow Pasture directly under the noses of the people who live on Savin Hill and of the people who live around Harrison Avenue. It is a nuisance to the people of South Boston who live around the district called the Bay View district. It is an entire nuisance to the people at large. The protest which has been in the newspapers day after day, week after week, the weak argument which has been advanced by the Board of Health, the suppression of the report of that Board by the Superintendent of Streets, and the indignation of the residents of Dorchester, have grown to be an eye-sore to the people at large. I, for one, Mr. President, want to offer a protest on behalf of the people who live in the district which I represent in part, we being southeast from the garbage plant and the winds at this season of the year being generally from the southeast, so that we get a grand dose of it. (Laughter.) Why, it would really surprise you. They produce all sorts of products from the garbage, but the product they produce most is the stink. (Laughter.)

I think, if I mistake not, that they should be compelled to burn the odor as well as the garbage, but they realize that the garbage plant was a failure, so that it was only natural as every body carries insurance that they should do so, and the first thing we knew the garbage plant got on fire. (Laughter.) Today they take the garbage and throw it on the fire. The Lord knows what becomes of it now! We know what becomes of it all right. (Laughter.) We don't know what becomes of the product, but I hear that they are making a barrel of money from it. The city not only seems to have garbage to burn, but has money to burn, when it can pay these people \$45,000 a year for consuming garbage, while in almost every other city where they do it they consume it for nothing, and sometimes pay for the garbage. But today in Boston, the city pays them for doing it, and

the garbage must be delivered at the plant. Then if it is not the right sort of garbage, it is sent back. (Laughter.)

The PRESIDENT—The members of the Council will refrain from demonstration. The Council will be in order.

Mr. LINEHAN—Mr. President, realizing that there are certain parts of the garbage that are not fit for anything else, they refuse them. They want something that they can make money out of; and this plant is on the same basis as the paper plant on Atlantic Ave., which the Mayor and Superintendent of Streets are also interested in—that being a gold mine, and they also realizing that they can make more money by setting that on fire. (Laughter.) Why, the other day that burned up. In my opinion the citizens of Boston are up against a first class bunco game. (Laughter.)

The PRESIDENT—The Council will be in order. The question comes on giving the order a second reading.

Mr. HIBBARD of Wd. 24—Mr. President, this matter has been thoroughly aired in the Board of Aldermen and by the previous speakers here tonight, and I will not take up much of the time of the Council except to say that it is the universal opinion of the people of Dorchester that this garbage plant should be taken away from there. Dorchester has been unfortunate in having two garbage plants placed within her borders. Wd. 24 had one, and the people of Dorchester rose in their indignation and had that removed. Now they have placed another one in Wd. 20, and that has become obnoxious to the people, and I think it is about time that the Mayor and the Superintendent of Streets took hold of the matter and removed that nuisance. I hope the order will pass.

Mr. WOOD of Wd. 20—Mr. President, I feel there is no question that the citizens of our ward in Dorchester believe unanimately that these garbage plants have been a detriment to the neighborhood in which they are located. This is no experiment that they are trying at the present time. We had one plant there before, also located in a residential section, which after a great number of protests and hearings before the Board of Health, we were finally able, by action of the courts, to get rid of. That has stood there in a tumble-down dilapidated condition, an eye-sore to the whole neighborhood, and there has not been a new building or any improvement in that section since that time. Now they have located another one in almost as thickly settled a section of Dorchester, and all this smoke and smell which rises from the plant is blown back over a section which should be one of the most beautiful spots in Dorchester. I don't know to what extent the present administration intends to carry these experiments in the way of getting rid of our garbage. A few years ago a householder out there was able to put all sorts of garbage into barrels and boxes and to have them carted away.

At the present time we have orders not to put any rags in with the paper, no paper in with the ashes, no tin cans in with the ashes, so that the ordinary householder's cellar looks like a drug store. Each barrel is labelled for different kinds of articles, which have to be sorted out for the benefit of the different contractors who take care of this garbage for the city; notwithstanding the fact that at the present time we are paying the same amount of money to get rid of this garbage that we had to pay when it was carted away and carried down the harbor. I have not been able to learn of any city that has tried this new method of getting rid of garbage by burning where it has been successful for any length of time. And I have yet to learn of any city which is paying the same amount of money that Boston is to private contractors for such work, besides delivering the goods on the ground, as we are here. It was thoroughly understood by every member of

the city government, as far as I know, that when the order was passed the intention was to establish this plant on some island down the harbor, away from the residential section. All of the improvement associations and clubs of citizens interested in this matter have had several meetings, have appeared before the Board of Health and have had some very warm hearings; and it has been a very great surprise to everybody that the reports made upon the matter have not been made public for over two months after they have been made by the Board of Health, which Board thoroughly condemned the plant.

Mr. MILLER of Wd. 20—Mr. President, being one of the members from the residential section of Dorchester, who are obliged to inhale the obnoxious odor that is floating over Dorchester, I would like to say that I wish the people who are interested financially in this matter had some way of consolidating this odor, as well as the rest of the material that they deal with, and turn it all into money. But I will say, as one of the residents of Dorchester, that Dorchester has been abused in a great many ways. We have the garbage plant, we have the insane asylum, we have the poor houses—we seem to have everything imposed upon us.

Now, I can say for one, that the people out there have made up their minds that the garbage plant must stop in Dorchester, and stop anywhere in Boston. It does not belong in any residential section. There are places enough down the harbor where we can have such establishments; and if it were not for the financial interests of some of the people interested in city politics, it would never have been located in the Cow-pasture. Furthermore, this plant should be removed, not for the benefit alone of the Dorchester citizens, but for the benefit of every citizen of Boston. If any one of us owns property within a mile of that place we know that it has been reduced in the last few years from 20 to 25 per cent. in value. The rents have been cut down. People will not live in that section, except those who are obliged to live there, those who may be employed in that neighborhood. It is impossible for any one living in the section, when the wind is blowing from the east, to have any windows open on that side of the house. I heard a man say the other night that this plant has been the cause of a great deal of sickness through that section by reason of the odor which comes from it. I myself went there two months ago to visit the place, and I did not wonder at the indignation of the people of that section against the plant. It was impossible to go across the Cow-pasture that day. I did not know but I was coming to a free dump somewhere—the odor was a great deal worse than at the free dump on Sweet Street. Whether the court grants an injunction or not, the residents of the section will grant an injunction against the process by removing it bodily, if they cannot get rid of it in any other way.

The order was read a second time and passed. Sent up.

PLAYGROUND, WARD 19.

Mr. NANGLE of Wd. 19 offered an order—That the Board of Park Commissioners, through His Honor the Mayor, be requested to set aside the plot of land in the Back Bay Fens known as "Tremont Entrance" to be used as a playground.

Mr. NANGLE of Wd. 19—Mr. President, it was not my intention to say anything in regard to that order tonight, but, after showing the order to a member of the Council, he asked me a certain question—whether or not this land belonged to the city. I thought it might be well for me to make a little explanation. This is an order that I have had since last June. I failed to offer it at three meetings, owing

to adjournment before I could be recognized by the President. I want to explain where this land is situated. While it states "the Tremont entrance," it is three hundred yards distant from the Tremont Entrance. The entrance really should be called "the Huntington entrance." It is at the junction of Huntington Ave., St. Alphonsus and Ward Sts. It is bounded by the Back Bay Fens, running northerly, Ruggles St. running southerly, and is the land known, if I am informer rightly, as the Massachusetts Corporation and Land Company land. It is a section of the park, belongs to the park, the city of Boston owning it. It is now known as the Park land. It is a plot of land that has been used by children formerly to play upon, but I notice that during the last year the seats have been taken away from it and notices have been put up warning the children to keep off the grass.

I have been spoken to in regard to this plot of land by some of the park foremen and also some of the officers. It creates a great deal of trouble to the officers to keep the children off this plot of land, and they think it would be well for the plot to be set aside and known as the Wd. 19 playground. It is well understood that I offered in this Council in the early part of the year an order for a playground for Wds. 18 and 19. We arranged a meeting with the Park Commissioners at that time and met them and talked the matter over. Some very prominent men from our ward were down there, and we felt satisfied at that time that we would get this playground. Unfortunately, however, we were unable to get it. I think by taking this method, while it is a little late in the year and I don't want to be misconstrued as offering the order for political effect, that some good may come by passing the order. As far as the order being offered now for political effect is concerned, the President will see that the order was dated the 14th of last June, when I had the order prepared, and that that date has been rubbed out and the present date substituted. It will therefore be seen that I intended to offer the order earlier in the year. I say this because I don't want to be misconstrued as offering it for political effect, as I am not doing so. I don't know that it is necessary to say more at this time, but I would ask a suspension of the rules that the order may go on its passage.

The rule was suspended and the order was passed. Sent up.

LEAVE OF ABSENCE FOR FIREMEN.

Mr. CUDDY of Wd. 8 offered an order—That the Fire Commissioner, through His Honor the Mayor, be requested to allow the firemen twelve hours leave of absence between their days off.

Passed under suspension of the rule. Sent up.

DEWEY DAY EXERCISES.

Mr. CUDDY of Wd. 8 offered an order—That the Superintendent of Printing, under the direction of the Committee on Printing, be authorized to print and bind in cloth 1000 copies of the exercises on Dewey Day, the expense of the same to be charged to the appropriation for City Council, Incidental Expenses.

Passed. Sent up.

EXPENSE OF HEARING.

Mr. CUDDY of Wd. 8 offered an order—That the expense of the hearings held by the Committee on Market Department relative to a public market in Park Sq., be charged to the appropriation for City Council, Incidental Expenses.

Passed. Sent up.

MEMBERS PRESENT.

The Clerk, by direction of the President,

called the roll to ascertain the number of members present with the following result:—

Present—Atwood, Badaracco, Bagley, Battis, Bennett, Bradley, Brennan, Broderick, Connolly, Cuddy, Doyle, Gibbons, Giblin, Harvey, Hibbard, Howard, Jordan, Kelley, Kiley, Klemm, Leftovith, Linehan, Logan, Lorey, Lydon, Mansfield, Martin, McInerney, Miller, Moore, Nangle, Roemer, Rolland, Sanderson, Simpson, Stevens, Stockton, Sweeney, Tobin, Walker, Wells, Wood—42.

Absent—Armistead, Bordman, Brauer, Carroll, Casey, Chamberlain, Collins, Curley, Doherty, Donahoe, Donovan, Eddy, Emery, Fenton, Flynn, Hickey, Horrigan, Johnson, Kasarof, Leonard, MacDonald, Madden, Mildram, Mulcahy, Newhall, O'Brien, Peck, Rice, Stone, Sullivan, Turnbull, Watson, Winsloe—33.

SKATING, CHARLESTOWN PLAYGROUND.

Mr. KELLEY of Wd. 4 offered an order—That His Honor the Mayor request the Park Commissioners to flood and prepare for skating purposes Charlestown Playgrounds.

Referred to His Honor the Mayor.

REMOVAL OF TREES.

Mr. SIMPSON of Wd. 1 offered an order—That the Superintendent of Streets, through His Honor the Mayor, be requested to remove two trees which obstruct the sidewalk opposite No. 33 Monmouth St., ward 1.

Referred to His Honor the Mayor.

CONDITION OF SEWER, CONDOR STREET.

Mr. SIMPSON of Wd. 1 offered an order—That the attention of the Superintendent of Streets be called, through His Honor the Mayor, to the bad condition of the sewer having its outlet at Condor St., opposite Putnam St., Wd. 1; the same being obstructed and broken, allowing sewage to run close to dwellings and on to flats, which are thus covered with filth and emit bad odors when not covered with tide water.

At the request of Mr. Simpson, the clerk read the following report in connection with the matter, viz.:

"Boston, September 6, 1899.

"To the Board of Health:—

"Gentlemen: I have this day inspected premises Condor St., opposite Putnam St., sewer outlet, owned by the City of Boston, and make the following report:

"This is a wooden sewer which drains a large territory and originally discharged into deep water near the Chelsea Creek. It is now obstructed and broken, allowing sewage to run onto flats near Condor St., and close to some dwellings. Flats in the vicinity of Condor St. are covered with filth which emits bad odors when not covered with tide water, which is about 18 hours out of 24. This sewer should be put in good condition and extended to deep water. State sewer is not near this location.

J. J. Henry,
Inspector.

Mr. SIMPSON of Wd. 1—Mr. President, before introducing that order I called on the Superintendent of Streets and directed his attention to the condition of that sewer, giving him proper time to look into it. He paid no attention to it. Now, we have heard considerable talk here tonight about the garbage plant in Dorchester, but I want to tell the members of the Council that what they may be burning up there does not compare with what is lying on the flats over in East Boston. We have everything ever there, from a cat up to a human being. I think it is about time that the Superintendent of Streets took notice of the condition of this sewer and looked

into it, for the benefit of the people over there.

The order was referred to His Honor the Mayor.

FIRE BELL, ENGINE 21.

Mr. WELLS of Wd. 16 offered an order—That the Fire Commissioner, through His Honor the Mayor, be requested to replace in service the fire bell on Engine 21.

Referred to His Honor the Mayor.

ALEXANDER ST. EXTENSION.

Mr. WELLS of Wd. 16 offered an order—That the Board of Street Commissioners be requested, through His Honor the Mayor, to give a public hearing on the extension of Alexander St., Wd. 16.

Referred to His Honor the Mayor.

WORK IN DISTRICT EIGHT.

Mr. McINERNEY of Wd. 19 offered an order—That the Superintendent of Streets be requested, through His Honor the Mayor, not to work the men over nine hours in District No. 8, Street Cleaning Department.

Mr. McINERNEY of Wd. 19—Mr. President, I wish to state in connection with that order that District 8, which is mentioned there, is one through which I travel a great deal, and on several occasions I have seen the men of that district working like a lot of slaves. I took pains to find out what was the matter and who was running the job. Until I found that the work was being done by the city, I thought it was under the charge of some contractor. I did not really know it was possible that citizens could be worked as they were on that particular job. I found that the men working there are from all sections of the city.

I don't know whether there are any from my ward or not. The men told me that the trouble comes from the bosses they have on the job. I know who the bosses are, and I want to tell the public—and I hope it will be given to the public through the press tomorrow—that these same bosses are only a lot of political heelers and trimmers, as I know them to be. If this fact is mentioned in the press they will know whom I am hitting at, and who I mean.

The order was referred to His Honor the Mayor.

TEMPORARY PLAYGROUND, ROXBURY.

Mr. McINERNEY offered an order—That the Overseers of the Poor be requested, through His Honor the Mayor, to open the grounds of the Marcella St. Home for a temporary playground for the children of that district.

Referred to His Honor the Mayor.

POINT OF ORDER.

Mr. DOYLE raised a point of order that there was not a quorum present. The President ruled the point not well taken.

LIST OF EMPLOYEES.

Mr. McINERNEY offered an order—That the City Auditor be requested, through His Honor the Mayor, to furnish to the Common Council a list of all persons employed by the city since Jan. 1, 1899, the date of said employment, their occupation and the salaries paid, also those employed provisionally on bills or otherwise.

Referred to His Honor the Mayor.

FAST DRIVING, BLUE HILL AVE.

Mr. HARVEY of Wd. 21 offered an order—That permission be hereby granted for the driving of horses at a greater rate of speed than is allowed by ordinance on Blue Hill Ave. (west side), between Talbot Ave.

and Morton St., from the present time to April 1, 1900.
Passed. Sent up.

—
CROSS-WALKS, DORCHESTER AVE.

There being no objection, Mr. Harvey offered the following order for Mr. Mldram of Wd. 24:—

Ordered, That the Superintendent of Streets, through His Honor the Mayor, be requested to construct cross-walks across Dorchester Ave., at the junction of Edwin and Templeton Sts., Wd. 24.
Referred to His Honor the Mayor.

REPAVING OF DOVER ST.

Mr. TOBIN of Wd. 9 offered an order— That the Board of Estimate and Apportionment be requested to appropriate a sum of money large enough to repave Dover St. with granite blocks, from the Dover St. bridge to Tremont St., Wd. 9.

Referred to the Board of Estimate and Apportionment.

Adjourned at 9:50 P.M., on motion of Mr. Bennett of Wd. 5, to meet on Thursday, Nov. 9, at 7:45 P.M.

CITY OF BOSTON.

Proceedings of the Board of Aldermen.

Wednesday, Nov. 8, 1899.

Adjourned regular meeting of the Board of Aldermen, held in the Aldermanic Chamber, City Hall, at 3 o'clock p. m., Chairman Barry presiding, and all the members present.

The Board voted, on motion of Ald. Berwin, to dispense with the reading of the records of the last meeting.

REMOVAL OF TREES—VETO.

The following was received:—

Mayor's Office, City Hall,
Boston, Nov. 5, 1899.

To the Board of Aldermen:—

I return without my approval an order passed by your Board granting permission to Frank G. Coburn & Co. "to remove such trees from Eutaw St., East Boston, as may be necessary to facilitate the erection of the new Chapman school building." I am informed by the Superintendent of Public Grounds that his Department has removed one of the trees referred to, and that the others are good trees and do not interfere with the new building, and therefore should not be removed.

Respectfully submitted,

Josiah Quincy, Mayor.

The vote whereby the order was passed was reconsidered and the question came on granting permission, the Mayor's objections to the contrary notwithstanding.

The Board refused to grant permission over the Mayor's veto, the vote being yeas 0, nays 10.

APPOINTMENT OF CONSTABLE.

The following was received:—

Mayor's Office, City Hall,
Boston, Nov. 8, 1899.

To the Board of Aldermen:—

Subject to your approval and confirmation, I hereby appoint Victor Weimar a Constable of the city of Boston for the term ending April 30th, 1900, in place of Edward W. Kelly, who was removed from the position of Constable on November 6th, 1899.

Josiah Quincy, Mayor.

Laid over, under the law.

HEARINGS AT 3 O'CLOCK.

1. On petition of F. L. Ames estate for leave to construct a canopy over gallery entrance to theatre now being built on Boylston St., Wd. 7.

John Mason Little, representing the estate of James Little, appeared as Trustee for the Hotel Pelham and objected to the proposed awning, on the ground that it would be an injury to his property.

No further objections. Referred to the Committee on Building Department (Ald.).

2. On petition of the Postal Telegraph-Cable Company, for leave to erect and to remove poles on Boston St., Wd. 16.

3. On petition of the New England Telephone and Telegraph Company of Massachusetts, for leave to erect and to remove poles on Wait St., Wd. 19.

4. On petition of the Boston Electric Light Company, for leave to erect poles on Fort Ave., between Centre and Beech Glen Sts., Roxbury, and on Humphreys St., between East Cottage and Elder Sts., Dorchester.

No objections. Severally recommended to the Committee on Electric Wires.

5. On petition of Daniel Mahoney, that this Board estimate and determine the damages to him by the taking of his land in Charlestown by the Boston Elevated Railway Company.

6. On petition of Matthew and Mary Desmond, that this Board estimate and determine the damages to them by the

taking of their land in Charlestown by the Boston Elevated Railway Company.

In connection with Nos. 5 and 6, Ald. Colby, under a suspension of the rule, offered the following:—

In Board of Aldermen, acting as County Commissioners.

On petitions of Daniel Mahoney and of Matthew and Mary Desmond that this Board estimate and determine the damages to them caused by the taking on Aug. 25, 1899, of their land by the Boston Elevated Railway Company, viz: Land of said Mahoney on Sewall's Ct., Charlestown, on which land there are two mortgages, one owned by Walter H. Roberts and Frank Reed, executors of the will of Franklin O. Reed, and one owned by Annie F. Dowd; and land of said Matthew and Mary Desmond on Arlington Ave., Charlestown,—as in said petitions is more fully set forth.

It now appearing that due notice has been given to the said railway company and to said mortgagees of the pendency of said petitions, it is after due consideration, hereby

Ordered, That the damages sustained by said owners of said estates and by said owners of mortgages, as aforesaid, be estimated and determined at the sum of one dollar each.

Passed.

PETITIONS REFERRED.

The following petitions were received, and were referred to the committees named, viz:—

Building Department (Ald.)

Petitions for leave to project campaign transparencies, viz:—

John J. Cronin, one, at 92 Main St., Wd. 5.
Jas. F. Dooley, one, at 61 Palmer St., Wd. 7.

Morris L. Morrison, one, at 107 Leverett St., Wd. 8.

Edward G. O'Hara, one, at 54 Bunker Hill St., Wd. 3.

Randolph V. King, one, at 12 Poplar St., Wd. 23.

W. J. Rourke, one, at 107 Eustis St., Wd. 17.

Petitions for leave to project poles on which to hang clothing, viz:—

Philip Cohen, at 38 Salem St., Wd. 6

Joseph Aronson, at 5 Salem St., Wd. 6.

Hyman Levenson, at 59 Cross St., Wd. 6.

Morris Cohen, at 24 Salem St., Wd. 6.

Wolf Moskovitch, at 10 Salem St., Wd. 6.

Petitions for leave to project signs, etc., viz:—

Victor A. Dclamere, a sign, 1452 Dorchester Ave., Wd. 24.

Rosary Ciccolo, two barber poles, at 36 Beach St., Wd. 7.

Jacob Sandler, a sign, at 27 Staniford St., Wd. 8.

Simon Polliner, two pawn-brokers signs, at 2020 Washington St., Wd. 18.

J. M. Vucassovich, a sign, at 2 Stuart St., Wd. 10.

J. M. Vucassovich, a sign, at 175 Dartmouth St., Wd. 10.

C. W. Wingate, a sign, at 16 Bromfield St., Wd. 7.

International Heater Co., a V-shaped sign, at 47 Union St., Wd. 6.

O. E. Berry, an illuminated sign, at 631 Washington St., Wd. 7.

Lipman Harris, a sign, at 6-8 Salem St., Wd. 6.

O'Brien Bros., an illuminated sign, at 179 Federal St., Wd. 7.

David Stein, a sign, at 7 Miller St., Wd. 5.

George R. Wiley, a druggist's mortar, at 93 Stoughton St., Wd. 20.

Gus De Stcfong, a sign, at 96½ Summer St., Wd. 7.

D. T. Connolly, a sign, at 23 E. Lenox St., Wd. 17.

J. W. Broome, two barber poles, at 201 Cambridge St., Wd. 8.

Little, Brown & Co., a sign, at 254-256 Washington St., Wd. 6.

Mme. De Were, a sign, at 6 Winter St., Wd. 7.

Wah Lee, a sign, at 2 Sever St., Wd. 4.
Petitions for leave to project campaign transparencies, viz.:

James F. Finnegan (3 petitions), at 107 Leverett St., at 43 Leverett St., and at 161 Cambridge St., corner North Russell St., Wd. 8.

D. F. O'Connell, at corner Hanover and Cross Sts., Wd. 6.

Ward 11 Democratic Committee, corner W. Cedar and Cambridge Sts., Wd. 11.

Claims.

Eugenie White, for payment of balance remaining from tax sale of estate on east side of Marlowe St.

Malachi Lemon, for compensation for damage to estate 836 Blue Hill Ave., caused by change of grade of said avenue.

Louisa Dorr, for compensation for land taken for sewer purposes between Hewlett and Mozart Sts., W. R.

Annie E. Wells, to be paid for expense incurred in raising the drain at 9 Morley St., to connect it with sewer in said street.

Pain's Fireworks Co., to be paid for fireworks furnished the city for the Fourth of July celebration.

Patrick Mullen, for compensation for personal injuries received on account of an alleged defect in Baxter St., S. B.

Edward J. Chamberlain, for compensation for personal injuries from being struck by a team employed by the city Nov. 4, 1899.

Albert McDonald, to be paid for the loss of fowls killed by dogs.

Railroads.

Directors of the Newton & West Roxbury Street Railway, for a location for a single track from the Newton line through Baker, Mt. Vernon and La Grange Sts. to Centre St., or by such other streets as the

Board of Aldermen may determine, with the right to use the overhead electric trolley system thereon.

Public Improvements.

J. J. Frawley, for leave to construct an area under sidewalk on Smith St., Wd. 19.

L. A. Christopher, for leave to lay a 14 inch pipe under and across sidewalk, at 37 Dudley St., Wd. 20.

Trustees of Tufts College, for leave to construct a coal hole at 68 Eliot St., Wd. 7.

J. J. and P. M. Ahern, for leave to move a wooden building from 28 Stanwood St. to corner of Stanwood St. and Blue Hill Ave., Wd. 20.

Petitions for sidewalks, viz.:

John R. Watts, 210-212 E. Eagle St., Wd. 1.

Thomas Butler & Co., 124 Charlestown St. and 33 Medford St., Wd. 8.

Peter F. O'Brien, 15-17 Scotia St., Wd. 10.

George F. Crossin, 24 King St., Wd. 19.

Mary B. W. Sawin, 27 Cobden St., Wd. 21.

Simon Goldsmith, Seaver St., cor. Humboldt Ave., Wd. 21.

John J. Johnston, 15-31 Hollander St., Wd. 22.

Frederick W. Kennedy, Harrishoff St., Wd. 21.

Davis & Diamond, 341-357 Heath St., Wd. 22.

Catherine Helmboldt, Walter St., cor. Hewlett St., Wd. 23.

E. D. Berrigan, 192 Neponset Ave., Wd. 24.

S. N. George, 62 Roslin St., Wd. 24.

LEAVE TO PROJECT SIGNS, ETC.

Ald. McDONALD presented the petition of W. E. O'Brien & Co., for leave to project a sign at 1208 Dorchester Ave.

Ald. BERWIN presented the following petitions:

Charles Goldstein, for leave to project a pole on which to hang clothing at corner of Cross and Salem Sts., Wd. 6.

Joseph Freed, for leave to project a pole on which to hang clothing at 9 Salem St., Wd. 6.

Ald. CODMAN presented the petition of the Boston Cut Flower Co., for leave to project an illuminated sign at 5 Bromfield St.

On motions of the Aldermen presenting the petitions, leave was granted, as requested in the petitions, on the usual conditions.

TAPERS FROM COMMON COUNCIL.

The Board voted, on motion of Ald. Berwin, to consider Nos. 7 to 11, inclusive, together, viz.:

7. Message of the Mayor transmitting the following order passed by the Board of Estimate and Apportionment:

Ordered, That the additional sum of fifteen hundred dollars be appropriated, to be expended by the Engineering Department in reconstructing Faneuil Hall; and that the City Treasurer be authorized to issue, from time to time, on the request of the Mayor, bonds of the City of Boston to said amount for said purpose.

8. Ordered, That the Fire Commissioner be requested, through His Honor the Mayor, to allow the firemen sufficient time to attend the caucuses to be held on November 15 and 16, 1899.

9. Ordered, That the Fire Commissioner, through His Honor the Mayor, be requested to allow the firemen twelve hours' leave of absence between their days off.

10. Ordered, That the Superintendent of Printing, under the direction of the Committee on Printing, be authorized to print and bind in cloth one thousand copies of the exercises on Dewey Day; the expense of the same to be charged to the appropriation for City Council, Incidental Expenses.

11. Ordered, That the Board of Park Commissioners, through His Honor the Mayor, be requested to set aside the plot of land in the Back Bay Fens, known as

"Tremont Entrance," to be used as a playground.

Severally passed in concurrence.
 12. Ordered, That the Superintendent of Streets be requested, through His Honor the Mayor, to annul the contract between the City of Boston and the New England Sanitary Product Company, the plant of the said company having, in the opinion of the Board of Health, become a detriment to the public health and comfort.

Referred to the special committee on garbage investigation, on motion of Ald. Codman.

13. Ordered, That a special committee, consisting of eight members of the Common Council and such of the Board of Aldermen as may join, be appointed to consider the advisability of erecting a new City Hall for the City of Boston; said committee to report its findings to the City Council.

Referred to the Committee on Public Improvements, on motion of Ald. Adams.

There being no objections, the Board voted to consider Nos. 14 and 15 together, viz.:-

14. Ordered, That the expense of the hearings held by the Committee on Market Department relative to a public market in Park Sq., be charged to the appropriation for City Council, Incidental Expenses.

15. Ordered, That permission be hereby granted for the driving of horses at a greater rate of speed than is allowed by ordinance, on Blue Hill Ave., west side, between Talbot Ave. and Morton St., from the present time to April 1, 1900.
 Severally passed in concurrence.

16. The following order comes up for concurrence in its reference to the Board of Estimate and Apportionment:-

Ordered, That the Board of Estimate and Apportionment be requested to appropriate a sum of money large enough to repave Dover St. with granite blocks, from the Dover-St. bridge to Tremont St., Wd. 9.

Referred, in concurrence, to the Board of Estimate and Apportionment.

APPOINTMENT OF CONSTABLE.

The Board proceeded to take No. 17 from the table, viz.:-

17. Action on the appointment by the Mayor of William H. Powers to be a Constable for the term ending April 30, 1900.

Ald. BERWIN—Mr. Chairman, in the absence of Ald. O'Toole I move that No. 17 be again laid on the table.

Laid on the table.

ACCEPTANCE OF LOCATIONS.

Communications were received from the West End Street Railway Co. giving notice of its acceptance of its 185th, 186th and 187th locations and agreeing to comply with the conditions contained therein.

Placed on file.

NUMBER OF MEN LIABLE FOR MILITARY SERVICE.

The following was received:-

City of Boston, Assessing Department,
 City Hall, Nov. 2, 1899.

City Clerk.

Dear Sir:-The number of persons liable to enrollment in the militia in the City of Boston is 96,765.

For the Board of Assessors,
 George A. Collins, Secretary.

Placed on file.

LYING-IN HOSPITAL.

A report was received from the Board of Health on the petition of Augusta P. Holmes (referred Oct. 9), for license to maintain a lying-in hospital at 11 Lambert Ave.—that a license be granted.

The license was granted on the usual conditions.

EXTENSION OF ROAD—ORDER OF NOTICE.

On the petition of the New England Railroad Co. for a determination of the manner in which a proposed extension of its road shall cross West Fourth St. and Broadway and any other ways in this city—an order of notice was passed for a hearing thereon on Monday, Nov. 27, at 3 o'clock P.M., when any parties objecting thereto may appear and be heard.

LICENSES.

Ald. COLBY, for the Committee on Licenses, submitted the following:-

(1) Reports recommending that minors' licenses be granted to 50 newsboys and 1 bootblack.

Reports accepted; licenses granted on the usual conditions.

(2) Reports on petitions (severally referred today), for licenses for entertainments for season ending Aug. 1, 1900—that the same be granted, viz.:-

E. F. Turner, trustee, Fraternity Hall, Webb Building, Poplar St., Roslindale.

Jeremiah J. Murray, 1156 Washington St. Reports severally accepted; licenses granted on the usual conditions.

(3) Reports on petitions (severally referred today), for permits for children under 15 years of age to appear at theatres—that the same be granted, viz.:-

A. L. Griffin, permit for Thomas McAlvin to appear at Bowdoin Sq. Theatre for the week beginning Oct. 30th and at the Grand Theatre for the week beginning Nov. 6th.

Edmund A. Mahoney, permit for Maude Dunn to appear at Bethesda Hall on Nov. 23, 1899.

Reports severally accepted; permits granted on the usual conditions.

EXAMINATION OF CITY CLERK'S BOOKS.

Ald. CODMAN submitted the following: The Joint Standing Committee on City Clerk's Department respectfully report that they have examined the books and accounts of the City Clerk for the nine months ending September 30, 1899, and find that the same have been correctly kept and the fees, etc., duly accounted for.

For the Committee,
 Frank L. Codman, Chairman.

Accepted. Sent down.

DINNER HOUR FOR PARK EMPLOYEES.

Ald. DOYLE offered an order—That His Honor the Mayor be hereby requested by this Board to instruct the Board of Park Commissioners to allow the men in their employ a full hour for dinner, instead of a half hour as now proposed.

Ald. DOYLE—Mr. Chairman, I present that order this afternoon for the purpose of requesting the Park Commissioners to allow the men employed in their department one hour for dinner, as formerly. As I understand it, they have recently issued an order putting the time for dinner down to half an hour, and it is absolutely impossible for a good many of the men, who work a long distance from their homes, to return home to dinner. Consequently they have to go to the nearest restaurant or carry their lunch with them. For the purpose of having the Park Commissioners reconsider the matter, I have offered the order this afternoon.

The order was passed.

REMOVAL OF TREE.

Ald. PRESHO offered an order—That the Superintendent of Public Grounds be requested to remove a decayed tree standing in front of 27 Pearl St., Charlestown; the expense of the same to be charged to

the appropriation for Public Grounds Department.

Passed.

CLOSING OF LYNDE ST.

Ald. PRESHO offered an order—That the Superintendent of Streets be authorized to close the roadway on Lynde St. from Union St. to Sixth St., Wd. 5, to public travel during necessary construction on said street.

Passed.

LAMP ON HILLSIDE ST.

Ald. CODMAN offered an order—That the Superintendent of Lamps be requested to locate and maintain a gas lamp on Hillside St., Wd. 24, opposite No. 41; the expense of the same to be charged to the appropriation for Lamp Department.

Passed.

MEMBER ADDED TO COMMITTEE.

Ald. CODMAN—Mr. Chairman, I move you, sir, that the Chairman of this Board be added to the special committee on the investigation of the garbage question.

The Clerk put the question and Chairman Barry was unanimously elected as a member of the committee.

COST OF WIDENING CONGRESS ST. BRIDGE.

Ald. BERWIN offered an order—That the City Engineer prepare plans for widening Congress St. bridge to a width of eighty feet, with the opening of the draw at least fifty feet; and furnish to the City Council an estimate of the cost of the same.

Passed. Sent down.

CLOSING OF IPSWICH ST.

Ald. COLBY offered an order—That the Superintendent of Streets be authorized to issue a permit to D. H. Andrews to close the roadway on Ipswich St., between Charles Gate West and Boylston St., to public travel for thirty days or during the necessary bridge construction.

Passed.

SETTLEMENT OF LAND DAMAGES.

Ald. COLBY offered the following:—

In Board of Aldermen, acting as County Commissioners.

On petitions now before this Board, viz.: of Lizzie G. Thoits that this Board estimate and determine the damages to her by the taking of her land on Porter St. by the Boston Elevated Railway Company, and of the Boston Elevated Railway Company that this Board estimate and determine the damages to Amelia Greenbaum by the taking of said company of her land at No. 31 Porter St..

Voted, that no further action is necessary, as it appears that settlements have been made by said company with said parties for the land taken, as aforesaid.

On petitions now before this Board that this Board estimate and determine the damages to certain parties by the taking of their land by the Boston Elevated Railway Company, viz.: of Hubert Daly, land on Babcock Ct., Charlestown, John H. Quinlan et als., land on Babcock Ct., Charlestown; of Charles M. Baker et al., executors of the estate of Reuben E. Demmon, land on Harrison Ave., also on petition of W. Bowman Cutter that this Board estimate and determine the damages to him as lessee of a portion of the land of Harlan P. Whitcomb, on or near Warren St., which land was taken by said railway company:—

Voted, That no further action is necessary, as this Board, by its action of

October 9, estimated and awarded damages in each of said cases on petitions which had been previously filed by said railway company.

Passed.

AMENDMENT TO RULE.

Ald. BRICK offered the following:—

Substitute for rule 31 of rules of the Board of Aldermen, the following new rule:—

"Rule 31. Any rule may be suspended by vote of two-thirds of the members of the Board present and voting, excepting Rule 28, which shall be suspended only by a unanimous vote upon a roll-call; and no order accompanying a committee report shall be passed unless the rules are suspended by the unanimous consent of all the members present and voting."

Ald. BRICK—Mr. Chairman, before moving reference of this matter to the Committee I desire to call the attention of the Board to the ease with which legislation may be put through at the last hour, without knowledge in regard to it on the part of members of this Board. I do not desire to go back particularly, except perhaps to refer to what occurred at the last meeting of the Board, which is already in the minds of the members. At that time, although I and my colleague, Mr. Berwin, demanded strenuously that we be given an opportunity to investigate a matter of which we claimed that we had no knowledge, the matter was rushed through in the closing minutes of the session, despite our protests. That was a franchise in the City of Boston giving the right to locate tracks, and not only was it rushed through here without our knowledge in regard to the matter, but there was not a line or a single reference to the fact that the franchise had been given in any newspaper in Boston, excepting the paper which is employed and obliged to publish the reports of our meetings verbatim. It is too apparent that legislation passes this board sometimes without due consideration. Within the last few minutes a motion has been made—which I did not oppose, on the ground of courtesy to the Chair,—that the Chair be added to a committee which already contains more than a majority of persons who have expressed themselves on the question under consideration. The Chair has expressed himself on the question. Now I say there should be some method, some way by which a member who desires information shall, when franchises are to be given or money of the city is to be expended, and when such matters are sent to a committee which holds them in its pocket until within a few minutes of making a report and then holds a hurried session while the meeting of the Committee on Public Improvements is in progress, and then, without anybody's knowledge, starts to railroad the matters before it through on the jump—I say, under such circumstances, that a member who desires information should have the opportunity to obtain it. I think this amendment to the rule will cure the present trouble. Certainly if a matter presented to this Board can bear the light of day, it can do no harm, when we have a meeting almost every week, to have the matter postponed when it is first introduced so that it can be considered by members of the Board and so that public notice may be given of the fact that it is before the Board. Then, if we are voting away franchises, if we are voting away the people's money, there will be an opportunity to investigate, letting the matter stand in the light of day.

Ald. PRESHO—Mr. Chairman, I am very sorry that the newspapers have hurt the aldermen's feelings by not taking any notice of his protest last week; and I hope in the future that the papers will give him notices, so that he will not have his present cause for complaint. It strikes me that the alderman's position is absurd. The in-

stance he refers to last week was not a case where one alderman was trying to crowd a thing through; but it was an instance where three aldermen, representing the section interested, although they were on different sides of the political fence, were united in favor of having a certain thing done, for the interest of their section, for the benefit of Dorchester. The fact is that it was really a Dorchester matter, and, as the representatives of that section unanimously favored it, there was no reason why it should not go through. I hope that this order will not be passed, simply because one man has a spite, a feeling in the matter. I trust that if anything is done it will be after due consideration and when there is more reason for it than has appeared in connection with this matter up to the present time.

Ald. CODMAN—Mr. Chairman, I sincerely hope this change of rule will not prevail. I have had before this Board matters which have been of extreme interest to Dorchester, and which have been hung up. There are now matters before the Board, in the hands of various committees, which are of extreme importance to the citizens of Dorchester, and which they want to have pushed through. If this rule is passed, the situation will be simply this, that one or two members who wish to antagonize the bringing forth of these orders which have been in committee long enough to afford opportunity for the most ample investigation, can hang up measures which the interest of the city and of the different sections absolutely requires should be acted upon. The very gentleman who has introduced this has, to my knowledge, delayed several orders in which I am extremely interested, one in particular, for two or three weeks, and I doubt whether he is today willing to let that matter come before this Board from the Committee. It does not seem right to me that one man or two men should be allowed, as they would be allowed under this proposed rule, to block legislation. It is just as fair on the one side that a small minority should not be allowed to block the work of the other members of the Board as it is that the majority should be allowed to rule. I sincerely trust, from the interest I have in matters that are already tied up in this Board and which I would like to see brought out of committees and passed at once, that no such rule as this will be allowed to go through, that one or two members of this Board shall not, perhaps for personal reasons, be allowed to block orders that may be right and proper, orders that should be passed at once.

The CHAIRMAN—The Chair will say, for the information of the gentleman who introduced the order, that under the rules it will go to the Committee on Rules, on the part of the Board. The Chair will make that reference.

The order stood referred to the Committee on Rules (Ald.).

GARBAGE PLANT NUISANCE.

Ald. CODMAN offered the following: The special committee of this Board, appointed to investigate and report as to the nuisance existing at the garbage plant at Calf Pasture, and to whom was referred the message of the Mayor transmitting communication from the Board of Health to the Superintendent of Streets in relation to said plant, having considered the subject, respectfully report in part, recommending the passage of the accompanying order.

For the Committee,
Frank L. Codman, Chairman.

Ald. Doyle and Dixon dissent from the foregoing report.

Ordered, That the Board of Health and the City Solicitor forthwith apply to the court to restrain the New England Sanitary Product Company from carrying on its business at Cow Pasture in a manner objectionable to public health and com-

fort, as stated in the report of the Board of Health, recently made.

The report was accepted, the order was read a second time and the question came on its passage.

Ald. DOYLE—Mr. Chairman, do I understand that Ald. Dixon also dissents from the report of the committee?

The CLERK—Ald. Doyle and Dixon dissent from the foregoing report.

Ald. BERWIN—Mr. Chairman, I move that the report of the committee be referred to the Committee on Public Improvements.

The CHAIRMAN—The Chair will say that the report has been accepted. If the action accepting the report was reconsidered, the motion might be in order.

Ald. BERWIN—Mr. Chairman, I dislike to differ with the Chair in his ruling, but I am inclined to think that my motion is in order.

The CHAIRMAN—The report has been accepted by this Board and is in the hands of the Board. Does the gentleman desire it referred?

Ald. BERWIN—I do. I desire to ask that the report that has just been accepted be referred to the Committee on Public Improvements.

Ald. CODMAN—Mr. Chairman, I have no objection to that report being sent to the Committee on Public Improvements. In fact, I am rather inclined to favor such reference. But I am decidedly opposed to having the order as reported here go there and lie there. This matter has been under agitation since the middle of the summer, and it is well nigh time now that we make some progress, take some decided steps towards definite action. If that report were to be sent to the Committee on Public Improvements and returned today, I would not oppose it, I never like to make a motion of that kind, because the same votes that send it there can keep it there. But I certainly trust, unless members of this body are willing to consider the matter today and settle it in the Committee on Public Improvements, reporting back at this meeting, that that reference will not prevail. It seems to me that it is a fair proposition, and that it means fair play.

Ald. ADAMS—Mr. CHAIRMAN, I am opposed to day to having the matter sent to the Committee on Public Improvements, because I think this whole question has been covered up from the very start. It has taken this Board over three months to get the report of the Board of Health, which was made secretly, for the Mayor and the Street Commissioner; and now, having just received that report and having considered it in special committee, we make our report today to the Board of Aldermen for action one way or the other. It seems to me the citizens of Boston are entitled to know what is being done on this very important matter; and, unless the alderman who offers the motion to send this to the Committee on Public Improvements can give some good reason why that should be done, I certainly hope the motion will not prevail.

Ald. CODMAN—Mr. Chairman, I would like to ask the alderman who moved that reference if he would object to having the matter reported back today?

Ald. BERWIN—I think, Mr. Chairman, that that would be a proper matter for the Committee on Public Improvements to consider when it gets in there. At the same time let me say to the aldermen from Dorchester that in asking that the matter go to the Committee on Public Improvements, I have no desire to keep it in there longer than the committee sees fit to hold it. There is a difference of opinion upon this matter. Notwithstanding the fact that the Board of Health have branded this garbage scheme a public nuisance, still there are two members of the committee who, for some reason not given in the report, have dissented from the report of the majority. I think I have placed myself on record in line with the

report made by the Board of Health, and I do not see my way clear at the present time—and I question whether I will later on—to take any other position than the one I have taken already. Perhaps the two members who have differed with the majority in this matter may be able to give to the Committee on Public Improvements some information that may influence some members of the Board one way or the other. I cannot see that anybody is to suffer by the motion I have just made.

Ald. DOYLE—Mr. Chairmen, I want to say, as one of the dissenting members of that committee, that it must have been very evident to every member of the Board when that committee was appointed that it was a prejudiced committee and that any report emanating from the committee must necessarily be prejudiced in favor of the expressed views of the majority of its members. For that reason I desire to say something in the Committee on Public Improvements, if the Board sees fit to send the matter to the Committee on Public Improvements. I certainly hope the reference will prevail.

Ald. CODMAN—Mr. Chairman, the alderman seems to have something to say to the Committee on Public Improvements that he does not want to say here. Now, the representatives of Dorchester, voicing the sentiments of the citizens of Dorchester as a whole, are ready to talk this matter right out here. It is the same old story. The aldermen opposite, claiming as he always does that he is interested in the welfare of the outlying districts and of the whole city, gets up and makes a plea for the two dissenting members of the committee. After a little pushing and prodding by me, one of the dissenting members gets up and says that he has something to tell us in the Committee on Public Improvements that he won't tell us here. Let us have it out here. We are simply delaying the matter. Let us bring it to the front.

The people of Dorchester have been driven to the courts in connection with this garbage matter before and are ready to go there again. If the members of the Board want to be placed in the position of having the finger pointed at them for having denied to our Dorchester people proper consideration, and if proper treatment is not to be accorded them here, it is high time that it should be known. If there is anything to be said by the minority of that committee let us have it. The members of the committee who voted to put in the order are above board and have nothing to hide under the shelter of the Committee on Public Improvements. If the alderman from Wd. 12 (Ald. Doyle) has anything to say, now is the time for him to say it. Let us have it right out here; let us make the fight right here.

Ald. DOYLE—Mr. Chairman, if I have anything to say here I will have to go into the details of what happened in that special committee—which I will do if my friend does not object. The minority representatives on that committee—that is, the members of the Board of Aldermen outside the Dorchester District, asked in that committee for a public hearing, asked for an opportunity to visit the plant. We were voted down in every proposition we made looking to a full, free and fair investigation of the matter. Neither Ald. Dixon nor myself knows anything more about that plant than about something in the Klondike. We were not allowed by vote of the committee to visit the plant, not allowed to call for a public hearing. We were perfectly ready to go into an investigation that would be an investigation; and I, for one, refused then and refuse now to take for granted anything that may be said in favor of or to the detriment of the plant until I get it officially. For that reason I want to make a motion in the Committee on Public Improvements that may bring the matter to a head, so that we can perform the duties we have been appointed for.

Ald. ADAMS—Mr. Chairman, I am glad, for one, to hear that the alderman from Wd. 12 (Ald. Doyle) is willing to discuss the matter here on its merits, before the public. If this motion prevails I will simply say that the members of this Board who are favoring sending this report into the Committee on Public Improvements are playing a sharp game of politics, a dilatory game. If this matter had not been investigated thoroughly, if hearings had not been held on it during nearly the whole year, if we had no official report from any organization that had the authority to look into this matter and had done so, it might be well for this Board to go to the expense of an official investigation, which would perhaps take a number of months. But I don't see why any member of the Board should go over the matter again today, when we have before us the official report of the Board of Health, the body appointed for the very purpose of studying, giving hearings upon and investigating just such a matter as this.

We have that report before us, and it seems to me that we, as members of this Board, have not the time to go over that ground, that we can afford to be governed by the opinion of the Board of Health upon this matter. It is absurd for any member of this Board to get up here and say that, because that special committee is made up of three of the Dorchester aldermen and three other aldermen who represent the downtown district in part, that it is a prejudiced committee. This Board is certainly elected to look after the interests of the people, and the whole people. I want to tell the alderman from Wd. 12 that the citizens of Dorchester are not the only ones who have suffered from the garbage plant. South Boston has been suffering from the offensive odors that emanate from this plant fully as much as Dorchester, and it seems to me the alderman should be broad enough to be willing to legislate in the interest of the whole people, not in the interest of any one section, or to charge us with doing it. I hope this will not be referred to day I hope it will be fully discussed here, and I hope also that when the vote is taken it be by yeas and nays. I, for one, would like to see how every member of this Board stands on a matter that has been thoroughly considered by us and that there is no need of displaying ignorance about. It is before the public mind today very prominently. This garbage plant is putting a great many thousands of our citizens to a great deal of discomfort, inconvenience and loss of revenue from tenement houses in the district affected by the plant. There is a great deal that I might say here today upon this matter, if I wanted to take up the time of the Board. The whole subject has been forced upon us wrongfully. The members of the City Government know full well that none of us voted to have that garbage plant established on the Cow Pasture. When the Mayor of Boston advocated the erection of the plant two years ago, in 1897, he stated specifically in his message that he recommended its being placed down the harbor, on Spectacle Island. I think it is safe to say that none of the nine representatives of Dorchester in this Board and the Common Council would for a moment have voted for this contract if they had known that the Mayor intended to establish the plant upon the Cow Pasture. But as soon as he had gained the privilege through the City Government of going into this project, he, on his own authority, as I understand, allowed these people to build their buildings, to establish their plant, upon the Cow Pasture, which is owned by the City of Boston. In doing that he has thrust almost immediately under the noses of the people of Dorchester and South Boston a nuisance which has been allowed to exist a great many months longer than it should have been allowed to exist.

Another thing, Mr. Chairman, the special committee which was appointed three

weeks ago to visit Philadelphia, Washington and New York and look into this question of the cremation of garbage, made a report; and, if I am not mistaken, their investigation showed that in these cities there were crematories where the garbage was consumed, entirely, burned up. That is considered to be the only sanitary way of disposing of the offal of our great cities. Now, there are a great many people in the city of Boston who think we have a garbage crematory. The fact of the case is that we have not. We have not what the committee reported that we should get. Instead of a garbage crematory we have a garbage rendering plant, where everything is turned into a product of commercial use. The odor that emanates from the garbage plant is not from the burning of the offal; and it is not to be remedied, as the Mayor and Superintendent of Streets say by improving the plant and by special machinery. The fact is simply this, that the cooking of this garbage or offal, the steaming of it in immense cauldrons or boilers, and the heating of it to such a degree of heat that the oil can be extracted from it, that being the most valuable product, are the causes for the throwing off of this offensive, sickening odor, which causes many people to become violently sick. I claim that we never will get rid of that offensive odor so long as the garbage plant is allowed to remain within such a short distance of a thickly populated section that whenever the wind is east, west or south it will become a nuisance to the surrounding inhabitants. So I think the only way to give the people of Dorchester and South Boston relief is to remove the garbage plant entirely, to put it down the harbor—on Spectacle Island or some other suitable spot—where it was intended to go, or abolish it entirely. I believe if it is removed to Spectacle Island, a mile and a half down the harbor, we shall have no further trouble with it; and I see no reason why the Mayor of the City of Boston, the Superintendent of Streets or the members of this Board of Aldermen, in their official capacity, should for one moment contend against the comfort and happiness of people of this city by insisting on this plant remaining in its present location, after the full, thorough and sweeping report which the Board of Health, much to my surprise and pleasure, has given to the City of Boston upon this matter. I fail to see, Mr. Chairman, how any official can defend this garbage plant, which is a private enterprise, and which, I am convinced, is a very profitable enterprise. I fail to see how they can get up here today, Mr. Chairman, and defend it for one moment.

Ald. BRICK—Mr. Chairman, I did not intend to speak upon this question, but it brings back to my mind my position on the proposed rule which would prevent rushing this matter through on a report made today. The gentleman from Dorchester on my left, from Wd. 20 (Ald. Adams), accuses my friend from Wd. 12 (Ald. Doyle), of playing politics. Well, it struck me that if anybody has been playing politics this year it is the three Dorchester aldermen. There has not been a meeting which I have had the pleasure of attending—and it has been a pleasure to me which I will miss hereafter—where I have not heard "Dorchester, Dorchester!" repeatedly. It reminds me of the old Roman who used to talk about Carthage being destroyed. Dorchester wants roads, wants railroads, wants garbage plants destroyed, and is wanting something forever and forever. It strikes me that we might give a little attention to some other place. This report of the committee, submitted by my energetic friend from Wd. 24 (Ald. Codman), is now before the body, having just been presented today. Ald. Doyle complains bitterly that when the meeting of the committee was held he and his friend Dixon were

restrained from investigating the matter. Inasmuch as I have been arguing that all these matters should be thoroughly investigated and looked into, simply because our friends the garbage destroyers want this pushed through today I don't think we should do it. I don't think they are quite fair in their position. They ought to allow some others of us to find out about the matter. Perhaps we might be able to make some political capital which we could use. I hope the gentlemen will allow us to discuss this in committee and get a fair decision in the matter. I had the pleasure of visiting this plant, and, so far as I could discover—this was before the fire—there was nothing offensive about it. In fact, I went through the whole process, and even in the worst parts of it I could not find anything as offensive as the packing houses in Cambridge, nothing nearly as offensive. I think, the Mayor having stated that there are alterations to be made which will remedy this trouble, that an opportunity should be afforded to have the trouble corrected. The order which accompanies this report is a very serious and sweeping one, not one that should be dealt lightly with from personal reasons. To pass this order at this time means a tremendous loss to those concerned who are engaged in this rendering process. That is not to be swept aside at once. We are entitled to fairness in all proceedings of this Board, and we should not pass at this time such an omnibus order as will compel the Corporation Counsel or the City Solicitor to ask that this plant be destroyed and that the city be prevented from using it immediately. I hope the gentlemen will have the fairness to send this to the Committee on Public Improvements, where we can properly discuss it.

Ald. McDONALD—Mr. Chairman, I wish to disabuse the mind of the gentleman from Wd. 8 of the idea that there are politics in this matter. I wish to state to him that if there were a garbage plant located in Wd. 8 there would be no politics in it to his mind. It would be removed at once. The gentleman refers to the tremendous loss which would be entailed on the garbage plant people if it is removed. The alderman from Wd. 8 (Ald. Brick) must distinctly understand that the lives of the people are at stake there, and lives of the people who live at Savin Hill mean more than the mere loss of money that may result from the removal of the plant. The order presented today for the committee by the alderman from Wd. 24 was favored in the committee after a great deal of discussion. It seemed to meet the case exactly, for the Board of Health, being established by the Legislature, have a perfect right to remove any nuisance that exists. If any nuisance is reported to them in any house in any part of the city, under the law they can close that house; and they have a perfect right to close this garbage plant in Dorchester, this plague spot that the people of Dorchester must get rid of. The citizens of Dorchester have not petitioned, never did petition, for the location of the garbage plant in Dorchester, and it was placed there against the protests of the Dorchester citizens. I am sure that if there is any information that the minority of this committee desire here this afternoon the aldermen from Dorchester will be only too glad to give it to them. The citizens of Dorchester since January 1st, 1885, up to January 1st 1899, have built 11,300 houses. Just think of it! We don't want anything, as I said before, that we did not petition for; and I appeal to the gentlemen sitting around this Board to vote to abolish this nuisance, which has been a subject of debate by the City Government for the past two years. As I stated at the last meeting of the Board, when the plant was located on Gibson St. the people rose up in their might and the City Government was obliged to remove it. This is now simply

a duplicate of that plant, and the people of every section of Dorchester are with the people who reside at Savin Hill in favor of the removal of the plant. The people of Dorchester will not stand this plant in their midst. It must go where it should have gone in the first place, where the citizens of Dorchester understood that it was to be placed—on one of the islands in the harbor. There is nothing that can be done to remedy that nuisance in Dorchester except to remove it.

At the last meeting of the North Dorchester Improvement Association there was a gentleman who had made a study of the plant, who stated it as his firm conviction, not prejudiced in the least, that there was nothing that could be done to remedy the existing state of affairs if the plant is to continue, and that the only thing that can be done, the only thing that will satisfy the citizens of Dorchester, is the removal of that plague spot from their midst. It has got to be done. The citizens of Dorchester, who have been paying about \$500,000 a year into the city treasury of this city for the past ten years, have some rights, and one of their rights is that they shall not be imposed upon by the City Government of Boston. That plant must be removed; it must go out of Dorchester; we will not have it. The citizens of Dorchester must be treated with some respect and some regard for what they have done for this city. The progressive citizens of Dorchester, who have been building up that section, have some rights, and one of their rights is that they shall not be interfered with by the placing of garbage plants in their midst. We will get rid of this plant. The city of Boston has no right to impose the plant upon the people living in that section of the city. I appeal, Mr. Chairman, to the members sitting around this Board—how would they like to have garbage plants put in their sections? I appeal to them in the names of the fathers and mothers of Dorchester, of the children who are attending our public schools. The master of one of the schools has written a letter to a gentleman in this city saying that this is a nuisance beyond all measure. I submit, therefore, in the name of the citizens of Dorchester, that this plant should be removed from our midst.

Ald. COLBY—Mr. Chairman, if at any time I have been in danger of losing sight of the important relation that Dorchester bears to the whole city, I should certainly have had my wrong impressions corrected by being a member of a Board which contained three members from Dorchester who were candidates for re-election. But I will not touch on the political end of this matter. I think that honors are even, and I think if it were left to the judgment of the other members of this Board they would say that each one of the Dorchester aldermen is entitled to a third of the credit which may be accorded to the representatives of Dorchester by its people for the position they have taken upon this matter. So, perhaps, that may allay the hard feeling which might arise in the mind of any member from Dorchester who thought he was not getting his share of the credit. Each and every one of them has certainly done all he could. Now, I am inclined to vote for this order as looking to a public improvement. I am inclined to think that that garbage plant is a nuisance and that something should be done with it.

We do, however, want to bear in mind this fact, that this is an important matter, and that a good deal may be involved. Certainly it involves somebody's money—we don't know whose—which has been expended in connection with the plant. Then, also, we have a dissenting report here from two gentlemen on the committee, who are inclined, I think, to act fully

as regardless of political considerations as are the gentlemen from Dorchester. In addition to that, at this meeting the Chairman of the Board has been made a member of that committee. Taking everything into consideration, it seems to me only fair that the Committee on Public Improvements should inquire into the matter. Certainly if there is one gentleman in this year's Board who, more than any other has had things sent to the Committee on Public Improvements, it is the alderman from Wd. 24 (Ald. Cooman). That is certainly my impression; and I know on a number of occasions when I have wanted to get things through they have been sent to the Committee on Public Improvements, on his motion. As far as members stating things in the Committee on Public Improvements which they do not care to state in this Board is concerned, I simply desire to say that I do not wish to shield anybody. When I feel called upon to speak upon any matter, personally, I shall do it, in open Board. But when a matter like this comes up, I think we should send it there, where it can be discussed informally. I hope if this is sent there it will not share the same fate as other things that are now in there, which I should like to get out. But the gentleman is certainly as able to control this matter as he has others. So I don't think he will be taking any chances if he assents to its reference to that committee. As far as anything being discussed in that committee in order to avoid publicity is concerned, the joke is that anything which is discussed in the Committee on Public Improvements is quite as well known to the citizens as anything that happens in open Board, if we had a telephone connecting with the room where we hold our meetings of the Committee on Public Improvements, and the other end of the telephone at the reporters' table in the corner here, I don't think the information obtained by the reporters would be any more reliable than it is at the present time. So I really fail to see how there could be any secrecy in the proceedings, because it would be perfectly possible for the press to state tomorrow what was said there, who voted, how they voted, and what they did.

I think, however, that if this is sent to the Committee on Public Improvements we may ask some questions there, and I would like to ask one or two myself. If necessary, I can ask them here; but it seems to be a privilege of members of the Board—which most of the members have insisted on and have had denied to them on very few occasions—that matters which members want to consider and talk over shall be sent into that committee. So, under all the circumstances, I say it is perfectly right and proper to ask to have this sent in there. If the information I get there is satisfactory, I am perfectly willing to vote to report back today. But it is a peculiar situation. One of the gentlemen from Dorchester says the Board of Health might shut this plant up if it wants to do so—or I understood him to say so. I think it is a fact that the Board of Health might go to the courts and stop any nuisance that exists in the city of Boston today, under the general statutes. They have, however, in this case, seen fit to refer to a clause in the contract, which says that the Superintendent of Streets, with the approval of the Mayor, may terminate the contract. I think the Board will agree with me, however, in the opinion that the Board of Health, regardless of any contract, may step in and set in motion the lawful machinery which will stop any nuisance. They can do that without any instigation on our part, and they have done it. It would also seem that the Mayor and Superintendent of Streets might have acted in the matter. I am not saying that the fact that they have not acted should not be construed against them. Perhaps it should. But I say it is right to refer

the matter to the Committee, and then, if a satisfactory solution can be arrived at, it will be perfectly proper to report it back.

Ald. PROSHO—Mr. Chairman, I think it would be rather improbable that the Board of Health should take any action, even upon such a strong report, in face of the communication from His Honor the Mayor, requesting a delay in action. I do not mean to single out the Board of Health—I think it rather improbable that any head of a department would take that action against a message from the Mayor in favor of deferring it. I hope the unexpected will not happen here and that this is not a contest between the Mayor and the people of Dorchester. But I do say in this Board, that if this order gets into the Committee on Public Improvements, without any proviso for a report back to this body, it will never get out. Therefore, while I am willing to vote that this shall go to the Committee on Public Improvements, I hope some of the Dorchester members will move an amendment to the effect that it shall be reported back today.

Ald. ADAMS—Mr. Chairman, I am willing to amend the order in that way, that if the order is sent to the Committee on Public Improvements it may be reported back today for action one way or the other. All I ask for is immediate action, one way or the other. The people of Dorchester, if the City Government does not see fit to take the matter into the courts stand ready to do so, paying the expense out of their own pocket. But, as I have said before, I don't think it is right, with the paid officials and commissions we have whose duty it is to fight the battles of the people of Boston, that our Dorchester and South Boston constituency should be forced to make this contest and pay their own expenses in connection with it.

Ald. DOYLE—Mr. Chairman, I don't think it is fair to rush the matter through this afternoon. The special committee appointed to investigate this matter had but one meeting. At that meeting I endeavored to the best of my ability to have some sort of a hearing. That was denied by the three members from Dorchester. I was perfectly satisfied to call in the Board of Health and the Superintendent of Streets and to obtain some information from them as to whether or not, since the report was made, something had been done at the garbage plant to render the plant there much more healthy and beneficial to the neighborhood. But that was refused me. Consequently I have absolutely no knowledge of the plant out there more than I had when I was appointed on the committee. Our request to have the Superintendent of Streets and the Board of Health come before us, and to have any papers that might be in existence in regard to the matter, except the report of the Board of Health, placed upon our desks, was refused. And, as far as His Honor the Mayor is concerned, I feel certain that the members of the Board of Aldermen have as much confidence in his statement as in the report of the Board of Health. He tells us in his message that "while it cannot be denied that unfortunate conditions have existed at times during the summer season, it has certainly been demonstrated that conditions formerly complained of could be materially improved, and I believe that all concerned should at least await the installation of the new driers and the resumption of the normal operation of the plant before calling for radical action."

This is fair enough. If they are trying as far as they can out there to remedy matters, they should be given a chance; or, at least, the members of the committee should be given official notice that the plant is a nuisance. I hope the matter will

be referred to the Committee on Public Improvements.

Ald. CODMAN—Mr. Chairman, I would like to state what they are doing out there—shutting down on their furnaces when the wind is east, and if the wind happens to shift or change we get a puff of it over in Dorchester. That is all the improvement. I felt that the other Dorchester members were better able to judge as to whether improvements had been made than I. I might go down there today or tomorrow and not know whether improvements were made or what they should be. I think the Board of Health are the ones who should judge. We sent for all the papers we could get, got the contracts from the auditor and went into the matter thoroughly, and I think the Committee has done the best it could. I want to deny the statement of the alderman from ward 12 (Ald. Colby), as to my wanting this matter not referred to the Committee of Public Improvements. I distinctly stated that I was willing to have it go there, but that I would like to have it brought back without delay.

Ald. BERWIN—Mr. Chairman, it might, perhaps, be my distinguished honor to lead my party in the next contest, in the municipal campaign, and I don't want to be placed in a false light before the people of Dorchester by the three distinguished gentlemen who come from that section. I do not mean to say for a moment that I am here to defend this Dorchester nuisance, but, at the same time, I believe in fair play. I ask if any member of this special committee that has been appointed has visited this place since the committee has been appointed? I await a reply, without yielding the floor except for an answer to the question, Mr. Chairman.

Ald. DIXON—Mr. Chairman, I will state that I have not been there.

Ald. ADAMS—Mr. Chairman, I will state for the benefit of the gentleman from ward 6 (Ald. Berwin) that I have visited the garbage plant myself three times this year—once in March and twice this summer, since the repairs have been made. I have not been there since the report was made by the Mayor, but I have been there since the report of the Board of Health, and I found that conditions were existing there fully as bad as any that existed before the fire, and much worse. Now, it is a fact—

Ald. BERWIN—Mr. Chairman, I yielded the floor in order that I might hear from members of the Committee in regard to whether they have been there since they were appointed on the Committee.

Ald. DOYLE—Mr. Chairman, I will say, for the information of the gentleman, that I suggested that the Committee should go to the garbage plant immediately and make an investigation on its own account. But that was denied me—as, in fact, every motion and suggestion I made was denied, because members making up the committee had expressed their opinion upon this subject and could not render a fair decision under the circumstances.

Ald. CODMAN—Mr. Chairman, I would like to say—

Ald. BERWIN—Mr. Chairman, I yielded the floor in order to get information from certain members of the Committee. It is fair to assume that the three members of the special committee who come from Dorchester know all about the garbage plant. I don't suppose any member of the Board questions that they have been there and are able to discuss what they know about it. But another thought occurs to me. There is no politics involved in this question—unless I were to assume that the failure of the republicans to come out on election day was occasioned by the fact that the garbage nuisance affected them. (Laughter.) Now, getting back to the question I first intended to discuss, I believe in having a little delay upon this

matter, so that we may all look into it. I have a great respect for expert opinions, and therefore what I will now say in connection with such opinion is more in the light of a joke and is not intended as a reflection on the Board of Health; but it is recognized among lawyers, I believe, that there are three kinds of liars—liars, d—d liars and medical experts. (Laughter). My experience has been right along upon almost every proposition with which I have had to deal that the men who think they know it all know least. I would rather go out there and risk my own judgment than to take the judgment of perhaps a thousand other men who think they know all about these things. I am not here to defend this garbage nuisance, but if these people who are engaged in the business are willing to do everything they can to remedy the trouble they should be given a reasonable opportunity to do it. That is fair to them and fair to the Board, before proceeding to throw them out of business. That is my position, and that is the reason why I am going to vote to refer this to the Committee on Public Improvements. If, after it goes there, the members of that committee are determined to report it back here today, and it is done, I shall vote for the proposition; but I am free to say that I think we should delay action so as to give members an opportunity to look into the matter, because I don't want to be placed in a false light before the people of Dorchester. I may want their votes, and I don't want to be uncoined this afternoon.

Ald. DIXON—Mr. Chairman, I happen to be on that committee on investigation of the garbage plant, and I suggested to the committee that we should visit the plant some forenoon, that it was only fair that we should look it over and see what kind of a nuisance it was. I understood, according to the Mayor's message of the 30th of October that there had been improvements made there and I thought that it was nothing more than right that the committee should go there and investigate. The committee would not do so. I suggested afterwards that it would be a good idea for the members to go out there and investigate, look the place over, and then call for a public hearing of the residents of Dorchester, who might wish to come before the committee. The committee did not see fit to do that. Therefore I voted against the order that passed that day. I think it is no more than right and fair, in connection with the garbage plant or any other plant, that justice should be done to any corporation connected with it, and that justice should also be done to the people of Dorchester or any other who are interested. I therefore thought the plant should be investigated.

Ald. CODMAN—Mr. Chairman, the committee was perfectly willing to have hearings and to go out there and look the plant over. But it is, of course, fair to admit that the Dorchester members, those representatives of Dorchester and South Boston in the City Government who are interested in the matter, want this place closed up before the winter comes on and before they, perhaps, may cease to be representatives in this Government. We took the stand that the report of the Board of Health was sufficient ground for us to introduce this order into the Board. We simply asked that the Board of Health go ahead, with whatever process they see fit. We don't ask them to cancel the contract with the company or take any other specific step. They can adopt their own method. We merely want to avoid making the people from Savin Hill, Dorchester or South Boston come to another set of hearings, and when the matter is brought to court, as we believe it will be, compelling them to go there and spend days and days. That would simply put extra work on the members of the committee of the Board of Aldermen and entail great loss of time on the part of the people who are suffering

from this nuisance. There was no attempt of any kind to shut members of the committee off, except that we felt that the hearings before the Board of Health were very complete, were very carefully gone over, and were a matter of record.

It was asked at our committee meeting whether these records could be obtained, and the general opinion was that the members of the committee could obtain the record upon which the Board of Health based its report. It is of no use for the two members who dissent to say that they were shut out. There were ways enough for them to satisfy themselves of the facts, and it is perfectly evident, I think, to everybody here, that this is simply an attempt to delay, delay, delay. That was the chief thing that led the majority of the committee to take the action they did—simply and purely to facilitate matters. It was not to cover anything up, but in order to get rid of a nuisance. We believed, on the other hand, that the two members seeking time could get the information they desired, either from the records already in existence before the committee, or by other easily available sources of information. In any event, there will be an opportunity for the committee to continue its investigations, as this order simply asks that the Board of Health and the City Solicitor commence proceedings. We think that by the passage of this order we will have made a beginning. This committee has an order coming before it from the Common Council today. It may seem to the committee that there is some good in that. It may seem possible to the committee later on to make a proposition for a transfer of the plant. I will say that I myself have a scheme in my mind by which it may be possible to transfer the plant to an island in the harbor at a reasonable expense. But there can be no harm in taking this step now, and I believe that in any action the Board of Health takes upon the matter it will enable the people running the plant to make some rearrangement. It is not proposed to throw the company out of business. Everybody knows that the company is making barrels of money, as well as of oil. It is making all kinds of money. It is the boast of those who know about the company that it pays a big percentage on the capital invested. I am satisfied that we are not asking them to lose money by asking them to suspend operations as a nuisance. After the nuisance is abated we will then try to give them relief. I would be willing to vote in favor of the same company, the same process, in a place where it will not create a nuisance. In fact, if an island can be found in the harbor—as I believe one can be found—suitable for this purpose, I would be in favor of the process being used there. A proposition can be offered. The idea of these gentlemen getting up and speaking of the company not having a fair show is ridiculous. It has had and will have a fair show. I sincerely trust that this matter will be acted upon today.

Ald. ADAMS—Mr. Chairman, I want to make a statement to members of the Board who are asking for further hearings on this subject. If this Board and the Common Council will vote to send this matter to the courts, there will be a full and impartial hearing given there. Witnesses complaining of the garbage plant will then be called upon to give their testimony, witnesses in favor of the plant will also testify, and the evidence will be impartially considered. For that reason, I voted in the Committee against taking up any more unnecessary time in holding hearings which I felt would amount to nothing and which were merely suggested to kill time and hang the order up until the city elections were over. That was my whole reason for opposing the holding of any more hearings by the City Government. I believe the courts are the proper tribunals to appeal to now, unless the Mayor

and the Superintendent of Streets see fit to act, upon the suggestions and recommendations of the Board of Health already made to them, having the Plant so improved that it shall not give off odors or so that it shall be moved some distance down the harbor. I say, further, that I agree with what my colleague, Ald. Codman, says. I am not opposed to this garbage plant. I believe it is a proper way to dispose of the city's garbage, provided it can be done at a spot so remote that it will not cause sickness and offence to the public. So I think anyone can see that we are not making an unfair fight or trying to take undue advantage of any private corporation that has money invested. As the Chairman of the Board said at the beginning of the discussion, there are many private concerns today who would be glad to come forward and contract to render the city's garbage, having it all delivered at their doors free of expense, and receiving \$4000 a month in addition to the privilege of converting the garbage into commercial products, which can be sold by the company. I fail to see why this board should wish to further continue this matter, keeping it before us for the rest of the year.

Ald. DOYLE—Mr. Chairman, I desire to say to the gentlemen from Wd. 24 and Wd. 20 (Alds. Codman and Adams) that when they attempt to say that the minority members are trying to hold this up for the purpose of delay, what they state is not the fact. The minority tried in the committee to have a hearing. We did not suggest a public hearing, which the public in general would be invited to attend, but a small hearing, which would include a representative of the company, the superintendent of streets and the Board of Health. In making that suggestion, I think we did only what was just, because after the Board of Health's report had been presented we had still a further report from the Mayor on the subject, in which he says that alterations are now being made there which, in his judgment, will render the arguments of the gentlemen from Dorchester void, so far as they refer to that plant being a nuisance.

I don't think it is fair for any majority—particularly for the majority of the members of a committee made up as this was to consider this subject—to come in here purposely with a majority report and try to rush it through the same afternoon. As far as looking for delay is concerned, that is not what I am doing. I am fair and honest in this matter. I want some information, and I cannot get any more information from the gentlemen from Dorchester this afternoon than I could in the special committee on garbage plant. If the chairman of the committee is prepared to say that he will be satisfied to arrange for a hearing, so that the members of the committee may go out there, say tomorrow or next day, and have the hearing Friday or Saturday of this week or at the earliest possible time consistent with his business arrangements, I am willing and ready to have an impartial hearing given in connection with the matter. Otherwise I hope it will be referred to the Committee on Public Improvements.

The CHAIRMAN—The Chair will make a statement to the Board, to clear up an expression that has been used here more than once. The Chair did not make up the committee with the intention of having it make up a certain report. The fact is simply this, that the three aldermen from the section particularly interested were appointed on the committee. From the party standpoint, as there were three members from the district, two republicans and one democrat, the Chair thought it better to make up the balance of the committee from other parts of the city, appointing democrats. So the Chair had nothing in line with what has been suggested, as to the makeup of the report. Of that I can assure the alderman.

Ald. DOYLE—Mr. Chairman, I don't say that the Chair had anything of the kind in mind, but it must be evident to the Chair, from the remarks of those gentlemen before he appointed them on the committee, that they would necessarily be prejudiced in their report.

Ald. PRESIO—Mr. Chairman, I don't think anything more is needed than the report of the Board of Health. It seems to me that is amply sufficient to back up the order this afternoon. All that is desired to be gained by further assignment, it strikes me emphatically, is delay. I repeat that if this goes into the Committee on Public Improvements, without some action saying when it will be reported back, it will never come out. The idea of visiting that plant, letting them know when you are coming, is simply like the old tricks that used to be played when I first became a member of the Board, when we visited the institutions. Perhaps we would get together at 12 o'clock and vote to go to the institutions; but by the time we got there everything would be swept up and cleaned, everything that was objectionable would be removed, and there was nothing that was not fair to view when we arrived. That is just what would happen here. I think the Board of Health have been careful enough in their investigation here. I have heard enough myself from members of the Board of Health and other individuals to know that their report is true. I hope there will be no further delay, but that we will pass the order today.

Ald. CODMAN—Mr. Chairman, I believe in assigning the matter until after the recess, with the idea of convincing the members of the Board that there have been complaints within the past week of the nuisance arising from the garbage plant. I know myself, from conversation I have had with those I have met there, that they have been sending in complaints this very week. We are now in the second week of November. This report of the Mayor's is already ten days old, and there is yet no relief from or interruption of the nuisance. It is the old story. There cannot, as Ald. Adams says, be any relief until summary action is taken, and I trust that there will be no delay.

The CHAIRMAN—The question is on reference to the Committee on Public Improvements, with instructions to report back this afternoon.

Ald. CODMAN—Mr. Chairman, on that motion I ask for the yeas and nays.

Ald. BERWIN—Mr. Chairman, I shall ask unanimous consent of the Board to withdraw my motion, and will then make another one. My motion would then be that further consideration of the matter be assigned to the next meeting of the Board.

Ald. Berwin's motion being withdrawn, the question came on his motion to refer to the next meeting of the Board.

Ald. ADAMS—Mr. Chairman, I shall certainly vote against that motion. I will say, however, to the gentleman from Wd. 6 (Ald. Berwin) that I will agree to assign this matter until after the meeting of the Committee on Public Improvements, and I think by that time the members can get all the information they desire to ask for privately.

Ald. BERWIN—Mr. Chairman, I want to apologize to the members of the board for taking up so much of their time, but the purpose of my motion is this: There has been so much comment to the effect that if this went to the Committee on Public Improvements it would never see the light of day again, that my idea in making the new motion was to give the members of the Board an opportunity before the next meeting to go out there and see that place, and to look into the facts connected with it.

Ald. CODMAN—Mr. Chairman, my only objection to that action is that it will delay the matter too long. I think we can

give all the information that is necessary this afternoon. I am willing to have the matter assigned until after the meeting of the Committee on Public Improvements.

Ald. Berwin's motion to assign the matter to the next meeting was lost. On motion of Ald. Adams, the matter was assigned until after the meeting of the Committee on Public Improvements.

ADDITION TO GARBAGE NUISANCE COMMITTEE.

Ald. BRICK offered an order—That the special committee appointed to investigate the alleged nuisance at the garbage plant, Cow Pasture, be enlarged so as to include the whole Board of Aldermen.

Assigned until after the recess, on motion of Ald. Brick.

NEWTON AND WEST ROXBURY ST. RAILWAY.

Ald. DIXON, for the Committee on Railroads, submitted a report on the petition of the Directors of the Newton and West Roxbury St. Ry. Co. (referred today), for a location for a single track from the Newton line through Baker, Mt. Vernon and LaGrange Sts. to Centre St., or by such other streets as this Board of Aldermen may determine, with the right to use the overhead trolley system thereon—Recommending the passage of an order of notice for a hearing thereon on Monday, November 27th, at 3 o'clock, P. M., when any parties desiring to object may appear and be heard.

Report accepted; order of notice passed.

REMOVAL OF TREES.

Ald. McDONALD offered an order—That the Superintendent of Public Grounds be requested to remove two trees at 87 and 89 Bowdoin St., Dorchester.

Passed.

EDGESTONES. BOWDOIN ST.

Ald. McDONALD offered an order—That the Superintendent of Streets be requested to have edgestones placed in front of 87 and 89 Bowdoin St., Dorchester.

Passed.

RINGING OF BELLS.

Ald. CODMAN offered an order—That the expense of ringing the bells on the various holidays of the year 1899 be charged to the appropriation for City Council, Incidental Expenses.

Passed. Sent down.

TRANSFER OF LAND.

Ald. CODMAN offered an order—That a committee of three members of this Board, with such as the Common Council may join, be appointed to consider the expediency of transferring the charge and control of that part of Squantum owned by the City to the Metropolitan Park Commissioners and connecting it with the proposed boulevard, parkway and shore reservation in Quincy, as the inhabitants of South Boston and Dorchester are deeply interested in having a public park at that place.

Passed. Sent down.

PLAN OF BOULEVARD.

Ald. CODMAN offered an order—That the Board of Park Commissioners of the City of Boston prepare a plan of a boulevard or parkway connecting the Dorchester District with the proposed parkway or boulevard in Atlantic in the City of Quincy, to be laid out by the Board of Metropolitan Park Commissioners.

Passed. Sent down.

PROJECTION OF SIGNS, ETC.

Ald. DAY, for the Committee on Building Department (Ald), submitted reports recommending that leave be granted to project signs, etc., as follows:—

Little, Brown & Co., a sign, at 254-256 Washington St., Wd. 6.

Victor A. Delamere, a sign, at 1452 Dorchester Ave., Wd. 24.

Rosary Ciccolo, 2 barber poles, at 36 Beach St., Wd. 7.

Jacob Sandler, a sign, at 27 Staniford St., Wd. 8.

Simon Polimer, 2 pawn-brokers signs, at 2020 Washington St., Wd. 18.

J. M. Vucassovich, 2 signs, one at 2 Stuart St. and the other at 175 Dartmouth St., Wd. 10.

C. W. Wingate, a sign, at 16 Bromfield St., Wd. 7.

International Heater Co., a V-shaped sign, at 47 Union St., Wd. 6.

O. E. Berry, an illuminated sign, at 694 Washington St., Wd. 7.

Lipman Harris, a sign, at 6-8 Salem St., Wd. 6.

O'Brien Bros., an illuminated sign, at 179 Federal St., Wd. 7.

David Stein, a sign, at 7 Miller St., Wd. 5.

Gus De Stefong, a sign, at 96½ Summer St., Wd. 7.

D. T. Connelly, a sign, at 23 E. Lenox St., Wd. 17.

J. W. Broome, 2 barber poles, at 201 Cambridge St., Wd. 8.

Mme. De Were, a sign, at 6 Winter St., Wd. 7.

Wah Lee, a sign, at 2 Sever St., Wd. 4.

Also in accordance with petitions for leave to project campaign transparencies,

viz.:

James E. Finnegan (3 petitions), at 107 Leverett St., at 48 Leverett St. and at 161 Cambridge St., corner North Russell St., Wd. 8.

D. T. Connolly, a sign, at 23 E. Lenox St., and Cross Sts., Wd. 6.

Ward 11 Democratic Committee, corner W. Cedar and Cambridge Sts., Wd. 11

John J. Cronin, at 92 Main St., Wd. 5.

James F. Dooley, at 61 Palmer St., Wd. 7.

Randolph V. King, at 12 Poplar St., Wd. 23.

Edward G. O'Hara, at 54 Bunker Hill St., Wd. 3.

Morris L. Morrison, at 107 Leverett St., Wd. 8.

W. J. Rourke, at 107 Eustis St., Wd. 17.

Reports severally accepted; leave granted on the usual conditions.

ELECTRIC WIRES.

Ald. Doyle, for the Committee on Electric Wires, submitted the following:

(1) Reports on petitions (severally referred today), for leave to erect poles, etc.—recommending the passage of orders of notice for hearings thereon on Friday, Nov. 17th, at 3 o'clock P.M., when any parties objecting thereto may appear and be heard, viz.:

New England Tel. & Tel. Co. of Mass., to erect poles on Green St., between High and Bartlett Sts., Wd. 3.

The same, to erect and remove one pole on Maverick St., near Frankfort St., Wd. 2.

The same, to erect and remove one pole on Western Ave., at Market St., Wd. 25.

Postal Telegraph Cable Co., for location for two poles on Bow St., Charlestown.

Reports severally accepted; orders of notice passed.

(2) Report on the petition of the New England Tel. & Tel. Co. of Mass. (recommended Sept. 25), for leave to erect poles in Glenway St., Wd. 20—that the petitioners be given leave to withdraw.

Accepted.

(3) Report on the petition of the Boston Electric Light Co. (recommitted today), for leave to erect poles on Fort Ave. and Humphreys St.—recommending the passage of the following:—

Ordered, That permission be granted to

the Boston Electric Light Company to place and maintain poles for the support of wires at points designated by red dots on a plan deposited in the office of the Superintendent of Streets, made by D. A. Harrington; said poles to be located as follows:—

Fort Ave., three poles, 35 ft. in height by 14 inches in diameter; width of sidewalk 7 feet.

Humphreys St., three poles, 35 feet in height by 14 inches in diameter; width of sidewalk, 7 feet; date of plans, Oct. 30, 1899.

The Superintendent of Streets is hereby authorized to issue permits for opening and occupying streets for placing and maintaining said poles on the conditions specified in chapter 38, section 15, of the Revised Ordinances of 1898.

The work of locating said poles to be completed within ninety days from the date of the passage of this order.

Report accepted; order passed under a suspension of the rule.

GENERAL RECONSIDERATION.

Ald. CODMAN moved a general reconsideration on all business transacted at the meeting, hoping that the same would not prevail. Lost.

RECESS TAKEN.

The Board voted at 4:47 o'clock P.M., on motion of Ald. Berwin, to take a recess subject to the call of the Chairman.

The members of the Board reassembled in the Aldermanic Chamber and were called to order at 5:48 o'clock P.M., by the Chairman.

PUBLIC IMPROVEMENTS.

Ald. O'TOOLE, for the Committee on Public Improvements, submitted the following:—

(1) Report on the message from the Mayor (referred Aug. 21), vetoing the order granting permission to McNeil Bros. to close to public travel the alleyway in the rear of Commonwealth Ave., between Clarendon and Dartmouth Sts.—Recommending that the veto be sustained.

The report was accepted, and the question came on again passing the order, the objections of His Honor the Mayor to the contrary notwithstanding.

The Board refused to pass the order over the Mayor's veto, the vote on passing it being—yeas none, nays 11.

(2) Report on the petition of P. Terrile (referred Oct. 9), for leave to project a sign at 280-282 Commercial St., Wd. 6—Recommending that leave be granted.

Report accepted; leave granted on the usual conditions.

(3) Report on the message from the Mayor (referred Oct. 9) transmitting a communication from the Trustees of the City Hospital in regard to an ambulance and relief station at the North End, and recommending the passage of an order placing in charge of the Trustees of the City Hospital so much of the lot of land received from the Boston Transit Commission on Haymarket Sq., the boundaries of the lot of land so transferred to be subsequently approved by the City Council—That the said order ought to pass.

Report accepted; said order passed. Sent down.

(4) Reports (on petitions referred Oct. 30) recommending the passage of orders directing the Superintendent of Streets to make sidewalks in front of the following-named estates, said sidewalks to be from 3 to 10 inches above the gutters adjoining, to be from 5 to 12 feet in width, and to be built of the material specified, with granite edgestones, the owners of the estates to furnish the said materials, viz:—

Sharreff Bros., 387-389 Blue Hill Ave. and Brunswick St., wd. 20; artificial stone.
F. M. & A. G. Frost, corner Common-

wealth Ave. and Winslow road; artificial stone.

Arthur H. Flint, 922 E. Fourth St., wd. 14; brick.

Mrs. Harriet Hackett, 7 Schuyler St., Wd. 21; brick.

George A. Medbery, Execr., 5, 11, 13 Schuyler St., Wd. 21; brick.

William Smith, 18-20 King St., Wd. 19; artificial stone.

Reports severally accepted; orders severally passed.

(5) Report on the petition of Moses Williams et als., Trustees (referred Oct. 30), recommending the passage of the following:—

Ordered, That the Superintendent of Streets be authorized to issue a permit to Moses Williams et als., Trustees, to construct, maintain and use areas, with granite covers, under and in the sidewalk in front of estate on Pemberton Square, Wd. 6, as shown on a plan on file in the Permit Office of the Street Department; the work to be completed on or before December 31, 1899, according to the terms and conditions expressed in the ordinances of the city relating thereto.

Report accepted; order passed.

(6) Report on the petition of L. A. Christopher (referred today), recommending the passage of the following:—

Ordered, That the Superintendent of Streets be authorized to issue a permit to L. A. Christopher, to lay, maintain and use a 1½-inch iron pipe, with a screw cover attached, under and in the sidewalk in front of estate No. 397 Dudley St., Wd. 20; the work to be completed on or before December 31, 1899, according to the terms and conditions expressed in the ordinances of the city relating thereto.

Report accepted; order passed.

(7) Report on the petition of J. J. Frawley (referred today), recommending the passage of the following:—

Ordered, That the Superintendent of Streets be authorized to issue a permit to J. J. Frawley to construct, maintain and use an area, 6 ft. x 6 ft., with an iron cover, under and in the sidewalk in front of estate on Smith St., Wd. 19 (St. Alphonsus Hall); the work to be completed on or before December 31, 1899, according to the terms and conditions expressed in the ordinances of the city relating thereto.

Report accepted; order passed.

(8) Report on the order (referred Oct. 16) accompanying the report of the Committee on Railroads submitted Oct. 9th, and granting permission to the Norfolk Suburban Street Railway Co. to lay down and maintain tracks on River, Washington and Adams Sts., Dorchester, with all necessary cross-overs, connections, curves and switches connecting with the existing tracks of the said company and of the West Roxbury and Roslindale Street Railway Co., the location of said tracks, etc., being shown by red lines on a plan made by H. T. Whitman, dated June, 1899, and deposited in the office of the Superintendent of Streets—That the said order ought to pass.

The report was accepted, and the question came on the passage of the order.

Ald. BRICK—Mr. Chairman, I am going to vote against this matter. Probably the votes to pass it are here, but on general principles I will vote against it, as there is no public necessity for this road. This road connects to the Milton line with a right of franchise which has been given by this Board last March or April, and there does not appear to me, as I can see it, any public demand at the present time why this road should be connected with the Norfolk and Suburban Railroad. It is simply an attempt on the part of two of these railroads that are connected now and are consolidated to grab up a franchise. There is not, as I can see, any reason why Dorchester should digest all the railroads and I am going to vote, on general principles, against this measure, because I don't believe this road at this time should be given this franchise.

Five or ten years from now it may be necessary to have this location and then the matter can be taken up. If we grant this franchise at this time it may be that within two or three years an act may be passed at the Legislature which may call for a tax on locations and I say it is not necessary to grant this location. We are simply bargaining or somebody is for the good will of some corporation, and although there may be the votes here to pass the order, I propose to register my vote against it.

The order was declared passed.

Ald. BRICK called for the yeas and nays, and the order was passed, yeas 10, nays 1, Ald. Brick voting nay.

REMOVAL OF POLE.

Ald. DOYLE offered an order—That the Superintendent of Streets be and hereby is requested to remove the unused and abandoned telegraph pole owned by the Western Union Telegraph Company, located on the north side of Ruggles St., near the railroad crossing, the said pole being dangerous and an obstruction to travel; the expense of the same to be charged to the said Western Union Telegraph Company.

Passed.

CALL FOR REPORT.

Ald. CODMAN—Mr. Chairman, I feel obliged to give notice to the Committee on Railroads that at the next meeting I shall ask for a report on the question of cross-town roads for Dorchester. It is not that I wish to antagonize that committee. It is far from that, but I shall ask for that report in order to state my position on the general question of crosstown roads. The committee have had these orders for a long time, and I know they have had some difficulty in having a proper hearing and I want to state that frankly. They have called for hearings several times, and for various reasons they have been postponed. My object in calling for a report is for the people of Dorchester, and to state my position on the matter as the people of that section may be called upon to vote for me again.

ACCEPTANCE OF THATCHER ROAD.

Ald. ADAMS offered an order—That the Board of Street Commissioners be requested to accept and construct Thatcher Road, Wd. 20, and to lay out the same under the name of Windermere Road.

Passed. Sent down.

LAMPS ON DAKOTA ST.

Ald. ADAMS offered an order—That the Superintendent of Lamps, through His Honor the Mayor, be requested to put in the necessary gas lamps on Dakota St., Wd. 20.

Passed.

LAMPS ON MAGNOLIA SQ.

Ald. ADAMS presented the petition of Gardner & Osgood et al. for lamps on Magnolia Sq.

In connection with the above Ald. Adams offered the following:—

Ordered. That the Superintendent of Lamps, through His Honor the Mayor, be requested to put in the necessary gas lamps on Magnolia Sq., off Magnolia St., Wd. 13, in accordance with the appended petition.

Passed.

LAMPS ON FISHER AVE.

Ald. O'TOOLE offered an order—That the Superintendent of Lamps be requested to locate and maintain three lamps on Fisher Ave., between Parker Hill Ave. and Bucknam St.; the expense of the same to be charged to the appropriation for Lamp Department.

Passed.

GAS LAMP, HILLSIDE ST.

Ald. CODMAN offered an order—That the Superintendent of Lamps be requested to locate and maintain a gas lamp on Hillside St., Wd. 24, opposite No. 41; the expense of the same to be charged to the appropriation for Lamp Department.

Passed.

THE NEXT MEETING.

Ald. BERWIN—Mr. Chairman, I move you that when this Board adjourns it be to meet on Friday, November 17, at 3 P.M.

Ald. CODMAN—Mr. Chairman, I would move as an amendment to that motion that when this board adjourns it be to meet on Tuesday, November 14, at 3 o'clock P.M. As I understand it, Mr. Chairman, that was the agreement that we had in the committee on Public Improvements.

The motion that when the Board adjourn it be to meet on Tuesday, November 14, at 3 P.M., was declared lost. Ald. Codman doubted the vote and asked for a verification by yeas and nays.

Ald. BERWIN—Mr. Chairman, with no reflection on the intelligence of the Board, I trust that it will be made clear to the members what they are voting upon.

The CHAIRMAN—The question is shall the Board, when it adjourns, adjourn to meet on Tuesday, November 14, postponing all orders of notice to that time?

Ald. FRESHO—Mr. Chairman, I rise to a point of order, that the longest time should be put first.

The CHAIRMAN—An amendment is placed first, always.

Ald. FRESHO—Mr. Chairman, I rise to a point of order, that in questions of this kind, under the rules of the Board, the longest time is to be first considered.

The CHAIRMAN—The original motion is proposed to be amended by Ald. Codman, and an amendment takes precedence. It is for the Board to vote the amendment down, and the question will then come on Ald. Berwin's motion.

Ald. Codman's amendment was rejected, yeas 3, nays 6:—

Yeas—Ald. Adams, Codman, Colby, McDonald, Presho—5.

Nays—Ald. Barry, Berwin, Brick, Day, Dixon, Doyle—6.

Ald. CODMAN—Mr. Chairman, I am somewhat surprised (laughter) that the members of this board in the Committee on Public Improvements should give their word, by vote and by roll call, that when this Board adjourns it be understood that it be to meet on Tuesday, and then vote against that agreement. I hope that, when I ask, as I intend to do, for reconsideration, it will be granted, because certain promises were made to members of this board in the Committee on Public Improvements. I, for instance, have been asked what I would do in regard to one order—if I would take a certain position as regards delay if this board would meet at a certain time. I certainly would never have believed that I would be tricked by the members of this board.

Ald. BRICK—Mr. Chairman, I rise to a point of order. The gentleman is attacking members of the committee upon their integrity, and I think he is entirely out of order.

The CHAIRMAN—The gentleman will confine himself to the question of reconsideration.

Ald. CODMAN—Mr. Chairman, it was distinctly understood, as I understood it, and I trust I am not mistaken, that the members of this Board would bring certain matters to a vote after a delay until next Tuesday, that delay would be granted. A vote was taken then, and members who voted in the Committee on Public Improvements upon the question of this adjournment, with the understanding that an order with the adjournment in view would be put in here, now change their votes directly and wholly, going

back on a vote which is a matter of record—which record I am sorry that I have lost. I wish I had taken it down.

Ald. BERWIN—Mr. Chairman, the gentleman is exploiting a matter that transpired in executive meeting—or I assume it did. I don't know that it did. I think any statement referring to that is entirely out of order.

The CHAIRMAN—The Chair will say that it has always been understood in Committee on Public Improvements that whatever transpired there was not to be used against any member on the floor.

Ald. CODMAN—Mr. Chairman, I mention no names. I merely say that any agreement there or here will be public property, and any agreement I enter into there I consider as sacred as one that I enter into on this floor. My agreement or my vote in the Committee on Public Improvements is no better and no worse than my agreement or my vote here. I believe there are members of this Board with whom it makes no difference whether the next meeting is on the 13th, 14th or 17th. I stated my position very clearly before the committee, and there was a pledge made in that committee. If a vote in that committee is not a pledge, the sooner we know it the better, because if a man votes in committee in favor of adjourning to a certain time, it certainly ought to be as binding as any other action he takes. I ask for reconsideration, sincerely and honestly, believing that the members who voted as they did in the committee will make good their pledge here. If they do not, there is no telling where they will stop.

Ald. ADAMS—Mr. Chairman, I hope reconsideration will prevail, and I want to say to the aldermen from Wd. 6 (Ald. Berwin) that, unless reconsideration does prevail, if his motion to adjourn to Friday of next week is carried, I shall insist on a vote being taken here and now on the report of the special committee on the garbage plant. Several of the members who are vitally interested in that matter agreed to let it lie over to the next meeting of the Board providing the Board would meet next Monday or Tuesday. That was agreed to in Committee on Public Improvements, and if we are going to be thrown in this way I shall certainly insist on a vote being taken on the garbage plant matter here today, by roll call.

Ald. BERWIN—The situation is just this, in connection with the whole proposition, that if the gentleman were to insist upon bringing up this garbage plant question, the rules of the board provide that it will require a suspension of the rules to give it its second reading this afternoon. So nothing will be gained by attempting to take that action. Another point is this—and I may be pardoned for making a brief statement, inasmuch as the alderman from Dorchester, Ald. Codman, has made reference to what transpired in the Committee on Public Improvements. I know this much, that whatever my vote may have been in there, I am not here to tell anybody what it was. I reserve my rights and I exercise them in this board at this time. Another thing which is a matter of fact, with which every member of the Board is conversant, is that we are to have some visitors here from Philadelphia, who I think may reach Boston tomorrow. They have always shown us a great deal of courtesy, attention and hospitality when we have visited their city; and, so far as I am concerned—and I think other members of the Board feel the same way—I intend to give them the same attention, so far as possible, that they have given to us. That is going to consume considerable time. I am just as much interested as any other member of the board in matters coming before the Board, and I know there is nothing to be gained by a meeting next Tuesday. I am as sincere in the position I take as is the member from Dorchester. The main issue seems to be the garbage plant, and I am going to plead

with my friends of the press to give to the three Dorchester aldermen all possible notoriety in connection with that question. (Laughter) I am going to make a personal appeal in their behalf, because I have enjoyed their friendship in and out of the Board (Laughter).

I am going to speak in behalf of Alderman McDonald, as well as of the two republican aldermen, because he is entitled to as much credit as the others. I am going to attempt to have their position given the greatest possible publicity; and I trust that my motion to adjourn to next Friday will be carried, so that we can extend the courtesies of this city to the Philadelphians. In doing that we will be performing a duty we owe to ourselves.

Ald. CODMAN—Mr. Chairman, I fully appreciate the intended humor and subterfuge of the alderman on this question, and I only regret that he does not admit just how he voted in the Committee on Public Improvements. I only regret that I am not at liberty to divulge how he voted and how I voted on these matters. If a plain statement were made of the facts, everybody would know just where we stand. But I am not at liberty to divulge in open Board those matters. Although I believe that the representatives of the press are sharp enough to find out what occurred and that they will get all the information they want from individual members of this Board, at the same time I desire to say that that vote was taken, and that that vote, in my opinion, pledged the members to act as they voted, just as much as any vote has that was ever taken here in which Dorchester was interested, or in which any other section was interested. If that is considered fair play, and if that is the way this matter is to be conducted—a vote to be taken in the Committee on Public Improvements, and then, when we come here in the Board, a member of that committee changes his vote directly—we ought to understand that that is the way the matter is to be treated.

Why, Mr. Chairman, that vote out there was just as sacred to me as any pledge that I could make, and those votes have always been so considered by me unless there was something exceptional that came up—and I do not have to run it in as a joke and divert people's attention to some bright remark. I consider that this matter is an absolute violation of faith on the part of the members of this Board, and shall so consider it; and if this matter is not reconsidered, I shall consider that my vote in the Committee on Public Improvements, as long as I am here with the members of this Board of Aldermen, can be violated at any and all times, if I see fit—which I have not felt before.

The motion to reconsider was declared lost. Ald. Codman doubted the vote and called for the yeas and nays, and the motion to reconsider was lost—Yeas 5, nays 6.

Yeas—Ald. Adams, Codman, Colby, McDonald, Presho—5.

Nays—Ald. Barry, Berwin, Brick, Day, Dixon, Doyle—6.

The question came on Ald. Berwin's motion, that, when this Board adjourns, it be to meet on Friday, Nov. 17th, at 3 o'clock, P. M., and that all orders of notice for a prior date be postponed accordingly.

Ald. BERWIN—Mr. Chairman, I don't want to be discourteous to the Board, and—Well, Mr. Chairman, what I have to say, I will say in private to all the members.

Ald. CODMAN—Mr. Chairman, I move that when the Board adjourns it be to meet upon the regular meeting day, next Monday.

Ald. Codman's motion was declared lost. Ald. Codman doubted the vote and called for the yeas and nays, and the motion was lost—yeas 4, nays 7.

Yeas—Ald. Adams, Codman, McDonald, Presho—4.

Nays—Ald. Barry, Berwin, Brick, Colby, Day, Dixon, Doyle—7.

The question came on Ald. Berwin's motion, that when the Board adjourn, it be to meet on Friday, Nov. 17th.

Ald. ADAMS—Mr. Chairman, I move that this Board do now adjourn.

Ald. McDONALD—Mr. Chairman, before this Board adjourns, I would like to make an enquiry of the Committee on Electric Wires in regard to a matter upon which the hearing was held some time ago—the poles on Glenway St., Dorchester, I understood they had quite a lengthy hearing, and a report is about due now from that committee. I would like to hear from the committee today as to when they expect to report?

Ald. DOYLE—Mr. Chairman, as chairman of the Committee on Electric Wires, I desire to politely inform the gentleman from Dorchester that if he had kept his ears open and had been attending to his official duties, he would know that the report of the committee had already been made, and that the petitioners have been given leave to withdraw.

The CHAIRMAN—The question is on the motion to adjourn.

Ald. McDONALD—Do I understand that that report has been made this afternoon?

Ald. PRESHO—Mr. Chairman, I would like to offer an order.

The CHAIRMAN—Does the alderman withdraw the motion to adjourn? If not, the motion to adjourn takes precedence.

Ald. PRESHO—Mr. Chairman, I would like to ask the gentleman's courtesy to defer that motion—

Ald. ADAMS—Mr. Chairman, inasmuch as the alderman from Charlestown has an order to introduce, I will allow him to introduce his order.

Ald. PRESHO offered an order—That the Superintendent of Lamps be requested to erect and maintain an electric light on Front St., at the corner of Warren Ave., Wd. 5.

Ald. COLBY—Mr. Chairman, I do not see how that can be entertained when there is a motion to adjourn before the house.

The CHAIRMAN—The gentleman has withdrawn his motion.

Ald. CODMAN—No; there was another motion to adjourn before the Board. The only motion made by that gentleman was in the nature of an amendment to the original motion.

The CHAIRMAN—The gentleman is right. If the gentleman objects to the introduction of the order, the Chair will hold the order and will put the question on the motion to adjourn, to meet next Friday. If that motion prevails, the gentleman's order cannot be introduced. Does the Chair understand the gentleman to object to its introduction?

Ald. COLBY—I don't object to it.

The order was passed.

The CHAIRMAN—The question is on the motion to adjourn, to meet on Friday, Nov. 17th, at 3 o'clock P.M., and the Clerk will call the roll.

The motion was carried—Yeas 6, nays 5:—

Yeas—Ald. Barry, Berwin, Brick, Day, Dixon, Doyle—6.

Nays—Ald. Adams, Codman, Colby, McDonald, Presho—5.

The CHAIRMAN—That vote, of course, carries with it a postponement to that date of all orders of notice assigned for a prior date.

Ald. Codman moved a general reconsideration on all motions and orders not already reconsidered; lost.

Ald. McDONALD—Mr. Chairman, before we adjourn I would state that I am delighted that the Committee on Electric Wires have reported in regard to Glenway St. and that they have given the company leave to withdraw. I must have been out of the room at the time; but I am delighted that they have reported, recommending that the petitioners have leave to withdraw.

Adjourned, on motion of Ald. Berwin, at 6:14 P.M., to meet on Friday, Nov. 17, 1899, at 3 o'clock P.M.

CITY OF BOSTON.

Proceedings of the Common Council.

Thursday, November 9, 1899.

Regular meeting of the Common Council, held in the Council Chamber, City Hall, at 7:45 o'clock, P. M., President Kiley in the chair.

ELECTION RETURNS—VETO.

The following was received:—

Mayor's Office, City Hall,
Boston, Nov. 4, 1899.

To the City Council:—

I return herewith without my approval the order providing for the receiving of election returns at City Hall, at the stato and city elections, for the reason that there is no unexpended balance in the appropriation for City Council, Incidental Expenses, to which this expense—which is a considerable one—would be chargeable. I have requested the Board of Apportionment to provide by transfer enough money to meet the expense of receiving returns for the city election and am willing to approve the order, if confined to the city election.

Respectfully submitted,

Josiah Quincy, Mayor.

The order was indefinitely postponed, on motion of Mr. Giblin of Wd. 15.

Mr. GIBLIN, of Wd. 15, under a suspension of the rules, offered an order:—That the City Messenger be directed to make arrangements for receiving and announcing election returns in the Common Council Chamber on the evening of the day of the coming city election and that the Board of Estimate and Apportionment be requested to transfer a sum sufficient to pay for the expense involved.

Passed.

NEXT MEETING.

Mr. GIBLIN, of Wd. 15, under a suspension of the rules, offered an order:—That when this Council adjourns it be to meet on Thursday, November 23, 1899, at 7:45 o'clock, P. M.

Passed.

PAPERS FROM BOARD OF ALDERMEN

1. Report of Committee on City Clerk Department, that they have examined the books and accounts of the City Clerk for the nine months ending September 30, 1899, and find that the same have been correctly kept and the fees, etc., duly accounted for.

Accepted in concurrence.

2. Ordered, That the Board of Street Commissioners be requested to accept and construct Thacher road, Wd. 20, and to lay out the same under the name of Windermere road.

Passed in concurrence.

3. Ordered, That the City Engineer prepare plans for widening Congress St bridge to a width of eighty feet, with the opening of the draw at least fifty feet; and furnish to the City Council an estimate of the cost of the same.

Passed in concurrence.

4. Ordered, That the Board of Park Commissioners of the City of Boston, prepare a plan of a boulevard or parkway connecting the Dorchester District with the proposed parkway or boulevard in Atlantic in the City of Quincy, to be laid out by the Board of Metropolitan Park Commissioners.

Passed in concurrence.

5. Ordered, That a committee of three members of this Board, with such as the Common Council may join, be appointed to consider the expediency of transferring the charge and control of that part of Squantum owned by the City to the

Metropolitan Park Commissioners, and connecting it with the proposed boulevard, parkway and shore reservation in Quincy, as the inhabitants of South Boston and Dorchester are deeply interested in having a public park at that place.

Passed in concurrence.

6. Ordered, That the expense of ringing the bells on the various holidays of the year 1899 be charged to the appropriation for City Council, Incidental Expenses.

Passed in concurrence.

7. Mayor's message transmitting a communication from the Board of Trustees of the City Hospital, relative to the establishment of a relief and ambulance station in the more congested portion of the city.

The passage of the following order is recommended in said message:—

Ordered, That so much as may be needed of the parcel of land transferred to the City of Boston by the Boston Transit Commission, under the provisions of chapter 347 of the Acts of 1897, and bounded by Haverhill St., Haymarket Sq., Canal St. and Travers St. extended, be placed under the charge of the Trustees of the Boston City Hospital, to be used for the erection thereon of a relief and ambulance station, the boundaries of the lot of land to be used for such purpose to be subsequently approved by the City Council.

Message placed on file; order referred to the Committee on Hospital Department.

PROTEST AGAINST BRITISH MONUMENT.

Mr. COLLINS of Wd. 13 offered the following:—

Resolved, That the City Council hereby protests against the erection on Boston Common of a monument in commemoration of the British soldiers who fell at the battle of Bunker Hill, and hereby requests His Honor the Mayor to withdraw his approval of the proposition to erect such a monument.

The question came on giving the resolution a second reading.

Mr. COLLINS of Wd. 13—Mr. President, I noticed in the daily papers a statement that the Mayor had given his sanction to the erection of such a monument as is referred to in the resolution. I feel that such a monument, if erected, would not be in accordance with the sentiments of the American people; and, as an American citizen I protest against its being erected. We all know that the men who fell fighting for our national liberties at Bunker Hill have been fitly commemorated by the monument upon that spot, and at this late day, after 125 years have rolled away, I can see no good and sufficient reason for erecting a monument to the hired troops sent here by the British government to coerce and oppress the people of these colonies at that time. There is something behind this proposed monument that is not readily seen by the superficial observer, and if we look into the matter and try to realize what is the intent, I think the City Government will oppose any monument at this time. The American people must stand for the principles of the fathers and for the principles that the men who fought and fell at Bunker Hill stood for in their time. The question is, whether we still endorse the principles they fought and died for, or are willing to shake hands with those who came here determined to coerce and oppress us and keep the flag of monarchy flying over this country. There is no question but every American citizen is glad that the American people succeeded in driving the English soldiery out of Boston. There is no question, as far as I am concerned, about the principles that they died for; and, consequently, any attempt to erect a monument and give them the place for a monument on city ground would be an insult to the American people. I don't know that we have the authority to rescind or veto the action of the Mayor, so I put the motion in this way—That His Honor be requested

to recall his sanction to that proposition, in order that the monument may not be erected on Boston Common. I hope the resolution will pass.

Mr. LINEHAN of Wd. 13—Mr. President, in speaking to this resolve and in rising in my place, I notice a smile on a number of the features of the Councilmen present. I would like to state that in this matter I am absolutely sincere, that my object in rising in my place is nothing more nor less than to protest on principle alone against the erection on Boston Common of a monument to perpetuate the memory of men who came here, nothing more nor less than a body of scalp-hunters. Ingersoll's History of the War of 1812 would shed a little light on the matter, if the members of the City Council would take trouble enough to read it. I know that this matter has, in the eyes of the average citizen reached such a point that the people think it is nothing else but a political issue, but I want to say for my part, that there is no politics in it, that I shall always protest and lend my voice and my vote and my efforts at all times to oppose any such measure, any such resolution, or any such permission given to such people as they are by the Executive of this city or any other city. I want to say that in my opinion, there has been a monument erected to the soldiers of Bunker Hill, and that monument stands today, a pinnacle of liberty, a pinnacle of freedom, for all visitors, for all people who care to visit grand, old, historic Bunker Hill. The cause of the people who fought at Lexington, the cause of the people who fought at Concord, the cause of the soldiers who fell at Bunker Hill, is today, in my eyes, at stake. Their cause was principle, and the principle of the whole matter is now at stake. After 125 years, in my estimation, it is poor policy for the people of Boston, it is poor policy for the executive of Boston, a descendant of a grand old revolutionary family, it is poor policy, I say, for him to descend to allow the erection on Boston Common of a statue to commemorate the deeds which were performed by the British soldiers at that time. Ingersoll's history of the war of 1812 states the number of scalps which were taken of men, women and children, by a band of four hundred Seneca Indians, which were sent to England—because, if you will remember, there was a premium at that time upon the scalps of the American people. The number of scalps sent to England in three different packages was 1059. That was the number sent by a band of four hundred Indians. Think of the number of scalps which were sent by the 13,000 Indians who were then fighting for England! Think of the cause, think of the principle, and think of the tribute it is proposed to pay! American Indians, the real inhabitants of this country, the real Americans, were paid for every scalp they secured from the head of man, woman or child! And when any country would descend so low as to place a premium on a man's life, I say it is simply degrading anybody who lends his sanction to the erection of a monument to men who came here as its hired assassins, as its servants, to do something which is beyond the pale of decency.

Mr. STEVENS of Wd. 11—Mr. President and members of the Council, I hope this resolve will pass. I think it is unwise and uncalled for on the part of any municipality—and particularly on the part of a municipality located in the Commonwealth of Massachusetts, so near the original historic ground where the battle of Bunker Hill was fought—to think of erecting a monument to the soldiers of those representing the monarchy which we were in rebellion against for taxation without representation. I have nothing to say of the English of the present day. I am only speaking of the eighteenth century. I sincerely hope that this resolution will pass,

and that no monument will be erected on Boston Common.

Mr. GIBLIN of Wd. 15—Mr. President, my attention was called a little while ago by a daily paper in Boston to a project started by a club known as the Victoria Club of Boston, to erect upon Boston Common a monument to the memory of the British soldiers who fell in the American Revolution. Mr. President, I have nothing at this time to say against the soldiers. The soldier will stand at all times, and during all ages, as the symbol of chivalry; but in erecting a monument, Mr. President, to the soldiers who fell in the American Revolution, in their efforts, their proposition to place that monument upon the hallowed ground of Boston Common, where trod the feet of many an American patriot, where your Adamsses, where your Otises, spoke to the people of the time—that, Mr. President, is where I object. The public character of the place would certainly make a private monument also a public object of consideration. While they say that the inscription would not be offending to the eye, it carries with it something besides the mere granite or whatever it may be made of. Mr. President, there was at one time a traveller going through this country, viewing places of interest. He stood by the side of Bunker Hill monument, and he said to his guide, or to his friend that was with him: "There is the first monument that I have ever seen erected to the memory of a defeat."

That traveller was either an acute humorist, and may have said that in a joke, or else, Mr. President, he was so dull of comprehension and vision that his eye did not carry him past the cold granite front of Bunker Hill Monument. He did not see in the dim past the two great questions that were being fought out on Bunker Hill. He did not see that while the Americans were defeated physically and by force of superior numbers of men, that two great moral forces were working in the world one against the other—one the divine right of kings, and the other "shall the people govern themselves?" That is what he did not see. He did not see the great moral lesson that Bunker Hill Monument teaches and throws out to everybody, even those who come from other shores, the minute it rises upon the horizon. And today it is the same way. We can see, Mr. President, beyond the cold granite statue. We can see beyond the bronze of a monument on Boston Common. That is not what makes a statue alone, Mr. President,—the cold granite or the bronze itself—to the memory of the private soldier. That is not what we object to. But the statue, if erected on Boston Common, would be the symbol of something greater; and I ask you, gentlemen, would you erect a statue to the memory of the hand, of the power of that time, that tried to crush you and blot you from the face of the earth? No, never! That is not what we went to school for. That is not what we learned American history for. That is not what we learned the teachings of the fathers for—to lick the hand that smote us. No, not at all. Boston Common, the sacred soil, with its hallowed memories, belongs to the people of Boston. We cherish it more even, perhaps, than Faneuil Hall, because it is older, and with its sacred memories we want to keep it to erect thereon the statues of men who helped to make the American Republic, to make the State of Massachusetts, and to make the great city of Boston what it is. Mr. President, we cannot afford to give one square inch of Boston Common to a statue of this kind. If, as they say, the bones of their heroes lie on the Common we might give them an opportunity to dig them up, transfer them to a private cemetery and erect their monument to them there; or perhaps we would give them the opportunity to transport them to the banks of the Thames, and

thereon erect their monument. But we cannot allow this thing.

This is a precedent, Mr. President. We can see beyond the statue, indeed we can! We have learned this lesson by bitter experience, and I ask you, gentlemen, suppose your children who are coming along in ten or twenty years, pass across Boston Common, what will be their sentiments, what will be their feelings, if they read an inscription on a monument there to the British? Will they have the respect, the sentiment and the love for the men that they have been taught from history to respect and honor? No, they will not. They will look upon those great questions as mere national or international burlesques. That is what we have to consider, and I hope, Mr. President, that this Council will take cognizance of that fact, and that it will vote against any such proposal as this.

Mr. HOWARD, of Wd. 20—Mr. President, I am somewhat surprised to listen to the speeches that the gentlemen have made. I am also surprised that they are ignorant of some American history—especially when my friend in the third division (Mr. Linehan) tells me that they were "scalp-hunters." I imagine from that that he is not aware that an Irish regiment was fighting for the King of England at Bunker Hill, and that their dead are buried on Boston Common. Today, we propose and hope to see a monument erected over the graves of those who fell. At that time we were not fighting for American liberty. The declaration of American independence had not been signed, and they were no more "foreigners," or whatever else you might call them than we were. We were subjects of England, and were up to the time of the Declaration of Independence. Inasmuch as there was an Irish regiment fighting there, and inasmuch as part of their dead are buried on Boston Common, it seems fitting that an Irish cross should be placed upon the top of the monument, and, as I understand it, the idea is that there shall be one. As a descendant of a revolutionary soldier from Lexington to Yorktown, I think I have got as good a right to stand on this floor and advocate that those who tried to oppress us and were afterwards beaten, should be remembered just as much as some of those who fought for their liberty. The men who fought at Bunker Hill were no more hired than those who have fought for the King or Queen of England since. Today there are Irish regiments fighting in the interests of England, who are paid just the same as those men were. Now, gentlemen, if you want to put that down, perhaps you will have an opportunity; but remember that you have not trodden on the toes of England entirely. You are stepping on those of Ireland just as much, for, if I remember correctly, the larger proportion of the Irish regiment was killed in the battle of Bunker Hill.

Mr. LOGAN—Mr. President, I rise to a question of information. I would like to know if I can ask the gentleman who has just spoken a question?

The PRESIDENT—Under the rules of the Council that is not allowed. A gentleman, when he yields the floor, yields it for all time.

Mr. LOGAN—Mr. President, the gentleman who has just spoken has seen fit to bring into this question of a monument a question of nationality, and I feel that such is a very, very wrong insinuation to bring into it. He has told you that a regiment of Irish soldiers fought for the British government at the battle of Bunker Hill. I would like to say to the gentleman for his information that the records of the battle of Bunker Hill will show that 265 Irishmen died fighting for this country at the battle of Bunker Hill. I am opposed, Mr. President, to this monument being erected on Boston Common. I am opposed to it on many grounds—certainly for those that have been expressed by the gentleman in the first division. I am also opposed to

it for another reason. I am opposed to it, Mr. President, because I think that American citizens should first see to it that those men who have fought and died in their own wars should be remembered, before they commemorate on Boston Common the memory of men who fought here opposing the independence of this country.

Mr. COLLINS of Wd. 13—Mr. President, in answer to the gentleman's statements that the majority of the British soldiers were of Irish birth, and that, in consideration of that fact, there is to be a Gaelic cross, I want to say, as an Irishman, that I take great pleasure in insisting on the passage of the resolution, with a total indifference to what the nationality of the soldiers who fought for the English flag was. If Englishmen want to treat the Irish people with any consideration, instead of going back 125 years and looking for somebody whose deeds they wish to commemorate, let them turn their eyes to Ireland today, and they will find ample opportunity to treat the Irish people with consideration and justice. He also said that there are Irish soldiers today fighting the battles of England. If there are, I hope they will meet with a greater defeat than they ever met with on these shores; and I am proud to know that under the Boer flag there is many a good, warm Irish heart, fighting for liberty, fighting the same fight that was fought upon these shores. If I had my way, and the bones of those British soldiers could be got at, I would have them dug up and cast into the sea. That is the recognition I would give the English soldiers who came here to try to defeat the objects of American citizens who fought for their homes, their wives and their families, who died on the thresholds of their homes in their defence against a ruthless lot of semi-civilized soldiers, who had no other instincts than to kill and murder right and left the people of these colonies. I hope the resolution will pass, Mr. President.

Mr. LINEHAN—Mr. President, as the gentleman's reply was, in my estimation, made to me, I think I ought to say a few words. I will say that if any Irishman died fighting under the British flag at the battle of Bunker Hill, when he swore allegiance to the Queen he ceased to be an Irishman, and was, in my estimation, the same as the man told about by Edward Everett Hale in his book "The Man Without a Country." I would like to ask some of the members here, where are the monuments that England has erected to some of her soldiers? Take the battle of Isambulwana, in the Zulu war, where 2000 men were cut to pieces—England, or her people, never visited the battle ground for four months. Where is the everlasting monument that will live in the memory of the people as long as there is a world to the blowing of the Sepoys from the guns, in India? There is a monument in Africa, although not erected in stone—an everlasting monument, which will always live, to the memory of the British soldiers—Majuba Hill. Where is the monument erected by England and Omdurman, to the bravest men she ever fought, the Dervishes, where they scattered the tomb of the Mahdi to the four winds of Heaven, destroying the monument that the people there erected to their patriotic leader? And today they are erecting a monument on the same spot to Chinese Gordon. Where is the monument England erected to the 10,000 Zulus she slew, taking away from them their land and their homes, the property of their people for centuries? England destroyed the entire Zulu empire. Where is the monument erected to it? And where is the monument erected to the Prince Imperial? It was left to the French people to do that. Men come in here and say to us that Irishmen were slain, fighting for England. We know it. We are Irish. We know what England has been doing. We know the condition of England. We know that history shows that no men have

ever gone more bravely to the charge than Irishmen. We know that famine and poverty in Ireland have forced them into the British army. And I say again that any man who swears allegiance to the crown of England ceases to be an Irishman, in my estimation.

Mr. GIBLIN—Mr. President, if I may be permitted just one word more, I congratulate the gentleman in the second division (Mr. Howard) upon his ancestry. I, perhaps, cannot go back so far in this country with reference to my ancestry. They, Mr. President, came to these shores because they were here afforded a place where they could perhaps obtain a few more rights than they had on the unkind soil from which they came. But I want to say, Mr. President, that their sentiments and their sympathy are with this country, and I here tonight cannot give my consent to any such proposition as this, even if he does raise the false premises that there was an Irish brigade or regiment in the service of the British in this country at that time. We know it, Mr. President—we know it, indeed. Conditions drove them under the British flag, but Mr. President, this is not a race question. This question has to do with the American people and American ideals and institutions. We are all Americans here, and we want to stick to the place that gives us an existence, that protects us and affords us privileges that we did not have in other lands remote from here. Mr. President, I want to state that there are Irish soldiers under the English flag at Ladysmith. There are Irish soldiers under the Boer flag, too. That thing happens the world over. In the great Rebellion, when two sections of this country were struggling against each other in an internecine war which was ripping the country apart, when the question was whether this country should remain a union or not, there were Irish who took sides against the North, and there were, indeed, many Irish who took sides with the North, and they met on the field at Fredericksburg. But it did not dampen their ardor for the cause they were fighting for, either on one side or the other. It is the difference in conditions, Mr. President, that brought about those results, and that is why I feel as though I must reply to the gentleman in the second division, because of those conditions.

The resolutions were read a second time, and the question came on their passage.

Mr. KLEMM of Wd. 21—Mr. President, I would be sorry to see such a monument erected on the Common, but I am glad the subject has come up, on account of the great amount of Anglo-mania which has been in the air lately. We have heard some wholesome truths stated here tonight which we should be glad to hear,

under the circumstances. This proposition is particularly significant after the visit of those two distinguished Irishmen who have lately come to our shores, to whom the city gave such a grand reception. I am very glad they received such a good reception. It would be strange indeed if a city in which the principles of liberty were cradled would fail to extend the heartiest welcome to these envoys of a country which has felt the iron heel of oppression for centuries—to these representatives of a people who have struggled for ages for a fair measure of liberty, of independence, independence of that same government whose insufferable rule we overthrew more than one hundred years ago, because of a lewd king who denied us justice. The English employed at that time, as has been said here tonight, the savage and his scalping knife as legitimate means of warfare against us, and it is the same government, Mr. President, which Robert Emmet in his dying speech said "is steeled to barbarity by the cries of the orphans and the tears of the widows which it has made;" the same government which is now holding untold millions of people in subjection and which is at this moment engaged in an endeavor to add to its number of subjects by stifling the spark of liberty in a small nation of a few hundred thousand people in far away South Africa, who are fighting for their own. I said in the beginning that I was glad these two Irish gentlemen came here to tell us what England is to them and to remind us of what she has been to us in all our troubles and perplexities. Such remarks as they made shed a wholesome ray of light through this murky atmosphere of a proposed Anglo-American Alliance which we have been struggling under for months. I hope the resolution will prevail.

The resolution was passed. Mr. Collins moved to reconsider; lost. Sent up.

PUBLIC LANDS REPORT.

Mr. HARVEY of Wd. 24, for the Committee on Public Lands, submitted a report on the order (referred June 29) authorizing the sale of additional land on Long Island to the United States Government—Recommending the passage of the order in concurrence.

Report accepted, order passed in concurrence.

Mr. McINERNEY of Wd. 19—Mr. President, I rise to a point of order that a quorum is not present.

The PRESIDENT—The chair will rule the point of order well taken and will declare the Council adjourned, to meet on Thursday, November 23.

Adjourned, at 8:38 P. M., to meet on Thursday, Nov. 23, 1899, at 7:45 o'clock P.M.

CITY OF BOSTON.

Proceedings of the Board of Aldermen.

Friday, Nov. 17, 1899.

Regular adjourned meeting of the Board of Aldermen, held in the Aldermanic Chamber, City Hall, at 3 o'clock, P.M., Chairman Barry presiding. Absent—Ald. O'Toole.

The Board voted, on motion of Ald. Berwin, to dispense with the reading of the records of the last meeting.

JURORS DRAWN.

Jurors were drawn in accordance with the provisions of Chap. 514 of the Acts of 1894, viz:—

Six additional traverse jurors, Superior Court, October sitting, first session:—

Geo. A. Hall, Wd. 20; Daniel C. Holder, Jr., Wd. 11; Geo. P. Scannell, Wd. 17; Harry N. Lockwood, Wd. 23; Chas. S. Stearns, Wd. 25; Daniel M. Driscoll, Wd. 7.

Six additional traverse jurors, Superior Court, October sitting, third session:—

David O. Felt, Wd. 7; Edward J. Twomey, Wd. 5; John B. McAleer, Wd. 22; Geo. E. Knapp, Wd. 8; Robert J. Lucey, Wd. 10; Walter H. Sibley, Wd. 9.

Eight additional traverse jurors, Superior Court, October sitting, fourth session:—

Wm. E. Martin, Wd. 14; Frederick W. Peters, Wd. 23; Eugene D. Greenleaf, Wd. 6; Wm. H. Marvell, Wd. 4; James F. Madden, Wd. 9; Frank H. Bradford, Wd. 2; James E. Crowley, Wd. 3; James F. Quinn, Wd. 12.

APPOINTMENT OF GRAIN MEASURER.

The following was received:—

Mayor's Office, City Hall,

Boston, Nov. 17, 1899.

To the Board of Aldermen.

Subject to your approval and confirmation, I hereby appoint James C. Bell a Measurer of Grain for the term ending April 30, 1900. Josiah Quincey, Mayor.

Laid over under the law.

REPORT CONCERNING SUMMER EXCURSIONS.

The following was received:—

Mayor's Office, City Hall,

Boston, Nov. 17, 1899.

To the City Council:—

I transmit herewith the report of Mr. E. C. Marshall, Director in Charge of the Randidge Fund Excursions for the past season, and I recommend that the same be printed as a city document.

This report certainly makes a gratifying showing as to the large results obtained through the income of the Randidge Fund, and I feel that Mr. Marshall, who has for the second time taken charge at my request of these excursions, in addition to the performance of his regular duties as Penal Institutions Commissioner, and without extra charge, should be complimented upon the showing made, and particularly upon the entire absence of any accident in connection with the care and transportation of such a large number of children. I believe that the showing made by the city in this line of excursion work is a unique and creditable one, and that the beneficent intentions of the donor of the fund have been realized in a larger way than he could have anticipated.

I commend this report to the consideration not only of the City Council, but all public spirited citizens, as showing how much can be accomplished in the line of philanthropic work at a comparatively insignificant expenditure of money by the

intelligent utilization of the organization and facilities of the city government.

Respectfully submitted,

Josiah Quincey, Mayor.

(Annexed was the report referred to.)

Ordered printed and sent down.

REPORT CONCERNING DRUNKENNESS.

The following was received:—

Mayor's Office, City Hall,

Boston, Nov. 17, 1899.

To the City Council:

I transmit herewith a report of the committee on the penal aspects of drunkenness, appointed by me on January 11, 1899, and I recommend that it be printed as a city document, and that provision be also made for printing 2500 extra copies.

This carefully considered report, made unanimately by a representative committee, whose members are well qualified to make a valuable analysis of the workings of existing methods of dealing with the punishment of drunkenness and ascertaining their defects, should prove an interesting public document, not only in Boston but elsewhere, and should lead to the adoption of more rational methods of dealing with this important problem. I feel that the members of the committee are entitled to the thanks of the city for their painstaking work.

While I have not been able to take any part in the work of the committee, I am in hearty sympathy with the main conclusions arrived at. It has long seemed to me that the fine system of punishing drunkenness, as in operation at present, was entirely indefensible from any standpoint.

Its financial results are comparatively insignificant, even upon the face of the figures, while in reality the amounts received from those who pay their fines are far more than counterbalanced by the cost of maintaining in confinement those who do not; while from the standpoint of getting out to all, without regard to social condition, the equal justice which is assumed to prevail under democratic institutions, it is certainly a gross anomaly to let off practically without punishment those who are able to pay fines, while inflicting a heavy penalty upon those who are too poor to purchase exemption from imprisonment.

I know of no more glaring instance of injustice daily inflicted upon a large scale than the operation of the system of imposing fines for the offence of drunkenness, with imprisonment as the alternative for non-payment. The present practice seems to me unworthy of a civilized democratic community; it is unscientific, uneconomical and unjust, and if it can be even modified in the directions suggested by the committee, great good will certainly result.

With the main recommendation of the report—that probation work should be considerably extended and systematized—I think that every intelligent observer must agree. This certainly seems the most hopeful line of work, and the one in support of which it should be the most easy to unite those of all shades of opinion upon the general aspects of the liquor problem.

The circumstances which lead to arrests for intoxication are of infinite variety, and to deal with these cases in mass, without some intelligent effort to individualize each case, and to deal with it according to the special circumstances surrounding it, is neither scientific, humane nor economical; I believe that it would be a direct economy to the public treasury to double the expense of probationary investigation, while the indirect benefits of extending this work would be far reaching.

The excellent beginning which has been made in this line of work is the one bright spot in our record in dealing with the punishment of drunkenness; the extension and better organization and co-ordination of that work may yet give to this community the high rank in respect to the treatment of drunkenness which it has already won

in so many other lines of reformatory and philanthropic effort.

In contrast to the crude and old-fashioned method of dealing only with symptoms, the modern scientific spirit, which is at last in our day being applied to the problems connected with crime and pauperism, seeks to ascertain the causes of moral and social disease, and to diminish their influence, if it cannot altogether remove them.

To deal with every person arrested for intoxication in the same manner would be an absurdity. We have already made some progress in the classification of cases by law, and the exercise of discretionary powers by the judges does much to alleviate present conditions, but there can be no question that what is now most needed is the extension of individual investigation and of the probation system.

If the fine system is to continue as at present, the recommendation of the committee that time should be allowed to those arrested for drunkenness in which to pay their fines, is certainly a wise and practical one.

The expenditure of all available money is the usual incident of such a case of intoxication as leads to an arrest, and the alternative of immediate payment of a fine, instead of imprisonment, offered to the unfortunate victim is in a great majority of cases a hollow mockery.

If the community desires pecuniary compensation for his offence, he should at least be placed upon probation long enough to show his disposition and ability to earn the amount of the fine imposed; if incarceration is the only proper penalty for drunkenness, then the opportunity of escaping it through the payment of a fine should not be allowed to those who are pecuniarily more fortunate than their fellows.

I trust that this report will be carefully read by the members of the city council, and that it will lead to the support by the authorities of the city, and by the public generally, of such legislative action as is required in order to carry its principal recommendations into effect. Respectfully submitted,

Josiah Quincy, Mayor.

(Annexed was the report referred to.)

Ordered printed and sent down, on motion of Ald. Berwin.

GARBAGE HEARINGS—VETO.

Mayor's Office, City Hall.

Boston, Nov. 10, 1890.

To the Board of Aldermen:—

I return herewith without my approval the order passed by your board authorizing certain expenditures in connection with hearings to be given by a committee of your Board relative to the garbage plant at the Calf Pasture, for the reason that I find by the proceedings of your Board at its last meeting that such committee has already made a report which fully covers the ground and takes a definite position in respect to the matter, by directing application to be made by the city solicitor to the courts.

While I can see no objection to a proper enquiry through a committee as to the conditions which have been complained of, it does not seem to me a proper procedure for a committee to report first in a manner which takes a definite position upon matters in controversy, and then to put the city afterwards to the expense of reporting hearings.

If this matter needs any further investigation, the committee of your Board should not have made what is practically a full report, in that it finally disposes of the matter; if, on the other hand, it does require investigation, the order reported by the committee should be rejected, upon the ground that it is at least premature.

I must, therefore, await further action by your Board before giving my assent to the expenditure of money for the purpose of conducting an investigation. If your Board rejects the order reported by the committee, I shall be glad to approve an

order providing for meeting the expense of public hearings; if, however, it chooses to pass the order reported, the whole matter is in the hands of the City Solicitor and the courts. Respectfully submitted,

Josiah Quincy, Mayor.

Ald. ADAMS—Mr. Chairman, I move that that communication be referred to the special committee on investigation of garbage plant.

Ald. BERWIN—Mr. Chairman, I would like to suggest to Ald. Adams that that matter be referred to the Committee on Public Improvements, because the special committee referred to has, as I understand it, already made a report which practically discharges it from any consideration of the matter. I hardly think the special committee that has been appointed can go much further into the subject than it has already gone. It has made a report. While I do not want to press the point, I merely make it in line with what I think is the proper course for this report to take.

Ald. CODMAN—Mr. Chairman, as Chairman of the committee I will say that there are papers at present before the Committee, so that it could not report except in part. We consider that there are more important matters that may come before that committee, and personally I feel that the place for that communication is before the committee.

Ald. BRICK—Mr. Chairman, it seems to me entirely proper that this matter should be discussed in committee on Public Improvements. The special committee on garbage plant has already shown by its report what the opinion of the majority of the committee is. I think the proper place to discuss this matter of the Mayor's message is in Committee of the Whole, so that we may get information and not have a biased opinion. I hope the matter will go to the Committee on Public Improvements.

Ald. McDONALD—Mr. Chairman, this Board having appointed a Committee on Garbage it seems to me that the communication should be referred to the special committee that has been appointed for this purpose. While that committee has only made a partial report, it has other matters before it. This communication relates solely to the garbage matter and certainly should go to the committee that has been appointed upon that subject, not to the Committee on Public Improvements. After the Committee on Garbage makes its final report to the full board it will then be a proper time, it seems to me, to refer the matter to the Committee on Public Improvements. For that reason, sir, I hope that the motion to refer the communication of His Honor the Mayor to the Committee on Garbage will prevail.

Ald. BERWIN—Mr. Chairman, I will withdraw the motion I have made.

Ald. BRICK—I object to the withdrawal, Mr. Chairman. I still believe the communication should be sent to the Committee on Public Improvements.

The communication was referred to the Special Committee on Investigation of Garbage Plant.

Later in the session Ald. Berwin said:—

Mr. Chairman, I merely rise to ask some information and to obtain a ruling from the Chair. The Mayor vetoed the appointment of that Special Committee, and its authority to expend money. I now understand that that veto has come to the Board. Does not that practically discharge the committee?

The CHAIRMAN—The communication from the Mayor, the veto message and the order, are referred to the Special Committee on Garbage, to report at some future time to this Board.

Ald. BERWIN—What is the ruling of the chair?

The CHAIRMAN—That it is proper to send the matter to that committee.

DECORATIONS FOR LIBRARY.

The following was received:—

Mayor Office, City Hall,
Boston, Nov. 17, 1899.

To the Board of Aldermen:—

I transmit herewith a copy of the resolution adopted by the Trustees of the Public Library at their last meeting, and in accordance with their position I recommend the passage of the accompanying order, providing for the application of the sum of \$2500 from the income of the Phillips Fund to the purposes recommended by the Trustees. Some sculptural decoration of the interior courtyard of the library is much needed to complete its effect, and I trust that the amount named may be devoted to this purpose, and that it may lead, as suggested by the Trustees, to additions to the fund for this purpose from private individuals.

Respectfully submitted,

Josiah Quincy, Mayor.

Copy of resolution adopted by the Trustees of the Public Library at meeting held Nov. 10th:—

“Resolved, That the Trustees of the Boston Public Library have heard with pleasure of the proposed application of a portion of the income of the Phillips Fund to the decoration of the central courtyard of the library. They are also entirely in sympathy with the proposal to place bronze medallions in suitable places on the walls, but they regard the central fountain as the feature of the courtyard most urgently in need of decorative treatment, and would therefore suggest that the chief part of the amount now available be set aside to form a nucleus of a fund to be raised by subscription for the purpose of providing a decorative fountain, and that a single medallion head of some distinguished literary New Englander be placed in a suitable position in the courtyard.

“It is thought that such a medallion, together with the bust of Gen. F. A. Walker, now soon to be placed in position, will serve to suggest the gift of similar memorials of other citizens who have deserved well of their city and State.”

City of Boston.

In Board of Aldermen, Nov. 17, 1899.

Ordered, That the sum of twenty-five hundred dollars (\$2500) be appropriated from the income of the Phillips St. Fund, to be expended by the Trustees of the Public Library toward a fountain for the interior courtyard of the library building, and any other works of sculpture to be placed in said courtyard.

Referred to the Committee on Public Improvements, on motion of Ald. Berwin.

HEARINGS AT 3 O'CLOCK.

On petitions of The New England Telephone and Telegraph Company of Massachusetts, viz:—

1. For leave to erect and to remove one pole on Maverick St., near Frankfort St., Wd. 2.

No objections. Recommended to the Committee on Electric Wires.

2. For leave to erect poles on Green St., between High and Bartlett Sts., Wd. 3.

A remonstrance was received from George Watson Prescott, et als., against erection of poles on Green St. between High and Bartlett Sts., Charlestown.

There being no further objections the petition with the remonstrance was recommended to the Committee on Electric Wires.

3. For leave to erect and to remove one pole on Western Ave., at Market St., Wd. 25.

4. On petition of the Postal Telegraph-Cable Company for a location for two poles on Bow St., Charlestown.

No objections. Severally recommended to the Committee on Electric Wires.

PETITIONS REFERRED.

The following petitions were received,

and were referred to the committees named:—

Building Department.

Aaron D. Weld estate, for leave to build a wooden stable on Weld St., cor. Church St., Wd. 23.

Alfred D. Perron, for leave to build a wooden building on rear of Gardner St., Wd. 23.

Building Dept. (Ald.)

Petitions for leave to project signs, etc., viz:—

John R. Murphy Club of Wd. 11, a campaign transparency, at 156 Cambridge St., Wd. 11.

William J. Donovan, a campaign transparency, from building on Maverick Sq., cor. Winthrop St., Wd. 2.

Frederick W. Day, a stereopticon cloth for campaign purposes, from building on Maverick Sq., near Bremen St., Wd. 2.

A. Gertrude Wood, a sign, at 67 Warren Ave., Wd. 10.

Albert D. Cassidy, two barber poles, at 334 Warren St., Wd. 21.

Isaac Rosen (to suspend clothing outside of store) at 19 Cross St., Wd. 6.

Durnin, McLaughlin & Co., a sign, at 43 Pulton St., Wd. 6.

Downing & Dodge, a sign, at 158 Court St., Wd. 6.

Morris Ableman, a transparency, at 48 Leverett St., Wd. 8.

Dr. Chas. E. Kreppel, a sign, at 10 Hyde Park Ave., Wd. 23.

Braman, Dow & Co., an iron beam to be used as a tramway to facilitate the loading of teams, from the Medford St. side of building 239-243 Causeway St.

George R. Wiley, a druggist's mortar, at 93 Stoughton St., Wd. 20.

Henry Penn, an illuminated sign, at 17 Chapman Pl., Wd. 7.

J. A. Mahoney, an illuminated sign, at 985 Boylston St., Wd. 11.

G. H. Worcester & Co., an illuminated sign, at 27 Exchange St., Wd. 6.

Claims.

Melissa A. Todd, for payment to J. Walter Newhall of balance remaining from tax sale of estate on Columbia St. (now Columbia Road).

John B. Edmands et al., for payment to Abram T. Collier of balance remaining from tax sale of estate, 461-463 Medford St.

Florentine Walters, for payment of balance remaining from tax sale of estate on Preport St.

George P. Otis, for payment of balance remaining from tax sale of estate 26 Belmont St.

Malachi A. Haley, for payment of balance remaining from tax sale of estate on Heathcote St.

Julia C. Ruttle, for compensation for personal injuries caused by her being run over by one of the city's teams.

Fred McBride, for compensation for bodily injuries and damage to horse and buggy by an alleged defect in Columbia Road.

John W. McBride, for compensation for personal injuries caused by an alleged defect in Columbia Road.

L. P. S. Barnard, for compensation for damage to land on Hammond Ave.

Mary M. Dierkes, for payment of balance remaining from tax sale of estate on Dalmatia St.

Charles A. Fernald, M. D., to be paid for professional services.

Electric Wires.

The American Telephone and Telegraph Co. of Massachusetts, for leave to erect poles in Neponset Ave. and other streets.

The New England Tel. and Tel. Co. of Mass., for leave to erect and to remove one pole in Congress St., Wd. 13.

Same company, for leave to erect and to remove one pole in South St., Wd. 23.

Same company, for leave to erect and to remove two poles in Ashmont St., Wd. 24.

The Massachusetts Telephone and Tele-

graph Co., for leave to erect poles in Mt. Washington and Dorchester Aves., Granite, W. First, W., W. Sixth, D. W. Ninth, Dorchester and Sweet Sts. (part of location bet. Boston and Springfield).

Massachusetts Tel. & Tel. Co., for leave to erect poles in Mt. Washington Ave., Granite, W. Second, A. C., W. Seventh, D., W. Ninth, Dorchester, Vinton, Preble, Wendel Sts., Washington Ave., Locust, Buttonwood Sts., Crescent Ave., Sydney, Spring, Bay, Freeport, Tenean, Franklin, Walnut, Taylor Sts. and Neponset Ave. (part of system bet. Boston and Providence).

Faneuil Hall, Etc.

Petitions for the use of Faneuil Hall, viz.:-

Social Democratic City Committee, on Friday evening, Dec. 8.

Woman's Relief Corps, No. 67, on the evening of Dec. 15.

Josiah Quincy, on the evening of Nov. 22.

M. L. Jennings et al., on the evening of Nov. 13.

Supt. of Public Grounds.

H. W. Stark, for the removal of one tree at 476 E. Seventh St., and for the removal or trimming of one tree at 468 W. Seventh St., Wd. 15.

Licenses.

Harugari Club, for a license for Kossuth Hall, 1095 Tremont St., for literary, musical, dramatic and dancing entertainments, for the season ending August 1, 1900.

Luther A. Dandridge, Mgr., for a license for concerts, lectures, etc., at Chickering Hall, 153 Tremont St., for the season ending August 1, 1900.

Joseph T. Mitchell, for a license for a bicycle academy in the old freight station of the B. & P. R.R. Co., in Park Sq., for the season ending August 1, 1900.

Public Improvements.

Thomas B. Black, for leave to erect guy posts; one on Howard Ave., and one on Woodward Pk., Wd. 16.

Boston Elevated Railway Co., for leave to erect two guy posts on Beacham St., with guy wires crossing said street, Wd. 4.

L. P. Soule & Son, for leave to erect a guy post in Pemberton Sq. (north side).

Michael Bowen, for leave to construct a coal hole opening on the Russell St. side of estate 31 Oak St., Wd. 4.

John P. Gallagher, for leave to construct a bulkhead opening in sidewalk at 3 Liverpool St., Wd. 2.

Augustus P. Loring et al., trustees, for leave to construct areas, etc., under sidewalk at 19-25 Myrtle St. and 32 Joy St., Wd. 11.

John Cavanagh & Son B. M. Co., for leave to move a wooden building along Gerald St., Wd. 16.

Wm. H. J. Stone, for leave to construct a coal hole opening on Corinth St., side of estate corner Corinth and Poplar Sts., Wd. 23.

Petitions for sidewalks, viz.:-

Anna Rome, 14-16 Morris St., Wd. 1.

J. D. Steuer, 811 Beacon St., Wd. 11.

Samuel W. Johnson, 149 W. Eighth St., Wd. 13.

John J. Martin, 178-180 Eighth St., Wd. 15.

Aug. Huckins, 17 Huckins St., Wd. 17.

M. Scheffren, 19-29 Huckins St., Wd. 17.

M. Scheffren, 127-133 Moreland St., and 49 Dennis St., Wd. 17.

Henry M. Leen, 87-89 Bowdoin Ave., Wd. 20.

Walter Baldwin, 10-16 Minden St., Wd. 22.

Charles R. Marsh, 229 Highland St., Wd. 22.

Charles R. Marsh, 229 Highland St., Wd. 22.

Public Lands.

R. A. Quimby et al., for the execution of a deed releasing a right of way over certain land on Codman St.

ILLUMINATED SIGN.

Ald. BERWIN presented the petition of Ralph G. Howe, for leave to project an illu-

minated sign at 538B Tremont St., Wd. 9, and moved that leave be granted.

It was voted that leave be granted on the usual conditions.

PAPERS FROM COMMON COUNCIL.

5. Ordered, That the City Messenger be directed to make arrangements for receiving and announcing election returns in the Common Council Chamber on the evening of the day of the coming city election, and that the Board of Estimate and Apportionment be requested to transfer a sum sufficient to pay for the expense involved.

Passed in concurrence.

6. Resolved, That the City Council hereby protests against the erection on Boston Common of a monument in commemoration of the British Soldiers who fell at the Battle of Bunker Hill, and hereby requests His Honor the Mayor to withdraw his approval of the proposition to erect such a monument.

Passed in concurrence.

CONFIRMATION OF APPOINTMENT.

The Board proceeded to consider No. 7, unfinished business, viz.:-

7. Action on the appointment by the Mayor of Victor Weimar to be a Constable, for the term ending April 30, 1900.

The question came on confirmation. Committee—Ald. Colby and McDonald. Whole number of ballots cast 11, yes 11, and the appointment was confirmed.

GARBAGE PLANT NUISANCE.

The Board proceeded to take up past assignments, Nos. 8 and 9, viz.:-

8. Ordered, That the Board of Health and the City Solicitor forthwith apply to the court to restrain the New England Sanitary Product Company from carrying on its business at Cow Pasture in a manner objectionable to public health and comfort, as stated in the report of the Board of Health recently made.

9. Ordered, That the special committee appointed to investigate the alleged nuisance at the Garbage Plant, Cow Pasture, be enlarged so as to include the whole Board of Aldermen.

The orders were read a second time and the question came on their passage.

Ald. BERWIN—Mr. Chairman, I move you, sir, that No. 8 on the calendar be referred back to the Special Committee on Investigation of Garbage Plant.

Ald. ADAMS—Mr. Chairman, at the last meeting of this Board this matter was quite fully discussed and the Alderman from Wd. 6 (Ald. Gerwin) asked that it might lie over until the next meeting of the Board. We agreed at that time that that should be done and that the next meeting of the Board should occur last week, on Tuesday. That agreement was broken, the Board adjourning until today, giving nearly a week's longer time than the alderman originally asked for on the order. Now, unless he can give some valid reason here today why this matter should be referred back to the committee, I hope it will not be so referred. I ask, Mr. Chairman, that when the votes be taken on the motion to refer it be by yeas and nays.

The CHAIRMAN—The question comes on the reference of Nos. 8 and 9.

Ald. PRESNO—Mr. Chairman, I don't think No. 9 should be included. I don't think it is necessary for us to take advice from the other branch in regard to this matter. I believe it is our own business, and I ask to have No. 9 indefinitely postponed.

The CHAIRMAN—Objection being made, the question comes on the reference of No. 8.

Ald. BRICK—Mr. Chairman, I will say to the alderman from Charlestown (Ald. Presno) that No. 9 does not come from the other branch, that it was introduced here by myself.

Ald. BERWIN—It is a fact, Mr. Chairman, that No. 9 on the calendar, originated in this Board. Ald. Presho was not aware of that fact, and I think he will now withdraw his objection.

Ald. McDONALD—Mr. Chairman, it seems to me there is no use in referring No. 8 back to the Committee on Garbage, as that committee has gone over the whole subject and has presented its report, recommending that the City Solicitor with the Board of Health, go to the court and obtain an injunction. If the matter is recommended, all the committee can do is to bring back exactly the same report. The matter is now in the hands of this board, it seems to me, for them to vote for the order, which is a very fair one, taking the subject entirely out of the hands of the government and putting it where it belongs, in the hands of the City Solicitor, the law officer of the city, who is willing and desirous to go to Court with the Board of Health and obtain this injunction. Now, sir, as I said before, if this report is recommended to the Committee the same report will come back to this Board. The matter ought to be acted on here this afternoon.

Ald. PRESHO—Mr. Chairman, I hope we will act upon this matter this afternoon. I don't think it is the intention of my good friend on the right (Ald. Berwin) to refer this for burial purposes, but I think that would be the effect of the reference. If we are going to do any thing in this matter we had better do it here and now. In my opinion, when this order goes to the Committee on Public Improvements that will be the last we will ever see of it.

Ald. BERWIN—Mr. Chairman, I was a little confused when I made the motion. I would like to withdraw it, with the consent of the Board, and shall then move reference of Nos. 8 and 9 on the calendar to the Committee on Public Improvements.

Ald. CODMAN—Mr. Chairman, I object.

Ald. ADAMS—On that motion, Mr. Chairman, I call for the roll.

Ald. BRICK—Mr. Chairman, speaking upon No. 9, I think there is some truth in what Ald. McDonald has said in regard to referring it to the committee. They have already given their opinion. At the last meeting the Chair, who has already given voice to his sentiments upon this matter, was added to the committee. I now desire, in accordance with the provision of No. 9, that the rest of the Board be added—or I will be satisfied to have this sent to the Committee on Public Improvements. It seems to be a matter that has excited the interest of pretty nearly every member of the Board. It seems that the strenuous efforts of the aldermen from Dorchester have caused a good deal of feeling one way or the other. I think, looking at it fairly, that it should not be made a political football. The interests of a corporation are involved here, and I believe in treating corporations fairly. Because a corporation is assailed in this case is no reason why it should be used unjustly or unfairly. That is, we should not take the ground at once that this corporation shall move its plant and order the City Solicitor, without exercising any judgment or giving these parties any opportunity to remedy the trouble, to apply for a restraining order from the court to prevent them from doing business. That strikes me as very unfair and unjust. It strikes me that some members are playing politics here, are not using the corporation fairly, but are making a great hue and cry. I think the Mayor and members of the City Government should be given an opportunity to look into the matter fairly. I believe every member of this Board should act on that committee, that a hearing should be had by a Committee on Public Improvements, that we, as well as the Garbage Committee, should have an opportunity to investigate, to look into the subject, and to find not so much whether there is a smell, but

whether it is intended to treat everybody fairly. This corporation has come in here and has in good faith invested a large sum of money in this work. It is unfair, it is not using them right, if we at once wipe out their franchise and put them to an enormous expense.

That is not the sympathetic argument, and perhaps it will not be considered a good one by the people who want to fight corporations, whether they have any rights or not. I do not believe in giving corporations franchises that they are not fairly entitled to, and I have spoken in this Board frequently on that subject. But when this Board and the City Government give to a corporation a franchise, they should not immediately take it away from them, cut them off. It is not fair to the people who have invested their money, to the people who have an interest in it. We should treat them right and there should be an opportunity given these men to see if they cannot cure the evils there, or, if they cannot without prejudice to their business or their interests, without publicity to have their plant removed to some place where they can. This system is untried; no doubt there are some difficulties in its operation as yet. But what are we going to do if we do away with this plan? Dump our garbage into the harbor and have it washed back on our shores? There is a business question here, as well as a sentimental question. There are things to be considered, material as well as those that apply merely to politics; and I hope the matter will be referred to the Committee on Public Improvements, where we can consider and weigh it fairly and every member can make up his mind.

The motion to refer Nos. 8 and 9 to the special committee on garbage plant was lost, yeas 0, nays, 11.

Ald. Brick moved the reference of Nos. 8 and 9 to the Committee on Public Improvements. The motion was carried, yeas 6, nays 5.

Yeas—Ald. Berwin, Brick, Colby, Day, Dixon, Doyle—6.

Nays—Ald. Adams, Barry, Codman, McDonald, Presho—5.

Ald. ADAMS—Mr. Chairman, I now move that that order be reported back today, and on that I call for the yeas and nays.

Ald. DOYLE—Mr. Chairman, I sincerely hope no motion will prevail here today to have that order reported back, because if there is any information we can get today in the Committee on Public Improvements we can get it right here. As a member of the special committee on investigation of the garbage plant, I desire to say that I had no opportunity to investigate the subject, and there has been no desire shown on the part of the majority of the members of that committee to have an investigation. Until such time as we have an investigation and perform the duties for which we were appointed, I think we ought to make no report. I want an opportunity to go out to that plant, to visit the place myself and see for myself whether or not it is a nuisance, or have some sort of public hearing so that we may at least have some members of the Board of Health attend and state whether or not in their judgment the place is a public nuisance. The fact that it may have been at some time during the last year a nuisance is no reason that it is still a nuisance. I want it demonstrated before that committee that this place is a nuisance before I will by my vote close up a mercantile establishment as large as this.

Ald. PRESHO—Mr. Chairman, I was out at the garbage plant the other day and there was very little odor. I looked around and found out why there was so little. It was because they were not doing work. They knew there was a member of the City Government coming there, and the

result was as you will always find it when this Board goes anywhere to investigate a nuisance. The moment when they find the investigation is to be made the nuisance will cease, if there is any way of stopping it, so that you will not notice it when you get there. I hope this will not be referred to the Committee on Public Improvements, but will be fought out here. We have the report of the Board of Health, stating ample grounds for closing this plant, and you cannot go behind the Board of Health. They do not go out there to make a torchlight investigation, but send out inspectors who are used to looking into these matters and find out what the facts really are when the company does not suspect it.

The CHAIRMAN—I will say, for the benefit of the alderman, so that he may not be misled, that the question is on Ald. Adams's motion to report back this afternoon.

Ald. PRESHO—What I have said will apply to that perfectly, Mr. Chairman, and I hope the Committee will be instructed to report back today.

Ald. BRICK—Mr. Chairman, I rise to a point of order. It strikes me that, under rule 26, a committee has the right to consider a subject for a proper length of time. That rule provides that a committee shall report within four weeks or ask for further time. It seems to me we cannot at this time properly ask the Committee on Public Improvements to report back today.

The CHAIRMAN—The Chair will say at this time that it is in the power of the Board by a majority vote to instruct its committee to report back upon the matter today.

Ald. PRESHO—Mr. Chairman, I hope the Board will instruct the Committee on Public Improvements to do this, because, unless it is done, I fear the reference will be the death knell of the whole question. I think the idea is to get this into the Committee on Public Improvements and keep it there, and I don't believe any honest effort will be made to bring it out. It is only a question of whether we are to act fairly in this matter or to use subterfuge. The proper way is to meet the issue at the present time. The Board of Health have given ample evidence that it is a nuisance, and one that should be abated.

Ald. CODMAN—Mr. Chairman, I have no objection to the committee being ordered to report back today, but there is no value to be attached to that vote, in my opinion, because if you should instruct the committee to do so and they should change their minds, as is the privilege of any members of the Board when they get inside the committee, it is very easy for those in favor of the order to put in another just like it; and I give notice that I will do so.

It was voted to instruct the Committee on Public Improvements to report back this afternoon. Ald. Brick doubted the vote and called for the yeas and nays. The instructions were carried, yeas 6, nays 5.

Yeas—Ald. Adams, Barry, Codman, Colby, McDonald, Presho—6.

Nays—Ald. Berwin, Brick, Day, Dixon, Doyle—5.

Later in the session Ald. Codman moved to reconsider, hoping the same would not prevail; lost.

CONSTABLE'S APPOINTMENT.

The Board proceeded to take No. 10 from the table, viz:—

10. Action on the appointment by the Mayor of William H. Powers to be a Constable for the term ending April 30, 1900.

Ald. BERWIN—Mr. Chairman, I move that No. 10 still lie on the table, in the absence of Ald. O'Toole.

Ald. DAY—Mr. Chairman, Ald. O'Toole has no objection to this appointment. The

only objection was that somebody was removed—I have forgotten his name—and this gentleman is appointed to fill the vacancy. Ald. O'Toole wished to straighten the matter out, and he assured me that he would have no objection to this being taken up and acted on today.

Ald. BERWIN—Mr. Chairman, I trust that this will continue to lie on the table.

The Board voted to let No. 10 remain on the table.

SALE OF OIL.

A report was received from the Fire Commissioner on the petition of C. H. K. Skillin for a license to store and keep for sale oils or fluids composed wholly or in part of the products of petroleum at rear of 18 Leonard St., Dorchester—approving of the same.

Leave was granted by the Board on the usual conditions.

LICENSES.

Ald. COLBY, for the Committee on Licenses, submitted the following:—

(1) Reports recommending that minors' licenses be granted to 28 newsboys, 2 boot-blacks and 1 vendor.

Reports severally accepted; licenses granted on the usual conditions.

(2) Reports on petitions (severally referred today), for amusement licenses for season ending Aug. 1, 1900—recommending that the same be granted, viz:—

Harugari Club, Kossuth Hall, 1095 Tremont St.

Luther A. Dandridge, manager, Chickering Hall, 153 Tremont St.

Joseph T. Mitchell, bicycle academy, old freight station of Boston & Providence R.R. Co. in Park Sq.

Reports severally accepted; licenses granted on the usual conditions.

CLAIMS.

Ald. COLBY, for the Committee on Claims, submitted the following:—

Reports recommending payment of balances remaining from tax sales of estates, viz:—

(1) Report on the petition of Richard W. McDowell (referred Aug. 21),—recommending the passage of the following:—

Ordered, That the City Treasurer be hereby authorized to pay to Willard Welsh the sum of \$178, being the amount held by the city under chapter 390, section 40, of the Acts of 1888, from the sale of an estate on Wentworth St., for unpaid taxes of the year 1896, by deed recorded with Suffolk Deeds, lib. 2501, fol. 56.

Report accepted; order passed. Sent down.

(2) Report on the petition of Alexander Y. Cochrane (referred June 26),—recommending the passage of the following:—

Ordered, That the City Treasurer be hereby authorized to pay to Charles A. Gleason the sum of \$176.70, being the amount held by the city under chapter 390, section 40, of the Acts of 1888, from the sale of an estate on north side of Farrington St., lot 40, for unpaid taxes of the year 1897, by deed recorded with Suffolk Deeds, lib. 2582, fol. 56.

Report accepted; order passed. Sent down.

(3) Report on the petition of Maurice Clarke (referred Aug. 7)—recommending the passage of the following:—

Ordered, That the City Treasurer be hereby authorized to pay to John E. Gilcreast the sum of \$381.35, being the amount held by the city under chapter 390, section 40, of the Acts of 1888, from the sale of an estate 142-4 Lincoln St., for unpaid taxes of the year 1897, by deed recorded with Suffolk Deeds, lib. 2583, fol. 120.

Report accepted; order passed. Sent down.

(4) Report on the petition of Maurice Clarke (referred Aug. 7),—recommending the passage of the following:—

Ordered, That the City Treasurer be hereby authorized to pay to John E. Gilcrest the sum of \$282.55, being the amount held by the city under chapter 390, section 40, of the Acts of 1888, from the sale of an estate 148 Lincoln St., for unpaid taxes of the year 1897, by deed recorded with Suffolk Deeds, lib. 2583, fol. 121.

Report accepted; order passed. Sent down.

(5) Report on the petition of Elizabeth Webster (referred Oct. 30)—recommending the passage of the following:—

Ordered, That the City Treasurer be hereby authorized to pay to Frederick W. Hassam the sum of \$73, being the amount held by the city under chapter 390, section 40, of the Acts of 1888, from the sale of an estate on Savin Hill Ave. and Gramplan Way for unpaid taxes of the year 1897, (by deed recorded with Suffolk Deeds, lib. 2580, fol. 103.

Report accepted; order passed. Sent down.

(6) Report on the petition of Rufus K. Thomas (referred Oct. 30)—recommending the passage of the following:—

Ordered, That the City Treasurer be hereby authorized to pay to Frank Brewster the sum of \$107.50, being the amount held by the city under chapter 390, section 40 of the Acts of 1888, from the sale of an estate on Willis St. for unpaid taxes of the year 1897, by deed recorded with Suffolk Deeds, lib. 2851, fol. 100.

Report accepted; order passed. Sent down.

(7) Reports on petitions—that the petitioners have leave to withdraw, viz:—

James J. Powers (referred May 8) for compensation for injuries received while in the employ of the Sanitary Division (at his own request).

Mary A. F. Rcardon (referred Nov. 21, 1898), for compensation for damage to estate 45 Stonehurst St., caused by blasting (as the claim has been settled).

Michael T. Toumey (referred Oct. 10, 1898), for compensation for personal injuries and damage to bicycle caused by an alleged defect in Huckins St. (as suit has been entered against the city).

Elizabeth C. Giblin et al. (referred June 13), for compensation for damage to estates 409 and 412 Bremen St., caused by the overflow of sewage (as suit has been entered against the city).

Elizabeth C. Giblin (referred June 12), for compensation for damage to estate 400 Chelsea St., East Boston, caused by the overflow of sewage (as suit has been entered against the city).

Reports severally accepted. Sent down.

PAYMENT FOR LOSS OF FOWLS.

Ald. BERWIN, for the Committee on Police (Ald.), submitted a report on the petition of Albert McDonald (referred Nov. 8), to be paid for the loss of fowls killed by dogs—recommending the passage of the following:—

Ordered, That there be allowed and paid to Albert McDonald the sum of Three Dollars and Seventy-Five Cents (\$3.75) in compensation for the loss of fowls killed by dogs on August 30, 1899; said sum to be paid from the income from dog licenses.

Report accepted; order passed.

PROJECTION OF SIGNS, ETC.

Ald. DAY, for the Committee on Building Dept. (Ald.), submitted the following:—

(1) Reports on petitions (severally referred today) for leave to project signs, etc.—recommending that leave be granted, viz:—

Albert D. Cassidy, two barber poles, 334 Warrern St., Wd. 21.

Downing & Dodge, sign, 158 Court St., Wd. 6.

Morris Ableman, transparency, 48 Levcret St., Wd. 8.

Wm. J. Donovan, campaign transpar-

ency, Maverick Sq., corner Winthrop St., Wd. 2.

John R. Murphy Club, Wd. 11, campaign transparency, 156 Cambridge St., Wd. 11.

Durum, McLaughlin & Co., sign, 43 Fulton St., Wd. 6.

Frederick W. Day, stereopticon cloth for campaign purposes, Maverick St., near Bremen St., Wd. 2.

A. Gertrude Wood, sign, 67 Warren St., Wd. 10.

Henry Penn, illuminated sign, 17 Chapman Pl., Wd. 7.

J. A. Mahoney, illuminated sign, 985 Boylston St., Wd. 11.

Reports severally accepted; leave granted on the usual conditions.

(2) Report on the petition of George R. Wiley (referred Nov. 8), for leave to project a druggist's mortar at 93 Stoughton St., Wd. 20—that leave be granted.

Report accepted; leave granted on the usual conditions.

(3) Report on the petition of Arthur Murphy (referred Oct. 9), for leave to project four bay windows from building, No. 365-369A Neponset Ave. and 2-2A Chickatawbut St., Wd. 24—that leave be granted to project 2 feet over Neponset Ave. and 1 foot 6 inches over Chickatawbut St.

The question came up on the acceptance of the report.

Ald. CODMAN—Mr. Chairman, I was not present when that was considered in committee and I would like to have it laid over for a week for that reason. It was probably my own fault.

The report was assigned to the next meeting of the Board.

STATE AID.

Ald. DIXON, for the Committee on State Aid, submitted a report that allowances of aid be paid to soldiers and sailors and their families in the city of Boston, or having a settlement therein, in accordance with an annexed list, and authorizing the City Treasurer to pay the said allowances to the persons named, until otherwise ordered by the Board, except such persons as shall become ineligible to receive such aid; the amount of said allowances to be charged to the appropriation for Soldiers Relief.

Report accepted; said order passed.

FANEUIL HALL.

Ald. CODMAN, for the Committee on Faneuil Hall, etc., submitted reports (on petitions referred today) recommending that the use of Faneuil Hall be granted as follows:—

M. L. Jennings et al., evening of Nov. 13.

Josiah Quincy, evening of Nov. 22.

Social Democratic City Committee, evening of Dec. 8th.

Reports severally accepted; leave granted on the usual conditions.

REQUEST FOR REPORT.

Ald. McDONALD—Mr. Chairman, at the request of several gentlemen on West Cottage st., I would like to ask if the Committee on Electric Wires have any report to make this afternoon in regard to the removal of poles?

Ald. DOYLE—The report is now being made out. It will come in later.

PAYMENT TO PATROLMAN'S WIDOW.

Ald. DAY offered an order—That the Board of Police be and hereby is authorized and directed to allow and pay to Mary E. Cunningham, widow of the late Patrolman Frank Cunningham, deceased April 27, 1899, an annuity of three hundred (\$300) dollars per annum, as provided by section 2 of chapter 178 of the Acts of 1887.

Passed under a suspension of the rule. Sent down.

REMOVAL OF TREE, EDSON GREEN.

Ald. McDONALD offered an order—That the Superintendent of Public Grounds be requested to remove two dead trees, between 885 and 911 Dorchester Ave., at Edson Green.

Passed.

A RECESS TAKEN.

The Board voted at 3.51 o'clock P.M., on motion of Ald. Dixon, to take a recess, subject to the call of the Chairman.

The members of the Board reassembled in the Aldermanic Chamber and were called to order by the Chairman at 4.30 o'clock P.M.

PUBLIC IMPROVEMENTS.

Ald. BERWIN, for the Committee on Public Improvements, submitted the following:—

(1) Reports recommending that orders be passed directing the Superintendent of Streets to make sidewalks in front of the following-named estates and along the following-named streets, said sidewalks to be from 3 to 10 inches above the gutters adjoining, to be from five to 12 feet in width, and to be built of the materials specified, with granite edgestones, the owners of said estates to furnish the said materials, viz:—

A. C. Chisholm (referred Oct. 30), Harriehoff St., West Side, 138 feet from Humboldt Ave., Wd. 21; gravel.

John R. Watts (referred Nov. 8), 210-212 East Eagle St., Wd. 1; brick.

S. N. George (referred Nov. 8), 62 Roslin St., Wd. 24; artificial stone.

Davis & Diamond (referred Nov. 8) 341-357 Heath St., Wd. 22; brick.

Catherine Helmboldt (referred Nov. 8), Walter St., at corner of Hewlett St., Wd. 23; gravel.

E. D. Berrigan (referred Nov. 8), 192 Neponset Ave., Wd. 24; artificial stone.

George F. Crossin (referred Nov. 8), 24 King St., Wd. 19; artificial stone.

Thomas Butler & Co., (referred Nov. 8) 124 Charlestown St. and 33 Medford St., Wd. 8; artificial stone.

Simon Goldsmith (referred Nov. 8), Seaver St., Cor. Humboldt Ave., Wd. 21; artificial stone.

John J. Johnston (referred Nov. 8), 15-31 Hollander St., Wd. 21; artificial stone.

Frederick W. Kennedy (referred Nov. 8), Harriehoff St., between Harold St. and Humboldt Ave., Wd. 21; gravel.

Mary B. W. Lawson (referred Nov. 8), 27 Colden St., Wd. 21; brick.

Peter F. O'Brien (referred Nov. 8), 15-17 Scotia St., Wd. 10; brick.

Reports severally accepted; orders severally passed.

(2) Reports (on petitions referred Nov. 8) recommending the passage of the following:—

(a) Ordered, That the Superintendent of Streets be authorized to issue a permit to Trustees of Tufts College to construct, maintain, and use a coal hole opening 18 inches in diameter with iron cover of rough upper surface under and in the sidewalk in front of estate No. 68 Eliot St., Wd. 7; the work to be completed on or before December 31, 1899, according to the terms and conditions expressed in the ordinances of the city relating thereto.

(b) Ordered, That the Superintendent of Streets be authorized to issue a permit to J. J. & P. M. Ahern, to move a wooden building, flat roof, 18 feet in length, by 12 feet in width, by 10 feet in height, from 28 Stanwood St., along said street to the corner of Blue Hill Ave. and said street, Wd. 20, on the terms and conditions expressed in the ordinance of the City relating thereto.

Reports severally accepted; orders severally passed.

(3) Reports (on petitions referred today)

recommending the passage of the following:—

(a) Ordered, That the Superintendent of Streets be authorized to issue a permit to Thomas B. Black, to erect, maintain, and use guy posts with the necessary ropes attached, as follows, viz: One post on Howard Ave.; one post on Woodward Park St., for use in building construction; the work to be completed on or before December 31, 1899, according to the terms and conditions expressed in the ordinances of the city relating thereto.

(b) Ordered, That the Superintendent of Streets be authorized to issue a permit to the Boston Elevated Railway Company to erect, maintain and use two guy posts with ropes attached thereto in and over Beacham St. on the southerly side between Arlington Ave. and West St., and to stretch two guy wires over and across said Beacham St., the work to be completed on or before December 31, according to the terms and conditions expressed in the ordinances of the city relating thereto.

(c) Ordered, That the Superintendent of Streets be authorized to issue a permit to Augustus P. Loring et als., Trustees, to construct, maintain and use areas with granite and sidewalk lights and two coal hole openings, each not exceeding 18 inches in diameter, under and in the sidewalk on the corner of Joy and Myrtle Sts., Wd. 11, as shown on a plan dated Nov. 9, 1899, on file in the permit office of the Street Department; the work to be completed on or before December 31, 1899, according to the terms and conditions expressed in the ordinances of the city relating thereto.

(d) Ordered, That the Superintendent of Streets be authorized to issue a permit to John P. Gallagher to construct, maintain, and use a bulkhead opening, 5 ft. by 4 ft. with a wooden cover under and in the sidewalk in front of estate No. 3 Liverpool St., Wd. 2; the work to be completed on or before December 31, 1899, according to the terms and conditions expressed in the ordinances of the city relating thereto.

(e) Ordered, That the Superintendent of Streets be authorized to issue a permit to Michael Bowen, to place, maintain, and use a coal hole opening not exceeding 18 inches in diameter with an iron cover of rough upper surface in the sidewalk on the Russell St. side of estate No. 31 Oak St., Wd. 4; the work to be completed on or before December 31, 1899, according to the terms and conditions expressed in the ordinances of the city relating thereto.

(f) Ordered, That the Superintendent of Streets be authorized to issue a permit to L. P. Soule & Son to erect, maintain and use a guy post with the necessary ropes attached thereto in and over Pemberton Sq., on the northerly side, at or near Tremont Row, Wd. 6; the work to be completed on or before —, according to the terms and conditions expressed in the ordinances of the city relating thereto.

(g) Ordered, That the Superintendent of Streets be authorized to issue a permit to John Cavanagh & Son Building Moving Co. to move a wooden building, flat roof, 22 feet in length, by 22 feet in width, by 24 feet in height, from present location on Gerard St., along said street about 100 feet, on the terms and conditions expressed in the ordinance of the city relating thereto.

Reports severally accepted; orders severally passed.

(4) Reports on the order (referred today) directing the Board of Health and the City Solicitor to apply to the courts to restrain the New England Sanitary Product Company from carrying on its business at Cow Pasture, and on the order (referred today) enlarging the special committee appointed to investigate the alleged nuisance at the garbage plant, Cow Pasture, so as to include the whole Board of Aldermen—recommending that the said orders be returned to the Board of Aldermen.

The report was accepted; and the orders, after being read by their titles, together,

on motion of Ald. Berwin, were declared passed.

Ald. BERWIN—Mr. Chairman, I most respectfully doubt that vote, and ask for the yeas and nays.

Ald. CODMAN—Mr. Chairman, I rise to a point of order. Isn't the question one of verification by yeas and nays?

The CHAIRMAN—Yes. The vote has been doubted and the yeas and nays are asked for.

Ald. CODMAN—Is argument in order?

The CHAIRMAN—No objection being made.

Ald. CODMAN—Then I object.

Ald. COLBY—Mr. Chairman, I understand that these two orders have been voted on together?

The CHAIRMAN—Yes, as submitted by Ald. Berwin. If any member objects, the Chair will separate them.

Ald. ADAMS—I object, Mr. Chairman.

The CHAIRMAN—Then the Chair will separate them. The Clerk will read the first order.

(The Clerk read the order that the Board of Health and the City Solicitor apply to the court to restrain the company from carrying on its business, etc.)

The CHAIRMAN—The question is on the passage of the order, and the Clerk will call the roll.

The Clerk commenced to call the roll, and Ald. Adams voted in the affirmative.

Ald. BERWIN—Mr. Chairman—

The CHAIRMAN—The Chair is solving a doubt.

Ald. BERWIN—Mr. Chairman, I asked that the yeas and nays be called, and on that motion I ask to address the Chair, which I think is perfectly in order.

The CHAIRMAN—The gentleman is in order.

Ald. ADAMS—Mr. Chairman, I rise to a point of order. I believe the Chair is solving a doubt, and I have already voted on that matter. I ask your ruling on that point. We are now voting on solving a doubt.

Ald. BRICK—Mr. Chairman, I would remind the Chair that the vote was taken on the passage of Nos. 8 and 9 jointly. If there has been a mistake it would seem to be necessary to go back and consider them both separately, or to then move the passage of Nos. 8 and 9 together.

The CHAIRMAN—Ald. Berwin made a motion that the papers be read by their title. The Chair put the motion and declared it carried. There was no objection made by any member of the Board. Objection was afterwards made by Ald. Colby to their being considered together, and they were separated. If the Board makes any objection to orders being acted on together, the Chair will separate them. The question now comes on the order in the Clerk's hands, which is No. 8 on the calendar.

Ald. BERWIN—I ask, then, Mr. Chairman, that the yeas and nays be ordered, and upon that motion I desire to address the Chair. That I think is perfectly in order. I shall vote this afternoon against the passage of the order, and I desire, in giving my reasons to the Board, to place myself correctly before the public at large and before this Board, as I can readily understand that my position is apt to be misconstrued and misrepresented. I have said time and time again that I am inclined to look with more or less favor upon the report of the Board of Health. But, at the same time, there are good reasons why, if members of this Board are desirous of investigating the matter on their own account, that opportunity should be given them to do so. I am also well aware of this fact, that the votes are here to defeat the position I now take, and I take it knowing that I am simply wasting the time of the Board by discussing the matter. But I want to give to the Board what I believe are good and sufficient reasons why it should be further delayed. I am very much influenced by what Ald. Brick has to

say on this subject, because I think that at the last meeting of the Board he told the Board that he had "gone through the process." (Laughter.)

Ald. BRICK—Not through the process. (Laughter.)

Ald. BERWIN—Now, I have no desire to go through the process, but I have a desire—and I say this sincerely—to look into the matter on my own account and then to make up my mind how to vote, intelligently. Here is another proposition to be considered. Here is a garbage plant that is practically a public institution. That is to say, this plant is practically in the same position today as if it were run by the City of Boston. There is no disputing that fact, and it seems to me every fair and reasonable opportunity should be given to the city, or even to this private corporation, to do everything it reasonably and possibly can to remedy what has been termed a nuisance. They say to (this Board and to the people that they are willing to do what is right, and I don't believe anybody is going to suffer by having these people given an opportunity to do all they possibly can to remedy the trouble. There is \$350,000 involved, I understand, in the establishment of that plant. Now it is not a fair proposition, no matter how prejudiced some of the members of the Board who live in Dorchester may be in the matter and no matter how local feeling may be upon the question to act hastily and without due consideration. I believe that the people of Dorchester—and I do not mean to reflect upon their representatives in saying this—are just as much inclined to be fair as anybody else, and I say in behalf of them that it is not a fair proposition to come in here and say that, simply because the Board of Health have declared this thing a nuisance, these people shall be driven out of business, without being given an opportunity to remedy the trouble, as they say they intend to do.

That is substantially the line of argument I am dwelling on, and I don't believe we are going to accomplish any good by forcing the question to an issue today. I argued at the last meeting of the Board for more time and I did it with a sincere motive, because I recognize the fact that I had a great deal to do in my political contest, and I assumed that the members from Dorchester had the same thing in mind. Aside from that fact, I have always felt to a great extent that the agitation which the members from Dorchester have made upon this question has been one more or less in the line of a local hurrah in politics, not being really for the purpose of getting rid of the plant; because, why do they leave the whole proposition until the tail end of this session? Why do they leave it until the eve of a caucus or the approach of an election? Why did they not make such an effort in the early part of the year, getting after the Board of Health? Why didn't they endeavor in this Board to force the matter to an issue in the early part of the year? That is what I am getting at. But I argued that I needed more time, as I do now, and I say that sincerely. I believe everybody should be given a chance to look into this matter. Here is another proposition, No. 8 on the calendar has to go to the Mayor for his approval. That being the case, it is going to delay the matter anyway for some little time. I realize that I am wasting my time in arguing to the members, anyway, and I will cut my argument short by saying that I hope the Board will see fit to postpone action upon this matter. Another idea just occurs to me, Mr. Chairman, and that is that No. 8 on the calendar is not properly drawn. It is a direct order to the Board of Health and the City Solicitor to take action, which is contrary—

Ald. CODMAN—Mr. Chairman, I rise to a point of order, that the gentleman is talking away, away off from the question.

The CHAIRMAN—The gentleman will confine himself to the question of why the

yeas and nays should not be ordered, not discussing the main question.

Ald. BERWIN—Mr. Chairman, one of my reasons for thinking the yeas and nays should not be ordered is that this order is not really in proper form, because we cannot order any head of a department and the City Solicitor to take any action. This order substantially directs them to act.

Ald. CODMAN—Mr. Chairman, I rise to a point of order, that the gentleman asked for the yeas and nays, and is now arguing that they should not be ordered.

Ald. BERWIN—Mr. Chairman, I should like to ask the ruling of the Chair on the question I have just raised. Is the order numbered 8 on the calendar in proper form? Can we order the head of a department to do a certain thing?

The CHAIRMAN—The Chair will say that, as the order reads now, whether it be an order or a request, it depends upon the Board of Health whether they will pay any attention to it or not.

Ald. BERWIN—Well, Mr. Chairman, if that is the ruling of the Chair I have nothing more to say, because I take it that an appeal from the decision of the Chair would not be sustained by a majority vote this afternoon.

The order was passed, yeas 6, nays 5.

Yeas—Ald. Adams, Barry, Codman, Colby, McDonald, Presho—6.

Nays—Ald. Berwin, Brick, Day, Dixon, Doyle—5.

Ald. CODMAN—Mr. Chairman, I move a reconsideration, hoping the same will not prevail.

Ald. BRICK—Mr. Chairman, I hope that motion will not be acted upon at this time, but will lie over. It strikes me that we should be fair, even in playing politics. The gentleman who made the motion to reconsider, hoping it would not prevail, perhaps thinks he has the votes, but he may not be as clever as he thinks he is. This matter is going to the Mayor and will be vetoed, with all due respect to the alderman's judgment, and when it comes back here he will not have the votes to pass it. Now it is just as well to be fair and to treat other people fairly, and the matter may turn out right. I hope reconsideration will not prevail, but that the matter will be left open.

Ald. COLBY—Mr. Chairman, I don't know just what the parliamentary situation is at the present time with reference to this matter, but I voted for the order for only one reason, and that is that I think it puts the responsibility right on the Mayor, because I think it is only through him that we can make any request. The Mayor seems to be the party who made the contract, and I am very willing that he shall assume the responsibility with reference to it. I do not understand that by voting for this order I am making a direct request of the Board of Health or the law department to go to court, I am voting to make a request of the Mayor, and if he sees fit to do what this order asks for he will do it.

Ald. BERWIN—Mr. Chairman, I move that the motion to reconsider be assigned to the next meeting of the Board, and on that question I call for the yeas and nays.

The motion to assign reconsideration to the next meeting was lost, yeas 5, nays 6.

Yeas—Ald. Berwin, Brick, Day, Dixon, Doyle—5.

Nays—Ald. Adams, Barry, Codman, Colby, McDonald, Presho—6.

The motion to reconsider was lost.

On motion of Ald. Presho the second order (No. 9 on the calendar) was indefinitely postponed.

RAILROADS.

Ald. DIXON, for the Committee on Railroads, submitted the following:—

(1) Report on the petition of the West End Street Railway Co. (recommitted Oct. 20), for a location for double tracks on Adams St., from Neponset Ave. to Minot

St.—recommending the passage of the following:—

Ordered, That in addition to the rights heretofore granted the West End Street Railway Co. to lay down tracks in the streets of the City of Boston, said company shall have the right to lay down, maintain and use double tracks on Adams St., beginning at Neponset Ave. and connecting with company's tracks on said avenue thence on said Adams St. to a point at or near Minot St., there connecting with other tracks asked for by said company; said tracks being shown by red lines on a plan made by A. L. Plimpton, dated Oct. 6, 1899, and deposited in the office of the Superintendent of Streets.

The right to lay down the tracks located by this order is upon condition that the whole work of laying the same, the form of rail to be used, and the kind and quality of material used in paving said tracks, shall be under the direction and to the satisfaction of the Superintendent of Streets, and shall be approved by him. Also upon condition that said West End Street Railway Company shall accept this order of location, and shall agree, in writing, to comply with the conditions herein contained, and shall file said acceptance and agreement with the City Clerk within thirty days from the passage of this order; otherwise it shall be null and void.

The whole work of laying the said tracks to be completed within one year from the date of the passage of this order.

And the consent of the Board of Aldermen is hereby further granted to the said Company to establish and maintain the overhead trolley electric system of motive power in the operation of its cars on said location, to erect, maintain and use such wires and iron poles, of the height of not less than twenty feet, at the places indicated by red circles or dots on the plans filed in the office of the Superintendent of Streets, as may be necessary to establish and maintain said electric system of motive power.

The rights herein granted are upon condition that the whole work of constructing the same, and the kind and quality of material used, shall be under the direction and to the satisfaction of the Superintendent of Streets, and be approved by him.

Also, upon condition that nothing herein contained shall be deemed a limitation or waiver of any rights now possessed by, or that may hereafter be conferred on, the Board of Aldermen of the City of Boston to make rules and regulations pertaining to the operation and maintenance of the electric system and the running of electric cars in the City of Boston.

Also, upon condition that said railway company shall accept this order and agree to comply with the conditions herein contained, and shall file such acceptance and agreement with the City Clerk within thirty days from the passage thereof; otherwise it shall be null and void.

Report accepted.

Ald. BRICK—Mr. Chairman, simply on general principles—I don't know that I shall vote against this when I find out the facts—I would like information upon the matter. I have been voting against a number of matters of this kind affecting Dorchester, because I have not thought it right that we should grant franchises without knowing what we are about. Perhaps I will vote for this when I understand it. There does not seem to be any hope of my changing anybody's mind on the question of giving away these franchises, but I do wish the railroad committee would tell us what this location is and the necessity for it. It strikes me that Adams St. is narrow, and I would like to know something about the matter. I don't suppose there is any need of my arguing about giving away franchises, as I have said so much upon that in the past, but I do

wish the committee would give us some information in reference to this matter.

Ald. ADAMS—Mr. Chairman, I am very glad to give the alderman any information I possess in regard to Adam St. This is one of the oldest streets in Dorchester. It is quite a thoroughfare, and the people there for several years have been agitating the question of putting down railway tracks on that street. The residents on the street today are practically unanimous in favor of the railroad company putting its tracks in the street, and the petition of the railroad people for a location there is the result of the petition of the citizens, taxpayers and property owners on that street for the tracks. I see no reason why this Board, when there are no objectors to it, should not vote unanimously to give the railroad people the right to lay down their tracks there, in compliance with the requests of the abutting owners.

Ald. McDONALD—Mr. Chairman, I would say that the railroad people were not very anxious at one time to lay tracks on Adam St. It was brought about by the sentiment of the people, who wanted accommodation on Adams St., who demanded it. The matter was referred to the Committee on Railroads and there was not a single objection before that Committee to the granting of the location. It is a fair order and should pass here today, because the people in that section have not the accommodations they should have. As I have repeatedly stated here in the Board, what Dorchester requires is more cross-town routes. Geneva Ave. should be carried through, as Talbot Ave. has been carried through. Tracks should be laid on those streets. It is high time that the street commissioners of Boston should look into Dorchester more carefully and map out and lay out more streets across there, in order that the people may be accommodated. At the last meeting of the Board there was an order brought in here, which was a very good one, that the Elevated Railroad be given permission to lay tracks across Swett St., in order to connect at Columbia Road and to give accommodation to the people of Neponset. That is another cross-town route. During the year we obtained not only Swett St. but also Talbot Ave., and Geneva Ave. should certainly be carried across Dorchester to Blue Hill Ave.

Ald. BRICK—Mr. Chairman, I rise to a point of order. I suppose this sounds very nice and will look very well as a campaign document. (Laughter.) But I asked about Adams St. I wanted some information about Adams St., not intending to bring forth something which will be printed as a political document.

Ald. McDONALD—Mr. Chairman, the gentleman is continually talking about politics here. I would like to say, Mr. Chairman and members of the Board, that I have not descended to petty politics since I have been a member of the Board. Whatever matters have come up here I have acted on honestly and fairly and for the best interests of the citizens as a whole, not only of Dorchester, but of the other sections of the city, and I am not bringing politics into this matter. As the gentleman has referred to politics in connection with the garbage plant, I will also say that I have refrained from politics there. I have not brought politics into the garbage plant. There is no politics in that as far as I am concerned. But I live nearer to the garbage plant than my colleagues in this Board, and reports have come to me about it. I have acted honestly and fairly.

Ald. BRICK—Mr. Chairman, I must still insist on my point of order, that the alderman is not talking to the question. If he desires to rise to a question of personal privilege, he has that right.

Ald. McDONALD—I ask that, Mr. Chairman.

THE CHAIRMAN—The gentleman will proceed, if there is no objection.

Ald. McDONALD—My question of personal privilege is that the gentleman has been referring to politics here in the Board. I want to state that I was acting on all these matters upon business principles and that I believe Adams St., above any other street in Dorchester, ought to have tracks laid in it. Gentlemen residing in Dorchester have complained for years that it is almost impossible to reach Cedar Grove Cemetery except in carriages. (Laughter.) If people can ride there for a car fare, they will thereby be able to save three, four or five dollars.

Ald. DIXON—Mr. Chairman, being Chairman of the Railroad Committee, I will say that at the last meeting, when a public hearing was given I was absent. As I understand it, the gentleman who served on the committee reported favorably on this Adams St. order. I have had half a dozen letters from different residents there, people residing in the vicinity, asking that this order be put through the Board.

Ald. COLBY—Mr. Chairman, I would treat the request of the alderman who wishes information more seriously if I did not know a little something about it. As a matter of fact, we had a public hearing here about a week since, with reference to Morton St., and we had about a dozen witnesses—I don't know but more than that—in here. It so happened that Ald. Brick was in here and heard the whole thing, and so when this matter came up he said he was going to object to Adams St., because he heard the whole matter before the committee, happening to be present and hearing the case presented, and being satisfied that he should object.

Now, if he heard the whole case presented, and it was not this case at all, but another matter entirely, it is perfectly obvious to my mind that we could not convince him in regard to this. If he could not grasp from hearing the people who appeared at that hearing what they were talking about, I don't see how we can give him any light upon this. As a matter of fact, the case he is now talking about is entirely different. The people of Dorchester have asked for this, through their representatives. The railroad has asked for it, and if nobody out there objects, I don't see why an alderman from the other end of the town should. I certainly would be willing to give him all the information I have, only I am afraid he would think I was talking about Morton St. (Laughter.) I am not talking about that, but Adams St. It seems to me a perfectly plain case. They want a road there, nobody objects, and they ought to have it.

Ald. BRICK—Mr. Chairman, perhaps I should rise to a question of privilege. Possibly what I have said may be taken a little humorously, but I don't think with my national descent that I am as dense as the alderman from Wd. 12 would think. If anybody knows that I have made any argument against this location, I wish they would state it. My whole position is simply this, that I wish to know something about the matter. I may vote for it or may vote against it. I simply say that I am in that equipose that I know nothing about it, and the railroad committee does not give us any information about it. But I do say this, that I have had an opportunity to practice law for ten years, and I think when I hear an argument pro or con I have sense enough to make up my mind in accordance with the facts. I know of no occasion when I have not made up my mind and have not voted yes or no, giving my reasons for it, on important questions coming before this Board. I don't think he knows of an occasion when there has been any issue raised here that I have not spoken or voted.

THE CHAIRMAN—The order will go over under the rule.

Ald. DIXON—Mr. Chairman, I ask that the rule be suspended.

The rule was suspended, the order was read a second time and the question came on its passage.

Ald. CODMAN—Mr. Chairman, I wish to offer an amendment to that location, to strike out the words "Minot St." wherever they occur, and insert the words "Beaumont St."

The CHAIRMAN—The Chair will say that the gentleman's motion is not in order. They asked for a location, it has been advertised, and it cannot now be changed.

Ald. CODMAN—Mr. Chairman, my amendment would simply cut out a part of the location, not changing it. I would like to cut off a few hundred feet at the end, for this reason, I don't know whether the Railroad Committee have been out there, and I would like to ask through their Chairman, if they have paid a visit to the location.

Ald. DIXON—We have not.

Ald. CODMAN—The object of my amendment is this. The Committee on Railroads have before them at this time and have already given several hearings or attempted to give several hearings upon the question of a crosstown road for Dorchester. There are two companies who have asked for these crosstown locations. Both of these companies have asked for a location on Minot St.

The CHAIRMAN—The Chair will say, for the information of the gentleman, that the distance can be reduced. The gentleman desires to reduce the distance on some street several hundred feet. Is that the idea?

Ald. CODMAN—I wish to stop the road 100 feet from Minot St., instead of having it go across.

The CHAIRMAN—The same line?

Ald. CODMAN—The same line.

The CHAIRMAN—That is in the province of the gentleman.

Ald. CODMAN—For this reason, that if you give the road an opportunity to go to Minot St., to go on to Minot St. at this point, you completely cut off the possibility of the other road, besides the West End or Boston Elevated, that has asked for an opportunity to go across town there. Whether or not it is the purpose of the committee to give them a favorable answer, I do not know. But in the meantime, I suppose action of this kind should not be taken. The terminal of this Adams St. location crosses Minot St., according to the plan I have examined, and the granting of this petition prevents the possibility of the Railroad Committee giving anybody a crosstown location as proposed, except the road to which you are granting a location today. For that reason I don't believe the Railroad Committee want to put themselves on record as granting this location, thereby committing themselves to the proposition that this particular one of the two roads shall have that crosstown location.

Ald. COLBY—Mr. Chairman, I would like to ask the alderman a question, if he will pardon me, and that is if he understands that the other road that has petitioned for a location here—the Norfolk Suburban, is it?—

Ald. CODMAN—Quincy and Forest Hills.

Ald. COLBY— contemplates running directly over streets now occupied by the Boston Elevated? I would ask if that is where they have asked for locations—on streets already occupied?

Ald. CODMAN—Mr. Chairman, it has in one case for a very short distance. But my objection would be that if these cars were allowed to stop at the end of this terminal, as set forth in the plan, it would block the street and another line would find it impossible to run cars on Minot St. It is simply a question of stopping the cars 100 feet away, instead of allowing them to cross Minot St. at all. It does not injure the location and does not prevent the accommodation of the people. It is in no way

an injury. It merely affects the standing of the two orders now before the Railroad Committee, upon which the people of Dorchester are very anxious to have a report.

The CHAIRMAN—The Chair would call the attention of the members from Dorchester and the members of the Railroad Committee to the language of the order—"to maintain and use double tracks on Adams St., beginning at Neponset Ave., and connecting with company's tracks on said avenue, thence on said Adams St. to a point at or near Minot St." It does not speak about crossing Minot St.

Ald. CODMAN—They can go across Minot St., Mr. Chairman, and the plan shows where they cross.

Ald. COLBY—Connecting with other tracks?

Ald. CODMAN—They have no tracks on Minot St. That is what you are considering now in your committee. My amendment, if it is allowed by the Chair, would be to have the cars stop at a point 100 feet or 10 feet from Minot St. That is the only correction I would like to make.

The CHAIRMAN—That is, continue on Adams St. to a point 100 feet from Minot St.

Ald. CODMAN—Yes.

Ald. ADAMS—Mr. Chairman, I am familiar with that section, as well as Ald. Codman, and the point he has raised here this afternoon is well taken. It strikes me that the Boston Elevated Railroad Company will be just as well satisfied to run its tracks within 100 feet of Minot St. as to the centre of Minot St., and the fact that the Railroad Committee has before it two other propositions for locations on Minot St. is good reason, to my mind, for supporting the amendment offered by the alderman from Wd. 24.

The CHAIRMAN—The Chair will put the motion as made by Ald. Codman, which will read as follows:—

"Thence on said Adams St. to a point 100 feet northerly from Minot St."

Ald. ADAMS—Mr. Chairman, it seems to me perfectly within the province of this Board to grant the whole or any part of a petition that comes before it—to grant a location up to Minot St. or to within 100 feet of Minot St., as it sees fit. I trust sincerely that the other members of the Board will allow the amendment offered here to go through.

Ald. BRICK—Mr. Chairman, it strikes me, despite the humor of the gentleman from Wd. 12 (Ald. Colby), that this committee has not done quite as well as it might have done, that there is more in this matter than appears on the surface. We find now, after the committee has reported, that there are difficulties in the way—other petitions and other things wanted by other railroads; and we further find, from the inquiry of the gentleman from Wd. 24 of the Chairman of the Committee, that the Committee has not even visited this location. It strikes me that some little consideration should be given to these matters. There is a matter coming up here this afternoon in regard to the removal of poles. The location has been granted, the company goes to the expense of putting up poles, and then we have an objection from the abutters. Therefore the committee will come in this afternoon and ask to have these poles removed, and the next thing will be that the telegraph company will have an injunction against us. They will have an order of mandamus issued and will make us put a line of telegraph poles through that section. These things ought to be considered fairly in committee. That is the place to do it. I therefore move that this entire subject be referred back to the railroad committee.

Ald. CODMAN—Mr. Chairman, I certainly trust that this will not be referred back. What I propose is very simple; everything is right and proper. I am in sympathy with everything that has been said here today in favor of these tracks.

I live in the section. I know the wants of the people. There has been a large and extensive petition handed to the Board for these tracks. I think the year before I entered the City Government, about six years ago, this same matter came up and an order was passed by the Board of Aldermen at that time. The people at that time were opposed to these tracks, and although the Board passed the order in face of the opposition, the Railroad Commissioners refused to approve it.

Since that time there never could have been a more complete change in anything than there has been in the position of the residents of Adams St. This petition, as I say, bearing nearly 100 signatures, shows to me and to those who are acquainted out there that the situation has entirely changed. The people there now want these tracks. Those people who were opposed are now in favor of them, and there is absolutely no argument that I know of, except lack of information, possibly, on the part of one or two members of the Board—which information I, as far as I am able, am ready to give—for further delay. I certainly hope that the little amendment I have offered in all sincerity, shall not be a block to the order. It is very easily understood, and there is no cause to block the whole proposition at this time by reason of it. If the order is passed now, I understand that possibilities favor a great deal quicker construction than later on. The road is practically a straight road and the rails can be gotten quickly and put in place, there being no curves or construction of that sort. I trust that the matter will not be laid over on account of the point I have raised, because I am sincerely and honestly in favor of the location.

Ald. ADAMS—Mr. Chairman, I want to say just a word to Alderman Brick of Wd. 8. It seems very strange to me that the alderman should rise here today, as he has on other occasions, and try to block the wheels of progress out in Dorchester. We have three aldermen in this Board from that section, and they are all united on these railroad sites. They are for the interest of the district, they help the property out there, and we know what we are talking about when we ask the Board to join with us and to grant the locations. I fail to see why the Board should take seriously anything the alderman from Wd. 8 (Ald. Brick) may say on this matter. He has offered no reason why Ald. Codman's amendment should not prevail and why the whole order should not be passed as amended. I would be perfectly willing, for one, if a matter with which he was perfectly familiar came up in his district, to take his opinion upon it and to vote on it practically as he might suggest. I fail to see why he cannot accord the same courtesy to the aldermen from Dorchester.

Ald. BRICK—Mr. Chairman, I would like to ask Ald. Codman just one question, with the permission of the Chair. I would like to ask him if he recollects to whom the franchise was granted three years ago and what were the reasons for the refusal of the railroad commissioners to grant the location at that time—also, if those objections have been remedied? Is Adams St. wider now, or what were the reasons?

Ald. CODMAN—Mr. Chairman, in answer to the gentleman's question I will say that the location was asked from the Lower Mills, what we call Dorchester Lower Mills, at Pierce Sq., which the gentleman is familiar with on the way down through Adams St. to the junction of Neponset Ave.—including exactly the same location as Minot St. to Neponset Ave., but being a longer location. The opposition came before this Board, and in the judgment of the Board it was not strong enough to be recognized, and the Board voted to grant the location notwithstanding the opposition. Before the Railroad Commission

the opponents made a better showing. They got their forces together and made a very strong presentation of their case. Their principal objection was not to the width of the street but because, as they said, there was no particular call for the road at the time, that they did not care for it. A large part of the opposition at that time came from that part of the street between the point now asked for as the southerly terminal and Pierce Sq. So that, by asking for a location from Neponset Ave. through Adams St. to Minot St. they have either cut out the objection above there, from the southerly part of Adams St., or else have converted the owners of property who were at the time opposed to the road to the belief that it has become a necessity. The street is not a very wide street, and yet it is wider than a great many streets where locations are granted.

Ald. BRICK—Mr. Chairman, I want to find out if the Railroad Commissioners refused this location on the ground that the street was not wide enough?

Ald. CODMAN—No.

Ald. BRICK—It seems that they must have given some other reason than what has been stated.

Ald. CODMAN—The reason was on account of the strength of the opposition. The opposition here at the time was not sufficiently strong to defeat it, for the reason that insufficient notice was given. The showing before this Board in opposition was not very strong. But it then went to the Railroad Commissioners, was well agitated, and all the opponents of the location appeared. So it was really a case of not needing it, not a case of narrow streets.

Ald. COLBY—Mr. Chairman, I am willing to do either one of two things—either to vote for this report as submitted, or vote to lay it over. I am free to say that I don't see anything to be gained by the amendment.

All that is asked for in this location is the right to lay tracks to the junction of Adams and Minot Sts. Now, if the Boston Elevated Road has its petition allowed it can simply connect its tracks on Minot St. with these tracks. If it is not allowed, if the other railroad gets it, that does not help out the Boston Elevated. They will simply have their tracks two hundred feet longer, but that will give them no right to run over the other people's tracks or even to connect with them. This location, as shown on the plan, would not be detrimental, as far as I can see to the petition of the other people, because they do not ask to go down to the point covered in the petition of the other people. If the tracks are simply stopped back of that point, I don't see what difference it makes. It is simply a question of their going 100 feet farther to connect with the Minot St. tracks, if they get the right to place tracks in that street, and if they don't get it they simply do not build the track in Minot St. It is perfectly obvious that if the Boston Elevated Road does not get the location it asks for the tracks that it is building down here will be of no use to it beyond the point where the cars stop and go the other way. I cannot see for the life of me how this interferes in the slightest degree with the other petition.

Ald. CODMAN—Mr. Chairman, it is not my purpose to discuss this matter with the Committee on Railroads or with any other member of the Board from a map or plan. I have got up here and explained my position. Ald. Adams is well posted on the section and has borne me out. He believes my request is reasonable. Ald. Colby has got up in the Board and expressed his opinion. But none of us know just how these locations may be used. There are a great many things that may come up, which can be avoided if they are taken in time. It is easy enough to block up a street with railroad tracks, and these tracks, where they terminate on that plan, go on to Minot St., so that a road coming

along Minot St. could not get by without going over the end of their tracks. I don't believe this Board has the right to give one road the right to cut across the tracks of another in that way. It is only a question of stopping 100 feet this side of it and then waiting to see what road we will give the cross-town location to. I believe that is a proper and business like thing to do.

On motion of Ald. Dixon, the order was assigned to the next meeting of the Board.

ELECTRIC WIRES.

Ald. DOYLE, for the Committee on Electric Wires, submitted the following:—

(1) Reports recommending the passage of orders of notice for hearings on Monday, Nov. 27th, at 3 o'clock P.M., on the following petitions (severally referred to-day):—

American Telegraph and Telephone Co. of Mass., for leave to erect poles on Neponset Ave. and other streets.

The Massachusetts Telephone & Telegraph Co., for leave to erect poles on Mt. Washington Ave., Granite, W. Second, A. C. W. Seventh, D. Ninth, Dorchester, Vinton, Preble and Wendel Sts., Washington Ave., Locust and Buttonwood Sts., Crescent Ave., Sydney, Spring Bay, Freeport, Tenean, Franklin, Walnut and Taylor Sts., and Neponset Ave. (part of system between Boston and Providence).

Same company, for leave to erect poles in Mt. Washington and Dorchester Ave., Granite, W. First, B. W. Sixth, D. W. Ninth, Dorchester and Swett Sts. (part of location between Boston and Springfield).

The New England Telephone & Telegraph Co. of Mass., for leave to erect and to remove one pole in Congress St., Wd. 13.

Same company, for leave to erect and to remove two poles in Ashmont St., Wd. 24.

Same company, for leave to erect and to remove one pole in South St., Wd. 23.

Reports severally accepted; orders of notice severally passed.

(2) Reports that no action is necessary on the following:—

Postal Telegraph-Cable Co. (recommitted June 26), for leave to erect poles, wires, etc., in Sumner and East Cottage Sts., Dorchester.

The Massachusetts Telephone and Telegraph Co. of Mass. (referred May 15), to be allowed to open streets for the purpose of laying conduits jointly with the New England Telephone and Telegraph Co. of Mass.

Reports severally accepted.

(3) Report on the petition of Rev. John J. Farrell and others (referred Oct. 9), for the removal of the poles of the Postal Telegraph-Cable Co. on West Cottage St.—Recommending the passage of the following:—

Ordered, That the order passed by this Board July 17, granting permission to the Postal Telegraph-Cable Company to locate poles on East Cottage and West Cottage Sts. be rescinded so far as the same relates to the location of 13 poles on West Cottage St., and the said Postal Telegraph-Cable Company is hereby directed to remove the said 13 poles on West Cottage St. within sixty days from the date of the passage of this order.

Ald. BRICK—Mr. Chairman, I dislike very much to oppose this report, and in doing so I may be alone again. But it seems to me that leave was granted to this company to erect its poles, and that it has done so. Now, I dislike as much as any other man to oppose gentlemen who come in here and desire to have poles removed from their streets. Some of them are my friends. But, as a matter of equity and decent treatment, it strikes me that we are trespassing a little bit on the rights of this company in ordering them to remove these poles. The location was granted after a hearing. The matter was looked into, leave was granted,

and the poles have been erected. We are now obliged by a United States law to grant a location to this company. The Postal Telegraph Cable Company is a trunk line from New York to Boston, and we have got to grant to it a location somewhere. These gentlemen, who are very decent people, come in and object to the poles on their street. Well, we have got to grant a location somewhere. We must either allow the poles to be erected on West Cottage St. or to go around through some other street, because they can go to court and compel us to do it. In some of the best streets in Roxbury and Dorchester—in Crawford St., Humboldt Ave. and other streets—there are telegraph poles. Of course, it is unfortunate, it is too bad; but they have to run through some street. There is a project in the air that all the wires be buried, but the law does not compel companies to do that yet. There is a section, extending as far as Dover St., in which that must be done. The residents beyond that section come in and say they want these wires buried. That is all right—I would like to see them buried, too, would like to see them all buried; but it seems like an onerous burden to place on this company.

If we compel them at once on West Cottage St. to bury these wires, the persons living on all the other streets where there are telegraph poles will come into this Board and ask a similar privilege. If we are going to play favorites, we may compel or order the removal of poles in almost every street out through that section. I would like to see that done. The argument is that this does not amount to much in this case, that it will cost only a few thousand dollars. But if people along the whole line come in, people on Humboldt Ave., Crawford St. and all through that section, on streets where there are nice residences, as of course they will come in, it would be a very serious matter if the company was to be compelled to bury the wires. The law does not compel them to bury these wires, at the present time. As I say, I dislike to vote against these gentlemen, because I like their friendship as well as the other gentlemen on the committee. But, as a matter of business, it strikes me as unfair to do this, simply because an active opposition comes in here against the poles on this street. If we order the poles removed from the street, we will be compelled within a short time to allow a location for them out through there. The court will direct us to do it. As County Commissioners we will be obliged to give the company a location along the best routes. If we take this action in regard to West Cottage st., we will be obliged to do so in connection with other streets, which will object to the poles just as much. I feel that in passing this order we will be establishing a bad precedent, one which will lead us into trouble.

Ald. CODMAN—Mr. Chairman, I would like to ask the alderman a question. Are you on the Committee on Electric Wires?

Ald. BRICK—I am.

Ald. CODMAN—Have you visited this location?

Ald. BRICK—I think not, except as I have examined it on the map. But everything seems to be on the map.

Ald. CODMAN—Mr. Chairman, the gentleman now finds himself in the same position as he found the railroad committee. I have been there three times, and I am extremely anxious to see those poles come down. The citizens on that street—

Ald. BRICK—Mr. Chairman, I beg the gentleman's pardon. I am a little wrong—I have visited the location.

Ald. DOYLE—He just woke up. (Laughter.)

Ald. CODMAN—Then the gentleman will bear me out in what I say. I never saw such poles on a street in my life. They are crooked, twisted, and are the homeliest poles I have seen in the city of Boston,

and I have been through a good many streets. Aside from that, they are very heavy poles for their height, because they are supposed to carry a trunk line cable. The sidewalks are very narrow and the poles, according to the Superintendent of Streets, must be set back fifteen inches from the curbstone. The poles are fifteen inches through, so that from the outside on the curbstone to the inside of the pole is nearly three feet, in some cases fully that. The result is that it is in many places almost impossible to pass two abreast between the poles and the fences, which are sometimes not just perpendicular. In fact, I think there are some individuals who could not go through without walking sideways. I hope the board will rescind this permit. As far as placing wires underground is concerned, I believe the Board should take a position in favor of it. I believe when we ask a company that has within a year been compelled to put two miles of its wires underground to put a thousand feet under, we are not asking them to do very much for us. I do not believe in taking the poles down in Dorchester, and putting the wires underground, as a whole, at once; but I believe, when there are new locations asked for, especially for trunk lines, that those trunk lines should go underground. I hope, without delaying the Board too long with this matter, that the order will pass.

Ald. DOYLE—Mr. Chairman, I sincerely hope that the order for the removal of these poles will pass, notwithstanding the fact that my friend feels that if this order passes the residents on Crawford St., Humboldt Ave. and other streets in that section of the city may come in and ask for the same privileges. If the residents on Humboldt Ave. and Crawford St. can work up any such sentiment as has been worked up against the poles on West Cottage St., I am free to say that I will vote for the removal of the poles on those streets. For the information of the other members around the Board, I want to say that there was a mass meeting in opposition to those poles, at which some very prominent men gathered, and it was the unanimous sentiment of everybody in the neighborhood that the poles should come down.

Report accepted and order passed.

PAYMENT TO COMMONWEALTH.

The Committee on County Accounts submitted a report recommending the passage of the following order: That the Auditor of the County be authorized to allow for payment to the Commonwealth of Massachusetts the sum of Sixty-Eight Dollars and Seventy-Eight Cents (\$68.78) assessed on the County of Suffolk by the Mass. Highway Commission under the authority of Chapter 497 of the Acts of 1894.

Ald. COLBY—Mr. Chairman, that, I understand, is our assessment for a small piece of State road down toward Revere.

Report accepted and order passed.

LABORERS TO BE PAID \$2.25 PER DAY.

Ald. DOYLE offered an order—That His Honor the Mayor be requested to instruct the heads of departments to pay all laborers at a uniform rate of \$2.25 per day, except where their compensation exceeds that rate.

Passed. Sent down.

PAYMENTS BEFORE THANKSGIVING, ETC.

Ald. DOYLE offered an order—That the salaries of all city and county employees on monthly payrolls be allowed and paid on or before Wednesday, November 22, in anticipation of the December draft, and for the month of December on or before Saturday, December, 23, in anticipation of the January draft, and the heads of departments are hereby directed to submit pay-rolls to the City Auditor in season to have this order carried into effect.

Passed. Sent down.

APPOINTMENT OF COMMITTEE.

The CHAIRMAN announced as the Committee on Park at Squantum, Ald. Codman McDonald and Doyle.

PENAL ASPECTS OF DRUNKENNESS.

Ald. DAY offered an order—That 2500 extra copies of the message from His Honor the Mayor transmitting the report of the Committee on Penal Aspects of Drunkenness, together with the said report, be printed, the expense thereof to be charged to the appropriation for Printing Department.

Passed. Sent down.

MOTION FOR RECESS.

Ald. COLBY—Mr. Chairman, I move we take a recess subject to the call of the Chair and my purpose for asking for it is this: When the Board was out I forgot something. I meant to ask that the Committee on Public Improvements report on the Franklin Fund matter, as we might just as well bring this matter up now. If my motion is defeated we will not take a recess, but I think that this subject has been in committee sufficiently long, and as near as I can find out the thing is being played for political purposes only. We agreed on a report and I believe that the matter should be reported here from the committee and not be left in there. Therefore, I ask that we take a recess subject to the call of the Chair, and on that motion I ask for the yeas and nays.

The motion to take a recess was defeated, the vote being:—

Yeas—Ald. Colby, Day, McDonald, Pre-sho—4.

Nays—Ald. Adams, Barry, Berwin, Brick, Codman, Dixon, Doyle—7.

GENERAL RECONSIDERATION.

Ald. CODMAN moved a general reconsideration on all business transacted at the meeting, hoping that the same would not prevail. Lost.

NEXT MEETING.

Ald. McDONALD offered an order—That when this Board adjourns, it be to meet on Monday, Nov. 27, at 3 o'clock p. m., and that all hearings on orders of notice assigned for a prior date be postponed accordingly.

Passed.

Adjourned at 5:32 o'clock p. m., on motion of Ald. Adams.

CITY OF BOSTON.

Proceedings of the Common Council.

Thursday, Nov 23, 1899.

Regular meeting of the Common Council, held in the Council Chamber, City Hall, at 7:45 o'clock P.M., President Kiley in the Chair and a quorum present.

CHAPMAN SCHOOL CONTRACT.

The following was received:—

Mayor's Office, City Hall,
Boston, Nov. 23, 1899.

To the Common Council:—

I transmit herewith a communication from the School Committee in reply to your order requesting information as to why the contractor, Frank G. Coburn, to whom the contract was awarded for building a schoolhouse in East Boston at a cost of \$85,000 was allowed to add over \$7000 to his original figure, after the bids had been opened and contract signed?"

Yours respectfully,

Josiah Quincy, Mayor.

City of Boston, In School Committee,
November 14, 1899.

The Committee on New Buildings, to whom was referred, Oct. 24, a communication from the Common Council, through His Honor the Mayor, requesting that they be informed why the contractor, Frank G. Coburn, to whom the contract was awarded for building a schoolhouse in East Boston at a cost of \$85,000 was allowed to add over \$7000 to his original figure after the bids have been opened and contract signed, report that the facts in connection with this contract were fully set forth in a report presented to the Board at its meeting of Sept. 26, and they recommend that a copy thereof be transmitted to the Common Council, through His Honor the Mayor.

For the Committee,

E. I. Aldrich, Chairman.

Accepted, and ordered to be sent to His Honor the Mayor.

A true copy. Attest:

Thornton D. Apollonio, Secretary.

City of Boston,

In School Committee, Sept. 26, 1899.

Mr. Aldrich, for the same committee, reported that at the last meeting of the Board an order was passed authorizing the execution of a contract with F. G. Coburn & Co., in the sum of \$85,900 for erecting the Chapman Grammar School building in East Boston, said firm being the lowest bidder. Subsequently your committee were informed by F. G. Coburn & Co., that a clerical error had been made by them in making up the figures upon which their bid was based, in that the sum of \$1,100 was entered in a certain item, when \$11,000 was clearly the amount intended to be used. The original figures have been examined by your committee, and they are satisfied that the mistake was wholly unintentional, and that the larger sum was a fair one for the item in question. The contractors are perfectly willing to forfeit the \$1,500 deposited by them as security for signing the contract, but decline to go further, as to do so would involve a loss to them far in excess of the \$1,500, but have agreed to undertake the contract for the sum of \$93,683, which is \$7,783 in excess of their original bid. This amount is \$3,550 less than the proposal submitted by the next lowest bidder, and, in the judgment of the committee, it would be better for the interests of the city to accept this proposal than to readvertise for new bids, which course they are confident would not result in any saving of expense, to say nothing of the delay that would thereby result. In consideration of the facts herein set forth, and after consultation with the Corporation Counsel, and with the consent of the

Mayor in writing, your committee recommend the rescinding of the order passed by the Board at its last meeting, and the passage of the following order in place thereof:—

Ordered, That the Committee on New Buildings are hereby authorized to execute a contract with F. G. Coburn & Co. in the sum of ninety-three thousand six hundred eighty-three dollars (\$93,683) for erecting the Chapman Grammar School building in East Boston; and on the execution of said contract by said Coburn & Co. the fifteen hundred dollars (\$1,500) deposited by them as security for signing another contract to be returned to them.

The report was accepted, and the order passed under a suspension of the rules.

A true copy. Attest:—

Thornton D. Apollonio, Secretary.

Placed on file.

DORCHESTER HIGH SCHOOL ENTRANCE.

The following was received:—

Mayor's Office, City Hall,
Boston, Nov. 23, 1899.

To the Common Council:—

I transmit herewith a communication from the School Committee in reply to your order requesting that some alteration be made in the entrance on the west side of the new high school building in Dorchester.

Yours respectfully,

Joshua Quincy, Mayor.

City of Boston, In School Committee,
November 14, 1899.

The Committee on New Buildings, to whom was referred—Oct. 24—a communication from the Common Council, through His Honor the Mayor, with regard to the entrance to the new High School building in Dorchester, report that although no change in the original plans of this building with regard to the entrance referred to, has as yet been made, the matter has for some time been under consideration both by the committee and the architects; and your committee recommend that the Common Council be informed, through His Honor the Mayor, that the architectural effect of the western facade of the completed structure will be fully consonant with the dignity and importance of the entire building.

For the Committee,

E. I. Aldrich, Chairman.

Accepted, and ordered to be sent to His Honor the Mayor.

A true copy. Attest:

Thornton D. Apollonio, Secretary.

Placed on file.

PLAYGROUND, MARCELLA ST. HOME.

The following was received:—

Children's Institutions Department,
Trustees for Children.

Nov. 17, 1899.

Daniel J. Kiley, Esq., President of the Common Council, City Hall, Boston.

Dear Sir:—The Trustees for Children respectfully acknowledge the receipt of the request of the Common Council that the grounds of the Marcella St. Home should be used as a playground for children.

The Trustees would see the Marcella St. grounds used in this way with great pleasure were it not that there is no money at their disposal to pay for police protection or for the repair of the property at the Home in case of accidental or intentional injury to it.

If the City Council could arrange for police protection and for making good any damage to the property the Trustees would be more than glad to have the grounds used as a playground.

Your obedient servant,

Charles P. Putnam, Secretary.

Referred to the Committee on Public Grounds Dept.

NOTICE OF COMMITTEE APPOINTMENT.

The following was received:—

Office of City Clerk, City of Boston,
City Hall, Nov. 17, 1899.

To the Honorable Common Council:—

You are respectfully notified that the Chairman of the Board of Aldermen this day appointed Alderman Codman, McDonald and Doyle as members on the part of this Board of the special committee on the matter of transferring certain land belonging to the City in Squantum to the Metropolitan Park Commissioners.

Attest:—

John T. Priest, Asst. City Clerk.

Placed on file.

PAPERS FROM THE BOARD OF ALDERMEN.

1. Message of Mayor transmitting report of Committee on Penal Aspects of Drunkenness. (City Doc. 158.)

Placed on file.

2. Message of Mayor transmitting report of Ernest C. Marshall, Director in charge of Rindige Fund Excursions. (City Doc. 162.)

Placed on file.

The Council voted, on motion of Mr. Watson of Wd. 18, to consider Nos. 3 to 7, inclusive, together, and that the same be read by their titles, viz:—

3. Report of Committee on Claims on petition of James J. Powers, referred May 8, for compensation for injuries received while in the employ of the Sanitary Division—leave to withdraw, at his own request.

4. Report of same committee, on petition of Mary A. F. Reardon, referred November 21, 1898, for compensation for damage to estate, 45 Stonehurst St., caused by blasting,—leave to withdraw, as the claim has been settled.

5. Report of same committee, on petition of Michael J. Toumey, referred October 10, 1898, for compensation for personal injuries, and damage to bicycle caused by an alleged defect in Huckins St.,—leave to withdraw, as suit has been entered against the city.

6. Report of same committee, on petition of Elizabeth C. Giblin et al., referred June 12, for compensation for damage to estates 409 and 412 Bremen St., caused by the overflow of sewage,—leave to withdraw, as suit has been entered against the city.

7. Report of same committee, on petition of Elizabeth C. Giblin, referred June 12, for compensation for damage to estate, 400 Chelsea St., East Boston, caused by the overflow of sewage,—leave to withdraw, as suit has been entered against the city.

Severally accepted in concurrence.

8. Report of Committee on Claims, on petition of Richard W. McDowell, administrator, recommending the passage of the following order:—

Ordered, That the City Treasurer be hereby authorized to pay to Willard Welsh the sum of \$178.34, being the amount held by the city under chapter 390, section 40, of the Acts of 1888, from the sale of an estate on Wentworth St., for unpaid taxes of the year 1896, by deed recorded with Suffolk Deeds, lib. 2501, fol. 56.

Report accepted; order passed in concurrence.

The Council voted, on motion of Mr. Watson of Wd. 18, to consider Nos. 9 to 13, inclusive, together, and that the same be read by their titles, viz:—

9. Report of same committee, on petition of Alexander Y. Cochrane, recommending the passage of the following order:—

Ordered. That the City Treasurer be hereby authorized to pay to Charles A. Gleason the sum of \$176.70, being the amount held by the city under chapter 390, section 40, of the Acts of 1888, from the sale of an estate on north side of Farrington St., lot 40, for unpaid taxes of the

year 1897, by deed recorded with Suffolk Deeds, lib. 2582, fol. 36.

10. Report of same committee, on petition of Maurice Claike, recommending the passage of the following order:—

Ordered, That the City Treasurer be hereby authorized to pay to John E. Gilcreast the sum of \$381.35, being the amount held by the city under chapter 390, section 40, of the Acts of 1888, from the sale of an estate 142-4 Lincoln St. for unpaid taxes of the year 1897, by deed recorded with Suffolk Deeds, lib. 2583, fol. 120.

11. Report of same committee, on petition of Maurice Clarke, recommending the passage of the following order:—

Ordered, That the City Treasurer be hereby authorized to pay to John E. Gilcreast the sum of \$282.55, being the amount held by the city under chapter 390, section 40, of the Acts of 1888, from the sale of an estate 148 Lincoln St., for unpaid taxes of the year 1897, by deed recorded with Suffolk Deeds, lib. 2583, fol. 121.

12. Report of same committee, on petition of Elizabeth Weston, recommending the passage of the following order:—

Ordered, That the City Treasurer be hereby authorized to pay Frederick W. Hassam the sum of seventy-three (73) dollars, being the amount held by the city under chapter 390, section 40, of the Acts of 1888, from the sale of an estate on Savin Hill Ave. and Granpian Way for unpaid taxes of the year 1897 (by deed recorded with Suffolk Deeds, lib. 2580, fol. 103).

13. Report of same committee, on petition of Rufus K. Thomas, recommending the passage of the following order:—

Ordered, That the City Treasurer be hereby authorized to pay to Frank Brewster the sum of one hundred and seven dollars and fifty cents (107.50), being the amount held by the city under chapter 390, section 40 of the Acts of 1888, from the sale of an estate on Willis St. for unpaid taxes of the year 1897, by deed recorded with Suffolk Deeds, lib. 2581, fo. 100.

Reports severally accepted; orders passed in concurrence.

14. Ordered, That 2,500 extra copies of the message from His Honor the Mayor transmitting the report of the Committee on Penal Aspects of Drunkenness, together with the said report, be printed, the expense thereof to be charged to the appropriation for Printing Department.

The rule was suspended, on motion of Mr. Cuddy of Wd. 8, and the order was passed in concurrence.

15. Ordered, That the Board of Police be and hereby is authorized and directed to allow and pay to Mary E. Cunningham, widow of the late Patrolman Frank Cunningham, deceased April 27, 1899, an annuity of three hundred (300) dollars per annum, as provided by section 2 of chapter 178 of the Acts of 1887.

The rule was suspended, on motion of Mr. Simpson of Wd. 1, and the order was passed in concurrence.

16. Ordered, That the salaries of all city and county employees on monthly pay-rolls be allowed and paid on or before Wednesday, November 22, in anticipation of the December draft, and for the month of December on or before Saturday, December 23, in anticipation of the January draft, and the heads of departments are hereby directed to submit pay-rolls to the City Auditor in season to have this order carried into effect.

Passed in concurrence.

17. Ordered, That His Honor the Mayor be requested to instruct the heads of departments to pay all laborers at a uniform rate of \$2.25 per day, except where their compensation exceeds that rate.

The question came on giving the order a second reading.

Mr STEVENS of Wd. 11—Mr. President and members of the Common Council, I ask for the assignment of that order. I think that is a very sweeping order and one that may work great harm to the laboring class. We all know that the treas-

ury of Boston is nearly empty today. There are many laborers, honest men, who are employed at less than \$2.50 a day, and if all the money is used up at the rate of \$2.25 a day, it means that men must be turned off, men who are earning their living and who are supporting their families at the present time on \$2 a day, and very likely they will receive full compensation for what they give the city. For that reason I ask for assignment, to get information, to find out how many men receive less wages than that, and what they do.

Mr. MULCAHY of Wd. 4—Mr. President, I am much surprised at the attitude of the gentleman in the Fourth Division (Mr. Stevens), who is attacking this order here on the payroll for less than \$2 a day. He knows as well as I that practically all the laborers of Boston are employed at a rate of not less than \$2 a day. I see no reason why this gentleman here—

Mr. STEVENS—Mr. President—

The PRESIDENT—Mr. Mulcahy has the floor.

Mr. MULCAHY—Mr. President, I see no reason why the gentleman in the Fourth Division should raise any objection to increasing the wages of the poor man, the laboring man who is in the employ of the city, in the street and sewer departments, where they have to work in holes down six or eight or ten feet underground, as well as in the water department and in every other department. I say that every man who is a laborer earns his compensation of \$2 a day, and I say that he deserves \$2.25. I don't really know what to say to the gentleman in regard to his attitude on this matter. There is nothing more I can say than that it comes from a republican. It would be well if the gentleman himself had had to go into the streets of Boston and earn \$2 a day. He would be willing, if he had friends among members of this body, to then ask them to vote for an increase of twenty-five cents a day, so that he might improve in his method of living, and get along better. I trust that the order will pass.

Mr. WATSON of Wd. 18—Mr. President, I disagree with the speaker who just preceded me, inasmuch as he has attacked the gentleman from Wd. 11 (Mr. Stevens). I think the gentleman from Wd. 11 is earnest and honest in asking for the assignment and in desiring information. I think I can give the gentleman from Wd. 11 and the gentleman from Wd. 14 (Mr. Mulcahy) both some information. I desire to ask the members of this body to refuse assignment of this matter for two reasons—one, because the gentleman in the other branch who introduced this order has waited on His Honor the Mayor, and His Honor the Mayor has practically decided that no increase shall take place under his administration. The gentleman who introduced this order, the alderman-to-be from the new seventh district (Ald. Doyle), has told me that he will wait upon the next Mayor, be he republican or democrat, and insist upon regulating the salaries of city employees, laborers, who now receive no more than \$2 a day, giving them a uniform amount of \$2.25 a day, and says he intends to fight for it. Now, assignment will amount to but little. It will give a week's delay. The gentleman will receive no information whatever, further than that there are some employees of the city of \$2.25, some who receive \$2.10 per day, some who receive \$2.02 per day, and others who receive \$2. As a matter of fact, the laborers' pay is not regulated in a uniform manner. A man driving a tipcart in the Street Cleaning Division receives \$2.10 a day. The easiest job as laborer in the city of Boston—and I know it, because I have worked over them—is that of the men who use a hoe and broom in the streets, and they receive \$2 a day; and the man who does the hard-

est work of any in the department, the man who shovels the dirt, and the helpers, receive \$2.02. That is unjust. For that reason I hope that assignment will not prevail this evening. That is one reason why I wish the order to go through tonight, because I know nothing will be done this year by the administration. The administration has no desire to do anything for the working people. But I have hope that the next administration, no matter who the gentleman at the head of it may be, will treat the laboring man with fairness. I have in mind a gentleman who is a candidate for Mayor, who I know will treat the laboring man fairly. I don't intend to mention his name tonight, but I will vote for him. (Voices: "Collins!" "Hart!") Somebody is right. (Laughter.)

Another reason why I ask that the matter may not be assigned tonight is because we may not have another meeting to act upon this,—a quorum, and for the reason that I wish His Honor Mayor Quincy to pass on this matter now, and not have it said that if it came to him he might do it. I desire the order passed so that it may come before him. I feel satisfied that the gentleman from Wd. 11 asked for assignment in all fairness. As to protecting the treasury, he knows that nobody will protect it now more than the man down stairs—at present. (Laughter.) Everything is all over. (Laughter.) I trust that the gentleman will withdraw his objection and will let this order go through tonight, and I hope that he will take no notice of the remarks of the gentleman who followed him.

The motion to assign was lost.

The order was read a second time and passed in concurrence.

Mr. Watson moved to reconsider. Lost.

DOWN TOWN RELIEF HOSPITAL.

Mr. ARMISTEAD of Wd. 11, for the Committee on Hospital Department, submitted a report on the order (referred Nov. 9) concerning a site for an ambulance and relief station at Haymarket Sq.,—Recommending the passage or the order in concurrence.

Report accepted; order passed in concurrence. Mr. Armistead moved to reconsider; lost.

CLAIMS.

Mr. LOGAN of Wd. 14, for the Committee on Claims, submitted the following:

(1) Reports on petitions for balances remaining from tax sales of estates, viz.:

Report on the petition of Mary A. Doyle (referred Oct. 16)—Recommending the passage of the following:

Ordered, That the City Treasurer be hereby authorized to pay to Edward A. McLaughlin the sum of one hundred eleven and 97-100 dollars, being the amount held by the city under chapter 330, section 40, of the Acts of 1888, from the sale of an estate on Keith St., lot 140, for unpaid taxes of the year 1896, by deed recorded with Suffolk Deeds, lib. 2499, fol. 615.

Report on the petition of Mary A. Doyle (referred Oct. 16).—Recommending the passage of the following:

Ordered, That the City Treasurer be hereby authorized to pay to Edward A. McLaughlin the sum of one hundred eleven and 77-100 dollars, being the amount held by the city under Chapter 330, section 40, of the Acts of 1888, from the sale of an estate on Keith St. (lot 139) for unpaid taxes of the year 1896, by deed recorded with Suffolk Deeds, lib. 2499, fol. 613.

Report on the petition of Mary G. Davis (referred Oct. 30).—Recommending the passage of the following:

Ordered, That the City Treasurer be hereby authorized to pay to Edgar G. Fisher the sum of ninety-eight and 95-100 dollars, being the amount held by the city under

chapter 390, section 40, of the Acts of 1888, from the sale of an estate on Spencer St., for unpaid taxes of the year 1896, by deed recorded with Suffolk Deeds, lib. 2499, fol. 578.

Report on the petition of Thomas R. Fallon and others (referred Aug. 14)—Recommending the passage of the following:—

Ordered: That the City Treasurer be hereby authorized to pay to Solomon A. Bolster the sum of two hundred seven dollars and sixty-five cents, being the amount held by the city under chapter 390, section 40, of the Acts of 1888, from the sale of an estate 77 Longwood Ave., for unpaid taxes of the year 1897, by deed recorded with Suffolk Deeds, lib. 2581, fol. 363.

Report on the petition of Thomas R. Fallon and others (referred Aug. 14)—Recommending the passage of the following:—

Ordered, That the City Treasurer be hereby authorized to pay to Solomon A. Bolster, the sum of twenty-nine dollars and thirty cents, being the amount held by the city under chapter 390, section 40, of the Acts of 1888, from the sale of an estate 140 Ward St., for unpaid taxes of the year 1897, by deed recorded with Suffolk Deeds, lib. 2581, fol. 593.

Report on the petition of Anna Horrigan (referred Sept. 12)—Recommending the passage of the following:—

Ordered, That the City Treasurer be hereby authorized to pay to Anna Horrigan, the sum of one hundred ten dollars and eighty cents, being the amount held by the city under chapter 390, section 40, of the Acts of 1888, from the sale of an estate 75 Decatur St., for unpaid taxes of the year 1897, by deed recorded with Suffolk Deeds, lib. 2583, fol. 145.

Reports severally accepted; order passed under a suspension of the rule. Sent up.

(2) Report on the petition of Norman F. Garland (referred July 17)—Recommending the passage of the following:—

Ordered: That there be allowed and paid to Norman F. Garland the sum of Fifty Dollars, being the expense incurred on account of a suit brought against him for his acts as a police officer of the City of Boston; said sum to be charged to the appropriation for Police Department.

Report accepted; order passed under a suspension of the rule. Sent up.

(3) Report on the petition of Herbert I. Nickerson (referred Oct. 9)—Recommending the passage of the following:—

Ordered, That there be allowed and paid to Herbert I. Nickerson the sum of one hundred and six dollars and thirteen cents, being the amount of judgment and costs in a suit brought against him on account of his acts as a police officer of the City of Boston; the said sum to be charged to the appropriation for Police Department.

Report accepted; order passed under suspension of the rules. Sent up.

(4) Report on the petition of Joseph O. Hodgkins (referred June 26)—Recommending the passage of the following:—

Ordered, That there be allowed and paid to Joseph O. Hodgkins the sum of forty-five dollars and sixty cents, being the amount of judgment and costs in a suit brought against him on account of his acts as a police officer of the city of Boston; said sum to be charged to the appropriation for Police Department.

Report accepted; order passed under suspension of the rule. Sent up.

(5) Report on the petition of George A. Jordan (referred Oct. 23)—Recommending the passage of the following:

Ordered, That there be allowed and paid to George A. Jordan the sum of two hundred and forty-four dollars and eighteen cents, being the amount of judgment and costs in a suit brought against him on account of his acts as a police officer of the city of Boston; said sum to be charged to the appropriation for Police Department.

Report accepted; order passed under suspension of the rule. Sent up.

Mr. Logan moved to reconsider on all the above reports; lost.

ADDITIONAL COPIES, MUNICIPAL REGISTER.

Mr. CUDDY of Wd. 8, for the Committee on Printing, submitted a report of the order (referred Nov. 2) for the printing of one hundred additional copies of the Municipal Register—Recommending the passage of the order in concurrence.

Report accepted, order passed in concurrence.

PROTEST AGAINST VICTORIAN CLUB PERMIT.

Mr. WATSON, of Wd. 18, offered an order—That a special committee to consist of five members of this Council, with such of the Board of Aldermen as may join, be appointed to wait on His Honor the Mayor and the Cemetery Trustees and urge them to revoke the permit granted to the Victorian Club to erect a monument on Boston Common.

The question came on giving the order a second reading.

Mr. WATSON—Mr. President, it may seem strange to some members this evening that I should introduce an order for a committee, and I will briefly state why I have introduced it. At the last meeting of the Common Council a resolution passed here unanimously protesting against the erection upon Boston Common of a statue by a British Society. That resolution has by this time reached His Honor the Mayor, and from all reports which I have received he has no intention whatever of revoking the permit or recalling his approval. The resolution has not reached the Cemetery Trustees, and, therefore, has not been acted upon by them. If a joint committee of the City Council is appointed and waits upon His Honor the Mayor and asks him verbally to revoke the permit or to recall the approval which he has given, the people of Boston will know whether he is friendly to the scheme; and if the committee waits upon the Cemetery Trustees, it can easily find out whether or not they intend to revoke the permit. I arise here, Mr. President and fellow members, as an American born citizen, born of American people, born in this country, yet I bear no feeling against any man because of his race, color or creed. God gave him brains to seek enlightenment in reference to religion, education and other matters, and when a man chooses his life, he must abide by it. He is answerable for himself, and himself alone, to a higher Being. While I am upon my feet speaking in favor of this order of mine, I desire to call to the attention of the members of this body an article which appeared in a paper—which I want to say frankly I did not buy, but which was sent to me as a marked copy—known as "The American Citizen," which I am ashamed to hold in my hand, but which I feel compelled to bring to the attention of those who are born in this country, and those who are not, of those who believe with me and of those who do not, who are attacked by this newspaper. With the permission of the Council I will read a sentence or two from it, showing the kind of people who ask to have this statue erected upon our breathing spot, Boston Common. This "British American Citizen"—well, they have to cut out the "British," in order to sell enough copies to pay for the printing. I wish to read a sentence or two from it. In the issue of Saturday, November 13, a gentleman by the name of Neal, whom I do not know at all, and do not know where he belongs, but I believe if I had the proof I would be apt to claim—and I think I can prove the claim in time—that the gentleman is not a citizen of the United States, because so far as I have gone I cannot find his name upon the voting list, and good citizens vote, has

a letter to the editor. It starts as follows:—

"Is Boston an Irish or an American city?"

Editor of the Citizen: "It would seem, by the trend of things that Boston's name should be changed to 'Erin go Bragh' (laughter), as it has just been found"—

The PRESIDENT—The Council will be in order.

Mr. WATSON—(Continuing)—as it has just been found out that Boston is an 'English' name and cannot be retained if Linehan, Collins, Klein, Gibbons, Watson and Stevens can have their way. They have decided that no gravestones shall be erected on the Common, after liberty to do so has been given by the sons of true Americans, who know what is just and proper to do at all times."

I want to say that this society which has asked and has obtained the permit or approval of His Honor the Mayor to erect this statue is unable to raise sufficient money in the United States to erect it. They are getting funds in England today with which to erect that monument. That shows how much sympathy American citizens—not that kind of American citizens but honest American citizens—have with such schemes. I will skip part of this article, in one place in which this gentleman refers to the gallant Ninth, which needs no defence from me. I will read the concluding sentence of his dirty letter. I would like to lick him, I think.

"Try another Fenian Raid into Canada, friends Linehan, Collins and Jerry Watson, and see what would be left of your scalps to adorn the council chambers of Boston in the future; and that too, by 'volunteers,' not 'hirelings,' like the 'Gallant Ninth' of hospital service fame. H. S. K. Neal."

Now, gentlemen and fellow-members, I want to ask this Council to stand tonight in favor of honest American purposes. No man in this body, regardless of his birthplace, regardless of his religion, regardless of his race, will stand up and allow any pro-English to erect a monument on Boston Common to those who tried to take from us the liberty we so gallantly won. Mr. President and fellow members, I say this as one who was born in this country—although I am no better than a foreign-born citizen who pledges his word and honor to be with the United States, and do not feel that I am any better, but if he wants to draw the line on citizens born of American born people, I want to say to him that I stand here as one of them who opposes the erection of any statue on Boston Common, and that if it ever goes there I am liable to be one of the many to see that it goes away. I trust that my order will pass here unanimously.

Mr. LINEHAN of Wd. 13—As the gentleman in the first division refers to an article in a certain paper, I also would like to call his attention to an article which appeared in the Boston Traveler, stating that the men who favor such a statue had in their veins the blood of grand old revolutionary ancestors, patriotic people of days gone by—not a muddy type. I would like to say, for the benefit of the Boston Traveler, that in my veins is the blood of an English soldier. My father served all through the Crimean war. He served 16 years in the British army, and if anyone should favor the erection of a statue on Boston Common, it should be the son of an English soldier; but I say that, out of sentiment, patriotism and common decency, I oppose it.

The order was read a second time, and was passed. Sent up.

IMPROVEMENT IN PLAYGROUND.

Mr. WATSON offered an order—That the Board of Park Commissioners be requested through His Honor the Mayor, to put the property lately acquired for a playground on Columbus Ave., Wd. 18, in order

so that the same may be used for football and other games.

Referred to His Honor the Mayor.

LIGHT ON HAVERHILL STREET.

Mr. SULLIVAN, of Wd. 4, offered an order—That the Superintendent of Lamps be requested, through His Honor the Mayor, to place an electric light on the corner of Haverhill and Seaver Sts., Wd. 4.

Referred to His Honor the Mayor.

WOODEN BUILDING.

Mr. STONE, of Wd. 7, for the Committee on Building Department, submitted a report of the petition of the Aaron D. Weld Estate (referred Nov. 17)—Recommending the passage of the following:—

Ordered, That the Building Commissioner be authorized to issue a permit to the Aaron D. Weld Estate, to build, outside the building limits, a wooden building on Wd. St., corner of Church St., Wd. 23, in excess of range allowed and without the intervention or construction of a brick wall as required by the ordinances, and in accordance with an application on file in the Building Department; said building to be occupied for a stable.

Report accepted, order passed. Sent up.

SEWER IN BIRD ST.

Mr. WELLS of Wd. 16 offered an order—That the Superintendent of Streets be requested, through His Honor the Mayor, to place a sewer through Bird St., Wd. 16, between Virginia St. and Columbia Road.

Referred to His Honor the Mayor.

ACCEPTANCE OF HUMPHREY SQ.

Mr. WELLS offered an order—That the Board of Street Commissioners be requested to accept and construct Humphreys Sq., Wd. 16, as a public highway.

Passed under a suspension of the rule. Sent up.

EXTENSION OF NORFOLK HOUSE LINE.

Mr. LOREY of Wd. 22 offered an order—That the Boston Elevated Railway Company be requested, through the Board of Aldermen, to extend their Norfolk House line to Jamaica Plain terminus or establish a free transfer system at Jackson Sq.

Passed. Sent up.

REPAIR OF SIDEWALK.

Mr. McDONALD of Wd. 12 offered an order—That the Superintendent of Streets be requested, through His Honor the Mayor, to place in repair the sidewalk in front of estate 369 Northampton St., Wd. 12.

Referred to His Honor the Mayor.

LEGISLATION TO PROTECT CITIZENS AGAINST POLICE.

Mr. LINEHAN of Wd. 13 offered an order—That the Committee on Ordinances be requested to consider and report what legislation is necessary to prevent the brutal treatment of prisoners and citizens by members of the police force of the city of Boston.

Mr. LINEHAN of Wd. 13—Mr. President, my object in introducing that order at this time is this. Being a member of the Committee on Claims, I have noticed a lot of cases coming before the Committee this year of police officers whom the court has decided should pay damages to certain citizens for false arrest and for brutal beatings and treatment received at their hands. At the last meeting of the Committee on Claims, three or four of those cases came in, and I opposed every one of them. I told the members of the Committee that I proposed to get up in the Council and make a statement. I think some measures should be adopted to pre-

vent policemen from abusing and beating citizens and being then allowed, after judgment has been awarded against them by the court, to appear before the Committee on Claims and have the money refunded to them. In my opinion, when the court gives a decision against the man the court is right and he is wrong. Therefore, it is poor policy, in my opinion, for the a condition as would not be tolerated by the citizens of any other municipality in this country. The people here suffer from the domination of policemen—drunk-n Committee on Claims to undo what the court has done. I would like to say that the police of Boston to day are in such policemen, who insult decent people, arrest respectable women, and beat citizens of Boston. I will say that there are cases innumerable where men have entered station houses at night, apparently all right, and have appeared in court the next morning with their heads smashed to pieces. I think it is about time that some legislation, some ordinance, some law, should be enacted and placed on the statue books, to prevent policemen from beating citizens of Boston.

The order was read for the information of Mr. Bagley of Wd. 1.

Mr. WATSON of Wd. 18—Mr. President, as a member of the Committee on Claims, I am compelled to rise here and defend myself against the onslaught of the gentleman from Wd. 13 (Mr. Linehan) He has attacked the Committee on Claims in very good style, and is right in every particular, in my judgment, with one exception. The exception is the case of Officer Nickerson, which has been passed upon here this evening. I want to say for benefit of the members of this body and of my constituents in general that I have voted against every measure proposing to pay back to police officers the amount of damages obtained against them by somebody whom they have assaulted, by award of the courts. I have done so in a prejudiced manner in many cases, knowing, as I have, some of the extremes that a policeman goes to. But in this one particular case, that of Officer Nickerson, I have made an exception to the rule I have followed. His is the case I voted for in committee the other day, as the member who has just spoken will bear me out I voted with him on every case—the vote was two nays, and the rest yeas, on every one of them.

I do feel that some measures should be taken to remedy the present state of affairs in this respect in Boston. I do think the policemen of Boston go too far. For example, I will refer to a case that happened only the other evening. I stood down on Hanover St., watching the fire over the Bryan Club Headquarters, near Station 1, inside the ropes. There was considerable pushing and shoving on the sidewalk and people on the edge of the sidewalk were shoved into the street. One or more policemen jumped up at once and crowded and rushed them back. The people near the building, at the back of the sidewalk, endeavored to get away by running right and left, and those back of them were pushing on them, making it a regular pushing match. A police officer standing near me got hold of four or five people and handled them roughly, making matters much worse than they would otherwise have been, and finally got hold of a young man and brought him to the station. Of course, my freshness brought me along with them to the station, too—or rather, one. The police officer's name was Arnold. The young man's name I do not know. The lieutenant asked the young man his name, and he gave it, and the lieutenant then turned to the officer and said "What is the trouble?" The officer undertook to say that the young man gave him some cheap chin and that he was a fresh young fellow from Harvard. The young fellow never went to Harvard—I could see that. He had not done any

talking at all, and I told the lieutenant so. Of course, the result was that they then tried to rush me out of the station, but when I went the young man went along with me. That is an example of what the police try to do here in Boston, and I am an example of an encounter with a policeman myself. I think there should be some legislation in regard to this matter. I would like to amend the order, or would prefer to introduce a substitute order for the repeal of the act which gives the city the right to pay back the amount of money which policemen who are sued may be obliged to pay to meet a judgment against them. If the gentleman who has offered this order will withdraw it, I will introduce a substitute order to that effect—but I will vote for either that order or the one he has offered, at the Legislature, where I am going. If the gentleman does not care to withdraw his order, I will vote for this, and I hope it will pass.

The order was referred to the Committee on Ordinances.

REPLY REQUESTED TO ORDERS REFERRED.

Mr. ARMISTEAD, of Wd. 11, offered an order—That His Honor the Mayor be respectfully requested to cause a reply to be transmitted to the Common Council as soon as convenient to the two orders referred to him on February 2, 1899, one regarding department pay-rolls bearing the names of persons deceased, and the other concerning payments of sums of money in excess of salaries as defined by ordinance.

Mr. ARMISTEAD of Wd. 11—Mr. President, in explanation of that order I would like to state that in February last two orders were offered by me in this Council, one asking the City Auditor, through His Honor the Mayor, to furnish the City Council with a list of the departments on whose pay-rolls the names of dead men were being carried, the names of the parties using said names to draw money from the city treasury, and the amounts so paid out; and the other, asking through the same source, for the names of the department heads who are drawing from the city treasury sums in excess of the salary defined by ordinance for their services, the amounts so drawn and the reasons therefor—Since these orders were offered over eight months have elapsed and the Mayor has not yet given the information desired, although the first inquiry intimated criminal action on the part of some one in forging names on the city pay-rolls. From the fact that His Honor found it necessary to reduce the scant wages of a great number of the city employees, including the police and firemen—and that in some of the departments this reduction is still in force—this is a reasonable inquiry for the City Council to make. Why is it withheld? We desire to know why discrimination is made in favor of the heads of certain departments which, upon inquiry, seem to be those most in touch with His Honor, when dealing with the corporations who have secured such great favors at the expense of the taxpayers during the present administration.

I renew the orders offered on Feb. 2nd asking His Honor for this information, and trust that it be given to the council at its next meeting. Possibly this information may be deemed of such importance that this body, in case of the failure or neglect of the Mayor, to uncover the frauds and favoritism which these orders are designed to expose, may seek the information through the means which a wise legislature has placed at its disposal.

The order was referred to His Honor the Mayor.

FLOODING OF NORTH END PLAYGROUND.

Mr. BADARACCO of Wd. 6 offered an order—That the Park Commissioners, through His Honor the Mayor, be requested to flood the North End playground so that it can be used for skating purposes.

Referred to His Honor the Mayor.

INFORMATION REGARDING G. A. R. EMPLOYEES.

Mr. BAGLEY of Wd. 1 offered an order—That the Superintendent of Streets be requested, through His Honor the Mayor, to inform this Council why the employees of the ferries who are members of the G. A. R. have not been paid for the time lost while attending the encampment at Philadelphia, in accordance with the order passed by the City Council.

Referred to His Honor the Mayor.

NEXT MEETING.

Mr. BAGLEY offered an order—That when this Council adjourns it be to meet on Thursday, Dec. 7, 1899, at 7:45 o'clock P.M.

Passed.

CONSTRUCTION OF STONY BROOK.

Mr. McINERNEY, of Wd. 19, offered an order—That the Superintendent of Streets be requested, through His Honor the Mayor, to prevent the further construction of Stony Brook by contract.

Referred to His Honor the Mayor.

A QUESTION OF PRIVILEGE.

Mr. MARTIN of Wd. 15—Mr. President, I rise to a question of personal privilege. Last week there was a scurrilous circular sent through my district against my character, against my motives as a member of this and last year's government, giving the people in my district a chance to impugn my motives as a member of this body.

The PRESIDENT—The gentleman will proceed.

Mr. MARTIN—Mr. President, it was stated in the circular sent through my district last week that I was the direct cause of having city laborers' pay reduced seven and one-half per cent. The reason, as stated, was this, that I voted a year ago last April for the increase of the policemen's pay. It is true that I did vote to increase the policemen's pay, as I would vote to increase the pay of any city laborers if I had the same chance—which I have not got—again. It was also stated that when the question of increasing the firemen's salaries came up here in this body I absented myself. Mr. President, every member of this body knows what my position has been towards the firemen. I have advocated and have introduced more bills and measures in their interest in my two years' service here than were ever introduced in their interest before, as having been a fireman myself, I realized full well what they had to contend with, much better than anybody who did not know the facts as well as I. There were also sent through the Ward a great many copies of another circular, saying that I would not vote for the increase in the city laborers' pay. Mr. President, there was never any such matter come before this body. If there had been, I would have done as I have always done—voted to increase the pay of laboring people. Mr. President, this is the only way I have to explain my position, as a member of this year's body.

WIDENING OF RUTHERFORD AVE.

Mr. GIBBONS of Wd. 5 offered an order That His Honor the Mayor be requested to instruct the Board of Street Commissioners and the Superintendent of Streets

to expedite as quickly as possible the widening of Rutherford Ave., Wd. 5, the appropriation for the same having been passed by the City Council.

Mr. GIBBONS of Wd. 5—Mr. President, there was an order passed last year, or the year before, which led to an act of the Legislature, accepted last year by the City Government, to provide money for that avenue, and this year the first loan order introduced provided for a loan of \$200,000. So far nothing has been done. The property owners on the street cannot let their property, because tenants will not take it, for fear that they will be thrown out without any notice. Tenants will not lay in a week's supply of coal and fuel, because they don't know how soon they will have to vacate. By the proposed widening of Rutherford Ave. much of the teaming traffic that now goes through Main St. will be taken care of. Main St., Charlestown, the main thoroughfare of our district, is now in a very bad condition for the handling of teaming traffic, by reason of the fact that a great deal of it has been usurped by the Boston Elevated Road. It is necessary that most of the teaming traffic should be diverted from Main St. up through this other way. I therefore hope that the Mayor or the Street Commissioners will inform us as to their purpose at once, what they intend to do and how they intend to do it, so that the tenants and property owners there may understand what position they are to be in.

The order was read a second time and passed. Sent up.

PASSENGER STATION, WD. 12.

Mr. CHAMBERLAIN of Wd. 12 offered an order—That His Honor the Mayor be requested to petition the Boston Elevated Railway Company to locate a passenger station midway between Northampton St. and Dover St. in connection with the elevated structure on Washington St.

Mr. CHAMBERLAIN of Wd. 12—Mr. President, I understand that the Boston Elevated Railroad Company has made no provision whatever for a station between Dover and Northampton Sts., on Washington St. I wish merely to state at this time that the distance from Dover St. to Northampton St. is about 4220 feet, or nearly five-sixths of a mile. I don't think it is necessary at this time to make any extended remarks upon this order. We will try to have His Honor the Mayor petition the Elevated Road and will see what answer they will make. At that time, perhaps I will go into the matter at greater length.

Mr. WATSON of Wd. 18—Mr. President, may I ask the gentleman from Wd. 12 a question, through the Chair? I want to know if he is absolutely certain that the road does not intend to have stations between those points? Is he certain of that? The order was referred to His Honor the Mayor.

REPAVING DEVONSHIRE ST.

Mr. STEVENS of Wd. 11 called up No. 22, past assignment, viz:—

22. Ordered, That the sum of sixty-five hundred (\$6500) dollars be appropriated, to be expended by the Superintendent of Streets for repaving Devonshire St., between State and Water Sts.; and that the City Treasurer be authorized to issue, from time to time, on the request of the Mayor, bonds of the City of Boston to said amount for said purpose.

Mr. STEVENS of Wd. 11—Mr. President, that is an order which, I think, needs very little to be said in its favor. It is well known to every one that that is one of the busiest streets in the city, and I trust that the order will pass.

The order was passed in concurrence.

LOAN TO MEET DEFICIENCIES.

Mr. WATSON called up No. 24, past assignment, viz:—

24. Ordered, That the sum of forty-two thousand (42,000) dollars be, and hereby is, appropriated for the following-named purposes; and that to meet said appropriation the City Treasurer be authorized to issue, from time to time, on the request of the Mayor, bonds of the City of Boston to the total amount of such appropriations, viz:—

| | |
|---|-------------|
| Pauper Institutions Department. | |
| Barn, Long Island..... | \$2,487 84 |
| Hospital, Long Island..... | 6,643 76 |
| | \$9,131 60 |
| Park Department. | |
| Playground, Billings Field, West Roxbury..... | 27,060 98 |
| Public Buildings Department. | |
| Fire Department, buildings and site, South Boston..... | 600 86 |
| Street Department. | |
| Gold St. bridge..... | 216 66 |
| Street Laying-Out Department. | |
| Centre St., Wd. 24..... | \$1,896 99 |
| Widening and extending..... | 3,092 91 |
| | 4,989 90 |
| | \$12,000 00 |

The question came on passage of said order in concurrence with the Board of Estimate and Apportionment.

Mr. WATSON of Wd. 18—Mr. President, this order will in a very few days become operative, and, in order to save a few days, I sincerely trust that the Council will concur with the Board of Estimate and Apportionment in its passage. There is an item here for a playground at Billings Field, West Roxbury, in connection with the Park Department. I would oppose that, were it not for the fact that the Park Commission has located a playground in the ward which I represent in part, and when I get anything I am willing always that some other district should get something. I sincerely trust that this order from the Board of Estimate and Apportionment will be concurred in.

The PRESIDENT—The Chair desires to state, for the information of the Council, that all the items contained in No. 24 on the calendar are for costs and executions of court. The question is on the passage of the order in concurrence.

Mr. GIBLIN of Wd. 15—Mr. President, I would like to object to this order just because of that one item that has been referred to by the gentleman from Wd. 18 (Mr. Watson). If I understand this order aright, it contains an item for a playground in Wd. 17, under the heading "Park Department." While I know that the order will become a law whether we sanction it or not, I want to go on record

as objecting to this matter, because when South Boston wants a little playground or park it cannot get \$5000 for it, while here is a sum of \$27,000 provided for Billings Field. I would like to know how it is that the Park Department has money for such purposes out there, when it has not anything for Wd. 15?

The PRESIDENT—If the Council will pardon the Chair, the Chair will state, as the representative of the Council on the Board of Estimate and Apportionment, and for the information of the gentleman from Wd. 15, as well as other members of the Council, that all of the items contained in No. 24 are for costs and executions of court, owing to the deficiency in certain appropriations made for these specific purposes.

The order was passed in concurrence.

RISING SUN STREET LIGHTING CONTRACT.

Mr. SANDERSON of Wd. 25 called up No. 19, past assignment, viz:—

19. Message of the Mayor transmitting a communication from the Superintendent of Lamps, in reply to the order of the Common Council requesting a copy of the contract between the City of Boston and the Rising Sun Street Lighting Company, and a schedule of city property used or controlled by said company. (City Doc. 153.)

Referred to the Committee on Lamp Department, on motion of Mr. Sanderson.

RESOLUTIONS ON THE DEATH OF VICE-PRESIDENT HOBART.

Mr. ARMISTEAD of Wd. 11 submitted the following:

Resolved, That the City Council of Boston deploras the loss sustained by this country in the death of Garret A. Hobart, Vice-President of the United States.

He was a man of unblemished character, of gentlemanly instincts and was possessed of an amiability that endeared him to all with whom he came in contact.

He discharged his public trusts with unusual ability, and this combined with his integrity, his statesmanship and his patriotism entitled him to the respect and admiration of his fellow-citizens regardless of their political affiliations.

Ordered, That the City Clerk be directed to transmit a copy of this resolution to the family of the deceased.

Passed by a unanimous rising vote. Mr. ARMISTEAD—Mr. President, I move that as a further mark of respect, this Council do now adjourn.

The motion was carried, and the Council adjourned at 9.08 P. M., to meet on Thursday, Dec. 7, 1899, at 7.45 P. M.

CITY OF BOSTON.

Proceedings of the Board of Aldermen.

Monday, Nov. 27, 1899.

Adjourned regular meeting of the Board of Aldermen held in the Aldermanic Chamber, City Hall, at 3 o'clock, P.M., Chairman Barry presiding and all the members present.

The Board voted, on motion of Aid. Berwin, to dispense with the reading of the records of the last meeting.

JURORS DRAWN.

Thirty-four traverse jurors were drawn for the Superior Criminal Court, Dec. 11th in accordance with the provisions of Chap. 514 of the Acts of 1894, viz:—

Arthur W. Kennard, Wd. 11; David E. Partridge, Wd. 10; Thos. F. Curley, Wd. 17; Arsenous J. Kelly, Wd. 2; Jere. J. O'Callaghan, Wd. 20; Patrick F. Gittings, Wd. 19; Wm. R. Dixon, Wd. 16; Carl E. Gooke, Wd. 22; Geo. S. Dyer, Wd. 24; Wm. N. Cook, Wd. 11; Dennis F. Sullivan, Wd. 7; George S. Tarbell, Wd. 21; Austin Avery, Wd. 14; John W. Mitchell, Wd. 18; Caleb A. Thurston, Wd. 14; John L. McKenzie, Wd. 8; John J. Toomey, Wd. 14; Abner F. Locke, Wd. 15; Hugh Smith, Wd. 18; Joseph A. Peters, Wd. 5; Frank R. Brady, Wd. 9; Ernest Mann, Wd. 23; Wm. Peeney, Wd. 22; Edward R. Gray, Wd. 2; Patrick H. Hession, Wd. 18; Hugh P. Smith, Wd. 13; Eliot B. Conyers, Wd. 18; Patrick J. Myers, Wd. 19; John A. McGonigle, Wd. 2; Axel A. Wahlberg, Wd. 24; Chas. M. Richardson, Wd. 12; Theo. Glaesel, Wd. 22; Augustine D. Edwards, Wd. 1; James A. McLaren, Wd. 1.

CLOTHING ON POLES.—VETO.

The following was received:—

Mayor's Office, City Hall,

Boston, November 20, 1899.

To the Board of Aldermen:—

I return herewith without my signature votes passed by your Board granting permission to Charles Goldstein to project a pole on which to hang clothing at corner 55 Cross St. and 37-39 Salem St., and to Joseph Freed to project a pole on which to hang clothing at 9 Salem St., the said poles to be 10 feet above the sidewalk.

I understand that the Committee on Building Department have had a number of similar applications referred to them, and that they have not recommended the granting of permission for the reason that the law provides that no part of a sign shall be less than 10 feet above the sidewalk, whereas these applications state that the pole itself is to be only 10 feet above the sidewalk, and this would make it necessary for the clothing, which is in reality the sign, to be placed below the limit established by law. I am of the opinion that this is the correct view to take of the matter, and that poles on which to hang clothing should be placed at such a height that the clothing hanging thereon would not come within less than 10 feet of the sidewalk. At any rate, I do not think that leave should be granted on these petitions, while it is refused on others exactly similar.

Respectfully submitted,

Josiah Quincy, Mayor.

The votes whereby the said permission was granted were reconsidered, and the question came on again granting permission, the objections of His Honor the Mayor to the contrary notwithstanding.

The Board refused to grant permission, in spite of the Mayor's objections, the vote on doing so being—yeas none, nays 10.

SIGN, DORCHESTER AVE.—VETO.

The following was received:—

Mayor's Office, City Hall,
Boston, November 20, 1899.

To the Board of Aldermen:—

I return herewith without my approval a vote passed by your Board granting permission to W. E. O'Brien & Co. to project a sign at 1208 Dorchester Ave., Wd. 20, the said sign to project four feet six inches.

The law provides that an unilluminated sign shall not project more than one foot and the enclosed vote is therefore illegal. Respectfully submitted,

Josiah Quincy, Mayor.

The vote whereby the said permission was granted was reconsidered, and the question came on again granting permission, the objections of His Honor the Mayor to the contrary notwithstanding.

The Board refused to grant permission, in spite of the Mayor's objections, the vote on doing so being—yeas none, nays 10.

HEARINGS AT 3 O'CLOCK.

1. On petition of Florence E. Creed, for leave to project one bay-window from building 197-199 Dorchester St., corner of West Seventh St., Wd. 15.

No objections. Referred to the Committee on Building Dept. (Ald.)

2. Petition of Catherine Curran et als., that the Board estimate the damages sustained by them on account of the taking of their land on Beacham St., Charlestown by the Boston Elevated Railway Company.

No objections. Referred to the Committee on Public Improvements.

On petitions of The New England Telephone and Telegraph Company of Massachusetts, for leave to erect and to remove poles, viz:—

3. One pole on Congress St., Wd. 13.

4. One pole on South St., Wd. 23.

5. Two poles on Ashmont St., Wd. 21.

No objections. Severally recommittees to the Committee on Electric Wires.

6. On petition of the American Telephone and Telegraph Company of Massachusetts, for leave to erect poles on Neponset Ave., Taylor, Rice, Franklin, Walnut, Fulton, Tenean, Freeport, Auckland, Bay, Spring, and Sydney Sts., Crescent Ave., Buttonwood and Locust Sts., Washington Ave., Wendell, Pringle, Vinton, Dorchester, Middle, Tuckerman, West Ninth, D, West Seventh, C, West Second, West Third, Granite and West First Sts., and Mt. Washington Ave.

A written remonstrance was received from Andrew Walsh et als., against the erection of poles on Buttonwood St.

Joseph A. L. Wallon, of the American Sugar Refining Company, objected to poles on Granite St., on the ground that there are already poles on one side of the street and that there is no necessity for more.

Albert L. Flanders seconded the objection.

The CHAIRMAN—If there is no further objection, the matter will be referred to the Committee on Public Improvements.

Ald. CODMAN—Mr. Chairman, I don't know why that matter should go to the Committee on Public Improvements. It seems to me there is a committee of this Board that should consider such matters.

The CHAIRMAN—The Chair suggests that reference, because we are to have only one or two more meetings and this should be attended to promptly. If the Alderman objects, and desires the matter referred to the Committee on Electric Wires, the Chair will put that motion to the Board.

The Clerk called the roll, and, pending the announcement of the result, Aid. Codman said:—

Mr. Chairman, I understand that you have not announced the vote.

The CHAIRMAN—The City Messenger has informed me that Aid. Presbo desires

to go on record on the roll call, and he will be here at once.

Ald. CODMAN—Mr. Chairman, is that proper action—to wait for a member who is not in the room? I ask for a ruling, whether the Chair or anybody else can send out for a member to come in and vote?

The CHAIRMAN—The Chair has received word from the messenger that Ald. Presho desires to vote.

Ald. CODMAN—I ask for a ruling.

The CHAIRMAN—It is in the province of the Chair to use his discretion in that matter.

Ald. CODMAN—How long can he wait?

The CHAIRMAN—(Ald Presho having entered the chamber)—The question is on the reference of No. 6 on the calendar to the Committee on Electric Wires, the Chair will state for the information of Ald. Presho.

The matter was referred to the Committee on Electric Wires, yeas 6, nays 5.

Yeas—Ald. Adams, Berwin, Brick, Codman, Day, Presho—6.

Nays—Ald. Barry, Colby, Dixon, McDonald, O'Toole—5.

The CHAIRMAN—The Chair would say at this time that he did not have the slightest idea how the alderman was going to vote; but that the alderman made a request of the City Messenger that he be allowed to go on record on this matter.

7. On petition of Mass. Telephone and Telegraph Co. for leave to erect poles on Mt. Washington and Dorchester Aves., Granite, West First, B, West Sixth, D, West Ninth, Dorchester and Sweet Sts. (being part of location of said company between Boston and Springfield).

Joseph A. L. Wallon, of the American Sugar Refining Company, appeared and objected to the erection of poles on Granite St., seconding his objection as expressed on No. 6. Albert L. Flanders also appeared and objected.

No further objections. Recommended to the Committee on Electric Wires.

8. Mass. Telephone and Telegraph Co., for leave to erect poles on Mt. Washington Ave., Granite, West Second, A, C, West Seventh, D, West Ninth, Dorchester, Vinton, Preble and Wendell Sts., Washington Ave., Locust and Buttonwood Sts., Crescent Ave., Sydney, Spring, Bay, Freeport, Tenean, Franklin, Walnut and Taylor Sts., and Neponset Ave. (being a part of location of said company between Boston and Providence).

Joseph A. L. Wallon also appeared and objected, as before, to the erection of poles on Granite St.

No further objections. Recommended to the Committee on Electric Wires.

9. On petition of the Directors of the Newton and West Roxbury Street Railway Company for a location for a single track from the Newton line, through Baker, Mt. Vernon and La Grange Sts. to Centre St., or such other streets as the Board of Aldermen may determine, with the right to use the overhead trolley system thereon.

Josiah H. Quincy, representing the West Roxbury Citizens' Association, objected to the granting of the petition, not thinking it necessary that any street railway line should come over from Newton to that portion of Wd. 23.

Howard R. Guild, W. Stanley Campbell and L. J. Brackett seconded the objection. No further objections. Referred to the Committee on Railroads.

10. On petition of the New England Railroad Company for a determination of the manner in which a proposed extension of its road shall cross West Fourth St. and Broadway, and any other ways in this city.

Hon. John B. Martin appeared and stated that, until he had examined the plan he did not know whether he would object to the petition or not.

On motion of Ald. Berwin, it was voted that No. 10 be referred to the Committee

on Public Improvements, sitting as County Commissioners, and that Mr. Martin or any other person be given an opportunity to be heard.

PETITIONS REFERRED.

The following petitions were received, and were referred to the committees named:—

Building Dept. (Ald.)

Petitions for leave to project signs, etc., viz:—

Robert Reynolds, a sign, at 43 Warren St., Wd. 18.

Downing & Dodge, an illuminated sign, at 158 Court St., Wd. 6.

John Marks, a sign, at 243 Washington St., Wd. 6.

J. H. Newbegin, a sign, at 652 Washington St., Wd. 9.

Raphael Nazzaro, an illuminated sign, at 282 North St., Wd. 6.

Chang Toy and Sam Yick, a sign, at 9½ Cambridge St., Wd. 8.

Rosary Ciccolo, a barber pole, at 36 Beach St., Wd. 7.

Uplam's Corner Universalist Church, a transparency (temporarily) at Wheelock Hall, Columbia Road.

William A. Beckett, an illuminated sign, at 7 No. Anderson St., Wd. 8.

J. C. Pineo, a pole, on which to display a flag, at 643 Warren St., Wd. 21.

William Beeching & Co., a sign, at 3 John St., Wd. 6.

Ira P. Pope, a sign, at 82 Lincoln St., Wd. 7.

Frank Landino, a sign, at 29 So. Margin St., Wd. 8.

J. J. Delaney, an illuminated sign, at 1651 Washington St., Wd. 12.

Echel Herman, a pawnbroker's sign, at 178 Merrimac St., Wd. 8.

Braman, Dow & Co., for leave to project an iron beam, to be used as a tramway to facilitate the loading of teams from Medford St., side of building, 239-243 Causeway St.

Claims.

Benjamin Finkelstein, for compensation for injuries caused by an alleged defect in Haverhill St.

Jennie Rosenberg, for compensation for injuries caused by her being struck by a hook & ladder truck.

William Tyner, for compensation for injuries to his horse caused by an alleged defect in Lowell St.

Electric Wires.

Charlestown Gas and Electric Co., for leave to erect two poles on Park St., Wd. 5.

Petitions of The N. E. Tel. and Tel. Co. of Mass., viz:—

For leave to erect and to remove one pole on E. Cottage St., Wd. 17.

For leave to erect and to remove poles in Blue Hill and Geneva Aves.

For leave to erect and to remove poles on South St., Wd. 23.

For leave to erect and to remove poles in Washington St., Wds. 20 and 24.

For leave to erect poles in Wolcott, Seaver, Erie, Summer, and Quincy Sts.

For leave to erect poles in Spring Park Ave., Wd. 22.

For leave to erect poles in Mansfield St., Wd. 25.

James Menzies et als., for removal of a pole at the corner of Bennington and Brooks Sts.

Faneuil Hall, etc

Public School Association, for the use of Faneuil Hall on December 8, at noon.

Bunker Hill Chapter, D. A. R., for the use of Faneuil Hall on the afternoon and evening of January 1, 1900.

Lamps.

Watson & Waite et als., for public lamps on Burnham Pl. S. E.

Licenses.

Morgan Chapel Day Nursery, for a permit for Ross Skinner and other children under

15 years of age, to appear at Music Hall on the afternoons of Nov. 29 and 30 and Dec. 2.

Petitions for licenses for musical, dramatic, literary, and dancing entertainments for the season ending August 1, 1901, as follows:—

Catholic Union of Dorchester and Milton, at the hall of said Union, 24 River St.
Trustees of Norfolk Lodge, at Norfolk Hall, 328 Washington St., Dorchester.
Rev. Arthur T. Connolly, at Columbia Hall, 363 Centre St.
Dorchester Woman's Club House Association, at its club house on Centre St., Dorchester.
E. R. Buffinton, at hall 67 Warren St., Roxbury.

Police. (Ald.)

G. W. Berry, Jr., to be paid for the loss of fowls killed by dogs.

Public Improvements.

Cutting, Bardwell & Co., for leave to erect a guy post in Congress St., Wd. 13.

John C. Haynes, for leave to lay a 1½ in. pipe under sidewalk at 333-335 Warren St., Wd. 21.

Mrs. L. J. O'Toole, for leave to lay a 1½ inch pipe under sidewalk.

M. J. McKenna, for leave to construct a bulkhead at 99-101 Washington St., cor. Austin St., Wd. 5.

J. J. and P. M. Ahern, for leave to move a building from Orchard Pl., cor. Boston St., to 11 Clapp St., Wd. 16.

Samuel Ward Company, for leave to place storm doors, swinging outward, at 49 Franklin St., Wd. 7.

Samuel Malkiel, for leave to place a sign on an unused lamp post at 7 Post Office Sq., Wd. 6.

Joseph Schaff et als., that the Board do not grant a permit for coasting on Thorn-ton St., between Ellis and Valentine Sts.

Frank G. Coburn & Co., for leave to stretch guy ropes across Eutaw, Trenton, Brooks and Marion Sts.

Harry Myers, for leave to project an illuminated sign at 106 Court St., Wd. 6.

Frank W. Simons, for leave to stand a night lunch wagon on Summer St. extension, corner Atlantic Ave., Wd. 7.

Communication from Nathaniel Niles Thayer, in relation to bequest of Caroline C. Thayer, for Protestant widows and single women.

Petitions for sidewalks, viz.:—

George H. Gibby, 52-52A and 54-54A W. Eagle St., Wd. 1.

Atherton Brown, cor. Atlantic Ave. and Summer St., Wd. 7.

George Wheatland, 813-815 Beacon St., Wd. 11.

Charles J. Bower, 1, 2, 3, 4 Covington St., Wd. 15.

Mary Doherty, 23-30 Rand St., Wd. 16.

Roger Regan, 27 Bellflower St., Wd. 16.

Patrick Nylon, 23 Bellflower St., Wd. 16.

Felix Smith, 11-17 Wabeno St., Wd. 21.

Mrs. A. V. Moore, 3 Schuyler St., Wd. 21.

ILLUMINATED SIGN.

Ald. DOYLE presented the petition of George M. Potter, for leave to project an illuminated sign at 2143 Washington St., and moved that leave be granted.

It was voted that leave be granted on the usual conditions.

PAPERS FROM COMMON COUNCIL.

11. The following order was passed and sent up by the Common Council:

Ordered, That the Boston Elevated Railway Company be requested, through the Board of Aldermen, to extend their Norfolk House line to Jamaica Plain terminus or establish a free transfer system at Jackson Sq.

Referred to the Committee on Railroads.

12. Resolved, That the City Council of Boston deplores the loss sustained by this

country in the death of Garret A. Hobart, Vice-President of the United States.

He was a man of unblemished character, of gentlemanly instincts, and was possessed of an amiability that endeared him to all with whom he came in contact.

He discharged his public trusts with unusual ability, and this, combined with his integrity, his statesmanship and his patriotism, entitled him to the respect and admiration of his fellow-citizens, regardless of their political affiliations.

Ordered, That the City Clerk be directed to transmit a copy of this resolution to the family of the deceased.

Passed, by a unanimous rising vote.

13. Ordered, That the Board of Street Commissioners be requested to accept and construct Humphreys Sq., Wd. 16, as a public highway.

Passed in concurrence.

14. Ordered, That His Honor the Mayor be requested to instruct the Board of Street Commissioners and the Superintendent of Streets to expedite, as quickly as possible, the widening of Rutherford Ave., Wd. 5; the appropriation for the same having been passed by the City Council.

Passed in concurrence.

15. Ordered, That a special committee, to consist of five members of this Council, with such of the Board of Aldermen as may join, be appointed to wait on His Honor the Mayor and the Cemetery Trustees, and urge them to revoke the permit granted to the Victorian Club to erect a monument on Boston Common.

Ald. BERWIN—Mr. Chairman, I move that No. 15 on the calendar be referred to the Committee on Public Improvements. In support of that motion, I desire to make my position very clear. The Board, I believe, joined with the Common Council at a previous meeting in voting against granting a permit upon Boston Common for the erection of this particular monument. That being the case, I take it that the Board has done practically all it can do in the way of recording itself against the proposition. For that reason, I move reference of No. 15 on the calendar to the Committee on Public Improvements.

The CHAIRMAN—The Chair will say that this order stands in a little different light than the previous one. This order provides that the Committee wait upon His Honor the Mayor and request him to revoke the permit. The Board in its previous order did not vote to make that request in that way.

Ald. BERWIN—Mr. Chairman, I hope it will go to the Committee on Public Improvements, with instructions to report back this afternoon. I want to merely enlighten my mind upon a certain point in connection with it.

The order was referred to the Committee on Public Improvements, with instructions to report back today.

The Board voted, on motion of Ald. Adams, to consider Nos. 16 to 25 together, inclusive, and to dispense with the reading of the same, viz:—

16. Report on the petition of Mary A. Doyle (referred October 16) recommending the passage of the following:—

Ordered, That the City Treasurer be hereby authorized to pay to Edward A. McLaughlin the sum of one hundred eleven and 97-100 dollars, being the amount held by the city under chapter 390, section 40, of the Acts of 1888, from the sale of an estate on Keith St. (Lot 140), for unpaid taxes of the year 1896, by deed recorded with Suffolk Deeds, lib. 2499, fol. 615.

17. Report on the petition of Mary A. Doyle (referred October 16) recommending the passage of the following:—

Ordered, That the City Treasurer be hereby authorized to pay to Edward A. McLaughlin the sum of one hundred eleven and 77-100 dollars, being the amount held by the city under chapter 390, section 40, of the Acts of 1888, from the sale of an estate on Keith St. (Lot 139) for unpaid

taxes of the year 1896, by deed recorded with Suffolk Deeds, lib. 2499, fol. 613.

18. Report on the petition of Mary G. Davis (referred October 30), recommending the passage of the following:—

Ordered, That the City Treasurer be hereby authorized to pay to Edgar J. Fisher the sum of ninety-eight and 95-100 dollars, being the amount held by the city under chapter 390, section 40, of the Acts of 1888, from the sale of an estate on Spencer St., for unpaid taxes of the year 1893, by deed recorded with Suffolk Deeds, lib. 2499, fol. 578.

19. Report on the petition of Thomas B. Tallon and others (referred August 14), recommending the passage of the following:—

Ordered, That the City Treasurer be hereby authorized to pay to Solomon A. Bolster the sum of two hundred seven and 65-100 dollars, being the amount held by the city under chapter 390, section 41, of the Acts of 1888, from the sale of an estate, 77 Longwood Ave., for unpaid taxes of the year 1897, by deed recorded with Suffolk Deeds, lib. 2581, fol. 363.

20. Report on the petition of Thomas R. Dakon and others (referred August 14), recommending the passage of the following:—

Ordered, That the City Treasurer be hereby authorized to pay to Solomon A. Bolster the sum of twenty-nine and 30-100 dollars, being the amount held by the city under chapter 390, section 40, of the Acts of 1888, from the sale of an estate, 149 Ward St., for unpaid taxes of the year 1897, by deed recorded with Suffolk Deeds, lib. 2581, fol. 593.

21. Report on the petition of Anna Horrigan (referred September 12), recommending the passage of the following:—

Ordered, That the City Treasurer be hereby authorized to pay to Anna Horrigan the sum of one hundred ten and 80-100 dollars, being the amount held by the city under chapter 390, section 40, of the Acts of 1888, from the sale of an estate, 75 Decatur St., for unpaid taxes of the year 1897, by deed recorded with Suffolk Deeds, lib. 2583, fol. 145.

22. Report on the petition of Norman F. Garland (referred July 17) recommending the passage of the following:—

Ordered, that there be allowed and paid to Norman F. Garland the sum of fifty dollars, being the expense incurred on account of a suit brought against him for his acts as a police officer of the City of Boston; said sum to be charged to the appropriation for Police Department.

23. Report on the petition of Herbert I. Nickerson (referred October 9) recommending the passage of the following:—

Ordered, that there be allowed and paid to Herbert I. Nickerson the sum of one hundred and six dollars and thirteen cents, being the amount of judgment and costs in a suit brought against him on account of his acts as a police officer of the City of Boston; the said sum to be charged to the appropriation for Police Department.

24. Report on the petition of Joseph O. Hodgkins (referred June 26) recommending the passage of the following:—

Ordered, That there be allowed and paid to Joseph O. Hodgkins the sum of forty-five dollars and sixty cents, being the amount of judgment and costs in a suit brought against him on account of his acts as a police officer of the City of Boston; said sum to be charged to the appropriation for Police Department.

25. Report on the petition of George A. Jordan (referred October 23) recommending the passage of the following:—

Ordered, That there be allowed and paid to George A. Jordan the sum of two hundred and forty-four dollars and eighty cents, being the amount of judgment and costs in a suit brought against him on account of his acts as a police officer of the City of Boston; said sum to be charged

to the appropriation for Police Department.

Reports severally accepted; orders passed in concurrence.

26. Report of Committee on Building Department, recommending the passage of the following:—

Ordered, That the Building Commissioner be authorized to issue a permit to Aaron D. Weld estate to build, outside the building limits, a wooden building on Weld St., corner of Church St., Wd. 23, in excess of range allowed and without the intervention or construction of a brick wall, as required by the Ordinances, and in accordance with an application on file in the Building Department; said building to be occupied for a stable.

Report accepted; order passed in concurrence.

CONFIRMATION OF APPOINTMENT.

The Board proceeded to take up No. 27, unfinished business, viz:—

27. Action on the appointment submitted by the Mayor, of James C. Bell, to be a Measurer of Grain for the term ending April 30, 1900.

The question came on confirmation. Committee—Ald. McDonald and Colby. Whole number of ballots cast 10; yes 10, and the appointment was confirmed.

LEAVE TO PROJECT BAY WINDOWS.

The Board proceeded to take up No. 28, special assignment, viz:—

28. Report of Committee on Building Department (Aldermen) recommending that leave be granted to Arthur Murphy to project bay windows from buildings 365 and 369A Neponset Ave., and 2 and 2A Chickatawbut St., Wd. 24.

Committed to the Committee on Building Dept. (Ald.), on motion of Ald. Brick.

TRACKS ON ADAMS STREET.

The Board proceeded to take up No. 29, special assignment, viz:—

29. Order granting location to the West End Street Railway Company "to lay down, maintain and use double tracks on Adams St., beginning at Neponset Ave., and connecting with company's tracks on said avenue; thence on said Adams St. to a point (A) at or near (B) Minot St., (C) there connecting with other tracks asked for by said company, (D)" with the right to use the overhead electric trolley system thereon.

Ald. Codman has moved to amend said order by striking out the words between (A) and (B), and inserting instead "one hundred feet northerly from;" also by striking out the words between (C) and (D).

The question came on the adoption of Ald. Codman's amendment.

Ald. McDONALD—Mr. Chairman, I feel that I should oppose the amendment offered by the Alderman from Wd. 24. I believe the locations as asked for originally should prevail, because if this amendment passes, as I understand it, it will mean that no railroad will come into Dorchester at this point. Now, the people of Dorchester are very much in favor, as I understand it, of this service being given by the elevated railroad. The petition presented by that road last year I have now in my hand. As I understand it, there has been no petition sent in here to change the original plan of location which the elevated railroad asked for. Now, upon this petition is a list of the petitioners—F. J. Pierce, G. F. Pierce, Webster Treston, Edwin T. Scott, Frederick R. S. McDowell, Benjamin C. Boyd, E. T. Wheeler, N. Jacobs and Edwin Rosey, and from one hundred and fifty-two to two hundred other names. It seems to me, under the circumstances, as there is no great demand for this amendment, that it would be much better to have the location as originally asked for granted.

Ald. CODMAN—Mr. Chairman, I thought I fully explained my position at the last meeting, but, as I apparently did not, and as some members of the railroad committee have been on the spot with me and have seen exactly what I meant by my attempted explanation of last week—although the gentleman who has just spoken was not able to be there, I think—I hardly feel like trying to reply to what has been said. It is not that I want to prevent the West End Road from having a location, but that two corporations have appeared before this Board at some time during the summer and have asked for a location up Minot St. and thence across town. Now, unless this amendment is adopted the matter will be left in a very strange position. While the Committee on Railroads have had under consideration, and have given a number of hearings upon, the question of a cross town road, it is proposed to come into this Board and vote to give to one of the companies who is petitioning for a cross town road the privilege of so going across the location as asked for by the two companies as to make it impossible for any but one of the petitioners for the cross town road to obtain what they want.

I don't believe it is right or proper for members of this Board to vote for this location as originally petitioned for until the Committee on Railroads have committed themselves to either one or the other of the cross town locations. It is not to stop the location as asked for; it is not to prevent or allow any other road to come into Boston from any other direction. It is simply a question of whether it is not proper for the Railroad Committee to decide first which company it is going to allow to go across the outer edge of Dorchester. Then, if it is decided to allow the Boston Elevated to have the location there, this location can be connected with it.

If it is not so decided, the last one hundred feet of this location, unless they wish to terminate at a bank end there, does not amount to anything. As a matter of fact, some road will have to go down that way, and I don't doubt that they will. But I think it is simply a question of putting the cart before the horse, turning the whole matter over so as to block the possibility of a good, fair, square vote on the question. I am not personally committed to either of the cross-town petitioners, but I do feel that if you are going to settle the question of a cross-town route at all, it should be settled first. So, although the alderman from Dorchester (Ald. McDonald) apparently is opposed to me in this matter, I think we are fully agreed except on the question as to which order should be passed first. I hope the amendment will prevail, so that later we can, if necessary, extend this location to connect with the proposed tracks.

The amendment was declared rejected. Ald. Codman doubted the vote and asked for the yeas and nays.

The amendment was rejected, yeas 3, nays 8:—

Yeas—Ald. Adams, Codman, O'Toole—3.
Nays—Ald. Barry, Berwin, Colby, Day, Dixon, Doyle, McDonald, Presho—8.

The order was declared passed. Ald. Codman doubted the vote and asked for the yeas and nays.

The order was passed, yeas 11, nays 0. Ald. Codman moved to reconsider; lost.

APPOINTMENT OF CONSTABLE.

The Board proceeded to take up No. 30, on the table, viz:—

30. Action on the appointment of William H. Powers, to be a constable for the term ending April 30, 1900.

Ald. BERWIN—Mr. Chairman, I move reference of the matter to the Committee on Public Improvements.

Ald. ADAMS—Mr. Chairman, I would

like to ask the alderman's reasons for referring the matter at this time? It has been on the calendar now for several weeks, and I would like to hear some reason why it should not be acted on at the present time.

The appointment was referred to the Committee on Public Improvements.

ACCEPTANCE OF LOCATION.

A communication was received from the Norfolk Suburban Street Railway Co. accepting its 7th location and agreeing to comply with the conditions contained therein.

Placed on file.

CONSTABLE'S BOND.

The City Treasurer after duly approving of the same, submitted the constable's bond of James O'Connor.
Approved by the Board.

CLERK HIRE.

Thomas F. Temple, Register of Deeds, in accordance with the provisions of Sec. 2, Chap. 493 of the Acts of 1895, submitted a list certifying that persons had been employed in this office to the amount of 2238.85.

Approved by the Board.

BAY WINDOWS—ORDERS OF NOTICE.

On the following petitions for leave to project bay windows, viz:—

B. J. Connolly, one, southerly corner of Huntington Ave. and Kempton St., Wd. 19.

B. J. Connolly, one, northerly corner of Huntington Ave. and Kempton St., Wd. 19.

Orders of notice were passed for hearings thereon Monday, Dec. 11th, at 3 o'clock, P.M., when any parties objecting thereto may appear and be heard.

PROJECTIONS OF SIGNS, ETC.

Ald. DAY, for the Committee on Building Dept. (Ald.), submitted the following:—

(1) Reports on petitions (severally referred today), for leave to project signs, etc.—recommending that leave be granted, viz:—

Robert Reynolds, sign, 43 Warren St., Wd. 18.

Dwining & Dodge, illuminated sign, 153 Court St., Wd. 6.

J. H. Newbegin, sign, 852 Washington St., Wd. 9.

Raphael Nazzaro, illuminated sign, 282 North St., Wd. 6.

Chang Toy and Sam Yick, sign, 9½ Cambridge St., Wd. 8.

Rosary Ciccolo, barber pole, 35 Beach St., Wd. 7.

Upham's Corner Universalist Church, temporary transparency, Wheelock Hall, Columbia Road.

William A. Beckett, illuminated sign, 7 North Anderson St., Wd. 8.

William Beeching & Co., sign, 3 John St., Wd. 6.

Ira P. Pope, sign, 82 Lincoln St., Wd. 7.

Frank Landino, sign, 20 South Margin St., Wd. 8.

J. J. Delaney, illuminated sign, 1651 Washington St., Wd. 12.

Echel Herman, a pawnbroker's sign, 158 Merrimac St., Wd. 8.

Braman, Dow & Co., to project an iron beam to be used as a tram-way to facilitate the loading of teams from Middleford St. side of building 230-243 Causeway St. Reports severally accepted; leave granted on the usual conditions.

(2) Reports on petitions to project signs, etc.—that the petitioners be given leave to withdraw, viz:—

John Marks (referred today), sign, 213 Washington St., Wd. 6.

J. C. Pineo (referred today), pole on which to display a flag, 643 Warren St., Wd. 21.

Joseph Aronson (referred Nov. 8), pole on which to hang clothing, 5 Salem St., Wd. 6.

Wolf Moskovitch (referred Nov. 8), pole on which to hang clothing, 10 Salem St., Wd. 6.

Morris Cohen (referred Nov. 8), pole on which to hang clothing, 24 Salem St., Wd. 6.

Philip Cohen (referred Nov. 8), pole on which to hang clothing, 38 Salem St., Wd. 6.

Hyman Levenson (referred Nov. 8), pole on which to hang clothing, 59 Cross St., Wd. 6.

Isaac Rosen (referred Nov. 17), for leave to suspend clothing on the outside of store 19 Cross St., Wd. 6.

Accepted.

WOODEN BUILDINGS.

Ald. DAY, for the Committee on Building Dept., submitted a report on the petition of Alfred D. Perron (referred Nov. 17) for leave to build a wooden building on rear of Gardner St., Wd. 23.—Recommending the passage of the following:—

Ordered, That the Building Commissioner be authorized to issue a permit to Alfred D. Perron to build, outside the building limits, a wooden building on rear of Gardner St., Wd. 23, in excess of range allowed and without the intervention of construction of a brick wall as required by the ordinances, and in accordance with an application on file in the Building Department; said building to be occupied for an ice-house.

Report accepted; order passed. Sent down.

CLAIMS.

Ald. COLBY, for the Committee on Claims, submitted the following:—

(1) Reports on petitions—that the petitions be given leave to withdraw, viz.:

Clifford Devens (referred last year), to be paid balance remaining from tax sale of estate on Dudley Ave., Wd. 23.

Alice E. Gould (referred April 3), for compensation for damage to estate 63 Beech Gen St.

Edmund T. Lamb (referred July 17), for compensation for damage to horse caused by an alleged defect in Columbia Road.

Charles A. Fernald (referred Nov. 17), to be paid for professional services.

Margaret E. McNealy (referred Aug. 1), for compensation for personal injuries from a fall caused by snow and ice on Centre St. (as the city is not liable).

Robert Hodson, Jr., 4 petitions (referred May 22), for compensation for damage to estates, 366 Princeton St., 341 East Eagle St., 368 Princeton St. and corner of East Eagle and Princeton Sts., caused by alleged defective construction of a sewer (as suit has been entered against the city).

Henrietta Stowell (referred Nov. 8), to be paid for constructing a wall at Sweet Brook (as the claim has been outlawed).

Supreme Council of the Royal Arcanum (referred June 12), to be refunded the amount paid as a sewer tax (as the committee has no jurisdiction).

John Sullivan (referred July 17), to be refunded the amount of sewer taxes paid under protest (as the committee has no jurisdiction).

Reports severally accepted. Sent down.

(2) Report on the petition of Louisa Dorr (referred Nov. 8), for compensation for land taken for sewer purposes between Hewlett and Mozart Sts.—Recommending reference to the Committee on Public Improvements.

Report accepted; said reference ordered. Sent down.

(3) Report on the petition of Malachi Lennon (referred Nov. 8), for compensation for damage to estate caused by change of

grade of Blue Hill Ave.—Recommending reference to the Board of Street Commissioners.

Report accepted. Sent down for concurrence in reference.

NOTICE OF MUNICIPAL ELECTION.

Ald. McDONALD offered an order—That the City Clerk be directed to give notice, by advertising the same as required by law, that meetings of the male citizens of this city, qualified to vote for city officers, will be held in the several polling places heretofore designated for the purpose by the Board of Election Commissioners, on Tuesday, the twelfth day of December next, for the election of a Mayor to serve for two years; also a Street Commissioner to serve for three years; also thirteen Aldermen, one in each Aldermanic District, except in the fourth and ninth Aldermanic districts in each of which last named districts two will be chosen,—all to serve for one year; also eight members of the School Committee to serve for three years; and for three members of the Common Council to serve for one year; also to give in their votes Yes or No in answer to each of the three following questions:—

"Shall chapter 393 of the Acts of the year 1899, entitled 'An Act to authorize the replacing of street car tracks on Boylston and Tremont Sts. in the City of Boston' be accepted?"

"Shall chapter 344 of the Acts of the year 1899, entitled 'An Act to make eight hours a day's work for city and town employees,' be accepted?"

"Shall licenses be granted for the sale of intoxicating liquors in this city?"

The City Clerk is also directed to give notice, as aforesaid, that meetings of the female citizens of this city, qualified to vote for School Committee, will be held on the same day and in the same places, to give in their votes for eight members of the School Committee to serve for three years.

The polls at said meetings will be opened at six o'clock A.M. and closed at four o'clock P.M.

Passed.

DEVELOPMENT OF HARBOR.

Ald. DAY offered an order—That His Honor the Mayor be requested to petition the next General Court for such legislation as will cause by the Commonwealth of Massachusetts the development of the channel or channels of Boston Harbor to such width and depth as will permit any ship now built or building entrance to the Port of Boston with safety and convenience.

Ald. DAY—Mr. Chairman, in the matter of widening the channel in Boston Harbor, the natural channel is on the water front of East Boston, and if there is to be any future development in the dock facilities of the port of Boston it will have to be in East Boston, as evidenced by the appropriation already made for the state docks there. But I do not present that order in behalf of the district I represent, but for the whole city of Boston and the whole State of Massachusetts. The Merchants' Assn. is holding meetings, adopting resolutions, sending committees to Congress and messages to the Congressmen, and every Congressman is getting up and telling how much he has done for the Harbor of Boston, or how much he is going to do. But it seems to me they are getting at it in the wrong way. This is something that the State itself ought to do. Since the formation of this Government the national government has only contributed three million dollars towards the development of Boston Harbor; and the great wealthy State of Massachusetts ought not to go to Washington begging a pittance from the national government, but should take hold and do that work itself. There has been so much discussion in the newspapers and among the dif-

ferent associations, that I think there can be no question that it is an absolute necessity for the commerce of Boston that the channel shall be widened and deepened. Only last week I read in one of the newspapers that the Cunard Company had notified the Merchants' Assn. that it could not send its two new ships here to Boston, because the channel is dangerous. It should be a matter of civic pride on the part of the citizens of Boston to say that there is no ship built or building but what can enter the port of Boston with entire safety. The State of Massachusetts has spent millions upon millions for parks and for boulevards to connect these parks, and for state highways in order that the traffic from the country districts to the city may be carried on safely and nobody, even here in Boston, objects, even though we pay nearly one-half the state tax. I think we all agree that such things are along the lines of state socialism, and that they are good things. But if these are good things, it seems to me it is a great deal better that the State of Massachusetts shall provide a safe pathway for the commerce of the world.

Ald. PRESHO—Mr. Chairman, I am favorable to the main idea contained in the gentleman's order, but it seems to me surprising that we should ask the State of Massachusetts to do this, when all over the rest of the United States the government is doing this work at enormous expense. The New York channel is now being deepened and widened at a very great expense, so as to accommodate the steamers of the future, the steamers they expect to have, seven hundred, eight hundred or nine hundred feet in length, and of corresponding tonnage. I don't really know what the gentleman's idea is in not asking the Union, the Congress of the United States, to give us our share. It seems to me money is being spent by the government for these purposes in New York, in San Francisco, in every small port on the southern coast, and that we at the present time in Massachusetts, needing money for this purpose, should ask the United States Government for it. It is proper that the United States Government should grant money to Boston for this work. There is a tremendously large river and harbor loan bill passed every year, involving anywhere from ten million dollars to twenty million dollars, and sometimes a great deal more, for these very purposes, and a great deal of it goes to small places. It does strike me that Massachusetts, through her two senators and her congressmen, should have her share in this improvement, and should have the channel deepened, so that it will be safe and practicable for large vessels to enter the harbor. There is no reason why New York should receive almost all the Atlantic seaport commerce in connection with the European trade. Boston should make a very determined bid for it, and the only thing to do is to make the United States Government feel that New England, with her railroads coming through Canada and New York State, should have an outlet here in Boston. I think it would be a good idea for the gentleman to withdraw his resolution, and I will cheerfully support any resolution demanding of our congressmen that they further this matter in Congress. I don't see why the socialistic idea should tend so far as to ask the State to do this, proposing that the State of Massachusetts do what the United States should do. The United States is spending a vast amount of money for just such work. Anyone looking over the river and harbor loan bill will be surprised at the immense amount of money that is spent and the way it is concentrated in certain places. I don't see why we should not have more of it concentrated right here in Boston.

Ald. DAY—Mr. Chairman, the reason why I have introduced this is that there are already built ships that cannot enter Boston Harbor. The national government only provides a port sufficient to carry

foreign commerce, and it cares nothing for the port of Boston. Congress had just as soon all the traffic should go to New York, even if it does not prefer it. It has already appropriated money to make New York Harbor wider and deeper than our harbor here. If we are going to wait for an appropriation in the river and harbor bill, or anything of that kind, it will be a long, tedious wait. The State of Massachusetts, the city of Boston, must see to it that that channel is deepened and widened, if we are going to have our share of the business. I think instead of waiting for the national government to do it, that the state should go ahead and do it, and do it at once. If this is passed, and the Mayor backs it up, as I believe he will do, we can get the money appropriated. It will be only a few months before the Legislature meets, and within about six months work can be under way. If you wait for the national Congress to act, it may never act, and even if it does act as quickly as possible it will mean a long delay.

Ald. PRESHO—Mr. Chairman, when our representatives are working as hard as they can to accomplish this thing, I don't think we should throw an obstacle like this in their way. They are knocking at the doors of Congress for money for Boston harbor, and if this is passed they will simply be told "Your state is going to do this." It seems to me rather absurd to say that this cannot be accomplished through the United States Government. We have a dock in Boston 800 feet long, capable of holding any vessel that will be built in the next ten or twenty years. Now, why should not the government, in order to be consistent, take further action? Certainly it will place itself in an absurd position if it does not take action towards admitting large vessels to the harbor. If they have looked so far ahead that they can see that it is necessary to have a dock eight hundred feet long, to be logical they must have a channel through which the vessels can come. I am told that a vessel eight hundred feet long cannot come up this harbor, cannot come any farther than President Roads. It seems to me that action such as is proposed here will be embarrassing our representatives. The fact that much has been accomplished for Boston at a very recent date, that there has been work in the way of widening and deepening the channel to accommodate the trade, is a guarantee that the government is looking after Boston and will see far enough ahead to realize that we must have a better port here. I am not willing to admit that our Congressional delegation, composed of two Senators and a large number of Congressmen, is not able to take care of this. I should feel that it was a great confession of weakness if we say that the Massachusetts Congressmen cannot hold their own with those of any state in the Union. I feel some interest in this, and I hope it will go to the Committee on Public Improvements, to consider it more fully. I move its reference to that committee.

The order was referred to the Committee on Public Improvements.

COUNTY OF SUFFOLK.

Ald. BRICK, for the Committee on County Accounts, submitted the following:—

(1) Report on the petition of the Board of Index Commissioners (referred Sept. 15), for an appropriation for continuing the work of making indices for the Suffolk Registry of Deeds—recommending the passage of the following:—

Ordered, That the Board of Index Commissioners for the County of Suffolk is hereby authorized to expend a sum not exceeding eight thousand dollars in the preparation of new consolidated and classified descriptive indices to Suffolk Deeds,

said sum to be charged to the appropriation for the County of Suffolk.

Report accepted; order passed.

(2) Report on the petition of Charles P. Johnson (referred last year), for payment for services as court officer in West Roxbury, from Feb. 14 to June 1, 1881—recommending the passage of the following:—

Ordered, That there be allowed and paid to Charles P. Johnson the sum of Two Hundred and Thirty-three Dollars and Thirty-three Cents, being a payment for services as court officer, pro tem., at the Municipal Court of the City of Boston for the District of West Roxbury, from February 14 to June 1, 1881; said sum to be charged to the appropriation for the County of Suffolk.

Report accepted; order passed.

AWNING AT CASTLE SQ. THEATRE.

Ald. BERWIN offered an order—That permission be granted to Reuben Nye, Executor, to project a permanent awning over the entrance of the Castle Square Theatre, for the protection of patrons entering and leaving the theatre; said awning to be made of iron and glass, to be ten feet at least above the sidewalk, to be twenty feet in width, and to project the width of the sidewalk.

Referred to the Committee on Public Improvements.

CONVEYANCE OF LAND.

Ald. DAY offered an order—That the Fire Commissioner, with the approval of His Honor the Mayor, be and he hereby is authorized in the name and behalf of the City, to convey to the owner of the estate next west of and adjoining the estate known as the Fire Department Headquarters' Building, on Bristol St., a narrow strip of land and so much of the wall of said building as stands thereon, in return for a conveyance from such owner of a parcel of land four (4) feet square adjoining the land of the City, and to make such agreements in regard to the use of the wall now built, or hereafter to be built, between the said estates, as a party wall or otherwise, as seem for the best interests of the City.

Passed. Sent down.

A RECESS TAKEN.

The Board voted, on motion of Ald. Codman, at 4.21 o'clock, p. m., to take a recess subject to the call of the Chairman.

The members of the Board reassembled in the Aldermanic Chamber and were called to order at 5.20 o'clock, p. m., by the Chairman.

LICENSES.

Ald. COLBY, for the Committee on Licenses, submitted the following:—

(1) Reports recommending that licenses be granted on petitions referred today, viz:

Morgan Chapel Day Nursery for a permit for Ross Skinner and other children under fifteen years of age to appear at Music Halls in the afternoons of November 29 and 30 and Dec. 2.

E. R. Buffinton, for a license for hall at 67 Warren St., Roxbury, for literary, musical and dramatic entertainments and dancing for the season ending August 1, 1900.

Dorchester Woman's Club House Association, for a license for dramatic, musical and social entertainments at its club-house on Centre St., Dorchester, for the season ending August 1, 1900.

Rev. Arthur T. Conolly, for a license for literary, musical, dramatic and dancing entertainments at Columbia Hall, 363 Centre St., for the season ending August 1, 1900.

Trustees of Norfolk Lodge for a license

for musical, dramatic, literary and dancing entertainments at Norfolk Hall, 323 Washington St., Dorchester, for the season ending August 1, 1900.

Catholic Union of Dorchester and Milton, for a license for musical, dramatic, literary and dancing entertainments at the hall of said Union, 24 River St., for the season ending August 1, 1900.

Reports accepted, licenses granted on the usual conditions.

(2) Reports recommending that minors' licenses be granted to 21 newsboys and one flower vender.

Reports accepted, licenses granted on the usual conditions.

FANEUIL HALL.

Ald. CODMAN, for the Committee on Faneuil Hall, etc., submitted reports recommending that leave be granted on petitions referred today, as follows:—

Bunker Hill Chapter, D. A. R., for the use of Faneuil Hall on the afternoon and evening of January 1, 1900.

Public School Association, for the use of Faneuil Hall, on Dec. 8, at noon.

Reports accepted, leave granted on the usual conditions.

ELECTRIC WIRES.

Ald. DOYLE, for the Committee on Electric Wires, submitted reports, on petitions referred today, recommending the passage of orders of notice for hearings on Monday, Dec. 4, at 3 P.M., when any parties who object to the petition may appear and be heard, as follows:—

The N. E. Tel. & Tel. Co. of Mass., for leave to erect and to remove poles on Mansfield St., Wd. 25.

Same company, for leave to erect poles in Spring Park Ave.

Same company, for leave to erect poles in Wolcott, Seaver, Erie, Summer and Quincy Sts.

Same company, for leave to erect poles in Washington St., Wds. 20-24.

Same Company, for leave to erect and to remove poles in Blue Hill and Geneva Aves.

Same Company, for leave to erect and to remove poles in South St., Wd. 23.

Same company, for leave to erect and to remove one pole on East Cottage St., Wd. 17.

Charlestown Gas and Electric Company, for leave to erect two poles on Park St., Wd. 5.

Reports accepted, said orders of notice passed.

PUBLIC IMPROVEMENTS.

Ald. O'TOOLE, for the Committee on Public Improvements, submitted the following:—

(1) Reports on petitions referred today recommending that leave be granted as follows:—

Samuel Ward Company, to place storm doors, swinging outward, at 49 Franklin St., Wd. 7.

Harry Myers, to project an illuminated sign at 106 Court St., Wd. 6.

Reports accepted, leave granted on the usual conditions.

(2) Reports on the order (referred today) to petition for legislation for development of channel of Boston Harbor—recommending that the same pass.

Report accepted, said order passed. Sent down.

(3) Report on the appointment of William H. Powers as constable in place of Edward J. Holland, removed,—that the same be returned to the Board of Aldermen for its action.

The report was accepted, and the question came on the confirmation of the appointment.

Committee, Ald. Day and Berwin. Whole

number of ballots 8; yes 8, and the appointment was confirmed.

(4) Report on the petition of Samuel Malkiel (referred today), for leave to place a sign on an unused lamp-post at 7 Post Office Sq., Wd. 6,—that the petitioner have leave to withdraw.

Report accepted, petitioner given leave to withdraw.

(5) Report on petitions referred November 17, recommending the passage of orders that the Superintendent of Streets make sidewalks, to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, owner to furnish material, as follows:—

M. Scheffren, 127-133 Moreland St. and 49 Dennis St., Wd. 17, artificial stone, with granite edgestone.

M. Scheffren, 19-29 Huckins St., Wd. 17, artificial stone, with granite edgestone.

Charles R. Marsh, 229 Highland St., Wd. 22, brick, with granite edgestone.

Anna Rome, 14-16 Morris St., Wd. 1, brick, with granite edgestone.

J. D. Steuer, 811 Beacon St., Wd. 11, gravel, with granite edgestone.

Samuel W. Johnson, 149 West 8th St., Wd. 13, brick, with granite edgestone.

John J. Martin, 178-180 Eighth St., Wd. 15, brick, with granite edgestone.

Aug. Huckins, 17 Huckins St., Wd. 17, brick, with granite edgestone.

Henry M. Leen, 87-89 Bowdoin Ave., Wd. 20, gravel, with granite edgestone.

Walter Baldwin, 10-16 Minden St., Wd. 22, brick.

Reports accepted, orders severally passed.

(6) Reports (on petitions referred today) recommending the passage of the following:—

(a) Ordered, That the Superintendent of Streets be authorized to issue a permit to Mrs. I. J. O'Toole to lay, maintain and use an iron pipe (1¼ in.), with a screw cover attached thereto, under and across the sidewalk in front of estate No. 874 Harrison Ave., Wd. 12; the work to be completed on or before Dec. 31, 1899, according to the terms and conditions expressed in the ordinances of the city relating thereto.

(b) Ordered, That the Superintendent of Streets be authorized to issue a permit to John C. Haynes to lay, maintain and use a 1¼ inch iron pipe, with a screw cover attached, under and across the sidewalk in front of estate No. 333-335 Warren St., Wd. 21; the work to be completed on or before Dec. 31, 1899, according to the terms and conditions expressed in the ordinances of the city relating thereto.

(c) Ordered, That the Superintendent of Streets be authorized to issue a permit to Cutting, Bardwell & Co. to erect, maintain and use one guy post, with ropes attached thereto, in and over Congress St., at or near the corner of A St., Wd. 13; the work to be completed on or before Dec. 31, 1899, according to the terms and conditions expressed in the ordinances of the City relating thereto.

(d) Ordered, That the Superintendent of Streets be authorized to issue a permit to M. J. McKenna to construct, maintain and use a bulkhead opening 5 ft. by 3½ ft., with wooden cover, under and in the sidewalk in front of estate No. 99-101 Washington St., corner Austin St., Wd. 5; the work to be completed on or before Dec. 31, 1899, according to the terms and conditions expressed in the ordinances of the City relating thereto.

(e) Ordered, That the Superintendent of Streets be authorized to issue a permit to Frank G. Coburn & Co. to stretch, maintain and use guy ropes over and across Eutaw, Trenton, Brooks and Marion Sts., Wd. 1, for use in constructing the Chapman School Building; the work to be completed on or before Dec. 31, 1899, according to the terms and conditions expressed in the ordinances of the City relating thereto.

(f) Ordered, That the Superintendent of

Streets be authorized to issue a permit to J. J. & P. M. Ahern to move a wooden building, pitch roof, 30 feet in length, by 48 feet in width, by 34 feet in height, from Orchard Pl., corner of Boston St., across Boston St. and along Clapp St., to No. 11 Clapp St., Wd. 16, on the terms and conditions expressed in the ordinances of the City relating thereto.

Reports accepted; orders passed.

(7) Report on the petition of Wm. H. J. Stone (referred Nov. 17) recommending the passage of the following:—

Ordered, That the Superintendent of Streets be authorized to issue a permit to William H. J. Stone, to construct, maintain, and use an area, 25 in. square, with an opening 12 in. in diameter and iron cover of rough upper surface, under and in the sidewalk in front of estate on Corinth St., at the corner of Poplar St., Wd. 23; the work to be completed on or before Dec. 31, 1899, according to the terms and conditions expressed in the ordinances of the city relating thereto.

Report accepted; order passed.

(8) Report on the order for the appointment of a special committee to request the Mayor and the Cemetery Trustees to revoke the permit granted to the Victorian Club to erect a monument on Boston Common (referred today)—that the order ought to pass.

The report was accepted and the order was passed.

The CHAIRMAN—The Chair will appoint Ald. Dixon, Adams, Day, Colby and Doyle as said committee.

Ald. COLBY—Mr. Chairman, I don't know anything about that matter, and I don't know that I care to serve on that committee.

Ald. ADAMS—Mr. Chairman, I shall decline to serve on that committee I would have voted against it if I had been here in the Board.

The CHAIRMAN—The Chair will appoint Aids. Berwin and Codman to take the place of the two aldermen who have declined to serve.

Ald. CODMAN—Mr. Chairman, I am very sorry not to be able to accept such a courtesy at the hands of the Chair, but I shall decline to serve on that committee.

Ald. COLBY—Mr. Chairman, with reference to this matter I must say that, as the matter lies in my mind, I think the Board has passed an order which has some sentimental bearing without a great deal of consideration. I move a reconsideration of the vote whereby the Board voted to appoint that committee.

The CHAIRMAN—The order was passed. The question now comes on reconsideration.

Reconsideration was declared lost.

Ald. COLBY—Mr. Chairman, I doubt the vote. I was going to explain my motion. I intended simply to assign this to the next meeting, so as to allow the matter to have a little more consideration.

The motion to reconsider was lost, yeas 5, nays 7.

Yeas—Ald. Adams, Berwin, Codman, Colby, Presh—5.

Nays—Ald. Barry, Brick, Day, Dixon, Doyle, McDonald, O'Toole—7.

The CHAIRMAN—The Chair will appoint Ald. Codman and Berwin to make up the Committee of Five.

Ald. CODMAN—Mr. Chairman, I thought the Chair understood me when I said I aporeclated the honor conferred upon me by the Chair, but d'id not feel like serving. I agree with Ald. Colby that this is a sentimental question, something I never have entered into in the Board, and something that I don't know that I should enter.

The CHAIRMAN—The Chair will appoint Ald. Brick.

Ald. BERWIN—Mr. Chairman, in line with the apology and excuses offered by the other members of the Board, I also desire to thank the Chair for having placed me on that committee, but to say that I will hardly be able to serve. If I may be permitted to take up the time of the Board,

I will say that this brings me back to the original proposition. We are practically making a ridiculous matter of a matter that has some sentimental seriousness. We have, in the first place, passed an order in the Board which practically places the Board on record. That, it seems to me, is all we should do in the matter. It is entirely in the hands of the Mayor and the trustees of the cemetery, and if they do not want to do anything the Board can stand on its head and it will make no difference. That is the whole situation. It is really too serious and important a matter to be trifled with as the Board is trifling with it this afternoon.

The CHAIRMAN—Does the Chair understand the alderman to wish to remain on the committee?

Ald. BERWIN—If it is any favor to the Chair, I will withdraw my objection.

Ald. BRICK—Mr. Chairman, the Chair has seen fit to honor me by appointing me on the committee. I am not heartily in favor of the resolution, and have not given it a great deal of thought. I don't think it carries with it the weight it should carry. I don't think the sentiment expressed is a wholesome one, and I think the resolution has in it elements dangerous and not fair. I will, however, serve on the committee. But I want to say that I do not serve very whole-heartedly.

The committee, as finally made up, stood

as follows: Ald. Dixon, Day, Doyle, Berwin and Brick.

REMOVAL OF TREES.

Ald. DOYLE offered an order—That the Superintendent of Public Grounds be and he hereby is requested to remove two trees standing in the sidewalk in front of 549 East Fifth St.; the expense of the same to be charged to the appropriation for Public Grounds Department.

Passed.

SKATING ON PLAYGROUND.

Ald. DOYLE offered an order—That the Park Commissioners be requested to flood for skating purposes during the coming winter season the land in the rear of the Boston Base-ball grounds recently acquired for playground purposes.

Passed. Sent down.

GENERAL RECONSIDERATION.

Ald. DIXON moved to reconsider the action on all reports and orders submitted today which had not already been reconsidered; lost.

Adjourned, on motion of Ald. Berwin, at 5.36 p. m., to meet on Monday, Dec. 4, 1899, at 3 p. m.

CITY OF BOSTON.

Proceedings of the Board of Aldermen.

Monday, Dec. 4, 1899.

Regular meeting of the Board of Aldermen, held in the Aldermanic Chamber, City Hall, at 3 o'clock P.M., Chairman Barry presiding and all the members present.

The Board voted, on motion of Ald. Colby, to dispense with the reading of the records of the last meeting.

SALE OF SCHOOL LOT.

The following was received:—

Mayor's Office, City Hall,

Boston, Nov. 28, 1899.

To the City Council:—

I transmit herewith an order passed by the School Committee surrendering the Paul Gore street lot, Jamaica Plain, and recommend the passage of the accompanying order. Respectfully,

Josiah Quincy, Mayor.

City of Boston, in School Committee.

June 13, 1899.

Ordered, That the Paul Gore street lot, in Jamaica Plain, be surrendered to the City Council for immediate sale, the said lot being no longer required for school purposes, and that the proceeds of such sale be appropriated for the purpose of adding six additional rooms upon the Wyman school in the Lowell District.

Passed.

A true copy.

Attest:

Thornton D. Apollonio, Secretary.

Ordered, That the Board of Street Commissioners be authorized to sell the Paul Gore street lot, in Jamaica Plain, surrendered by the School Committee on June 13, 1899, as being no longer required for school purposes.

Referred to the Committee on Public Improvements.

ILLUMINATED SIGN—VETO.

The following was received:—

Mayor's Office, City Hall,

Boston, Dec. 4, 1899.

To the Board of Aldermen:—

I return herewith without my signature a vote passed by your Board at its last meeting granting permission to George M. Potter to project an illuminated sign three feet from the building at 2143 Washington Street.

As stated by me in former communications, I am of the opinion that two feet is the utmost limit to which illuminated signs should be allowed to project from buildings, and this limit has been adhered to in the past.

Respectfully submitted,

Josiah Quincy, Mayor.

The vote whereby the permit was granted was reconsidered, and the question came on granting permission, the Mayor's veto to the contrary notwithstanding. The Board refused to grant permission over the Mayor's veto, the vote being yeas 0, nays 8.

PROCEEDINGS AGAINST GARBAGE

PLANT—VETO.

The following was received:—

Mayor's Office, City Hall,

Boston, Nov. 29, 1899.

To the Board of Aldermen:—

I return herewith without my approval the order passed by your Board assuming to direct the Board of Health and the City Solicitor to take legal proceedings against the New England Sanitary Product Company in relation to the business carried on by it, under its contract with the city, at

Cow Pasture. An order of this character should clearly be passed by both branches of the City Council before it can have any effect, and such an order passed by a single branch can have no effect except as an expression of its opinion.

But, aside from this objection to the order in the form in which it comes to me, I may as well state that I should not be prepared to approve it at the present time, even if it had been passed by both branches. The report of the Board of Health, to which the order refers, was made several months ago, and, without admitting that conditions even at that time were such as to constitute a legal nuisance, I am satisfied that they have now very greatly improved, if, indeed, all grounds for reasonable complaint has not been substantially removed. At the present time the residue or tankage which remains after the grease has been extracted is being burned within the building, instead of loaded upon scows and towed away, and I believe this has done away with one source of trouble under certain atmospheric conditions. From the best information which I can obtain I do not believe that this plant is being conducted at the present time "in a manner objectionable to public health and comfort," and I therefore do not believe there is sufficient ground for the legal action proposed.

My general position in regard to the operation of this plant was fully expressed in my message to your Board under date of October 30th, and I need not go over the ground again in acting upon this order. I may add that it seems to me that the time immediately preceding a municipal election is the worst that could be selected for pressing a matter of this character, which should be dealt with by entire impartiality, and with due deliberation.

Respectfully submitted,

Josiah Quincy, Mayor.

Referred to the Committee on Public Improvements, on motion of Ald. Adams.

POLES ON COTTAGE ST.—VETO.

The following was received:—

Mayor's Office, City Hall,

Boston, Nov. 29, 1899.

To the Board of Aldermen:—

I return herewith without my approval the order passed by your Board rescinding its former order granting permission to the Postal Telegraph Cable Company to locate 13 poles on West Cottage St. The location of these telegraph poles on this street was recommended by the Wire Commissioner, in substitution for the poles on Columbia Road, which had to be removed, and it hardly seems to me proper to compel the company to take down new poles, erected under authority granted by your Board only last July. I believe, furthermore, that if this location is to be rescinded, some other alternative location should be provided at the same time, in order that there may be no interruption in the through business of this company, for which these poles are used. I have been unable to inspect these poles as located, so as to give due weight to the objections which are urged against them, but it seems to me that no serious harm can result from allowing this matter to be taken up again by the next Board of Aldermen. Respectfully submitted,

Josiah Quincy, Mayor.

Referred to the Committee on Public Improvements, on motion of Ald. Codman.

NORTH END RELIEF STATION.

The following was received:—

Mayor's Office, City Hall,

Boston, Dec. 4, 1899.

To the City Council:—

I transmit herewith a communication from the President of the Board of Trustees of the City Hospital, requesting that the boundaries of the portion of the lot of land transferred to the city by the

Boston Transit Commission, under the provisions of chapter 347 of the Acts of 1897, which was placed under the charge of the Hospital Department, be fixed by you, and I recommend the passage of the accompanying order, accomplishing this purpose.

Respectfully submitted,

Josiah Quincy, Mayor.

Boston City Hospital,

Boston, Mass., Dec. 4, 1899.

Hon. Josiah Quincy, Mayor of the City of Boston.

Sir:—In compliance with your request, and in accordance with the vote of the Honorable City Council, approved by yourself Nov. 29, 1899, I have the honor to state that the portion of land desired by the Trustees of the Hospital for the purpose of constructing a Relief and Ambulance Station, is as follows: The parcel of land transferred to the City of Boston by the Boston Transit Commission under the provisions of Chap. 347 of the Acts of 1897, bounded as follows: On the west by Canal St.; on the south by Haymarket Sq.; on the east by the land of the Boston Elevated Railway Company, and on the north by a line parallel to the line on Haymarket Sq., and 120 feet therefrom.

I transmit herewith a blue print of the land that reverted from the Boston Transit Commission to the City of Boston, and the portion desired by the Trustees is that included in the bright red tracing.

I have the honor to be your obedient servant,

A. Shuman,

President of the Trustees.

Ordered, That the boundaries of the lot of land placed by an order approved Nov. 29, 1899, under the charge of the Trustees of the Boston City Hospital, to be used for the erection thereon of a relief ambulance station, be fixed and approved as follows: On the west by Canal St., one hundred twenty (120) feet, on the south by Haymarket Sq., fifty-nine (59) feet, on the east by the westerly wall of the subway, and on the north by a line parallel to, and distant one hundred twenty (120) feet from Haymarket Sq.

Passed. Sent down.

APPOINTMENTS BY THE MAYOR.

Communications were received from His Honor the Mayor, submitting the following appointments subject to approval and confirmation on the part of the Board, viz:—To the Board of Aldermen:—

I hereby appoint: (1) Edmund Billings, an Overseer of the Poor in the city of Boston, for the term ending April 30th, 1902.

(2) Joseph Rourke, a measurer of grain and inspector of pressed and bundled hay and straw, for the term ending April 30, 1900.

Severally laid over under the law.

HEARINGS AT 3 O'CLOCK.

1. On petition of the Charlestown Gas and Electric Company for leave to erect two poles on Park St., Wd. 5.

On petitions of the New England Telephone and Telegraph Company of Massachusetts, viz:—

2. For leave to erect and to remove one pole on East Cottage St., Wd. 17.

3. For leave to erect and to remove poles in Blue Hill and Geneva Aves., Wds. 20 and 21.

4. For leave to erect poles on Wolcott, Seaver, Erie, Summer and Quincy Sts., Dorchester.

5. For leave to erect and to remove poles in Washington St., Wds. 20 and 21.

6. For leave to erect poles in Spring Park Ave., Wd. 22.

7. For leave to erect and to remove poles in South St., Wd. 23.

8. For leave to erect and to remove poles in Mansfield St., Wd. 25.

No objections. Severally recommitted to the Committee on Electric Wires.

PETITIONS REFERRED.

The following petitions were received, and were referred to the committees named:—

Building Dept. (Ald.)

Petitions for leave to project signs, etc., viz:—

Henry Gediman, a campaign transparency, at 50 Leverett St., Wd. 8.

Pierce J. Grace, an illuminated sign, at the Columbia Theatre, over Motte St., Wd. 9.

Dominio La Grotto, two barber poles and a sign, at 46 Staniford St., Wd. 8.

Charles A. Heintz, a sign, at 10 E. Springfield St., Wd. 12.

Rupert W. Parker, an illuminated sign, at 1641 Washington St., Wd. 12.

G. W. Watts, jr., two barber poles, at 87½ Joy St., Wd. 11.

Pitts, Kimball Co., two Christmas trees, at 609-615 Washington St., Wd. 7.

Wm. S. Milligan, an illuminated sign, at 699 Atlantic Ave., Wd. 7.

Henry Parker, an illuminated sign, at 26 Bromfield St., Wd. 7.

T. F. McCarthy, an illuminated sign, at 603 Washington St., Wd. 7.

B. Sommer & Co., an illuminated sign, at 44 Winter St., Wd. 7.

G. H. Worcester & Co., an illuminated sign, at 27 Exchange St., Wd. 6.

Simon Davidson, an illuminated sign, at 18 Temple Pl., Wd. 7.

Daniel J. Byrne, a campaign transparency, at junction of Lamartine and Boylston Sts., Wd. 22.

Claims.

Maurice Reardon, to be paid for panes of glass at 46-48 Sudbury St., broken by a fire engine.

Owners of the Schooner Jerusha Baker, for compensation for damages to said schooner caused by the ferryboats Hugh O'Brien and Revere.

Elizabeth O. Hanlon, for compensation for personal injuries caused by an alleged defect in Salem St., Charlestown.

Michael Friel, to be paid for awning at 25 Sudbury St., destroyed by a fire engine.

Mary T. Morrison, for compensation for damages to carriage caused by being run into by a fire department wagon.

O. Carlsson, for compensation for personal injuries caused by alleged defect in Tremont St., Roxbury.

County Accounts.

Board of Index Commissioners, for an appropriation of \$6000 for the annual indices in the Suffolk Registry of Deeds.

John T. Hassan et als., that the twelfth volume of Suffolk Deeds be printed.

Electric Wires.

Petitions of The New England Telephone and Telegraph Co. of Mass., viz:—

For leave to erect and to remove poles on E. Concord St., Wd. 12.

For leave to erect poles on Stoughton St., Wd. 20.

For leave to erect poles on McLellan St. and Newport St., Wd. 20.

For leave to erect poles on Parker St., Wd. 4, Catawba, Sherman and Dale Sts., Wd. 21.

Faneuil Hall Etc.

Republican City Committee, for the use of Faneuil Hall on December 11, at noon.

Supt. of Public Grounds.

John C. Gerwe, for the trimming of a tree at 10 Mercer St., S. B.

Robert B. Williams et al., trustees, for removal of two trees on Eastman St., in rear of 664 Columbia road.

Thos. J. Lundy, for the trimming of a tree at 312 East Eighth St., Wd. 15.

Licenses.

Charles W. Pierce, for a license for literary, musical, dramatic and dancing entertainments at Red Men's Hall, 7

Chestnut Hill Ave., for the season ending August 1, 1900.

A. L. Griffin, for a permit for Gussie Hunt, under 15 years of age, to appear at the Bowdoin Square Theatre, during the week commencing December 4, 1899.

A. L. Griffin, for a permit for Gussie Hunt, under 15 years of age, to appear at the Grand Theatre, during the week commencing December 11, 1899.

Matthew A. Divver, for a license to give dramatic, dancing, musical and literary entertainments in Knights of St. Rose Hall, 17 Worcester St., for the season ending Aug. 1, 1900.

Railroads.

West End Street Railway Company, for a location for tracks on Commonwealth Ave., from Brighton Ave. to Chestnut Hill Ave., Wd. 25.

Public Improvements.

Cornelius Keefe, Jr., for leave to place an iron cover over the present grating at 8 Cambridge St., Wd. 6.

H. P. Nawn, for leave to erect two guy posts in Battery St. and one in Commercial St., Wd. 6.

Connors Bros., for leave to erect a guy post in E St., Wd. 13.

John S. Jacobs & Son, for leave to excavate under sidewalk, at 12 Clinton St.

A. C. Burrage, for a sidewalk at 325 & 327 Newbury St., Wd. 11.

Joseph Schaff and others, that the Board do not grant a permit for coasting on Thornton St., between Ellis and Valentine Sts.

H. W. Cunningham, for a sidewalk, at 47-49 Sargent St., Wd. 16.

Jones & Meehan, for location for tracks and leave to run cars and locomotives, on Gladstone and Leyden Sts., Chelsea Ave. and Bennington St., from Wordsworth St. to the Revere line.

BAY WINDOWS—ORDERS OF NOTICE.

On the following petitions for leave to project bay windows, viz:—

Rose Andrews Hall, one, 327 Columbus Ave., Wd. 10.

Meyer B. Gruzenskie, two, corner Howard Ave. and Woodward Park St., over Woodward Park, Wd. 16.

Orders of notice were passed for hearings thereon on Monday, Dec. 18, at 3 o'clock P.M., when any parties objecting thereto may appear and be heard.

NOTICE OF APPEAL.

Notices were received from Matthew and Mary Desmond and Daniel Mahoney of appeals from awards made by the Board of Aldermen on account of the taking of land by the Boston Elevated Railway Co. Placed on file.

DAMAGE TO WAGON.

Ald. COLBY, for the Committee on Claims, submitted a report on the petition (referred June 26) of Luke F. Killian for compensation for damage to his wagon on Amory St.—That the petitioner have leave to withdraw at his own request.

Report accepted, petitioner given leave to withdraw. Sent down.

LICENSES.

Ald. COLBY, for the Committee on Licenses, submitted the following:—

(1). Reports recommending that licenses be granted, on the usual conditions, on petitions referred today, as follows:—

A. L. Griffin, for Gussie Hunt, under fifteen years of age, to appear at the Bowdoin Square Theatre, during the week commencing Dec. 4, 1899.

Same petitioner, for Gussie Hunt to appear at the Grand Theatre during the week commencing Dec. 11, 1899.

Matthew A. Divver, for dramatic, dancing, musical and literary entertainments in

Knights of St. Rose Hall, 17 Worcester St., for the season ending Aug. 1, 1900.

Charles W. Pierce, for Red Men's Hall, No. 7 Chestnut Hill Ave., Wd. 23, for literary, musical and dramatic entertainments and dancing for the season ending August 1, 1900.

Reports accepted, licenses granted on the usual conditions.

(2). Reports recommending that minors' licenses be granted to 8 newsboys.

Reports accepted, licenses granted on the usual conditions.

PAYMENT OF LOSS OF FOWLS.

Ald. BERWIN, for the Committee on Police (Ald.), submitted a report on the petition of G. W. Berry, Jr., (referred Nov. 27) for the loss of fowls killed by dogs—Recommending the passage of the following:—

Ordered, That there be allowed and paid to G. W. Berry, Jr., the sum of Three Dollars and Seventy-Five Cents (\$3.75) in compensation for the loss of fowls killed by dogs October 31, 1899; said sum to be paid from the income from dog licenses.

Report accepted; order passed.

FAST DRIVING ON CHESLEA ST.

Ald. DAY offered an order—That driving at a greater rate of speed than allowed by ordinance be permitted during the present winter on Chelsea St., East Boston, between Maverick Sq. and Prescott St.

Passed. Sent down.

LAMP ON FRANKFORT ST.

Ald. DAY offered an order—That the Superintendent of Lamps be requested to place a public gas lamp on Frankfort St., East Boston.

Passed.

LAMP AT 116 HAVRE ST.

Ald. DAY offered an order—That the Superintendent of Lamps be requested to place a public gas lamp on passageway in rear of 116 Havre St., East Boston.

Passed.

LAMPS ON KERWIN ST.

Ald. McDONALD offered an order—That the Superintendent of Lamps be requested to locate and maintain a sufficient number of lamps on Kerwin St., Wd. 20; the expense of the same to be charged to the appropriation for Lamp Department.

Passed.

REMOVAL OF TREES.

Ald. ADAMS offered an order—That the Superintendent of Public Grounds, through His Honor the Mayor, be requested to remove a partially dead tree standing in front of estate 11 Savin Hill Ave., Wd. 20, said tree being in a dangerous condition.

Passed.

Ald. McDONALD offered an order—That the Superintendent of Public Grounds be requested to remove a dead tree at the corner of Bowdoin and Hamilton Sts., in front of the estate of James O. Jordan, Dorchester.

Passed.

A RECESS TAKEN.

The Board voted at 3.29 o'clock p. m., on motion of Ald. Dixon, to take a recess subject to the call of the Chairman.

The members of the Board reassembled in the Aldermanic Chamber and were called to order by the Chairman at 4.39 o'clock p. m.

PUBLIC IMPROVEMENTS.

Ald. O'TOOLE, for the Committee on Public Improvements, submitted the following:—

(1) Report on the petition of Joseph Schaff and others (referred today), that the board do not grant a permit for coasting on Thornton St., between Ellis and Valentine Sts.—Recommendation that the same be placed on file.

Accepted.

(2) Report on the petition of Jones & Meehan (referred today), for locations for tracks and leave to run cars and locomotives on Gladstone and Leyden Sts., Chelsea Ave. and Bennington St., from Wordsworth St. to the Revere line—Recommending the passage of an order of notice for a hearing thereon on Tuesday, Dec. 26, 1899, at 3 P. M.

Report accepted; order of notice passed.

(3) Report on the petition of Catherine Curran and others (recommitted Nov. 27), recommending the passage of the following:—

On petition of Catherine Curran, Annie M. Curran, Catherine J. Curran and Michael M. Curran that this board estimate and determine the damages to them, caused by the taking on Aug. 28, 1899, by the Boston Elevated Railway Company, of their land on Beacham St., Charlestown, as in said petition is more fully set forth, on which land there is a mortgage owned by Helen I. Eldridge, it now appearing that due notice has been given to the said railway company and to said mortgagee of the pendency of said petition, it is, after due consideration, hereby

Ordered, That the damages sustained by the owners of said estate and by said mortgagee, as aforesaid, be estimated and determined at the sum of one dollar each.

Report accepted; order passed by the board, acting as County Commissioners.

(4) Reports (on petitions referred Nov. 27) recommending the passage of orders directing the Superintendent of Streets to make sidewalks in front of the following names estates, said sidewalks to be from 3 to 10 inches above the gutters adjoining, to be from 5 to 12 feet in width, and to be built of the materials specified, with granite edgestone, the owners to furnish said materials, viz.:

Mary Doherty, 28-30 Rand St., Wd. 16; brick.

Geo. Wheatland, 813-815 Beacon St., Wd. 11; artificial stone.

Mrs. A. V. Moore, 3 Schuyler St., Wd. 21; brick.

Roger Regan, 27 Bellflower St., Wd. 16; brick.

Chas. J. Bower, 1, 2, 3, 4 Covington St., Wd. 15; brick.

Felix Smith, 11-17 Wabeno St., Wd. 21; brick.

Geo. H. Gibby, 52, 52A, 54, 54A W. Eagle St., Wd. 1; brick.

Patrick Neylon, 23 Bellflower St., Wd. 16; brick.

Atherton Brown, cor. Atlantic Ave. and Summer St., Wd. 7; artificial stone.

A. C. Burrage (referred today), 325-327 Newbury St., Wd. 11; brick.

H. W. Cunningham (referred today), 47-49 Sargent St., Wd. 16; brick.

Reports severally accepted; orders severally passed.

(5) Reports (on petitions referred today) recommending the passage of the following:—

(a) Ordered, That the Superintendent of Streets be authorized to issue a permit to H. P. Nawn to erect, maintain and use guy posts, with ropes attached, as follows: One in Battery St., at or near the corner of Commercial St.; one on Battery St., at or near the North Ferry; and one on Commercial St., at or near the Union Wharf, Wd. 6; the work to be completed on or before Dec. 31, 1899, according to the terms and conditions expressed in the ordinances of the city relating thereto.

(b) Ordered, That the Superintendent of Streets be authorized to issue a permit to John S. Jacobs & Son to construct, maintain, and use an area, with sidewalk light and granite covers, under and in the sidewalk in front of estate No. 12 Charter St.,

Wd. 6; the work to be completed on or before Dec. 31, 1899, according to the terms and conditions expressed in the ordinances of the city relating thereto.

(c) Ordered, That the Superintendent of Streets be authorized to issue a permit to Cornelius Keefe, Jr., to place, maintain, and use an iron cover over the present area in the sidewalk in front of estate No. 8 Cambridge St., Wd. 6; the work to be completed on or before Dec. 31, 1899, according to the terms and conditions expressed in the ordinances of the city relating thereto.

(d) Ordered: That the Superintendent of Streets be authorized to issue a permit to Conners Bros., to erect, maintain, and use a guy post, with ropes attached, on the easterly side of E St., between Broadway and Fourth Sts., Wd. 13; the work to be completed on or before Dec. 31, 1899, according to the terms and conditions expressed in the ordinances of the city relating thereto.

Reports severally accepted; orders severally passed.

(6) Report on the communication from Nathaniel Niles Thayer (referred Nov. 27), in relation to bequest of Caroline C. Thayer for Protestant widows and single women—That it is inexpedient to decline said bequest, and that no further action is necessary.

Accepted.

(7) Report on the Mayor's message (referred today) vetoing the order directing the Postal Telegraph Cable Co. to remove 13 poles now located on West Cottage St., recommending that the said veto be not sustained.

The report was accepted, and the question came on the passage of the order, the Mayor's veto to the contrary notwithstanding.

Ald. BRICK—Mr. Chairman, I feel that I have stated my position upon these matters in the past—that in passing an order of this kind we are not doing exactly the square thing by the corporation and are laying ourselves open to criticism. This order was passed as stated in the Mayor's veto, and the company has got to work. The company is an interstate company, carrying its messages on this trunk line from New York to Boston. This is a matter of public necessity, and there seems to be no alternative. We will simply be obliged to grant some location. The company originally had its poles and wires on Columbia Road and was ordered to remove them from there. After due deliberation with the Mayor, the Street Commissioners and the Wire Commissioners, this route was taken. The passage of this order, it seems to me, will be a hardship on the company, and I think we will be putting ourselves into a strange attitude. It is done for the purpose of pleasing individuals—individuals whom I personally might like to please. But in doing so we are putting ourselves in a position where we are not doing business on a business basis. The company is acting under the United States law, and we are obliged to give a location. If we refuse this location and do not immediately provide another location, we will be confronted with an order from the United States court, directing us, compelling us, to grant a location. I think that in this instance we are not acting wisely, and that in such a case that we will meet the same opposition from others that we are now meeting from the people who protest against this location. That will be the result if we try to put the line through North Ave., Howard Ave. or any of those avenues. While it may be somewhat of a nuisance to have poles upon the street, it is not for us to take it upon ourselves to compel this company to put its wires underground. There is no law that compels that at the present time, and it will be a hardship. Pole locations are now being granted, and I can conceive of nothing that we can do

except to grant pole locations in this section. Personally I would like to please these people along the line, but I see no reason for passing this over the Mayor's veto except to please those living along the route. On that question, I shall therefore vote "no."

Ald. McDONALD—Mr. Chairman, with all due respect to the alderman from Wd. 8, after visiting this section several times I have come to the conclusion that it was not right to erect such large poles—some of them, I understand, over twenty inches in diameter—in such streets. We have an ordinance today which prevents business men from blocking the streets. If the members of the Board would visit the location and see how that street is blocked up, they would certainly come into the Board of Aldermen and vote to have the poles taken down. They are not an ornament; they are a nuisance to the neighborhood. The people on West Cottage St. who are paying their taxes into the City of Boston cheerfully have some rights, and I believe if this company is to erect such poles it should do so on a wider street—Dudley St., for instance. But, sir, this pole order never would have passed the Board if the citizens who reside on West Cottage St. had due notice. It seems to me the whole result of this will be that the pole business will have to be taken out of the hands of the Board of Aldermen, having a Superintendent to look after poles. The people residing on a street ought to have some notice sent to them, instead of having it placed in papers that do not reach them, in many cases. I think it is only a question of time when this whole pole question will have to be looked into seriously and put into the hands of a superintendent, who will look after it carefully, and see that the people have an opportunity to be heard. In this case the order was passed and the poles were being put up before a single citizen on West Cottage St. knew anything about it. They are an injury to the property on the street, and I shall vote to pass the order, the Mayor's veto notwithstanding.

Ald. CODMAN—Mr. Chairman, it seems hardly necessary for me to say anything about this pole question, as it has been fully discussed. But it seems to me there is an alternative in this case and that this Board could, if the company was not so selfish and unreasonable, easily get around this question of pole locations. There is not a man here today who is prepared to vote to rescind the locations who would not vote in favor of allowing the company to put in an underground conduit system for that one thousand feet. It is just about a thousand feet, as I understand it. Understanding, as I do, that we are not able to grant an underground location until it is asked for, I certainly hope that this company will come in and will relieve the pressure brought to bear here, by asking for underground locations for that distance. Although voting to pass this rescinding order, against the Mayor's veto, I would be glad to vote for underground conduit locations for this same company, in this same street, if they would come in and ask for them.

The order was passed, the Mayor's veto to the contrary notwithstanding; yeas 11, nays 1. Ald. Brick voting nay.

(8) Report on the Mayor's message (referred today) vetoing the order directing the Board of Health and the City Solicitor to apply to the courts to restrain the New England Sanitary Co. from carrying on its business at Cow Pasture—Recommending that the said message be returned to the Board of Aldermen for action.

On motion of Ald. Adams, the matter was laid on the table.

Later in the session the matter was taken from the table, on motion of Ald. Adams.

The previous vote passing the order was reconsidered, and the question came on

the passage of the order notwithstanding the Mayor's veto.

Ald. BRICK—Mr. Chairman, I very much dislike, even at this time, to be perhaps alone on this matter. I shall, on a roll call, vote "No," however. I think it is like other orders that are sometimes passed here. Perhaps if pressure were not brought at this time and if the elections were not so closely at hand, the Board might see fit to use its judgment in such a manner as to take different action. But, as the matter has been already discussed very minutely previously, I shall not take the time of the Board, but shall vote "No."

The order was passed, the veto of His Honor the Mayor to the contrary notwithstanding, yeas 9, nays 3:—

Yeas—Ald. Adams, Barry, Codman, Colby, Dixon, Doyle, McDonald, O'Toole, Presho—9.

Nays—Ald. Berwin, Brick, Day—3.

(9) Report on the message from the Chairman of the Managers of the Franklin Fund (referred Oct. 30), transmitting a resolution making disposition of said fund—Recommending the passage of the following resolution and order:—

Whereas, The Managers of the Franklin Fund—the donation to the town of Boston under the will of Benjamin Franklin—propose to lay out one-half of that part of said fund now in the hands of the City Treasurer and all accumulations thereof, to be used by the city for erecting a building, to be known as the Benjamin Franklin Building, upon the lot of land owned by the city on Washington St., near the corner of Dover St., now partially occupied by the old Franklin School building, and upon other lands of the city adjoining said lot, so far as the same may be considered desirable therefor; said building to contain a branch of the Public Library, with reading-rooms, also a ward-room, public hall, lecture-rooms, and rooms for the use of the Grand Army Posts now quartered in said old building; also a public convenience station in the basement; and to lay out the remainder of said part of said fund and its accumulations (with the exception of \$5000, which shall be set aside as a fund, the interest of the same to be devoted to the purchase of Franklin medals), to be used by the city for erecting buildings to contain baths for all-the-year round use, combined with public gymnasia when deemed desirable; for building public convenience stations and for the purchase of suitable lots for such buildings.

Now, therefore, it is hereby

Ordered, That if said managers lay out said fund as above specified, the City Engineer forthwith thereafter shall acquire for the city any land desired for said Benjamin Franklin Building, and suitable lots for said other buildings, when such lots are not already owned by the city, one at least in each of the following districts:—East Boston, Wds. 1 and 2; Charlestown, Wds. 3, 4 and 5; North and West Ends, Wds. 6, 7 and 8; South Boston, Wds. 13, 14 and 15; Roxbury, Wds. 17, 18, 19 and 21; Dorchester, Wds. 16, 20 and 24; shall build at least two public convenience stations, one to be located in Post Office Sq. and one in Park Sq., and shall employ architects and erect said buildings; said land, lots and the plans of said buildings to be approved by the managers of said fund and the Mayor; and the expense attending the carrying out of this order to be paid from the proceeds of said funds as laid out for said purposes.

The report was accepted and Ald. Colby moved a suspension of all rules, that the order might be put upon its passage.

Ald. CODMAN—Mr. Chairman, before that motion is put, I would like to move, now that this proposition for the disposal of the Franklin Fund money is before the board, that it lie over for a week. It has been brought to my attention by a number of citizens of my own section that what they would wish in the way of a public bath might not be in accord with what

would be contemplated under this order. It seems to some of the residents out there that a bath house, such as it has been the custom to erect, or such as has been started in the South End, is perhaps not the most available one for our section. In order to place the matter in a crude form before the members of the board, I will say that a suggestion of this kind has been broached, that there be a bath combining, perhaps, some of the features of the Brookline bath, in a convenient location for two of the outlying districts, there being a large swimming tank combined with other features, which would accommodate a larger number of people in our section than such a scheme as has already been carried out in this city. The common shower bath and tub is possibly not so much needed in our sections, in Roxbury and Dorchester and other outlying sections, as in some other parts of the city, and would perhaps not be used as much as a bath, such as the Brookline bath, with a swimming tank as well as a bath tub and spray, and an instructor to instruct old as well as young in the art of swimming, diving, etc., although I have sent to Brookline and have gotten a report as to their bath, and a description of it. I have not been able to visit it. I would like to be able to look into the matter a little further, and can possibly place it so before the board that they would be willing to consider it. I feel a little diffident about asking for delay of a week in this board than I would have in the Committee on Public Improvements, because now the order is fairly on its way towards passage, and it seems to me better to delay it here than there. I trust that the members of this board will grant me at least a week's delay, in order that I may then either bring in or abandon such a proposition as I have suggested, whichever seems fitting.

Ald. McDONALD—Mr. Chairman, it seems to me that the time has certainly arrived when this Franklin Fund question should be settled. It has been before the Board of Aldermen for the whole year, and the proposition that the sub-committee has submitted to the whole Board is, it seems to me the fairest of any that have been presented to us. I believe out in Dorchester we could locate a splendid bath; even if it is not as large or constructed on the same principles as the Dover St. bath, between Field's Corner and Glover's Corner. We have no bath there today, and if this bill is carried the people of Dorchester will be benefited considerably by it. For that reason, sir, I hope that the Franklin Fund will not be laid over any longer. If it is, the chances are that it will not pass this year, but will go over to next year's Board. After the many years that the Ben Franklin Fund has been before the City Government it seems to me high time some action should be taken upon it one way or the other. This is the fairest proposition that has been presented, and it seems to me about time that the memory of Benjamin Franklin should be perpetuated in such a memorial building as has been suggested and in other directions, such as he set forth precisely in his will as favoring. For that reason, sir, I hope now, at this late day, that we will pass the bill as reported.

Ald. BRICK—Mr. Chairman, I hope this will not be assigned, because it does not seem at this time that Dorchester is united. One member thinks Dorchester is not getting quite what it wants; another thinks it is. So, as the Dorchester fight is a little perplexing, I think we ought to pass the bill at this time.

Ald. PRESHO—Mr. Chairman, if the gentleman opposite would like to make such an amendment as he suggests, I will be glad to vote for it. But I don't see how I can vote for delay at this time.

Ald. COLBY—Mr. Chairman, the alderman from Dorchester who asks for this delay may be acting entirely in good faith; but, at the same time, it seems to me that delay is entirely unnecessary, for the rea-

son that the order as drafted provides that the money shall be used for baths, gymnasia or something of the sort, and that the exact plan is not determined upon. That is left for the approval of the Board of Trustees. So, when they get down to business and decide what form of bath or gymnasia is necessary, they can consider the whole matter, and if they decide that a swimming pool is what is required out there it can be easily supplied by the Board of Trustees. I think one thing to be said in favor of this order is that it is elastic, that it leaves the scheme to be decided upon as things develop, by the Board of Trustees.

Ald. BERWIN—Mr. Chairman, I desire to ask the ruling of the Chair upon the point whether the amendment, if adopted, would not require the whole proposition to be referred back to the Trustees of the Franklin Fund.

The CHAIRMAN—The Chair would so rule, as the Board of Trustees contains three members who are not members of this Board.

Ald. BERWIN—That being the case, Mr. Chairman, I move that the whole proposition be referred back to the Committee, for the very reason that there is an amendment here—if the Clerk will kindly read it—providing \$5000 for medals.

Ald. McDONALD—Mr. Chairman, in relation to that matter I wish to explain that it was the unanimous opinion of the Board of Trustees that it should be adopted. It is not an amendment. I would state, also, that the Trustees, including the reverend gentlemen who are members of that Board, have agreed to that proposition.

The CHAIRMAN—The Chair will state that that is the case.

Ald. COLBY—Mr. Chairman, I hope that this motion to refer will not prevail. I have taken some interest in this matter, and I hope it is an unselfish interest; and my interest has from time to time been stimulated by various attempts that have been made to defeat action in regard to this fund. I have never seen any measure that seemed to have some merit in it that has had such hard luck as this one. It has been attacked at every possible point, every possible obstacle has been thrown in the way of it, although the whole desire, as I understand it, is simply to provide something that shall be of benefit to the working people of Boston. We all profess here, particularly about election time, to be interested in anything that will benefit the laboring men. Here is something that certainly nobody can claim is in the interest of any particular class of people except such as would take advantage of the Franklin Institute and kindred institutions. And yet every sort of attempt has been made to defeat it. It has been hung up and made a football in connection with schemes that would come entirely outside of the proper scope of the Franklin Fund; and now that this order has been reported here I hope that it will be put on its passage. As to the ruling of the Chair that, if passed in its present form, it needs to be referred back to the Trustees, I don't see how that is correct.

The CHAIRMAN—The Chair will say that that ruling has no reference to the so-called amendment here, because the Board has agreed to that. The bill, if passed as it stands here, will require no further action. But if a new amendment were introduced, it would have to go back to the Board of Trustees.

Ald. COLBY—But the Chair rules, as far as the proposition now before the Board is concerned, that there is no need of referring it to the Trustees?

The CHAIRMAN—There is none.

Ald. COLBY—Then I hope this motion to refer will be defeated. It is simply one more effort to delay the matter.

Ald. CODMAN—Mr. Chairman, in order that the remarks of my colleague from Dorchester may not be misconstrued, and

that he may not be allowed to mislead anybody as to my position, I want to say just a word. I do not oppose having such baths as have been proposed. I never have opposed them. I think I stood up here for them when the gentleman himself had some other scheme. But my proposition was simply that there might possibly be something in the line of a bath better adapted to our wants than the baths which have already been constructed. I am entirely in favor of a bath for Dorchester. I think we do need it, and I don't wish to be considered as diverting the money away from bath purposes.

Ald. BERWIN—Mr. Chairman, I understand now that the first ruling of the Chair has been changed, and that my motion may be out of order.

The CHAIRMAN—The Chair will say for the information of the alderman that in the Board of Trustees of the Franklin Fund the members representing this Board and the other gentlemen who are not members of this Board agreed to what the gentleman has referred to as an amendment.

It was written on the bill at that time and was part and parcel of the bill. Any other amendment offered this afternoon would require that the bill go back for the consent of the Board of Trustees, because there are three other gentlemen, not members of this Board, who would have to be consulted in regard to it.

Ald. BERWIN—Mr. Chairman, without intending any reflection on the Chair, I will simply say that I am not aware that at any time the Board of Trustees of the Franklin Fund, as a body, has considered that proposition. If that is the case, then the original ruling of the Chair, in line with the motion I made, should prevail. But I appreciate this fact, that no argument of mine can change any votes in this Board. The action of the members here and elsewhere has convinced me that there is a determination on the part of the Board to jam this proposition through this afternoon. I want to say that I am against the baths. The great misfortune in this City Government throughout the year has been the fact that the members have been afraid to antagonize what they have thought to be a public clamor on the part of the people for something that they are getting for nothing—in other words, a bath for which they will not have to pay. But the truth of the proposition is that they are spending more than they dream of. I am a friend of the baths and have supported them; and when, through the extravagance of the Bath Department, some of the baths were closed, I was one of the very first people who offered to keep them open, as far as I could do so. I contributed a sum of money for the purpose.

If some of the members do not know that fact, they can easily find out that it is so by consulting the Bath Department. That being the case, you needn't be afraid of antagonizing the bath scheme. It is simply an attempt on the part of the Democratic organization, assisted by some Republicans who seem to be asleep—I don't want to mention names—to help the Democratic machine to find places for stowing away lazy Democrats. (Laughter.) That is all. That is the long and short of it. I argue here in public as I have in private before the Board of Trustees. This trust fund is too sacred to be squandered in that manner. I have some very excellent friends who are on the Board of Trustees of this Fund, and they will probably feel a little offended at what I say this afternoon. They are good people and think this is a very good thing. But I do not believe in squandering money left to us as this has been. There is no warrant on the part of the Board for acting in any other manner than in line with what they believe to be a popular demand on the part of the people for pub-

lic baths. Now, I don't care what the newspapers or anybody else say about the bath scheme. I am as much of a friend to the bath idea, in reason, as is anybody else. We have heard a good deal of talk about our acting as the poor man's friend and giving him a chance to obtain a free bath in this way. When that argument has been advanced to me, I have told those who favored bathing what to do. I have told them to have a regulation passed providing that no house can be erected without ample bath room accommodations. That would remedy the whole trouble. But the fact is today—and I believe a number of members besides myself know it—that in many sections of the city the bath tubs are used for the storage of coal and wood. That sort of thing has come under my own observation, and I know it is a fact that bath tubs are used in some sections more for the storage of coal and wood than for bathing purposes. I say, then, what is the good of wasting public money in building public bath houses? Now, you have got the votes here, and all I ask is a little delay. Let this matter go over to the next meeting of the Board, and I will then advance a proposition that will appeal more to the people at large than the scheme you have offered. I am sincere in that, because I offered a proposition in the first place to establish emergency stations in various parts of the city, and I seriously and sincerely believe that, if that proposition had been adopted, it would have met with public indorsement. But a great many members of this Board—some being candidates for public office at the present time, some retiring to private life, but expecting to return at some future day—are afraid to antagonize what they believe to be the labor interests of the city. Let me say this. I met a number of these labor representatives, who appeared before the Board and asked to express their views on the disposition of this Franklin Fund.

They raised a hue and cry outside, in regard to certain matters and when they came in here didn't have a word to say upon them. That is about the situation. I tell you they do not represent the entire laboring population of the city of Boston. There are a great many laboring people whom we never hear from, who never come into this board and annoy us day in and day out for one thing and another, whose wishes ought to be considered as against a lot of men who constitute themselves the representatives of labor and never do an hour's real work. Those are the men for whom I have little regard and whose opinions I will not respect, because they are not entitled to consideration. I beg of the members of this board—you have the votes here—to give to me an opportunity to draw up and submit a proposition to you. I will give time to this matter, and if I do not bring a proposition before the board which is better than the one that has been submitted this afternoon I will not say another word. I make this request in line with what was said by His Honor the Mayor in refusing to sign the order in regard to the garbage plant. I don't remember his exact words, but in substance he said that it was on the eve of an election and that it was not good judgment to go ahead and take decisive action at this time on the garbage question. I was inclined to agree with him. I did not care to make political capital out of it. If I wanted to I probably could, but I am not here for that purpose. I am here to do my duty as a citizen, and I can say sincerely, that I am not influenced by any political motives in this matter, because I retire to private life at the close of the session of this board. But that is not what I am driving at. I maintain that our action should have in view the greatest good to the greatest number, and the greatest care in the distribution of funds entrusted to us, with that end in view. I say, under the propo-

sition mapped out today, that this money will be practically squandered. If you want to do a good thing and to perpetuate Franklin's memory, do not erect such a building as is proposed on land belonging to the city of Boston. Take the land on Washington St. and sell it and provide in another part of the city, where land can be bought more cheaply, a building that will supply the wants of the people. That is one of the things that I want to bring to the attention of the board. But, no, you will not give me a chance. I know the temper of the board. They will railroad this thing through. It is not fair.

I beg of you to give me an opportunity, until the next meeting of the Board, to draft a proposition, and I promise you that I will then submit to you a better proposition than this. I can say nothing more. I am pleading with you. Let all politics die out of this. Look at it as though it was a trust committed to you, as though it were given to you in trust for some widow or orphan, not for any scheme that might be concocted by anybody, no matter whether it was the best thing for the citizens or not. I have no doubt that some very estimable people have identified themselves with this proposition for the distribution of the money, because it is not the idea of this body or of any of the members of the trustees of the Franklin Fund. No member of the Board of Trustees will dare to get up and tell me, as a member of the Board, that this proposition was gotten up by him, or by any other man in the entire Board. No one member of the Trustees of the Franklin Fund ever got up this plan for the distribution of the money. You all know it and you cannot deny it. That is the long and the short of it. Now, why not get up a scheme of our own? Why not reconsider this matter? Why do you not give me a chance? I tell you that I have a proposition which I will reduce to shape and submit to the next meeting of this Board, and if it is not a better one than this I will never appear here in argument again. I don't know exactly what the position of the Chair is, but I have contended, in the first place that this \$5000 amendment was never considered by the Board of Trustees of the Franklin Fund. If that is the case, I say that the Chair was right in his original ruling, that the matter should go back to the Board of Trustees of the Franklin Fund. If the Chair, on the other hand, now takes another tack I don't know what to do except to ask the Board to assign further consideration of the matter to the next meeting. I will then give you a better and fairer scheme than the one under consideration this afternoon.

Ald. COLBY—Mr. Chairman, I congratulate the alderman on having made a very good speech.

Ald. BERWIN—I told the truth, and you can't deny it.

Ald. COLBY—It is quite in line with other speeches he has made at other times, except that he omitted the usual quotations from the poets. It is very easy to get up and say that something is a scheme. If my good friend, the alderman on my left (Ald. Berwin) should come in here next week with a proposition, it would be just as easy and simple for me to get on my feet and say, "Gentlemen, that is a scheme." It is very easy to say that. Now, he does not point out any particular in which this is a scheme. He wants to offer us a bargain. He says, "Wait until the next meeting, and I will give you a better bargain." We have had this before up for some time, and nothing except what we have here has been advanced as very tangible.

Of course, he makes his usual argument, that owing to pressure of duty and one thing and another he did not have just the time he needed, but that at the next meeting he will present a scheme that

will clear the whole matter up. Well, he has had things assigned earlier in the year, with the promise that he would submit something later for the information of the Board, and nothing has come of it. I have no doubt that if the schemes had been presented they would have been good ones. But we have had to wait a long time for them. I should hate to see this proposition defeated for the reason that no one member of the board can claim to be entitled to the claim of originating it. Without intending any disrespect to fellow members or myself, I claim that if the city of Boston was dependent on simply such things as we had to originate in our own minds, the city might suffer. I am not so egotistical but what I think others know as much as I do, and some a good deal more. If a man has a good idea, I am ready to adopt it as far as I think it is right. In these days, when a man is dependent on somebody else for everything he has, I don't think he belittles himself in the slightest if he adopts an idea that another puts forward, if it is all right. As to squandering the money, as a matter of fact we will be getting more for our money than in any other possible way. It may be the Trustees will say that public baths are not necessary. But I don't think there is any member of the Board who will say that public gymnasia, properly conducted and built, are not for the good of the public. Anything that makes it possible for young men and older men to get exercise is a move in the right direction. Talk about pauperizing anybody by giving them a bath at a nominal price is perfectly foolish. They are no more pauperized by that than we are by taking advantage of something that does not cost us a great deal of money. I think it is proper to make a wise disposition of this money, and I claim that it is still in the hands of the Board of Managers to say just how that money shall be expended. But, in general I have heard no argument advanced which leads me to believe that I am doing anything out of the way in asking that this order be put on its passage tonight.

Ald. BERWIN—Mr. Chairman, my friend, Ald. Colby, speaks of a scheme. I say the idea of the Franklin Fund is to perpetuate the memory of Benjamin Franklin. The alderman as a lawyer, knows about the law. If he does not he should; and if he will look into the matter he will realize that, if we turn over half the fund for the erection of a building on land owned by the city of Boston it ceases to be a Franklin memorial in anything but name. You can label it "Benjamin Franklin," and that is about all you will have to say, as Trustees of the Franklin Fund. That is a fact, and there is no getting out of it. I feel that the opinion of a man who, if he would reduce it to writing, would probably command the attention of this board. If we spend the money as now outlined in this scheme, it means the erection of a building which will have Benjamin Franklin's name put upon it, and which will then be a democratic headquarters in Wd. 9. All the harm I wish the chairman of the board is that he might be the alderman who would get up there and jolly the gang as they came along. I do not want, however, to treat this matter lightly, but seriously. I told the board of managers at a previous meeting that if they would give me the time I would submit a plan. I did so, and it met with a good deal of favor until the members of the famous or infamous board of tragedy, or board of strategy, hauled members out and talked to them. You remember that afternoon, or some of you do, when members were hauled out of this chamber and dealt with, the result being that a proposition which they seriously intended to vote for was abandoned. That is no violation of secrecy, because every member of the board, or any man who has spent time around city hall when the matter was

under consideration, knows the facts, and will remember that if this board had followed out the proposition which it seriously considered, and had not been interfered with by outside influences, it would have adopted a proposition other than the one which we have under consideration this afternoon. I defy any member of the board to deny that statement, because I know what I am talking about, and you all know what I am talking about.

Ald. COLBY—Not altogether.

Ald. BERWIN—Well, you do to a very large extent. I am simply pleading with you gentlemen to give me a week's time and will submit to you a better and a fairer proposition, one that does not smack so much of a scheme as this one before us. Don't be alarmed by the newspaper editorials which we have read in the papers day after day. I bet you that a dozen of those long-haired men who write editorials in the papers, all put together, know no more about this proposition than a hog does about Sunday. I don't believe these long-haired newspaper writers ever have read the report. If it were left to the newspaper men around the hall, they would have given some information to the public, and we would have seen something different.

I know what I am talking about. Probably some of those interested in this scheme got some of these long-haired individuals up into a back alley and sang a song to them, and when they woke up the next morning it was with the idea that this was a good thing. I want a vote of the Board on the original ruling of the Chair, as I believe that the amendment should be considered by the Board of Trustees of the Franklin Fund. All I ask for is fair play. You have the votes, but don't take advantage of others because of that. I suppose you believe in fair play. You can laugh. Above all others, the alderman on my right (Ald. Colby) has acted in connection with the Board of Strategy in forcing this scheme through. They did not send for him, because they knew just how he stood in advance. That is the situation. He has been the strongest advocate of this scheme from the very first moment when it was presented. And, if I am not mistaken, he is the one who presented it. I am not positive of that, but I think he brought out a typewritten proposition from his pocket, and one that was not typewritten in his office, either, and submitted it to the Board of Trustees. That was the time when the Board of Strategy got to work and hauled the poor unfortunate Democrats out of the chamber and had them change their minds and everything else. Now, in the first place, I wish to ask for a roll call on this proposition that the matter be referred back to the Board of Trustees of the Franklin Fund. I believe that Board should consider that amendment and that the proposition should be recommitment, in spite of the ruling of the Chair.

Ald. BRICK—Mr. Chairman, I view with a good deal of sympathy the contention of my friend Berwin, but I wish to deny, and in the most emphatic way, that any action I have taken here or shall take in the future is at the dictation of anybody or in pursuance of anything but public duty. He has referred in a humorous way to members changing their position here because of the action of the so-called Board of Strategy. I deny emphatically that any member of any Board of Strategy, or of any self-constituted body, owns or controls my vote or whips me into line. I have voted time and time again in the Committee on Public Improvements to hold this matter there because of different propositions that were desired to be brought forward. I even voted today to keep it in there. Now, this proposition has been advanced; it has been considered by the majority of the members week after week, and we have heard statements that propositions would be made. But no proposition in any concrete form has arrived. Even

today I voted to give the alderman a chance.

But now that this reached the Board in proper shape, in a concrete way, it strikes me that this plan is as good as any plan, that it has merits. It strikes me that, while it does provide in a certain section for a building, which may be used more by the people of that locality than by persons who are in Dorchester or Brighton or the West End, that that is not necessarily against it. The proposition has been considered, and considered deeply. Year after year this matter has come up and has been delayed in some ways. Now we have arrived at some proposition that can be put through. I say that the position of any member here should not be that of speaking humorously upon this question, merely to draw the attention of the newspapers to some political situation. We should adopt a serious attitude; we should do the same in regard to this as we would in regard to any private trust. I would not want to have people with whom I may have business connections in the future think that I would take a solemn trust and deal with it merely for politics or in a laughing way, as our friend Berwin has done. His statements as to what Ald. Colby may have had to do with the Board of Strategy are all rot. That has nothing to do with the matter. The question is whether it is meritorious. Whether Ald. Colby had anything to do with the Board of Strategy I don't know. I know I have not. I vote for this proposition because the Board has given it due consideration. The question is now whether, after we have considered it, we should tip it all back and turn it into the hands of the Board of Managers, to be all gone over again? I think this question should be considered the same as all questions arising in public life—that there should be proper consideration and then determination. Every trial should have an issue. This may not be the best plan, but it least proposes to do something, and has been fairly considered. Let us now act on it like men, reasonable men, business men, and let us define our position, yes or no. If it embodies something that is decent, honest and right, let us pass it. If it does not, let us defeat it.

Ald. DIXON—Mr. Chairman, the Board of Trustees of the Franklin Fund passed this order. In this body there was an amendment added to it. I consider that it is illegal to pass it as amended in this body without referring it back to the Trustees of the Franklin Fund. Consequently, as it has got to go upstairs to the other body, which will not know anything about it, let us strike out the amendment and pass the original order.

Ald. Codman's motion to assign to the next meeting was declared lost. Ald. Codman doubted the vote and asked for the yeas and nays. The motion to assign was lost, yeas 3, nays 9.

Yeas—Ald. Adams, Berwin, Codman—3.

Nays—Ald. Barr, Brick, Colby, Day, Dixon, Doyle, McDonald, O'Toole, Presho—9.

Ald. BERWIN—Mr. Chairman, I now trust that the ruling first made by the Chair in regard to the amendment will stand.

The CHAIRMAN—The Chair will rule that this amendment was on here and was agreed to by the three gentlemen who are not here today. It therefore becomes part and parcel of this bill. The bill has been in the Committee on Public Improvements ever since October 30.

Ald. BERWIN—Mr. Chairman, just be patient a moment, please. I merely desire to correct the Chair in this particular. I don't question for a moment that this matter has been considered by twelve members of the board, and it is quite possible that it may have been submitted to the three ministers who are included in the board of management. But, at the same time, it has never been legally considered. That is the long and short of it.

Why not be fair about it? You have the votes here today—why be hogs instead of men? It makes me lose my temper to think of a lot of men putting this through when a fellow member pleads for fair play. I am pleading for fair play. You have made a mistake, have played the hose on yourselves, and are unwilling to admit it like men. You have gone ahead, made a mistake, and I am pleading with you, for your own sakes, to send the matter through the proper channels. Assign this to the next meeting, and adjourn tomorrow if you will. I will submit a proposition to you, and if you do not believe in it you can vote it down. But you say that, right or wrong, you mean to put this through. That is not fair play. I plead with you, gentlemen, no matter what your opinions may be, no matter how you may be influenced in this matter, to treat me fairly. I appeal to you to stand here like men and act as you should act, as representatives of the people. Don't take advantage of the situation. You are bound to admit that you are wrong, if you will tell the truth. Ald. McDonald, who originated the proposition to appropriate \$5000, will tell you himself, if he tells the truth—and I believe he always has—that this matter never has gone through the board of trustees in the form prescribed by the original rules. I plead with the Board in the interests of fair play to assign this matter to the next meeting. Then adjourn until tomorrow, if you want to do so. I don't care. I will come in then and submit my proposition. But I want the thing done properly; I want to be beaten in a manly way; I don't want to have the Board, because they have the votes, act like a lot of cattle and ride roughshod over everybody.

Ald. O'TOOLE—Mr. Chairman, I want to take issue with the alderman from Wd. 6 (Ald. Berwin) in regard to certain members on the democratic end being driven about by a certain board—the Board of Strategy, as he calls it—like so many cattle, upon this issue. All last year the gentleman from Wd. 6 used the same tactics that he is using now, and in the preliminary meetings of the Board of Trustees of the Franklin Fund he talked for hours, taking the floor at every chance and opportunity. For what reason? Because he knew full well that the three ministers acting on the Board of Trustees, ministers of the oldest churches in Boston, were not conversant with his political tactics, and he thought that they would get tired and he would then get the necessary votes to put through his certain scheme, as he calls it. Now, I believe in this order as it is made up today, because I think it is a step in the right direction. As I stated in my opening remarks, during all last year the same tactics were pursued by the gentleman that he is pursuing now. He is now on the eve of a departure from this board, and is still pursuing the same tactics. I think the Franklin Institute is a good thing, and a step in the right direction. It will make it possible for intelligent working men to go there nights and listen to lectures on various subjects, and will therefore be of benefit to them. Many of the lectures will probably be in a mechanical line. There will also be a public library in the same building, something needed in that part of the city, because, as you are all well aware, the only place where working men or school children who live in that section can now go to get books is to Copley Sq. He speaks of baths, and said that if he had his way he would make it compulsory upon those building in the city of Boston to place bathing conveniences in every building, changing the city ordinances so that there would have to be a bath tub in every house. But in the same speech he made a statement inconsistent with that, saying that the poor people of Boston used their bath tubs for wood and coal.

Ald. BERWIN—Mr. Chairman, I wish to

correct the gentleman. I stated that bath tubs were used for that purpose, to my personal knowledge, but I did not mention any locality in which they were so used. I stated that to my personal knowledge bath tubs were so used in many sections of the city—and that might be the fact over on the Back Bay. If the gentleman will refer to my remarks in the records, he will find that I am right.

Ald. O'TOOLE—Mr. Chairman, does the gentleman mean to say, in accordance with the statement he has just made, that he meant that the people of the Back Bay use their porcelain bath tubs for storing wood and coal? (Laughter.) He does not mean that, and we know that he does not. Now, we have talked over this thing week in and week out. As I have said, in the Board of Trustees of the Franklin Fund the alderman talked at different meetings for hours and hours. He is now using the same tactics and I trust that they will not be successful.

Ald. COLBY—Mr. Chairman, I would hate to have my brother Berwin establish the fact that we are hogs, because it might put him in a position where he would have to withdraw. I think his way of treating a matter of this seriousness is rather a foolish one. The question is whether or not the amendment which has been incorporated here puts the order in such a position that it should be referred back to the trustees. Now, the suggestion that it should be referred is simply made in order to gain time, because I think none of us doubt that if this were referred back to the Board of Trustees it would simply be reported again in its present shape. There is no reason why that should not be the case, because all the members of the board are agreed to it. Has anybody any doubt that the trustees would accept it? That is the only question here. I say that all we have to do is to pass this, and when that is done, all they have to do is to accept or reject it. The alderman knows perfectly well that they will accept it. But he simply wants to fight against time, and I say there is no reason in it. It simply affords another possible opportunity for delay.

Ald. BERWIN—Mr. Chairman, Ald. Colby's statement is simply natural, the statement that we might expect from an attorney. In other words, it brings to mind a quotation which I had occasion to refer to at the closing session of last year's board, in paying a compliment to Ald. Conry, who was then one of the retiring Chairmen of the Board:—

"What plea, so tainted and corrupt,
But, being seasoned by a gracious voice,
Obscures the show of evil?"

That is about the situation of his argument in regard to my position. So far as Ald. O'Toole is concerned, he has in his very original and peculiar way attempted to make it appear to this Board, and through this Board to the people of Boston, that I am an enemy of the poor people. Why, I am ashamed to think of his saying that,—that I made a remark that reflected on the cleanliness or the character of the poor people of Boston! Why, you ought to be ashamed of yourself. (Laughter.) Mr. Chairman, I yield to no man here or elsewhere in my devotion to the cause of the laboring man and the poor man. I yield to no man in this Commonwealth, Mr. Chairman, because I rose from as humble a walk in life as any man in this Board, and I have as much regard for honest labor as any man can have. But I am not a Democrat! Thank God for that! I was once, but I didn't know any more then than the distinguished gentleman on my right knows today. I was a boy then. (Laughter.) Here is about the truth of the matter, and it is in line with the tactics of Democrats throughout their lives. They stand up in public life and clamor about the poor man, and I tell

this Board and the people of Boston, that the poor man has obtained more recognition and more consideration and will get more consideration at the hands of a Republican candidate for Mayor, if he is elected, than he ever would at the hands of any Democrat who ever sat in City Hall. And the laboring people of Boston know it.

Ald. O'TOOLE—Mr. Chairman, I would like to ask the gentleman a question. I would like to ask the gentleman if the Republican candidate for Mayor, whom he holds in such high estimation, is not an advocate of municipal buildings?

Ald. BERWIN—Mr. Chairman, I should think the Chair would rule that question out, because it has nothing to do with this matter. But, for the benefit of the gentleman, in order that he may tell the people at the Cabot St. bathhouse tonight, what my opinions are, I will answer him. You go and tell them that both Mr. Hart and myself are in favor of municipal public buildings in various parts of the City of Boston, not to accommodate the rich man, but the poor man, and I have seen in this hall poor people coming day after day, men, women and children, standing in line to get back a few dimes as a rebate from that miserable, contemptible scheme that was fastened on the people last year in the shape of a sewer tax. People have had to stand in line hour after hour to get back a few pennies. And that all comes about from a scheme that was foisted on the people by you Democrats. But that is drifting. What I want to get at is this. I contend, Mr. Chairman, that your first ruling was right, that this is an amendment, and before the vote is taken I would like to have Ald. McDonald, the originator of that proposition, rise and tell the Board what the fact really was, that this matter never was considered at a regular committee meeting; and the fact that you pass it around to fifteen members of the Board does not put it through in regular order. For that reason, and for no other, I want the matter to go through the channels in which it belongs.

Ald. Berwin's motion to refer the whole subject back to the Board of Managers of the Franklin Fund was lost, yeas 3, nays 9; Ald. Adams, Berwin and Codman voting yes.

The question came on the passage of the order.

Ald. BERWIN—Mr. Chairman, what do I understand to be the position of the Chair on the original ruling, regardless of the vote taken by the Board?

The CHAIRMAN—The Chair has already ruled that the amendment embodied in the bill was agreed to by two of the members outside of this Board. As I understand it, the third member was not present at any of our meetings. There were but two of them there at any one time. But the Board has considered this bill and this amendment, and it stands as the opinion of the Board of Managers of the Franklin Fund, the Board consisting of fifteen members. That makes it legal. If there were only eight members in favor of it, they would carry it.

Ald. BERWIN—Mr. Chairman, the statement of the Chair might be all right if that matter had been considered at a duly called meeting of the Board of Managers. But it never was, and I hope that the order will not pass. I plead with this Board to take proper action. I have perhaps interjected some little matters that have no bearing on the proposition, but I am in dead earnest when I plead with the Board to let this matter go over for one or two days longer. Then call a regular meeting. You have the votes. I am sorry to think that some members should act as they do. I am willing to vote to adjourn to Wednesday, Thursday or any other time, and in the mean time you can call a regular meeting of the Trustees of the Franklin Fund and go through this in the regular and proper way, but, as

I have said before, don't take advantage of your votes here. I have lost my voice arguing in this Board, and I will be very gentlemanly for the time being. I hope the whole matter will be assigned to the next meeting of the Board.

The CHAIRMAN—The gentleman makes no motion.

Ald. BERWIN—By the way, I take it that a suspension of the rule is required to pass this order this afternoon, and I shall object to suspension of the rule.

The CHAIRMAN—The Chair will say that there was a suspension of the rule when the bill was first presented and then referred to the committee.

Ald. BERWIN—I don't want to argue with the Chair on that point.

Ald. CODMAN—Didn't I understand the Chair to put the question today on suspending all rules, on motion of Ald. Colby, dropping the question at my suggestion that I wished to make an amendment? You started to put the question on suspension of all rules today, Mr. Chairman.

The CHAIRMAN—The Chair will say that the order originally had one reading and was referred to the committee. It came back again as a bill from that committee, and suspension of the rule is not now required.

Ald. CODMAN—Then the Chair was mistaken?

The CHAIRMAN—The Chair was mistaken.

Ald. BERWIN—Mr. Chairman, nas it had its second reading? I merely asked that it be read for information this afternoon. I did not vote to suspend the rule.

The CHAIRMAN—The clerk read the bill, Mr. Alderman.

Ald. BERWIN—Read the bill?

The CHAIRMAN—Yes.

Ald. BERWIN—I asked that it be read for information.

The CHAIRMAN—That was the second reading of the bill. The question is on the passage of the bill now, and the clerk will call the roll.

The order was passed, yeas 9, nays 3. Ald. Adams, Berwin and Codman voting nay.

Ald. BERWIN—Mr. Chairman, I move a reconsideration now, and ask that the matter be assigned to the next meeting of the board. You now have it passed, and in support of that proposition let me say that, having passed the whole thing this afternoon, if you assign reconsideration to the next meeting and find that I cannot offer some better proposition you will only have to vote against reconsideration. In spirit of fair play I desire to say that you have made a mistake and, without any reflection on the Chair, I think the Chair has made a mistake. This order should not have been passed, but you have gone ahead and passed it, against my advice, in spite of my promise to bring in a better proposition. I therefore hope that my motion to reconsider will prevail and that reconsideration will be assigned to the next meeting of the board.

The motion to assign reconsideration to the next meeting of the board was lost, yeas 3, nays 9. Ald. Adams, Berwin and Codman voting yea.

Ald. BERWIN—Mr. Chairman, I would now like to have the Corporation Counsel's opinion upon the legality of that matter in this Board this afternoon.

The CHAIRMAN—The gentleman makes the motion?

Ald. BERWIN—I do, most decidedly.

The CHAIRMAN—The alderman moves that the Board obtain the opinion of the Corporation Counsel on the order, as passed by the Board this afternoon.

Ald. BERWIN—In connection with that, Mr. Chairman, I would like to incorporate that very question that I have raised in conflict with the ruling of the Chair, with no reflection on the Chair at all.

The CHAIRMAN—The gentleman desires that included in the motion?

Ald. COLBY—Mr. Chairman, there are

times when my friend from the North End wants an opinion from the Law Department, and there are times when he does not want it. Usually he does not want it; this is a time when he does want it. Now, we have gone so far that, if we have done that which is not legal we will be shown the error of our ways. I am always willing to seek advice before I do a thing, but when I have done it and there is no escaping from it, I see no reason for finding out whether I am right or wrong until someone comes along and proves that I have been wrong. I have no doubt that my friend will be able to raise this point in some other way, but I submit that we should not now try to find out from the Law Department about what we have done. We have done it, and that is the end of it.

Ald. BERWIN—Mr. Chairman, I withdraw my motion, and I will say this, for the benefit of the statesman—for he is to be a statesman hereafter, next year—that I intend to take the benefit of legal advice other than that of the Law Department upon this very question; and, if I decide to do so, I shall take some action whereby the action of the Board this afternoon will not mean such smooth sailing as my brother members imagine. I want to say this, if I may be permitted to take up a little time of the Board, that I have pleaded with the members for fair play. There is a suit now pending in regard to the disposition of the money. I suppose some members of the Board know that, but perhaps they do not care. I intend to consult legal advice, and if the opinion I have been previously given is correct, you will find that this Board has made a big, big mistake, one that it will regret. That is all. Of course, we cannot send the members to jail—that is the only unfortunate part of the whole business. (Laughter.) If we could, I would have them there. I withdraw my motion.

The CHAIRMAN—Communications from His Honor the Mayor.

Ald. CODMAN—Mr. Chairman, I hope the alderman will not withdraw his motion. I believe that perhaps he is right and that opinion should be sent down. I believe the Chair is wrong in his ruling, and I shall object to the alderman withdrawing his motion.

The CHAIRMAN—The Chair will say at this time that nobody objected at the time, and that other business has intervened. I call for communications from His Honor the Mayor. Now, I desire to say to Ald. Berwin that if he desires to get the opinion of the corporation council or any other member desires it, so as to make it a matter of record, it is in the province of the Chair to ask him to reduce his motion to writing. The Chair has no desire to shut off any member from making a motion, but it is in the province of the Chair to require that a motion shall be reduced to writing.

Ald. CODMAN—Mr. Chairman, Ald. Berwin asked that the motion be withdrawn, and I objected. The Chair did not request at that time that it be reduced to writing.

The CHAIRMAN—If the alderman insists on the motion, the Chair will ask him to reduce it to writing.

Ald. CODMAN—I insist. Well, I don't want to make the alderman work over time.

LAND FOR MARKET AT PARK SQ.

Ald. ADAMS, for the committee, submitted the following:—

The Joint Committee on Markets have given three hearings on the order contemplating the erection of a market at Park Sq., on the property now owned by the New York, New Haven & Hartford Railroad Company.

One of the hearings was given for remonstrants, and only one person appeared and objected to the erection of a city market at the above mentioned site. Two of the hearings were given for the

purpose of listening to those in favor of the proposal and a large number of people appeared in favor of the project, including representatives from all the different labor organizations.

The committee have considered the matter very carefully, and accordingly recommend the following order:—

Ordered, That His Honor the Mayor be requested to petition the next General Court for the right to take by eminent domain the parcel of land owned by the New York, New Haven & Hartford Railroad Company, situated between Park Sq. and Dartmouth St., the same to be used for the erection thereon of a public market and of a municipal building or buildings.

Report accepted; order passed. Sent down.

PROJECTION OF SIGNS, ETC.

Ald. DAY, for the Committee on Building Department (Ald.), submitted the following:—

(1) Reports on petitions for leave to project signs, etc. (generally referred today), that leave be granted, viz:—

Daniel J. Byrne, campaign transparency, Boylston St., Wd. 22.

Simon Davidson, illuminated sign, 13 Temple Pl., Wd. 7.

Harry Parker, illuminated sign, 26 Bromfield St., Wd. 7.

Charles A. Heintz, sign, 10 E. Springfield St., Wd. 12.

Pitts, Kimball Co., two Christmas trees, front of second story of store, 609-615 Washington St., Wd. 7.

T. F. McCarthy, illuminated sign, 603 Washington St., Wd. 7.

Pierce J. Grace, illuminated sign, Columbia theatre.

Wm. S. Mulligan, illuminated sign, 669 Atlantic Ave., Wd. 7.

B. Sommer & Co., illuminated sign, 44 Winter St., Wd. 7.

Rupert W. Parker, illuminated sign, 1641 Washington St., Wd. 12.

G. W. Watts, Jr., two barber poles, 87½ Joy St., Wd. 11.

Henry Gediman, campaign transparency, 50 Leverett St., Wd. 8.

Dominic La Grotto, two barber poles and a sign, 46 Staniford St., Wd. 8.

Reports severally accepted; leave granted on the usual conditions.

(2) Report on the petition of G. H. Worcester & Co. (referred Nov. 17), for leave to project an illuminated sign at 27 Exchange St., Wd. 6—that leave be granted.

Report accepted; leave granted on the usual conditions.

(3) Report on the petition of Florence E. Creed (referred Nov. 27), for leave to erect one bay window from building 197-199 Dorchester St., corner W. Seventh St. Wd. 15—that leave be granted.

Report accepted; leave granted on the usual conditions.

(4) Report on the petition of Arthur Murphy (referred Oct. 9), for leave to project four bay windows from building 365-369A Neponset ave., and 2-2A Chickatawbut St., Wd. 24—that the petitioner be given leave to withdraw.

Accepted.
(5) Reports on petitions for leave to project signs, etc.—that no action is necessary, viz:—

Dr. Charles F. Kreppel (referred Nov. 1), sign, 10 Hyde Park ave. Wd. 23.

Meyer Frank (referred Oct. 30), brass rail to protect window at 559 Washington St., Wd. 7.

Alexander Cava (referred June 26), two signs, 24 Tremont Row, Wd. 6.

Alexander Cava (referred June 29), lamp, 24 Tremont Row, Wd. 6.

Accepted.

(6) Report on the petition of F. L. Ames estate (referred Nov. 8), for leave to construct a canopy over gallery entrance to theatre on Boylston St.—that leave be granted.

Ald. Brick dissents.

The report was accepted and the question came on granting leave.

Ald. BRICK—There are three petitions here and they all appear to be just the same, and I think, perhaps, if they are read together it would be just as well. I refer to the F. L. Ames estate, the Castle Square theatre and the Boston Auction Co.

It strikes me that these matters are passed and passed very often as a matter of personal interest. They are things I don't believe the city should grant or they should be only granted under the most stringent regulations. The first beginning of these permits commenced with the Tremont Theatre—for their convenience. It was built some time after the permit had been granted and forgotten, and now we have the spectacle of a building upon the street built with posts and with an illuminated sign. It strikes me that soon every large store in Boston and every theatre may desire the same kind of a structure to have their customers carriages drive up to—

If the Chair would kindly pay attention to what I am saying—

The CHAIRMAN—The Chair will inform the alderman that he is thoroughly informed in the matter as it has been threshed over in committee.

Ald. BRICK—Still, I think it is common courtesy to the house to pay attention. The owner of the adjoining estate protested against the petition of the Ames estate on good grounds. Now this thing has been, as the Chairman says, threshed over and if the members of the board see fit to grant it, all right. I may be alone on this but I desire to vote "no".

The board voted to grant leave, the vote being yeas 6, nays 5.

Yeas—Ald. Barry, Berwin, Colby, Day, Dixon, Doyle—6.

Nays—Ald. Adams, Brick, Codman, O'Toole, Prescho—5.

(7) Report on the order granting leave to Reuben Nye, executor (referred Nov. 27), to project permanent awning in front of the Castle Square theatre—that leave be granted.

Ald. BRICK dissents.

Report accepted; order passed.

(8) Report on the petition of the Boston Auction Co. (referred Oct. 30), for leave to project a permanent awning in front of Nos. 46-52 Clinton St. and No. 38 Commercial St., Wd. 6—that leave be granted.

Ald. BRICK dissents.

Report accepted; leave granted on the usual conditions.

ELECTRIC WIRES.

Ald. DOYLE, for the Committee on Electric Wires, submitted the following:—

(1) Report on petitions of the New England Telephone and Telegraph Co. of Mass. for leave to erect and to remove one pole (a) in Congress st., Wd. 13, (b) in South St., Wd. 23, (c) in Maverick St., Wd. 2, and (d) in Western Ave., Wd. 25—recommending the passage of the following:—

(a) Ordered, That permission be granted to The New England Telephone and Telegraph Co. of Mass. to place and maintain a pole for the support of wires at a point designated by a blue dot on a plan deposited in the office of the Superintendent of Streets, made by C. A. Perkins; said poles to be located as follows:—

Congress St., Wd. 13, 1 pole, 50 ft. high, 15 in. in diameter; width of sidewalk, 10 ft. Date of plan, Nov. 20, 1899.

And permission is hereby further granted to said company to remove from Congress St. one pole shown by a red dot on said plan.

The Superintendent of Streets is hereby authorized to issue permits for opening and occupying streets for placing and maintaining said pole on the conditions specified in chapter 38, section 15, of the Revised Ordinances of 1898. The work of locating and removing said pole to be

completed within sixty days from the date of the passage of this order.

(b) Ordered, That permission be granted to The New England Telephone and Telegraph Co. of Mass. to place and maintain a pole for the support of wires at a point designated by a blue dot on a plan deposited in the office of the Superintendent of Streets, made by C. A. Perkins, dated Nov., 1899; said pole to be located as follows:—

South St., Wd. 23, 1 pole, 35 ft. high, 12 in. in diameter, width of sidewalk, 8 ft.

And permission is hereby further granted to said company to remove from South St. one pole, shown by a blue dot marked "relocate," on said plan.

The Superintendent of Streets is hereby authorized to issue permits for opening and occupying streets for placing and maintaining said pole on the conditions specified in chapter 38, section 15, of the Revised Ordinance of 1898. The work of locating and removing said pole to be completed within sixty days from the date of the passage of this order.

(c) Ordered: That permission be granted to The New England Telephone and Telegraph Co. of Mass. to place and maintain a pole for the support of wires at a point designated by a red dot on a plan deposited in the office of the Superintendent of Streets, made by G. H. Dresser, dated Oct. 30, 1899; said pole to be located as follows:—

Maverick St., Wd. 2, 1 pole, 40 ft. high, 14 in. in diameter; width of sidewalk, 8 ft.

And permission is hereby further granted to said company to remove from Maverick St. one pole, shown by a black cross on said plan.

The Superintendent of Streets is hereby authorized to issue permits for opening and occupying streets for placing and maintaining said poles on the conditions specified in chapter 38, section 15, of the Revised Ordinances of 1898. The work of locating and removing said poles to be completed within sixty days from the date of the passage of this order.

(d) Ordered: That permission be granted to The New England Telephone and Telegraph Co. of Mass. to place and maintain a pole for the support of wires at a point designated by a black dot on a plan deposited in the office of the Superintendent of Streets, marked vol. 1, p. 87; said pole to be located as follows:—

Western Ave., Wd. 25, 1 pole, 40 ft. high, 14 in. in diameter; width of sidewalk, 8 ft.

And permission is hereby further granted to said company to remove from Western Ave. one pole shown by a black dot marked "removed" on said plan.

The Superintendent of Streets is hereby authorized to issue permits for opening and occupying streets for placing and maintaining said poles on the conditions specified in chapter 38, section 15, of the Revised Ordinances of 1898. The work of locating and removing said poles to be completed within ninety days from the date of the passage of this order.

Reports severally accepted; orders severally passed.

(2) Reports recommending that orders of notice be passed for hearings on Wednesday, December 13, 1899, at 3 o'clock P.M., on petitions of The New England Telephone and Telegraph Co. of Mass. (severally referred today), (a) for leave to erect and to remove poles on East Concord St., Wd. 12; (b) for leave to erect poles on Parker St., Wd. 4; Catawba, Sherman and Dale Sts., Wd. 21; (c) for leave to erect poles on McClellan and Newport Sts., Wd. 20, and (d) for leave to erect poles on Stoughton St., Wd. 20.

Reports severally accepted; orders of notice severally passed.

(3) Reports on the petition of the American Telephone and Telegraph Co. of Mass. (referred Nov. 27), for leave to erect poles on Neponset Ave. and other streets—Recommending the passage of the following:—

Ordered, That permission be granted to

the American Telephone and Telegraph Co. of Mass. to place and maintain poles for the support of wires at points designated by red dots on a plan deposited in the office of the Superintendent of Streets, made by H. G. Hunter, dated Nov. 11, 1899; said poles to be located as follows:—

| Street. | No. of Poles. | Width of Sidewalk. |
|-------------------------|---------------|--------------------|
| Neponset Ave..... | 5 | 8 |
| Taylor St..... | 6 | 8 |
| Rice St..... | 2 | 6 |
| Franklin St..... | 5 | .. |
| Walnut St..... | 1 | .. |
| Fulton St..... | 4 | .. |
| Tenean St..... | 31 | .. |
| Freeport St..... | 64 | 7 |
| Auckland St..... | 15 | .. |
| Bay St..... | 8 | .. |
| Spring St..... | 4 | .. |
| Sydney St..... | 30 | 7 |
| Crescent Ave..... | 12 | 7 |
| Buttonwood St..... | 17 | 7 |
| Locust St..... | 7 | .. |
| Washington Ave..... | 19 | .. |
| Wendell St..... | 3 | .. |
| Preble St..... | 10 | .. |
| Vinton St..... | 9 | 7 |
| Dorchester St..... | 11 | 9 |
| Middle St..... | 1 | .. |
| Tuckerman St..... | 1 | .. |
| West Ninth St..... | 14 | 7 |
| D St..... | 9 | 8 |
| W. Seventh St..... | 8 | 8 |
| C St..... | 21 | 8 |
| W. Second St..... | 16 | 8 |
| W. Third St..... | 2 | .. |
| Granite St..... | 18 | 8 |
| W. First St..... | 2 | .. |
| Mt. Washington Ave..... | 8 | 8 |

All of said poles to be 45 ft. high and 16 in. in diameter.

The Superintendent of Streets is hereby authorized to issue permits for opening and occupying streets for placing and maintaining said poles on the conditions specified in chapter 38, section 15, of the Revised Ordinances of 1898; the work of locating said poles to be completed within six months from the date of the passage of this order.

The report was accepted, the rules suspended, and the question came on the passage of the order.

Ald. DAY—Mr. Chairman, I want to object to the passage of that as a member of the committee. I was not present at the meeting where that was considered—I won't say whether it is my fault or not—but I have not had an opportunity to look into it, and I would like to have that lie over for a week, and I move its reference to the Committee on Public Improvements.

Ald. DOYLE—Mr. Chairman, I shall have to object to reference to the Committee on Public Improvements, as the matter has already been considered by the Committee on Electric Wires. The alderman should consider that the Committee on Public Improvements sat here a week ago today and listened to the remonstrants, the most important of whom was the American Sugar Refining Co. I have a letter from that company upon my desk withdrawing whatever objection they had to the erection of the poles.

Ald. DAY—Mr. Chairman, there are other considerations that enter into this matter. It seems to me that this company is making a good deal of a location there; and there is another company, the Massachusetts Tel. & Tel. Co., that wishes locations, and I would like to have time enough to see if this interferes with them, and if it takes up all the locations, as the Massachusetts company should have an opportunity to get out of the city in that direction.

Ald. PRESNO—Mr. Chairman, I hope this will go through. It is the old fight between the Massachusetts and New England Telephone companies. The former company obtained a franchise from us last year and all they have put in are two short lines not worthy of consideration. The grant specified they should proceed if they meant business but they have done nothing, in my opinion. They had all this summer to circulate their petitions for subscribers and I think they have obtained a large

number conditionally, but they have done little work and I do not think they are worthy of notice in this Board, and I hope the order will go through as it stands for the company that does the business.

Ald. BERWIN—Mr. Chairman, I should like to ask Ald. Day to amend his motion by assigning the order to the next meeting.

Ald. DAY—I will do so if there is no objection, Mr. Chairman.

Ald. DOYLE—Mr. Chairman, I object. The motion to refer to Public Improvements was lost, yeas 2, nays 10.

Yeas—Ald. Berwin, Day—2.
Nays—Ald. Adams, Barry, Brick, Codman, Colby, Dixon, Doyle, McDonald, O'Toole, Presho—10.

Ald. O'TOOLE—I have no objection to this order going through the Board, Mr. Chairman, but it seems to me as a matter of courtesy to one of the members of the Committee on Electric Wires (Ald. Day), that the alderman offering this (Ald. Doyle) should allow him to look into it, and I make a motion now that it be assigned for a week.

Ald. DOYLE—Mr. Chairman, I sincerely hope that the motion of Ald. O'Toole will not prevail this afternoon, as every member of this Board is thoroughly familiar with the manner of doing business and we can vote on this matter as intelligently this afternoon as we can a week from today.

Ald. BERWIN—I am actuated, Mr. Chairman, in my purpose in voting for an assignment simply to give to Ald. Day that opportunity which I have time and again asked from the Board for myself. I am familiar with the subject—or I think I am—but I say when a member of the Board asks for an opportunity to look into a matter, especially a member of a committee, I think there should be a written law to give it to him. There is an unwritten one now, but there should be a written one to grant a privilege of this kind.

The motion to assign to the next meeting was lost; yeas, 4; nays, 8.

Yeas—Ald. Berwin, Brick, Day, O'Toole—4.

Nays—Ald. Adams, Barry, Codman, Colby, Dixon, Doyle, McDonald, Presho—8.

The order was passed, yeas 11, nays 1, Ald. Berwin calling for the yeas and nays.

Yeas—Ald. Adams, Barry, Berwin, Brick, Codman, Colby, Dixon, Doyle, McDonald, O'Toole, Presho—11.

Nays—Ald. Day—1.
Ald. Doyle moved to reconsider; lost.

USE OF FANEUIL HALL.

Ald. CODMAN for the Committee on Faneuil Hall, etc., submitted a report on the petition of the Republican City Committee (referred today), for the use of Faneuil Hall on Dec. 11th, at noon—that leave be granted.

Report accepted; leave granted on the usual conditions.

GENERAL RECONSIDERATION.

Ald. DAY moved reconsideration on all business transacted at the meeting, hoping that the same would not prevail. Lost.

RAILROADS.

Ald. DIXON, for the Committee on Railroads, submitted a report on the petition of the West End Street Railway Co. (referred today), for location for double track on Commonwealth Ave. from Brighton Ave. to Chestnut Hill Ave.—recommending the passage of an order of notice for a hearing thereon on Tuesday, Dec. 26th, at 3 o'clock P.M., when any parties objecting thereto may appear and be heard.

Report accepted; order of notice passed.

ASPHALT BICYCLE PATHS.

Ald. PRESNO offered an order—That the

Superintendent of Streets be requested to report to this Board the advisability of adopting the system of asphalt bicycle paths between and around the posts of the elevated railroad, which is now in use in the Borough of Brooklyn, in the city of New York.

Passed.

COASTING PERMITTED.

Ald. DIXON offered an order—That coasting be allowed, during the present winter, under such restrictions as the Board of Police may deem proper to impose, in the following-named streets:—

City Proper.

Branch, Allen, Brighton, Spring, Poplar, North Grove, North Russell, Billerica, Cooper, Pitts, Norman, North Margin, Hull, Charter, Sheafe, Myrtle, and North Bennet Sts., Chambers St., between Poplar and Spring Sts., and Albany St., from Way St. to Dover St.

East Boston.

Princeton, Jeffries, Cottage, Sumner, Monmouth, and Trenton Sts.

South Boston.

East Third St., between I and M Sts., East Third St., between N and P Sts., East Fourth St., between G and Atlantic Sts., East Fifth St., between I and K Sts., West Fifth St., between Dorchester and E Sts., West Sixth St., between Dorchester and E Sts., East Seventh St., between G and H Sts., East Broadway, between N and O Sts., F St., between West Third and West First Sts., M St., between East Third and East First Sts., Silver St., between C and Dorchester Sts., Linden and Pacific Sts.

Roxbury.

Phillips, Walden, Holborn, Wait, Langdon, Clarence, Shirley, Ambrose, Magnolia, Seaver, Bainbridge, Hazelwood, Belden, Hillside, Gay Head, Haskins, Kenilworth, Laurel, Dewey, Norfolk, Fairland, Wyoming, Gaston, St. Alphonsus, and Linwood Sts., Elm Hill, Westminster and Woodward Aves., Hartford and Brockford Sts. crossing Howard Ave., Moreland St. east of Blue Hill Ave., and Highland St. between Hawthorn and Centre Sts.

West Roxbury.

Egleston, Oakdale, Kittredge, Newbern, Rockview, Fairfield, Walnut Hill, Birch, Walk Hill, Rockwood, Ridge, Florence and Cornwall Sts., Peter Parley road, Chestnut, Anawan and Metropolitan Aves., Paul Gore St. between Chestnut Ave. and Larmartine St., Spring Park Ave. between Enfield St. and Chestnut Ave.

Brighton.

Newton, Union, Foster, Everett, Hobart, Saunders, Leicester, Murdock, Pomeroy and Dustin Sts.

Charlestown.

High, Walker, Cordis, Pleasant, Adams, Soley, Bunker Hill, Baldwin, Eden, Lexington, Monument, Mead, Oak, Auburn and Pearl Sts.

Dorchester.

Westville, Pope's Hill, Richfield, Train, Park, Magnolia, Maxwell, Dix, Morton, Sumner and Wales Sts., Cushing, Lawrence and Sawyer Aves., West Cottage St. between Blue Hill Ave. and Dudley St., and Woodland Ave. and Denny St. crossing Savin Hill Ave.

Passed.

CALL FOR INFORMATION.

Ald. DOYLE—Mr. Chairman, I desire to call the attention of the Board at this time to an order passed by the Board some three weeks ago asking the Board of Park Commissioners to rescind an order which they had recently passed giving the men working in the Park Department half an hour for dinner. We have heard nothing from that order since that time and I feel that it is my duty to rise here at this time and ask why an order passed by an unanimous vote of the Board of Aldermen remains unanswered. I move that the Park Commissioners, through the Clerk of Committees be requested to answer concerning the order passed at a meeting of the Board three weeks ago regarding the dinner hour of their employees.

The motion was adopted.

THE NEXT MEETING.

Ald. O'TOOLE offered an order—That when this Board adjourns, it be to meet on Wednesday, December 13, 1899, at three o'clock P.M., and that all orders of notice of hearing for a prior date be postponed accordingly.

Passed.

LAMPS ON COFFEY ST.

Ald. McDONALD offered an order—That the Superintendent of Lamps be requested to place three lamps on Coffey St., Wd. 24.

Passed.

Adjourned, at 6:21 o'clock, on motion of Ald. Colby, to meet on Wednesday, Dec. 13, at 3 o'clock P.M.

Note—At the last meeting of the Board, Nov. 27th, the Committee on Public Improvements reported on communication and order transmitted by His Honor the Mayor from the Board of Estimate and Apportionment for purchase of land adjoining Pierce Farm, West Roxbury (referred Oct. 30, 1899)—that the order be passed, and that the message be sent down.

Report accepted, order passed. Order and message sent down.

CITY OF BOSTON.

Proceedings of the Common Council.

Thursday, Dec. 7, 1899.

Regular meeting of the Council, held in the Council Chamber, City Hall, at 7:45 o'clock p.m., President Kiley in the Chair, and a quorum present.

PARKWAY CONNECTION.

The following was received:—

Mayor's Office, City Hall,

Boston, Dec. 7, 1899.

To the City Council:—

I transmit herewith a communication from the Board of Park Commissioners in reply to your order requesting the Board to prepare a plan of a boulevard or parkway connecting the Dorchester district with the proposed parkway in Atlantic, in the city of Quincy.

Yours respectfully,

Josiah Quincy, Mayor.

City of Boston.

Board of Commissioners of the Department of Parks.

Hon. Josiah Quincy, Mayor.

Dear Sir:—We have received the order of the City Council requesting this Board to prepare a plan of a boulevard or parkway connecting the Dorchester district with the proposed parkway or boulevard in Atlantic in the city of Quincy, to be laid out by the Board of Metropolitan Park Commissioners, and the same will receive our careful consideration.

Yours respectfully,

Charles E. Stratton, Chairman.

Sent up.

PLAYGROUND FOR GAMES.

The following was received:—

Mayor's Office, City Hall.

Boston, Dec. 7, 1899.

To the Common Council:—

I transmit herewith a communication from the Board of Park Commissioners, in reply to your order requesting them to put the Columbus Ave. playground in order for football and other games.

Yours respectfully,

Josiah Quincy, Mayor.

City of Boston.

Board of Commissioners of the Department of Parks.

Dec. 4, 1899.

Hon. Josiah Quincy, Mayor.—

Dear Sir: We have received the order of the Common Council requesting us to put the property lately acquired for a playground on Columbus Ave. in order for football and other games.

As this Board had no money which we could apply to this purpose, we asked the Board of Estimate and Apportionment, Aug. 14th, for the sum of \$500, and since then we have again renewed our request, but without avail.

Yours respectfully,

Charles E. Stratton, Chairman.

Placed on file.

PAPERS FROM BOARD OF ALDERMEN

The Council voted, on motion of Mr. Watson of Wd. 18, to consider Nos. 1 to 10, inclusive, and that the same be read by their titles, viz:—

1. Report of Committee on Claims on petition of Charles A. Fernald, referred Nov. 17, to be paid for professional services—leave to withdraw.

2. Report of same committee, on petition of Edmund T. Lamb referred July 17, for compensation for damage to horse caused by an alleged defect in Columbia Road—leave to withdraw.

3. Report of same committee, on peti-

tion of the Supreme Council of the Royal Arcanum, referred June 12, to be refunded the amount paid as a sewer tax,—leave to withdraw, as the committee has no jurisdiction.

4. Report of same committee, on petition of John Sullivan, referred July 17, to be refunded the amount of sewer taxes paid under protest,—leave to withdraw, as the committee has no jurisdiction.

5. Report of same committee, on petition of Henrietta Stowell, referred November 8, to be paid for constructing a wall at Smelt Brook, leave to withdraw, as the claim has been outlawed.

6. Report of same committee, on petition of Margaret E. McNealy, referred August 1, for compensation for personal injuries from a fall caused by snow and ice on Centre St.,—leave to withdraw, as the city is not liable.

7. Report of same committee, on petition of Clifford Devens, referred March 7, 1898, to be paid balance remaining from tax sale of estate on Dudley Ave., Wd. 23,—leave to withdraw.

8. Report of same committee, on petition of Alice E. Gould, referred April 3, for compensation for damage to estate, 63 Beech Glen St.,—leave to withdraw.

9. Report of same committee, on four petitions of Robert Hodson, Jr., referred May 22, for compensation for damage to estates 366 Princeton St., 341 East Eagle St., 368 Princeton St., and corner of East Eagle and Princeton Sts., caused by alleged defective construction of a sewer,—leave to withdraw, as suit has been entered against the city.

10. Report of same committee, on petition of Luke F. Kizian, referred June 26, for compensation for damage to his wagon caused by a projecting spike on pole on Amory St.,—leave to withdraw, at his own request.

Severally accepted in concurrence.

11. Report of same committee, on petition of Malachi Lennon, referred November 8, for compensation for damage to estate caused by change of grade of Blue Hill Ave., recommending reference to the Board of Street Commissioners.

Report accepted; said reference ordered.

12. Report of same committee, on petition of Louisa Dorr, referred November 8, for compensation for land taken for sewer purposes, between Hewlett and Mozart Sts., recommending reference to the Committee on Public Improvements.

Report accepted; said reference ordered in concurrence.

13. Mayor's message transmitting the following order, passed by the Board of Estimate and Apportionment on October 20, 1899, the same coming down passed by the Board of Aldermen for concurrence, viz:—

Ordered, That the sum of twenty-four thousand (24,000) dollars be, and hereby is, appropriated for the purchase of the equity in the lot of land situated on Morton St., and in the lot of land situated on Austin St., West Roxbury, adjoining the Austin Farm, and both belonging to George W. Seaverns, and also for the purchase of the equity in the lot of land on the corner of Walk Hill and Harvard Sts., adjoining the Pierce Farm, and belonging in part to James J. Costello and in part to John E. Callahan; that to meet said appropriation the City Treasurer be authorized to issue, from time to time on the request of the Mayor, bonds of the City of Boston to said amount for said purpose; and that the In sane Hospital Trustees extend said appropriation for said purpose.

The question came on placing said message on file and passing the order in concurrence with the Board of Estimate and Apportionment and the Board of Aldermen.

The communication was placed on file, the order was read a second time and the question came on its passage in concurrence.

Mr. HARVEY of Wd. 24—Mr. President, I rise at this time to protest against the passage of this order, as it is of more interest to my section than any other section of the city, being in my immediate vicinity. I have called a meeting of the citizens in my district and we wish to protest against the passage of this order, inasmuch as we think the Insane Hospital at the present time has more than enough land. This taking of 36 or more acres of land means the taking of some land which can otherwise be put to use for residential purposes; whereas if it is taken for Insane Hospital purposes it will forever cut off that end of the city from being a residential district. The section I come from has built in the past three or four years a million and a half dollars' worth of taxable property in the city, and we think it is an injustice that the Institutions Department wants to impose on us any more such buildings.

In the past two or three years there have been a number of insane people break out of that institution—or, perhaps you would hardly call it breaking out, but they are allowed to run about there very loosely and openly, are allowed the liberty of the grounds, and can go out at almost any time. They have come over into my section, and in one particular instance a man was out for a week. He went through the section terrorizing the women and children, and for a whole week my wife did not allow the children out of the house, she was so afraid. Not only in my particular section, but in the Forest Ave. section, they are protesting. If it is necessary, we are going to the Legislature next year if this passes this body and becomes a law, and fight it up there. Further than that, I think the lay of the land itself is sufficient cause for defeat of the order. The land is divided. If they intend to take more land, why don't they have the different parcels connected. They have taken three parcels, as I understand it, and two are together, and there is a division between them and the other. If they take this land and put buildings upon it, it means the establishing of another separate and distinct insane hospital. I certainly wish to protest and hope the order will not pass this body. I will state in regard to the land purchased that a friend of mine has had a certain parcel of that land offered to him several times in the past two years. No later than four weeks ago between three and four acres were offered to him for \$2500, the land which would be the connecting link between the parcels they have already suggested taking. He could not buy it, as he told me, because there was no outlet whatever. Now, the people who have this land and who wish to sell it to the city at this fabulous price, have gone to work, knowing that they could make the city buy it, if not at the present time later, and have paid \$6000 for this very piece of land, which has no outlet whatever. It is simply hemmed in on all sides and is of no earthly use except to these people. It is not in the present deal, but the chances are that it will be forced on the city later. I certainly hope at the present time that this order will not pass. If it does, it is our intention to go to the Legislature next year and protest.

The PRESIDENT—The chair desires to make a statement as your representative in the Board of Estimate and Apportionment, in explanation of this order. The land referred to in this order is land adjacent to the insane hospitals at Pierce and Austin Farms, and was asked for by the Board of Trustees for the Insane. They stated to the Board of Apportionment that they had 1100 insane patients in the state hospitals whom they desired to build buildings for on this property. The Board of Estimate and Apportionment secured as

their experts Mr. Babson, Mr. Cobb, Mr. Minot and Mr. Dore, all of whom passed upon the proposition before it was passed by the Board of Apportionment. The chair desires to make that statement as an explanation of his vote in the Board of Apportionment, as your representative.

Mr. WATSON of Wd. 18—This matter, Mr. President and fellow members, is one of vital importance to the citizens of Boston—particularly to the poor people of Boston. There are confined in the different insane asylums in Massachusetts, outside of Boston, over one thousand of Boston's insane. They are confined in those institutions because the City of Boston has not quarters large enough in which to shelter them, and a great number of those are confined outside the city, say for instance in Tewksbury, Worcester, Danvers and Taunton, in spite of the wishes of their friends, to be located in Boston where their friends can visit them. Today the friends of those people who are confined in the different places that I have mentioned, in order to see them, must pay a fare of all the way from one dollar to four dollars per visit, and they are compelled to take a journey and spend almost a whole day in order to see the poor unfortunates whom they dearly love. Mr. President, and fellow members, those who are supported today in the insane hospitals in Dorchester are those whose friends are able to reach the people in power. Those whose friends are not in touch with the politicians are unable to be supported where they can be reached by their friends without great expense. I am not particularly in sympathy with the unpaid boards, but when I receive a communication from Philip Coombs Knapp begging me to vote in favor of this matter I consider that of sufficient importance to warrant me in rising upon this floor and saying a word in favor of this order. The gentlemen from Dorchester speaks of the fact that there is an evil existing in Dorchester owing to the presence of the insane hospital. He speaks of the bugaboo of the insane people getting out and running around through Dorchester.

That reminds me of a story which has been told often, which is as follows: A man was wandering about the outskirts of a city when he suddenly looked behind him and saw a man, half naked, running and waving his hands in the air. The man ran, jumped fences, ran through houses and stores and finally fell exhausted. He arose on his knees, and began to pray to the man who had followed him, for mercy. The man came up to him, and, instead of killing him, he tapped him on the shoulder and said "My friend, you are it." (Laughter). That is exactly the condition of this bugaboo. There is no trouble here. I want to say that that is something ridiculous. I do not doubt a particle but that they wander about the grounds; but they have some privileges. He says it is an evil. Well, it can be continued whether we buy this land or not. The fact that we do not take this land does not mean that the insane hospital will be removed. It will be continued. It does not relieve them a particle; but by taking this land we do relieve the poor people of Boston, whose friends are now quartered in the different insane hospitals under the charge of the state, and for the keeping of whom the city of Boston pays a great many dollars—and their treatment is not the treatment they would receive if they were quartered under the care of the city's trustees. Why, today, the insane people of Worcester have to sit for hours on a hard wooden bench until the parts that they sit upon are irritated so that they become running sores. Is that the condition out in Dorchester? No, the people there are able to sit on cushions—and that is because their friends can see them when they are suffering, not being compelled to go to the expense of paying a large amount of car fare, and

probably not being able to see them at all because the expense is too large.

Now, I do not know of any land scheme which there is in this, but one thing is certain, that \$24,000 is not a great deal of money. If there is \$24,000 worth of good to come out of this thing, I say we should pass it tonight unanimously. I have heard some talk of a land scheme, but it was being done by others, and probably the opposition to this order is because of the disappointed people. Now, gentlemen, if we do not take this land at this time adjoining the insane hospitals, the owners will do, as the member from Dorchester says, erect houses. That means that the insane trustees will not be able to expand their institutions in the territory which they desire to. My fellow members and Mr. President, I sincerely trust that the matter of politics will be entirely cut out of this affair, and that this body will vote in the interest of the people's charges, in the interest of the friends of the city's unfortunates, in the interests of those who cannot look out for themselves, to pass this order tonight in concurrence with the Board of Aldermen. Now, I am satisfied that there is some opposition to this, I think, however, if those who are opposing this order had the interest of the poor insane patients at heart, they would not hesitate a moment, but would vote at once to pass this order. I trust that it will pass.

Mr. LYDON of Wd. 13—Mr. President, I hardly see that there is any opposition to this order, with the exception of the gentleman from Wd. 24 (Mr. Harvey). It seems to me that his opposition is as a representative of some of the real estate dealers out that way. Apart from that I do not see where there can possibly be any opposition to this order whatsoever. As I understand it, this land, if bought now, can be bought for a comparatively small cost, whereas, if we wait until later, why, of course the cost will increase. However, I am satisfied, after this matter has received the consideration of the Board of Apportionment, also the City Solicitor, the Corporation Counsel and the Street Commissioner, Mr. Dore, that unless the project were wise, it would not be submitted to us, and it has also passed the Board of Aldermen unanimously. I am also aware of the fact that at the present time the friends of the insane have to go to Worcester and the other places where the state institutions are located in order to visit those confined there. I believe this is entirely unnecessary, and that this is a good way to get over the difficulty,—by the building of proper institutions within our borders. I sincerely trust that the members of the Council will vote to pass this order.

As far as the value of the land is concerned, or the surrounding neighborhood, I understand that on one side of this property is Franklin Park and that on the other side is Forest Hills Cemetery. From the map I have seen I cannot see where there is any great damage to be done to the surrounding territory. As a matter of fact, there is a great deal of territory very near the public institutions which might be bought, but it is not within the immediate borders of the present land owned by the city. I sincerely hope that the order will be passed.

Mr. CHAMBERLAIN—Mr. President, it seems to me that we are wasting a lot of valuable time over this order. I rise to a question of information. Inasmuch as this order was passed by the Board of Estimate and Apportionment on October 30, and inasmuch as thirty days have elapsed since then, is it necessary for this body to act on the order at all?

The PRESIDENT—The Chair will state, in answer to the gentleman, that so far as the appropriation of the money is concerned, it has already gone into effect,

in accordance with the statute law—so far as the appropriation is concerned.

Mr. MULCAHY of Wd. 14—Mr. President, I agree with my friend on my right (Mr. Chamberlain). It is useless time which we are wasting here, but as the gentleman in the second division (Mr. Harvey) arose and started to protest against the erection of these buildings, I feel it my duty to rise and say a word in favor of the purchase of this land and the erection of the said buildings. Now, it seems to me too bad that our people in Boston who are afflicted with such a disease as insanity should be cast away out in the different institutions of the State, in Taunton, Tewksbury and the other places—when this large city can afford to build places large enough to hold them—and that is what it is now proposed to do. I think it is about time that such a thing should be done.

Now, the country surrounding the present hospitals out there, as my friend in front of me has stated, is not very thickly settled with people. There is plenty of land to improve upon, and it seems to me it is the duty of the Insane Hospital Trustees to provide as large accommodations for the poor people under their charge as they can. I trust that the order will pass this evening.

Mr. HARVEY—Mr. President, I am very much surprised that the gentleman in the first division should accuse me of playing politics on this order. That certainly is not my intention. I am certainly looking out for the benefit of my section. In regard to his speaking about bugaboos, I would state that it is a matter of fact and record in the institutions that people do escape there. That is in answer to his assertion on that point. In regard to being opposed to the extension of this institution I am frank to say, after looking into this matter—and I have looked into it pretty carefully—that I believe the insane hospital should be nearer the centre of the City of Boston. The buildings should also be together in their entirety. I am not opposed to that idea. I think the institution should have more ground, I am willing to vote for more ground—but not in my section. That is the position I am taking here. In regard to the \$24,000 that the gentleman in the third division speaks about, that money has already been appropriated; but, as I understand it, the land cannot be taken until the City Council so votes. The taking of the land is what I am opposed to. The \$202,000—the balance of the amount that has been agreed upon for this land, the whole amount being \$226,000—is to be asked from the Legislature next year in a special bill. They evidently feel very much assured that they are going to get it, but we are going there from my section and are going to make a good big fight against it. In regard to any real estate deals that the gentleman in the third division speaks about I would state that I own 5200 feet, and I know of nobody in my section who owns very much more. There are one or two tracts of land which are being developed at the present time. I don't think the owners even know that this thing is being talked about. They have not spoken to me if they do. However, I think it is a shame. They have gone in there, have invested their money, they have built sewers and streets, bringing their property in to the market, and certainly if that extension is made their land cannot be sold for what they propose to sell it at the present time. In regard to the land being bought not to advantage, I will simply say that it is assessed for a cent and a quarter a foot on the average, while the price the city is paying is fifteen or sixteen cents. Some parts of the land, lots facing on streets, are worth that, perhaps more. But I think on the whole, that \$226,000 is a big price. The land can be bought two years from now at that price.

What I say is, look somewhere else for a place for the hospital buildings. That is my only point. I am not opposed to having the grounds in the city of Boston. I think we should have them here. My position is simply a protest from the small property holders, those holding small pieces of real estate in that section, in which they perhaps hold an equity, against any more insane hospital buildings there.

Mr. LINEHAN of Wd. 13.—Mr. President, I did not have much intention of speaking upon this order tonight, but when I heard the gentleman in the second division rise in his place and say one thing, and immediately, after a few speakers had spoken, turn around and contradict what he had said before, I thought I should say a word. From time immemorial it has been good policy for cities to take good care of the unfortunate insane, and after four years of a democratic administration I think it is now about time that it should take some steps to remedy the present existing conditions, which have compelled unfortunate insane people to be sent all over the state of Massachusetts. Thousands of dollars have been appropriated and expended for improvements in the City Hospital, through the efforts of politicians from that and other districts, and I think it is about time that some attention should be given to the care of the unfortunate insane. I appeal to the republican members of this council, from nothing but pure philanthropic motives, to stand together in this matter, and not to allow any opposing platform of any antagonistic party to take the ground that they are against the erection of good, sensible hospitals for the insane of Boston. I tell them now on the floor of the council that if they defeat this order we will use it as an issue from one end of the city to the other against them in this municipal election. I don't care who the man is, be he savage, Indian or a native of South Africa—every one has a warm spot in his heart for the unfortunate people who are deprived of their reason, and who are thrown into the hands of the community to be taken care of. When the gentleman in the second division rises here and states that he opposes this because it is in his district, I think he should be ashamed of himself, because Dorchester is one of the most healthy spots in Boston, largely composed of farming land, and is the proper and right place for an insane hospital to be located. If he talks about real estate deals—and he practically admits that he is interested in land in the immediate vicinity—I can find a good reason why he should stand here in the council and oppose this order tonight.

I have inquired into this matter, gentlemen of the Council. At first I thought there was a nigger in the woodpile, but I have been convinced that this is a desired necessity, that the unfortunate people have been ill-treated in the past; and I, having occasion to apply for accommodations for different insane people, and having them sent to different cities in this Commonwealth, realize the necessity of having a hospital erected in the city of Boston which can be used by the poor as well as by the wealthy. I sincerely hope this order will pass this evening.

Mr. WELLS of Wd. 16.—Mr. President, although I am not opposed to the enlargement of any insane hospital and am not opposed to the taking of land for that purpose, even in that vicinity, I would like to know from some of those gentlemen who have so ably argued for this order and who seem to know so much about it, why they should ask for land on three sides of what might be called a hollow square—on the fourth side, instead of taking land in that square, taking part of land across the street, leaving about fifty acres. I believe, in between, which, as I understand it, they claim will be taken some

time of other? Altogether there will be between eighty and ninety acres of land if I am not misinformed, or a tract of land large enough to accommodate nearly all the insane of the United States. Of course there may be some reasons, but I have heard of none—why in enlarging their buildings and their property they should not buy land immediately surrounding the piece of land they now own. Perhaps some gentleman can inform me on the subject.

The PRESIDENT—The Chair will state for the information of the gentleman from Wd. 16 (Mr. Wells) and other members of the Council, as your representative on the Board of Estimate and Apportionment, that that board only attempt to acquire that land which was most likely to be built upon at this time, the rest to be taken by the legislature.

Mr. BRADLEY of Wd. 6.—Mr. President, I heartily agree with my colleague from Wd. 13 in his attitude upon this question. But \$24,000 is a considerable amount of money, and I think we should pause and reflect, the conservative members of this body, looking at this matter in a very deliberative way. I have not looked into the matter thoroughly, and I therefore move the assignment of the order for one week.

The question came on assignment.

Mr. WATSON of Wd. 18.—Mr. President, I sincerely trust that the member from Wd. 6 will withdraw his motion to assign. We may not have another meeting. We may have a meeting and may fail to pass upon it. This is of considerable importance. Now, gentlemen, the people who bought that land sold it for fifty per cent. of what they asked for it. They were beaten down cent by cent until they got to the point that the city was willing to pay a certain sum and they were willing to take it. We have been told on this floor tonight that this land is absolutely necessary, and if the people who own that property feel that the city of Boston wants it as badly as we are sure it does want it, what is to prevent their holding out a short time and getting their own price for the land? We have shown our hand to the owners of the property and must have it, and for that reason we should not assign the order. I cannot understand the gentleman's motion. I am satisfied that there are as many poor people located in the state hospital from his ward as there are from any other ward in Boston, and in the interest of the poor people from his ward I say to him that he will not properly represent them, in my judgment, if he attempts to hinder the passage of this order tonight. I know but little about this matter, but what I do know is this, that the insane charges of the City of Boston are entitled to fair treatment. They must have it and they will get it. The people of Boston demand it. Now, one word in reference to the gentleman from Dorchester in the second division, and I will close, because I think we are wasting a lot of time on this matter, as I believe the majority of the members here are in favor of doing something for the poor insane. The gentleman says he believes that the insane should be kept in Boston, but he says we should get them nearer to the centre of the town. Does he want to bring the people into the congested part of the city, where they cannot breathe the fresh air? Does he want to bring them into the tenement house district? Does he want them to come into the heart of the city, where, if they escape, they will run up against children at every two feet if they are going to escape, why is it not better to have them escape out in Dorchester, where there is plenty of room for them to run around. He speaks of being a land owner. That shows that he has a little interest of his own in this matter. Perhaps the 5200 feet he speaks of is on the market.

I don't know. If it is, I don't blame him for desiring to have the matter defeated. Probably I might be inspired by the same feeling, under the circumstances. But I believe, right down in the bottom of his heart, the gentleman is not speaking as his heart dictates. I believe he is speaking for the pocketbook of somebody, and we should not speak for the pocketbook of somebody as against the poor insane. I beg of those with whom I have voted many times this year regardless of party or politics—and I have done it often as a favor to many members of this body—that they will at this time vote with me to do something which is for the interest of the poor insane of our city.

Mr. Lydon of Wd. 13 in the Chair.

Mr. MULCAHY—Mr. President, I am not surprised at the attitude of the gentleman from Wd. 6 (Mr. Bradley) in moving the assignment of this order. But if this gentleman had received a communication from Mr. Knapp, the Secretary of the Insane Hospital Trustees, he would find there the cause and reasons why the Trustees desire the ground that they are now seeking for. I trust that this gentleman will reconsider and will withdraw his motion. In regard to the gentleman in the second division (Mr. Harvey) I see no argument he offers why this order should not pass, except that he owns 5200 feet in that section. I trust that the gentleman from Wd. 6 (Mr. Bradley) will withdraw his motion.

Mr. KILEY of Wd. 8—Mr. President, it is with considerable reluctance that I have left the chair tonight to speak upon this order, which I consider one of the most vital importance to the people of Boston, and particularly to that class which I have the honor in part to represent—the poor people of the city. In regard to the proposition which we are asked to confirm tonight, I realize that the appropriation has already become operative; but, with considerable surprise, I learn that gentlemen representing Democratic constituencies, where there are poor people, who are obliged to contribute mostly to the inmates of these institutions, are here tonight opposing a proposition of this kind. In order that every member of this Council may be enlightened thoroughly, I take the floor tonight, to explain to the members how this matter comes up. In the first place, I will endeavor to relieve the mind of the gentleman from Wd. 24 (Mr. Harvey) from the anxiety he seems to have for the owners of property in the immediate vicinity, by stating to him that the plans of the Insane Hospital Trustees contemplate a comprehensive enlargement of the present insane institutions, so that they may accommodate the poor insane who are now distributed throughout the state institutions of this Commonwealth—in Taunton, in Danvers, in Worcester, in Tewksbury, in Medfield and in Bridgewater—for whom the City of Boston now pays annually over \$260,000. There is also the great loss occasioned by the payment of railroad fares and the waste of time in getting to and from those institutions, the poor people of Boston spending thousands and thousands of dollars a year visiting their sons, their daughters, their mothers or their fathers. Now, then, the institutions are to be located on a large tract of land, bounded by Walk Hill St., Canterbury St., Harvard St. and Merton St. There is on one side the Pierce Farm, on the other side the Austh Farm. Between these two institutions there is a large tract of land, which these people want to acquire for the comprehensive enlargement of the institutions.

This land lies directly between both institutions. Part of it today is hired for pasturage purposes by the trustees of the Insane Institutions, they paying annually to the owners of this property an amount of money which is the interest on a very much larger amount, which is in the future to go towards the eventual purchase of the land. Now, then, in these institu-

tions the city of Boston has from 400 to 500 of its insane. Distributed through the state it has between 1000 and 1100 people. It is the idea of the trustees, if this property can be acquired in the future by act of the legislature, to take all the city's insane, and to take care of them where they properly belong, within the city limits, where the poor people of Boston can visit their relatives, without going to Worcester and other places and paying out several dollars in railroad fares, besides losing perhaps a whole day. By having them here they can visit them once a week, instead of, as today, once in three months, because of their lack of means to pay railroad fares and the expenses connected with a visit to a distant town or city. Now, then, about the surrounding people whom it is stated that this is to injure, I submit to you, gentleman of the council, if you will look over the plan, on one side you will find Forest Hills cemetery, on another side Mt. Hope cemetery, on another side Franklin Park and on the fourth side Blue Hill Ave. The erection of these hospitals, or a comprehensive enlargement of them, will injure no one. That is the best spot in Boston to care for the interests of the insane, and I submit to you that it is the only spot where such an institution can be located without objection on the part of neighboring residents. Now, as this is a question affecting the poor people whom I have the honor in part to represent, living with a poor constituency, I feel that I have a right to speak here in their behalf.

I live among people some of whom have relatives and friends in these institutions, whom they would like to visit. I have personal knowledge of five or six cases where poor mothers, widowed mothers, would like to visit their children or their relatives. They now have to go to Worcester or to Taunton, being on that account unable to see them more than three times a year, whereas, if they were located within the limits of Boston, they would be able to visit them, if they desired, every week, paying out simply ten cents for car fare, instead of the large amount required to go to different parts of the state. They could visit them and return, also, within a very short time, thereby not seriously inconveniencing themselves. That is the proposition that is before the Council tonight. As far as the land is concerned, I am not an expert in property, but I am always willing to be guided by those who know more than I do about such matters. The Board of Estimate and Apportionment had Mr. Minot, Mr. Dore, Mr. Babson, the court expert of the city of Boston, and Mr. Cobb, in consultation. The city's price was offered and was accepted. If the owners did not accept it, they would not have received a higher offer. That is the whole situation. I ask the pardon of the Council for leaving the chair, but I felt that each and every one of you was entitled to a full, fair, frank explanation of the whole project.

Mr. CHAMBERLAIN of Wd. 12.—Mr. President, in my two years' experience in the City Council, this is the first time when I have seen memorial funeral services over an order. Here is an order that has been dead a week, so far as this body is concerned. One month from October 30 brings us to November 30 and to all intents and purposes this order stands tonight as law, and no action this Council can take makes any difference in regard to it. As a rule I do not oppose assignment, but inasmuch as the issue is a dead one, I move you, sir, the previous question.

Mr. Kiley in the chair.

The PRESIDENT—The question is, shall the main question be now put?

Mr. WALKER of Wd. 25.—Mr. President, I am opposed to the main question being put, because that will cut off the motion to assign. As to this order being a past issue, I think the Chairman will say that I am correct in the idea that anything involving the taking of land must be sanc-

tioned by this body. I would like to ask the Chairman if that is not so?

The PRESIDENT—The Chair will state for the information of the Council that the appropriation has already been operative, but the taking of the property must be sanctioned by the government.

Mr. WALKER—Mr. President, that being the case, I think the matter demands careful examination on the part of this body. This body is an independent body, and I think if there is a single member who cares to take a week to investigate an order of this kind, the body should see fit to give the member that chance. I don't see how in any way the prospects of an order, if it is a good order, will be endangered thereby. It ought to be an order that will stand a week's investigation. I am heartily in favor of the motion to assign, and I am opposed to the ordering of the previous question.

The main question was declared ordered. Mr. Roemer of Wd. 22 doubted the vote. A rising vote was taken, and the main question was ordered, 36 members voting in the affirmative, 14 in the negative.

The order was declared passed in concurrence.

Mr. HARVEY of Wd. 24 doubted the vote and asked for a rollcall. The yeas and nays were declared not ordered. Mr. Lydon of Wd. 13 moved to reconsider; lost.

14. Mayor's message transmitting a communication from the President of the Board of Trustees of the City Hospital requesting that the boundaries of the portion of the lot of land transferred to the city by the Boston Transit Commission, under the provisions of chapter 347 of the Acts of 1897, which was placed under the charge of the Hospital Department, be fixed by the City Council. The passage of the following order is recommended in said message:—

Ordered, That the boundaries of the lot of land placed by an order approved November 29, 1899, under the charge of the Trustees of the Boston City Hospital, to be used for the erection thereon of a relief ambulance station, be fixed and approved as follows: On the west by Canal St., one hundred twenty (120) feet; on the south by Haymarket Sq., fifty-nine (59) feet; on the east by the westerly wall of the subway, and on the north by a line parallel to, and distant one hundred twenty (120) feet from Haymarket Sq.

The message was placed on file and the order was referred to the Committee on Hospital Dept.

15. Report of the Committee on Building Department, on petition of Alfred D. Perron, recommending the passage of an order authorizing the issue of a permit to said Perron to build a wooden building in rear of Gardner St., Wd. 23, in excess of range allowed, etc., to be used for an ice-house.

Report accepted; order passed in concurrence.

16. Report of the Committee on Market Department relative to the hearings given by said committee on the order contemplating the erection of a market at Park Sq. on the property now owned by the New York, New Haven & Hartford Railroad Company. The passage of the following order recommended in said report.

Ordered, That His Honor the Mayor be requested to petition the next General Court for the right to take by eminent domain the parcel of land owned by the New York, New Haven & Hartford Railroad Company, situated between Park Sq. and Dartmouth St., the same to be used for the erection thereon of a public market and of a municipal building or buildings.

The question came on the acceptance of the report of the Committee.

Mr. CUDDY of Wd. 8—Mr. President, I

move you that that report be recommitted to the Committee on Markets.

Mr. HARVEY of Wd. 24—Mr. President, I think the gentleman in the fourth division should give some reason why this should be recommitted, if he desires to make that motion. I do not see why there is any reason for this going back to the committee and being hashed over there again.

I think we might accept the report and end it this year, anyway.

Mr. CUDDY—Mr. President, for the benefit of the gentleman I want to tell him that a majority of that committee was not present when that report was made up. There were not over three members present. I think the whole committee should be present when any report is made up. For that reason, I ask for the recommitment of that report back to the Committee on Markets.

Mr. WATSON of Wd. 18—Mr. President, I desire to agree with the member from Wd. 8 who has just taken his seat, when he states that the entire committee was not present. I was near at hand, and I heard a conversation which led me to believe that this matter was rushed through for some purpose. I sincerely trust that it will be referred back to the Committee on Markets, and that it will be given the attention that it deserves. I sincerely trust that the motion to refer back will prevail.

Mr. HARVEY of Wd. 24—Mr. President, after the statement made by the gentlemen in the first and fourth divisions, I am satisfied that this matter should be recommitment. I supposed that the Committee had presented a unanimous report. I have not heard anything to the contrary. I am satisfied that it should be recommitment.

The motion to recommit the matter to the Committee on Market Department was carried.

17. Ordered, That driving at a greater rate of speed than allowed by ordinance be permitted during the present winter on Chelsea St., East Boston, between Maverick Sq. and Prescott St.

Passed in concurrence.

18. Ordered, That the Fire Commissioner, with the approval of His Honor, the Mayor, be, and he hereby is, authorized in the name and behalf of the city, to convey to the owner of the estate next west of and adjoining the estate known as the Fire Department Headquarters Building, on Bristol St., a narrow strip of land and so much of the wall of said building as stands thereon, in return for a conveyance from such owner of a parcel of land four (4) feet square adjoining the land of the city, and to make such agreements in regard to the use of the wall now built, or hereafter to be built, between the said estates, as a party wall or otherwise, as seem for the best interests of the city.

Referred to the Committee on Fire Dept.

19. Ordered, That His Honor the Mayor be requested to petition the next General Court for such legislation as will cause by the Commonwealth of Massachusetts the development of the channel or channels of Boston Harbor to such width and depth as will permit any ship now built, or building, entrance to the port of Boston with safety and convenience.

Passed in concurrence.

20. Ordered, That the Park Commissioners be requested to flood for skating purposes during the coming winter season the land in the rear of the Boston Baseball grounds recently acquired for playground purposes.

Passed in concurrence.

21. Communication from the Managers of the Franklin Fund submitting the following order and preamble providing for the disposition of the Franklin Fund and recommending its passage by the City Council:

Whereas, The Managers of the Franklin

Fund—the donation to the town of Boston under the will of Benjamin Franklin—propose to lay out one-half of that part of said fund now in the hands of the City Treasurer, and all accumulations thereof, to be used by the city for erecting a building, to be known as the Benjamin Franklin Building, upon the lot of land owned by the city on Washington St., near the corner of Dover St., now partially occupied by the old Franklin School building, and upon other lands of the city adjoining said lot, so far as the same may be considered desirable therefor; said building to contain a branch of the Public Library, with reading-rooms, also a ward-room, public hall, lecture room, and rooms for the use of the Grand Army Posts now quartered in said old building; also a public convenience station in the basement; and to lay out the remainder of said part of said fund and its accumulations, with the exception of \$5000, which shall be set aside as a fund, the interest of the same to be devoted to the purchase of Franklin medals, to be used by the city for erecting buildings to contain baths for all-the-year round use, combined with public gymnasia when desirable; for building public convenience stations and for the purchase of suitable lots for such buildings.

Now, therefore, it is hereby Ordered, That if said managers lay out said fund as above specified, the City Engineer forthwith thereafter shall acquire for the city any land desired for said Benjamin Franklin building, and suitable lots for said other buildings, when such lots are not already owned by the city, one at least in each of the following districts: East Boston, Wds. 1 and 2; Charlestown, Wds. 3, 4 and 5; North and West Ends, Wds. 6, 7 and 8; South Boston, Wds. 13, 14 and 15; Roxbury, Wds. 17, 18, 19 and 21; Dorchester, Wds. 16, 20 and 24; shall build at least two public convenience stations, one to be located in Post Office Sq., and one in Park Sq., and shall employ architects and erect said buildings; said land, lots and the plans of said buildings to be approved by the managers of said fund and the Mayor; and the expense attending the carrying out of this order to be paid from the proceeds of said fund as laid out for said purposes.

The question came on placing said communication on file, and ordering the preamble and order to a second reading.

Mr. HARRY of Wd. 24 moved that the reading of the communication, preamble and order be dispensed with.

Mr. ROEMER of Wd. 22 objected, and, by direction of the president, the Clerk read the communication, preamble and order.

The communication was placed on file, and the question came on giving the preamble and order a second reading.

Mr. WOOD of Wd. 20—Mr. President, I rise to a point of order.

The PRESIDENT—The gentleman will please state his point of order.

Mr. WOOD—Mr. President, I will submit it in writing to the Clerk.

Mr. WOOD sent to the clerk the following:

That this order providing for the disposition of the Franklin Fund (coming in its present form from the Board of Aldermen) is illegal. As it has been amended in the Board of Aldermen as follows: "With the exception of \$5000 which shall be set aside as a fund, the interest of the same be devoted to the purchase of Franklin medals." And that it has not been submitted to the Managers or the Trustees of the Franklin Fund since the above amendment was made. Therefore the bill in its present form, as it is presented to this Council, is not the original bill as passed by the Trustees of the Franklin Fund and has never been before that Board as amended.

The PRESIDENT (after re-reading the point of order)—The Chair, realizing the point of order, will ask for further time before making a ruling on the point, and will therefore lay the matter on the table

until he has had a chance to consult with the law department.

The next business before the house is No. 22 on the calendar.

Mr. LOGAN of Wd. 14—Mr. President, I should like to move that the Chair be requested to have the Law Department refer this matter back to them at the next meeting of the City Council in order that the matter may not be buried.

The PRESIDENT—Does the gentleman make a motion?

Mr. LOGAN—Yes, sir; I move that the Chair be requested to ask the Law Department to refer this matter back at the next meeting of the Common Council, with its opinion.

The PRESIDENT—The Clerk will direct the gentleman to submit his motion in writing.

(Mr. Logan proceeded to write out his motion.)

Mr. WATSON of Wd. 18—Mr. President, I am sorry to say that I have been derelict in my duty and do not know what the matter before the house is?

The PRESIDENT—The question now is upon a motion made by Councilman Logan of Wd. 14.

Mr. WATSON—Mr. President, may I ask what the motion is?

The PRESIDENT—The Chair will state that if the gentleman will wait a few moments the Chair will read the motion.

Mr. Logan submitted his motion in the following form:—

Ordered, that the Chair be requested by this body to secure the opinion of the law department upon the legality of this order and that said opinion be presented to this body at its next meeting.

The question came on giving the order a second reading.

Mr. LOGAN—Mr. President, I was not a bit surprised tonight when the gentleman from Wd. 20 arose to a point of order. I had known for a few days that the President of this body intended to contest the legality of this order, and when the gentleman from Wd. 20, whom I had previously heard was against this order, arose with a carefully prepared point of order, I could see at once, or could imagine that I could see that there was something behind it other than the presentation of a point of order. It has been threatened that this matter would be buried when it reached this body, and, in order that it might not be buried, in order that the citizens of Boston who are interested in this subject—for it spreads the benefit of the Franklin Fund over the whole of Boston—might have a chance to get the benefit which Benjamin Franklin had decreed that they should get, in order that this thing which has been before the City Council for over a year might get some definite action taken upon it this year, in order that the president of this body might not bury it, I have introduced this order that he be requested to obtain the opinion of the Corporation Council and to refer it back to the Common Council at the next meeting.

The question came on giving the order a second reading.

Mr. KELLEY of Wd. 4—Mr. President, I must say at this time that I am surprised at the information which the gentleman in this division (Mr. Logan) has just given in regard to the point of order that has just been raised. It is only a few moments ago that the president of this body stated on the floor that he represented a body of poor people and was speaking in their behalf to have an institution erected within the city limits for those people. Now, there has come before this body tonight an order asking that the distribution of this fund, which is to be distributed through the entire city and among the poorer class of people, should be distributed by this body. I am surprised.

I am surprised, and I must say that I represent a part of a constituency which is composed mostly of the poorer classes

of people and one which will appreciate from this fund, and I cannot stand here tonight and vote against the passage of this order. I will say that I am sorry that the point of order has been raised in order to defeat this measure. I am thankful, and the citizens of Boston must also be thankful to that benefactor and statesman, Benjamin Franklin, who was always working in the interests of the down-trodden and whose hand held the pen that wrote the signature of Benjamin Franklin on the Declaration of Independence, which gave to the citizens of these great United States the right of suffrage and freedom of speech. He must have reflected upon his boyhood days and remembered the struggles and hardships that young boys had to undergo, and sympathizing with them with all the sympathy he possessed, he set aside a certain portion of his riches, which has accumulated to such an amount that the managers have seen fit to distribute it in an equitable and fair manner throughout the entire city. I, as a representative in part of Charlestown, would be ungrateful to the constituency of that district if I did not protest tonight, feeling as I do that Charlestown is to receive a certain portion of this money, and satisfied as I am—and I think my constituency would also be satisfied—with the sum that is to be spent within that district for a purpose that I know they will thoroughly enjoy—the erection of an all-the-year-round bath. Realizing that, I think that Charlestown, East Boston, South Boston, Roxbury and a portion of Dorchester, which were settled many years ago, and the buildings which were erected at that time not having the improvements and the buildings have that have been erected of late years, should have the benefit of baths such as are proposed in this order. Therefore, in view of that fact, I feel that it is my duty and I think it is the duty of every member representing a poor constituency, to tonight fight in behalf of this measure. I sincerely hope that this body will authorize the law department to give an opinion in regard to the point which has been raised, at the next meeting.

(Mr. Lydon of Wd. 13 in the chair.)

Mr. KILEY of Wd. 8.—Mr. President, I am not going to enter into any controversy with reference to the merits of this order which appears on the calendar tonight at all, but, in consequence of the statements by my friend from Wd. 14 and my other friend from Wd. 4, in justice to myself, and in justice to the members of this Council who entertain the same ideas upon this question that I do, I want to ask the gentleman from Wd. 14 and the gentleman from Wd. 4 to listen to this letter which I will read for the information of the members of this Council, in which my motives have been impugned, in which I have been slandered and falsified by one member of this commission. When this matter comes up for its consideration, I will have something to say; but, for tonight, I simply desire to read to the members of this Council a letter signed by Robert A. Woods and addressed to Councilman Fred A. Emery of Wd. 21. With your permission, I will read the letter here tonight (reading):—

“December 6th, 1899.

“Fred A. Emery, Esq.,

“2 Thornton street, Roxbury.

“Dear Mr. Emery:—As the Franklin Fund matter is to come up in the Common Council tomorrow night, I thought I would like to explain the situation to you up to date. An amendment calling for a fund of \$5000, the interest of which is to be used for Franklin medals for public school graduates, was informally approved of by the Trustees of the Fund and was passed with the rest of the order by the Board of Aldermen. In order to make sure of the whole scheme, this amendment ought also to be passed by the Common Council. Any technical difficulty about the origin of the amendment will be covered by having it officially approved of after-

wards by the Franklin Fund Trustees, because, in any case, the whole matter has to go back to them for final action.

“Mr. Kiley has invented an absurd falsehood to the effect that in some way or other the Franklin Fund money is to be used by the Bath Department and the Public Buildings Department for the running expenses of those departments. I may tell you that I have the Mayor's definite promise that the Franklin Institute building will be kept out of the hands of the Public Buildings Department entirely. The idea is to create first a voluntary committee and afterwards, by the consent of the legislature, a new department to have charge of that building.

“As to the Bath Department, if the absurdity of the statement were not sufficient in itself, I am willing to give my assurance, for all it is worth, that the business affairs of the department have been conducted not merely with honesty but with exceptional care in the direction of economy.

“The delay of several weeks in the Board of Aldermen has been caused by an effort on the part of Mr. Berwin and Mr. Barry to get through an appropriation of \$50,000 for a rifle range as a sort of rider to the Franklin Fund scheme. They had some land which they wished to purchase at a very high valuation. It is needless to say that these two gentlemen have for years made their living by such deals, Mr. Berwin by selling land to the city, and Mr. Barry by buying land for the city.

“As to the situation in the Council, we are certain of fifteen republican members and six or eight more Republicans will in all probability also vote for the proposed plan, and a considerable majority of the Democrats will certainly favor it.

“Sincerely yours,

“Robt. A. Woods,

“South End House, Boston.”

This letter, members of the Council, explains itself. With Mr. Woods, with the Bath Department, with the manner in which this has been put through, and with its merits, I will deal later. This explains the point of order in itself. This member of the commission has written this falsifying letter, slandering the reputation of the President of this body as well as that of two members of the Board of Aldermen, and has sent here tonight emissaries to lobby this matter through, and to force it through this body. The letter explains itself. I will deal with Mr. Woods, with his character, with his interest in this matter, and with some more of them, before this matter goes through; but in justice to myself I have read tonight this letter in answer to the attack made unwittingly and unintentionally. I know, by the gentleman from Wd. 14 and the gentleman from Wd. 4, who I am sure did not intend to cast any reflections upon the honor, the reputation or the well meaning of the presiding officer of this body. I accept this opportunity to answer those charges and to justify the reading of this letter, which has no doubt been sent to other members of this body, and which by the kindness and voluntary assistance of the gentleman from Wd. 21, I am able to read to you members of the Council tonight.

Mr. WATSON of Wd. 18.—Mr. President, and fellow members, I desire to say here and now that my position on the Franklin Fund matter has changed from the time that I walked from that door to my seat. I intend to stand here tonight and to attempt in my humble way to stand by our worthy president. I think that when any so-called reformer such as Mr. Woods, who has for weeks and weeks been lobbying on this matter at City Hall, attempts to slander him, I stand here as one who intends to stand by him, regardless of my future in politics. I don't believe it is politics in this matter. I believe there is something deeper,—and I believe that perhaps some members

of this reform outfit, composed particularly of Mr. Woods and others, are at the bottom of it. I do not know how much merit there is in this matter, but I do know this, that the improvements contemplated in this order mean some good for my district and I had intended to vote for the order; but before I vote for it I intend to have this slanderous statement against the President of this body cleared up. I do not care so much about the two members of the other branch, but I do care about our President. I want to say, without any fooling or anything else, that I had intended to vote for this order from start to finish, but I have changed my position because of this attack. I beg of the Republican members to stand by our President, who has treated them so fairly. This is not a matter of the people of Boston at present. They will have the Franklin Fund money in the shape in which they want it eventually; but tonight we should stand by our presiding officer, who has been a credit to this body, and who is admired for his courage throughout Boston. I sincerely trust that we will stand by him this evening, and not with Mr. Woods of the South End House. Perhaps eventually that gentleman may become an occupant of some other home—perhaps within the bounds of a certain district which we have talked of this evening. I trust that we will stand together, and that we will vote with him tonight; and when the Franklin Fund comes before us again, I assure them that if they have cleared themselves of the statements made in that letter, I will vote for it all along the line.

(President Kiley in the Chair.)

Mr. ROEMER of Wd. 22—Mr. President, I would like to say a few words in reference to this matter. I would like to put myself on record as a Republican. I believe that letter stated that there were 15 Republicans pledged to vote for this matter, and that five or six others would probably vote for it. I, for one, want to put myself on record as stating that whenever this order came up, I would not have voted for it.

In the first place, every district is represented in this order except my own—that is, Wds. 22 and 23, West Roxbury—and until such time as this order is changed so that we shall also have some benefit from this Franklin Fund, which I believe was left for the benefit of the whole city, and not for any section, I shall certainly put myself on record as always being against this order until it is amended. I wish to say furthermore, that I had intended to amend this order tonight by having Wd. 22 and 23 inserted, but I was told by some of the members here that it would not be in order. Now, if it is not in order to amend an order of the Managers of the Franklin Fund here, why is it that they can amend it in the Board of Aldermen without the sanction of that board? Consequently I hope that these Franklin Fund Managers will consider this matter again, and that they will bring in an order in which they include Wds. 22 and 23, known as the West Roxbury District.

Mr. DONAHOE of Wd. 14—Mr. President, in order that things may be straightened out and everything properly looked into, I move that the order be assigned for one week.

Mr. LYDON of Wd. 13—Mr. President, I hardly think the President of this body needs any defence at my hands, but I wish to say at this time that, under the existing circumstances, I certainly believe he was justified in reading the letter which he has read, and I certainly believe that the gentleman from Wd. 20 is justified in raising the point of order which he has raised. The point of order was raised in the Board of Aldermen, and I believe that it is a good one. If there

is any merit in it, the Law Department will so decide. When the Law Department has decided that point, we will then be in a position to pass this order—and it probably will be passed—in proper shape and in proper form. We will then have accomplished something; but if we pass it as it stands and then find that we have passed it in a wrong shape, it certainly would have to come back, and we would have to do the entire matter over again. I say that the presiding officer of this body needs no defence, but I certainly believe that it was entirely out of order to even make the request that the report should be made at the next meeting. As a matter of fact, the request amounts to nothing, and is not worth the paper on which it is written. The Corporation Counsel does not necessarily have to report at the next meeting. He might say to us that he perhaps was not able to give a decision at the next meeting. It does seem to me that when that order was introduced it was casting a reflection upon the presiding officer, and I claim that he does not deserve any such reflection. I think that he is right in the matter, and I regret very much that this order has been offered at all.

Mr. TOBIN of Wd. 9—Mr. President, and gentlemen of the Council, from the remarks of the last speaker we might get the impression that there was nothing to prevent the order going through tonight, or having it reported back at the next meeting. It is a well-known fact that the gentlemen are very anxious to have this matter go to the next city Council, and that it is the particular reason why he does not want it reported back at the next meeting.

The question came on the motion to assign.

Mr. MULCAHY of Wd. 14—Mr. President, I trust that this matter will not be assigned. My colleague, Mr. Logan, has asked that this matter be reported back in a week. The question of the legality of this order was raised by the gentleman behind me, Mr. Wood of Wd. 20, and there is no doubt in my opinion that it was premeditated. There is not any question that this whole matter was premeditated, and all fixed by both sides. I see no reason why my other colleague (Mr. Donahoe) should ask for an assignment of this order for another week. The matter will be delayed now until the next meeting, when this order comes back. The members of this body should stop and consider. The value of this order is very great to many districts. The money is distributed equitably. Almost all the wards get some benefit from this distribution. The only district omitted is the one which Mr. Roemer has spoken of—Wd. 22 and 23—and I am sorry that they are omitted; but, however, he should stop and consider that Wds. 20 and 24 are interested, and they are not very far away from him. I trust that the members will not vote for an assignment of this order.

Mr. BAGLEY of Wd. 1—Mr. President, I would like to get a little information on this order. I understood a few days ago that the Corporation Counsel gave an opinion in this matter when the Board of Aldermen amended it. He was asked his opinion at that time, and he told them that they could amend the order, and that if the Council concurred in the matter it then went back to the Board of Managers; and I have also been given to understand that the Board of Managers; were perfectly agreeable to the amendment.

The PRESIDENT—The chair will state that the question now before the house is the motion made by the gentleman from Wd. 14, Mr. Donahoe, to assign the order offered by the other gentleman from Wd. 14, Mr. Logan, to the next meeting.

Mr. LOGAN—Mr. President, I am sorry that my remarks should have been brought up at this meeting in conjunction with that letter. I am sure that when I introduced the order requesting the

President of this body to obtain the opinion of the Corporation Counsel at the next meeting, it was not with the intention of casting any reflection upon the President of this body, who has been at all times during this year my friend; but I have been informed that by a parliamentary trick he intended to prevent the passage of this order which we have now before us during the year. I had been informed that the opinion of the Corporation Counsel had been obtained, and that the opinion of the Corporation Counsel was to the effect that the matter was legal—that the order in its present form was legal. I do not know positively that I am correct in the information which I have received, and I am perfectly willing that the matter should go again before the Corporation Counsel, and that this body as a whole should have the benefit of his opinion upon this matter. I just want to say a word in reference to the gentleman from Wd. 22, who spoke about the lack of care and attention which had been given to the district which he represents. If that gentleman will only remember that the whole city of Boston has been compelled to learn the meaning of the words "Municipal Economy" because of the park system which has been established in that district, he will conclude that it is hardly fair for him to come here to the Council and complain now, when the people of East Boston and South Boston, Dorchester and Roxbury are to have some improvements in their districts. I think the gentleman should look upon this in a spirit of fairness, and if he will only do that I am satisfied that he will vote for the order.

Mr. WOOD of Wd. 20.—Mr. President, I wish to make a statement of the reasons why I raised this point of order. In the first place, I wish to clear the President of this body from being in any way connected with the point of order raised by me, for I was not informed in any way whatsoever that it was his intention, or that it would be his desire, that such a point should be raised. I have had this in mind since listening to the discussion in the Board of Aldermen last Monday, and I drew this point of order up myself, without the assistance of anybody, and did not consult any member of this body in regard to it. We have been told in the three wards that compose the district that I represent what we could have, and our wishes have not been consulted in the least. We have opposed this from the beginning, and shall continue to— or, at least, I shall continue to—until we are given a fair hearing as to what we want in our section. I do not believe in having a matter called up before this body in regard to which there is a legal question, and having it rushed through without consideration. If this matter can be passed through as it stands tonight, with an amendment to it made in one body, and no consideration of it taken by the other, there is not the least use in the two bodies of the City Council working together. This amended order has never been considered by the trustees, and I think you will find, when the law department passes upon it, that it will have to be.

Mr. LYDON.—Mr. President, I would like to say a word in reference to what the gentleman from Wd. 9 has said. He said that it was my intention, and that of other gentlemen, to defeat this matter anyway. I want to tell him that I promised the gentleman from Wd. 14 (Mr. Logan) and also other gentlemen, that I would vote for it tonight if it came upon its passage. I have no intention of defeating the order. I did at first intend to favor having it assigned or referred to the next city government, as it seemed to me that we were not properly provided for in South Boston. Wd. 9 gets the bulk of the money, and we get very little of it; but I was willing to set aside my personal feelings and to vote for the order, as I had prom-

ised my friend from Wd. 14 and another gentleman to do.

Mr. KELLY.—Mr. President, I was not aware of the attack made upon the presiding officer of this body until he had taken the floor and read that letter, but taking it from the speaker before me that the President was opposed to the measure, and after listening to the able argument made by him in favor of the poor unfortunates, I did not think that it was in keeping with that argument for him to oppose this measure, and that was the reason why I criticised his action. But I cannot see what harm it would be to let this order of Mr. Logan's of Wd. 14 go to the Law Department, and have them submit to us their opinion on this matter. I cannot see what good an assignment would do. I feel as though the Law Department was capable of giving an opinion, and it is a right that we have to ask them for their opinion. Therefore I certainly hope that this order will not be assigned.

Mr. ROEMER.—Mr. President, after listening to the various speakers I certainly am in favor of assignment. I believe that if this order was assigned tonight, it would be a good thing; and, as there is a great deal of objection to it, if it should go to the next Council I think it would be a very good thing. This has been sprung on us very suddenly. I think that if we were given time, we would have something in our district, the same as the others have. My friend in the second division (Mr. Logan) states that we ought to be thankful for the Park system. Now, I come from a district that is mostly composed of working people. They work in the city of Boston, and they sleep out there. As we all know, working people have large families, and I think that our young men ought to have the same privileges that are granted to young men in South Boston, East Boston, or anywhere else. My district is not a rich district, and I do not believe that the Park system was made for us.

It was made for the benefit of the people who have carriages, because the park system is too large for any man to go through it on foot. He says that my ward has been favored with the Park system. I believe that Wds. 19, 21, 20 and 24 have as much park, if not more, than we have—and, in fact, Wds. 20 and 24 are situated adjacent to Franklin Park. I hope that this matter will go over to the next meeting of the Council, and I think it will probably be changed then so that Wds. 22 and 23—what is called the West Roxbury District—will get some benefit from this distribution.

The motion to assign the order, offered by Mr. Logan, to the next meeting was carried. Mr. Cuddy of Wd. 8 moved to reconsider; lost.

DORCHESTER AVE. EXTENDED.

Mr. GIBLIN of Wd. 15 offered an order—That the Street Commissioners be requested, through His Honor the Mayor, to lay out Dorchester Ave. extended, in accordance with chap. 512, Acts of 1897, and that the City Engineer be requested to provide plans for the same at the earliest possible date.

Passed. Sent up.

COVE ST. EXTENSION.

Mr. GIBLIN of Wd. 15 offered the following:—

Whereas, the long controversy over the extension of Cove St. over Fort Point channel is exciting great interest among all people who use thoroughfares in that vicinity, because of the veto upon the act by the national war department, and

Whereas, the question in issue is the lack of open space for the construction of said bridge because of the close proximity of other bridges, and

Whereas, an act of the legislature (acts and resolves of 1897, chapter 512) provided for the removing of Federal St. bridge easterly of its present position to a distance which will make said bridge come within a straight line from Summer St. extension to 1st St., South Boston, be it

Resolved, That the City Council of the city of Boston believes that upon the removal and reconstruction of said Federal St. bridge, there will be room sufficient for the construction of Cove St. extension without any interference with commerce.

Assigned to the next meeting, on motion of Mr. Giblin of Wd. 15.

—
NO QUORUM.

Mr. HIBBARD of Wd. 24—Mr. President, I rise to a point of order, that there is not a quorum present.

The PRESIDENT—The Chair will rule the point of order well taken, and will declare the Council adjourned to next Thursday night, at 7:45.

Adjourned, at 9:45 P.M., to meet on Thursday, December 14, at 7:45 P.M.

CITY OF BOSTON.

Proceedings of the Board of Aldermen.

Wednesday, Dec. 13, 1899.

Adjourned regular meeting of the Board of Aldermen, held in the Aldermanic Chamber, City Hall, at 3 o'clock P.M., Chairman Barry presiding and all the members present.

The Board voted, on motion of Ald. Berwin, to dispense with the reading of the records of the last meeting.

APPOINTMENT BY THE MAYOR.

The following was received:—

Mayor's Office, City Hall,
Boston, Dec. 6, 1899

To the Board of Aldermen:—

You are hereby notified, in order that it may become a matter of record, that I have this day appointed Mr. Ubert K. Pettingill a member of the Board of Pauper Institutions Trustees, to take the place of Professor William T. Sedgwick, who has resigned, and whose resignation has been accepted, to take effect today.

You are also notified that I have this day appointed William T. Sedgwick Institutions Registrar for the term ending April 30, 1900, to serve, in accordance with his own desire, without pay.

Yours respectfully,

Josiah Quincy, Mayor.

Placed on file.

STORM DOORS—VETO.

The following was received:—

Mayor's Office, City Hall,
Boston, Dec. 8, 1899.

To the Board of Aldermen:—

I return herewith without my approval a vote passed by your Board, granting permission to the Samuel Ward Company to place storm doors, swinging outward, at 49 Franklin St., Wd. 7.

I very much doubt whether the city can legally grant permission to use a portion of a public street in the manner proposed, but entirely apart from this question, the danger to the public because of the liability of these doors to be suddenly and unexpectedly swung open over a sidewalk seems to me a sufficient reason for withholding my approval.

Respectfully submitted,

Josiah Quincy, Mayor.

Referred to the Committee on Public Improvements.

SNOW DUMP—WARREN BRIDGE.

The following was received:—

Mayor's Office, City Hall,
Boston, Dec. 13, 1899.

To the City Council:—

I transmit herewith a letter from the Superintendent of Streets in relation to providing a snow dump at Warren bridge. As this is a matter of pressing importance, I recommend the passage of the accompanying order providing the sum of \$2200, which is all of the remaining borrowing capacity, for this purpose.

Respectfully submitted,

Josiah Quincy, Mayor.

Street Department, City Hall,

Boston, Dec. 8, 1899.

Hon. Josiah Quincy, Mayor.

Sir:—I would respectfully request that action be taken by the City Council to provide a sufficient appropriation for the building of a snow dump at Warren bridge. Plans have been drawn, and I am prepared to call for bids for a structure which will permit the dumping of snow outside the roadway and sidewalk lines.

The saving in time will be very considerable, and the scarcity of suitable dumps

makes this a very important item in the handling of large masses of snow.

I think an appropriation of, say, \$3500 would be sufficient.

The War Department and the Harbor and Land Commissioners have already given their consent to the building of this addition to the present bridge structure.

Yours very respectfully,

Benj. W. Wells, Supt. of Streets.

Ordered, That the Superintendent of Streets be authorized to expend the sum of twenty-two hundred dollars (\$2200) in building a snow dump at Warren bridge, and that to meet this appropriation the City Treasurer be authorized to issue, from time to time, on the request of the Mayor, bonds of the City of Boston to said amount for said purpose.

Referred to the Committee on Public Improvements, on motion of Ald. Presko.

PAYMENT FOR CARE OF SICK SOLDIERS.

The following was received:—

Mayor's Office, City Hall,
Boston, Dec. 13, 1899.

To the City Council:—

I transmit herewith a communication from the Board of Pauper Institutions Trustees requesting that the sum of \$2225, which the city expects to receive from the War Department for the care of sick soldiers at Long Island, be credited to the appropriation for their department. Inasmuch as this amount represents actual expenditures by the Trustees for a purpose entirely outside of those for which their department appropriation was made, and inasmuch as there is no margin in their appropriation to provide for such extra expenditures, I recommend the passage of the accompanying order. A similar order reimbursing the Hospital Department for the amounts expended by it in caring for soldiers at the City Hospital has already been passed.

Respectfully submitted,

Josiah Quincy, Mayor.

Office of the Pauper Institutions Trustees,
of the City of Boston.

28 Court Sq., Room 3, Boston, Mass.

December 11, 1899.

Hon. Josiah Quincy, Mayor of Boston.

Dear Sir:—I would respectfully call your attention to the bill for the care of United States soldiers, who were sent to the Long Island Hospital for treatment during the period from September 13 to December 30, 1898. The total amount of the bill is \$2225. This amount has been approved by the Surgeon General of the United States Army and forwarded by him to the Auditor for the War Department, Washington, D. C., and it will doubtless shortly be paid to the city of Boston. Under the circumstances, as this amount was actually expended by the Pauper Institutions Trustees, it would seem that this sum should be passed to the credit of the Long Island Institutions, and I would request that such action be taken by the City Council.

I subjoin an extract from the Annual Report of the Pauper Institutions Trustees for the year 1898:—

"Sixty-one United States soldiers, almost all of them members of the Regular Army, were sent to Long Island for care and treatment, notice having previously been given that they might be expected, and it is gratifying to know that, though many of the soldiers were seriously ill at the time they were sent to Long Island (thirteen of them having typhoid fever and many others suffering from malarial fever) not a single death occurred."

The care and treatment of the soldiers entailed unusual expenses, for which this charge of \$2225 was made. The Pauper Institutions Department would be glad to have this matter acted upon as soon as

possible, in order that the account may be closed.

Very truly yours,
Alice N. Lincoln, Chairman.

Ordered, That the sum received by the city from the Government of the United States for the care of soldiers at Long Island be credited to the appropriation for Pauper Institutions Department, Boston Almshouse and Hospital, Long Island. Passed. Sent down.

APPOINTMENT BY THE MAYOR.

The following was received:—
Mayor's Office, City Hall,
Boston, Dec. 13, 1899.

To the Board of Aldermen:—
Subject to your approval and confirmation, I hereby appoint Richard H. Eustis a constable of the city of Boston, for the term ending April 30, 1900, in place of John J. Sullivan, whose resignation from the position of constable was accepted on Nov. 23, 1899.

Josiah Quincy, Mayor.

Laid over under the law.

INCREASE OF SALARY OF INSPECTOR DYER.

The following was received:—
Mayor's Office, City Hall,
Boston, Dec. 13, 1899.

To the City Council:—
I transmit herewith, and I recommend to your favorable consideration, a communication received from the Board of Police, recommending the passage of an order increasing the salary of William H. Dyer.

Respectfully submitted,

Josiah Quincy, Mayor.

City of Boston, Police Department,
Office of the Board of Police.

December 13, 1899.

To the Mayor and City Council of the City of Boston:—

Sirs:—The Board of Police on this date has passed the enclosed vote increasing the salary of William H. Dyer, who has been detailed for twenty-two years to examine evidence relative to claims against the city. The board feel that his industry, intelligence and experience are deserving of the increase, and ask your concurrence in the said action.

Yours very truly,

Robert F. Clark, Chairman.

December 13, 1899.

Ordered:—That the salary of William H. Dyer, captain, detailed to examine the evidence in claim cases against the city of Boston, be increased from two thousand (2000) dollars per year to twenty-five hundred (2500) dollars per year, to commence on Friday, December 15, 1899.

Passed. Sent down.

WIDENING OF RUTHERFORD AVE.

The following was received:—
Mayor's Office, City Hall,
Boston, Dec. 4, 1899.

To the City Council:—

In reply to the order adopted by your body relative to the widening of Rutherford Ave., Wd. 5, I have to state that I have approved the plans for the widening of this avenue, and that the order of the Street Commissioners for such widening is now before me; the only reason why I is now before us; the only reason why I have been unable to approve this order has been because the land damages alone, as estimated by the Street Commissioners, amount to more than the total amount appropriated, and the signing of the order by me would therefore result in incurring a liability without sufficient appropriation to meet it, which is forbidden by law. The appropriation for widening this avenue is only \$200,000, while the estimated land damages alone amount to \$265,000, and the estimated cost of construction amounts to \$35,000 additional. As this expenditure must be met by loan appropriation within the debt limit, there is no way

of adding to the appropriation until the beginning of the next calendar year.

Respectfully submitted,

Josiah Quincy, Mayor.

Assigned to the next meeting, on motion of Ald. Presho.

PAPERS FROM COMMON COUNCIL.

7. Message of the Mayor transmitting a communication from the Park Commissioners in reply to an order requesting said Board to prepare a plan of a boulevard or parkway connecting the Dorchester District with the proposed parkway in Atlantic, in the City of Quincy, to be laid out by the Board of Metropolitan Park Commissioners. The Park Commissioners acknowledge the receipt of said order, and state that it will receive their careful consideration.

Placed on file.

8. Ordered, That the Street Commissioner be requested, through His Honor the Mayor, to lay out Dorchester Ave. extended, in accordance with chapter 512, Acts of 1897, and that the City Engineer be requested to provide plans for the same at the earliest possible date.

Passed in concurrence.

ACCEPTANCE OF LOCATION.

Notice was received from the West End Street Railway Co. of its acceptance of its 188th location and agreeing to comply with the conditions contained therein.

Placed on file.

CONSTABLE'S BONDS.

After having duly approved of the same the City Treasurer submitted the constable's bonds of Wm. H. Powers and Victor Weimar.

Approved by the Board.

HEARINGS AT 3 O'CLOCK.

On petitions of B. J. Connolly for leave to project bay windows, viz:—

1. One on the southerly corner of Huntington Ave. and Kempton St., Wd. 19.

2. One on the northerly corner of Huntington Ave. and Kempton St., Wd. 19.

No objections. Severally referred to the

Committee on Building Dept. (Ald.)

On petitions of the New England Telephone and Telegraph Company of Massachusetts, viz:—

3. For leave to erect and to remove poles on East Concord St., Wd. 12.

4. For leave to erect poles on Stoughton St., between Everett Ave. and Columbia Road, Wd. 20.

5. For leave to erect poles on McLellan and Newport Sts., Wd. 20.

6. For leave to erect poles on Parker St., Wd. 4, and Catawba, Sherman and Dale Sts., Wd. 21.

No objections. Severally recommitted to the Committee on Electric Wires.

PETITIONS REFERRED.

The following petitions were received and were referred to the committees named helow, viz:—

Building Dept. (Ald.)

Petitions for leave to project signs, etc., viz:—

Joe Irato, a sign, at 27 Staniford St., Wd. 8.

George M. Brennan, a transparency, at 154 Broadway, Wd. 13.

Joseph Costa, a sign, at 159 W. Canton St., Wd. 12.

B. Barnett, a sign, at 3 Custom House St., Wd. 7.

James M. Henderson, two signs, at 11 Elm St., Wd. 6.

Henry Joski, sign, 1510 Dorchester Ave.

Thomas J. McLean, illuminated sign, 12 Avery St., Wd. 18.

Daniel J. Hogan, sign, 8 Ruggles St., Wd. 18.

James T. Magulre, illuminated sign, 333 Hanover St., Wd. 6.

Claims.

Agnes L. McCarty, for payment to William O. Blake of balance remaining from tax sale of estate on Paris and Wesley Sts.

Jeremiah C. Spillane, for payment to Patrick Moran of balance remaining from tax sale of estate on Devon St., Lexington Club, to be repaid \$300 paid by it for a liquor license which was not issued by the Board of Police.

Augustus F. Arnold (two petitions), for payment to Thomas F. Phillips of balances remaining from tax sales of estates on northerly side of Cambridge St., Nos. 147-9.

County Accounts.

Francis A. Harris, Medical Examiner, North District of Suffolk County, to be furnished with an office, etc.

John Noble, clerk of Supreme Judicial Court, for an additional appropriation for arranging and indexing the early court files of Suffolk County.

Electric Wires.

Boston Electric Light Co., for leave to erect poles on Washington, West Newton, Stoughton, Dudley, River and West Sixth Sts.

Charlestown Gas and Electric Co., for leave to erect and to remove poles on Main St., Charlestown.

Petitions of the N. E. Tel. and Tel. Co. of Mass., viz.:-

For leave to erect poles in Harvard, Waterlow and Elmout Sts., Wd. 20.

For leave to erect poles in Kenwood St., Wd. 20.

For leave to erect poles in Soley, Water, Ocean and Mellen Sts., and to remove one pole from Water St.

For leave to attach wires to five trees on London St., E. B.

For leave to attach wires to three trees on Rockville Park, Roxbury.

For leave to attach wires to four trees in Lawrence Ave., Roxbury.

Faneuil Hall, Etc.

Peter Faneuil Chapter, D. R., for the use of Faneuil Hall on the afternoon of February 22, 1900.

St. Mary's Association of the North End, for the use of Faneuil Hall on the evening of December 28, waiving the fee.

Massachusetts Division, Sons of Veterans, for the use of Faneuil Hall, Feb. 21 and 22, 1900.

Board of Health.

Frank L. Burt, for leave to maintain a lying-in hospital, at 153 W. Springfield St., Wd. 12.

Lamps.

Isaac Y. Chubbuck, that the gas lamp be replaced on lamp post in front of 74 Georgia St., Roxbury.

Licenses.

John J. O'Hara, for a license for Hollis Hall, corner of Washington and Hollis Sts., for literary, musical, dramatic and dancing entertainments, for the season ending August 1, 1900.

William Lee et als., for a license to exhibit the paintings of Tissot, at the Park Sq. station, for the season ending August 1, 1900.

Phillip Arone, for a license for a marionette show in basement at 305 North St., for the season ending Aug. 1, 1900.

Railroads.

Communication from B. F. Keith relative to tracks on Boylston and Tremont Sts.

Public Improvements.

Edward Waters, for leave to stand a night lunch wagon at the corner of Summer St. and Atlantic Ave., between the hours of 7 P. M. and 6 A. M.

W. B. Philbrick, for leave to lay a 1½-inch pipe under and across sidewalk at 333 Warren St., Wd. 21.

D. D. Pickard, for leave to lay a 1½-inch pipe under and across sidewalk at the corner of Harrison Ave. and Hampden St., Wd. 17.

Supt. of Public Grounds.

Miss Hagerty, for the removal of a tree at 497 W. Fourth St.

CLAIMS.

Ald. COLBY, for the Committee on Claims, submitted the following:-

(1) Reports on petitions—that the petitioners be given leave to withdraw, viz.:-

Jennie M. Good (referred May 15), for compensation for injuries caused by being run over by a city hospital ambulance.

Edith A. Noyes (referred June 12), for compensation for damage to clothing caused by water from fire department hose.

Mary Maley (referred June 29), for compensation for personal injuries caused by a fall at 26 High St., Charlestown.

Marguerite A. Burchard (referred July 11), for compensation for injuries received from a fall in vacant lot near Cove St.

Bay State Instalment Co. (referred May 5), for compensation for damage to wagon caused by fire apparatus.

David B. Flint (referred from last year), to be paid for damage caused by defects in sewers at Commonwealth and Massachusetts Aves.

Julia E. Hurd (referred Oct. 30), for a rebate of a portion of a sewer assessment against estate 10 Percival St. (as the City Council has no authority to repay).

Charles W. Glidden (referred from last year for repayment of assessment on account of the construction of a sewer in Breed and Saratoga Sts. (as the City Council has no authority to repay).

Cornelius Breslin (referred Aug. 1), for compensation for damage to estate by backing up of sewage in Haskins St. (at his own request).

Thomas P. Wells (referred Feb. 20), for compensation for damage to estate 2 Hammond Ave.: caused by an excavation, (as the city is not liable).

Caroline A. Cotton (referred from last year), to be paid for damage to house 68 Hudson St. caused by the falling of a tree (as the city is not liable).

Fuller & Howard (referred July 17), for compensation for injuries to horse caused by an alleged defect in alleyway rear of Commonwealth Ave. (as the city is not liable).

Dennis A. Cadigan (referred from last year), for compensation for injuries received while wheeling coal at pumping station (as suit has been entered against the city).

John M. O'Hara (referred March 27), for compensation for injuries to horse caused by an alleged defect in Alford St. (as suit has been entered against the city).

Accepted. Sent down.

(2) On the following petitions for compensation for damages to estates caused by the overflow and stoppage of sewers in East Boston, the Committee on Claims respectfully recommend that the petitioners have leave to withdraw, as suit has been entered against the city, viz.:-

William J. Burke (referred Nov. 14, 1898), 79 Prescott St. and 362 Chelsea St.

John J. Fitzpatrick (referred Nov. 11, 1898), 266 Bennington St.

Richard F. Fraser (referred Nov. 14, 1898), 351 Chelsea St.

Peter Healy (referred Nov. 14, 1898), 355-357 Chelsea St.

Mary L. Kane (referred Nov. 14, 1898), 353 Chelsea St.

E. T. Marlave (referred Nov. 14, 1898), 345 Chelsea St.

John A. McDonald (referred Nov. 23, 1898), 412 Bremen St.

Jacob P. Richards (referred Nov. 14, 1898), 254-256 Bennington St.

Ellen O'Rourke (referred Dec. 12, 1898),
265 Bennington St.

For the Committee,
John H. Colby, Chairman.

Accepted. Sent down.

(3) Reports on petitions for payment of balance remaining in the City Treasury from sale of estates for unpaid taxes, recommending the passage of orders that the City Treasurer be authorized to pay amounts held by the City under Chapter 390, Section 40, of the Acts of 1888, as follows:—

Selwyn Z. Bowman (petition referred Oct. 9) \$69.71, estate on Harrison Ave., unpaid taxes of 1896, by deed recorded with Suffolk Deeds, lib. 2500, fol. 91.

Thomas Howard and Henry Howard (referred Aug. 21) \$118.45, 49 Middle St., unpaid taxes of 1897, by deed recorded with Suffolk Deeds, lib. 2581, fol. 561.

Bridget Flynn (referred Oct. 9) \$55.66, estate on Harvard St., for unpaid taxes of 1896, by deed recorded with Suffolk Deeds, lib. 2501, fol. 217.

Eugenie White (petition referred Nov. 8) \$31.10, estate on east side of Marlowe St., for unpaid taxes of 1897, by deed recorded with Suffolk Deeds, lib. 2580, fol. 106.

Augustus F. Arnold (petition referred today) \$14.09, estate on 147 Cambridge St., for unpaid taxes of 1895, by deed recorded with Suffolk Deeds, lib. 2408, fol. 68.

Mary M. Dierkes (petition referred Nov. 17) \$58.50, estate on Dalmatia St., for unpaid taxes of 1897, by deed recorded with Suffolk Deeds, lib. 2580, fol. 235.

Elliott G. White (petition referred September 1), \$254.10, estate on 13 Dalton St., for unpaid taxes of 1897, by deed recorded with Suffolk Deeds, lib. 2581, fol. 386.

Matthew M. Morris (petition referred November 8), \$187.20, estate on Maywood St., for unpaid taxes of 1897, by deed recorded with Suffolk Deeds, lib. 2634, fol. 134.

Thomas and Henry Howard (petition referred August 21), \$118.20, estate 53 Middle St., for unpaid taxes of 1897, by deed recorded with Suffolk Deeds, lib. 2583, fol. 113.

Thomas and Henry Howard (petition referred August 21), \$87.65, estate 45 Middle St., for unpaid taxes of 1897, by deed recorded with Suffolk Deeds, lib. 2581, fol. 35.

J. Walter Newhall (petition referred November 17), \$288.30, estate on Columbia Road, for unpaid taxes of 1897, by deed recorded with Suffolk Deeds, lib. 2583, fol. 164.

Augustus F. Arnold (petition referred today), \$37.76, estate 149 Cambridge St., for unpaid taxes of 1895, by deed recorded with Suffolk Deeds, lib. 2408, fol. 69.

John F. Kelly, Administrator, (referred Oct. 23), \$68.90, estate on Messenger St., lot 143, for unpaid taxes of 1897, by deed recorded with Suffolk Deeds, lib. 2581, fol. 48.

John F. Kelley, Administrator, (petition referred Oct. 30), \$70.50, estate on Bismarck St., for unpaid taxes of 1897, by deed recorded with Suffolk Deeds, lib. 2581, fol. 52.

Reports accepted; orders passed under suspension of the rule. Sent down.

POWER TO MAKE TRANSFERS.

Ald. McDONALD offered an order—That the City Auditor, in closing the accounts of the financial year ending January 31, 1900, may with the approval of the Committee on Finance, by vote at a duly called meeting and with the approval of the Mayor, make transfers from any appropriation to any other appropriation and with like approvals apply any income and taxes not disposed of.

Passed. Sent down.

EAST BOSTON CAR SERVICE.

Ald. DAY offered an order—That the Boston Elevated Railway Company be hereby requested to give the people of

East Boston better car service by running one or more lines through the Subway, by way of Commercial and Causeway Sts.

Passed.

GAS LAMP, ROSLINDALE.

Ald. COLBY offered an order—That the Superintendent of Lamps be requested to place a gas lamp at the corner of Norfolk and Wyman Sts., Roslindale; the expense attending the same to be charged to the appropriation for Lamp Department.

Passed.

CLAYTON ST.—LAYING OUT.

Ald. CODMAN offered an order—That the Board of Street Commissioners be requested to lay out Clayton St., from Dickens St. to Mill St., according to the proposed lines of the Board of Survey.

Passed. Sent down.

A RECESS TAKEN.

The Board voted at 3:36 o'clock P.M., on motion of Ald. Dixon, to take a recess subject to the call of the Chairman.

The members of the Board reassembled in the Aldermanic Chamber and were called to order at 4:05 o'clock P.M., by the Chairman.

ELECTRIC WIRES.

Ald. DOYLE, for the Committee on Electric Wires, submitted the following:—

(1) Reports recommending that leave be granted on petitions of the N. E. Tel. & Tel. Co. of Mass., referred today, viz.:—

(a) For leave to attach wires to four trees on Lawrence Ave., Roxbury.

(b) For leave to attach wires to three trees on Rockville Park, Roxbury.

(c) For leave to attach wires to five trees on London St., East Boston.

Reports accepted, leave granted on the usual conditions.

(2) Reports on petitions referred today recommending the passage of orders of notice that this board will, on Tuesday, Dec. 26, at three P.M., take into consideration the expediency of granting the prayer of the following petitions, when any parties who object thereto may appear and be heard:—

The N. E. Tel. & Tel. Co. of Mass., for leave to erect poles on Soley and Water Sts., Wd. 5, and on Ocean and Mellen Sts., Wd. 24; also to remove one pole on Water St.

Same company, for leave to erect poles in Harvard, Waterlow and Elmton Sts., Wd. 20.

Same company, for leave to erect poles in Kenwood St., Wd. 20.

Charlestown Gas and Electric Company, for leave to erect and to remove poles on Main St., Charlestown.

Boston Electric Light Co., for poles in Washington, West Newton, Stoughton, Dudley, River and West Sixth Sts.

Reports accepted, orders of notice passed.

PUBLIC IMPROVEMENTS.

Ald. O'TOOLE, for the Committee on Public Improvements, submitted the following:—

(1) Reports on petitions referred today recommending the passage of orders that the Superintendent of Streets be authorized to issue permits to lay, maintain and use one and one-quarter inch pipes, the work to be completed on or before December 31, 1899, according to the terms and conditions expressed in the Ordinances of the City relating thereto, as follows:—

W. B. Philbrick, under and across the sidewalk in front of 333 Warren St., Wd. 21.

D. D. Pickard, under and in the sidewalk in front of estate corner Harrison Ave. and Hampden St., Wd. 17.

Reports accepted, orders passed.

(2) Report on petition of the Boston Transit Company (referred Feb. 6), for certain routes for its omnibuses and other vehicles for conveying persons, merchandise, mail, etc., in this city—that leave be granted.

Report accepted, leave granted on the usual conditions.

FANEUIL HALL.

Ald. CODMAN, for the Committee on Faneuil Hall, submitted the following:—

(1) Report on the petition of St. Mary's Association of the North End (referred today) for the use of Faneuil Hall on the evening of December 23,—that leave be granted, waiving the fee.

Report accepted, leave granted on said condition.

(2) Report on the petition of the Massachusetts Division Sons of Veterans (referred today), for the use of Faneuil Hall—that leave be granted.

The CHAIRMAN—The Chair will call the attention of the gentleman who has introduced this to the fact that there is a record of a petition prior to this one, which the City Clerk has received, on file in the City Clerk's office.

Ald. CODMAN—Do I understand, Mr. Chairman, that a petition has gone in today for the same thing?

The CHAIRMAN—The Chair has received information from the City Clerk that there is a prior application which he has received, on file in his office.

The matter was assigned to the next meeting, on motion of Ald. O'Toole.

PROJECTIONS.

Ald. DAY, for the Committee on Building Department (Ald.) submitted reports on petitions referred today recommending that leave be granted as follows:—

Joseph Costa, to project a sign at 129 W. Canton St., Wd. 12.

B. Barnett, to project a sign at 3 Custom House St., Wd. 7.

James M. Henderson, to project two signs at 11 Elm St., Wd. 6.

George M. Brennan, to project a transparency temporarily at 154 Broadway, Wd. 13.

Henry Joski, to project a sign at 1510 Dorchester ave.

Joe Irato, to project a sign at 27 Staniford St., Wd. 8.

Thomas J. McLean, to project an illuminated sign at 12 Avery St., Wd. 7.

Daniel J. Hogan, to project a sign at 8 Ruggles St., Wd. 13.

James T. Magulre, to project an illuminated sign at 333 Hanover St., Wd. 6.

Reports accepted, leave granted on the usual conditions.

LAND ON CODMAN ST.

Ald. ADAMS, for the Committee on Public Lands, submitted a report on the petition of R. A. Quimby and another for an interchange of rights of way pertaining to certain parcels of land owned by them and by the City of Boston, situated adjacent to Codman St., at Dorchester—Recommending the passage of the following order:—

Ordered, That the Mayor be authorized to release to G. F. Pierce and Ralph A. Quimby all right, title and interest of the City of Boston in a parcel of land owned in fee by them, a part of a former way from Codman St., Dorchester, to land belonging to the City, and situated easterly of the Shawmut Branch of the New York, New Haven and Hartford railroad,—and to convey to said Pierce and Quimby a parcel of land, containing about three thousand four hundred square feet, on said Codman St., situated between said part of said way and said railroad; upon the said Pierce and Quimby paying to the City the sum of two hundred dollars, and releasing to the City all their right, title and interest to another part of said way, formerly leading from

said Codman St. to land of the City, situated westerly of said railroad.

Report accepted; order passed.

LICENSES.

Ald. COLBY, for the Committee on Licenses, submitted reports on petitions referred today recommending that licenses be granted, as follows:—

Philip Arnone, for a marionette show in basement at 305 North St., for the season ending August 1, 1900.

John J. O'Hara, for Hollis Hall, corner Washington and Hollis Sts., for literary, musical and dramatic entertainments and dancing for the season ending August 1, 1900.

William Lee and others, to exhibit Tissot paintings at main corridor, Park Sq. Station, for season ending August 1, 1900.

Reports accepted; licenses granted on the usual conditions.

STATE AID.

Ald. DIXON, for the Committee on State Aid, submitted a report recommending the passage of an order for the payment of aid to soldiers and sailors and their families in the city of Boston, for the month of December, 1899, under the provisions of the various acts of the Legislature providing for said payment; said sums to be charged to the appropriation for Soldiers' Relief.

Report accepted; order passed.

ACTION ON APPOINTMENT.

The Board proceeded to take up No. 9, unfinished business, viz.:—

Action on appointments submitted by the Mayor, viz.:—

9. Edmund Billings, to be an Overseer of the Poor, for the term ending April 30, 1902.

Referred to the Committee on Public Improvements, on motion of Ald. Dixon.

CONFIRMATION OF APPOINTMENT.

The Board proceeded to take up No. 10 unfinished business, viz.:—

10. Joseph Rourke, to be a Measurer of Grain and an Inspector of Pressed or Bundled Hay and Straw, for the term ending April 30, 1900.

The question came on confirmation. Committee—Ald. Dixon and Colby. Whole number of ballots cast 11, yes 11, and the appointment was confirmed.

GENERAL RECONSIDERATION.

Ald. DOYLE moved a general reconsideration on all business transacted at this meeting, hoping that the same would not prevail. Lost.

SALE OF UNCLAIMED BAGGAGE.

Ald. BRICK, for the Special Committee of the Board of Aldermen, submitted a report on the petition of the Boston & Maine Railroad Co. (referred Oct. 9) for authority to sell articles of unclaimed baggage—Recommending the passage of the following:—

Ordered, That the Boston & Maine Railroad Company be hereby authorized to sell at public auction on or before January 1, 1900, and after publication of the time and place of the sale according to law, the articles left and remaining unclaimed at the passenger station of said company in the City of Boston.

Report accepted; order passed.

PAYMENT OF ELECTION OFFICERS.

Ald. BERWIN offered an order—That the Board of Election Commissioners through His Honor the Mayor, be requested to arrange for the payment of the Election Officers on or before December 23, 1899.

Passed. Sent down.

COUNTY ACCOUNTS.

Ald. BRICK, for the Committee on County Accounts, submitted the following:—

(1) Report on the petition of Francis A. Harris, Medical Examiner (referred today), to be furnished with an office, etc.—Recommending the passage of the following:—

Ordered, That there be allowed and paid annually, until otherwise ordered by the Board of Aldermen, the sum of seven hundred dollars for the maintenance of an office and expenses thereof for the Medical Examiner of the North District of Suffolk County; said sum to be charged to the appropriation for County of Suffolk.

Report accepted; order passed.

(2) Report on the petition of the clerk of the Supreme Judicial Court, for an additional appropriation for arranging the early court files—recommending the passage of the following:—

Ordered, That in addition to the amounts heretofore appropriated for arranging and indexing the early court files of Suffolk County, there be allowed the further sum of seventy-five hundred dollars (\$7500); said sum to be expended under the direction of the clerk of the Supreme Judicial Court, and to be charged to the appropriation for County of Suffolk.

Report accepted; order passed.

A QUESTION OF PRIVILEGE.

Ald. BERWIN—Mr. Chairman, I desire at this time to ask the courtesy of the board to rise to a question of personal privilege. I merely desire to give notice at this time that at the next meeting of the board I shall pay my respects to Mr. Robert A. Woods, a member of the Bath Commission. In advance I wish to say to this board and to His Honor the Mayor, through you, Mr. Chairman, that after the reply I shall make concerning Mr. Woods and his reflections upon myself, I shall demand of His Honor the Mayor the removal of that man from the office to which this board has confirmed him. I want to say also in advance that if His Honor the Mayor refuses to recognize the request I shall make of him, after my statement in this board, I shall then endeavor, through the members of the incoming board, next year, to demand the removal of that man at the hands of a magistrate with whom I have at least some little friendly personal relation.

ELECTION RETURNS EXPENSES.

Ald. PRESHO offered an order—That the expenses incurred by the City Messenger in receiving and announcing Election Returns, in accordance with the order approved November 21, 1899, be charged to the appropriation for "City Council, Incidental Expenses."

Ald. BRICK—Mr. Chairman, that order was read a little quickly. It seems as though some of these expenses should be charged directly to departments. I want to be friendly and fair to departments in this matter, but it does seem that some of these expenses should be paid in the direction in which the appropriations are made at the first of the year.

If I know anything about it, the incidental fund of the City Council is in a very low state, and there are certain expenses of committees which will undoubtedly have to be taken care of from that fund. I shall therefore ask that the vote be reconsidered and that the order be referred to the Committee on Public Improvements.

The CHAIRMAN—The Chair will suggest that there has been an order passed this afternoon by which, if it is concurred in, the Committee on Finance will have a right to make transfers; and it seems to the Chair that, if this is sent to the Committee on Finance, that Committee can make a transfer to meet the payment of the necessary amount from any available fund.

Ald. BRICK—Mr. Chairman, if there is a provision of that kind, I have no objection to that reference. But I want it made sure that there is such a provision.

The CHAIRMAN—An order was passed early in the session authorizing the Committee on Finance to make transfers, and this is undoubtedly an item that that Committee will take care of, being a small item and one that should be paid.

Ald. BRICK—All right.

The order was referred to the Committee on Finance.

Adjourned, on motion of Ald. Brick, at 4.22 P. M., to meet on Monday, December 18, at 3 P. M.

CITY OF BOSTON.

Proceedings of the Common Council.

Thursday, December 14, 1899.

Regular meeting of the Common Council.

in the Council Chamber, City Hall, at 7:45 P.M., President Kiley in the Chair.

Mr. SANDERSON of Wd. 25—Mr. President, I raise the point of order that there is not a quorum present.

The PRESIDENT—Members will be seated. The President will declare the point of order well taken, and the Council stands adjourned to next Thursday night at 7:45 o'clock.

CITY OF BOSTON.

Proceedings of the Board of Aldermen.

Monday, Dec. 18, 1899.

Regular meeting of the Board of Aldermen, held in the Aldermanic Chamber, City Hall, at 3 o'clock P.M., Chairman Barry presiding. Absent, Ald. Codman.

The Board voted, on motion of Ald. Day, to dispense with the reading of the records of the last meeting.

JURORS DRAWN.

Jurors were drawn in accordance with the provisions of chap. 514 of the Acts of 1894, viz.:

Thirty traverse jurors, Superior Civil Court, first session, January sitting:—

John H. McLaughlin, Wd. 22; John Herbert, Wd. 14; Henry W. Kennedy, Wd. 23; Wm. M. McHugh, Wd. 13; Joseph E. Keyes, Wd. 15; Thomas J. Bagdon, Wd. 3; John W. Schafer, Wd. 19; Hugh W. Bresnahan, Wd. 13; W. Wallace Waugh, Wd. 21; Lawrence E. Ryan, Wd. 1; John J. Caddigan, Wd. 2; Robert H. Shea, Wd. 9; Fletcher K. Tirrell, Wd. 21; James D. Gordon, Wd. 20; Henry M. Nourse, Wd. 11; Daniel Madden, Wd. 17; Edw. G. Stanley, Wd. 5; Martin M. Simmon, Wd. 17; Josiah S. Pishon, Wd. 23; Wm. J. Cummings, Wd. 5; Charles E. Young, Wd. 8; Axel E. Stromblad, Wd. 18; John O'Connor, Wd. 10; Frederick B. Uildes, Wd. 11; Wm. A. Mixer, Wd. 9; Herbert S. Carruth, Wd. 24; Frank B. Bemis, Wd. 25; Marshall E. Rand, Wd. 23; Jasper E. Hamblin, Wd. 14; Frank T. Hastings, Wd. 23.

Thirty traverse, Superior Civil Court, second session, January sitting:—

Walter B. Chase, Wd. 5; Albert F. Ruby, Wd. 4; John F. Mahan, Wd. 18; Chas. A. Janssens, Wd. 13; James B. Jackson, Wd. 10; Geo. C. Hill, Wd. 5; Chas. A. Harvey, Wd. 16; Geo. Lunt, Wd. 10; Walter H. Edgett, Wd. 7; Henry D. Murray, Wd. 3; Louis Kolb, Wd. 22; Peter J. Hernan, Wd. 11; John J. A'Hern, Wd. 15; Samuel H. L'Heureux, Wd. 21; Albert H. Spencer, Wd. 22; Norton Q. Pope, Wd. 9; Chas. H. Boyce, Wd. 1; Elisha Moseley, Wd. 24; John J. McCarthy, Wd. 8; Cornelius Sullivan, Wd. 2; Alex. J. McCarthy, Wd. 13; Geo. W. Sanborn, Wd. 3; Wm. S. Alden, Wd. 10; Jas. F. Mullen, Wd. 14; Lewis S. Adams, Wd. 20; Nicholas F. McCarthy, Wd. 14; Geo. W. Hastings, Wd. 22; James W. O'Brien, Wd. 5; Patrick Coyle, Wd. 4; Geo. A. Gordon, Wd. 7.

Thirty traverse, Superior Civil Court, third session, January sitting:—

Garrett H. Keefe, Wd. 17; Isaac Simon, Wd. 21; Joseph P. Highland, Wd. 9; Henry Mais, Wd. 22; Frederic H. Nazro, Wd. 21; Christian Single, Wd. 22; Geo. A. Jones, Wd. 20; Michael H. Good, Wd. 18; Geo. C. Whittemore, Wd. 11; Edward J. Thomas, Wd. 2; John J. Levins, Wd. 1; Hosea Harden, Wd. 18; Harry W. Stark, Wd. 15; John E. Fallon, Wd. 23; Francis C. Crober, Wd. 20; Geo. J. Cann, Wd. 3; Frank P. Cummings, Wd. 12; John J. Leary, Wd. 14; John T. B. Carter, Wd. 15; Jere. F. Scully, Wd. 17; Warren B. P. Weeks, Wd. 11; Frank L. Cousins, Wd. 1; Michael J. Donovan, Wd. 6; Fred B. Summers, Wd. 7; Arthur F. Lucas, Wd. 20; Richard P. Nute, Wd. 5; Chas. H. Simonds, Wd. 3; Wm. R. Cleary, Wd. 23; Jos. A. Stratton, Wd. 14; Edward Kirby, Wd. 24.

Thirty travers, Superior Civil Court, Fourth session, January sitting:—

Phillippe E. Dugal, Wd. 23; Geo. S. Smith, Jr., Wd. 1; J. Henry Stevenson, Wd. 1; John J. Hartnett, Wd. 14; Adolph Himmel, Wd. 22; Samuel J. Burns, Wd. 6; Fred L. Davis, Wd. 6; John A. Silver, Wd. 21; Daniel F. Gibbons, Wd. 9; John T. Bradley, Wd. 6; Frederick W. Faller, Wd. 17; John Cameron, Wd. 7; James G. Langdon, Wd. 22; Chas. W. Brewer, Wd. 10;

Frederick A. Pike, Wd. 12; Nicholas J. Hayden, Wd. 19; John T. Taylor, Wd. 13; Thomas W. Barker, Wd. 12; Edward L. Dunning, Wd. 22; Geo. A. Kelso, Wd. 3; Chas. E. Wallis, Wd. 23; Arba C. Fisher, Wd. 8; Chas. L. Sanborn, Wd. 10; D. T. Vose Huutoon, Wd. 23; James McInerney, Wd. 19; John B. Power, Wd. 14; John J. Harrigan, Wd. 3; Arthur H. Wilson, Wd. 14; Myron Davis, Wd. 1; Wm. H. Britton, Wd. 24.

Twenty-two grand jurors, Superior Criminal Court, January sitting, viz.:

Thos. W. Gleason, Wd. 24; John P. Dicksey, Wd. 15; Chas. E. B. Tyler, Wd. 9; Frank H. Shinney, Wd. 21; Daniel W. Brownell, Wd. 9; Edw. H. Flood, Wd. 4; Wm. L. Ward, Wd. 6; John J. Nolan, Wd. 15; Chas. Culter, Wd. 15; John R. Whittington, Wd. 1; James P. Morris, Wd. 17; Wm. J. Weleh, Wd. 16; Nathaniel Wade, Wd. 22; Walton S. Mayo, Wd. 21; Frank R. Fritz, Wd. 3; James Evans, Wd. 14; John E. Perkins, Wd. 14; John C. McCarthy, Wd. 1; Frank O. Clark, Wd. 9; Chas. A. Stacy, Wd. 9; Herbert E. Wheat, Wd. 3; Edgar W. Long, Wd. 7.

Thirty-four traverse, Superior Criminal Court, January sitting:—

Daniel L. Weymouth, Wd. 20; Harvey W. Rogers, Wd. 22; John H. Hayes, Wd. 18; George O. Whipple, Wd. 21; Thomas J. Kennedy, Wd. 16; Edwin L. Sprague, Wd. 11; Samuel H. Robinson, Wd. 14; William G. Mason, Wd. 1; Samuel T. Jeffors, Jr., Wd. 23; Willard Burr, Wd. 21; John F. Wilson, Wd. 16; Ernest R. Wendemuth, Wd. 24; Charles E. Redmond, Wd. 14; Edward H. Bayfield, Wd. 17; Benjamin B. Perkins, Wd. 13; Frank E. Amos, Wd. 22; Andrew J. Sullivan, Wd. 19; George W. Manson, Wd. 16; Henry A. Mitchell, Wd. 23; James McCafferty, Wd. 6; Edward G. McLenev, Wd. 6; John H. Adams, Wd. 22; James F. Hatch, Wd. 20; John F. J. Countie, Wd. 22; Alfred M. Bullard, Wd. 17; Frank C. Haley, Wd. 6; Frederick S. Lord, Wd. 19; John Corliss, Wd. 18; Charles H. Hubbard, Wd. 25; John E. S. Adams, Wd. 18; William H. Hancock, Wd. 9; Thomas F. Reilly, Wd. 14; Samuel M. Dunn, Wd. 9; Nathan J. Brockway, Wd. 19.

APPOINTMENTS BY THE MAYOR.

The following was received:—

Mayor's Office, City Hall,
Boston, December, 13, 1899.

To the Board of Aldermen:—
Subject to your approval and confirmation, I hereby appoint Francis Gargan a Constable of the City of Boston for the term ending April 30th, 1900.

Josiah Quiney, Mayor.

Laid over under the law.

DINNER HOUR FOR PARK EMPLOYEES.

The following was received:—

Mayor's Office, City Hall,
Boston, December, 13, 1899.

To the Board of Aldermen:—

I transmit herewith a communication from the Board of Park Commissioners in reply to your order requesting them to allow the men in their employ a full hour for dinner.

Yours, respectfully,

Josiah Quiney, Mayor.

City of Boston.

Board of Commissioners of the Dept. of Parks.

Dec. 11, 1899.

Hon. Josiah Quiney, Mayor.

Dear Sir: We have the order of the Board of Aldermen requesting you to instruct this Board to allow the men in our employ a full hour for dinner. As we wrote you a year ago, the practice is almost universal, at this time of the year, in park work, of working half of the dinner hour and stopping work half an hour earlier when full time cannot be made otherwise on account of darkness setting in before the regular hour for stopping work. We have heard no complaint from the men.

Buildings with cook stoves are provided near the work of the gangs, and boys are furnished to look after the warming of the dinner pails of the men, so that no time is lost after the noon hour arrives. We think the men are satisfied with the present arrangement, and that they would certainly prefer it to working and being paid for half an hour less each day.

Yours, respectfully,
Charles E. Stratton, Chairman.

Ald. DOYLE—Mr. Chairman, in view of the fact that the eight-hour working day has gone into effect, I don't believe there is need of any further action, and I move that the communication be placed on file. The communication was placed on file.

SALE OF FERRY BOAT "BEN FRANKLIN."

The following was received:—
Mayor's Office, City Hall,
Boston, Dec. 14, 1899.

To the City Council:—
I transmit herewith a communication from the Superintendent of Streets requesting that authority be given to sell the ferryboat "Ben Franklin," which is now so old that it is no longer used by the Department, and I recommend the passage of the accompanying order.

Respectfully submitted,
Josiah Quincy, Mayor.
Street Department, City Hall,
Boston, December 12, 1899.

Hon. Josiah Quincy, Mayor.
Sir:—

I respectfully request that authority be given to sell the ferryboat Ben Franklin. This boat has been in continuous service for about 27 years, having been built in 1871. As it now stands, the boat is practically of little service, the new boat taking her place, and the item for dockage is considerable. The sooner the department can dispose of her, therefore, the greater the saving. Respectfully submitted,

Benj. W. Wells, Supt. of Streets.
Ordered: That the Superintendent of Streets, with the approval of the Mayor, be authorized to sell the ferryboat "Ben Franklin," at public auction the said ferryboat being now so old that it is unable to perform the work required in the ferry service of the city.

Referred to the Committee on Public Improvements, on motion of Ald. Berwin.

PLAYGROUND FOR SKATING.

The following was received:—
Mayor's Office, City Hall,
Boston, Dec. 13, 1899.

To the City Council:—
I transmit herewith a communication from the Board of Park Commissioners in reply to your order requesting them to flood for skating purposes the playground at Columbus Ave. Respectfully,

Josiah Quincy, Mayor.
City of Boston,
Board of Commissioners of the Department of Parks,
Dec. 11, 1899.

Hon. Josiah Quincy, Mayor.
Dear Sir:—The Board has received the order of the City Council, that we be requested to flood for skating purposes the playground at Columbus Ave. The Board would be glad to accede to the request but has no money which it can apply to this purpose.

Yours respectfully,
Charles E. Stratton, Chairman.
Sent down.

HEARINGS AT 3 O'CLOCK.

On petitions for leave to project bay windows, viz:—
1. Rose Andrews Hale, one at 327 Columbus Ave., Wd. 10.
Henry O. Nute appeared in behalf of the estates, 333-335 Columbus Ave., and objected to the projection of the proposed bay

window, on the ground that it would project over the sidewalk, and would interfere with the light and air of surrounding property.

No further objection. Recommended to the Committee on Building Department. (Ald.)

2. Meyer B. Gruzenski, two over Woodward Park St., from building corner of Howard Ave. and Woodward Park St., Wd. 16.

Not having advertised in accordance with law the petitioner was given leave to withdraw.

PETITIONS REFERRED.

The following petitions were received, and were referred to the committees named:—

Building Dept. (Ald.)
Petitions for leave to project signs, etc., viz:—
George M. Potter, an electric lamp sign, at 2143 Washington St., Wd. 18.
G. W. Sammet Co., three signs, at 55 Hanover St., Wd. 6.
James C. Pineo, a pole with a flag, at 643 Warren St., Wd. 21.
Gilchrist & Co., two illuminated signs, at 5-11 Winter St., Wd. 7.
M. Sullivan & Co., a sign, at 732 Washington St., Wd. 7.
Atlantic Social Club, a transparency, at 43 Commercial St., Wd. 6.

Claims.
Thomas F. Madden, for payment to Charles I. Quirk, attorney, of balance remaining from tax sale of estate on Ingle-side St.

David W. Simpson, for compensation for damages to schooner "Otis Miller" by being run into by one of the ferryboats.

Alfred J. Harold, for a hearing on his claim for damages.

William W. Philbrook, that his wife be compensated for injuries caused by an alleged defect in the highway in front of 153 Harrison Ave.

Annie Schlager et al., for compensation for personal injuries received on railroad bridge on Harrison Ave.

Hugh McGovern, for compensation for injuries received while in the employ of the city.

Electric Wires.

Petitions of the N. E. Tel. and Tel. Co. of Mass., viz:—
For leave to attach wires to trees in Butaw St., E. B.

For leave to erect and to remove one pole in Bellevue St., Wd. 20.

For leave to erect poles in Waumbek, Crawford, Ruthven and Bower St. and Humboldt Ave., and to remove poles in Humboldt Ave.

For leave to erect and to remove one pole on La Grange St., Wd. 23.

Faneuil Hall, Etc.

Federation of Jewish Charities, for the use of Faneuil Hall, on Dec. 27, morning.

Superintendent of Public Grounds.

T. C. Barelay, for the removal of a tree at 100 Mt. Pleasant Ave.

Licenses.

S. B. Rich, manager, for a permit for Annie Stoving and four others, children under 15 years of age, to appear at Hollis Street Theatre for week ending Dec. 23, 1899.

Markets

Day & Stevenson et als., lessees of stalls and cellars in new Faneuil Hall market, for leave to construct an awning in front of the premises occupied by them similar to that recently placed around Faneuil Hall market.

Public Improvements.

Thomas B. Black, for leave to stretch two guy ropes across Bristol St., Wd. 9.

Thomas B. Black, for leave to erect two guy posts and to stretch guy ropes in

Richmond St. and Fulton Pl., Wd. 6.
 Charles E. Stratton et als., for leave to construct an area on the Ohio St. side of estate 923-927 Washington St., Wd. 7.
 John Soley & Sons, for leave to move a wooden building from 127 F St., to 20 Vale St., Wd. 15.

USE OF FANEUIL HALL.

The Board proceeded to take up No. 3, special assignment, viz.:-

3. Action on the report of the Committee on Faneuil Hall, etc., in favor of granting the use of said hall on February 21 and 22 to the Massachusetts Division Sons of Veterans.

Report accepted; leave granted on the usual conditions.

WIDENING OF RUTHERFORD AVE.

The Board proceeded to take up No. 4, special assignment, viz.:-

4. Message of the Mayor giving a statement relative to the widening of Rutherford ave., Wd. 5.

Further assigned to the next meeting, on motion of Aid. Prescho.

CLERK HIRE.

Thomas F. Temple, Register of Deeds, submitted a communication, in accordance with the provisions of Sec. 2, Chap. 493 of the Acts of 1895, certifying that certain persons had been employed in his office to the amount of \$1275.25.

Approved by the Board.

BAY WINDOW—ORDER OF NOTICE.

On the petition of Brooke House Corporation for leave to project one bay window from building 79 Chandler St., over Cazenove St., Wd. 10—an order of notice was passed for a hearing thereon on Wednesday, Dec. 28, at 3 o'clock P. M., when any parties objecting thereto may appear and be heard.

CLAIMS.

Ald. COLBY, for the Committee on Claims, submitted the following:—

(1) Reports on petitions—that the petitioners have leave to withdraw, viz.:-

Daniel Ryan & Co. (referred June 15), to be refunded amount paid for a liquor license.

F. W. Hunnewell, Trustees (referred Oct. 23), for compensation for damage to house caused by accident in removing tree.

Accepted. Sent down.

(2) Report on the petition of Henry Sheldon et als. (referred July 17), for payment of tax title balance—recommending the passage of the following:—

Ordered, That the City Treasurer be hereby authorized to pay to Edward N. Eames the sum of \$39.10, being the amount held by the city under chapter 390, section 40, of the Acts of 1888, from the sale of an estate on Cottage Terrace, lot 30, for unpaid taxes of the year 1897, by deed recorded with Suffolk Deeds, lib. 2580, fol. 87.

Report accepted; order passed. Sent down.

(3) Report on the petition of Henry Sheldon et als. (referred July 17), for payment of tax title balance—recommending the passage of the following:—

Ordered, That the City Treasurer be hereby authorized to pay to Edward N. Eames the sum of \$29.10, being the amount held by the city under chapter 390, section 40, of the Acts of 1888, from the sale of an estate on Cottage Terrace, lot 31, for unpaid taxes of the year 1897, by deed recorded with Suffolk Deeds, lib. 2581, fol. 76.

Report accepted; order passed. Sent down.

(4) Report on the petition of Robert L. Wetherbee (referred Oct. 9), to be paid amount of judgment and costs of a suit brought against him on account of his acts as a police officer—Recommending the passage of the following:—

Ordered, That there be allowed and paid to Myron L. Wetherbee, administrator, the sum of \$62.93, being the amount of judgment and costs in a suit brought against Burt L. Wetherbee, late a police officer of the City of Boston, on account of his official acts in that capacity.

Report accepted; order passed. Sent down.

INSPECTION OF PRISONS.

Ald. DAY submitted the following:—

City of Boston,

In Board of Aldermen, Dec. 18, 1899.

The special committee of the Board of Aldermen appointed to visit and inspect the prisons in the County of Suffolk, having made the inspection required by the statutes of the Commonwealth, respectfully submit their second semi-annual report:—

Suffolk County Jail.

The jail was visited by the committee on Tuesday, December 5th. A thorough inspection of the main building containing the cells, kitchen and laundry, was made. The inmates were questioned as to the food, cleanliness of cells, bedding, etc., and the report from each one questioned was that the best of care and good wholesome food, and cleanliness prevailed. The committee renew the recommendation made in their last report, and also made by former committees for an appropriation sufficient to erect a new building for women exclusively, a part of this building to contain a modern laundry. There should be provided for the jail a place to treat the sick. At the present time they have to be cared for in cells, which is in the minds of the committee inhuman. If a new building was erected for women, the part now occupied by them could be made over into a hospital. A brick wall should be built at once, in place of the wooden fence separating the jail from the property facing on Cambridge St.

House of Correction, South Boston.

This institution was paid a visit by the committee on Tuesday, Dec. 5th. So many times have the committee recommended the erection of a new institution that they fear a further reiteration would be of no avail. It is without question inhuman to place human beings in a prison building such as exists here. The commissioner and master do all that is possible under the circumstances, but cannot provide a new and modern constructed "cell building" unless the government provides an appropriation, which, in the opinion of the committee, should be granted. The condition of the prisoners showed good care on the part of the management, the calisthenic drill and hourly exercise marching around the yard, having a good effect on the physical condition of the men. The school, under its competent instructors, has proved a valuable adjunct to the institution.

House of Correction, Deer Island.

The committee visited this institution, Wednesday, Dec. 6th.

This place the committee feel free to say is the model one controlled by our city. Cleanliness, good order and discipline prevail in every department. Many of the unfortunates broken down in health are sentenced here, so a greater proportion need medical care than those sentenced to other institutions. The good care and attention given to the sick is manifest by the reply made by each one, when asked as to their treatment by the officials in charge. The committee recommend an appropriation sufficient to build a new wharf, the present one is in an unsafe condition. A new boiler and dynamo should be installed at once, and all of the buildings could then be lighted by electricity. A new prison or cell building for women has been favored by past committees, and we renew it at this time.

House of Reformation, Rainsford Island.

The committee visited this institution the same day we visited Deer Island.

This was the first introduction of the committee to the new superintendent, Mr. Seavey, who immediately impressed the committee that he was the "right man" in the "right place," and that the Trustees of the Children's Institutions had secured a head for this place that would make the institution what it should be, a place for reformation of boys. The committee appreciate the fact that the place itself is unfitted for the work the trustees are trying to accomplish, and believe that a place on the mainland, with buildings built on the "cottage" plan, to be far more preferable. The work of farming could be carried on together with other outdoor work, which cannot be done at the present place. The work of repairing the building burnt is progressing so that in about three weeks time the boys at present cared for at Deer Island will return to this place. The committee hesitate in making any recommendation for the expenditure of money at this institution, believing it should be abandoned and a new place secured.

Parental School, West Roxbury.

Thursday, Dec. 7th, the committee called at this institution for their semi-annual inspection, and found, as they did at their last visit, an overcrowded and unsatisfactory condition of things. In the first place, the buildings used as dormitories contain more beds than should be allowed under the law, or rules of the Board of Health.

The committee do not blame the management for this condition of things, for if the court sentences these boys—from the size and ages of some of them, it would be better to sentence the parent for not keeping them at school) the city must provide for their keeping. Since our first visit, there have been two one story buildings erected for school classrooms, a valuable addition for a short while. What the Truant School needs and should have to make it satisfactory, and the committee recommend the incoming administration to give it their attention, is a new building for dormitory purposes, a new administration building, a new building for manual training studies, a new barn, the grading of the grounds, and the most important of all, a proper protection against fire, to consist of a new main pipe service and fire hose.

Remarks.

The committee have not changed their opinion as expressed in their last report relative to the efficiency of the one-head salaried official, as compared to the board of seven trustees.

The work assigned to this committee under chapter 220 of the Public Statutes is very important, and its recommendations should receive more consideration in the future than they have in the past. The city of Boston is praised all over the world, for its institutions; let us not forget that although these we speak of contain the unfortunate classes, they should be accorded some consideration when disposing of our appropriations.

The heads of the different institutions visited received the committee with courtesy, and every opportunity was freely given for proper inspection.

The committee wish to express their thanks to Commissioner of Penal Institutions Marshall, Deputy Sheriff Bradley, Messrs. O'Hare and Bruen, Dr. Putnam and Miss Bailey of the Children's Trustees, Colonel Whiton, Master of the House of Correction, So. Boston; James R. Gerish, Esq., Master of the House of Correction, Deer Island; Sumner D. Seavey, Esq., Superintendent, Rainsford Island; and B. C. Day, Esq., Supt. Parental School, for their assistance to the committee.

Annexed will be found the reports of the superintendents of the various institutions,

giving in detail the information called for under the statutes.

Frederick W. Day,
Franklin L. Codman,
James H. Doyle,
Edward W. Presho,
Michael W. Brick,
Committee.

Frederick W. Day, Chairman.

The report was accepted and ordered printed as a city document, on motion of Aid. Day.

PROJECTIONS.

Ald. DAY, for the Committee on Building Department (Aid.) submitted reports recommending that leave be granted on petitions referred today, as follows:—

Atlantic Social Club, to project a transparency at 43 Commercial St., Wd. 6.

M. Sullivan & Co., to project a sign at 732 Washington St., Wd. 7.

Gilchrist & Co., to project two illuminated signs at 5-11 Winter St., Wd. 11.

G. W. Sammet Co., to project three signs at 55 Hanover St., Wd. 6.

George M. Potter, to project an electric lamp sign at 2143 Washington St., Wd. 18.

Reports accepted, leave granted on the usual conditions.

ELECTRIC WIRES.

Ald. DOYLE, for the Committee on Electric Wires, submitted the following:—

(1) Report on the petition of the Western Union Telegraph Company (recommitted Aug. 7), recommending the passage of the following:—

Ordered, That permission be granted to the Western Union Telegraph Company to place and maintain poles for the support of wires at points designated by red dots on a plan deposited in the office of the Superintendent of Streets, made by Thomas Roche; said poles to be located as follows:—

Gove St., seven poles, 40 ft. by 15 inches, sidewalk eight feet wide, plan dated August 1, 1899.

The Superintendent of Streets is hereby authorized to issue permits for opening and occupying streets for placing and maintaining said poles on the conditions specified in chapter 36, section 15, of the Revised Ordinances of 1892.

The work of locating said poles to be completed within ninety days from the date of the passage of this order.

Report accepted, order passed under suspension of the rule.

(2) Report on the petition of the N. E. Tel. & Tel. Co. of Mass. (recommitted December 4), recommending the passage of the following:—

Ordered: That permission be granted to The N. E. Tel. & Tel. Co., of Mass. to place and maintain poles for the support of wires at points designated by red dots on a plan deposited in the office of the Superintendent of Streets, made by George H. Dresser; said poles to be located as follows:—

Mansfield St., Wd. 25, five poles, 35 ft. by 13 inches, sidewalk 6 ft. wide, plan dated November 16, 1899.

And permission is hereby further granted to said company to remove from Mansfield St. five poles shown by red dots on said plan.

The Superintendent of Streets is hereby authorized to issue permits for opening and occupying streets for placing and maintaining said poles on the conditions specified in chapter 36, section 15, of the Revised Ordinances of 1892.

The work of locating and removing said poles to be completed within ninety days from the date of the passage of this order.

Report accepted, order passed under suspension of the rule.

(3) Report on the petition of the N. E. Tel. & Tel. Co. of Mass. (recommitted December 4), recommending the passage of the following:—

Ordered: That permission be granted to The N. E. Tel. & Tel. Co. of Mass., to place and maintain poles for the support of wires at points designated by red dots on a plan deposited in the office of the Superintendent of Streets, made by G. H. Dresser; said poles to be located as follows:—

South St., Wd. 23, four poles, 40 ft. by 14 inches; one pole 45 ft. by 15 inches; sidewalk eight feet wide, plan dated November 14, 1899.

And permission is hereby further granted to said company to remove from South St., four poles shown by black crosses on said plan.

The Superintendent of Streets is hereby authorized to issue permits for opening and occupying streets for placing and maintaining said poles on the conditions specified in chapter 36, section 15, of the Revised Ordinances of 1892.

The work of locating and removing said poles to be completed within ninety days from date of the passage of this order.

Report accepted, order passed under suspension of the rule.

(4) Report on the petition of the N. E. Tel. & Tel. Co. of Mass. (recommitted December 13), recommending the passage of the following:—

Ordered: That permission be granted to The N. E. Tel. & Tel. Co. of Mass., to place and maintain poles for the support of wires at points designated by red dots on a plan deposited in the office of the Superintendent of Streets, made by George H. Dresser, said poles to be located as follows:—

East Concord St., 2 poles, 55 ft. by 17 inches, sidewalk eight feet wide, plan dated November 20, 1899.

And permission is hereby further granted to said company to remove from East Concord St. two poles shown by red dots on said plan.

The Superintendent of Streets is hereby authorized to issue permits for opening and occupying streets for placing and maintaining said poles on the conditions specified in chapter 36, section 15, of the Revised Ordinances of 1892.

The work of locating and removing said poles to be completed within ninety days from the date of the passage of this order.

Report accepted, order passed under suspension of the rule.

(5) Report on the petition of the N. E. Tel. & Tel. Co. of Mass. (recommitted December 4),—recommending the passage of the following:—

Ordered: That permission be granted to The N. E. Tel. & Tel. Co. of Mass. to place and maintain poles for the support of wires at points designated by red dots on a plan deposited in the office of the Superintendent of Streets, made by G. H. Dresser; said poles to be located as follows:—

Spring Park Ave., Wd. 22, 5 poles, 35 ft. by 13 inches, sidewalk 7 ft. wide, plan dated November 13, 1899.

The Superintendent of Streets is hereby authorized to issue permits for opening and occupying streets for placing and maintaining said poles on the conditions specified in chapter 36, section 15, of the Revised Ordinances of 1892.

The work of locating said poles to be completed within ninety days from the date of the passage of this order.

Report accepted, order passed under suspension of the rule.

(6) Report on the petition of the N. E. Tel. & Tel. Co. of Mass. (recommitted December 4)—recommending the passage of the following:—

Ordered: That permission be granted to The N. E. Tel. & Tel. Co. of Mass., to place and maintain poles for the support of wires at points designated by red dots on a plan deposited in the office of the Superintendent of Streets, made by George

H. Dresser; said poles to be located as follows:—

Washington St., Wds. 20 and 24, 22 poles, 40 ft. by 14 inches; 4 poles, 35 ft. by 13 inches; width of sidewalk 10 ft., plan dated November 7, 1899.

And permission is hereby further granted to said company to remove from Washington St., 46 poles, shown by red dots on said plan.

The Superintendent of Streets is hereby authorized to issue permits for opening and occupying streets for placing and maintaining said poles on the conditions specified in chapter 36, section 15, of the Revised Ordinances of 1892.

The work of locating and removing said poles to be completed within ninety days from the date of the passage of this order.

Report accepted, order passed under suspension of the rule.

(7) Report on the petition of the N. E. Tel. & Tel. Co. of Mass. (recommitted December 4), recommending the passage of the following:—

Ordered: That permission be granted to The N. E. Tel. & Tel. Co. of Mass. to place and maintain poles for the support of wires at points designated by blue dots on plans deposited in the office of Superintendent of Streets, made by C. A. Perkins and G. H. Dresser; said poles to be located as follows:—

Blue Hill ave., 1 pole, 45 ft. by 14 inches, sidewalk 10 ft. wide, plan dated March 13, 1899; same avenue, 1 pole, 45 ft. by 14 inches, sidewalk 10 ft. wide, plan dated April 13, 1896; Geneva ave., 1 pole, 35 ft. by 13 inches, sidewalk 8 ft. wide, plan dated November, 1899.

And permission is hereby further granted to said company to remove from Blue Hill ave. two poles shown by dots marked "remove" on plans aforesaid, and to remove from Geneva ave. one pole shown by a blue dot marked "remove" on said plan dated November, 1899.

The Superintendent of Streets is hereby authorized to issue permits for opening and occupying streets for placing and maintaining said poles on the conditions specified in chapter 36, section 15, of the Revised Ordinances of 1892.

The work of locating and removing said poles to be completed within sixty days from the date of the passage of this order.

Report accepted, order passed under suspension of the rule.

(8) Report on the petition of the N. E. Tel. & Tel. Co. (recommitted December 4) recommending the passage of the following:—

Ordered: That permission be granted to The N. E. Tel. & Tel. Co. of Mass. to place and maintain a pole for the support of wires at a point designated by a red dot on a plan deposited in the office of the Superintendent of Streets, made by G. H. Dresser; said pole to be located as follows:—

East Cottage St., Wd. 17, 1 pole, 45 ft., by 14 inches, sidewalk 7 ft. wide, plan dated November 7, 1899.

And permission is hereby further granted to the said company to remove from East Cottage St. 1 pole shown by a red dot on said plan.

The Superintendent of Streets is hereby authorized to issue permits for opening and occupying streets for placing and maintaining said poles on the conditions specified in chapter 36, section 15, of the Revised Ordinances of 1892.

The work of locating and removing said poles to be completed within sixty days from the date of the passage of this order.

Report accepted; order passed under suspension of the rule.

(9) Report on the petition of the N. E. Tel. & Tel. Co. of Mass. (recommitted August 1) recommending the passage of the following:—

Ordered: That permission be granted to The N. E. Tel. & Tel. Co. of Mass. to place and maintain a pole for the support

of wires at a point designated by a blue dot on a plan deposited in the office of the Superintendent of Streets, made by C. A. Perkins; said pole to be located as follows:—

Park St., Wd. 23, 1 pole, 35 ft., by 11 inches, sidewalk 7 ft. wide, plan dated March, 1896.

Ordered: That permission be further granted to said company to remove from Centre St. one pole, shown by a blue dot, and one pole from Park St., shown by a red dot, on said plan.

The Superintendent of Streets is hereby authorized to issue permits for opening and occupying streets for placing and maintaining said poles on the conditions specified in chapter 36, section 15, of the Revised Ordinances of 1892.

The work of locating and removing said poles to be completed within ninety days from the date of the passage of this order.

Report accepted; order passed under suspension of the rule.

(10) Report on the petition of the N. E. Tel. & Tel. Co. of Mass. (recommitted November 8) recommending the passage of the following:—

Ordered: That permission be granted to The N. E. Tel. & Tel. Co. of Mass., to place and maintain poles for the support of wires at points designated by blue dots on a plan deposited in the office of the Superintendent of Streets, made by C. A. Perkins; said poles to be located as follows:—

Wait St., Wd. 19, 3 poles, 35 ft. by 12 inches, sidewalk 7 ft. wide, plan dated December 15, 1894.

And permission is hereby further granted to said company to remove from Wait St., three poles shown by black crosses marked "removed" on said plan.

The Superintendent of Streets is hereby authorized to issue permits for opening and occupying streets for placing and maintaining said poles on the conditions specified in chapter 36, section 15, of the Revised Ordinances of 1892.

The work of locating and removing said poles to be completed within ninety days from the date of the passage of this order.

Report accepted, order passed under suspension of the rule.

(11) Report on the petition of the N. E. Tel. & Tel. Co. of Mass., (recommitted November 27) recommending the passage of the following:—

Ordered: That permission be granted to The N. E. Tel. & Tel. Co. of Mass., to place and maintain poles for the support of wires at points designated by red dots on a plan deposited in the office of the Superintendent of Streets, made by G. H. Dresser; said poles to be located as follows:—

Ashmont St., Wd. 24, two poles, 35 ft. by 13 inches, sidewalk 7 ft. six inches wide, plan dated August 4, 1899.

And permission is hereby further granted to said company to remove from Ashmont St., two poles shown by white dots marked "remove" on said plan.

The Superintendent of Streets is hereby authorized to issue permits for opening and occupying streets for placing and maintaining said poles on the conditions specified in chapter 36, section 15, of the Revised Ordinances of 1892.

The work of locating and removing said poles to be completed within sixty days from the date of the passage of this order.

Report accepted, order passed, under suspension of the rule.

(12) Report on the petition of James Merzies and others (referred November 27, for the removal of a pole at the corner of Bennington and Brooks Streets,—recommending the passage of the accompanying order:—

Ordered: That the permission granted by this Board to the Boston Electric Light Company for the erection of a pole at the corner of Bennington and Brooks streets be and the same is hereby revoked, and the said company is hereby directed to re-

move the said pole within sixty days from the passage of this order.

Report accepted, order passed under suspension of the rule.

(13) Report on the petitions (referred today) of the N. E. Tel. & Tel. Co. of Mass., (a) for leave to erect and to remove one pole in Bellevue street, Wd. 26; (b) for leave to erect and to remove one pole in LaGrange street, Wd. 23; (c) for leave to erect poles in Waumbek, Crawford, Ruthven and Bower streets, and to erect and to remove poles in Humboldt avenue—recommending the passage of orders of notice for hearings thereon Wednesday, Dec. 27, at 3 p. m., to take into consideration the expediency of granting the prayers of the petitions, when any parties who object thereto may appear and be heard.

Reports accepted, orders of notice passed.

(14) Report on the petition of the N. E. Tel. & Tel. Co. of Mass. (referred today) for leave to attach its wires to trees in Eutaw St.—recommending that leave be granted.

Report accepted, leave granted in the usual conditions.

(15) Report on petitions of the Mass. Tel. & Tel. Co. (recommitted Nov. 27) for leave to erect poles (a) in Mt. Washington and Dorchester aves. and other streets, and (b) Mt. Washington Ave., Granite, West Second and other streets—that no further action is necessary.

Reports accepted.

CLOSING FAIRBANKS ST.

Ald. COLBY offered an order—That the Superintendent of Streets be authorized to close the roadway on Fairbanks St., Wd. 25, to public travel during the construction of a surface sewer in said street.

Passed.

CLOSING PART OF DORCHESTER AVE.

Ald. McDONALD offered an order—That the Superintendent of Streets be authorized to close the roadway on Dorchester Ave., between Hyde and Howell Sts. to public travel during necessary street construction.

Passed.

PARK MEN—OVERTIME PAY.

Ald. DOYLE offered an order—That His Honor the Mayor be requested to instruct the Board of Park Commissioners to pay the men employed in their department for over-time in the same manner as is done in the other city departments.

Passed. Sent down.

A RECESS TAKEN.

The Board voted, at 3.54 o'clock p. m., to take a recess subject to the call of the Chairman.

The members of the Board reassembled in the Aldermanic Chamber and were called to order by the Chairman at 4.55 o'clock p. m.

PUBLIC IMPROVEMENTS.

Ald. O'TOOLE, for the Committee on Public Improvements, submitted the following:

(1) Report on message from His Honor the Mayor in regard to selling the ferryboat Ben Franklin (referred today), recommending the passage of the accompanying order, and that the message be sent down.

The report was accepted, and the order was passed. Sent down. The message was also sent down.

(2) Reports (on petitions referred today) recommending the passage of the following:—

(a) Ordered. That the Superintendent of Streets be authorized to issue a permit to Thomas B. Black to erect, maintain and

use two guy posts, with the necessary ropes attached, in and over No. 21 and 22 Fulton Pl., and to stretch guy ropes over and across said Fulton Pl., and over and across Richmond St., at or near No. 106-116, for use in building construction; the work to be completed on or before Dec. 31, 1899, according to the terms and conditions expressed in the ordinances of the city relating thereto.

(b) Ordered, That the Superintendent of Streets be authorized to issue a permit to John Soley & Sons to move a wooden building, pitch roof, 55 feet in length, by 23 feet in width, by 30 feet in height, from No. 127 F St., through F and W. Sixth Sts., across Dorchester St., thence through Mercer and Vale Sts., to No. 20 Vale St., Wd. 15, on the terms and conditions expressed in the ordinance of the City relating thereto.

(c) Ordered, That the Superintendent of Streets be authorized to issue a permit to Thomas B. Black to stretch, maintain and use two guy ropes over and across Bristol St., Wd. 9, near the Fire Department headquarters, for use in building construction; the work to be completed on or before Dec. 31, 1899, according to the terms and conditions expressed in the ordinances of the city relating thereto.

(d) Ordered, That the Superintendent of Streets be authorized to issue a permit to Charles E. Stratton et als. to construct, maintain and use an area 5 ft. by 2 ft., with an iron cover of rough upper surface, under and in the sidewalk on the Otis St. side of estate 923-927 Washington St., Wd. 9; the work to be completed on or before July 1, 1900, according to the terms and conditions expressed in the ordinances of the city relating thereto.

Reports severally accepted; orders severally passed.

TREE AT 64 PRINCETON ST.

Ald. DAY offered an order—That the Superintendent of Public Grounds be requested to remove a tree standing in front of 64 Princeton St., said tree being in a dangerous condition; the expense of the same to be charged to the appropriation for Public Grounds Department.

Passed.

LICENSES.

Ald. COLBY, for the Committee on Licenses, submitted a report on the petition of I. B. Rich, manager, for a permit for Annie Stoving and four others, children under fifteen years of age, to appear at the Hollis Street Theatre for the week ending December 23, 1899, that a permit be granted.

Report accepted, permit granted on the usual conditions.

FANEUIL HALL.

Ald. O'TOOLE, for the Committee on Faneuil Hall etc., submitted a report on the petition of the Federation of Jewish Charities (referred today) for the use of Faneuil Hall on the morning of December 27,—recommending that leave be granted.

Report accepted, leave granted on the usual conditions.

THE NEXT MEETING.

It was voted, on motion of Ald. Colby that when the Board adjourn it be to meet on Wednesday, December 27, at 3 P. M., and that all orders of notice for hearings be postponed accordingly.

ALDERMANIC CONTINGENT FUND.

Ald. BRICK offered an order—That the Committee on Finance be requested by this Board to transfer the sum of One Thousand Dollars to the Contingent Fund of the Board of Aldermen.

Passed.

TRACKS ON ST. JAMES AVE.

Ald. McDONALD, for Ald. Dixon, offered an order—That the expense incurred by the Committee on Railroads in giving hearings relative to tracks on St. James Ave. and South St. be charged to the Contingent Fund Board of Aldermen.

Ald. McDONALD—Mr. Chairman, I will say that I have offered that order at the request of the Chairman of the Railroad Committee. I understand from him that the expense will amount to about ten dollars, and it will be necessary to have an order of this kind passed before the bill can be paid.

The order was passed.

A QUESTION OF PRIVILEGE.

Ald. COLBY—Mr. Chairman, I would like to rise to a question of privilege—although it is hardly a question of personal privilege. At the last meeting of the Board the alderman on my left (Ald. Berwin) stated that, owing to a letter which had been read in the Common Council which apparently reflected upon him, he would take certain proceedings today looking to straightening the matter out. As both the alderman and the gentleman who wrote the letter are friends of mine, knowing them both pretty well and feeling that they were apparently working at cross purposes and were somewhat mistaken, I took it upon myself to get the two gentlemen together to talk the situation over. That was done, and in my presence Mr. Woods stated that, while he did write a private letter which contained certain statements apparently reflecting upon Mr. Berwin, he wished to state that he wrote it on the strength of information which was given to him; that he had looked the matter up, and Mr. Berwin had explained to him certain things which had come to him simply by hearsay, and that he was satisfied that he (Mr. Woods) was mistaken, that the information he had received was not reliable, and that the opinion expressed by him was expressed under a misapprehension of the facts; that he desired to withdraw anything which tended to reflect upon Mr. Berwin personally and was sorry that the remark had been made by him.

CALL FOR RAILROAD REPORT.

Ald. BRICK—Mr. Chairman, at the next meeting I am going to ask that the Committee on Railroads report on the location that has been asked for by two different railroad companies on Morton and other streets, making a route from Forest Hills to Milton Lower Mills. I do so on this ground: I have more or less persistently spoken against the granting of locations, because I think in many instances they are put in and crowded through this board without an opportunity being given to examine them. But upon this particular location I took the trouble, and a majority of the members of this Board took the trouble, to go into an examination of it. After these matters have been considered and looked into it seems as though some action should be taken upon them. It does not seem that, simply because those matters happened to go into a committee, they should be left there. I think they should be taken out and disposed of one way or the other—that the petition should be granted or the petitioner should be given leave to withdraw; that when men do their duty and give attention to public affairs the matters they consider should be passed upon, acted upon one way or the other. I therefore request that the committee on railroads report either in favor of the withdrawal or in favor of leave being granted to one or the other of the companies, or the committee give us some report that we can act upon at the next meeting of the Board.

The CHAIRMAN—The committee will take notice.

Ald. COLBY—Mr. Chairman, as a member of the committee I desire to say that as far as I am concerned I am ready to vote on any matter that can properly come before the Board. I know of no means, however, so far as I am concerned, of compelling the committee to report. The Board can make a request of this sort, of course. I have no means of knowing why action has not been had on the matter one way or the other, any more than the alderman has. But, as one member of the committee, I wish to say that I have an opinion which I am perfectly willing to express at any time when an opportunity is given me to do it.

CROSS WALK ON HAMILTON ST.

Ald. McDONALD offered an order—That the Superintendent of Streets be requested to have a cross-walk placed on Hamilton St., north side, near Bowdoin St., Wd. 20.
Passed.

GENERAL RECONSIDERATION.

Ald. Doyle moved to reconsider the action taken on all reports and orders submitted today which had not already been reconsidered, hoping that the motion would not prevail; lost.

Adjourned, on motion of Ald. Doyle, at 5.21 p. m., to meet on Wednesday, Dec. 27, 1899, at 3 p. m.

CITY OF BOSTON.

Proceedings of the Common Council.

Thursday, December 21, 1899.

Regular meeting of the Common Council, held in the Council Chamber, City Hall, at 7.45 o'clock P.M., President Kiley in the chair.

PAYMENT OF FERRY EMPLOYEES.

The following was received:—

Mayor's Office, City Hall,
Boston, Dec. 7, 1899.

To The Common Council:—

I transmit herewith a report from the Superintendent of Streets in reply to your order requesting information as to "why the employees of the ferries who are members of the G. A. R. have not been paid for the time lost while attending the encampment at Philadelphia."

Yours respectfully,

Josiah Quincy, Mayor.
Street Department, Ferry Division.
Boston, Dec. 1, 1899.

Benj. W. Wells, Esq.
Superintendent of Streets.

Dear Sir:—

In reference to enclosed order passed by Common Council, I will state that out of 154 men employed in this Division 39 are members of the Grand Army. Each one of the employees receive two weeks vacation and they are so arranged so as to let the Veterans have theirs at the time of the arrangement that they would not go to the encampment, but would take their vacation whenever convenient to us. I was away at Norfolk at this time together with six men of our regular force arranging to bring the "Gov. Russell" back to Boston which left the Division a little short of men. These Veterans that had had their vacations gave the Foreman very little notice of their intending to go and insisted vacation or no vacation, whether their services could be dispensed with or not, they intended to go and expected to get their pay while away. As I understood the order to read it was intended for those whose services could be dispensed with and I so notified them, which they took not the slightest notice of and went to the Encampment.

Yours truly,

William F. McClellan,
Deputy Superintendent.

Assigned to the next meeting, on motion of Mr. Bagley of Wd. 1

PETITIONS RECEIVED.

Petitions were received in aid of, or asking immediate action on, the order relative to the disposal of the Franklin Fund, viz:—

Boston Society for the Advancement of Physical Education.

Baptist Ministers Conference of Boston and vicinity.

Twentieth Century Club.

Committee of the Clerical Association of the Episcopal Church.

Board of Management of the People's Institute.

Executive Committee of the Municipal League.

District 12, Associated Charities.

William Lawrence and others.

George A. Gordon and others.

The several petitions were placed on file.

PAPERS FROM THE BOARD OF ALDERMEN.

1. Mayor's message transmitting a communication from the Board of Park Commissioners to the effect that said Board would be glad to accede to the request to flood for skating purposes the playground at Columbus Ave., but has no money

which it can apply to the purpose.

Placed on file.

The Council voted, on motion of Mr. Watson of Wd. 18, to consider Nos. 2 to 18 inclusive, together, viz:—

2. Report of Committee on Claims, on petition of Jennie M. Good, for compensation for injuries caused by being run over by a city hospital ambulance,—leave to withdraw.

3. Report of same committee, on petition of Edith A. Noyes, for compensation for damage to clothing caused by water from Fire Department hose,—leave to withdraw.

4. Report of same committee, on petition of Mary Maley, for compensation for personal injuries caused by a fall at 26 High St., Charlestown,—leave to withdraw.

5. Report of same committee, on petition of Marguerite A. Burchard, referred July 11, 1898, for compensation for injuries received from a fall in vacant lot, near Cove St.,—leave to withdraw.

6. Report of same committee, on petition of Bay State Instalment Co., referred May 5, 1898, for compensation for damage to wagon caused by fire apparatus,—leave to withdraw.

7. Report of same committee, on petition of David B. Flint, referred April 21, 1897, to be paid for damage caused by defects in sewers at Commonwealth and Massachusetts Aves.,—leave to withdraw.

8. Report of same committee, on petition of Julia E. Hurd, for a rebate of a portion of a sewer assessment against estate 10 Percival St.,—leave to withdraw, as the City Council has no authority to repay.

9. Report of same committee, on petition of Charles W. Glidden, referred June 14, 1898, for repayment of an assessment on account of the construction of a sewer in Breed and Saratoga Sts.,—leave to withdraw, as the City Council has no authority to repay.

10. Report of same committee, on petition of Cornelius Breslin, for compensation for damage to estate by backing up of sewage in Haskins St.,—leave to withdraw, at his own request.

11. Report of same committee, on petition of Thomas P. Wells, for compensation for damage to estate 2 Hammond Ave., caused by an excavation,—leave to withdraw, as the city is not liable.

12. Report of same committee, on petition of Caroline A. Cotton, referred December 5, 1898, to be paid for damage to house 68 Hudson St., caused by the falling of a tree,—leave to withdraw, as the city is not liable.

13. Report of same committee, on petition of Fuller & Howard, for compensation for injuries to horse caused by an alleged defect in alleyway rear of Commonwealth Ave.,—leave to withdraw, as the city is not liable.

14. Report of same committee, on petition of Dennis A. Cadigan, referred last year, for compensation for injuries received while wheeling coal at pumping station,—leave to withdraw, as suit has been entered against the city.

15. Report of same committee, on petition of John M. O'Hara, for compensation for injuries to horse caused by an alleged defect in Alford St.,—leave to withdraw, as suit has been entered against the city.

16. Report of same committee, on following petitions for compensation for damages to estates caused by the overflow and stoppage of sewers in East Boston,—leave to withdraw, as suit has been entered against the city, viz:—

William J. Burke (referred November 14, 1899), 79 Prescott St. and 362 Chelsea St.

John J. Fitzpatrick (referred November 14, 1899), 266 Bennington St.

Richard F. Fraser (referred November 14, 1899), 351 Chelsea St.

Peter Healy (referred November 14, 1899), 355-357 Chelsea St.

Mary L. Kane (referred November 14, 1899), 353 Chelsea St.

E. T. Marlave (referred November 14, 1899), 345 Chelsea St.

John A. McDonald (referred November 28, 1898), 412 Bremen St.

Jacob P. Richards (referred November 14, 1898), 254-256 Bennington St.

Ellen O'Rourke (referred December 12, 1898), 268 Bennington St.

17. Report of same committee, on petition of Daniel Ryan & Co., to be refunded amount paid for a liquor license,—leave to withdraw.

18. Report of same committee, on petition of F. W. Hunnewell, Trustees, for compensation for damages to house caused by accident in removing tree,—leave to withdraw.

Severally accepted in concurrence.

The Council voted, on motion of Mr. Watson of Wd. 18, to consider Nos. 19 to 34 inclusive together, viz.:

19. Report of Committee on Claims, on petition of Harlow E. Woodward et al., recommending the passage of the following order:—

Ordered, That the City Treasurer be hereby authorized to pay to Selwyn Z. Bowman the sum of sixty-nine and 71-100 dollars, being the amount held by the city under chapter 390, section 40, of the Acts of 1888, from the sale of an estate on Harrison Ave. for unpaid taxes of the year 1896, by deed recorded with Suffolk Deeds, lib. 2500, fol. 91.

20. Report of same committee, on petition of Thomas and Henry Howard, recommending the passage of the following order:—

Ordered, That the City Treasurer be hereby authorized to pay to Thomas Howard and Henry Howard the sum of eighty-seven and 65-100 dollars, being the amount held by the city under chapter 390, section 40, of the Acts of 1888, from the sale of an estate on 45 Middle St. for unpaid taxes of the year 1897, by deed recorded with Suffolk Deeds, lib. 2581, fol. 35.

21. Report of same committee, on petition of Thomas and Henry Howard, recommending the passage of the following order:—

Ordered, That the City Treasurer be hereby authorized to pay to Thomas Howard and Henry Howard the sum of one hundred eighteen and 20-100 dollars, being the amount held by the city under chapter 390, section 40, of the acts of 1888, from the sale of an estate 53 Middle St. for unpaid taxes of the year 1897, by deed recorded with Suffolk Deeds, lib. 2583, fol. 113.

22. Report of same committee, on petition of Thomas and Henry Howard, recommending the passage of the following order:—

Ordered, That the City Treasurer be hereby authorized to pay to Thomas and Henry Howard the sum of one hundred eighteen and 45-100 dollars, being the amount held by the city under chapter 390, section 40, of the Acts of 1888, from the sale of an estate on 49 Middle St., for unpaid taxes of the year 1897, by deed recorded with Suffolk Deeds, lib. 2581, fol. 561.

23. Report of same committee, on petition of Bridget Flynn, recommending the passage of the following order:—

Ordered, That the City Treasurer be hereby authorized to pay to Bridget Flynn the sum of fifty-five and 66-100 dollars, being the amount held by the city under chapter 390, section 40, of the Acts of 1888, from the sale of an estate on Harvard St., for unpaid taxes of the year 1896, by deed recorded with Suffolk Deeds, lib. 2501, fol. 217.

24. Report of same committee, on petition of Melissa A. Todd, recommending the passage of the following order:—

Ordered, That the City Treasurer be hereby authorized to pay to J. Walter Newhall the sum of two hundred eighty-eight and 30-100 dollars, being the amount held by the city under chapter 390, section 40, of the acts of 1888, from the sale of an estate on Columbia Rd. for unpaid taxes of the year 1897, by deed recorded with Suffolk Deeds, lib. 2583, fol. 164.

25. Report of same committee, on petition of Augustus F. Arnold, recommending the passage of the following order:—

Ordered, That the City Treasurer be hereby authorized to pay to Thomas F. Phillips the sum of thirty-seven and 76-100 dollars, being the amount held by the city under chapter 390, section 40, of the Acts of 1888, from the sale of an estate on 149 Cambridge St., for unpaid taxes of the year 1895, by deed recorded with Suffolk Deeds, lib. 2408, fol. 69.

26. Report of same committee, on petition of Augustus F. Arnold, recommending the passage of the following order:—

Ordered, That the City Treasurer be hereby authorized to pay to Thomas F. Phillips the sum of fourteen and 9-100 dollars, being the amount held by the city under chapter 390, section 40, of the Acts of 1888, from the sale of an estate on 147 Cambridge St. for unpaid taxes of the year 1895, by deed recorded with Suffolk Deeds, lib. 2408, fol. 63.

27. Report of same committee, on petition of John F. Kelly, Administrator, recommending the passage of the following order:—

Ordered, That the City Treasurer be hereby authorized to pay to John F. Kelly, Administrator, the sum of seventy and 50-100 dollars, being the amount held by the city under chapter 390, section 40, of the Acts of 1888, from the sale of an estate on Bismarck St. for unpaid taxes of the year 1897, by deed recorded with Suffolk Deeds, lib. 2581, fol. 52.

28. Report of same committee, on petition of John F. Kelly, Administrator, recommending the passage of the following order:—

Ordered, That the City Treasurer be hereby authorized to pay to John F. Kelly, Administrator, the sum of sixty-eight and 90-100 dollars, being the amount held by the city under chapter 390, section 40, of the Acts of 1888, from the sale of an estate on Messenges St. (Lot 143) for unpaid taxes of the year 1897, by deed recorded with Suffolk Deeds, lib. 2581, fol. 43.

29. Report of same committee, on petition of Matthew M. Morris, recommending the passage of the following order:—

Ordered, That the City Treasurer be hereby authorized to pay to Matthew M. Morris, the sum of one hundred eighty-seven and 20-100 dollars, being the amount held by the city under chapter 390, section 40, of the Acts of 1888, from the sale of an estate on Maywood St., for unpaid taxes of the year 1897, by deed recorded with Suffolk Deeds, lib. 2634, fol. 124.

30. Report of same committee, on petition of Elliott G. White, recommending the passage of the following order:—

Ordered, That the City Treasurer be hereby authorized to pay to Elliott G. White, the sum of two hundred fifty-four and 10-100 dollars, being the amount held by the city under chapter 390, section 40, of the Acts of 1888, from the sale of an estate on 13 Dalton St., for unpaid taxes of the year 1897, by deed recorded with Suffolk Deeds, lib. 2581, fol. 386.

31. Report of same committee, on petition of Eugenie White, recommending the passage of the following order:—

Ordered, That the City Treasurer be hereby authorized to pay to Eugenie White the sum of thirty-one and 10-100 dollars, being the amount held by the city under chapter 390, section 40, of the Acts of 1888, from the sale of an estate on east side of Marlowe St. for unpaid taxes of the year 1897, by deed recorded with Suffolk Deeds, lib. 2580, fol. 103.

32. Report of same committee, on petition of Mary M. Dierkes, recommending the passage of the following order:—

Ordered, That the City Treasurer be hereby authorized to pay to Mary M. Dierkes the sum of fifty-eight and 50-100 dollars, being the amount held by the city under chapter 390, section 40, of the Acts of 1888, from the sale of an estate on Dalmatia St. for unpaid taxes of the year 1897,

by deed recorded with Suffolk Deeds, lib. 2580, fol. 235.

33. Report of same committee, on petition of Henry Sheldon et als., recommending the passage of the following order:—

Ordered, That the City Treasurer be hereby authorized to pay to Edward N. Eames the sum of thirty-nine dollars and ten cents (\$39.10), being the amount held by the city under chapter 390, section 40, of the Acts of 1888, from the sale of an estate on Cottage Terrace, lot 30, for unpaid taxes of the year 1897, by deed recorded with Suffolk Deeds, lib. 2580, fol. 87.

34. Report of same committee, on petition of Henry Sheldon et als., recommending the passage of the following order:—

Ordered, That the City Treasurer be hereby authorized to pay to Edward N. Eames the sum of twenty-nine dollars and ten cents (\$29.10), being the amount held by the city under chapter 390, section 40, of the Acts of 1888, from the sale of an estate on Cottage Terrace, lot 31, for unpaid taxes of the year 1897, by deed recorded with Suffolk Deeds, lib. 2581, fol. 76.

Reports severally accepted; orders passed in concurrence.

35. Report of same committee, on petition of Robert L. Wetherbee, recommending the passage of the following order:—

Ordered, That there be allowed and paid to Myron L. Wetherbee, administrator, the sum of sixty-two dollars and ninety-three cents (\$62.93), being the amount of judgment and costs in a suit brought against Eurt L. Wetherbee, late a police officer of the city of Boston, on account of his official acts in that capacity.

Report accepted; order passed in concurrence.

36. Report of Committee on Public Lands, on petition of R. A. Quimby and another, recommending the passage of the following order:—

Ordered, That the Mayor be authorized to release to G. F. Pierce and Ralph A. Quimby all right, title and interest of the city of Boston in a parcel of land owned in fee by them, a part of a former way from Codman St., Dorchester, to land belonging to the city, and situated easterly of the Shawmut Branch of the New York, New Haven and Hartford Railroad,—and to convey to said Pierce and Quimby a parcel of land, containing about three thousand four hundred square feet, on said Codman St., situated between said part of said way and said railroad; upon the said Pierce and Quimby paying to the city the sum of two hundred dollars, and releasing to the city all their right, title and interest to another part of said way, formerly leading from said Codman St. to land of the city, situated westerly of said railroad.

The question came on accepting the report.

Mr. LYDON of Wd. 13—Mr. President, I move that the matter be assigned for a week. I want to say in regard to this, that I called at the office of the Street Commissioner, where the meeting of the Committee on Public Lands was to be held, and found none of the committee there, very shortly after the time for which the call was issued; and, while the signatures of the committee may be attached to the document, I hardly believe the members are conversant of the fact. I know, personally, that I am not, and that there are several other members of the committee who are not; and I move that the matter be assigned to the next meeting of the Council.

Mr. WATSON—Mr. President, I cannot say that I am anxious to have this assigned to the next meeting, but I would like, if possible, to obtain some information from somebody in this body in relation to it. This is a joint matter, evidently, and only a committee of the Board of Aldermen have passed upon it. That shows that an error must have been made in the first instance in not having it considered by a joint committee. I think

when a matter is acted upon by both branches, that this body should have representation on the committee that considers it, so that we may know what is going on. But, as that cannot be remedied at this time and as I am not anxious to have the matter assigned to the next meeting, if I can get sufficient information here tonight, I ask somebody conversant with the matter to inform me as to the facts, so that I may be able to vote upon the order.

Mr. HARVEY of Wd. 24—Mr. President, I would state that this is a joint Committee on Public Lands. A meeting of the committee was called regularly. We were given at least three or four days' notice, and we waited at that meeting. I myself was the only member of the Council present. Alderman Presho and Alderman Brick were also at the meeting. We went over the entire matter. At it states here, there is a piece of land that the city holds on one side of the New Haven Railroad, and this piece owned by Mr. Pierce and Mr. Quimby on the other side. There has been a right of way existing there for the past eighteen or twenty years. The city has disposed of this land, and Mr. Quimby in order to get a proper release from the city that he may use his land properly, has asked for this release. He cannot dispose of his land until the city grants him this release, and the city has also held a release across his land. The three-cornered piece here, that has been spoken of, that he wishes to buy, is a three-cornered piece facing on Codman St. It is one of no value whatsoever to the city, as far as I can understand, after having looked into the matter. I will state that I looked carefully into this matter at this meeting. Mr. Quimby made this offer to the Street Commissioners. We asked for a proposition to buy the land. Mr. Quimby made us this offer, which we considered was very fair, and I tried at the meeting of the Board to see all the members of the Committee on Public Lands and explain this to them. I think there were eight, which is a majority of the committee, and at that time it was presented, so that it would go through at that meeting. I hope that what I have said is satisfactory to the members of the Council, and that the order will not be assigned.

Mr. MCINERNEY of Wd. 19—Mr. President, I am one of the Committee on Public Lands, and I must say that after the explanation made by the gentleman from Dorchester I am just as much at sea as ever. I do not understand this question that we are about to vote upon, and I wish that it should be referred back to the committee, in order to give us a chance to give a hearing upon it.

Mr. LYDON of Wd. 13—Mr. President, I want to say that I have hardly gained a crumb of information from the gentleman from Wd. 24, who seems to be conversant with the facts. I do not know just what kind of a deal the city is getting in this matter, and it would seem to me that we are bound to finish up the calendar at the next meeting, and that a delay of this matter until the next meeting cannot be very material. It seems to me that it would be a good thing for us to go slow and act wisely in this matter, and assign it to the next meeting. I have not seen the atlas, or seen the land given to the city, or the land which the city gives in return, and, as I said before, I called at the office of the Street Commissioner on the day the committee hearing was called, and it is my belief there are very few members of that committee who are really conversant with the facts. I believe that those who were not present at the meeting, and who signed the report, did it simply as a personal favor for the gentleman from Wd. 24, who is perhaps very much interested in this matter. I can only say that I shall vote against this matter unless it is assigned

to the next meeting, because I do not know whether it is fair or unfair.

Mr. WATSON of Wd. 18.—Mr. President, the gentleman from Dorchester has half satisfied me. Now, he can complete it by informing me of the amount of land that Mr. Quimby and others release to the city of Boston. They give something in return in addition to the amount of money named in this order. If he will tell me approximately what it is, I will vote for the order if it is anywhere near fair.

Mr. HARVEY—Mr. President, in answer to the gentleman in the first division (Mr. Watson) I would say that this is simply a release of a right of way. There is no transfer of land whatsoever. These parties held a piece of land back of the city's land, and it was jointly agreed that they both have a right of way. Now, the land back of this has been disposed of and the city has no use for this right of way, and, in order that these people can put their land in the market, if they see fit, they must have this release made by the city. At the present time Mr. Quimby has a right of way over the land that belongs to the city. In regard to the gentleman in the third division, I want to state, in reference to his saying that personal friends of mine signed this report, that it was a pretty difficult matter to get them to sign it. I had to explain it to them individually before they would sign it. We have only had two meetings this year, and at neither one of them have we had a quorum. However, if the gentlemen are not satisfied with my explanation I am sure that assigning it will not hurt it in a way.

Mr. McINERNEY—Mr. President, I understood the gentleman in the second division (Mr. Harvey) to say a little while ago that there were only three members of the committee present at that meeting. If that is so, I do not see that it is in order for us to accept this report, or to act upon it as a report of that committee. If he afterwards went and got the signatures of any other members of the committee they signed it not knowing what they were signing, and not having been present at the meeting of the committee. I do not believe we are in order at the present time in acting on this report. It is a report made by a minority. A majority of the Committee was not present. I think we are not in order in acting on it at this time.

The motion to assign further consideration of the matter to the next meeting was carried.

37. Mayor's message relative to crediting certain receipts from the U. S. Government to appropriation for Pauper Institutions Department, and recommending the passage of the following order:

Ordered, That the sums received by the city from the Government of the United States for the care of soldiers at Long Island be credited to the appropriation for Pauper Institutions Department, Boston Almshouse and Hospital, Long Island.

The message was placed on file and the order was passed in concurrence.

38. Mayor's message transmitting a communication from the Board of Police relative to increasing the salary of William H. Dyer. The following order comes down in connection with said message:

Ordered, That the salary of William H. Dyer, captain, detailed to examine the evidence in claim cases against the city of Boston, be increased from two thousand (2,000) dollars per year to twenty-five hundred (2500) dollars per year, to commence on Friday, Dec. 15, 1899.

The communication was placed on file, the order was read once and the question came on ordering it to a second reading.

Mr. WALKER of Wd. 25—Mr. President, is a second reading in order without a special motion?

The PRESIDENT—The question now is on ordering the order to a second reading.

The rules must be suspended before it takes its second reading.

On motion of Mr. Walker the rules were suspended, the order was read a second time, and the question came on its passage.

Mr. LYDON of Wd. 13—Mr. President, I would like to ask some members of the Council to give us some information upon this matter. It is a request for the increase of the salary of William H. Dyer, Captain, detailed to examine the evidence in claims against the city of Boston, and so forth. I would like to know if it is a fact that the police captains of this city get \$2000—that is, whether all captains get \$2000 a year. It would seem to me, from my knowledge of the matter, that if we raise one captain's salary, it would be an injustice to the other captains, and unless there is some good reason for increasing salaries, I am not in favor of voting for it.

Mr. WALKER of Wd. 25.—Mr. Chairman, I shall be most happy to give the information to the gentleman. As I understand the matter, the duties of Captain Dyer are different from those of the ordinary police captain. It is well known that he acts in the matter of investigating claims against the city of Boston, and, in addition to those duties, he has other duties, such as attending inquests and hearings, which make his work essentially different from those of the ordinary police captain. I may add, that they are of a higher nature than those of the ordinary police captain. It is for these reasons that the Police Commissioners have considered raising the rank of Captain Dyer, and making him a deputy superintendent, but, owing to the fact that there are a large number of deputies already, and owing to the fact that they do not want to increase them without special need, they have taken this method essentially increasing his rank, of making his rank superior to that of the ordinary police captain, and therefore they have made his case a particular case, and made this raise in salary which places him in a rank above that of the ordinary police captain. I may add, going into some technicality, that Captain Dyer has been working on no salary at all for a while, and it is for that reason that I think that we should pass this order tonight. It seems to me that we should suspend the rules and allow it to go on its passage tonight, in accordance with the recommendations of the Police Commissioner, the Mayor and all others who are acquainted with the matter.

Mr. CUDDY of Wd. 8.—Mr. President, it seems to me that last year the captains were given an increase of \$500. That is, the order passed both branches of the City Government, the Mayor signed it, and as I understood it, the Commissioners agreed to it. The captains' salary today is \$2500, as I understand it, but the appropriation of the Police Department does not allow the payment of the increase. The Mayor, I believe, signed the order with the understanding that when the Police Department could see its way clear to pay the increase from its appropriation, it was at liberty to do so. Now, as I understand it, the captains, according to law, should receive \$2500. It does not seem necessary that this increase should be given to this captain at this time, as it is a law that every captain is to receive \$2500. If that is so, I sincerely hope that this order will not prevail.

The order was passed in concurrence. Mr. Leftovith of Wd. 8 doubted the vote and asked for a rising vote. The council stood divided and the order was passed, 28 members voting in the affirmative, 11 in the negative.

Mr. GIBBONS of Wd. 5 further doubted the vote and asked for a verification by yeas and nays.

The yeas and nays were not ordered, one-fifth of the members present not voting therefor.

The order stood passed in concurrence. 39. Mayor's message transmitting a communication from the Superintendent of Streets requesting that authority be given to sell the ferry-boat "Ben Franklin," which is now so old that it is no longer used by the Street Department.

The passage of the following order is recommended in said message:

Ordered, That the Superintendent of Streets, with the approval of the Mayor, be authorized to sell the ferry-boat "Ben Franklin" at public auction; the said ferry-boat being now so old that it is unable to perform the work required in the ferry service of the city.

The communication was placed on file and the question came on giving the order a second reading.

Mr. CUDDY of Wd. 8 moved reference to the next city government.

Mr. HICKEY of Wd. 2—Mr. President, I rise to oppose reference to the next city government, principally because I see no reason for such reference. Every citizen of East Boston conversant with the ferry system knows full well that the old ferry-boat Ben Franklin is not fit for service any longer, and it seems to me that this order provides for a proper disposition of her. I sincerely hope that unless the gentleman from Wd. 8 (Mr. Cuddy) has some reason for his motion, that we shall pass the order tonight and allow the Superintendent of Streets to proceed with the sale immediately.

Mr. CUDDY—Mr. President, the reason why I made that motion is that I wish to have time to look into the matter to see if the boat is in such a condition that it is not fit to use, and that the department has no further use for it. For that reason I hope the order will be laid over.

Mr. LOGAN of Wd. 14—Mr. President, I desire to ask the gentleman from Wd. 8 (Mr. Cuddy) what information he can get by having the matter referred to the next city government?

Mr. HICKEY—Mr. President, once more I would respectfully ask the Council not to refer the matter to the next city government. The ferry-boat Ben Franklin, as the order recites, has seen its best days, and has got to the stage where it can no longer be used for the service for which it was originally constructed. I should think my own word to the gentleman from Wd. 8 would be sufficient for that; and I can say that I will be borne out in my statement by the other members who represent East Boston here. I hope the matter will not be assigned, but that the order will be passed tonight.

Mr. WATSON of Wd. 18—Mr. President, my idea, in the closing hours of this Council, is that we should at least agree with the member from Wd. 21. For that reason I hope the other members of the Council will vote unanimously with him tonight, if it is due to him. I think we ought to end our days here in harmony. I therefore sincerely trust that the order will not be assigned.

Mr. EMERY of Wd. 21—Mr. President, I would like to ask the gentleman in the third division (Mr. Hickey) if he knows what is to be done with the money received from the sale of this boat?

Mr. HICKEY—No, but I can state that no disposition can be made of that money without the concurrence of both branches of the city government, and I should therefore think the suggestion of the gentleman would be no valid objection.

The motion to refer to the next city government.

The order was read a second time and passed in concurrence.

Mr. CHAMBERLAIN of Wd. 12—Mr. President, I move reconsideration of Nos. 38 and 39, hoping the same will not prevail.

Mr. WATSON of Wd. 18—Mr. President, I move to amend, that we reconsider all matters passed up to the present stage, hoping the same will not prevail.

Mr. Chamberlain accepted the amendment.

The PRESIDENT—If there is no objection, the Chair will consider the amendment as part of the original motion.

Mr. LYDON of Wd. 13—Mr. President, I object. My objection is to No. 38 on the calendar.

The PRESIDENT—The question is on reconsideration of Nos. 38 and 39.

Mr. LYDON—Mr. President, I would like to ask of the chair if both can be taken up, under objection?

The PRESIDENT—The Chair will state that they cannot be.

Mr. LYDON—Mr. President, I wish to state that I object to reconsideration of No. 38.

The PRESIDENT—Objection being made, the Chair would state that reconsideration comes on No. 39.

The motion to reconsider the action on No. 39 was declared lost.

Mr. WALKER of Wd. 25—Mr. President, I move reconsideration of the action on No. 38, hoping it will not prevail.

Mr. LYDON of Wd. 13—Mr. President, I want to say that my main objection to No. 38 on the calendar is because it is my belief that this order is simply put in as a wedge, it being the intention ultimately to increase the captains' salaries to the detriment of the rank and file of the Police Department. It is my opinion that if the salary of one captain is raised, the salaries of the other captains will be then raised, that the salaries of the lieutenants will then be raised, and of the sergeants, perhaps, and that the patrolmen will be kept in the same old ruts. It was the intent of last year's City Government to try and pass an order that would be equitable and fair to all the members of the Police Department. I believe that was the wish of this year's City Council, also, and with that end in view, opposed the passage of this order at this time. I believe, as I say, that if we increase the salary of Captain Dyar—while I believe there is no question that he earns that amount of money as against the work performed by other captains—that it would be a wedge for the increase of the salaries of the other captains, to the detriment of the Policemen generally, the men who comprise the rank and file of the Police Department. Therefore, I hope we will reconsider our action on that order and have it at least assigned long enough to assure the members of the body that the rank and file will be taken care of. I want the members of this Council to understand that this is no political speech of mine, as I have no axes to grind further this year.

Mr. WATSON—Mr. President, I have no particular desire to speak on this matter, but I think an explanation is due to this body, after I have voted as I did tonight. I want to say that I was one of the three members of the Government who voted against increasing the policemen's salaries, also the salaries of captains, and, in order to be consistent, I have voted against increasing this salary. I sincerely hope, so that I may register my vote in such a manner that my constituents may know how I voted, that reconsideration will prevail.

Reconsideration was refused.

40. Ordered, That the Board of Election Commissioners, through His Honor the Mayor, be requested to arrange for the payment of the election officers on or before December 23, 1899.

Passed in concurrence.

41. Ordered, That the Board of Street Commissioners be requested to lay out Clayton St., from Dickens St. to Mill St., according to the proposed lines of the Board of Survey.

Passed in concurrence.

42. Ordered, That the City Auditor, in closing the accounts of the financial year ending January 31, 1900, may, with the approval of the Committee on Finance, by vote at a duly called meeting and with the

approval of the Mayor, make transfers from any appropriation to any other appropriation, and with like approvals apply any income and taxes not disposed of. Passed in concurrence.

43. Ordered, That His Honor the Mayor be requested to instruct the Board of Park Commissioners to pay the teamsters employed in their department for overtime in the same manner as is done in the other city departments.

Passed in concurrence.

COMMITTEE APPOINTMENTS.

The President announced the appointment of the following committees on the part of the Council, viz:—

Transfer of Squantum Land—Messrs. Mildram of Wd. 24, Sanderson of Wd. 25, Curley of Wd. 18, Sullivan of Wd. 4, Wood of Wd. 20.

Monument on Common—Messrs. Watson of Wd. 18, Stevens of Wd. 11, Klemm of Wd. 21, Doyle of Wd. 19, Sullivan of Wd. 4.

DISPOSITION OF FRANKLIN FUND.

The PRESIDENT—The Chair at this time desires to rule upon the point of order made by the gentleman from Wd. 20, Mr. Wood, on the order printed on the calendar at the last meeting, known as the order for the disposition of the Franklin Fund. The Chair, having consulted with the Law Department of the city, will rule the point of order not well taken.

Mr. EMERY of Wd. 21.—Mr. President, I move you, sir, that this whole matter be laid over to the next City Government.

Mr. McINERNEY of Wd. 19.—Mr. President, I second that motion.

The question came on reference of the matter to the next City Government.

Mr. MULCAHY of Wd. 14.—Now, Mr. President, that the technical point which was discovered here at the last meeting is solved, the next move on the part of the republican members is to have this transferred over to next year's City Government. Now, there are some of us here who will not have an opportunity to vote upon this order next year, and I am one of them.

My district is represented, and, being represented as it is, I trust that I shall have a chance to vote upon the passage of the order. There are a good many members of the Council in favor of this order, both republicans and democrats. And I will go further and state that the republican members of this body held a caucus the other evening in reference to this order on the calendar here tonight, and while at that meeting a good many of the republican members of the body desired to vote for the passage of this order immediately, they could not come to an agreement. I trust that both the democratic members of this body and the republican members who are in favor of this order, and whose districts are being taken care of by the disposition of the Franklin Fund, will vote for the passage of this order tonight and will do away with this matter this year, instead of waiting until next year.

Mr. STEVENS of Wd. 11.—Mr. President, we have heard a good deal about a Republican caucus from a Democratic member. Now, possibly the Republican members who were there may know as much about it as he does. In regard to this matter, I hope it will be assigned. There are a good many different schemes under consideration. Up in the architect's department of this hall I saw the plans made by the proper authorities for a building which they said could possibly be built for \$180,000. It was three stories high. Up in the South End House, drawn by the Secretary of the Bath Commission, are plans for a building five stories high, which they say can be built for \$180,000; and yet one of the aldermen says that those plans have nothing to do with it whatsoever. He says we are going to build an eight-story building. Now, if architects say you can possibly build a three-

story building for \$180,000, and another set of people say that a five-story building is going to be built for \$180,000 and a man who is not an architect, but who is interested in the passage of this order, says that we are going to build an eight-story building, I think we should look into it further and find out just what we can do. I believe that if this scheme went through, you would have a building that would cost \$400,000 before you got through. I think the scheme is a bad one for the citizens of this city. I think it is a bad one for the poor people of Boston, for whom this was intended, and I trust that for their interest this will be assigned to the next City Government.

Mr. WATSON of Wd. 18.—Mr. President, I desire to say to the members of this body that I intend to vote to refer this entire matter to the next city government, for two reasons. One is because the gentleman who had the audacity to insult the president of this body has not in any way apologized for his remarks on paper; and the other reason is that the Republican party have got the city, and are going to run it, and I say: "Let them run the whole thing while they have got it." I say that if the city of Boston is to have a Republican administration, let them have it free. Don't tie their hands. I don't believe in the outgoing administration spending any more money for anything. They have spent all they could get their hands on, and they would spend this in quicker time if they got an opportunity. The defeat of the Democratic candidate for Mayor of the city of Boston lies at the door of the present Mayor, and nobody else. They can say "strategy board" and "tracks" and other things, but they were not the reason. The Mayor of Boston and his administration, his administration of ruin and persecution, is the reason. The Mayor of Boston, in my judgment, is not competent to hold sway over a hen-coop, let alone the city of Boston. (Laughter.)

Mr. MULCAHY of Wd. 14.—Mr. President, I rise to a point of order.

The PRESIDENT—The gentleman will please state his point of order.

Mr. MULCAHY—The gentleman is not talking germane to the question. It is on reference of this matter to the next city government, and, in my opinion, the gentleman from Wd. 18 is criticizing the Mayor of Boston and the present administration, and so forth, instead of discussing that question.

The PRESIDENT—The Chair will rule the point of order not well taken, and will ask the gentleman in the first division (Mr. Watson) to confine himself more closely to the question.

Mr. WATSON—I am glad that the Chair's opinion does not coincide with that of the gentleman from Wd. 14.

Mr. MULCAHY—I expected that.

Mr. WATSON—I am surprised that the gentleman did not give way to the good judgment of the people in his ward. I think the people of Wd. 14 showed good judgment in the past caucus.

Mr. MULCAHY—Oh, there is another one coming.

Mr. WATSON—But when he speaks of my attacking the Mayor of Boston, let me tell him here and now that there was no stauncher supporter of the democratic Mayor of Boston than I was. I stood at the polls from 6 o'clock in the morning until 4 o'clock in the afternoon, and made a net gain in my precinct for Mr. Collins. What did he do for the democratic party in the last campaign? But, friends and fellow members, I must say that I am in favor of letting the next Mayor of Boston control the matter. Let him be responsible. Do not let the outgoing administration spend this money in a hurry, while they are vacating. I want to say that I have attacked the Mayor of Boston. I attacked him the day I came here, and I will the day I leave. If he and his gang had had their way, I would not be here. That is no dream. (Laughter.)

The PRESIDENT—The question is on reference of this matter to the next city government.

Mr. WATSON—Mr. President, for those reasons I sincerely trust that this matter will be referred to the next city government. There is still another reason. The bill does not say one word about where all the rest of the money shall go. It says it "may" do things in certain wards, they say "may." They can do it now, but they do not want to. If they draw up a bill of this kind they should draw it specifically, saying where the money shall be spent. If they can satisfy me that my ward will be benefited by my voting for this order, I might be inclined to vote for it, but I am satisfied that we would not be the gainers. I trust that this matter will be referred to the next city government, where I have no voice.

Mr. BAGLEY of Wd. 1—Mr. President, I do not believe that some of the members understand the purposes for which Franklin left this money. He stated in his will that he would like to have this money spent for baths, streets, bridges, and anything that the people of Boston, or the managers of this fund, saw fit to spend it for, and that he would like to have it spent in a manner which would be of real benefit to the poor people of Boston. I think the managers of this fund have used very good judgment in dividing it up as they have. They have given as much as they can to the different districts. In fact, my district is left out—my ward, which I, in part, represent. But Wd. 2, which needs it a great deal more than our ward does, will be benefited by the passage of this order. I think that this Council should consider the petitions which have been presented by the people of Boston—by people whom we might think perhaps would be the last ones to present such petitions. They do not represent the poor people, and it is really the poor people who will be benefited. If Dorchester and Brighton and some of the outlying districts had the tenement houses which Wd. 2, 6, 8 and some of the other wards which I might mention have, in place of boulevards and parks, perhaps they would be in favor of this order; but there are some members of this body who object to almost anything which other wards really want and ask for. Then, when they find members against them they think it is very queer. We have a gymnasium in East Boston which cost the city of Boston not one cent. It was given to us by a lady living in the Back Bay—the building, furnishings and everything. We have tried and endeavored to find a way of improving it. It is an old skating rink, and it is in very poor condition. This is the only way which we can find to have it placed in proper condition. That is one of the main reasons why I am anxious to see this order brought up now and passed. No matter how long this matter may be before the body, it is going to be a very hard thing to convince the members of this Council that the Board of Managers have used good judgment in dividing the money as they have divided it. The whole amount of the story is, in my opinion, that one is jealous of the other. One gentleman wants something that perhaps another ward is going to have. If the sum of money was large enough, perhaps every ward could be taken care of in the manner in which the representatives would like to have it. I hope that the order will be passed tonight.

Mr. WALKER of Wd. 25—Mr. President, the gentleman who has just taken his seat has referred to what East Boston is going to get under this order. Now, I want to say that it is a question in my mind whether East Boston will get it. It is a question whether any of these sections are going to get what they expect to get, and what they may possibly get. A member of the Bath Commission informs me that the different sections were put into the order especially, and for no other purpose

than, to get votes in the City Council, in order to get it through. Attention has already been called to the very indefinite manner in which these sections have been put in. They may be represented in the final disposition of the money, and they may not. They may be represented in a generous way, or in a very stringent fashion. The order reads: "If said managers lay out said fund as above specified, the City Engineer forthwith thereafter shall acquire," and so forth. It is left entirely conditional. It seems to me this is a matter which we should very carefully consider. If we vote as a canvass of the members indicate we are going to, I am quite sure we will vote to lay this over to the next City Government, for this reason, if for no other. I may add that the people of this city have recently passed a verdict upon the so-called Board of Strategy. We have before us here tonight a pet child of that Board of Strategy, something which they have been directly engaged in furthering, either through their own efforts, or through agents. That is something which we know, whether anyone denies it or not. I want to say that it is that very thing which has congealed sentiment against this order—the fact that the Board of Strategy approves of it and has been working for it. That makes every one of us think there is a darkey in the woodpile. Now, if we send this over to the next administration, this thing will be very carefully gone over, and we will have come before us a definite proposition. I want to call your attention, also, to the fact that a vote in favor of referring this to the next City Government is not a vote against the general idea contained in this order. It is a vote against the indefinite nature of this present order, and when the order comes before us next year for consideration, the objectionable features will be stripped from it. We will have an order of a character such we will know what we are voting for. We will be sure that we are not being made fools of by a Board of Strategy, or by anybody else. Why should we vote to delegate to somebody else the power of picking out sites for these various buildings. We have that power in our hands, and why should we not keep it there? Since I have been in this Council, I have observed a very general disposition to retain all the prerogatives of this body. We have here a chance to do it. Here an order comes before us which leaves to somebody else the selection of sites, gives somebody else the power we should retain.

We all have an interest in this matter, and we are asked here to vote for something which we know not what it is. It may be a dollar's worth of improvement, or it may be a great deal more; but when this order comes before us next year, it will come before us in a definite form. The sections which are represented in a very indefinite way here, will know what they are getting, and not be made fools of.

Mr. LINEHAN of Wd. 13—Mr. President, I rise at this time to indorse the motion to lay this order over, to refer it to the next city government. In reply to the gentleman who stands in this division (Mr. Bagley) I would say that I know nothing of the will of Ben Franklin. I know nothing, also, of the will of the Board of Strategy. I will say that perhaps the will did say that the money could be used for schools, for bridges, for parks and for roadways, but I fail to see anywhere where it says "public convenience stations." Now, sir, as this is a very mysterious order, which has been dragging along year after year, and which has now put on a rush to be put through this city government in the last days of its existence, I think it is good policy for the members of this government to refer it to the in-coming government. I sincerely hope that the order will go over.

Mr. McINERNEY of Wd. 19.—Mr. President, the city next year will be, as it has not been for six years past, properly represented. Each district will have an alderman, and, as we know, the aldermen are the agents of the Franklin Fund. This order merely comes to us for concurrence in order to empower the Treasurer to pay out the money; so it behooves every member of this body, no matter which ward he comes from, knowing that his district will be properly represented in the board of aldermen next year, to refer the matter to the next government. I know my district has not been represented, and there is no appropriation for it—wards 17, 18 and 19. Wds. 22 and 23 are not represented, and there is no appropriation for them. There is no reason why they should not be taken care of as well as Wds. 1 and 2, or as well as South Boston. Therefore I hope every member will vote to refer this to the next city government.

Mr. GIBLIN of Wd. 15.—Mr. President, I am constrained at this time to explain how I shall vote upon this matter. This, I believe, gives Wd. 15 something that we have been looking for for the past 12 months. Twelve months ago they started in our district to construct what they will call a bath house when it is finished. The foundation has been laid, and if a stranger comes to Wd. 15, he might ask us if that was the ruins of some temple. But, no, that is where we are to have our bath house eventually, and the Franklin Fund provides for it, and we are informed specifically that our bath house shall be finished out of the Franklin Fund. And, Mr. President, no matter if it were on the eve of inauguration of the next City Government I could not feel that I was doing the proper thing in going back on my constituents and saying that I had impeded the progress of the construction of our bath house, be it 24 hours or 24 days. That is the reason, Mr. President, why I shall vote against reference to the next City Government tonight. Perhaps there may be a little sentiment about this thing. The members of the Council who are not coming back here next year certainly will not have the opportunity to vote upon the disposition of the fund left by that great statesman in his will. And I say to them that now is their opportunity, now is their chance to be able to say in the future, to tell to the next generation, that they had a voice, and that they had a vote in the disposition of the Franklin Fund.

Mr. STEVENS of Wd. 11.—Mr. President and members of the Council, I will detain you but a minute. As to the Franklin Fund, it is not on my part—nor, I feel on the part of the men who are going to vote for reference to the next City Government—a question of jealousy, of one ward against another. I wish to congratulate East Boston, South Boston, and all other sections, which have bath houses. I think they are built from the proper fund, and I think they have done a good work. But we have bath houses. They are new, comparatively, and I understand that the bath houses we have today will cost us \$100,000 a year to maintain. Now, I don't feel that this is the proper disposition of this money. But I would not have the members feel that it is a question of jealousy, one ward against another. I wish to express my deep appreciation of the generosity of the lady who contributed so much to East Boston.

Mr. SANDERSON of Wd. 25 in the Chair. The question came on the assignment of the order to the next meeting.

Mr. MULCAHY of Wd. 14.—Mr. President, the preceding speaker, the gentleman from Wd. 11 (Mr. Stevens), if the members will note, does not have his ward inserted in the disposition of this fund. That is also the case with the gentleman in the first division, Mr. Walker of Wd. 25. And that accounts, in my judgment, for their attitude on this matter tonight. It accounts for their desire to have it referred,

so that in the future they may get an opportunity to get a little of this money for their respective districts. Now, the gentleman from Wd. 25, Mr. Walker, has termed me the petted child of the Board of Strategy. Let me say it is not a question of the Board of Strategy with me. It is a question of the common people, and the people I represent—

Mr. WALKER—Mr. President, I rise to correct the gentleman. My reference was to the order, and not to the gentleman.

Mr. MULCAHY—Mr. President, I have the floor, and I don't wish to be stopped by the gentleman from Wd. 25.

The CHAIR—Mr. Mulcahy has the floor. Mr. MULCAHY—Mr. President, as I have stated, I stand not here for the Board of Strategy, but because my district is represented in this order. My district and the people I represent will be considered when this fund is disposed of in the various districts of Boston, and when the people I represent are considered in connection with any order, I will stand on the floor of this body or any other body and advocate their cause at all times. The gentlemen also stated that these districts were inserted in this order so that votes might be obtained in this order. This order, as I understand it, was passed by the Board of Aldermen—the Board of Trustees, we may term them, of the Benjamin Franklin fund. It is a question in my mind whether or not this body has a right to discuss even the disposition of this fund. If I have it correctly, this fund was left by Benjamin Franklin when there was no City Council of Boston, when there was only one branch of the Government, the Board of Aldermen. At that time it was left in charge of the Board of Aldermen, a committee of which sends out this order to dispose of. I trust that the members will vote for it and will pass it tonight, not referring it to the next City Government.

Mr. GIBBONS of Wd. 5.—Mr. President, I favor the reference of this order to the next City Council, for these reasons: I am not conversant with the will of Benjamin Franklin—not through my own fault, but because I have been unable to obtain a copy of it at the City Messenger's office. I wish to assure the gentleman from Wd. 14 (Mr. Mulcahy) that when Benjamin Franklin made his will there was not one branch of the City Government, because there was no such thing as a city government. It was then the Town of Boston, and the Board of Selectmen were the governing body of the Town of Boston. It was left to the City of Boston, and the City of Boston had the controlling influence in what should be done with the money. The City Council of the City of Boston is now the tribunal which shall say how and when it shall be disposed of. I understand from the gentleman from Wd. 2 that he is willing that bridges, parks, schoolhouses, etc., shall be paid for out of the fund. If that is the fact, and if there were an appropriation for a new drawbridge between Charlestown and the city, I would gladly vote for it, because the drawbridge we now have is a rank failure, despite the statement of City Engineer Jackson to me this afternoon that it is a grand success. I am further opposed to this order, because I understand the money is to be left in the Bath Department, and if the gentleman who represents the Bath Department in my district is any criterion, I will simply say that he uses the Bath Department for politics for himself and his family. I want to go on record as opposed to this order and I hope it will be referred to the next city government.

Mr. BRADLEY of Wd. 6.—Mr. President and members of the Common Council, I think it is my duty to rise here tonight, because I feel that the people of the district I represent in part are directly interested in the matter before us tonight. My colleague in this division says that the city government has within its power the selec-

tion of sites for bath houses and gymnasiums. This preamble and order reads explicitly:

"And all accumulations thereof, to be used by the city for erecting a building to be known as the Benjamin Franklin Building, upon the lot of land owned by the city on Washington St."

The city has full control of that land, in full control of a lot of land at the North End and at East Boston, and it is situated in such a way that it may be able to secure that land and build buildings upon it that will be a credit to the city of Boston. Last Thursday evening in this Council certain members stood upon this floor and advocated the rights of the poorer people of this city. They made feeling and pathetic speeches to the members of the city government; they felt, no doubt, that they were advocating the interests of the poorer people. But tonight it seems that they are arrayed against the bathing system inaugurated by the greatest Mayor that Boston has ever had. The bathing system in this city is derived from the older Continental cities. In Berlin, in Paris, Vienna and other European capitals, the bathing question is an old one. The Dover St. bath house is one that we can look upon with pride. It bathes on an average 2000 people a day, and if that is not a direct benefit to the poorer people of this city I would like to know what is. In the summer time the L St. bath house bathes as many as 3500 or 4000 people every day, and the whole bathing system has been an undeniable source of benefit to the poorer people of this city. I don't see where we can find any "nigger in the wood-pile" in any such a matter as this. It is a direct benefit to the people of the city, and this preamble and order does not emanate from any Board. The only place from which the disposition of this money emanated is in the will of the late Benjamin Franklin. I feel that I am directly interested in this matter because I voice the sentiments of the people of the district which I represent in part, and I sincerely hope and trust that this Council will pass the order tonight, not referring it to a possibly antagonistic body next year.

Mr. LYDON of Wd. 13—Mr. President, I want to say this evening that I am going to vote in favor of this order. But I want to call attention to the statements made about the "Nigger in the woodpile" and about including the different wards in the framing of the order, to secure votes in the common council. Inasmuch as the gentleman from Wd. 25 (Mr. Walker) made a statement to that effect, and the gentleman from Wd. 14 (Mr. Mulcahy) took exceptions to the statement, I want to state that there is a certain amount of truth in that—when I asked what we were going to get in Wd. 13, we were told that we weren't going to get anything, that we had the Commonwealth Park Gymnasium. Well, we have had that for the last 15 years. It would seem from conversations I have had with members of the bath commission that that is about the fact—that they considered the effect that it would have on certain districts of the city of Boston to have the idea that a certain portion of the money was to be spent in those districts. I understood from my interpretation of the order that we were to have a building in Wds. 13, 14 and 15 to commemorate the will of the late Benjamin Franklin, or that the money was to be spent in providing convenience stations throughout the city, or something of that kind, but I find that that is not so. The gentleman from Wd. 2 says they are going to rebuild that gymnasium over there and that the money is to be spent in that way. Now, you cannot but agree that the order does not provide for the spending of money in Wd. 2 for a gymnasium. It says, "for providing suitable buildings," etc. I simply make this statement in view of the statement of the gentleman from Wd. 25. In

relation to the bath house idea, which the gentleman from Wd. 6 (Mr. Bradley) has referred to. I want to say that we are all in sympathy with the poor people. There is no question about that. But perhaps it is not well to be telling the poor people about it all the time. We are at all times solicitous for their welfare, but I believe a man, from the standpoint of the poor people, is justified in voting against this, as it is presented. Personally I am going to vote for it, but it seems to me a plan could be submitted that would be of more benefit than the present one. I for one really believe there is a nigger in the woodpile, in this order, up to date.

Mr. WALKER—Mr. President, the gentleman who has just taken his seat, has, it seems to me, well stated that the money, for the disposal of which this order provides, may be used up before some of the buildings mentioned in the order are reached. To confirm that statement, I want to say that the same Bath Commissioner I have referred to before told me, if I remember correctly,—and I state this for the benefit of the gentleman in the third division, Mr. Mulcahy, by the way—that it might be some time before the buildings in South Boston were put up. Now, it stands to reason, as the gentleman in the third division who has just spoken has said, that this order provides for a great deal. It seems to me that they are attempting, as the old saying is, to bite off more than they can take care of. The result will be that certain buildings will be provided for, and that probably the buildings in South Boston will never be reached, for the simple reason that the fund will be gone before getting to them. It seems to me, for this reason if for no other—the reason I have already emphasized, the indefiniteness of the order,—that we should vote to refer it to the next city government and have something brought before us of the character of which we are assured.

Mr. SIMPSON of Wd. 1—Mr. President, I only wish that there were some more Ben Franklins, so that we could divide this money up to suit everybody. Coming from Wd. 1, where we get very little of the city's money to spend, I want to say here that I am in favor of this order going through tonight. This money will be distributed in another ward that is a part of my own district, and I must say that we are in favor of having the order passed tonight.

Mr. MARTIN of Wd. 15—Mr. President, I am in favor of this order going through tonight. For the last 18 months in the ward which I represent here in part we have had a living monument in the way of a foundation built for a bath house. The money has been appropriated, and where it has gone to no one knows. But, nevertheless, in view of the fact that it will be spent, and spent right away, if this order is passed, and as long as we are going to have our bath house and the other sections of the city which have not bath houses will be provided for, I believe it is our duty here tonight to pass this order and have the money distributed before we go out of office.

Mr. COLLINS of Wd. 13—Mr. President, I feel constrained tonight to vote for the reference of this order to the incoming city government for this reason. I feel warranted in the assumption that if we pass this order tonight, giving permission to have this money distributed, it will be pretty well distributed before the first of the new year. In South Boston we have no representative in the upper branch to help us to look out for our interests this year. Next year we will have two aldermen from South Boston, and I think our interests will be better taken care of by the next city government. For that reason I will vote for reference to the incoming city government.

Mr. LOGAN of Wd. 14—Mr. President, since my entrance into this body I have

endeavored in so far as I could to avoid the discussions that have taken place here, leaving to those men whose longer experience in the body and whose wider and deeper knowledge of city affairs justly entitled them to a priority in debate, the widest possible opportunity for the expression of their views. Yet I feel that I should be unjust to the constituency that sent me here were I to remain silent tonight during the discussion of this question. The constituency that I have the honor in part to represent is doubly interested in this order. We are interested in the advancement of the interest of the laboring classes of the city of Boston, and in the second place we are interested in baths. We have situated within our limits one of the finest municipal bath houses in the world.

We know the advantage of our bathing system and are anxious to see its benefits spread throughout the whole of our city. Before going into details in the discussion of this question, I want to sketch to you the plan that has been presented to us by the trustees of the Franklin Fund. The Franklin Fund, the accumulation upon the sum of 1000 pounds which was left by Benjamin Franklin in the codicil to his will, has now, after a period of 100 years, reached the sum of over \$365,000. After five years of discussion, after the consideration of more than twenty-five projects, the trustees of that fund present this plan to us for our consideration—a plan which is in accordance with the terms of the will of Benjamin Franklin and in accordance with the wishes of that benevolent donor. And what is the plan? First, the establishment of a large municipal gymnasium in almost the centre of the city—a building which shall contain a public library, a convenience station, headquarters for the Grand Army, and large lecture rooms. It is not, what may be termed to be a mere collection of large and spacious rooms, it is intended to be more than that. It is intended that it shall be an educational institution, an institution upon the lines of Cooper Union of New York, a place where the laboring men of the city of Boston may go for their educational and intellectual advancement. For this building, about one-half the sum of money is to be expended. It is to be called the Franklin Building, and is, to my mind, a fitting and worthy memorial, both in name and in fact, of the donor of this great fund. And just now let me answer the objection which the gentleman from Wd. 11 has raised, namely: that some member of the Bath Department has a plan which calls for the expenditure of sums of money on buildings five, eight, or I don't know how many stories high. The Bath Department is to have absolutely nothing to do with the building except in connection with the public convenience station which is to be located in its basement. The other half of the money, or about one-half of it is to be expended in all-the-year-round bath houses, public gymnasiums and convenience stations in different parts of the city. These public convenience stations, gymnasias and all-the-year-round baths are to be situated in various sections of the city—in East Boston, in Charlestown, in South Boston, in Roxbury, in Dorchester. There is, to my mind, it is true, one section of the city which has been omitted. But when we consider the sum of money which the State Legislature of Massachusetts compelled the city to expend out there last year, I think it is with poor grace that the gentlemen from that section of the city come in here and demand that they shall get their share of this fund. Objection has been made that the proposed expenditure is not in accordance with the will of Benjamin Franklin, and, for those of you who have not read the will, or who have been led to criticise it by statements that have appeared in the papers and elsewhere, let me read to you, in as short a time as I possibly can, some extracts from the will:—

"I was born in Boston, New England, and owe my first instruction in literature to the free grammar schools established there. I have, therefore, already considered these schools in my will."

"For them he gave an appropriation of 100 pounds which has now accumulated to 1000 dollars, the interest on it being about \$50 a year, for Franklin medals. But, that not being sufficient for the Franklin medals, the city of Boston has been compelled to add more money to that sum. He then goes on to state in relation to the particular subject we are considering, the following:—

"The said sum of one thousand pounds sterling, if accepted by the inhabitants of the town of Boston, shall be managed under the direction of the selectmen, united with the ministers of the oldest Episcopalian, Congregational and Presbyterian churches in the town, who are to let out the sum upon interest, at 5 per cent per annum, to such young married artificers, under the age of 25 years, as have served an apprenticeship in the said town, and faithfully fulfilled the duties required in their indentures, so as to obtain a good moral character from at least two respectable citizens, who are willing to become their sureties, in a bond with the applicants, for the repayment of the moneys so lent, with interest, according to the terms hereinafter prescribed."

The result of that was that Benjamin Franklin gave 1000 pounds sterling to the town of Boston, and another 1000 pounds to the inhabitants of the town of Philadelphia. The money for a period of years was let out to the young tradesmen of the city of Boston, who were married and under the age of 25 years. It was let out in sums not greater than 15 pounds. But that practice became out of date, as the interest got too high and the obtaining of sureties too difficult. So, at the present time, we have practically no applicants for this money. The money in Boston has already accumulated to a great sum. The money in Philadelphia was not so wisely managed, and has reached the sum of only \$100,000. It is concerning the disposition of this sum in the hands of the trustees here in Boston that we are arguing. The gentlemen from Wds. 18 and 25 have stated that they believe that, the republicans having carried the city of Boston, it should be left to republican administration to manage this fund. I agree that the republicans should have the management of this fund, and they will have it. Behind this there is no particular motive. The motive that has actuated it is one of philanthropy. I want to read you a letter from the Mayor of Boston who, perhaps for the first time in his life, agrees with the gentleman from Wd. 18.

"Mayor's Office, City Hall,

"Boston, Dec. 21, 1898.

"Councilman Edward L. Logan,

"City Hall, Boston, Mass.

"Dear Sir:—In accordance with my verbal statement to you, I now desire to state to you in writing, with authority to use this letter in any way at your discretion, that in case the order now pending before the Common Council for the disposition of the Franklin Fund is passed, I shall take no action whatever under such order before going out of office, and shall merely affix my signature to the same.

"Yours very truly,

"Josiah Quincy, Mayor."

Gentlemen, you will see that the disposition of this fund is not a question of Democratic politics. It is not, as has been argued by some members on this floor, a scheme of the Board of Strategy. It is backed by the philanthropic purposes of high minded citizens of this city, who are anxious, now that the fund has come within our grasp, after five years have already been spent in the discussion of this project, that the people of Boston shall receive the benefits of it. Mr. President, and

gentlemen, members of this Council, I hope the members of this body will give this order their sanction, that it will not be defeated or referred to the next City Government.

And now, Mr. President, one word and I am through. I ask the members of this body to look upon this order in a broad-minded, generous spirit. Let us not confine our thoughts to the narrow precincts of our own wards, but let us as public-spirited citizens consider the plan as a whole.

After a discussion of 5 years the trustees have at length been able to present to the Common Council of this city a plan for its adoption.

This plan has been sanctioned by the leading citizens and organizations of this city, among whom may be mentioned the Municipal League, the 20th Century Club, the Wells Memorial Association, the People's Institute, the Boston Athletic Association, and also by such leading labor organizations as the Building Trades Council and the Central Labor Union.

The eyes of these people, the eyes of the laboring people of the whole city are upon us tonight.

I trust, gentlemen, that you will not disappoint them, but that you will vote tonight for the passage of this order, that the laboring people, whom Franklin intended to befriend, may no longer be deprived of that which he willed them to have.

Mr. KILEY of Wd. 8—Mr. President and members of the Council, in opening the few remarks that I have to make upon this very important question I want to congratulate my friend in the second division upon the magnificent and well-prepared speech he has delivered here upon this important matter, involving the disposition of \$380,000, more or less. In opening, I want to read to you, members of the Council, the names of the members of the Bath Commission. That may in itself convey to you the reason why some members of the Council are prejudiced parties in this matter before the Council tonight. I speak here as a disinterested member of the City Government, anxious to subserve the interests of the whole people—the laboring people, if you please, the poor people—wishing to protect this fund, desiring that it may be used in the manner in which Benjamin Franklin intended to have it used. The members of the Bath Commission are Mr. Thomas J. Lane, Mr. Leonard D. Ahl, Mr. Roberts A. Woods, Mrs. Lawrence J. Logan, John Duff, M.D., Mrs. Jacob Hecht and Mr. Patrick A. Tracy. Now we shall start with the origin of this whole scheme which we are asked to approve here tonight. I ask the members of this Council, I ask the gentleman from Wd. 14 (Mr. Logan), if he witnessed the disgraceful proceedings which were enacted in the Aldermanic Chamber when certain gentlemen connected with one political party in this city, influenced by His Honor the Mayor, from whose brain this whole scheme has emanated—lobbied with those members, brought them outside, threatened them, told them that they must do this and that they must do that, in order to get a majority of the votes of the Board of Aldermen to approve of this scheme, formulated by our present Mayor? No wonder he reads here tonight the letter from Josiah Quincy. Did Benjamin Franklin intend to have this money used to build convenience stations, or did he intend to have built an industrial trades school, where poor orphan boys—such as he was once—might be taught mechanical occupations and be provided with a home? In 1833 the Boston Board of Aldermen passed an order in regard to the Franklin Fund. I have consulted with the Law Department and with the financial departments of this city, and there is some question as to the legal right of the City Council at this time to pass this vote disposing of the money which was disposed of by the

Board of Aldermen, in conformity to law and to the provisions of this will, in 1833. Now, then, what is there in this order, Mr. President, that guarantees to my friend from Wd. 15 a bath house? What is there in this order that guarantees to the gentleman from Wds. 6, 7 or 8, anything for their sections of the city? Let me read the order. Read between the lines if you please:—

First, we have the preamble and resolve. Next we have the order—"Ordered: That if said managers lay out said fund as above specified,"—"if," mind you!—"the City Engineer forthwith hereafter shall acquire for the city any land desired for said Benjamin Franklin Building, and suitable lots for said other buildings," and so forth, and so on. Is there anything mandatory in that order? Is there anything compelling them to give to you in Wd. 14 a convenience station, a bath house or a public building? I say no. This is a carefully drawn order, drawn through the instrumentality and with the advice of the Chief Magistrate of this city, to deceive and to cater to the wishes of certain gentlemen of this council, saying to different members, "We will give your section something, we will give your section something, hoping hereby to catch the voters of the members of the council. To put through what? Something that will be a monument to the memory of Josiah Quincy, and not of Benjamin Franklin. That is the proposition here tonight. I maintain that when Benjamin Franklin made his will he intended that the accumulated money from his fortune, from this particular part of it, should be used for the poor boys of the City of Boston. You all know, these of you who have read the life of Franklin, that he struggled himself to obtain knowledge of a mechanical occupation. He intended, and it is set forth in the strongest terms in some of the lines of that will that Mr. Franklin intended to help boys who had to struggle in this city as he did himself. Then, why not build a trades or industrial school, where poor orphan boys, upon the recommendation of a certain designated body, can go and learn a trade, where they can be provided with a temporary home until such time as they are able to provide a home for themselves? There are many propositions that may be submitted, but none, none, which would not be of more benefit to the poor people of this city than this. They speak of bath houses. Is there any member of this Council or any member of a family of a member of this council, who does not know where to get a salt water bath within easy distance, if he desires to do so? Haven't we plenty of convenience stations in the city? Why, this is all a fad. Gentlemen, the expenses of the Bath Department since it has been inaugurated—and particularly during the last ten months—have been 350 to 400 per cent. in excess of the expense of management of that same department under the Board of Health. You know that during the same time the appropriation for the Street Department, which employed labor—a department where, when you reduce the appropriation, you strike the laboring man—has been reduced a like amount. That is to say, instead of \$1,100,000 in loans for the repairing and building of the streets of Boston, the Street Department has had this year less than \$300,000. Some of these gentlemen who speak for the Bath Commission are interested, prejudiced in this case. I hope the members of this council will act in accordance with the will of Benjamin Franklin, that they will see to it that this money is used as a monument to his memory to protect and benefit the poor boys of Boston—not to help out some political schemes, or to make a monument to the memory of any one man or gang of politicians.

I want now to pay my respects to the man who has vilified me and falsified about me in a letter to a member of this Council—Mr. Robert A. Woods, a member

of that Commission, who was obliged to publicly apologize through the Board of Aldermen for having made a slanderous attack upon a member of that body. I have not yet heard an apology from him to any other parties who have been slandered or vilified by him. I want to ask the gentleman from Wd. 14 through you, Mr. President, what information Mr. Woods can give to the City Council about the bonding of the Plimpton St. Church, which was dumped on the city for \$15,000 for a gymnasium for that ward.

Mr. LOGAN—Mr. President—
Mr. KILEY—When I am through the gentleman can answer me. I want to ask Mr. Woods through you, Mr. President, who are the gentlemen who now have the property bonded surrounding the Franklin schoolhouse, at the junction of Washington and Dover Sts? I ask you, gentlemen of the Council, to hesitate a moment. There are people who want this to go through, supposedly in the interest of the poor people, supposedly in the interest of those who would use baths and gymnasia. But I want to ask them to go out and inquire of the property owners around the Franklin schoolhouse, and they will then find the incentive that inspires this crowd of lobbyists that has surrounded City Hall, that has appealed to members of the Council, that has sent delegates to me, that has sent good-natured and good-hearted women, who did not believe they were being used as tools. Their intentions were good, but they were misled and were doing the bidding of others without being acquainted with the facts. These are the facts, gentlemen. I know it; I have inquired about it. I know that the Board of Apportionment this year provided \$15,000 to build and equip a gymnasium in Wd. 9. I know that Mr. Wood could tell us members of the Council who it was that bonded that property and dumped it on the city within a short while after the money was appropriated, without the knowledge of the alderman who represented that district, and who was a member of the Board of Apportionment. They say this is in the interest of the poor people. I say that I want the money of Franklin used in the interest of the poor boys, the poor young men who are struggling for a chance to learn a trade or an occupation in this city. Those are the conditions under which Franklin himself struggled. That is the purpose for which he left this money. Don't allow any extracts read by the gentleman from Wd. 14 to lead you from your path of duty. He may find one or two lines referring to baths or things of that kind, but if he reads the will in its entirety, he will find that Franklin never intended that it should be used for these purposes. They say we are going to have a large, magnificent institute in Wd. 9, at the junction of Dover and Washington sts. Suppose, after they have taken the surrounding land—because, gentlemen, the land upon which the Franklin schoolhouse stands is not large enough for a good-sized institute—and when they have finished paying the damages for the taking of property and for the construction of a building on that site, they have not money enough to provide anything else for the rest of the city? What is there then in this order compelling them to do it? Will they come into the City Government and ask for money from the City Treasury to carry out this order? I say to you that this order in itself is not properly drawn. It is simply a blind, to cater to the selfishness of gentlemen in certain districts. The Chairman of the Bath Commission came to me and said: "Mr. Kiley, if you vote for this or help us to put it through, we will give you a convenience station right down in the square, in front of your place down there. We will put another one in Haymarket Sq. We will take care of you." I said to him: "Mr. Chairman, you cannot appeal to my selfish instincts on this question. This is money left by a man who was inspired by a de-

sire to lift up and help struggling young men, left without parents. This money should not be used in the direction in which you want it used." I said to him: "Mr. Lane, this is to be used to perpetuate the Bath Commission. Knowing that next year that Board may be abolished and returned to where it properly belongs, they come in here and ask us to so distribute the Franklin Fund that the Bath Commission may be perpetuated in the future and may continue its extravagant use of the public money, instead of placing it where it will be better used, for the benefit of the working people of the city. I might talk on this question all night, but I say to you, members of the Council, that I speak to you as a disinterested party. No member of my family is connected with the Bath Commission, and I speak as I do without attempting to cast a reflection on the gentleman from Wd. 14 (Mr. Logan) because I know that the ladies on that Board are animated by the highest intentions and motives, and desire to promote the public good and the public welfare. I know from personal experience that they are not familiar with what is going on in certain directions. You know that people serving on an unpaid board cannot give the time and attention that they would like to give, perhaps, to matters of this kind. I know that there are certain developments which will take place if this order passes, which will create suspicion in the minds of a great many people of this city. I sincerely hope this matter will be referred to the next City Government, for then we will have a Board of Aldermen which is a little more representative than the Board of this year. As the gentleman from Roxbury has stated, for the first time in a number of years his district will be represented, South Boston will be represented, the North and West Ends will be represented, West Roxbury will be represented. All sections of the city will be represented in next year's Board of Managers of the Franklin Fund. I believe if you vote to refer this to next year's Government we will have something emanate from that body which will further the purpose for which Franklin intended that his money should be used—as a monument to his memory, and not to the memory of the present Chief Magistrate of this city.

Mr. LOGAN of Wd. 14—Mr. President, the gentleman who preceded me, the President of this body, has done me the kindness to thank me for the prepared speech which I delivered here, and, not to be outdone in courtesy, I want to return to him my thanks. As to the lobby to which the speaker referred, telling how the lobby in the Board of Aldermen pushed this thing through, I want to say to the gentleman from Wd. 8 that at the last meeting but one of the common council he advocated a measure which was backed here by the lobby. To be specific, I will say that I refer to the land which was purchased for the Insane Hospital. And now, about the property in Wd. 9. He asked a question of information upon that, and I will endeavor to give him the information as well as I can. The property which was purchased on Plympton St.—which I think was the property he referred to—was purchased for \$15,000. That property was assessed for \$17,500, I am told, and the city must have been roasted terribly when it purchased that! I think for about the first time in the history of the city, they then bought property for less than its assessed value. Compare that, gentlemen, with the assessed value of the land cut there, which I think was \$33,000, and for which the city paid \$226,000. I am willing to state, and I believe, that the action of the bath department was not so terribly bad when it purchased that property for less than its assessed value. With reference to the disposal of the money, the attack which the President seemed to make was on account of the fact that it might in some respects be a memorial to Josiah

Quincy. If the building had Quincy's name upon it in any respect, I might agree with the gentleman; but it is to be called a Franklin Building, and the baths are to be built out of Franklin's money. The only way in which Mayor Quincy can be related to the subject in question is on account of the fact that he has advocated from the beginning a larger and wider use of baths. I think, Mr. President, that it was the most ungentlemanly thing that I have heard in the city council this year for the President of this body to refer as he did to a member of the bath commission—not a male member. I have nothing to say upon that point. I would not reply to the speaker if he had done so in any other way. I think that the insinuation was most unfair, when he intimated that I was actuated by family friendship; but, even so, it would give me much pleasure to be actuated in this thing by family friendship than to be actuated by political hostility.

Mr. KILEY—Mr. President, if the gentleman believes that I have said anything improper about any of the members of the bath commission, except the Chairman, who made a personal and selfish appeal to me upon selfish grounds, I heartily apologize. I do not think I did. On the contrary, I said that I believed the female members of that Board were high-minded ladies, who were anxious at all times to promote and advance the welfare of the poor people of this city. Those were substantially my words. I did infer that the gentleman from Wd. 14 is prejudiced in his views upon this question. I reiterate that statement, and I leave it to the members of the Council if he is not so upon this question. Now, then, I have no more to say, except that if he believes I said anything improper about any member of the bath commission, I apologize to him for having said it.

The CHAIR—The question is on reference of the matter to the next City Council.

Mr. BAGLEY of Wd. 1—Mr. President, when the gentleman from Wd. 8 (Mr. Kiley) arose to speak, I thought that perhaps I might be able to learn something about the order that I had not learned before; but, so far as I can understand, the gentleman from Wd. 8 spoke of nothing but his opposition to Mr. Quincy, and spoke very little about the order. I would like to ask a question as to whether or not the gentleman from Wd. 8 would be against this order if a certain gentleman from Wd. 8 were concerned in the distribution of this money? I think that might make matters a little different. He spoke of a prepared speech having been delivered by the gentleman from Wd. 14. I think perhaps he had prepared his a little bit, judging from the bunch of papers he had in his hand. Now, I want to call your attention to the fact that according to this will this money was to be distributed as the board of managers might see fit. You will notice that it is not to be spent by the Common Council. The board of managers have seen fit to spend it in a certain way; but it really looks as though they would never be able to spend it. For the last five years, they have been trying to do so. There has been some mention of sites here. I have been given to understand, and I do not know any reason why it should not be so, that these buildings were to be built on sites now owned by the City of Boston. I would like to say, Mr. President, that for once I am on the same side as the Municipal League. Everything since I have been a member of this government that has been of benefit to East Boston the Municipal League has been very much against. Consequently, I am not at all surprised to see the gentleman from Wd. 11 stand up and oppose this matter now. I sincerely hope that the matter will be passed tonight, and not be laid over any longer.

(President KILEY in the Chair.)

Mr. WELLS of Wd. 16—Mr. President, believing that this question has been argued back and forth sufficiently, and that it is now getting tiresome, I move you, sir, the previous question.

The PRESIDENT—The Chair desires to state that the motion for the previous question cuts off the motion to refer.

Mr. WELLS—I withdraw the motion.

The PRESIDENT—No objections, the Chair will consider the motion withdrawn.

Several Members—Mr. President, I object.

The PRESIDENT—Members of the Council will be seated and preserve order. Objection having been made to the withdrawing of the motion for the previous question, the question now comes on ordering the main question.

Mr. WATSON—Mr. President, I sincerely trust that the previous question will not be passed upon favorably. I think that this matter should be referred to the next city government. I believe that there are just about two members of this body, or possibly a very few more, who know anything about what Franklin intended to do. I want to say frankly that I know very little about Benjamin Franklin's will, and when two such able members as the gentleman from Wd. 14 and the presiding officer of this body disagree as to what Ben Franklin intended to do with his money, I think it is only proper that we people who do not understand it should let it go over to the next city council, and should allow the members of that council to look into the matter properly, as about 99 per cent of the members of this body have not done. Now, this matter should be referred, and I sincerely trust that the motion for the previous question will not prevail. The members from Wd. 1 seem to be united in this matter. I judge from the united action that they have been "hot-aled" by the gentleman from Wd. 1 who approached me to get me to vote in favor of this order. I believe there is politics in this matter, from both sides. I sincerely trust, for the reason that I know nothing about what Franklin wanted to do, and for the reason that a great many others are in the same predicament, that that motion will not prevail.

The PRESIDENT—The time allowed the gentleman under the rules has expired.

Mr. WELLS—Mr. President, in moving the previous question I did so thinking that the previous question would be the question of referring this matter to the next city government, and I—

Mr. LOGAN—I rise to a point of order. If the time for debate has expired, how is it that the gentleman is allowed to speak?

The PRESIDENT—The Chair will rule the point of order not well taken. Ten minutes' debate is allowed under the rules, and no one speaker is to speak more than three minutes. The gentleman from Wd. 18 having spoken for that length of time, the Chair ruled that his time had expired, and that therefore he was not entitled to the floor any longer.

Mr. WELLS—Having made the motion for the previous question under a misapprehension, I sincerely hope that the motion for the previous question will not prevail.

Mr. LOGAN—Mr. President, I hope the main question will be ordered. For the benefit of the gentleman from Wd. 18 (Mr. Watson), I would like to read him just one section of Franklin's will, for this plan is executed and—

The PRESIDENT—The Chair will rule the gentleman out of order at this time, the question being on ordering the previous question.

The motion was put on ordering the main question, and it was declared not ordered. Mr. Logan doubted the vote and asked for the yeas and nays, which were ordered, and the main question was not ordered—yeas 24, nays 39.—

Yeas—Badaracco, Bagley, Battis, Bradley, Brennan, Carroll, Casey, Connolly, Donahoe, Fenton, Giblin, Hickey, Johnson, Kasanof, Kelley, Logan, Lydon, Madden, Martin, Moore, Mulcahy, Rice, Simpson, Tobin—24.

Nays—Armistead, Atwood, Bennett, Brauer, Chamberlain, Collins, Cuddy, Doherty, Eddy, Emery, Gibbons, Harvey, Hibbard, Howard, Jordan, Kiley, Klemm, Leftovith, Linehan, Lorey, MacDonald, Mansfield, McInerney, Millard, Miller, Newhall, O'Brien, Peck, Roemer, Sanderson, Stevens, Stone, Sullivan, Turnbull, Walker, Watson, Wells, Winsloe, Wood—39.

Absent or not voting—Bordman, Broderick, Curley, Donovan, Doyle, Flynn, Herrigan, Leonard, Nangle, Rolland, Stockton, Sweeney—12.

The PRESIDENT—The question is on reference of the matter to the next city government.

Mr. LOGAN—Mr. President, I move that when the vote is taken, it be taken by the calling of the roll.

The yeas and nays were ordered, and the motion to refer the matter to the next city government was carried—yeas 40, nays 23.

Yeas—Armistead, Atwood, Bennett, Brauer, Chamberlain, Collins, Cuddy, Doherty, Eddy, Emery, Gibbons, Harvey, Hibbard, Howard, Jordan, Kiley, Klemm, Leftovith, Linehan, Lorey, MacDonald, Mansfield, McInerney, Millard, Miller, Moore, Newhall, O'Brien, Peck, Roemer, Sanderson, Stevens, Stone, Sullivan, Turnbull, Walker, Watson, Wells, Winsloe, Wood—40.

Nays—Badaracco, Bagley, Battis, Bradley, Brennan, Carroll, Casey, Connolly, Donahoe, Fenton, Giblin, Hickey, Johnson, Kasanof, Kelley, Logan, Lydon, Madden, Martin, Mulcahy, Rice, Simpson, Tobin—23.

Absent or not voting—Bordman, Broderick, Curley, Donovan, Doyle, Flynn, Herrigan, Leonard, Nangle, Rolland, Stockton, Sweeney—12.

Mr. Winslow of Wd. 21 moved to reconsider, hoping the same would not prevail.

Mr. Logan moved that the matter of reconsideration be assigned to the next meeting of the Common Council; lost. Mr. Logan doubted the vote and asked for the yeas and nays. The question was put on ordering the yeas and nays, and they were not ordered, less than one-fifth of the members of the Common Council voting therefor.

The motion to reconsider was also lost.

MOTION TO ADJOURN.

Mr. WALKER of Wd. 25.—Mr. President, I move that we do now adjourn.

The President put the question and declared it lost.

CLAIMS REPORT.

Mr. LOGAN of Wd. 14, for the Committee on Claims, submitted the following:—

Report on the petition of George Gannon (recommitted June 15) to be paid for damage to sleigh caused by one of city ash carts—recommending that the petitioner have leave to withdraw.

Report accepted.

ANNUAL COUNCIL DINNER.

Mr. SANDERSON of Wd. 25 offered an order—That a special committee of five

members be appointed to make arrangements for the annual dinner of the Common Council; the expense attending the same to be borne by the members partaking thereof.

Passed.

The President appointed Messrs. Sanderson of Wd. 25, Stone of Wd. 7, Emery of Wd. 21, Cuddy of Wd. 8, and Lydon of Wd. 13 as the committee.

NEXT COUNCIL MEETING.

Mr. SANDERSON offered an order—That when this Council adjourns it be to meet on Thursday, December 28, 1899, at 4 o'clock P.M.

Passed.

LIST OF UNPAID BILLS.

Mr. CHAMBERLAIN of Wd. 12 offered an order—That the heads of the several city departments be requested, through His Honor the Mayor, to submit to the Common Council at its next meeting list of all bills remaining unpaid in the respective departments under their charge.

Referred to His Honor the Mayor.

SALARIES OF CITY EMPLOYEES.

Mr. CHAMBERLAIN offered an order—That the Auditor, through His Honor the Mayor, be requested to furnish the Common Council at its next meeting with a complete list of city employees, including salaries or wages paid in the several departments December 1, 1899.

Referred to His Honor the Mayor.

EIGHT HOURS FOR FIREMEN.

Mr. McINERNEY, for Mr. Carroll of Wd. 3, offered an order—That the Fire Commissioner, through His Honor the Mayor, be requested to make such arrangements as may be necessary to allow the members of the Fire Department the same privilege as is given other employees of the City of Boston, under the provisions of Chapter 344 of the Acts of 1899, constituting eight hours for a day's work.

Referred to His Honor the Mayor.

PROHIBITION OF SMOKING AT THEATRE.

Mr. McINERNEY of Wd. 19 offered an order—That the Fire Commissioner be requested, through His Honor the Mayor, to prevent smoking in the Palace Theatre, as the same is apt to cause fire at any time.

Referred to His Honor the Mayor.

Mr. HARVEY of Wd. 14—Mr. President, I raise the point of order that a quorum is not present.

The President declared the point of order well taken, and the council stood adjourned at 10:07 o'clock P.M., to meet on Thursday, December 28, at four o'clock P.M.

CITY OF BOSTON.

Proceedings of the Board of Aldermen.

Wednesday, Dec. 27, 1899.

Adjourned regular meeting of the Board of Aldermen, held in the Aldermanic Chamber, City Hall, at 3 o'clock P.M., Chairman Barry presiding. Absent—Ald. Dixon.

The Board voted, on motion of Ald. Berwin, to dispense with the reading of the records of the last meeting.

JURORS DRAWN.

Three grand jurors were drawn for the United States District Court, December term, under the provisions of Chap. 514 of the Acts of 1894, viz:—
James J. Smith, Wd. 6; Richard S. Atkinson, Wd. 23; Charles J. Maguire, Wd. 9.

APPOINTMENT OF CITY CLERK.

The following was received:—

Mayor's Office, City Hall,
Boston, December 27, 1899.

To the Board of Aldermen:—

There being a vacancy in the office of City Clerk, and the Assistant City Clerk, now serving as Acting City Clerk, being absent on account of sickness, I hereby, under the authority contained in Section 32 of Chapter 448 of the Acts of 1854, and subject to your advice and consent, appoint John M. Galvin City Clerk pro tempore.

Respectfully submitted,

Josiah Quincy, Mayor.

Ordered: That the advice and consent of this Board be granted to the appointment by the Mayor of John M. Galvin as City Clerk pro tempore.

The order was passed, and the Chairman directed the City Messenger to notify Mr. Galvin of the Board's action.

Mr. J. Mitchell Galvin entered the Chamber later in the session, and the oath of office was administered to him as City Clerk pro tempore by James A. McKibben, Corresponding Secretary of His Honor the Mayor.

APPOINTMENT OF WATER COMMISSIONER.

The following was received:—

Mayor's Office, City Hall,
Boston, December 23, 1899.

To the Board of Aldermen:—

You are hereby notified, in order that it may become a matter of record, that I have this day appointed Mr. Augustus P. Martin Water Commissioner for the term ending April 30, 1901, to fill the vacancy caused by the resignation of Hon. John R. Murphy, whose resignation was accepted on October 17, 1899, since which time the vacancy has been temporarily filled by Mr. Benjamin W. Wells, Superintendent of Streets.

Very respectfully,

Josiah Quincy, Mayor.

Placed on file.

APPOINTMENT OF ELECTION COMMISSIONER.

The following was received:—

Mayor's Office, City Hall,
Boston, December 21, 1899.

To the Board of Aldermen:—

You are hereby notified, in order that it may become a matter of record that I have this day appointed Patrick J. Kennedy Election Commissioner for the term ending April 30, 1902, to fill the vacancy caused by the resignation of Hon. Joseph J. Corbett. Since the acceptance of Mr. Corbett's resignation on October 24th, 1899, the vacancy has been temporarily filled by Mr. John H. Donovan, a member of the Board of Assessors.

Respectfully,

Josiah Quincy, Mayor.

Placed on file.

OFFICE FOR MEDICAL EXAMINER—VETO.

The following was received:—

Mayor's Office, City Hall,
Boston, December 23, 1899.

To the Board of Aldermen:—

I return herewith without my approval the order passed by your Board allowing a sum of money for the maintenance of an office and expenses thereof for the medical examiner of the north district of Suffolk County, for the reason that the Corporation Counsel advises me that there is no authority for the appropriation of money for such purpose.

Respectfully submitted,

Josiah Quincy, Mayor.

Referred to the Committee on Public Improvements, on motion of Ald. Brick.

HEARINGS AT 3 O'CLOCK.

1. On petition of Brooke House Corporation for leave to project one bay window over Cazcnove St., from building 79 Chandler St., Wd. 10.

Mrs. Margaret A. Creney objected to the proposed bay window, on the ground that it would obstruct her view, as an adjoining property owner. She stated that there were no such bay windows on that side of the street at the present time.

Catherine A. Cronan, 613 Columbus Ave., sent a written remonstrance.

No further objections. Recommended to the Committee on Building Department (Ald.)

2. On petition of the Boston Electric Light Company for leave to erect poles in Washington and West Newton Sts., city proper; in Stoughton, Dudley and River Sts., Dorchester; and in West Sixth St., South Boston.

3. On petition of the Charlestown Gas and Electric Company, for leave to erect and remove poles on Main St., Charlestown.

No objections. Severally recommended to the Committee on Electric Wires.

On petitions of the New England Telephone and Telegraph Company of Massachusetts, viz:—

4. For leave to erect poles in Soley and Water Sts., Wd. 5, and in Ocean and Mell-en Sts., Wd. 24; also to remove one pole in Water St.

Charles V. Dasey, 17 Ocean St., appeared for himself and others on Ocean St. and objected to the erection of poles in that street.

No further objections. Recommended to the Committee on Electric Wires.

5. For leave to erect poles in Harvard, Waterlow and Elmott Sts., Wd. 20.

No objections. Recommended to the Committee on Electric Wires.

6. For leave to erect poles in Kenwood St., Wd. 20.

Charles D. Dukelow, representing Margaret Dukelow, 71 Kenwood St. and eighteen or twenty other property owners and residents upon said street, who were present in the Aldermanic Chamber, objected to the erection of the poles in said street, on the ground that it is a purely residential street and that the poles would disfigure it.

No further objections. Recommended to the Committee on Electric Wires.

7. For leave to erect and to remove one pole in Bellevue St., Wd. 20.

8. For leave to erect poles in Waumbuck, Crawford, Ruthven and Bower Sts., and to remove poles in Humboldt Ave., Wd. 21.

9. For leave to erect and to remove one pole in LaGrange St., Wd. 23.

No objections. Severally recommended to the Committee on Electric Wires.

10. On petition of the West End Street Railway Company for a location for a double track on Commonwealth Ave., from Brighton Ave. to Chestnut Hill Ave., Wd. 25, and for leave to establish the overhead single trolley electric system thereon.

Alfred D. Chandler appeared and objected, unless it was understood that the Company would lay the tracks within thirty or sixty days, if possible, or, if the work has to be postponed until springtime that it will be done at the earliest possible moment then.

No further objections. Referred to the Committee on Railroads.

II. On petition of Jones & Meehan for leave to lay tracks and to run cars and a locomotive thereon, on Gladstone and Leyden Sts., Chelsea Ave., Bennington and Saratoga Sts.

Referred to the Committee on Public Improvements, on motion of Ald. Day.

PETITIONS REFERRED.

The following petitions were received, and referred to the committees named, viz.:

Building Dept. (All.)

Charlotte P. Chamberlain, for leave to construct basement floor of building 553 Boylston St. at grade II.

Petitions for leave to project signs, etc., viz.:

Victor F. Silva, an illuminated sign, at 1120 Dorchester Ave., Wd. 20.

Geo. E. Welles, a pole with cloth attached, at 78 North St., Wd. 6.

Mrs. Lena Long, a sign, at 81 Prince St., Wd. 6.

Henry J. Landry, a barber pole, at 37 Court St., Wd. 6.

William H. Hickey, a sign, at 215 Hampden St., Wd. 17.

A. Yeretsky, sign, 164 Tremont St.

Arthur Bond, illuminated sign, 55 Main St.

Claims.

Mary S. Hawley, for payment of balance remaining from tax sale of estate on northerly side of Ballou Ave.

Josephine W. Block, for payment to Henry H. Savage of balance remaining from tax sale of estate on Longfellow St.

Lucile E. Grant, for payment of balance remaining from tax sale of estate 83 St. Stephen St.

Willard Welsh, offering to surrender an alleged invalid tax deed of estate on southerly side of Farrington St., junction of Orient Ave.

Willard Welsh, offering to surrender an alleged invalid tax deed of estate on northerly side of Gladstone St.

George W. Bond, for compensation for injury to horse caused by collision of ferryboat "Noddle Island" with wharf, etc.

Herbert C. Davis, for compensation for damages caused by an alleged defect at 92 Court St.

Jessie L. Williams, to be refunded the amount of a liquor license paid for by her.

Mary F. Morrison, for compensation for damage to her carriage caused by a hose wagon of the Fire Department.

Electric Wires.

The New England Telegraph Company of Massachusetts for permission to transfer to the Boston Electric Light Company, and of the Boston Electric Light Company for leave to acquire from said Telegraph Company, poles on Harrison and Massachusetts Aves.

West End Street Railway Company, for leave to lay a terra cotta pipe for conveying electric wires in Huntington Ave.

H. B. Coughlan et als., against erection of poles in Sydney St., Wd. 20.

Faneuil Hall, Etc.

Department of Massachusetts, G. A. R., for the use of Faneuil Hall, on February 13 and 14, 1900, day and evening.

Lamps.

Rev. Benjamin W. Farris et als., for an electric light on Camden St., in front of St. Paul's Baptist Church.

M. Steinert & Sons Co., for arc light lamps on Carver St., near Boylston St.

Licenses.

I. B. Rich, Manager, for a permit for Lillian Gouldstein and 39 other children under 15 years of age, to appear at the Hollis Street Theatre, for the week beginning December 25, 1899.

Patrick Kellcher, for a license for musical, dramatic, literary and dancing entertainments at Music Hall, 445 Neponset Ave., for the season ending August 1, 1900.

Public Improvements.

William F. Hennessey, to lay 1½-inch pipe under and across sidewalk at 98 W. Seventh St., Wd. 3.

John F. Lynch, sidewalk, 4 Bellflower St., Wd. 16.

B. Rogovin, sidewalk, Highland St., corner Dorr St., Wd. 21.

REVOCAION OF POLE LOCATIONS.

Ald. McDONALD presented a petition from Virgil L. Wilson et als., for revocation of pole locations on Buttonwood St., Crescent Ave. and other streets granted the American Tel. & Tel. Co. of Mass.

Ald. McDONALD—Mr. Chairman, on the 27th of November a petition was handed to me, which was presented to the Board and referred to the Committee on Electric Wires, with the understanding that the citizens of Sydney St. or Buttonwood St. should be heard. They complain now that no notification was sent them in regard to the matter. When it was reported here I understood that on Buttonwood St. the poles were going down on the railroad side. With that understanding I voted for the petition, and the vote for it was almost unanimous. But now almost three hundred petitioners who reside on Buttonwood and Sydney Sts., protest, and justly, against the disfigurement of the street and the ruin of their property by the erection of the poles that it is intended to place there, some of them twenty to twenty-five inches in diameter. It seems to me there should be some way to get around it. Possibly the difficulty could be obviated by the poles being put on the railroad side. The company seems to have no regard for the rights of the property owners on the streets, although in some places the sidewalk is but five feet wide. If the company would go out there and look the matter over carefully and see for themselves, or if the members of this Board would do so, they would come to the conclusion that those poles certainly should not be placed on streets like Buttonwood or Sydney Sts., or any of those narrow streets, where the sidewalks are only five, six or seven feet wide. I sincerely trust that the committee on electric wires will give the gentlemen whose petition I have presented today a hearing, and that the order will be revoked.

The petition was referred to the Committee on Electric Wires.

PAPERS FOR THE COMMON COUNCIL.

12. Notice of the appointment of the part of the Common Council of joint special committees as follows:—

On revoking the permit to the Victorian Club to erect a monument on Boston Common.—Messrs. Watson, Stevens, Klemm, Doyle and Sullivan.

On transfer of city land in Squantum to the Metropolitan Park Commissioners.—Messrs. Mildram, Sanderson, Curley, Sullivan and Wood.

Placed on file.

13. The preamble and order passed by this Board, December 4, relative to the proposed use of the Franklin Fund for erecting a building to be known as the Benjamin Franklin Building, for erecting baths for all-the-year-around use, etc., and authorizing the City Engineer to acquire land for said purpose and to erect said buildings.—comes up for concurrence in its reference to the next City Council.

Adhered to former action. Notice sent down.

14. Report of the Committee on Claims, leave to withdraw, on petition of George Gannon to be paid for damage to sleigh caused by one of the city ash carts.
Accepted in concurrence.

CONFIRMATION OF APPOINTMENTS.

The Board proceeded, on motion of Ald. Berwin, to consider Nos. 15 and 16, unfinished business, together, viz.:-

Action on appointments by the Mayor, viz.:-

15. Richard H. Eustis, to be a constable, for the term ending April 30, 1900, in place of John J. Sullivan, resigned.

16. Francis Gargan, to be a constable, for the term ending April 30, 1900.

The question came on confirmation, Committee—Ald. Berwin and Brick. Whole number of ballots cast 10, yes 10, and the appointments were confirmed.

WIDENING OF RUTHERFORD AVE.

The Board proceeded to take up No. 17, special assignment, viz.:-

17. Message of the Mayor relative to the widening of Rutherford Ave.

Referred to the Committee on Public Improvements, on motion of Ald. Presho.

DISPOSITION OF FRANKLIN FUND

A communication was received from the Social Alliance requesting that the Franklin Fund be used for a public forum and public institution or college of the social sciences and technical arts.

Referred to the Board of Managers of the Franklin Fund.

A communication was received from Jacob H. Hecht, et als., approving the measure now before the City Council for the disposal of the Franklin Fund.
Sent down.

INVESTIGATION OF RAINSFORD ISLAND.

Ald. BRICK submitted the following.:-

Boston, July 17, 1899.

In Board of Aldermen.:-

The undersigned, a member of the Joint Special Committee on Investigation of Rainsford Island in regard to the management of said institutions, being unable to agree with the report submitted to the Common Council on July 13th, respectfully submit the following report.:-

"The committee gave hearings at Rainsford Island on April 25th and May 9th, and at City Hall on June 15th and 27th. No written specifications of charges against either the trustees or Superintendent Anthony appeared, and the complaints are the oral testimony of boys confined at the island, former officers of the institution, and such matters as arise from inspection of the island. Thirty-nine witnesses testified before the committee, and their evidence was taken stenographically and appear with the reports of the committee printed.

The witness, Frederick J. Sanderson, testified in the main that boys were beaten and knocked about (see testimony, pages 195 and 196) by the athletic instructor, and in this he is corroborated by the witnesses Avery, Garrity, Novak, Gardelli, Moran and Leventhal, all boys at the institutions. This was denied by the athletic instructor (testimony, pages 36 and 135), who claimed that those charges arose from the animosity of the witness Sanderson (testimony, page 134), and that the evidence as given by the boys was part of a plan agreed upon between themselves and suggested by Sanderson. Superintendent Anthony testified (testimony, page 105) that he has investigated these charges, and believed upon investigation that they were without foundation. The rule of the institution is clearly stated by the Superintendent (testimony, page 17).

Q. By Alderman Adams. Do you allow the officers to choke the boys, place their

hands upon them, shake them or assault them in any way?

A. No, sir; my rules to govern my officers provide that they shall not place hands on boys unless an assault is made upon them by any of the larger boys, and if at any time it is absolutely necessary to place hands on boys to make a written report to me.

After due consideration of all the evidence, I would on the facts call attention to the report of the Inspectors of Prisons upon this same subject (document 110—1899), and again say, "That the treatment of the boys by the athletic instructor does not meet with the committee's approval, and we believe that under different methods the institution would be the gainer in kindly feeling and better discipline."

There was some testimony in relation to acts of severity or cruelty on the part of other officers; but there does not appear sufficient ground for action by the committee on these charges, and as to the charges of cruelty or severity, in the infliction of corporal punishment by Superintendent Anthony, I believe that, as regards him personally, they are unfounded, and that in the particular case of striking the Novak boy he was justified under the conditions in so defending himself, and that he is using his best efforts to minimize corporal punishment, so far as it is consistent with the maintenance of discipline. The charge of handcuffing the boys is admittedly true, and it is a matter of congratulation that this method of punishment has been abandoned. As to the confinement of the boys Slincy and Brown in solitary cells, the testimony (page 101) shows that there was an opening in the door covered by a wire screen 20 by 14 inches, and (testimony, page 102) shows that the boys were taken out and the cell aired regularly every hour; and that, as a matter of punishment, it was not cruel or unusual, yet in view of the possible danger by fire it is apparent that the guard house system, which has been adopted in place of the solitary cell, is a decided advance in the treatment of boys in reformatories, both as to safety in this case and generally in those cases where solitary cells would perhaps be the method adopted for punishment in a prison for adults.

As to the case of Robert Keller, I believe on the evidence of Dr. Taft and statement of Dr. Lancaster (testimony, pages 182 and 187), that he received immediate and proper treatment. As to the alleged failure to care for the Gardella boy, I find that the injury to his arm occurred before his committal to the island, and that during his incarceration he has received every attention, considerate with his case. The fact that some of the boys in the upper dormitory drank water from the open tank, does not tend to show neglect upon the part of the Superintendent or trustees. Drinking water was provided for them on the floor below, and when they drank from the tank it was entirely without the knowledge of either the superintendent or the trustees.

I am not inclined to put entire credence upon the testimony of the witness Sanderson. It is evident from the testimony that he was out of touch with the other officers of the institution, and was discharged by the superintendent because of lack of confidence, and from his own testimony (see pages 107 and 221) it would seem that the superintendent was justified in removing him.

When Superintendent Anthony took charge of the island in January, it is well known that the boys there were in a state of almost insurrection, and the fact that he has re-established discipline, and that it is apparent from inspection that he holds the respect and confidence of the boys is greatly to his credit. He has made considerable improvements, and it is evident that he takes active interest in his work at the institution.

I am inclined to agree with the report

of the Common Council that the trustees for some reasons, best known to themselves, have shown a tendency towards an evasion of the Civil Service laws, and have given preference to persons not citizens of this city in the matter of employment. I would recommend to them a somewhat closer adherence to law and the City Ordinances in these matters. I would also on the evidence (testimony, pages 47, 49 and 51) recommend that the employment of pauper labor be abandoned, and that some scheme for the readjustment of salaries at the island, on a more equitable basis, and considerate with the employment and retention of capable persons, be adopted; also that the positions of athletic instructor and of military drill be united in some one competent person.

The attack on His Honor the Mayor in the opening of the report of the majority of the committee I do not believe is germane to the matter which we were called upon to investigate; certainly the Mayor has endeavored to secure high-minded philanthropic, and at the same time, capable and careful men and women for Children's Institutions Trustees, and that these men and women have gone about their work with spirit and intense pride, no honest person will gainsay, and any attack directed at them personally is to be deplored.

The island when taken was entirely unsuited for the purposes of a reform school; it had been the subject of investigation in 1894, under the former Pauper Institutions Commissioners, and its condition was such as to call for condemnation, and it was abandoned as an institution. The trustees have labored diligently, as is shown by the testimony of Chief of the Repair Division Logue (testimony, pages 160 and 161), to put the buildings and grounds in proper condition for use as a reformatory; that they have accomplished much it is evident, and they themselves say that if they could be provided with the means that much more would be done.

The inspection of the school and shop work of the institution give abundant evidence that the trustees are active and progressive, and are bending every effort, not merely to make the island a place of confinement, but by the most enlightened and modern methods, to so train and elevate their wards as to accomplish the real intentions of a reformatory for boys.

The attack upon the system of unpaid boards, while it evokes discussion which is reasonable, is of doubtful value. The report assumes to destroy the system because certain delinquencies appear under the unpaid board. This conclusion is, however, not a tenable one, for far more criticism appeared, and certainly more abuses were shown to exist, under the paid board prior to the investigation of 1894. It must be borne in mind that more difficulties surround the direction and management of a reformatory than would houses of correction, or a prison, and especially where the reformatory is used for boys of a tender age. We therefore feel that a precipitate change is to be avoided, even though some change, looking to a plan involving the situations of both paid agents and unpaid boards with supervisory powers, should in the end be found to be the wiser.

Since the writing of this report Superintendent Anthony has resigned and his place has been filled by the appointment of Mr. S. D. Seavey. Mr. Seavey is schooled in prison discipline, and under his administration, at least so far, the outlook seems to be for the best interests of the institution.

Respectfully submitted,

Michael W. Brick.

In Board of Aldermen, Dec. 27, 1899.

Accepted and ordered to be printed. Sent down.

City Clerk.

Ald. DOYLE—Mr. Chairman, I move that the reading of that report be dispensed with and that it be printed as a city document.

Ald. BRICK—Mr. Chairman, I would say that this report has been somewhat long delayed, and that I appear here in the plural. I had hoped to have Ald. Dixon, who is chairman, agree with me in this matter. But I have not been able to do that, or to have any extended conferences with him. I will therefore, say that this is a report which embodies simply my opinion, and that if there is any paucity of language or the rhetoric is faulty it is entirely at my expense. I will ask, as the report is written in the plural, that I may have leave to rewrite it, so that it will appear as an individual report.

The report was accepted and ordered printed.

CLAIMS.

Ald. COLBY, for the Committee on Claims, submitted the following:—

(1) The Committee on Claims submit herewith to the City Council a list of all the claims upon which they have taken action during the year 1899, and respectfully recommend that the same be printed as a city document. (Doc. 170).

For the Committee,

John H. Colby, Chairman.

Ordered printed and sent down.

(2) Report on the petition of Ellen M. Harding (referred last year) to be paid tax title balance—recommending the passage of the following:—

Ordered, That the City Treasurer be hereby authorized to pay to Ellen M. Harding the sum of \$95.86 being the amount held by the city under chapter 390, section 40, of the Acts of 1888, from the sale of an estate on Granite Ave., lot 24, for unpaid taxes of the year 1896, by deed recorded with Suffolk Deeds, lib. 2501, fol. 61.

Report accepted; order passed. Sent down.

(3) Report on the petition of Ellen M. Harding (referred last year) to be paid tax title balance—recommending the passage of the following:—

Ordered: That the City Treasurer be hereby authorized to pay to Ellen M. Harding the sum of \$95.66, being the amount held by the city under chapter 390, section 40, of the Acts of 1888, from the sale of an estate on Granite Ave., lot 58, for unpaid taxes of the year 1896, by deed recorded with Suffolk Deeds, lib. 2501, fol. 63.

Report accepted; order passed. Sent down.

BAY WINDOWS, SIGNS, ETC.

Ald. DAY, for the Committee on Building Dept., (Ald.), submitted the following:—

(1) Report on the petition of Rose Andrews Hale, (referred Dec. 18), for leave to project one bay window from 327 Columbus Ave., Wd. 10—recommending reference to the Committee on Public Improvements.

Report accepted; said reference ordered.

(2) Reports on petitions for leave to project bay windows—recommending that leave be granted, viz:—

B. J. Connolly, (referred Dec. 13), one, southerly corner of Huntington Ave. and Kempton St., Wd. 19.

B. J. Connolly, (referred Dec. 13), one, northerly corner of Huntington Ave. and Kempton St., Wd. 19.

Francis G. Sager, (referred Aug. 1), one, 48 Bartlett St., and 36 Elm St., over the corner of said street, Wd. 3.

Reports severally accepted; leave granted on the usual conditions.

(3) Reports on petitions—that the petitioners be given leave to withdraw, viz:—George E. Welles, (referred today), to project pole with cloth attached at 78 North St., Wd. 6.

James C. Pineo, (referred Dec. 18), to project a pole with flag at 643 Warren St., Wd. 21, (as same is illegal).

Reports severally accepted.

(4) Reports on petitions, (severally referred today), for leave to project signs, etc.—that leave be granted, viz:—

A. Yeretsky, sign, 164 Tremont St.
 Wm. H. Hickey, sign, 215 Hampden St.,
 Wd. 17.
 Henry J. Landry, barber pole, 37 Court
 St., Wd. 6.
 Victor F. Silva, illuminated sign, 1120
 Dorchester Ave., Wd. 20.
 Mrs. Lena Long, sign, 81 Prince St., Wd.
 6.

Reports severally accepted; leave granted
 on the usual conditions.

POLE LOCATIONS.

Ald. DOYLE, for the Committee on Elec-
 tric Wires, submitted the following:—

Report on petition of the Charlestown
 Gas and Electric Co. (recommitted Dec.
 4)—Recommending the passage of the fol-
 lowing:—

Ordered: That permission be granted to
 the Charlestown Gas and Electric Com-
 pany, to place and maintain poles for the
 support of wires at points designated by
 red dots on a plan deposited in the office
 of the Superintendent of Streets, made by
 Charles A. Pearson; said poles to be lo-
 cated as follows:—

Park St., Wd. 5, 2 poles, 35 feet x 10
 inches, sidewalk 7 feet, plan dated Oct.
 28, 1899.

The Superintendent of Streets is hereby
 authorized to issue permits for opening
 and occupying streets for placing and
 maintaining said poles on the conditions
 specified in chapter 36, section 15, of the
 Revised Ordinances of 1892.

The work of locating said poles to be
 completed within ninety days from the
 date of the passage of this order.

Report on petition of same company (re-
 committed today)—Recommending the pas-
 sage of the following:—

Ordered: That permission be granted to
 the Charlestown Gas and Electric Com-
 pany to place and maintain poles for the
 support of wires at points designated by
 red dots on a plan deposited in the office
 of the Superintendent of Streets, made by
 James C. Boyd; said poles to be located as
 follows:—

Main St., 35 poles, 60 feet x 14 inches,
 sidewalk 10 feet, plan dated Dec., 1899.

And permission is hereby further granted
 to said company to remove from Main St.,
 four poles shown by red dots on said plan.

The Superintendent of Streets is hereby
 authorized to issue permits for opening
 and occupying streets for placing and
 maintaining said poles on the conditions
 specified in chapter 36, section 15, of the
 Revised Ordinances of 1892.

The work of locating and removing said
 poles to be completed within six months
 from the date of the passage of this order.

Report on the petition of the Brookline
 Gas Light Company (Recommitted Sept. 1)
 —Recommending the passage of the fol-
 lowing:—

Ordered: That permission be granted to
 the Brookline Gas Light Company, to
 place and maintain a pole for the support
 of wires at a point designated by a red dot
 on a plan deposited in the office of the
 Superintendent of Streets, made by Rol-
 land A. Davidson; said pole to be located
 as follows:—

Southeast corner of Brookline Avc.,
 Beacon St. and Commonwealth Ave., Wd.
 11, 1 pole, 40 feet x 14 inches, sidewalk 15
 feet, plan dated May 5, 1899.

The Superintendent of Streets is hereby
 authorized to issue permits for opening
 and occupying streets for placing and
 maintaining said poles on the conditions
 specified in chapter 36, section 15, of the
 Revised Ordinances of 1892.

The work of locating said poles to be
 completed within ninety days from the
 date of the passage of this order.

Report on the petition of the Postal Tel-
 egraph-Cable Company (recommitted Nov.
 8)—recommending the passage of the fol-
 lowing:—

Ordered, That permission be granted to

the Postal Telegraph-Cable Company to
 place and maintain poles for the support
 of wires at points designated by red dots
 on a plan deposited in the office of the
 Superintendent of Streets; said poles to be
 located as follows:—

Boston St., 9 poles, 60-45 feet x 16-14
 inches, sidewalk 10 feet, plan dated Oct.
 30, 1899.

And permission is further granted to
 said company to remove from Boston St.
 eight poles, shown by black circles on
 said plan.

The Superintendent of Streets is hereby
 authorized to issue permits for opening
 and occupying streets for placing and
 maintaining said poles on the conditions
 specified in chapter 36, section 15, of the
 Revised Ordinances of 1892.

The work of locating and removing said
 poles to be completed within six months
 from the date of the passage of this or-
 der.

Report on the petition of the same com-
 pany (recommitted Nov. 17)—recommending
 the passage of the following:—

Ordered, That permission be granted to
 the Postal Telegraph-Cable Company to
 place and maintain poles for the support
 of wires at points designated by red dots
 on a plan deposited in the office of the Su-
 perintendent of Streets; said poles to be
 located as follows:—

Bov St., Charlestown, 2 poles; 45 feet
 x 14 inches, sidewalk, 9 feet; plan dated
 Oct. 30, 1899.

The Superintendent of Streets is hereby
 authorized to issue permits for opening
 and occupying streets for placing and
 maintaining said poles on the conditions
 specified in chapter 36, section 15, of the
 Revised Ordinances of 1892.

The work of locating said poles to be
 completed within ninety days from the
 date of the passage of this order.

Report on the petition of the New Eng-
 land Telephone and Telegraph Company of
 Mass. (recommitted today)—recommending
 the passage of the following:—

Ordered, That permission be granted to
 the New England Telephone and Telegraph
 Company of Mass., to place and maintain
 a pole for the support of wires at a
 point designated by a red dot on a plan
 deposited in the office of the Superin-
 tendent of Streets, made by George H.
 Dresser; said pole to be located as fol-
 lows:—

La Grange St., Wd. 23, 1 pole; 35 feet x
 13 inches, sidewalk, 8 feet; plan dated Dec.
 8, 1899.

And permission is hereby further granted
 to said company to remove from La
 Grange St. one pole shown by a black
 cross on said plan.

The Superintendent of Streets is hereby
 authorized to issue permits for opening
 and occupying streets for placing and main-
 taining said poles on the conditions speci-
 fied in chapter 36, section 15, of the Re-
 vised Ordinances of 1892.

The work of locating and removing said
 poles to be completed within ninety days
 from the date of the passage of this order.

Report on petition of the same company
 (recommitted Dec. 13)—Recommending the
 passage of the following:—

Ordered, That permission be granted to
 The New England Telephone and Tele-
 graph Company of Mass. to place and
 maintain poles for the support of wires at
 points designated by red dots on a plan
 deposited in the office of the Superintend-
 ent of Streets, made by G. H. Dresser;
 said poles to be located as follows:

McLellan St., 8 poles, 35 feet x 13 inches,
 sidewalk 6 feet 6 inches; Newport St., 5
 poles, 30 feet x 12 inches, sidewalk 6 feet;
 plan dated Nov. 27, 1899.

The Superintendent of Streets is hereby
 authorized to issue permits for opening
 and occupying streets for placing and main-
 taining said poles on the conditions speci-
 fied in chapter 36, section 15, of the Re-
 vised Ordinances of 1892.

The work of locating said poles to be

completed within ninety days from the date of the passage of this order.

Report on the petition of the same company (recommitted Nov. 13)—Recommending the passage of the following:—

Ordered, That permission be granted to The New England Telephone and Telegraph Company of Mass. to place and maintain poles for the support of wires at points designated by red dots on a plan deposited in the office of the Superintendent of Streets, made by George H. Dresser; said poles to be located as follows:

Stoughton St., Wd. 20, 5 poles, 45 feet x 15 inches, sidewalk 10 feet; plan dated Nov. 20, 1899.

The Superintendent of Streets is hereby authorized to issue permits for opening and occupying streets for placing and maintaining said poles on the conditions specified in chapter 36, section 15, of the Revised Ordinances of 1892.

The work of locating said poles to be completed within ninety days from the date of the passage of this order.

Report on the petition of the same company (recommitted Dec. 4)—Recommending the passage of the following:—

Ordered, That permission be granted to The New England Telephone and Telegraph Company of Mass. to place and maintain poles for the support of wires at points designated by red dots on a plan deposited in the office of the Superintendent of Streets, made by George H. Dresser; said poles to be located as follows:

Seaver St., 6 poles, 35 feet x 13 inches, sidewalk 7 feet 6 inches; Erie St., 7 poles, 35 feet x 13 inches, sidewalk 8 feet; Erie St., 1 pole, 40 feet x 14 inches, sidewalk 8 feet; Summer St., 10 poles, 35 feet x 13 inches, sidewalk 7 feet; Quincy St., 8 poles, 35 feet x 13 inches, sidewalk 6 feet; plan dated Nov. 17, 1899.

The Superintendent of Streets is hereby authorized to issue permits for opening and occupying streets for placing and maintaining said poles on the conditions specified in chapter 36, section 15, of the Revised Ordinances of 1892.

The work of locating said poles to be completed within ninety days from the date of the passage of the order.

Report on the petition of the same company (recommitted today)—Recommending the passage of the following:—

Ordered: That permission be granted to The New England Telephone and Telegraph Company of Mass. to place and maintain poles for the support of wires at points designated by red dots on a plan deposited in the office of the Superintendent of Streets, made by George H. Dresser; said poles to be located as follows:—

Harvard St., 1 pole, 5 feet sidewalk; Waterlow St., 1 pole, 5 feet sidewalk; Elmont St., 7 poles, 5 feet sidewalk, 35 feet x 13 inches; plan dated Nov. 29, 1899.

The Superintendent of Streets is hereby authorized to issue permits for opening and occupying streets for placing and maintaining said poles on the conditions specified in chapter 36, section 15, of the Revised Ordinances of 1892.

The work of locating said poles to be completed within ninety days from the date of the passage of this order.

Report on the petition of the same company (recommitted today)—Recommending the passage of the following:—

Ordered: That permission be granted to The New England Telephone and Telegraph Company of Mass. to place and maintain a pole for the support of wires at a point designated by a red dot on a plan deposited in the office of the Superintendent of Streets, made by George H. Dresser; said pole to be located as follows:—

Bellevue St., Wd. 20, 1 pole, 35 feet x 14 inches, 7 feet sidewalk; plan dated Dec. 12, 1899.

And permission is hereby further granted to said company to remove from Bellevue

St., one pole shown by a black cross on said plan.

The Superintendent of Streets is hereby authorized to issue permits for opening and occupying streets for placing and maintaining said poles on the conditions specified in chapter 36, section 15, of the Revised Ordinances of 1892.

The work of locating and removing said poles to be completed within ninety days from the date of the passage of this order.

Report on the petition of the same company (recommitted today)—Recommending the passage of the following:—

Ordered: That permission be granted to The New England Telephone and Telegraph Company of Mass., to place and maintain poles for the support of wires at points designated by red dots on a plan deposited in the office of the Superintendent of Streets, made by G. H. Dresser; said poles to be located as follows:—

Soley St., Wd. 5, 1 pole, 35 feet x 13 inches, sidewalk 5 feet 6 inches; Water St., Wd. 5, 1 pole, 50 feet x 16 inches, sidewalk 6 feet 6 inches; date of plan Dec. 1, 1899.

And permission is hereby further granted to said company to remove from Water St., one pole shown by a red dot on said plan.

The Superintendent of Streets is hereby authorized to issue permits for opening and occupying streets for placing and maintaining said poles on the conditions specified in chapter 36, section 15, of the Revised Ordinances of 1892.

The work of locating and removing said poles to be completed within ninety days from the date of the passage of this order.

Reports severally accepted, orders severally passed, under a suspension of the rule.

Report on the petition of the Boston Electric Light Company, (recommitted today)—recommending the passage of the following:—

Ordered: That permission be granted to the Boston Electric Light Company to place and maintain poles for the support of wires at points designated by red dots on a plan deposited in the office of the Superintendent of Streets, made by D. A. Harrington; said poles to be located as follows:—

Washington St., 4 poles, 60 feet 20 inches, sidewalk 13 feet.

West Newton St., 1 pole, 35 feet x 14 inches, sidewalk 8 feet.

Stoughton St., 1 pole, 45 feet x 18 inches, sidewalk 10 feet.

Dudley St., 1 pole, 45 feet 13 inches, sidewalk 8 feet.

River St., 56 poles, 40 feet, 14 inches.

River St., 3 poles, 45 feet, 13 inches; sidewalk 8 feet.

West Sixth St., 3 poles, 35 feet, 14 inches, sidewalk 8 feet; plan dated Dec. 13, 1899.

The Superintendent of Streets is hereby authorized to issue permits for opening and occupying streets for placing and maintaining said poles on the conditions specified in chapter 36, section 15, of the Revised Ordinances of 1892.

The work of locating said poles to be completed within nine months from the date of the passage of this order.

Referred to the Committee on Public Improvements, on motion of Ald. Codman.

LICENSES.

Ald. COLBY, for the Committee on Licenses, submitted reports recommending that permits be granted on petitions referred today, as follows:—

I. E. Rich, Manager, for Lillian Gouldstein and thirty-nine other children under fifteen years of age to appear at Hollis St. Theatre for week beginning Dec. 25, 1899.

Patrick Kelleher, for musical, dramatic, literary and dancing entertainments at Music Hall, 445 Neponset Ave., for the season ending August 1, 1900.

Reports accepted, permits granted on the usual conditions.

FANEUIL HALL.

Ald. CODMAN, for the Committee on Faneuil Hall, submitted a report on the petition of the Department of Massachusetts G. A. R. (referred today) for the use of Faneuil Hall on Feb. 13 and 14, 1900, day and evening—that leave be granted.

Report accepted, leave granted on the usual conditions.

FANEUIL HALL MARKET.

Ald. PRESHO, for the Committee on Markets, submitted a report on the petition of Day & Stimson and others (referred Dec. 18) for leave to construct an awning in front of premises occupied by them at New Faneuil Hall Market—recommending the passage of the accompanying order:—

Ordered, That permission be hereby granted to Day & Stimson and others, lessees of stalls and cellars in New Faneuil Hall Market, to construct, under the direction of the Superintendent of Markets, a permanent awning of iron and glass to project from said building over the sidewalk at such places as said superintendent may determine.

Report accepted; order passed.

REMOVAL OF TREES.

Ald. CODMAN offered the following:—

(1) Ordered, That permission be granted to John A. Devine to remove at his own expense, under the direction of the Superintendent of Public Grounds, a tree in front of estate 152 C St., South Boston; said tree being in a dangerous condition.

(2) Ordered, That permission be granted to W. G. Stetson, agent, to remove, at his own expense, and under the direction of the Superintendent of Public Grounds, two trees in front of estate 242 C St., South Boston; said trees being in a dangerous condition.

Severally passed.

PROTEST REGARDING RESTRICTIONS ON LAND.

Ald. BRICK offered the following:—

Whereas, The Trustees of the Museum of Fine Arts through their President, William Endicott, filed with this Board a petition asking that certain restrictions upon land upon which the Museum of Fine Arts now stands, and land adjoining in the rear, might be released; and

Whereas, On October 16th this Board passed an order releasing said land from said restrictions, which order was concurred in by the Common Council on October 19th, and

Whereas, The release of said restrictions was obtained upon the representation of the Trustees that the purpose in asking the release of the restrictions was that they might be enabled to secure the raising of money by mortgage on the property described in the petition to enable them to improve and extend the Museum of Fine Arts in its present location and now it appearing that this representation is not a fact but that the Trustees have, or intend to, sell the entire property free from the restrictions and to remove the Museum of Fine Arts to another location;

Resolved, That the City Council condemn the method of securing the passage of said order and that we desire the opinion of the Corporation Counsel as to some means, if there be any, to secure the re-establishment of the restrictions.

The question came on giving the resolution a second reading.

Ald. BRICK—Mr. Chairman, it is with a good deal of regret that I present this resolution and request for the opinion of the Corporation Counsel. I do so not with an idea of assuring any redress, but merely to bring the attention of the public, through the press, or at any rate, through the minutes of the Board of Aldermen, to the fact that such methods, such conduct,

should not be pursued in obtaining legislation in this Board or the City Council. The restrictions which had been placed upon the land where the Museum of Fine Arts now stands were put there for the purpose of making it assured that the land—which was a gift from the City, through the Boston Water Power Company—should be used forever for a Museum of Fine Arts. In pursuance of that, a scheme of construction of Copley Square was carried out, and we have surrounding that square many buildings costing immense sums of money. They are too well known to you to enumerate them; but large sums of money have been laid out in plotting and planning that square, so as to make it one of the most artistic spots in the City of Boston. Through the endeavors of a great many good citizens the taking of the triangle in front of Trinity Church was secured, and many men gave money for that public-spirited purpose.

Now I say that there was misrepresentation in this Board. Whether it was contained exactly in the petition I will not say, but I will say that I certainly was deceived when I voted to grant that petition. I don't say that any particular person deceived me, but I was led up to that opinion. In fact, in the committee on Public Improvements my opinion as a lawyer was asked whether, if these restrictions were on there, a mortgage could be placed—and, of course, I promptly said "no," as any man of common sense would do. Through the Trustees of the Museum of Fine Arts, men in whom I have confidence, knowing that they were men of culture, refinement, business men, men of standing in the community, I was led to believe that they intended to extend the Museum of Fine Arts to the rear, and that that was the purpose only. If I had known, and I think if many citizens had known—if the Trustees of Trinity Church, the Trustees of the New Old South Church, the Trustees of the Public Library, had known that the purpose of the Trustees of the Museum of Fine Arts was to secure a release of those restrictions so that they could make a land deal and remove the Museum of Fine Arts from its present situation to the Fenway, I believe there would have been a decided opposition. There is a good deal to be said on that question. And they are not to be excused simply because they are men of standing, for they are men who should be above false representation. I say that a man is as much a prevaricator who leads another man into a situation where he believes the first man will do something which he does not intend to do, as a man who openly lies. I say that if this occurred in private life in any of our business transactions we would immediately take steps in the line of reform. We should send out a warning to men who come to this Board that they shall act squarely by this Board, that they shall present matters in such a light as they should appear in, not intentionally deceiving us and leading us into a situation where we are brought to a wrong conclusion. I hope the resolution will pass and that we will get the opinion of the Corporation Counsel, so that we may see if this whole thing cannot be put back into the same place where it was before. Then, if the members of the City Council and the citizens of Boston desire that the Museum of Fine Arts shall be removed from its present situation and that there shall be a change in Copley Sq., if they shall consider it for the best interests of the city—and the Museum of Fine Arts, while a private corporation, is a quasi-public corporation, which all the citizens are proud of and interested in—that the Museum shall be moved from its present location, very well. But I say first the condition of affairs should be put back where it was before. I believe a great many citizens want to see the Mu-

seum of Fine Arts stay in its present location, and that they believe it will be better and more for the benefit of the citizens of this city.

I say that the Trustees of the Museum of Fine Arts should feel a twinge of conscience when this is brought to their attention. I think some of them, at least, must have been entirely unaware of the real bearing of the proceeding. If the old state of affairs can be brought back, the matter can then be brought into the City Council, and, if there are public reasons for the removal of the Museum, let the City Council consider then and act upon them. But any action that is taken should not be taken on the basis of the false idea that the release was for another purpose—namely, the extension of the Museum of Fine Arts beyond its present building.

Ald. COLBY—Mr Chairman, I shall vote against the resolution as offered, for several reasons. I regret as much as anybody that my brother alderman has been deceived in the matter. The fact is that we relied upon our own interpretation of the communication. I suppose if the Corporation Counsel is asked to give an opinion he will have to give it as based upon the proceedings taken. All that appears of record is simply their petition and our vote. No discussion was had here; no member of the Board of Trustees appeared before the Board of Aldermen. Now, in that petition that they sent to the City Council they stated expressly, on the first page, that with the restriction it is impossible to sell or mortgage the property. So there is a plain intimation on the first page that the property might at some time have to be sold. It was perfectly evident to my mind that it was only a question of time when the Museum of Fine Arts would have to leave its present location. Whether or not the time has come for it to remove is, it seems to me, solely within the control and discretion of the Board of Trustees. They are gentlemen appointed to look after that institution,—probably a self-perpetuating body, but, at the same time, they are chosen by reason of their apparent or supposed qualifications, and they certainly have no interest at heart other than to provide a proper Museum in a proper location. If the alderman has followed some of the communications in the papers with reference to the Dartmouth St. engine house, he will remember that from time to time it has crept out that the trustees of the Museum of Fine Arts have felt worried because of its location with reference to surrounding buildings. It is not situated in an ideal spot for a building of this sort. As far as the front of the building is concerned, it is practically isolated, but all sides of the triangle are now surrounded by large buildings that overtop it, and, under the present building scheme, there is no way of telling what a fireproof building is. It must be certainly apparent to anyone who examines into the matter that if they can find a spot which is isolated from surrounding buildings, they will have something greatly in advance of what they have there now. The only interest the City has is that the money they have invested in that building shall be used for the purpose for which it was intended—that is, to keep a Museum of Fine Arts. But I don't believe the City Council wants to say that forever and forever they shall be tied down to the spot. The fact is that the whole policy of our law is against restrictions, and the Legislature has gone to work and provided that these unlimited restrictions shall expire by limitation.

I think, also, that the alderman is enough of a lawyer to understand that it is pretty difficult to have restrictions which have been taken off of land put on again. I don't know how we could do that, even if we did act upon false representations in the first place. I don't see how we

could expect to get these trustees to come in and agree to impose restrictions upon their land, when they are once freed from them. It would seem to me to be a pretty difficult process, and I don't think the City Council wants to put itself on record to that extent. There is a letter before us that refers to the mortgagor's sale. If we interpreted that and studied it out on the basis that the institution was going to build in the rear, and we find out that that is not the fact, it does not seem to me that we should say "I did not read that right, and having been misled, I ask that what I did do may be undone. At the same time nobody on earth has a right to ask what I ask to have done." It seems to me that is rather a foolish situation for us to put ourselves into. If the alderman wants to say that nobody can come before the Board and ask to have anything of this kind done without coming out flat-footed and asking directly for what is desired, and giving their reasons for it, I agree to that. I think that would be perfectly right. But in the present situation I think we would stultify ourselves if we asked to have the trustees condemned by reason of action which we ourselves have taken.

Ald. BRICK—Mr. Chairman, I would like to ask the alderman from Wd. 12 (Ald. Colby) if he had any reason to know what action was to be taken, except in the committee, where there was full discussion? Was it not the understanding there that it was desired that the restrictions might be removed in order that they might get money and extend the Museum on its present location? Was not that the entire basis of the discussion?

Ald. COLBY—Mr. Chairman, I remember perfectly well that we had some discussion in there and that we talked with reference to the extension of that building, and I am also aware that at that time nothing was said with reference to the sale of the building. If the alderman wants my candid opinion of the matter, I think all our talk there was with the idea solely that probably they were going to extend the building in the rear. But I wish to say that I can introduce him to a gentleman who made the remark that, while the whole discussion was on that basis, it was a stepping stone to their ultimately selling that property; and I think anybody who has followed the agitation that there has been in regard to the situation of that Museum would have formed the idea that the removal of the institution would be a question of not a very long time.

Ald. BRICK—Mr. Chairman, I would like to ask the alderman another question—does he not believe that, if the citizens at large had known or had an intimation that this was to be done for the purpose of enabling the Trustees to sell the land, so as to remove the Museum of Fine Arts, there would have been opposition to it?

Ald. COLBY—Mr. Chairman, I don't suppose the alderman can suggest anything that there would not be opposition to. In fact, it is because of that fact that gentlemen like him and myself are able to obtain most of our revenue. There is opposition to almost everything—in business transactions, in everything that comes up. But I do say that, if that matter were submitted to the citizens, I think they would have said: "We have sufficient confidence in the Museum of Fine Arts and the way in which it is managed to say that the Trustees will do the right thing, that if they want to sell the land and go elsewhere, the action they take in doing so will be action that will protect the interests of everybody."

Ald. BRICK—Mr. Chairman, I think my interrogatories have brought out what I desired, and I will not take much time to reply to the alderman. I think the resolutions should pass, even if they don't give any relief. I think they will at least serve notice, on persons who are acting in behalf of quasi-public institutions of this

sort that when they come to the City Government desiring any such action as they have asked at our hands, they shall give us a true insight of affairs and not attempt to deceive. There have been various rumors that do not look well—rumors that even when this matter was in the hands of the Board the Museum Trustees had made an arrangement for the sale of that property. The property was presented to them, as a gift of the City, and I claim that it should not be used merely for the private advantage of individuals. I hope that the resolution, even although it embodies only the spirit and feeling of the City Council in the matter, will pass,—even although the Corporation Counsel may say that we have no measure of relief, that we went into the matter with our eyes open, and, having done so, that we cannot now obtain relief. In spite of that, I say this resolution should pass, so as to impress upon persons who come to this Board the fact that they must present their matters fairly and openly, on the surface, not with something underneath the surface.

The preambles and resolution were declared adopted. Ald. Colby doubted the vote and called for the yeas and nays.

The preambles and resolution were adopted, yeas 6, nays 4.

Yeas—Ald. Adams, Barry, Brick, Codman, Doyle, O'Toole—6.

Nays—Ald. Berwin, Colby, Day, Presho—4.

RECESS.

On motion of Ald. Berwin the Board took a recess at 4:33 p. m. and retired to the Chairman's room.

The members reassembled in the Aldermanic Chamber at 5:40 p. m., and were called to order by the Chair.

PUBLIC IMPROVEMENTS.

Ald. O'TOOLE, for the Committee on Public Improvements, submitted the following:—

(1) Report on message of His Honor the Mayor (referred May 3) vetoing regulation in regard to opening theatres on Sunday—that the veto of His Honor the Mayor be sustained, and that the message be placed on file.

The report was accepted, and the message was ordered placed on file. The Board reconsidered its previous action, and then refused to pass the order over the Mayor's veto, yeas 0, nays 9.

(2) Report on Mayor's message (referred December 13) vetoing the permit to the Samuel Ward Company to swing storm doors over the sidewalk at 49 Franklin St.—that the veto be sustained and that said message be placed on file.

The report was accepted, and the message was ordered placed on file. The previous action of the Board was reconsidered, and the Board then refused to pass the order over the Mayor's veto, yeas 4, nays 7:—

Yeas—Ald. Adams, Berwin, Codman, Presho—4.

Nays—Barry, Brick, Colby, Day, Doyle, McDonald, O'Toole—7.

(3) Report on message of His Honor the Mayor (referred July 17) vetoing amendment to Chapter 6 of the Revised Regulations of 1899, relative to use of streets by vehicles,—recommending that the veto of His Honor the Mayor be sustained and that said message be placed on file.

The report was accepted, previous action was reconsidered, and the question came on the passage of the order, the objections of the Mayor to the contrary notwithstanding.

Ald. CODMAN—Mr. Chairman, I don't want to vote on these matters without having them read. I don't know what these vetoes refer to, when they are read by their title, and I shall refuse to vote unless they are read.

The CHAIRMAN—The Chair will say that this comes from the Committee on Public Improvements, and that it was read in full in committee.

Ald. CODMAN—That was so long ago that I don't remember it.

The CHAIRMAN—Any member has a right to call for the reading of a paper. The Clerk will read the Mayor's veto.

(The veto message was read in full.)

The Board refused to pass the order over the Mayor's veto, yeas 3, nays 8:—

Yeas—Ald. Adams, Barry, Codman—3.

Nays—Ald. Berwin, Brick, Colby, Day, Doyle, McDonald, O'Toole, Presho—8.

(4) Report on Mayor's message (referred July 25) transmitting majority and minority reports on investigation of the Building Department—recommending that the same be placed on file.

Report accepted, message and reports placed on file.

(5) Report on order requesting the Building Commissioner, through the Mayor, to have an inspection made of the fire curtains and fire escapes in the various theatres, etc.—(referred January 15)—that no action is necessary.

Report accepted.

(6) Report on the minority report of committee on investigation of Rainsford Island (referred September 25) that the same be placed on file.

Report accepted; said report ordered placed on file.

(7) Report on the report of the Joint Special Committee on Investigation of Rainsford Island (referred September 25)—that the same be placed on file.

Report accepted; said report ordered placed on file.

(8) Report on the petition of Rose Andrews Hale (referred today from Committee on Building Dept. Ald.) for leave to project one bay window from building 327 Columbus Ave., Wd. 10—that the petitioner have leave to withdraw.

Report accepted; said petitioner given leave to withdraw.

(9) Report on the petition of Jones & Meehan (recommitted today) for leave to lay tracks and to run cars and a locomotive thereon on Gladstone and Leyden Sts., Chelsea Ave., Bennington and Saratoga Sts.—recommending the passage of the following:—

Ordered, That permission be granted to Jones & Meehan to run cars and a locomotive thereon on Gladstone St., Leyden St., Chelsea Ave., and Bennington St. from Wordsworth St. to the Revere town line, also in Saratoga St., from Ford St. to Bennington St., said tracks being shown by red lines on a plan made by W. C. Bates, C. E., dated Dec. 18, 1899, and deposited in the office of the Superintendent of Streets.

The right to lay down the tracks located by this order is upon condition that the whole work of laying the same, the form of rail to be used, and the kind and quality of material used in paving said tracks, shall be under the direction and to the satisfaction of the Superintendent of Streets, and shall be approved by him. Also upon condition that said Jones & Meehan shall accept this order of location, and shall agree, in writing, to comply with the conditions herein contained, and shall file said acceptance and agreement with the City Clerk within thirty days from the passage of this order; otherwise it shall be null and void.

The whole work of laying the said tracks to be completed within thirty days from the date of the passage of this order.

Report accepted; order passed.

(10) Report on the report of the Committee on Electric Wires on the petition of the Boston Electric Light Company (referred today) for poles on Washington, West Newton, Stoughton, Dudley, River and West Sixth Streets,—recommending the passage of the order as reported, with the exception of poles on River St., and that the locations of poles on said streets be

assigned to the next meeting of the Board.

Report accept, recommendations adopted.

(11) Report on the petition of J. Morris Meredith and another, trustees (referred June 29), for leave to use space under sidewalk of building on Lincoln, Beach, Albany and Kneeland Sts., for storage of coal,—that no action is necessary.

Report accepted.

(12) Report on the petition of William Minot and others, Trustees (referred May 25), for leave to build an entrance to building No. 7 Water St., as per plan submitted,—that no action is necessary.

Report accepted.

(13) Report on the petition of the N. E. Tel. & Tel. Co. of Mass. for leave to attach its wires to trees on Allegheny and Dennison Sts. and Walnut Ave. (Referred May 15, from the Committee on Electric Wires, with a report that leave be granted)—that no action is necessary.

Report accepted.

(14) Report on the petition of William F. Hennessey (referred today), for leave to lay a 1½ inch pipe under and across sidewalk at 98 West Seventh St., Wd. 13,—recommending the passage of an order—That the Superintendent of Streets be authorized to issue a permit to William F. Hennessey to lay, maintain and use a 1½ inch iron pipe under and across the sidewalk in front of estate 98 West Seventh St., Wd. 13; the work to be completed on or before July 1, 1901, according to the terms and conditions expressed in the ordinances of the city relating thereto.

Report accepted, order passed.

(15) Report on petitions referred today recommending the passage of orders that the Superintendent of Streets make sidewalks, to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 ft. in width and to be built of brick, owners to furnish material, in front of the following estates:—

John F. Lynch, 4 Bellflower St., Wd. 16.
B. Rogovin, Highland St., cor. Dorr St., Wd. 21.

Reports accepted, orders passed.

RAILROADS.

Ald. COLBY, for the Committee on Railroads, submitted the following:—

(1) Report on the petition of the West End Street Railway Company for a location for double tracks on Commonwealth Ave., etc., (recommitted today)—recommending the passage of the accompanying order:—

Ordered, That in addition to the rights heretofore granted the West End Street Railway Company to lay down tracks in the streets of the City of Boston, said company shall have the right to lay down, maintain and use double tracks on Commonwealth Ave., Brighton, beginning at and connecting with the said company's tracks at a point near the junction of Commonwealth Ave. and Brighton Ave., thence extending westerly on said Commonwealth Ave. to and connecting with the company's tracks on Chestnut Hill Ave., with all necessary curves, cross-overs and connections, and also curves connecting with the company's tracks on Harvard Ave.; said tracks being shown by red lines on a plan made by A. L. Plimpton, dated November 27, 1899, and deposited in the office of the Superintendent of Streets.

The right to lay down the tracks located by the order is upon condition that the whole work of laying same, the form of rail to be used, and the kind and quality of material used in paving said tracks shall be under the direction and to the satisfaction of the Superintendent of Streets, and shall be approved by him. Also upon condition that said West End Street Railway Company shall accept this order of location, and shall agree, in writing, to comply with the conditions herein contained, and shall file said acceptance

and agreement with the City Clerk within thirty days from the passage of this order; otherwise it shall be null and void.

The whole work of laying the said tracks to be completed within six months from the date of the passage of this order.

And the consent of the Board of Aldermen is hereby further granted to the said Company to establish and maintain the overhead trolley electric system of motive power in the operation of its cars on said location, to erect, maintain and use such wires and iron poles, of the height of not less than twenty feet, at the places indicated by red circles or dots on the plans filed in the office of the Superintendent of Streets, as may be necessary to establish and maintain said electric system of motive power.

The rights herein granted are upon condition that the whole work of constructing the same, and the kind and quality of material used, shall be under the direction and to the satisfaction of the Superintendent of Streets, and be approved by him.

Also, upon condition that nothing herein contained shall be deemed a limitation or waiver of any rights now possessed by, or that may hereafter be conferred on, the Board of Aldermen of the City of Boston to make rules and regulations pertaining to the operation and maintenance of the electric system and the running of electric cars in the City of Boston.

Also, upon condition that said railway company shall accept this order and agree to comply with the conditions herein contained, and shall file such acceptance and agreement with the City Clerk within thirty days from the passage thereof; otherwise it shall be null and void.

Report accepted; order passed.

(2) Report on the petition of the West End Street Railway Co. (recommitted Oct. 2), for location for tracks on Morton and other streets—recommending the passage of the following:—

Ordered, That in addition to the rights heretofore granted the West End Street Railway Co. to lay tracks in the streets of the City of Boston, said company shall have the right to lay down, maintain and use double tracks on Morton St., from and connecting with the existing tracks of said company on Washington St. at Forest Hills, to Codman St.; thence on said Codman St. to Adams St.; thence on said Adams St. to Minot St.; thence on said Minot St. to and connecting with the existing tracks of the said company on Neponset Ave.; also on Morton St., from and connecting with the location for tracks on Morton St. herein granted, to Sanford St., thence on said Sanford St. to Washington St., thence on said Sanford St. to Richmond St., thence on said Richmond St. to and connecting with the existing tracks of said company on Dorchester Ave.; also on Marsh St., from and connecting with the location for tracks on Codman St. herein granted, as far as said Marsh St. is completed, with necessary curves, cross-overs, switches and connections, said tracks being shown by red lines on a plan made by A. L. Plimpton, dated September 12, 1899, and deposited in the office of the Superintendent of Streets.

The right to lay down the tracks located by this order is upon condition that the whole work of laying the same, the form of rail to be used, and the kind and quality of material used in paving said tracks, shall be under the direction and to the satisfaction of the Superintendent of Streets, and shall be approved by him. Also upon condition that said West End Street Railway Company shall accept this order of location, and shall agree, in writing, to comply with the conditions herein contained, and shall file said acceptance and agreement with the City Clerk within thirty days from the passage of this order; otherwise it shall be null and void.

The whole work of laying the said tracks to be completed within one year from the date of the passage of this order.

And the consent of the Board of Aldermen is hereby further granted to the said Company to establish and maintain the overhead trolley electric system of motive power in the operation of its cars on said location, to erect, maintain and use such wires and iron poles, of the height of not less than twenty feet, at the places indicated by red circles or dots on the plans filed in the office of the Superintendent of Streets, as may be necessary to establish and maintain said electric system of motive power.

The rights herein granted are upon condition that the whole work of constructing the same, and the kind and quality of material used, shall be under the direction and to the satisfaction of the Superintendent of Streets, and be approved by him.

Also, upon condition that nothing herein contained shall be deemed a limitation or waiver of any rights now possessed by, or that may hereafter be conferred on, the Board of Aldermen of the City of Boston to make rules and regulations pertaining to the operation and maintenance of the electric system and the running of electric cars in the City of Boston.

Also, upon condition that said railway company shall accept this order and agree to comply with the conditions herein contained, and shall file such acceptance and agreement with the City Clerk within thirty days from the passage thereof; otherwise it shall be null and void.

Report accepted; order passed.

The report was accepted, and the question came on giving the order a second reading.

Ald. CODMAN—Mr. Chairman, I did not know until today that that order was coming in, nor did I know in just what form it would be brought in. Having had an opportunity to read the order over, I find that there are several streets mentioned in that location where I have had the opportunity to oppose anything of this kind on several other occasions since I have been a member of this Board. It is now late in the session, and considerable time has elapsed since the visit of the Committee to that section. So, probably the Committee has partially, if not wholly, forgotten the conditions that exist there. I am in favor of a crosstown road, and shall vote one way or the other upon the matter when it is brought to a vote. But the point I wish to raise at this time is in regard to Sanford, Richmond and Minot Sts. I believe the committee, if they will

renew their interest in the matter and look up the records of their trip out there, will find that they are not suitable streets. As a brief of the argument, I would offer, if I were going to speak at length upon the matter, I would say that the Railroad Committee have already, once or twice, previous to the present time, refused locations similar to this cross-town location, on account of their going through or proposing to go through these very streets. Consequently, in the absence of the Chairman of the Committee on Railroads—who, perhaps, may have a better idea or remembrance of what the condition is out there—I have decided to ask the Board to lay this matter over until the next meeting, that an opportunity may be given to communicate with the West End Road and also to allow the members to see for themselves, if they see fit to do so, just what the condition is. I would like to have this order assigned to the next meeting.

The order was assigned to the next meeting of the Board.

THE LAST MEETING.

It was voted, on motion of Ald. Colby, that when the Board adjourn, it be to meet on Saturday next, at 11 a. m.

WHITFIELD ST. CROSSING.

Ald. McDONALD offered an order—That the Superintendent of Streets be requested to construct a block stone crossing on Whitfield St., at West Park St., Wd. 20.

Passed.

ELECTRIC LIGHT, TUTTLE ST.

Ald. McDONALD presented the petition of Charles P. Connor and a number of others, residents of Tuttle St. and vicinity, for an electric light on corner of Tuttle St. and Savin Hill Ave.

In connection with the petition, Ald. McDonald offered an order—That the Superintendent of Lamps be requested to have an electric light placed at the corner of Tuttle St. and Savin Hill Ave., Wd. 20.

Passed.

GENERAL RECONSIDERATION.

On motion of Ald. Berwin, general reconsideration of all votes taken today was refused.

Adjourned, on motion of Ald. Berwin, at 5:56 p. m., to meet on Saturday, December 30, at 11 a. m.

CITY OF BOSTON.

Proceedings of the Common Council.

Thursday, Dec. 28, 1899.

Final meeting of the Common Council, held in the Council Chamber, at 4 o'clock P. M., President Kiley in the chair and a quorum present.

REPORT ON BOYS' CAMP.

The following was received:—

Mayor's Office, City Hall,
Boston, Dec. 28, 1899.

To the City Council:—

I transmit herewith the report of the director in charge and the Advisory Committee of the Boston Municipal Camp for the past year, and I recommend that the same be printed as a document.

I desire to call attention to the excellent record of the camp during the second session of its maintenance by the city, and I feel that the city is again indebted to the director in charge, Commissioner Ernest C. Marshall, and to the Advisory Committee, for a large amount of zealous and intelligent attention to this unique branch of our municipal work. The undertaking of the city of Boston in conducting this camp has attracted a good deal of notice, and I trust that the excellent results thus far achieved at a small expenditure will lead in the future to a continuance of the camp. Yours respectfully,

Josiah Quincy, Mayor.

(Annexed was the report referred to).

Ordered printed, on motion of Mr. Logan of Wd. 14, and sent up.

CITY CLERK PRO TEM.

The following was received:—

Office of the City Clerk, City Hall,
Boston, Dec. 27, 1899.

To the Honorable Common Council:—

You are hereby respectfully notified that John M. Galvin was this day appointed as City Clerk pro tempore by the Mayor, with the advice and consent of the Board of Aldermen, under the authority contained in section 32 of chapter 448 of the Acts of 1854.

Attest: David F. Barry, Chairman.

Placed on file.

ENGINE HOUSE FOR SCHOOL.

The following was received:—

Mayor's Office, City Hall,
Boston, December 28, 1899.

To the City Council:—

I transmit herewith an order passed by the School Committee requesting the use of the old engine house on Mount Vernon St., West Roxbury, for school purposes. If the granting of such permission meets with your approval, I recommend the passage of the accompanying order.

Respectfully submitted,

Josiah Quincy, Mayor.

City of Boston,

In School Committee,
October 24, 1899.

Ordcred, That the Fire Commissioner, through His Honor the Mayor, be requested to permit the use of the old engine house on Mt. Vernon St., West Roxbury, for school purposes.

Passed.

A true copy. Attest:

Thornton D. Apollonio, Secretary.

Ordered, That the Fire Commissioner, with the approval of His Honor the Mayor, be authorized to permit the School Committee to use temporarily the old engine house on Mount Vernon St., West Roxbury, on such terms and conditions as he shall deem proper.

The order was passed, and the communication and order sent up.

LAND FOR HOSPITAL.

The following was received:—

Mayor's Office, City Hall,
Boston, December 28, 1899.

To the City Council:—

I transmit herewith a communication from the Board of Health requesting that a narrow strip of land adjoining their hospital and disinfecting plants on Swett St. be placed in charge of that department, and recommend the passage of the accompanying order.

Respectfully submitted,

Josiah Quincy, Mayor.

Health Department,

Boston, Dec. 21, 1899.

To the Honorable City Council:—

Gentlemen:—The Board of Health respectfully represents that a narrow strip of land belonging to the City of Boston and formerly a part of our present lot for the hospital and disinfecting plants, has been under lease to the Metropolitan Coal Company until recently. The Board further represents that the space between the hospital and said strip of land is too narrow for our purposes and that the present and future uses of this hospital for contagious diseases and the disinfecting plant require the additional strip of land for the safety of the public and the convenience of our work.

By direction of the Board of Health,

C. E. Davis, Jr., Secretary.

Ordered, That the triangular piece of land, being the west portion of the city's estate known as the old small pox hospital estate, on Swett St., and containing about ten thousand six hundred square feet of land, be transferred from the charge of the Board of Street Commissioners to the custody and uses of the Board of Health, as an addition to the premises used by that Board for a hospital for contagious diseases.

The order was passed, and the communication and order sent up.

PAPERS FROM THE BOARD OF ALDERMEN.

1. Communication from Jacob H. Hecht and others approving the measure now before the City Council for the disposal of the Franklin Fund.

Placed on file.

2. Report of Committee on Claims submitting a list of all claims upon which action has been taken by said committee during the year 1899, and recommending that the same be printed as a city document. (City Doc. 170.)

Report accepted; said recommendation adopted in concurrence.

3. Minority report in regard to the management of the institutions on Rainsford Island, signed by Alderman Brick, a member of the joint special committee on the subject.

The question came on the acceptance of the report.

Mr. CHAMBERLAIN of Wd. 12—Mr. President, I rise to a point of order, that, inasmuch as the Common Council has already acted on the majority report of the committee on the investigation of Rainsford Island, the minority report has no place before this body.

The PRESIDENT—The Chair will rule the point of order well taken and will direct the Clerk to transmit the minority report to the Board of Aldermen.

4. Report of Committee on Claims, on petition of Ellen M. Harding, recommending the passage of the following order:

Ordered, That the City Treasurer be hereby authorized to pay to Ellen M. Harding the sum of \$95.86 being the amount held by the city under chapter 390, section 40, of the Acts of 1883, from the sale of an estate on Granite Ave., lot 24, for unpaid taxes of the year 1896, by deed recorded with Suffolk Deeds, lib. 2501, fol. 61.

Report accepted; order passed in concurrence.

5. Report of same committee, on petition of Ellen M. Harding, recommending the passage of the following order:—

Ordered, That the City Treasurer be hereby authorized to pay to Ellen M. Harding the sum of \$95.66, being the amount held by the city under chapter 390, section 40, of the Acts of 1888, from the sale of an estate on Granite Ave., lot 53, for unpaid taxes of the year 1896, by deed recorded with Suffolk Deeds, lib. 2501, fol. 63.

Report accepted; order passed in concurrence.

6. Report of Committee on Markets on petition of Day & Stimson and others, recommending the passage of the following order:—

Ordered, That permission be hereby granted to Day & Stimson and others, lessees of stalls and cellars in New Faneuil Hall Market, to construct, under the direction of the Superintendent of Markets, a permanent awning of iron and glass to project from said building over the sidewalk at such places as said Superintendent may determine.

The question came on the acceptance of the report.

Mr. CHAMBERLAIN of Wd. 12—Mr. President, I rise to a point of order, that No. 6 has no place before this body. It was sent up here by mistake from the Board of Aldermen. It should be headed "A report of the Committee on Markets," not "Market Department." It comes from an aldermanic committee.

The PRESIDENT—The Chair, believing that No. 6 on the calendar is before the Council by mistake, will rule the point of order well taken and will direct the clerk to transmit the paper to the City Clerk.

7. Whereas, The Trustees of the Museum of Fine Arts through their President, William Endicott, filed with the Board a petition asking that certain restrictions upon land upon which the Museum of Fine Arts now stands, and land adjoining in the rear, might be revoked; and

Whereas, On October 16 this Board passed an order releasing said land from said restrictions, which order was concurred in by the Common Council on October 19, and

Whereas, The release of said restrictions was obtained upon the representation of the Trustees that the purpose in asking the release of the restrictions was that they might be enabled to secure the raising of money by mortgage on the property described in the petition to enable them to improve and extend the Museum of Fine Arts in its present location and now it appearing that this representation is not a fact, but that the Trustees have, or intend to, sell the entire property free from the restrictions and to remove the Museum of Fine Arts to another location.

Resolved, That the City Council condemn the method of securing the passage of said order and that we desire the opinion of the Corporation Counsel as to some means, if there be any, to secure the re-establishment of the restrictions.

Passed in concurrence. Mr. Watson of Wd. 18 moved to reconsider; lost.

8. The preamble and order concerning the Franklin Fund, referred by this Council to the next City Council, came down non-concurred in said reference, the Board of Aldermen adhering to its former action in passing the same.

The question came on receding from former action and concurring with the Board of Aldermen.

Mr. WALKER of Wd. 25—Mr. President, I move that the Common Council adhere to its former action?

The question came on adhering to former action.

Mr. LOGAN of Wd. 14—Mr. President, the question of the distribution of the Franklin Fund has, to my mind, already been sufficiently discussed and the mem-

bers of this body already know what the opinion of their different constituencies is upon this question. I do not intend to say anything upon it tonight. The members all know my views and know the views of their constituencies. But I hope the Council will recede and concur with the Board of Aldermen.

Mr. STEVENS of Wd. 11—Mr. President, the Council saw fit at its last meeting to take this action. I sincerely trust that it will not now recede and concur with the Board of Aldermen. I trust that it will adhere to its former action. The reasons given the last time fully covered the question, and I sincerely trust that this body will adhere to its former action.

The question came on adhering to former action, and Mr. Logan of Wd. 14 asked that the roll be called.

The yeas and nays were ordered, and the Council voted to adhere to former action, yeas 33, nays 19:—

Yeas—Atwood, Bennett, Brauer, Chamberlain, Collins, Cuddy, Curley, Donovan, Gibbons, Harvey, Hibbard, Howard, Jordan, Kiley, Klemm, Linehan, Lorey, McInerney, Midram, Miller, Moore, Newhall, Peck, Roemer, Rolland, Sanderson, Stevens, Stone, Walker, Watson, Wells, Winsloe, Wood—33.

Nays—Badaracco, Bagley, Brennan, Broderick, Carroll, Connolly, Donahoe, Doyle, Giblin, Hickey, Kansanoff, Kelley, Leonard, Logan, Lydon, Mulcahy, Nangle, Simpson, Tobin—19.

Absent or not voting—Armistead, Battis, Bordman, Bradley, Casey, Doherty, Eddy, Emery, Fenton, Flynn, Horrigan, Johnson, Leftovich, MacDonald, Madden, Mansfield, Martin, O'Brien, Rice, Stockton, Sullivan, Sweeney, Turnbull—23.

Mr. WALKER of Wd. 25 moved to reconsider; lost.

NON-PAYMENT OF FERRY EMPLOYEES.

The Council proceeded to take up No. 9, assignment, viz.:—

9. Mayor's message transmitting report of Superintendent of Streets concerning non-payment of ferry employees for time lost in attending encampment of the Grand Army of the Republic.

Placed on file.

RELEASE OF LAND IN DORCHESTER.

The Council proceeded to take up No. 10, assignment, viz.:—

10. Report of Committee on Public Lands, on petition of R. A. Quimby and another, recommending the passage of the following order:—

Ordered, That the Mayor be authorized to release to G. F. Pierce and Ralph A. Quimby all right, title and interest of the city of Boston in a parcel of land owned in fee by them, a part of a former way from Codman St., Dorchester, to land belonging to the city and situated easterly of the Shawmut Branch of the New York, New Haven and Hartford Railroad,—and to convey to said Pierce and Quimby paying to the city the sum of two hundred dollars, and releasing to the city all their right, title and interest to another part of said way, formerly leading from said Codman St. to land of the city, situated westerly of said railroad.

The question came on the acceptance of the report.

Mr. WATSON of Wd. 18—Mr. President, I am certain that I have received no information upon this matter further than what we had at the last meeting. The language used here is very plain and is as follows (reading the order in full). Two hundred dollars—they are going to pay two hundred dollars for over three thousand square feet of land, and in addition to the two hundred dollars they are releasing to the city all their right, title and interest to another part of said way. I

don't know what part of "said way" they are going to give to the city, and I want to know what it is. I will say, as one member of the body, that if I do not receive more information than the order gives here I will vote against the order tonight. I don't know what information the member from Wd. 24 may give, but I hope he will give some, whatever it may be. I want to see my way clear.

Mr. HARVEY of Wd. 24—Mr. President, it seems to me that, this matter having been assigned to this meeting from the last meeting, the members have had plenty of time to look into it, if they were not satisfied with the explanation I gave at the last meeting. I know nothing further to offer in the way of an explanation at this time. I think if the members had looked into it, after the information I gave them, they would have found out that what I said was all right and satisfactory and would have been ready to vote for the order today.

Mr. WATSON—Mr. President, I am no wiser now in reference to the matter than I was when I spoke. Therefore, I move that the whole matter be referred to the next city government.

The question came on reference to the next city government.

Mr. HIBBARD of Wd. 24—Mr. President, I trust that this matter will not be referred to the next city government. This is simply the question of the release of a right of way over some land that is owned by the city on one side of the Shawmut Branch of the Old Colony Railroad, and the release by Quimby and Pierce of another piece of land on the opposite side of the railway. In regard to the piece of land referred to, I think the sum two hundred dollars is enough to pay for it, as it is land close up to a railway, and cannot be used for any other purpose. For building purposes it would be of no use whatever. The land of these other parties adjoins it, and it would be of no use whatever except to these people. I think it is a fair price to pay for the land, and that the city is getting just as much as it gives to Quimby and Pierce.

The motion to refer to the next city government was lost.

The report was accepted and the order read a second time and passed. Mr. Hibbard of Wd. 24 moved to reconsider; lost.

COVE STREET EXTENSION.

The Council proceeded to take up No. 11, past assignment, viz.:

11. Preamble and resolve concerning Cove St. extension. (City Doc. 167.)

Passed in concurrence.

INFORMATION CONCERNING BATH DEPARTMENT.

The Council proceeded to take up No. 12, past assignment, viz.:

12. Message of the Mayor transmitting a communication from the Acting Secretary of the Bath Department, furnishing information requested in an order of the Common Council. (City Doc. 152.)

Mr. McINERNEY of Wd. 19—Mr. President, I move that numbers 12 to 15 inclusive be taken up together and indefinitely postponed. (Objection was made.)

The PRESIDENT—Objection being made the President will direct the Clerk to read No. 12.

On motion of Mr. McInerney, No. 12 was indefinitely postponed.

SALE OF ESTATE IN CHARLESTOWN.

The Council proceeded to take up No. 13, past assignment, viz.:

13. Ordered, That the Board of Street Commissioners, with the approval of His Honor the Mayor, be authorized to sell at public auction, or otherwise, the estate situated on Elm St., Charlestown, said estate having been abandoned by the School

Committee for school purposes, and surrendered to the said Street Commissioners to dispose of.

Passed in concurrence.

APPROPRIATIONS OF MONEY.

The Council proceeded to take up Nos. 14 and 15, past assignments, viz.:

14. Ordered, That an additional appropriation of one hundred thousand (100,000) dollars is hereby made to the Reserve Fund, the same to be met by the additional revenue estimated by the City Auditor under date of Oct. 18, in excess of his previous estimate of revenue.

The PRESIDENT—The Chair will direct the Clerk to transmit the paper to the City Clerk, the order having already gone into operation, in accordance with law.

15. Ordered, That the sum of one thousand (1000) dollars be appropriated, to be expended by the Superintendent of Streets in asphaltting Harrison Ave., between Asylum and Davis Sts.; and that to meet the said appropriation the City Treasurer be authorized to issue, from time to time, on the request of the Mayor, bonds of the city of Boston to said amount for said purpose.

The PRESIDENT—The Chair will direct that that paper also be transmitted to the City Clerk upon the same basis.

LAND FOR RELIEF HOSPITAL.

Mr. WALKER of Wd. 25, for the Committee on Hospital Department, submitted a report on the order (referred Dec. 7) defining the limits of land in Haymarket Sq. to be used by the Hospital Department—recommending the passage of the order in concurrence.

Report accepted, order passed in concurrence.

LAND AT FIRE HEADQUARTERS.

Mr. WATSON of Wd. 13, for the Committee on Fire Department, submitted a report on the order (referred Dec. 7) for the transfer of land on Bristol St. adjoining Fire Headquarters—recommending the passage of the order in concurrence.

Report accepted, order passed in concurrence.

LAMP DEPARTMENT INVESTIGATION

Mr. LINEHAN of Wd. 13, for the special committee, submitted the following:

The special committee of five members of the Common Council, appointed to investigate the Lamp Department, and also to inquire into the contract let out to the Rising Sun Street Lighting Company respectfully recommend reference to the next city government. Your committee have not had sufficient time in which to conduct a thorough investigation but consider the matter of such vital importance to the citizens and taxpayers that they feel justified in recommending a rigid investigation by the next City Council.

Your committee held a number of meetings and secured some facts in regard to this matter which we respectfully submit to the Common Council at this time. Mayor Quincy in his inaugural address, January 3, 1898, said "the experience of the last two years has decidedly strengthened my belief in the desirability, from many standpoints, of substituting the direct employment of labor for the contract system"—and what has he done? He has practically destroyed the Lamp Department, and let the entire work of the said department out to a foreign trust, which is making an effort to control all street lighting in this and other states, said contract being subversive to the fundamental principles of municipal ownership and the welfare of the city and the taxpayers. Thousands of dollars worth of property belonging to the city have been handed over to this corporation for an indefinite period, without the city receiving one dol-

lar compensation in return. The citizens and taxpayers are not prone to complain of the reasonable expenditure of the city's funds, but when the chief executive manipulates the finances of the city for the benefit of wealthy corporations it is high time for the taxpayers to enter a vigorous protest through their duly elected representatives, and if possible to prevent the appropriation of any more of the city's money until the matter has been thoroughly investigated. Your committee found on inquiry a number of names of men on the list of stockholders who did not own a dollar's worth of stock in the company, and owing to the fact that transfers of stock have not been properly recorded it is well nigh impossible to determine who really are the stockholders. This is, in the opinion of the committee, an effort to conceal the names of the real stockholders, and we deemed the matter of such importance that we called a public hearing, and requested the Mayor, the Supt. of Lamps and a number of stockholders to appear and give what information they could, but not a witness appeared. The Mayor and Supt. of Lamps furnished technical excuses, and their action cannot be too severely condemned by the City Council and the people in general. The name of William F. Brown appears on the list of stockholders, representing nearly 3000 shares, and he claims a residence in Cambridge, but we found on inquiry that his home is in Philadelphia and he represents the corporation in Boston. It is possible that in his name are carried the shares of men who do not desire their names to appear on the list of stockholders, and if so this effort to deceive the people deserves the severest censure.

In answer to an order of the Common Council the Superintendent of Lamps stated that the property of the Lamp Department was worth about \$500, notwithstanding the fact that he had received offers of thousands of dollars from parties who were desirous of securing some of the old lanterns. But these offers were ignored, and the property handed over to the corporation without one dollar being paid to the city in return, and now we find the company remodelling the city's lamps into boulevard lanterns, which by virtue of their contract they should furnish free of cost. Another important matter to be considered is that while the city may be receiving a little better light, though at a greatly increased cost, the use of the mantle on the lights is an economical appliance resulting in the saving of gas, thus benefiting the corporation, and your committee feel that the lights therefore should be furnished at a reduced rate.

However, the committee find that under the present laws the Mayor had the right to make this contract, and we recommend that the City Council secure some legislation to prevent unscrupulous Mayors from trading away the rights of the people in such a barefaced manner. We furnish the Common Council herewith a list of the stockholders secured from the Secretary of the State of Maine.

Your committee hope for a thorough investigation by next year's city government, and so respectfully recommend.

Frank J. Linehan,
James A. Watson,
David B. Chamberlain,
Geo. O. Wood,
William H. Cuddy.

The report was accepted. Mr. Watson moved to reconsider; lost.

ANNUAL DINNER.

Mr. SANDERSON of Wd. 25, for Committee on Annual Dinner, submitted a report to the effect that arrangements had been completed.

Accepted.

RESOLUTIONS ON DEATH OF GEN. LAWTON.

Mr. GIBLIN of Wd. 15 offered the following resolutions:—

Whereas, the nation has suffered a severe loss in the death of General Lawton while leading his troops in the Philippines, and

Whereas, the manner of his death is typical of the gallantry of the American soldier

Resolved, that the City Council of Boston extend its sympathy to his bereaved family in this their hour of sorrow.

Resolved, that a copy of these resolutions be sent to the family.

Passed. Sent up.

SKATING, FRANKLIN FIELD.

Mr. HARVEY of Wd. 24 offered an order—That the Park Commissioners be requested, through His Honor the Mayor, to flood for skating purposes Franklin Field. Referred to His Honor the Mayor.

RESOLUTIONS OF SYMPATHY FOR BOERS.

Mr. LINEHAN of Wd. 13 offered the following:—

Whereas, The Common Council of the City of Boston has heard of the magnificent struggle for independence and freedom from British tyranny which has been made by the Boer nation recently, and

Whereas, This representative branch of our City Government believes that the Boers ought to be a free nation, be it

Resolved, That this Council congratulate President Kruger and his people on their many successes already achieved and that we further hope the war will end with the complete victory for the Boer arms.

Resolved, That the Clerk of the Common Council be instructed to forward a copy of these resolutions to President Kruger.

The question came on giving the resolutions a second reading.

Mr. LINEHAN of Wd. 13—Mr. President, as this is the last meeting of this year's City Council, I made up my mind to introduce at this time, and to try to place this representative body on record as being in favor of liberty, of freedom, for all mankind. We have been struggling in this Council the entire year. There has been a very peculiar combination between all of the Republicans and a few Democrats. We have been struggling for liberty. When I say "liberty" I mean political liberty. And today, in South Africa, there is a nation of people struggling for liberty—for political liberty. And, Mr. President, I think at this time, after a year's struggle by this body, this small, but, I believe, truly representative body of the common people, would do nothing more than right if they put themselves on record as being in favor of liberty. I believe that there a number of people in the Council Chamber today who are not—(laughter)—

The PRESIDENT—The Council will be in order.

Mr. LINEHAN—Mr. President, I am sorry to see the members of the City Council, duly elected representatives of the people, making practically fools of themselves on the floor of the Common Council. As I said, Mr. President, my interest at this time is to place the City Council on record as being in favor of the freedom of those people. Boston, the home of Hancock, the home of Paine, the home of Otis, the home of Samuel Adams—I don't mean John Adams, but Samuel Adams—and the home of General Warren, this grand old city where was born and uttered the sentiments of the freedom of this great American nation! We have in this city today the cradle of American liberty, Faneuil Hall. On Washington St. stands a building which covers the spot where the old elm stood. Boston has produced more than her share of the world's great patriots, and I think that the least that the members of this

Council can do is to go on record as being in favor of a band of patriots. We find England today at her old game, of which she is a past master of the art, of subduing and depriving people of their rights and of their liberty. England, according to the history of the world, is the enemy of civilization. Her methods are peculiar ones, but, nevertheless, they are conducted and carried on on a business principle. Her first emissaries are missionaries who, with the Bible in their hands, convince the natives, the uneducated natives, of whatever country they might wish to subdue, that all they want in this life is the Lord. After the missionaries have opened the road, then come the traders. They give them the Lord, but they take everything else; and then, in the name of commerce, in the name of humanity, to save those traders and those missionaries, England sends her soldiers—and we know what the result has been. England's work in India—working on the superstition of the people there—and her actions, do not need any condemnation from me at this time. We find the results of the Indian mutiny, and what they did at that time. We find the blowing of the Sepoys from the guns. It is the belief of the Sepoys that he who is dismembered and cut to pieces in this world has no hereafter, and England, to deprive those people of that right, which they hoped to get after they left this life, blew them from the guns, and blew them in pieces, in order to deprive them of that right, and to deprive them of it in the eyes of the others.

Today in India England's civilization can be seen by the whole wide world. We find there a million people starving. India is ravaged by a famine today. England, the grand civilizer, with her very peculiar policies, is responsible for the condition of India today. In London, in about one square mile, are controlled the finances of the whole wide world, and they, the stock jobbers, the men who read the markets, the men who manipulate the finances, are the men who are responsible for the war in the Transvaal today. They go there in the name of civilization. They are after the gold, the diamonds, and the wealth of the country—not the welfare of the people. Those men, who control the wealth of the whole wide world, when the brave soldiers have been sent to the front, never go along with them. The fortunes of war are against them, and not only that, but the fair name and the records of the past lives of those brave men are stigmatized by these men. At present in this country today there is a certain number of people trying to work up a friendly feeling between this country and England. Gentlemen of the Council, they are making an effort to insert the thin end of the wedge. That is what is to be done, and the driving home of the wedge means an Anglo-Saxon alliance between this country and England. An alliance between this country and England means the defeat of England's enemies. England is the greatest enemy that this country has. We must not forget that England owns Canada and owns both sides of the St. Lawrence River. If England had a combination with a European power she would land one hundred thousand men in Canada, and nothing would stop them from going through the country. If we stop to consider that in the late war we had fifty thousand men on our own at Tampa or Chickamauga without uniforms and drilling with sticks, I am sure that in the present state of affairs it would be impossible in this country to resist 100,000 trained troops. England realizes that her colonial, financial and all her other interests, conflict with the interests of the European powers, and if she had a war today she would have to have a base of supplies. A base of supplies means that England can have a place to draw from, to buy food, to buy arms, to buy anything she wants, and the object

of that is that England being a non-producer herself, if she were cut off from a base of supplies, would need her army at home to take care of England, and in the Transvaal to subdue a body of patriotic people. After fifty years of fighting, we find England today facing the only civilized troops she has forced for half a century. And what is the result? What a difference between fighting the poor Dervishes. What a difference between the campaign in Zululand, when the Prince Imperial wrote home, "Oh, what a delight!" "I am day after day chasing fleet-footed Zulu spies over the hills!"

And what became of the Prince Imperial? Chasing fleet-footed Zulus fine, men who were fighting with spears against England and her trained soldiers with their machine guns. They were deprived of their rights, and England today is trying to do the same thing over again. The people of the Transvaal and the South African Republic look upon the English the same as the people of this country look upon the Chinese. If there were no restriction upon the immigration of the Chinese, what would be the result in this country? You would have forty or fifty million Chinese here in a short period of time. You would have very little to say about the men you sent to Congress, the man whom you elected for president. If they were citizens of this country they would carry everything with a sweep. Everything would be carried by the vote of the Chinese. And if the Boers did not restrict the English in the franchise, today the English would flood the country, get the franchise, carry the halls of legislation and make the Transvaal what the Boers are fighting against having it made. We find England sending her best soldiers to the Transvaal. Her best generals have been defeated one after the other,—defeated by men who are farmers, Boers. The word "Boer" means "farmer,"—men who love their homes, men who are fighting for their families, fighting for their country, and fighting for the land which they have tilled. The Boers have been driven from Cape Colony to Natal, from Natal to the Transvaal. The Transvaal was, when they got there, a vast wilderness, but they have made it blossom like a bed of roses. England wants that. That is her way. By what right? We find Rooerts and Kitchener going to the Transvaal. Kitchener! Do you know what he has done? It is fresh in the minds of the members of this Council. He is fresh from a slaughter of the Dervishes. His slaughter of the Dervishes has made the British people forever grateful to Kitchener. On the blood-stained pages of English history is written the same thing over and over again—people fighting for what the colonists of this country fought for. In the Old State House, members of the Council who go there will read what is said on the tablets in the old Council Chamber. You will find recorded there acts identically the same as what are being carried out in the Transvaal today. It occurs to me, Mr. President, at this time that I remember reading about the father of our American Navy, old John Barry. He met with two vessels, war ships, which were minions of the Crown, and when hailed by them: "Who are you?" he said:—

"This is the ship Alliance, from Philadelphia town,
And boldly bids defiance to England's
King and crown.
As captain on her deck I stand, to guard
her well and true,
Half Yankee and half Irishman, what
tyrant's slave are you?"

If those were the words of the father of this grand American Navy, I say that his sentiments should be the sentiments of the Common Council of Boston. I sincerely hope that the resolution will pass. The question came on giving the resolution a second reading.

MR. WALKER of Wd. 25.—Mr. President, I am sure that the Council has listened with much interest to the exposition and

the arguments of the gentleman who has just taken his seat. This is a matter, it seems to me, that requires careful consideration on our part, since the action we take at this time may have a very far-reaching effect. If, for instance, this resolution is passed, we cannot conceive of the effect that it may have upon the success of the British arms. It may result, gentlemen, in the British becoming so discouraged that they will immediately lay down their arms. A body of the character of the Boston Common Council passing a resolution of this sort will stun the world and will, possibly, perhaps have some effect which may be deeply regretted by the members of this Council. But, gentlemen, I agree with what the gentleman who has just taken his seat has said with regard to the character of this body. The remarks that I have just made, although in a light vein, I would not have interpreted to mean that I would in any way depreciate or speak lightly of the character of the body. This body, as a municipal body, I want to say right here, that I regard as one which should have the respect of all the citizens of Boston, and which has my respect. During the deliberations of the past year I have observed a marked dignity in this body, and I want to say that, comparing it with what I had been led to expect before I came here, I was very pleasantly disappointed. Things which I heard, things which I had read before I came to be a representative of my ward in this body, had led me to believe that affairs were not always conducted here on as high a plane as they should be. Now, I shall be very much disappointed if tonight I shall see repeated the little funny tricks and jokes, practical jokes, which I understand has been customary at the closing session of each year previously—or, at least, for a great many years. I think that these things are thoughtlessly done. They are funny without doubt, but I think that we all, on consideration, will believe and will come to the conclusion that they are out of place in a legislative body in the city of Boston. We are not met here in this chamber for that purpose. Speaking more directly to the order, I want to say that I think we have here touched upon a matter that is entirely beyond the province of this body; and, Mr. President, I would respectfully move the indefinite postponement of the resolution.

The question came on indefinite postponement.

Mr. STEVENS of Wd. 11—Mr. President and Members of the Council: I hope that this order will be indefinitely postponed. I have listened with much interest to the gentleman from Wd. 13 (Mr. Linehan), and believe him to be perfectly honest and sincere in the remarks he has made and the resolution he has chosen. But I think it is a resolution that we have no right to pass. I have known little of the Boer government until it had its great difficulty with the great empire of England, and since that difficulty has commenced I have great respect for them, but I have equally great respect and love for the British Empire. Who was our friend during our recent trouble with Spain—the greatest friend we had? I feel that it would be unwise for the United States government and for the government of the State of Massachusetts or of the municipality of Boston, or for any other representative body of our people, to take any stand by passing resolutions and sympathizing with one side or the other. It is their quarrel, and I don't believe it is our place at this time to mix up or take part in resolutions favoring one side or the other.

Mr. WATSON of Wd. 18—Mr. President and fellow members, I am not prepared to make a speech which will compare with those made by either of the three gentlemen who have preceded me, but I am prepared to give my reasons in favor of the resolution. In the first place, ever since I have been able to take care of myself—and it has been a great many

years—at any time when I have seen a big fellow doing something to a little fellow it has been my desire to go in and help the little fellow. That is just my position with reference to these resolutions tonight. The gentleman in this division (Mr. Walker) refers to what the resolution might bring about. He says it may bring about the laying down of arms by England. Let me say to him in all sincerity that the way things are going in the Transvaal today that, considering the way things are going there today, if England does not lay down her arms, they will mighty soon be taken away from her by the Transvaal heroes.

Mr. President, and fellow members, I am only sorry that this matter comes in here at the closing day of the session. I believe it should be given more consideration by this body. I, for one, am as jolly and as good natured as any member here, and after the session is over I will join heartily in fun with any of the members. But I do sincerely trust—those who are here, Democrats and Republicans, those in the ante room, will come forward and vote on this resolution tonight as their hearts dictate. I am satisfied that 95 per cent. of the members of this body and of the spectators here are in sympathy with the noble heroes in the Transvaal today, those who are fighting against oppression and persecution, who are being fought by the meanest nation on earth—the nation, as our friend said, who was our friend in the late war. But was she our friend in the Civil War, when we needed her just as much? I say, no! I am not up at all in history, but I am well up in fair play, and I want to say that I believe that in the hearts of 95 per cent. of the members of this body there is sympathy for those in the Transvaal. I sincerely trust that every member here will vote for the resolution, and that the vote will be taken standing. I hope every member will rise and will at least give some assistance to Oom Paul, with a resolution from the Hub of the Universe wishing him success.

Mr. COLLINS of Wd. 3—Mr. President, as extensive as is the subject under discussion, I think it has been most eloquently and ably gone into by my colleague from Wd. 13 (Mr. Linehan). I was a little surprised at the gentleman in the first division when he stood up and said he hoped the matter would be postponed, from a fear that the effect of this resolution passing here tonight might be that the English soldiers would lay down their arms. That had never occurred to me. I have anticipated that it might encourage in some little degree President Kruger and his associates; but, now that the gentleman has that fear, and has expressed it, say "Amen" to it, and hope that the resolutions will be passed, and hope that they will strike terror into the hearts of the English soldiers, and that they will have some effect on their laying down their arms in South Africa. I hope that the motion to indefinitely postpone these resolutions will not be adopted, but that the resolutions will be passed tonight.

Mr. GIBLIN of Wd. 15—Mr. President, it is interesting to note the irony of the gentleman on my left, and also the sentiments expressed by the gentleman in the fourth division. It is unfortunate at this time that a resolution of this kind cannot carry more weight.

The Congress of the United States has not yet passed any resolution upon this matter. Perhaps the cause of their hesitation is criticism of the entire world for our actions in the far East. But that, nevertheless, does not hinder us from extending the sympathy of Boston to the people of Pretoria, to the people of the African Boer Republic, who are making the same fight for republican institutions as the human race in this country made just 125 years ago. It is the same old story, Mr. President,—The lust for power, the acquisition of wealth on the part of the great, and their desire to gobble up and devour the poor and the weak. We can re-

call Dr. Jameson's raid of a few years ago under the desire of a benevolent and philanthropic motive. The real motive, Mr. President, was the seizure of certain gold and diamond fields at that time,—the same spirit that animated the power behind them when they went down to British Guiana and tried to steal, tried to grab, a little strip of land bordering on a strip between that country and Venezuela.

But they had to show their hand then, and they may have to show their hand today, before this contest is over. That same greed for gold animates the English people in their contest today at the Modder River. Before gold's superior charms the delight of freedom falls. The needy sells it, and the rich man buys. That is what bring them up against, as General Miles says, white people today in the South African Boer Republic. A half a dozen of their best generals have been sent down there, to no avail. The flower of English chivalry meets today on the banks of the Modder and at Colenso, the same sturdy yeomanrace, that they met at Concord Bridge 125 years ago, when the Americans fired that shot that was heard around the world. I sometimes think that the seed of that fight for liberty was sown in darkest Africa, and that it has taken root, that it has been killed by those who went into the Transvaal some years ago under certain agreements entered into by the English Government. When they erected a government of their own, in 1854, England made certain stipulated agreements with them; and today she has broken them, and why? England in this matter denies the right, the supreme authority, of a nation to make laws governing itself. No nation could come over here, and no set of individuals could band together today in this country and try and force congress to extend the franchise to foreigners.

And that is what England has been trying to do in South Africa—as if the Boers did not have the right to say how long an alien should live in their country before they should be admitted to citizenship! It is the same old story, the same bullying process; but their bluff has been called today, Mr. President. They have not been up against a white man since 1854. They have had to do with the poor Hindoos. The poor Hindoos had never cultivated the art or science of war, but had cultivated and fitted themselves with their religion, and that left them an easy mark to a modernly equipped nation like England. In their feeble efforts to maintain their supremacy, while superior in numbers, they fell before the modern rifles, being armed with nothing but cheap spears. The victory of the Sepoys is the same, and the history of the nation just across the channel from England tells the story today, tells the story of a nation that within fifty years has been almost depopulated, half of its population having gone away. And why? There has not been the opportunity there, owing to the land being owned by government. She has put her troops into that soil, into that government, and they have had nothing to do but overcome defenceless men, defenceless women and defenceless children. That has been the policy of that country for the past fifty years or one hundred years. But, today Mr. President, to repeat, she is up against men such as she never dreamed of, and the Modder River furnishes a second Bunker Hill. My honest wish is may it go on. May 1900 see this Boer Republic established an independent republic! Now, republics seem to care very little for each other at times. It would seem as if a vote of sympathy from this body, or even from this country or from other countries, to the Boer republic would be in order. But it is a different spirit that governs nations today. It is a different spirit. Lombard Street governs this contest. As one paper says: "The world of finance rules, and the thief is the jaller." I hope this contest will end with

the complete independence of the Boer Republic, so that Columbia may shake hands with her South African sister nation in the future.

Mr. McINERNEY of Wd. 19—Mr. President, I was unaware that the gentleman in the third division was to introduce his resolution this afternoon, and I was also surprised to see one of my Republican friends get up on the floor and move to indefinitely postpone the resolution.

When I introduced resolutions in sympathy with the Filipinos it was also a Republican member of this Council who got up on the floor and moved the indefinite postponement of those resolutions. The Republicans, if they keep on, will place themselves before the eyes of the public, before the eyes of the people of this country, as being as they have always been, opposed to the advancement of humanity. One gentleman in this division has seen fit to say that England was our ally in the late war with Spain. Our war with Spain was one of humanity. When we went to Cuba and tried to extricate the Cubans from the hand of Spain, we found England then our supposed ally; but I tell you, gentlemen, that if there had been a chance for England to nail us at that time, she would have done it. England knew what she was coming to, and it was for that reason that she was our pretended ally at that time, because she expected the support of the American nation in the war that she has engaged in now. She knows she is at war with the whole world—not the people of India and of South Africa alone, but she is at war with the whole world, and I think she is on the eve of her downfall. Now, Mr. President, the gentleman who has brought about this war, is Mr. Joseph Chamberlain, the Colonial Secretary of England. Possibly some of you have read the interview of that gentleman with a Post reporter some few years ago—I think it was December 8th, 1896. At that time, when visiting down to his father-in-law's house in Salem, he made a dirty-minded, low, bigotted statement that it made such an impression on me that it can never be driven out of my mind. It was at the time of the Venezuelan boundary dispute between this country and England, and it was supposed by some of the leading people in this country that when he came here, he came with the intention of settling that dispute. This Post reporter asked him particularly as to the Irish cause. He said that Ireland was better off than any one of the British possessions. He said, and laid particular stress upon it, that the news concerning Ireland that was given to our American people came through Irish and Roman Catholic channels, and that for that reason the people of this country were in ignorance of the real state of affairs in Ireland, and that they never thought enough of the cause to send broad-minded journalists across the water to find out for themselves. He also told this reporter that if he wanted to find out the real facts concerning Ireland, he would advise him to go over to Belfast, the old, established seat of Orangism in Ireland, to find out from the broad-minded people of Belfast how the Irish cause really stood—the people whom he said very much resembled us Americans. Well, I doubt if any Orangeman that ever lived resembles an American in any shape or form as respects creed or belief. Mr. President, I am not prepared to say anything in reference to this matter which is under discussion. Everything that has been said by the gentleman in the fourth division is but the stern truth. We all saw the Globe of a few days ago, and saw the interview which its representative had with President Steyn, of South Africa. We understand the condition of affairs there, and I am surprised that any republican member, regardless of party, should get up here on the floor and oppose these resolutions, for they are humane resolutions. I hope that they will pass unanimously.

Mr. LYDON of Wd. 13.—Mr. President, I want to say that I am surprised at the action of the gentleman in the third division. I had heard of the intention of my colleague from Wd. 13 (Mr. Linehan) to introduce the resolutions, and I made it my business to inquire of many of the members how they felt in regard to it. I was of the opinion, after consulting with a majority of the republican members, that there would be no opposition to it; but it seems that as soon as my friend from Wd. 25 (Mr. Walker) stood up and moved indefinite postponement, there was a hurry-flurry of republican members, and an endeavor to make it a party measure, an effort to get enough votes to defeat it. Now, this is a matter of not a great deal of importance to the Common Council, to the country at large, or, in fact, to the Boers. It might aid them a little, and give them some slight comfort. I regard it as simply an act of charity on the part of a people who are not oppressed toward those who are oppressed. The position of the Boers is what our position was in the early days of this country, when we were fighting for freedom. We would have been very glad to have had some friendly nation, or some representative government of a friendly nation, say to us: "We are in sympathy with you. Keep up your fight." I believe we should be charitable in this matter. The republican government at Washington has not gone on record up to the present time. There is no precedent on the part of the republicans for opposing a resolution in favor of the Boers. The Boers are oppressed, and the republican members know it as well as I do. While at first, I myself thought the resolutions were somewhat premature and superfluous, I believe that they might do some good, and that we are doing nothing more than right, and nothing more than what is our duty toward a nation like the Boers when we pass this resolution. When we do so, I believe we will have done something of which we can be proud. I sincerely hope that the resolution will not be indefinitely postponed, but that it will be passed, and that the republican members will not make a party measure of this, there is absolutely no ground for doing so, in my opinion. There is no possible reason why the republicans should be arrayed on one side or the other. During the past year various members of the democratic party have allied themselves with the republicans, when they have believed that they were in the right. We have not known party lines in many cases in the Council this year. I believe that we should not divide on party lines now, on a petty matter like this. I was afraid of a contest between the republicans and the democrats. I heard some one suggest that there might be such a contest. From the investigations which I made, I was led to hope, however, that there would be no contest, and I wish that it might be possible for them to withdraw their objections and to allow this resolution to go upon its passage.

Mr. DONAHOE of Wd. 14.—Mr. President, I believe that there has been enough discussion on this matter now, and I move you, sir, the previous question.

The PRESIDENT—The question is, "Shall the main question be now put?"

Mr. WALKER of Wd. 25.—Mr. President, that motion will cut off the motion to indefinitely postpone, I understand?

The PRESIDENT—The Chair will state that the motion for the previous question cuts off the motion to indefinitely postpone.

Mr. WALKER—Then, Mr. President, I am opposed to the motion for the previous question. I may express, in turn, my surprise that the gentleman in the third division should attempt to bring into this question party motives. I will say that I was not informed that this measure was to be introduced here tonight, and I will

say, furthermore, that I have not consulted a single one of my fellow Republicans in regard to this matter. When I arose here tonight, I arose on an impulse that was entirely my own. I felt that something had been introduced here with which this body had no concern. I declined to enter at all into the merits of the measure. I did not take either side. I simply said I did not consider that it was the province of this body to go into the matter at all. It was for that reason that I made my motion to indefinitely postpone the matter, and it is for that reason that I adhere to that motion. I hope that there will not be a line up between the parties, and I do not expect that there will be. Every man is going to vote upon this measure as he believes is right. We are not going to vote upon the merits of the resolution, either. My position is simply a technical one, that we should throw this out of consideration, for the reason that it does not belong to us.

The PRESIDENT—The time allowed the gentleman for debate having expired, the Chair will ask him to yield the floor. The question before the house, "Shall the main question be now put?"

Mr. WATSON of Wd. 18.—Mr. President, I want to say that I sincerely trust that the main question will not be put. This is the closing session of the year. It is the final session where we can blow hot air, and for that reason I sincerely hope that we will have that privilege given to us tonight. I want to say to the Republican members of this body that I do not feel that this is a party measure, and that I do not feel that they are making it a party measure. I know of Republican members of this body who intend to vote in favor of this resolution, unless they vote against their consciences. I know that, because they have expressed their opinions to me, and I wish to say that if they vote opposite, I will publicly tell them so. I want to say, further, that there are many members in the ante room—and for the benefit of the spectators and of this body in general, I want to say they were talking over where they were going next year, because they have been defeated in the past caucuses (laughter). Now, I want to say that I know of Republicans who intend to vote for this measure, and I understand, on the other hand, that some Democrats intend to vote against it, because their consciences so dictate. There is no line up here between Republicans and Democrats. I trust that there will not be one single member of this body who will dodge when the vote is taken, but that each member will vote according to his conscience—and, if so, there will be less than six votes against the measure, by official reckoning on my part (laughter).

Mr. LINEHAN of Wd. 13.—Mr. President, before the main question is put I would like to define my position properly. I do not care who votes against this resolution. I don't care if the entire Council votes against it.

The PRESIDENT—The Chair at this time desires to state that he has allowed a little more latitude than strict parliamentary procedure would tolerate in discussing the main question. The question before the house, "Shall the main question be now put," and debate upon this main question itself is not in order.

Mr. LINEHAN—I only desire to say, Mr. President, that I will not appeal to a member of the Council to vote for it.

Mr. DONAHOE of Wd. 14 moved that the vote on ordering the main question be taken by the yeas and nays. The yeas and nays were ordered, and the main question was ordered—yeas 39, nays 18:—

Yeas—Battis, Bennett, Brennan, Broderick, Carroll, Casey, Collins, Connolly, Cuddy, Curley, Doherty, Donahoe, Donovan, Fenton, Gibbons, Giblin, Hickey, Horigan, Kasanof, Kelley, Kiley, Klemm, Leftovich, Leonard, Linehan, Logan, Lydon, McInerney, Mildram, Miller, Moore,

Mulcahy, Nangle, Newhall, Sanderson, Stone, Sweeney, Tobin, Watson—39.

Nays—Armistead, Atwood, Bagley, Brauer, Chamberlain, Harvey, Hibbard, Howard, Jordan, Martin, Peck, Rolland, Simpson, Stevens, Walker, Wells, Winsloe, Wood—18.

Absent or not voting—Badaracco, Bordman, Bradley, Doyle, Eddy, Emery, Flynn, Johnson, MacDonald, Madden, Mansfield, O'Brien, Rice, Roemer, Stockton, Sullivan, Turnbull—18.

The PRESIDENT—Thirty-nine members having voted in the affirmative and eighteen in the negative, it is a vote, and the main question is ordered. The question is now on the passage of the resolve.

Mr. WATSON of Wd. 18—Mr. President, I move that when the vote is taken it be taken by yeas and nays.

The yeas and nays were ordered, and the resolution was passed—yeas 35, nays 22.—

Yeas—Bennett, Brennan, Broderick, Carroll, Casey, Collins, Connolly, Cuddy, Curley, Doherty, Donahoe, Donovan, Fenton, Gibbons, GIBLIN, Hickey, Horvigan, Kasanof, Kelley, Kiley, Klemm, Leftovith, Leonard, Linehan, Logan, Lydon, Martin, McInerney, Mulcahy, Nangle, Newhall, Stone, Sweeney, Tobin, Watson—35.

Nays—Armistead, Atwood, Bagley, Battis, Brauer, Chamberlain, Harvey, Hibbard, Howard, Jordan, Mildram, Miller, Moore, Peck, Rolland, Sanderson, Simpson, Stevens, Walker, Wells, Winsloe, Wood—22.

Absent or not voting—Badaracco, Bordman, Bradley, Doyle, Eddy, Emery, Flynn, Johnson, Lorey, MacDonald, Madden, Mansfield, O'Brien, Rice, Roemer, Stockton, Sullivan, Turnbull—18.

Mr. WATSON—Mr. President, I would like to have the roll of the members called at the present time.

Mr. LINEHAN—Mr. President, I move a reconsideration of the last vote, hoping it will not prevail.

The PRESIDENT—The Chair will say it is in order to ask a roll call at any time.

Mr. WATSON—Mr. President, I would like to move that the roll of the members present be called at the present time. Certain members have dodged on that vote, and I would like to see them recorded.

Mr. Linehan's motion to reconsider was lost.

CITY COUNCIL MINUTES.

Mr. WELLS of Wd. 16 offered an order—That the City Messenger be authorized to cause a sufficient number of the City Council minutes of 1899 to be bound in the usual manner, and to furnish each member of the City Council of 1899, each new member of the City Council of 1900 and each head of the principal departments with one copy of same; the expense thus incurred to be charged to the appropriation for City Council, City Council Proceedings. Passed. Sent up.

CITY DOCUMENTS.

Mr. WELLS of Wd. 16 offered an order—That the City Messenger be authorized to furnish each member of the City Council of 1899 and each of the heads of the principal departments with one set each of the City Documents for 1899, when completed and bound.

At this point there was a disturbance in the Council Chamber.

The PRESIDENT—The Chair will state that he believes that there are members of the Council who are instigating disorder at this meeting today, and if they continue the Chair will direct the City Messenger to remove them from the Chamber. The order was passed. Sent up.

BYRON ST. SCHOOL.

Mr. BAGLEY of Wd. 1 offered an order—That the School Committee, through His Honor the Mayor, be requested to take the necessary steps for building and furnish-

ing a school in the vicinity of Byron St., Wd. 1, as the same is of great necessity. Referred to the next city government.

PAYMENT OF FERRY EMPLOYEES.

Mr. BAGLEY of Wd. 1 offered an order—That the Superintendent of Ferries be requested to pay the members of the G. A. R. who are employed on ferries who attended the encampment at Philadelphia for time lost while away, in accordance with an order passed by the City Council earlier in the present year.

The question came on giving the order second reading.

Mr. BAGLEY of Wd. 1—Mr. President, since last Thursday night I have found that the members of the G. A. R. who work on the ferry are the only ones in the City who have not received their pay for the time lost while in Philadelphia. There are thirty-nine members of the Grand Army working on the ferry, and there were twelve who went to the encampment. Four went during their vacation, and of course they received their pay; but the balance have not received a cent, and they were not told beforehand whether they would get their pay or not. When they took that trip they were in hopes of getting their pay, through an order introduced into the Board of Aldermen by Alderman Barry, and I think the only reason they have not got it is on account of the Superintendent of Ferries. He seems to have taken the matter into his own hands and is keeping their pay from them. The order was read a second time and passed. Sent up.

SPITTING IN THEATRE.

Mr. LYDON of Wd. 13 offered an order—That the Board of Police, through His Honor the Mayor, be requested to cause the regulation of the Board of Health prohibiting spitting in public places to be enforced in the Palace Theatre in this city. Referred to His Honor the Mayor.

SKATING, COMMONWEALTH PARK

Mr. LYDON of Wd. 13 offered an order—That the Superintendent of Public Grounds, through His Honor the Mayor, be requested to flood for skating purposes Commonwealth Park, South Boston. Referred to His Honor the Mayor.

PAYMENT TO READING CLERK.

Mr. CUDDY of Wd. 8 offered an order—That there be allowed and paid to Joseph O'Kane the sum of one hundred and fifty dollars for his services as reading clerk for the Common Council during the present year; said sum to be charged to the appropriation for Common Council, Contingent Expenses.

Passed.

UNFINISHED BUSINESS.

Mr. CUDDY of Wd. 8 offered an order—That all matters of an unfinished nature in the hands of the several joint standing and special committees of this City Council be referred to the next City Council.

Passed. Sent up.

Mr. CUDDY of Wd. 8 offered an order—That all matters of an unfinished nature in the hands of the several standing and special committees of this Common Council be referred to the next city government.

Passed.

WOODEN BUILDING.

Mr. CUDDY of Wd. 8, for Mr. Simpson of Wd. 1, offered an order—That the Building Commissioner be authorized to grant a permit to William F. Seaver to build a shed in the rear of 49 Rutaw St., Wd. 1, said building to be built outside of the building limits.

Referred to His Honor the Mayor.

CLOSING PROCEEDINGS.

Mr. HIBBARD of Wd. 24 offered the following:—

Whereas, the Common Council of 1899, having completed the work intrusted to it by its constituents, desires to express to its presiding officer its appreciation of the manner in which he has conducted its proceedings, it is therefore

Resolved, That the thanks of the members of this body are due and are hereby tendered to Daniel J. Kiley, Esq., for the extraordinary ability with which he has performed his duties, as President of the Common Council during the present year, for his fidelity in attending the meetings, and for his courtesy and consideration toward us all; we assure him that we will bear pleasant memories of our happy association with him, and we trust that his future career may be both happy and prosperous.

The resolutions were read a second time, and the question came on their passage.

Mr. CHAMBERLAIN of Wd. 12 said:—

Mr. Clerk, it is with great pleasure that I rise here today to second the resolutions presented by the gentleman from Wd. 24 (Mr. Hibbard) and to express my deep appreciation of the kind and courteous treatment accorded me by the presiding officer of this body during the past year. It has been a source of great satisfaction to me that the combination formed early in the year has held together throughout the year, with scarcely a break. To you, Mr. Clerk, and to your assistant, Mr. McLaughlin, I offer my heartfelt thanks for many kindnesses rendered; to the City Messenger and Messrs. Silloway, Murphy, Robinson, Mooney and Sullivan, his assistants; to the Clerk of Committees, Mr. Dever, and his assistants, Messrs. Doyle and Hurley; to the City Clerk, Mr. Galvin and his assistant, Mr. Priest, and to all heads of departments with whom I have come in contact during my two years in this body—I offer my heartfelt thanks for courtesies extended to me on all occasions. The press has treated me very kindly, and, on the whole, has been most charitable in its criticisms. No man can find fault with an honest criticism, especially when the columns of the press are open at all times for a man to express his views. I wish especially to thank as representatives of the press in this body, Messrs. Richmond, Richardson, Ross, O'Callaghan, O'Connell, Holden and White, for the many courtesies extended me throughout the year. I assure you, gentlemen, that if the opportunity ever offers I shall be most happy to return the favor.

To you, my fellow members of the Common Council, I render thanks for the attention, support and respect you have shown me during the past year. You may, perhaps, at times have thought that my methods were a little harsh, but, believe me, when I say that my motive was always the public good and the best interests of good government, I have never intentionally injured any man's feelings and I trust that I take the good wishes of all with me upon my retirement from this body. Gentlemen, the good old ship of the Common Council of 1899 is on its last tack. Its sails are filled with the freshening breeze, and every moment brings it near to port. Some of you will take passage upon the same ship, rechristened and renamed "The Common Council of 1900." Others have taken their last sail and will either, like myself, retire to private life or ascend still higher the political ladder. This is probably the last time that my voice will ever be heard in this chamber as a member of the lower branch of the Boston City Government, and, using Byron's words, let me say:—

"Farewell, a word that must be and hath been!
A sound which makes us linger—yet, farewell!"
(Applause).

Mr. STEVENS of Wd. 11 said:—

Mr. Clerk, I wish to say just a few words. I am in hearty accord with the resolution offered by the gentleman in the third division, and I hope it will be passed without a dissenting vote. I wish to thank the president of the body for his courteous and fair treatment of me during the twelve months I have had the privilege of sitting under his rulings. I wish to thank all the heads of departments and their assistants, and the representatives of the press, for the courteous treatment I have received. (Applause.)

Mr. WATSON of Wd. 18, said:—

Mr. Clerk I desire also to express my thanks to the President of this body, to the Clerk and his assistants, to the City Messenger and his assistants, and some heads of departments. (Laughter.) I desire also to thank the representatives of the press, because I believe that they have sometimes stretched things for me (laughter); and I only hope that when I go to the Legislature the press there will at least give me a slice of the fair treatment I have received from the press of City Hall. I believe, in fact, that my success in politics lies at their door, and that they have ever been willing to help me and to advertise me as a freak throughout the whole of New England. (Laughter.) Their advertisements of me in the daily papers of Boston have brought the price of tickets to the legislature up fifty per cent. (Laughter.) But, in all seriousness, leaving old friends, I regret exceedingly the fact that I am to part with you with and against whom I have voted many times this past year. Many members of this body have had their little notions and have stuck by them. I have had mine. The member from Wd. 12 (Mr. Chamberlain), a republican member, speaks of a combination. While I know nothing of that combination, I do want to say that I hope and trust the Council of 1900 will end as harmoniously as the Council of 1899 has. (Applause.)

Mr. NANGLE of Wd. 19 said:—

Mr. Clerk, while I rise in favor of this resolution, I simply rise at this time to thank the City Messenger, the Deputy City Messenger and all his assistants. I will say that any time when I have gone into the City Messenger's office and asked a favor I was received kindly. There are times when you ask for a favor and get it in such a manner that after receiving it you are sorry you asked for it. I will say that at any time when I have asked a favor of the City Messenger's office, I have received it and have felt that I was welcome to it. I also wish to thank the City Clerk and the Clerk of the Committees and their assistants, and not to forget the Clerk of the Common Council. While I am about to leave the Council—not to come back for a year certainly,—I wish to say that I have enjoyed myself more in the Council of 1899 than in any of the rest of my four years' service. I must say that the members of the Council of 1899 have been as bright a lot of young men as I have had the pleasure of serving with. I will simply conclude now by wishing you all a Happy New Year. (Applause.)

Mr. DONOVAN of Wd. 7 said:—

Mr. Clerk and fellow members of the Common Council of 1899, it is with regret that I leave you, because I have had a good time here. I have served two years in the Common Council, and during those two years—especially this year—I have made, as I think, a great many friends among the members. I hope the same friendly relations that I have enjoyed during the past year will be continued in the future. I wish to thank all the employees in City Hall for favors they have done for me during the past year. I wish also to thank the members for their kind consideration. There is one thing that I must go back to—and that is, the election of a President, at the first of the

year. We know that there was quite a fight for the presidency, and I was one of the many who were dubbed Filipinos for taking a stand as my conscience dictated. At that time I voted for Daniel J. Kiley as presiding officer of this body. I knew that he had ability; I knew that he had intelligence. I knew that he was a good parliamentarian and would make a good presiding officer. But that was not why I voted for Mr. Kiley. It was because he was opposed by the now defunct Board of Strategy. They came to me and they threatened me. They said "If you vote for Kiley it means your political death," and I told them they would find me on the battle ground when they came to whip me. They came down to Wd. 7 with their orators, their fireworks, their bands and their money. They told the people that I was a republican, and that I was not fit to hold public office. But when the caucuses were held, and when election day came around, the good people of the old South Cove ward stood up and gave me a large majority over the Board of Strategy's candidate, and it was easily to be seen then that the people of Wd. 7 would take no gold bricks from the Board of Strategy.

I think the vote I cast on inauguration day for Mr. Kiley was the greatest vote I ever cast in this Council. I wish to say that I deem it a great honor to have voted for Mr. Kiley, and instead of hurting me politically it benefited me, because the people of Wd. 7 said that they wanted a man who could not be led around with a halter or tied hand and foot, at the dictation of anybody. If that was what the Board of Strategy called "democracy" I was not a democrat, because I will never allow anybody to tie me hand and foot and make me do anything against my will, my conscience, and the people of my ward. I wish you all good luck in the future, and a Happy New Year. (Applause).

Mr. CUDDY of Wd. 8 said:—

Mr. Clerk, it is with pleasure that I rise to second the resolution before this body. I wish to congratulate our President on the success he has had in presiding over the body. Personally, I wish to thank him for the favors and courtesies he has shown me during the past year. To the Clerk of the Common Council and his assistants, to the Clerk of Committees and his assistants, to the City Messenger and his assistants, to the City Clerk and his assistants, and to representatives of the press I wish to return my sincere thanks for favors shown to me during the past two years. Mr. Clerk, at this time I wish every success in their undertakings to the members of the body, whether in political or private life; and I wish you all a Happy New Year. (Applause).

Mr. ARMISTEAD of Wd. 11 said:—

Mr. Clerk, permit me at this time to add just a word in support of the resolution. If you can imagine a man of the most amiable, manly disposition, with a temper seldom if ever ruffled by the most trying circumstances, a tendency to act solely from conclusions reached by the head without permitting impulse to have any share in governing his actions, and at the same time a fighter in the best meaning of the term, that man is Daniel J. Kiley, President of the Common Council. (Applause.) At the doors of the Republican members of this Council, I believe lies the responsibility of his election. We have nothing to regret. I believe that he has filled the bill to the letter. While I have no desire to intrude upon your time by making any extended remarks complimentary to our President, I feel it my duty to thank him for all the privileges which I have received at his hands.

The Clerk of the Common Council and his aids, the City Messenger, the Clerk of Committees, and, in fact, all the officers of the Council, I desire to thank for whatever favors I have received at their hands,

and before closing my attention is riveted to the press, the gentlemen in the rear of this room—the men of influence. To those men who chronicle the news I acknowledge my indebtedness, and I seize this opportunity, gentlemen, to thank you from the depths of my heart. Without saying anything further, I reluctantly part with those who will not be with us next year. Being one of the fortunate, I shall be here next year. To those who will not be here, I wish all the good luck possible, and all success and prosperity in the year to come that they can possibly have. (Applause).

Mr. HICKEY of Wd. 2 said:—

Mr. Clerk, in closing tonight my two years' service in the city government, I feel I might be permitted to say just a few words upon this resolution. I wish to say to the members of this Council that there is nothing in particular, as they know, for which I have to thank our worthy president, unless it be my appointment to the Committee on Cemeteries, or something of that kind; but I wish to say that although I have not one word that I have uttered in the past to retract, and although I have no apologies at all to make to any members of this body, I still wish to assure the president of the Council and every member of this body that I harbor no ill will and no hard feelings toward them. I may have at times raised the ire of those opposed to me in this body, but I wish to say that whatever I said and whatever I did in this body was said or done with a firm conviction that I was acting in the right. It is for that reason that, as I said, I do not retreat a single bit from any position I ever assumed. Nevertheless, as I have stated, I am most emphatically in favor of the adoption of the resolution. The gentleman from Wd. 7 said that he was glad to be with Mr. Kiley on inauguration day. Tonight I repeat what I said then, that I was proud to vote for Timothy L. Connolly, for the sole reason that he was the democratic nominee, the regular democratic nominee of the democratic caucus. He had behind him a majority of the democrats who had been elected to the Common Council this year, and he was entitled in my humble opinion, to democratic support. I have no apology to make for my action on inauguration day, and I repeat that I have no apology to make for any act or vote of mine since that time. I wish to thank the Clerk of the Common Council, the City Messenger department, the City Clerk department, and last, but not least, the gentlemen who represent the press in this chamber. They have indeed given me a fair show, and even Bert Holden's criticisms were such that they could not awake any antagonism on my part. Even some of the knocks that I got "Under the Mayor's gate" from Jimmy White in the early part of the year are forgiven, and I am pleased to say whatever little I can to close the proceedings of the Common Council of 1899 in harmony. (Applause).

Mr. KLEMM of Wd. 21 said:—

Mr. Clerk, I shall probably hardly be able to make myself heard tonight, in the present condition of my voice, which seems particularly weak after the resonant tone of my predecessor. I shall not attempt to make any lengthy remarks in support of the resolution now before us, and shall not attempt to add much to the encomiums already pronounced by much abler speakers than I upon our respected President. I wish to cheerfully subscribe to all that has been said in his favor. There is no doubt in my mind that he has made a very efficient presiding officer—in fact, I think I can call him an eminent presiding officer—and I sincerely congratulate him upon his success in that office, under very trying and difficult circumstances. As to yourself, Mr. Clerk, permit me to express my sincere appreciation of the thoroughly admirable manner in which you have dis-

charged your duty, and I certainly have only words of commendation for the other gentlemen attached to the Council. I wish all of those gentlemen and all my colleagues a pleasant and a prosperous New Year.

May only pleasant memories entwine
What we have lived in 1899.
The Democrats disgust, the Filipinos wrath
Shall but as shadows flit athwart our path.

Republicans no more their sleep shall lose
To meet attack or controvert abuse.
Let all remember only their endeavor
To do the right, and serve the city ever.

(Applause.)

Mr. BAGLEY of Wd. 1 said:—

Mr. Clerk, the last few years have been perhaps the happiest years of my life. During those years I have made a good many friends in the Common Council. I might also say that the last year has been much more pleasant than the two previous. Of course, during the two previous years the Republican members of this Council were on the losing end, and it was a great surprise when anything went our way. I think, Mr. Clerk, that when I nominated Mr. Kiley in our caucus, it was the starting point, and things then turned our way. Then, I want to thank the President, for the manner in which he has used me during the past year, and I do not think that there is any member of this Council who can but thank him. He has been fair in everything that has come before us. I also want to thank the Clerk, and his Assistant. I have always found the Clerk of the Common Council very agreeable. In fact, every man in City Hall with whom I have come in contact on city business has treated me as well as I could expect to be treated. It has been very pleasant. Now, Mr. Clerk, that my constituents have seen fit to send me higher, I will look back upon the three years that I served in the Common Council with great pleasure. It is with sorrow that I leave this body tonight, and leave the many friends that I have made. (Applause.)

Mr. MULCAHY of Wd. 14 said:—

Mr. Clerk, I rise at this time to endorse the resolutions presented before the close of the last meeting which I shall attend as a member of the city government during the last three years. My first meeting with the President of this body was in 1897, when I was elected a member of this body. Your presiding officer at that time had been elected to represent his constituency, Wd. 8, and he did it in a very able and thorough manner on the floor of this chamber. In 1899 he was elected President of this body, with the assistance of the combination that has been referred to here by the preceding speakers with the Republican party. I, of course, was serving in this body as a Democrat, and I therefore came in here and fought for the interests of a Democrat by the name of Timothy L. Connolly, of Wd. 17. I harbor no ill-feeling, however, like my colleague from Wd. 2, in reference to this matter. Both sides played their game, and our worthy President was successful, and won. However, I will go further and state that he did ably and capably fill the position of a presiding officer of this body for the year 1899. My intention, gentlemen, at all times during the year was to be as fair, liberal and broad-minded as possible on all subjects that came before us, and it is very evident to you that I look at this matter in that light, although the presiding officer of this body did not bestow much courtesy on me in reference to several matters. I think this is no time to go into that. I want to say to the Clerk of the Common Council and his Assistant that I desire to thank them very much. Our Clerk has ably filled that position for the past twenty years, I believe, and I trust that the members who come to this Common Council in 1900 will see their way clear to retain him, who has so hon-

orably and ably filled the position of Clerk of this body. I also desire to thank the City Messenger and his corps of assistants, the Clerk of Committees and his assistants, the stenographers and all the members of the press. I wish you all success in the year of 1900, and a Happy New Year. (Applause.)

Mr. KASANOF of Wd. 9, said:—

Mr. Clerk, although I heartily endorse the resolutions offered by my friend in the second division, and although this is the last meeting of the Common Council and is no time to discuss politics, I may say a few words regarding the action of the President of this body. I have no doubt but what he has made an able President of this body, but I believe that he has used many unfair methods in his decisions. I believe that at times he has used considerable politics in deciding questions. Of course, as I said before, I heartily endorse the resolutions, but I may say this much, that, being elected president of this body, he ought to give impartial and fair decisions for everybody. I wish to offer my sincere thanks to the Clerk of this body, to the City Messenger, the Clerk of Committees, the City Clerk, and, in fact, to every member of the City Hall staff, for they have all used me courteously, and I have no protest to record against them. I wish you all, gentlemen, a Happy New Year. (Applause.)

Mr. MARTIN of Wd. 15 said:—

Mr. Clerk, as the time is drawing near for the Common Council of 1899 to pass out of existence, it is with heartfelt thanks that I want to say a word of appreciation for the kindness, the recognition and the advice given to me at all times, without asking for it, by our worthy presiding officer; also to the members of the press, to the Clerk of Committees, and to the City Messenger. As for the members, I want to thank them for their courtesy to me, and to wish them God speed and a Happy New Year in any undertaking which they may entertain. (Applause.)

Mr. BRAUER of Wd. 23 said:—

Mr. Clerk, it is with great pleasure that I also add my mite in eulogy and praise to the kind words of the previous speakers. This is one of the happy occasions in the life of a member of this Honorable body, as the very air seems charged with good friendly feeling and harmony this evening, in contrast with some of the long-to-be-remembered occasions of the past year. However, it is not my desire to take up too much time now, so I will take this opportunity to thank our President for the impartial, generous and liberal treatment he has accorded me during the past year. Also our kind and ever good natured clerk of the council, whose uniform courtesy and considerate treatment will never be forgotten by me. The City Messenger and his assistants, the Clerk of Committees and the City Clerk all have been friendly, pleasant and kind to me, and I express my appreciation of their efforts. I cannot forget at this time the heads of the various departments, whose attitude towards me has always been courteous and obliging. Also the members of the Board of Aldermen, who did all they possibly could to make my contact with them agreeable and pleasant. Particularly let me thank my fellow-associates of the Common Council here, who invariably did all in their power to assist me and give all the moral help they could. I shall always treasure the pleasant memories of the past year as long as I live, and while it has not fallen to my lot to be associated with those of you who in the coming year will ascend yonder hill of the gilded dome and bask under the sunshine of the ancient codfish, yet allow me to extend to you all a hearty God speed and a sincere Happy New Year.

Mr. McINERNEY of Wd. 19 said:—

Mr. Clerk, at this time I am sure there is no need of my tendering my thanks to the President of this body. The President

himself is thoroughly conversant with the fact that I sincerely thank him from the bottom of my heart. He knows that I am sure, and there is no need of my telling him of it. To yourself and your assistant, "Billy," I wish to tender my sincere thanks for the services rendered me. At any and all times, whenever I went into your office, I have always found you genial and with a smile on your face. Coming, as I did, a stranger at the beginning of the year among the members of the Common Council, I must say at this time that I think there is not a member of the Council who is not a friend of mine. I have always tried to be fair with every member of this body. In the beginning of the year, when we did have to vote for a President, who was not the choice of a caucus, I voted for Mr. Kiley. I did so, not through any antipathy for Mr. Conolly, but because Mr. Kiley was an old friend of mine and an old associate. I think that my action in voting for him has been justified. To the Clerk of Committees, to the City Clerk, to the City Messenger, and his corps of assistants, I wish to tender my sincere thanks for the manner in which they have used me during this past year. To the members of this body, who are going to the Legislature, let me say that I wish you God speed, and hope that you will be successful in still climbing higher the political ladder of fame. To the members who have not been successful in being elected to any office, I wish to state that anything that I can do in my official capacity as a member of the Common Council next year for any member of this year's body, I shall always be glad and willing to do, limited though that may be. Gentlemen, from the bottom of my heart, I wish you all a very Happy New Year. (Applause.)

Mr. PECK of Wd. 12 said:—

Mr. Clerk, having served on the numerous funeral committees of this year, I feel that my duties are not complete without saying a few words at this funeral of the Council of 1899. I congratulate the Chair upon his ability. I congratulate the Common Council upon having had such an able president. I wish to thank him and to thank the Clerk and the various other members and officials of the City Government with whom I have come in contact and of whom I have asked favors. I wish to thank them all from the bottom of my heart. I also extend my well wishes to the entire press connected with this body and hope for them success in their future. (Applause.)

Mr. COLLINS of Wd. 13 said:—

Mr. Clerk, while I feel that any further encomiums would be superfluous, still, lest it might otherwise be considered a lack of courtesy on my part, I will take this opportunity of bidding good-bye to the members of the Common Council who are coming back here and to also thank the officials connected with this body, from the president down. During the past year I have found them very courteous and very considerate, and I take great pleasure in thanking them now for it. I desire also to thank the City Clerk and his assistant, the Clerk of the Common Council, the Clerk of Committees, the City Messenger and his very courteous assistants. I want to state that I have always found the members of this body during the past year to be most gentlemanly, sociable, good fellows, and I most sincerely hope that during the coming year they will all meet with that amount of success and prosperity which the most sanguine could hope for. I thank you all, and wish you a Happy New Year. (Applause.)

Mr. MOORE of Wd. 10 said:—

Mr. Clerk, I wish at this time, as I am about to leave this body, to thank our worthy President for the courtesies extended to me during the past year. Although as a new member, I was one of the youngest members of the body, yet I have been treated very kindly

by the President and other members, and by the Clerk of this Council. From the heads of departments, and all officials connected with the City Government I have received very courteous treatment. As far as the representatives of the press are concerned, I have only twice had anything to say during the whole year, so of course, they have treated me very courteously. They have never had anything against me and they couldn't say anything for me. I have never said anything for which they could either praise or condemn me. Leaving the Council as I do tonight, I simply wish to say that this had been one of the pleasantest years I have ever enjoyed in any body, and I only wish I was coming back here again next year. As you all know, I tried for a higher office, for which I got defeated. Therefore, I have to take my medicine. I wish you all God speed. (Applause.)

Mr. WINSLOE of Wd. 21 said:—

Mr. Clerk, in this, the closing hour of the Common Council of 1899, I wish to compliment our president, who has so ably and so manfully presided over this body. I speak not as one of the favored few, but as one who recognizes in Daniel J. Kiley an able and brilliant presiding officer. Mr. Clerk, I wish to thank you and your assistant, the City Messenger and his assistants, for kindness to me in this body. As this will be my last time here, I wish to say to the members of the Council who are about to return in 1900, that if there is any time when my voice and vote will be of any assistance to them in the legislature I will be willing at any time to do whatever I can to add to the powers of this body, as I believe in it. I believe it is the principal body of the City Government. I wish to thank all the members of this Council for their kindness to me. I shall long cherish the many acquaintances I have made in the past year. (Applause.)

Mr. ATWOOD of Wd. 16 said:—

Mr. Clerk, although it was not my good pleasure to cast my vote on inauguration day for the presiding officer of this body, who has been so handsomely eulogized here, in these closing hours of this Council, I wish to raise my voice in praise and commendation of the manly way in which he has presided over this Council. To me he has always been courteous and has extended every favor that I have asked. This is, as you know, my first year in the body, and although I have not taken an active part on the floor in the discussion of many things that have come up here for consideration, still I have taken an interest and shall profit by it in the year that is to come, when I shall also be a member of the body. The various departments of the City Government have not been bothered by me a great deal, but for what little service they have tendered me I extend to them at this time my hearty thanks. To the members of this body, who have become my personal friends, I also tender my good wishes and wish them and all other members prosperity in the future and a Happy New Year. (Applause.)

Mr. GIBBONS of Wd. 5 said:—

Mr. Clerk, as one of the members in this Council who antagonized our worthy President when he was running for President, and as one who has antagonized him upon every order or motion he sought to put through, I wish to extend to him my recognition and to say to him that I thank him for the courteous and kind treatment he has accorded me through the year, treatment which I could not deserve. I wish to express now my appreciation of his kindness and to wish him all the good luck possible in his future political career. I wish to say also that I have always found the Clerk of the Common Council and his assistants considerate, kind and agreeable, and I extend to them my heartiest good wishes. The City Mes-

senger and his able corps of assistants have always been hale, good, hearty fellows, and I thank them and wish them all the success possible. I wish to go on record as thanking the Clerk of Committees and his assistants, and the City Clerk and his assistants. To the press I have nothing to say. They never had a chance to bang me, they never had a chance to praise me. But I wish them also a Happy New Year. (Applause.)

Mr. GIBLIN of Wd. 15 said:—

Mr. Clerk, this has been one of the pleasanter years of my life. I have often wondered why there should be so much criticism of the Common Council; but, on the other hand, I have always found plenty of people throughout the community to commend this body and to stand by it—especially those who have had anything to do with the body or who have been elected to it. I can now see the reason for their commendation. It is because of the social feeling and the political friendship created in this body, and the feelings engendered here are of such a nature that they can never be forgotten. For my part, as a young member, I must say that I have been treated with more than due courtesy. I especially thank our honored president for the courtesy he has extended to me during the past year. To the Clerk of the Common Council and his assistants, to the City Messenger and his corps of aids, to the Clerk of Committees and his assistants, to the City Clerk,—who has retired—and his corps of assistants, and last, but not least, to the representatives of the press, I desire to extend my thanks for kindness and courtesy. As for the representatives of the press, the men who wield the pen, I believe they are one of the greatest influences in the community. There is an old couplet written by a poet that I would like to transform so that it will especially apply to them. I might say that

“Men, women and politicians may flourish or
may fade,
The press can make them, as the press has
made.”

In conclusion, there is one thing for which I want to express my thanks. I wish to thank the official, whoever he may be, who obtained for me this beautiful and comfortable piece of furniture. (Referring to his chair.) Of course, coming here as I did, unknown, it was but natural that I might desire proper furniture, a proper chair, or whatever I might need. The people who sent me here, my constituency, demanded that in a special manner. But it was obtained for me almost unsolicited, and to the gentleman who obtained it I wish to extend my heartfelt thanks. To you, Mr. Clerk, to our president, to all city officials, to you, gentlemen of the Council, I wish to return thanks, and to wish you a Happy New Year. (Applause.)

Mr. LYDON of Wd. 13 said:—

Mr. Clerk, in the closing hours of the Council of 1899 I am glad and proud to rise here to say a word of praise of our presiding officer—a man who has been fearless, able, conscientious and untiring in his administration of the office; a man whose superior has never been found in the office. I say that, Mr. President, voicing the opinion of the majority of the people of the city of Boston—in fact, almost the entire City of Boston, and the press of Boston. When we find that we have such a man presiding over the Common Council of Boston, we should indeed be proud of our connection with him. I can only say of him that I have always found him true, always faithful, always fair. A man who occupies the position of President of the Common Council has no easy task. There are seventy-four of us, who all feel that we should get the plums, and, as you know, in the Common Council today there are very few plums. Therefore there is bound to be dissatisfaction and fault-finding; and when we find the members of

the Council rising in their places and saying words of praise and commendation of our worthy President, it is certainly a mark of great appreciation. I am glad to see the feeling manifested here today by those who have been in sympathy with our President and those who are not in sympathy with him. We are all sent here to perform a duty; we all have minds of our own; we all act as we think best, in the interest of the people we have the honor in part to represent. When we act as we think our conscience dictates, when we act faithfully and honestly, be we right or be we wrong, we are not to blame, inasmuch as our purpose is right. I feel that we have a great deal to be proud of in our selection of a president this year, and I trust that he will be the selection of the Council of next year.

I can heartily say, with all due respect to members of this government and members to be returned next year, that there is not a man today in city politics who is more familiar with city politics and state politics than our presiding officer, Mr. Daniel Kiley. So a man of his ability is indispensable in such an office. I certainly wish him the greatest possible luck in anything he may undertake in either a business or political way. As to our clerk, I wish to extend to him and to his assistants my heartfelt thanks, as they have done me a great many favors in the past. I wish also to thank the Clerk of Committees, the City Messenger, the City Clerk and their assistants, and I am glad to see that the City Clerk is back again with us, although for only a short time. I wish to thank all who have extended me favors. As to the heads of departments, I owe them but little thanks for favors, as, unfortunately, I have not been favored by them. As to the members of the press, I want to say that they have been at all times kind to me, and I believe they have at times said more for me than I have really deserved. I know of no reason why they should have mentioned me at all, but for what favors they have shown me I am deeply grateful. As to the members I want to say that it is with much regret that I part with you this evening. I would have preferred to be with you next year, but my constituents, the people of my ward, who are privileged to vote, have seen fit to elect me to a higher office. So, although we shall be partially separated, I hope we will not be separated socially. I hope we will have the pleasure of meeting you all at different times in the future to renew our very pleasant acquaintance. In closing, Mr. President I want to second the sentiments of my friend Winslow, who is also fortunate enough to be sent to the legislature, in regard to the powers of this body. When I came to the Common Council I came with the feeling that there was nothing we could possibly do and that the chances were that there would be very little for us to do.

The position of this year's Council has been a remarkable one. It is the first Council for years that has been cut off from the handling of financial matters by reason of the election of a Board of Estimate and Apportionment. But the abolition of that Board gives back to the Council of 1900 its power in financial matters. The credit for that is entirely or mainly due to our presiding officer, and, as a member of the Council of 1899, having had the experience of being cut off entirely from action on financial matters, I can certainly appreciate, as I know other members of this body can, what a great deal has been done for the Common Council of 1900 and for the future of the City Government by the abolition of the Board of Estimate and Apportionment. I am sorry that we must part. Two of the most pleasant years of my life have been spent in association with my fellow members of this body, and I know the pleasant mem-

ories of my experience with you will always continue. Though we have differed on many occasions, yet the members of this Council have always been most courteous to me, and I take advantage of this occasion to thank them, one and all for every kindness they have shown me. Mr. President, a very pleasant duty has been imposed upon me. The majority of your associates here in this Council having watched your career with much interest, having taken the greatest pride in the manner in which you have conducted yourself in performing the duties of your office, have upon various occasions spoken of you and commended you in the highest terms. Finally they thought it might be possible to show their esteem and appreciation in a more substantial way, and with that end in view they have asked me, as their spokesman, in my humble way, to present to you, in behalf of your many associates in this Common Council, this loving cup. (Great applause.) (Mr. Lydon here presented President Kiley with a magnificent silver loving cup, mounted on an ebony stand.)

The resolutions were passed by a unanimous rising vote, amid applause.

President KILEY said:—

Gentlemen of the Common Council of 1899, I am scarcely able to find words sufficient to express my feeling of gratitude to the members of this body, who have so unjustifiably eulogized me here today. As your presiding officer for the past year I have attempted to perform my duty, although at times it has been difficult, to the best of my ability, acting impartially and fairly towards the members of this body. In this arena of debate, in this body, composed of 75 men of different minds, different ambitions, with different purposes to accomplish, it is difficult indeed to satisfy the desires and wishes of all. If I have offended any member, if I have in any way slighted or mistreated any member of the body, I hope that with the adjournment of this Council it will be forgotten. I apologize to any member of the Common Council who feels that he has not been treated as he should have been by your presiding officer. The Common Council of 1899 carries associations with it which I shall never forget. As one of the young men in this city elected by a constituency, I am proud, and always will be proud, to have served as your presiding officer for the year 1899. Entering upon the duties of the office under peculiar difficulties, with lines drawn as they were, it would indeed be difficult—perhaps I might say unnatural—if the feelings of some of the members of this body should not at times be aroused. Let me ask of you members of the Common Council that anything that has been said or done which has conveyed offence, or, perhaps, ill-feeling, in this body be forgotten at the adjournment of the Common Council of 1899.

Although shorn of the powers that this body possessed for years, in that you did not have your usual powers as to the disposition of the city's finances, you authorized your presiding officer, as your agent, to go to the State House and request action to restore to the City Government the rights which properly belonged to the people of Boston. You have received back that great power, and it will be exercised by the City Government of 1900 at the beginning of the new century—used with greater effect, in my judgment,

than it has been for years. You have been instrumental, fellow members of the Council, in obtaining powers for future city governments such as they have not enjoyed since the charter amendment act of 1885. You have obtained powers which will in the future command the respect of all heads of departments for the humblest member of this body. Although you have for the past year been shorn of those powers, you have accomplished much that is notable and that has been in the interest of the city of Boston. Once more I desire to say that I hope upon the adjournment of this body every member can be called by me my personal friend. In closing, I wish you all the benedictions and happiness of the season. For those of you who are departing, either to higher office or to private life, I wish all the success and all the welfare that a friend could wish for a fellow man. I thank you with the deepest appreciation for this token of your esteem and friendship, not because of the intrinsic value of the article itself, but for that which it represents—your esteem and regard and friendship, which is greater than all to me. Once more, I wish to the members of the Common Council of 1899 all the best and highest success that man can wish to man, and I hope that you will all enjoy a prosperous and Happy New Year. (Great applause.)

Mr. CUDDY of Wd. 8, offered an order—That the President be requested to furnish a copy of his closing address that the same may be printed and bound with the city documents.

Passed.

Mr. CUDDY of Wd. 8, offered an order—That the Superintendent of Printing be authorized to have printed and bound 150 copies of a volume containing a portrait of President Kiley, and an account of the closing proceedings of the Common Council of 1899, and that the City Messenger be directed to provide each member and officer of said Council with one copy of said volume, the balance to be placed in the hands of President Kiley; the expense attending the same to be charged to the appropriation for Common Council Contingent Expenses.

Passed.

NEW YEAR'S GREETING TO CAPTAIN BOARDMAN.

Mr. GIBBONS of Wd. 5 offered an order—That the President and Clerk of the Common Council be requested to send, on behalf of the members of the Common Council of 1899, a new year's greeting to our brother-member, John Boardman, Jr., of Wd. 10, who is fighting for his country in the far off Philippine Islands, wishing him all the success and honor that we, the members of this Common Council, know shall follow him.

Mr. LYDON of Wd. 13—Mr. President, I know that this resolution expresses the heartfelt feeling of every member here, and I move that when the vote be taken it be by a rising vote.

The order was read a second time and passed by a unanimous rising vote.

The PRESIDENT—The Chair will direct the Clerk to transmit a copy of the resolution to Captain Boardman.

Adjourned at 7:18 P.M., sine die, on motion of Mr. Cuddy of Wd. 8.

CITY OF BOSTON.

Proceedings of the Board of Aldermen

Saturday, Dec. 30, 1899.

Final meeting of the Board of Aldermen, held in the Aldermanic Chamber, City Hall, at 11 o'clock, a.m., Chairman Barry presiding. Absent—Ald. Dixon.

The Board voted, on motion of Ald. Presho, to dispense with the reading of the records of the last meeting.

NOTICE OF DEFICITS.

The following was received:

Mayor's Office, City Hall,
Boston, Dec. 30, 1899.

To the City Council:—

I transmit herewith communications from the City Auditor giving notice of deficits, caused by the payment of executions of court, in the following appropriations:

| | |
|---|----------|
| Street Laying Out Department, Widening & Extending..... | \$172.28 |
| Primary School-house, Sherwin District, Site | 4,069.41 |
| Park Street, Ward 23..... | 1,550.90 |

Respectfully,

Josiah Quincy, Mayor.

Referred to the Committee on Public Improvements.

FINANCES OF STREET DEPT.

The following was received:

Mayor's Office, City Hall,
Boston, Dec. 29, 1899.

To The City Council:—

I transmit herewith a communication from the Superintendent of Streets relative to the finances of his department. The fact that all of the divisions of the Street Department except the Paving Division will, according to the present estimate of the Superintendent, finish the financial year within their respective appropriations, and that the deficiency in the Paving Division is only equal to the difference between the amount appropriated for the removal of snow and the sum which it was necessary actually to expend for that purpose, seems to me to reflect credit upon the management of the department during the past year,—particularly in view of the extremely small loan appropriations available for the use of the Paving Division.

Respectfully submitted,
Josiah Quincy, Mayor.

Referred to the Committee on Public Improvements.

REMOVAL OF POLE—VETO.

The following was received:—

Mayor's Office, City Hall,
Boston, Dec. 29, 1899.

To the Board of Aldermen:—

I return herewith without my approval an order revoking the permission formerly granted by your Board to the Boston Electric Light Company to erect a pole at the corner of Bennington and Brooks Sts., and directing the said company to remove the said pole within sixty days.

I am informed by the Wire Department that from a mechanical and electrical standpoint the pole is now in its proper location, and that any other location would be more objectionable and more unsafe than the present one.

Respectfully submitted,
Josiah Quincy, Mayor.

Reconsideration of the previous action was had, and the question came on the passage of the order, the objections of His Honor the Mayor to the contrary notwithstanding.

Ald. DAY—Mr. Chairman, I am going to ask the Board to pass that order over the veto of the Mayor. There has already been a precedent established for that act in this Board, this month, when we voted eleven to one to adhere to our action in ordering the removal of thirteen poles on West Cottage St. On June 12, by unanimous vote, we adhered to our former action in passing over the Mayor's veto an order removing three poles of the Boston Electric Light Company in South Boston. This is an order for the removal of one pole. It is a very aggravating case. This man's house is only twenty-five feet wide on Baxter St., and runs sixty feet on Bennington St. He has three poles in front of his house, one pole with thirty-two wires, another with twenty-five, and on the third there is a number of large heavy cables. The wires completely surround his house. Not only that, but there are other wires going over the house. It seems to me that that pole should be ordered out, and if the Electric Light Company wants to come in again and get another location I think there will be no trouble about getting it. But I would like to ask the Board today to pass this order over the Mayor's veto.

Ald. McDONALD—Mr. Chairman, I would certainly like to vote to pass this over the Mayor's veto, but I understand that they are willing to make some arrangements so that the poles will not obstruct the light in front of the gentleman's house. I think if they can conveniently make some arrangement of that kind and still allow the pole to remain there—they claiming that it is absolutely necessary and that they can get over the difficulty in some other way than by removing the pole—we should allow them to do it. We should allow them to have some kind of a pole there, as it is absolutely necessary to them, as I understand it, in order to carry on their business.

Ald. DOYLE—Mr. Chairman, as Chairman of the Committee on Electric Wires I desire to say that I have investigated this matter and find that it is somewhat of an aggravation to the occupants of this property to have the wires there. But upon investigation I also find that it is a public necessity. There is no other way, according to the engineers that they can string these wires so as to furnish light for the street lamps in that neighborhood. But they have assured me that if the wires are allowed to stay there for a short time longer they will use their best endeavors to find some way out of the trouble and have things satisfactorily arranged between the occupant of the building and the company. For that reason I feel constrained to vote against my friend, the alderman from East Boston, in this matter.

Ald. BERWIN—Mr. Chairman, I move reference of the veto to the Committee on Public Improvements.

Ald. CODMAN—I understand that the alderman desires it reported back today?

Ald. BERWIN—Yes.

The matter was referred to the Committee on Public Improvements, with instructions to report back at this meeting.

RECORDS OF BOARD OF ESTIMATE AND APPORTIONMENT.

The following was received:—

Mayor's Office, City Hall,
Boston, December 30, 1899.

To the Board of Aldermen:—

At its last meeting the Board of Estimate and Apportionment voted that its records and papers be placed in the custody of the City Clerk. I accordingly transmit them herewith, and recommend that they be placed on file.

Yours respectfully,

Josiah Quincy, Mayor.

Placed on file.

PLANS APPROVED BY WAR DEPT.

The following was received:—

Mayor's Office, City Hall,
Boston, December 30, 1899.

To the Board of Aldermen:—

I transmit herewith, in order that they may be placed on your files, communications from the War Department transmitting instruments approving locations and plans of the following structures:—

1. A bridge across Mystic River at or near the site of the present Malden bridge.
2. A crib and inlet box in Boston Harbor, on the easterly side of Long Island and northerly of the present wharf.
3. A temporary bridge across Mystic River, easterly of and near the present Malden bridge, for use during the construction of a permanent bridge.
4. A sea wall in Mystic River, with permission to fill solid, adjoining the north-westerly side of Alford St., Boston.
5. A temporary platform, to be annexed to the Warren bridge, on Charles River.

Yours respectfully,

Josiah Quincy, Mayor.

Placed on file.

NOTIFICATION OF APPOINTMENTS.

The following was received:—

Mayor's Office, City Hall,
Boston, December 30, 1899.

To the Board of Aldermen:—

You are hereby notified, in order that it may become a matter of record, that on January 23, 1899, Mr. Benjamin W. Wells, Superintendent of Streets, was designated as the officer of this city to be charged with the enforcement of Chapter 389 of the Acts of 1895, entitled "An Act to Abate the Smoke Nuisance in the City of Boston."

You are also notified that there is a vacancy in the Board of Sinking Fund Commissioners, Mr. Charles H. Cole, a member of the said Board having resigned his office on November 20, 1899.

Yours respectfully,

Josiah Quincy, Mayor.

Placed on file.

VALEDICTORY OF THE MAYOR.

A valedictory message was received from Mayor Quincy.

Ald. COLBY said that as the message was evidently a very long one, he wished to move that the reading of it be dispensed with.

The motion was carried.

In connection with the same, Ald. Colby offered an order—That His Honor, Mayor Quincy, be requested to cause fifteen hundred copies of his valedictory address to be printed and bound; the expense to be charged to the appropriation for Board of Aldermen, Contingent Expenses.

Passed.

PETITIONS REFERRED.

The following petitions were received and were referred to the Committees named, viz.:—

Building Department (Ald.)

Arthur Pond, for leave to project an illuminated sign at 55 Main St., Wd. 5.

Luigi Villelli, for leave to project a barber pole at 57 Kneeland St., Wd. 7.

Stephen A. Gallagher, for leave to project a pole with a canvas banner thereon at 33 Charlestown St., Wd. 6.

Margaret J. Gordon, for leave to project a sign at 19 Tremont Row, Wd. 6.

Claims.

Rachel T. Wills, to be paid balance remaining from tax sale of estate corner of Cypress and Beech St.

John Sullivan, for compensation for personal injuries caused by his being kicked by a horse belonging to the city.

Fire Commissioner.

T. Hersey & Co. and twenty-five others, for fire alarm signal on engine house, Columbia Road.

Police (Ald.).

John J. Scarry, for compensation for the loss of fowls killed by dogs.

Public Improvements.

B. H. Benton, for a vaudeville and wrestling entertainment at Music Hall, on the evenings of February 6 and March 5, 1900.

George A. Fuller Company, for leave to erect two guy posts in Boylston St. and two in Exeter St.

John J. Coffey et als., for use of Faneuil Hall on the evening of January 6, 1900.

The N. E. Tel. & Tel. Co. of Mass., for leave to erect poles on Sumner St., Dorchester.

PAPERS FROM COMMON COUNCIL.

The Board voted, on motion of Ald. Berwin, to consider Nos. 1 to 11, inclusive, together, with the exception of No. 4, viz.:—

1. Message of the Mayor recommending the passage of the following:—
Ordered, That the Fire Commissioner, with the approval of His Honor the Mayor, be authorized to permit the School Committee to use temporarily the old engine-house on Mt. Vernon St., West Roxbury, on such terms and conditions as he shall deem proper.

2. Message of the Mayor transmitting a communication from the Board of Health, and recommending the passage of the following:—

Ordered, That the triangular piece of land, being the west portion of the city's estate known as the Old Small Pox Hospital Estate, on Sweet St., and containing about ten thousand six hundred square feet of land, be transferred from the charge of the Board of Street Commissioners to the custody and uses of the Board of Health, as an addition to the premises used by the Board for a hospital for contagious diseases.

3. Message of the Mayor transmitting the report of the Director in charge and the Advisory Committee of the Boston Municipal Camp, for the past year, and recommending that the same be printed as a document.

4. Whereas, The long controversy over the extension of Cove St. over Fort Point channel is exciting great interest among all people who use thoroughfares in that vicinity, because of the veto upon the act by the National War Department; and

Whereas, The question in issue is the lack of open space for the construction of said bridge because of the close proximity of other bridges; and

Whereas, An act of the Legislature (Acts and Resolves of 1897, chapter 512) provided for the removing of Federal-St. bridge easterly of its present position to a distance which will make said bridge come within a straight line from Summer-St. extension to First St., South Boston,—be it

Resolved, That the City Council of the City of Boston believes that upon the removal and reconstruction of said Federal-St. bridge, there will be room sufficient for the construction of Cove-St. extension without any interference with commerce.

5. Whereas, The nation has suffered a severe loss in the death of General Lawton while leading his troops in the Philippines, and

Whereas, the manner of his death is typical of the gallantry of the American soldier;

Resolved, That the City Council of Boston extend its sympathy to his bereaved family in this, their hour of sorrow.

Resolved, That a copy of these resolutions be sent to the family.

6. Ordered, That the School Committee, through His Honor the Mayor, be requested to take the necessary steps for building and furnishing a school in the vicinity of Byron St., Wd. 1, as the same is of great necessity.

7. Ordered, That the Superintendent of

Ferries be requested to pay the members of the G. A. R. who are employed on ferries who attended the encampment at Philadelphia for time lost while away, in accordance with an order passed by the City Council earlier in the present year.

8. Ordered, That the City Messenger be authorized to cause a sufficient number of the City Council Minutes of 1899 to be bound in the usual manner, and to furnish each member of the City Council of 1899, each new member of the City Council of 1900, and each head of the principal departments, with one copy of same; the expense thus incurred to be charged to the appropriation for City Council, City Council proceedings.

9. Ordered, That the City Messenger be authorized to furnish each member of the City Council of 1899, and each of the heads of the principal departments, with one set each of the City Documents for 1899, when completed and bound.

10. Ordered, That all matters of an unfinished nature in the hands of the several joint standing and special committees of this City Council be referred to the next City Council.

11. The preamble and order passed by this Board, December 4, relative to the proposed use of the Franklin fund for erecting a building to be known as the Benjamin Franklin Building, for erecting baths for all-the-year-around-use, etc., and authorizing the City Engineer to acquire land for such purpose and to erect said buildings, which came up for concurrence in its reference to the next City Council, and on which this Board, at its meeting of December 27, voted to adhere to former action,—comes up indorsed "In Common Council, Dec. 28, 1899. Non-concurred and adhered to former action. Sent up for concurrence."

Severally passed in concurrence.

On motion of Ald. Berwin, No. 4 was referred to the Committee on Public Improvements.

12. The minority report of the Committee on Investigation of Rainsford Island, which was accepted by this Board on December 27, and sent down for concurrence,—comes up indorsed "In Common Council, December 28, 1899. Ordered to be returned to the Board of Aldermen, the same having no place before this body."

Ald. BRICK—Mr. Chairman, it seems that there was a point of order raised in the Common Council, that No. 12 had no business there—or approximately that. I therefore move that it be sent to the Committee on Public Improvements, so that it may perhaps be acted upon later in the day.

The matter was referred to the Committee on Public Improvements.

TRACK LOCATION IN DORCHESTER.

The Board proceeded to take up No. 13, special assignment, viz:

13. Order granting the West End Street Railway Company the right to lay down, maintain and use double tracks on Morton St., from and connecting with the existing tracks of said company on Washington St. at Forest Hills, to Codman St.; thence on said Codman St. to Adams St.; thence on said Adams St. to Minot St.; thence on said Minot St., to and connecting with the existing tracks of said company on Neponset Ave.; also on Morton St., from and connecting with the location for tracks on Morton St. herein granted, to Sanford St.; thence on said Sanford St., to Washington St.; thence on said Washington St. to Richmond St.; thence on said Richmond St. to and connecting with the existing tracks of said company on Dorchester Ave.; also on Marsh St., from and connecting with the location for tracks on Codman St. herein granted, as far as said Marsh St. is completed; with necessary curves, cross-overs, switches and connections; and with the right to use the overhead electric system of motive power on said location.

Referred to the Committee on Public Improvements, on motion of Ald. Berwin, with instructions to report back today.

ERECTION OF POLES.

The Board proceeded to take up No. 14, special assignment, viz:

14. So much of the order granting a permit to the Boston Electric Light Company to erect poles in Washington, West Newton, Stoughton, Dudley, River and West Sixth Sts., as relates to River St. Passed.

CONSTABLE'S BOND.

The City Treasurer, after duly approving of the same submitted the Constable's bond of Francis Gargan.

Approved by the Board.

ACCEPTANCE OF LOCATION.

A communication was received from Jones and Meehan accepting location for temporary tracks on Gladstone and Leyden Sts., Chelsea Ave., Bennington and Saratoga Sts., and agreeing to comply with the conditions therein contained.

Referred to the Committee on Public Improvements.

ELECTRIC WIRES.

Ald. DOYLE, for the Committee on Electric Wires, submitted the following:—

(1) Report on the petition of the New England Tel. & Tel. Co. of Mass. (referred today), for leave to erect poles on Summer St., Dorchester—recommending the passage of the following:—

Ordered, That permission be granted to The New England Tel. & Tel. Co. of Mass., to place and maintain poles for the support of wires at points designated by red dots on a plan deposited in the office of the Superintendent of Streets, made by George H. Dresser; said poles to be located as follows:—

Summer St., 10 poles, 35 feet in height by 13 inches in diameter; width of sidewalk 7 feet; date of plan Dec. 30, 1899.

The Superintendent of Streets is hereby authorized to issue permits for opening and occupying streets for placing and maintaining said poles on the conditions specified in chapter 38, section 15, of the Revised Ordinances of 1898.

The work of locating said poles to be completed within ninety days from the date of the passage of this order.

The report was accepted, the order was read a second time and the question came on its passage.

Ald. CODMAN—Mr. Chairman, I would like to inquire if an order of notice has been issued on that Summer St. order?

Ald. DOYLE—Mr. Chairman, I will say that this right was originally asked for upon Summer St., but when the order was passed, by some clerical error it said "Summer Street." As there is no "Summer Street" to which this would apply, I have introduced this, this morning, in order to correct the error.

The order was referred to the Committee on Public Improvements.

(2) Report on the petition of the West End Street Railway Co. (referred Dec. 27), for leave to lay a terra cotta pipe in Huntington Ave.—recommending the passage of the following:—

Ordered, That permission be hereby granted to the West End St. Railway Co. to lay and maintain underground conduits for electric wires and cables, provided with suitable manholes, in Huntington Ave., from the dividing line between the City of Boston and the town of Brookline to a point near Heath St.

The surface of said street shall be disturbed for the purpose of laying or repairing cables, or conduits therefor, only at such times and in such manner and place

of opening as the Superintendent of Streets shall indicate and issue permits therefor; and the surface of said streets shall not be disturbed as above until a plan has been filed in the office of the Superintendent of Streets showing the location of said underground conduits and manholes in the aforesaid streets.

All the work of laying said conduits to be done under the direction and to the satisfaction of the Superintendent of Streets, and in accordance with the requirements of chapter 38, section 14, of the Revised Ordinances of 1898.

Referred to the Committee on Public Improvements.

(3) Report on the petition of the New England Tel. & Tel. Co. Mass. (recommended Dec. 13), for leave to erect poles on Parker and other streets—recommending the passage of the following:—

Ordered, That permission be granted to The New England Tel. & Tel. Co. of Mass. to place and maintain poles for the support of wires at points designated by red dots on a plan deposited in the office of the Superintendent of Streets, made by George H. Dresser; said poles to be located as follows:—

Parker St., 5 poles, 35 feet in height by 13 inches in diameter; width of sidewalk 6 feet.

Catawba St., 4 poles, 35 feet in height by 13 inches in diameter; width of sidewalk, 7 feet.

Sherman St., 3 poles, 35 feet in height by 13 inches in diameter; width of sidewalk 7 feet.

Dale St., 1 pole, 40 feet in height by 14 inches in diameter; width of sidewalk 7 feet.

Date of plans Nov. 28, 1899.

The Superintendent of Streets is hereby authorized to issue permits of opening and occupying streets for placing and maintaining said poles on the conditions specified in chapter 38, section 15, of the Revised Ordinances of 1898.

The work of locating said poles to be completed within ninety days from the date of the passage of this order.

(4) Report on the petition of the New England Tel. & Tel. Co. of Mass. (recommended Dec. 27), for leave to erect poles on Waumbuck and other streets—recommending the passage of the following:—

Ordered, That permission be granted to The New England Tel. & Tel. Co. of Mass. to place and maintain poles for the support of wires at points designated by red dots on a plan deposited in the office of the Superintendent of Streets, made by George H. Dresser; said poles to be located as follows:—

Waumbuck St., 9 poles, 35 feet in height by 12 inches in diameter, width of sidewalk 6½ feet.

Crawford St., 3 poles, 35 feet in height by 12 inches in diameter, width of sidewalk 6½ feet.

Ruthven St., 10 poles, 35 feet in height by 12 inches in diameter, width of sidewalk 6½ feet.

Corner Ruthven St. and Walnut Ave., 1 pole, 35 feet in height by 12 inches in diameter; width of sidewalk 6½ feet.

Humboldt Ave., 2 poles, 35 feet in height by 12 inches in diameter; width of sidewalk 10 feet.

Bower St., 1 pole, 35 feet in height by 12 inches in diameter; width of sidewalk 10 feet.

Date of plans Dec. 11, 1899.

And permission is hereby further granted to said company to remove from Humboldt Ave. two poles shown by black crosses on said plan.

The Superintendent of Streets is hereby authorized to issue permits for opening and occupying streets for placing and maintaining said poles on the conditions specified in chapter 38, section 15, of the Revised Ordinances of 1898.

The work of locating and removing said poles to be completed within ninety days

from the date of the passage of this order.

The reports were accepted and the orders were severally referred to the Committee on Public Improvements, on motion of Ald. Doyle.

(5) Reports on petitions—that no action is necessary, viz.:—

Mrs. M. E. Cable, et als. (referred June 12), for removal of poles of New England Tel. & Tel. Co. of Mass. on Beethoven St.

Rev. D. H. O'Farrell (referred Aug. 14), for permission to stretch a telephone wire from Moon St. to Clark St.

Wm. E. Ford, et als. (referred June 26), for removal of poles on Atherton St., Wd. 22.

John S. Winn, et als. (referred Aug. 21), that action be taken towards placing electric wires underground in the Aberdeen district in Brighton.

The New England Tel. & Tel. Co. of Mass. (referred Dec. 13), for leave to erect poles in Kinwood St., Wd. 20.

The same company (referred Aug. 30), for leave to erect poles on Beech and other streets.

The same company (referred Jan. 23), for leave to erect poles on Monadnock St. and on Moultrie Ave.

The same company (referred Nov. 8), for leave to erect poles on Green St. between High and Bartlett Sts., Wd. 3.

The same company (referred May 9), for leave to erect nine poles in Tremlett St., Wd. 20.

Severally accepted.

RESTRICTIONS ON ART MUSEUM.

Ald. BRICK offered the following:—

Whereas: By vote of the City Council certain restrictions existing upon the real estate conveyed in deed by the city of Boston to the Trustees of the Museum of Fine Arts have been released under a misapprehension on the part of the City Council; and

Whereas: It is desirable that certain of their restrictions be retained,

Resolved: That the Corporation Counsel and City Solicitor are requested not to enter any deed of release of said restrictions unless the said Trustees shall execute contemporaneously an agreement to open any buildings which they shall in the future occupy as a Museum for the Fine Arts for the public free of charge, under reasonable regulations, at least four days in each month, this being the same provision as contained in the deed of conveyance from the City of Boston to the Trustees of the Museum of Fine Arts; and if the said Trustees shall refuse or neglect to execute such an agreement that the Corporation Counsel and City Solicitor are desired to take immediate legal action for the amendment of the order passed by the Board of Aldermen on October 16th, 1899, and concurred in October 19th, 1899, by releasing said restrictions and obtain the reestablishment of said reservations and restrictions.

Ald. BRICK—Mr. Chairman, I do not desire at this last meeting to take up the time of the Board by rehashing what was gone over at the last meeting. It certainly appears, despite the efforts of some of the newspapers to show that my order was introduced for some ulterior purpose, that there is public interest in this matter. The Boston Transcript had it that it was a mare's nest, conceived as a matter of politics. The fact is, however, that it was voted for by Democrats and Republicans alike, passing the Common Council unanimously.

I will therefore take it for granted that the members of the City Council considered the facts set forth by me as true, and I will not take up the time of the Board by going into the matter further now. But it does seem as though this provision should be made. It was thought at least desirable, necessary, wise, that it should be interpolated in the original agreement. The original deed of convey-

ance from the City to the Museum of Fine Arts contained a provision that the building or buildings of the Art Museum shall be open to the public at least four days in every calendar month. Under the order as passed, the only provision is that the "Said Museum of Fine Arts shall further agree to give the public the same right of access as now to the building or buildings on said premises so long as the same belong to said Museum of Fine Arts and are used by it for a Museum of Fine Arts." Now, it would seem, under those conditions that the corporation, the institution, as it stands bears a public character. While the corporation itself is governed by private corporation laws, there was this reservation in the original deed of grant, in behalf of the public, reserving a right which was a very valuable one, if we are to consider matters in a public light. It obligated the Trustees, so long as that institution existed there and so long as that land was used for the Museum of Fine Arts, to open the building. If the trustees now succeed in having these restrictions removed and nothing else occurs, if they are to remove from their present location there will be nothing to oblige them to open their new buildings to the public, except as they see fit. It is all very well to say that these gentlemen who compose the Board of Trustees of the Museum of Fine Arts are such honorable men that they would of necessity do what is right for the public in this matter. That is very well—but, while I charge no direct act of deception, there was at least a passive deception on the part of somebody, either the Trustees themselves or those who represented them, in connection with the introduction of the order annulling the restrictions, which was passed in this Board and in the Common Council. It therefore seems extremely desirable that, if the citizens of Boston are to retain the right—not a mere privilege granted by the Trustees, but if they are going to have a right upon certain days to visit the Museum of Fine Arts—this provision should be interpolated, by way of agreement and contract, so that the public may not be molested in its enjoyment of those rights, perhaps, by some people who will come in the future. The men who comprise the Board of Trustees of the Museum may be gentlemen of culture and standing, and that is perhaps the reason why the original order passed so readily in this Board.

Having such thorough confidence in the men who are Trustees, I myself did not perhaps give the order the consideration it deserved. Consequently, the order as passed by the Board, by the City Council in its entirety, does not provide for the situation which promises to arise. I say this is a matter of sufficient importance for us to act upon. It involves a right of the citizens of this city, a right that should be granted, and I do not think that the Museum of Fine Arts, which was granted this property free at its inception, which has had the opportunity to use the property and which now has the benefit of the unearned increment of all that land, from which they will now profit, regardless of the conditions of the original gift,—it is not right that we shall deprive the citizens of the rights they now have there, placing them simply at the mercy of the Trustees of the Museum, allowing them to visit the Museum simply at such times as they may permit. I say this should have been covered in the first place. Whoever drew this order, if he had the interests of the city at heart, should have seen that that was provided for for the future and forever. I trust that this provision may be adopted in connection with any new arrangement, so that the citizens may be secured in that right, it not being subject to the approval of the Trustees. I therefore hope the resolution will prevail.

Ald. COLBY—Mr. Chairman, this matter has been quite fully discussed. I had sup-

posed, after the way the matter was left at the last meeting, that we should find the public complimenting the alderman on the valiant stand he had taken in behalf of the supposed rights of the public that were being infringed upon. But, as far as I can find out, the only result was that the press was a little suspicious of the alderman, and now the alderman is a little suspicious of the Trustees. That is about all there is to it. He says he has not confidence that, if they open a new museum, they will give the public the rights there that they should have. I, for one, want to say that I totally disagree with him. The Museum of Fine Arts is not managed as a close corporation, for the benefit simply of a few people who enjoy good pictures and the fine arts generally, but has always been conducted for the benefit of the public, and I have sufficient confidence that that policy will be continued. But, as my brother is a lawyer, I feel justified in criticising the order he has introduced. He says "That the Corporation Counsel and City Solicitor are requested not to enter into any deal." Well, the Corporation Counsel or the City Solicitor do not own a foot of land up there that I know of, and certainly they have nothing to do with any deeds. They cannot execute any deeds conveying property. If he means that the Mayor should not execute any deeds, that might be a different thing. But the resolution he presents at the present time will, I suggest, fall perfectly flat, because the Corporation Counsel or the City Solicitor can have no possible power to dispose of any land or make any agreement binding upon the city, in the slightest degree.

Ald. BRICK—It may be that there should be a change in the verbiage of the order, where I have referred to the Corporation Counsel and City Solicitor. I simply meant to direct that they should not pass any title. I will amend that so that it will read properly, with the permission of the Board.

Ald. COLBY—Mr. Chairman, of course, I propose to vote against the order he introduces in any shape. I merely suggest that it is not a proper order in the form in which it is drawn, and I don't think it will go very far, anyway.

The resolution was referred, on motion of Ald. McDonald, to the Committee on Public Improvements.

PAYMENT FOR FOWLS KILLED BY DOGS.

Ald. BERWIN, for the Committee on Police (Ald.) submitted a report on the petition of John J. Scarry (referred today), for compensation for the loss of fowls killed by dogs—recommending the passage of the following:—

Ordered—That there be allowed and paid to John J. Scarry the sum of \$37, in compensation for the loss of fowls killed by dogs December 25, 1899; said sum to be paid from the income from dog licenses.

Report accepted, order passed.

DAMAGES FOR GRADE ALTERATION.

Ald. COLBY presented the petition of Alice W. Ball that the Board estimate the damages to her caused by the change of grade at 90 Berkeley St.

In connection with the above Ald. Colby offered the following:—

In Board of Aldermen, acting as
County Commissioners,

December 30, 1899.

On petition of Alice W. Ball that this Board estimate the damages to her by the location, construction, making and maintaining of the Boston & Providence Railroad, and by the alteration of the grade of Berkeley St. in front of her estate 90 Berkeley St., it is hereby,

Ordered—That the damages sustained by said Alice W. Ball be estimated and determined at the sum of one dollar each.
Passed.

PROJECTION OF SIGNS, ETC.

Ald. DAY, for the Committee on Building Department, submitted the following:—

Reports on petitions (severally referred today) for leave to project signs, etc.—recommending that leave be granted as follows:—

Margaret J. Gordon, sign, 19 Tremont Row, Wd. 6.

Stephen A. Gallagher, pole with canvas banner, 33 Charlestown St., Wd. 6.

Arthur Pond, illuminated sign, 55 Main St., Wd. 5.

Luigi Villellini barber pole, 57 Kneeland St., Wd. 7.

Reports severally accepted; leave granted on the usual conditions.

RECESS TAKEN.

The Board voted at 12.10 P.M., on motion of Ald. McDonald to take a recess, subject to the call of the Chairman.

The members of the Board reassembled in the Aldermanic Chamber, but were called to order at 12.55 o'clock, P.M., by the Chairman.

PUBLIC IMPROVEMENTS.

Ald. COLBY, for the Committee on Public Improvements, submitted the following:—

(1) Report on petition of New England Railroad Co. (referred Nov. 27), for a determination of the manner in which a proposed extension of its road shall cross West Fourth St. and Broadway and any other ways in this city—recommending the passage of the following:—

Commonwealth of Massachusetts.—Suffolk, ss.—In the Board of Aldermen, acting as County Commissioners for the County of Suffolk, _____, 1899.

It appearing that The New England Railroad Company has given the notice required by the Order of this Board therein and required by statute in such case, of a hearing upon its petition presented to the Board acting as County Commissioners for the County of Suffolk, on the eighth day of November, 1899, asking the Board as County Commissioners, after due notice and hearing, to determine the manner in which an extension of its road required to be constructed under Chapter 516 of the Acts of the Legislature, approved June 9, 1896, from a point at or near South Bay draw bridge to the grounds of the Boston Terminal Company shall cross West Fourth St. and Broadway, in the City of Boston, and a hearing having been had on such petition, pursuant to notice, and all parties desiring to be heard having been heard, the Board of Aldermen, acting as County Commissioners of the County of Suffolk, do hereby determine the manner in which such extension of said railroad shall cross said streets or highways as follows, viz:—

First. It shall cross West Fourth St. under the present grade thereof without making any change in the substructure or superstructure of the existing bridging, giving a clear headroom between railroad track and bridge floor of 15 feet.

Second. It shall cross Broadway under the grade thereof, which is hereby altered, giving a clear headroom between railroad track and bridge floor of 15 feet. The grade of the finished street surface of Broadway shall be level and at elevation 39.5 feet above Boston Base, between the easterly and westerly side lines of The New England Railroad location, which lines are respectively distant fifteen (15) feet measured at right angles from the centre line of location. From said easterly location line the street grade easterly shall fall to elevation 38.5 feet at a point seventy-five (75) feet distant, measured at right angles from said centre line; thence the grade shall continue to fall easterly at a uniform rate of about 2.5 feet in 100 feet till it meets the present grade of Broadway at the easterly line of Foundry

St. From said westerly location line the street grade shall be level to the westerly end of Fort Point Channel draw. Thence, connected by proper curves, the grade shall fall at a rate of 2.25 feet in 100 feet to a point about 50 feet easterly from the easterly line of Albany St.

So much of the present substructure and superstructure of Broadway bridge as is affected by the alteration of grades hereby made is to be raised or removed, and when the present superstructure cannot be used a new superstructure, sixty (60) feet in width, with steel frame and wooden floor, built with proper allowance for safety, is to be constructed, resting upon substantial piers of steel and stone. The said street shall be changed in the grades thereof as hereinbefore prescribed and shall be restored in surface, sidewalks and other respects to its present condition.

The changes hereinbefore prescribed are to be made by said railroad company, and are shown upon plan dated December, 1899, and signed by William Jackson, City Engineer, and to be filed herewith as a part thereof.

In Board of Aldermen, acting as County Commissioners. Dec. 30, 1899.

Passed.

J. M. Galvin, City Clerk, pro tem.

Approved Dec. 30, 1899.

Josiah Quincy, Mayor.

Report accepted; order passed.

(2) Report on the petition of George A. Fuller Co. (referred today), for leave to erect guy posts in Boylston and Exeter Sts.—recommending the passage of the following:—

Ordered, That the Superintendent of Streets be authorized to issue a permit to George A. Fuller Co. to erect, maintain, and use two guy posts on Boylston St. and two on Exeter St. with the necessary ropes over and across said Boylston and Exeter Sts., for use in building construction on said streets; the work to be completed on or before July 1, 1900, according to the terms and conditions expressed in the ordinances of the city relating thereto.

Report accepted; order passed.

(3) Report on order (referred today), granting location to West End Street Railway Co. for tracks on Morton and other streets—that the order ought to pass.

The report was accepted, the order was read a second time, and the question came on its passage.

Ald. CODMAN—Mr. Chairman, I shall be compelled to vote against this order for the location of tracks, and, in order that my position may be fully understood, I wish to say that my vote is not against the location because it is a cross-town route to Dorchester, for if that were what it was I would be compelled to be with it. I have always strongly believed in a cross-town route for Dorchester. But I believe there is a better way of crossing Dorchester than through Minot St. Minot St. is a very narrow street. If double tracks are laid through it there will not be on either side of the tracks, between the tracks and curbing, space enough for a single carriage to pass a car. We have already in Dorchester in several places conditions similar to that—on Hancock St., Norfolk St. and a number of other streets—and I feel that this Board or any board will make a mistake if it allows a location for double tracks on any street where there will not subsequently be sufficient room on either side of the tracks for a carriage to pass a car. It will be perhaps argued that the street will be widened—that has been suggested by certain members of the Board.

But I know that a street like Minot St., that is all built up, where houses are not set back to any extent, cannot be widened except at very great expense. If Minot St. were stricken from this proposed location there would be no injury to the order, no stopping of the results desired both by the people of my section—and this is in my immediate section, because it is within a

stone's throw of my home—and by the road. The road can ask for a location and build its tracks through Marsh St. and widen that street, on property which is not built up or improved in the least. I believe honestly and fairly that, as between Minot St. and Marsh St., the Marsh St. location is the one which should be taken by the railroad. The only reason why the opposing petitioners for this location did not include Minot St. in their petition was because the Railroad Commissioners had refused to allow them to get their location unless they should procure an outlet onto Neponset Ave. They consequently asked for this option between Minot St. and Marsh St. The Marsh St. location did not carry them to Neponset Ave. until they had made special arrangements to cross above grade the tracks of the New Haven Road, on a branch that runs from Neponset to the Lower Mills. So that, although it was equally necessary for the opposing petitioners to have Minot St. in their possession, they did not consider that it was necessary to build the line through there, but expected that Marsh St. would be laid out. The West End Road does not run up against the same objection of the Railroad Commissioners, because if its petition is granted as far as Minot St. they connect with another location already granted, making a continuous route through Adams St. and Neponset Ave., thus giving them a continuous cross-town route in Dorchester. Then, if they wish to connect with Adams St. and Neponset, they can go down Marsh St. I am not talking to convince any members of the Board, because I know the members have made up their minds how to vote, and that they have the votes. But I want to place myself right in this matter before the people of Dorchester and of my immediate section. I believe this will be fought out before the Railroad Commissioners, and I honestly and fairly believe that the Commissioners will never allow double tracks in Minot St. I move as an amendment, Mr. Chairman, that Minot St. be stricken from the petition, and I ask for a roll call.

Ald. McDONALD—Mr. Chairman, I shall vote that leave be granted on the petition as reported, because, when the hearing was had before the railroad committee, it seemed to be the unanimous opinion of the ladies and gentlemen who were present at that time that they preferred that the Boston Elevated Railroad should have the locations asked for. While I believe it preferable to have but a single track on some of those streets, at the same time it is better in many ways to have double tracks, because it will give better accommodation; and I am sure that the aldermen who are returned here from Dorchester next year will have a good argument for the widening of Minot St. and the other streets through which the proposed location is to be granted today. I believe now that Hancock St. would never have been widened but for the fact that the Elevated Railroad had laid double tracks there some years ago. That was the principal argument that was brought before the Committee when we insisted that Hancock St. should be widened, and I am sure that, with the ability of the gentlemen who will be here from Dorchester next year, they can and will receive large appropriations for Dorchester for the widening of streets where very much needed. I believe, of course, in a cross-town road.

I believe the Elevated Railroad should have this location, for the simple reason that if the Quincy Road should come in the people would be obliged to pay double fares, whereas, with this location granted to the Elevated Railroad, the people of Dorchester can ride from Mattapan to Arlington for five cents. Now, what does the granting of this location in the streets proposed to the Elevated Road mean? It means, of course, the upbuild-

ing of that section of Dorchester. It means the bringing into the market of a lot of land for development. It means the building of more houses in that section, and consequently it means more taxes in the city treasury of Boston. I believe, taking it all in all, that it is better to grant this petition, and if it is not absolutely necessary that a double track shall be laid on Minot St., I presume that the railroad people will postpone the laying of a double track there until such time as the street is widened, as well as the other narrow street which the alderman from Wd. 24 refers to. I shall, however, vote against the amendment as offered by the alderman from Wd. 24, and I hope the original order will pass.

The amendment was rejected; yeas 2, nays 8.

Yeas—Ald. Adams, Codman—2.

Nays—Ald. Barry, Berwin, Brick, Colby, Day, Doyle, McDonald, Presho—8.

The order as reported was passed.

(4) Reports on petitions—that leave be granted, viz.:

Charlotte P. Chamberlain (referred Dec. 27), for leave to construct basement floor of building 553 Boylston St. at grade 11.

John J. Coffey et als., (referred today), for use of Paneuil Hall on the evening of January 6, 1900.

Reports severally accepted; leave granted on the usual conditions.

(5) Report on order (referred April 3), that the space at the intersection of Zeigler, Roxbury and Washington Sts. be named Gaston Sq.—that the order ought not to pass as the space is already named Dudley Sq.

(6) Report on order (referred Oct. 16), to hire playground at Locust St.—that no action is necessary.

(7) Report on orders, etc.—That the same be indefinitely postponed, viz.:

Order (referred Oct. 16), disapproving sentiments at oration on July 4th.

Order (referred March 13), to provide liability insurance on City Hall elevators.

Order (referred last year), to take from files relative to widening of Commercial and India Sts. and Cross St. widening.

Order (referred Nov. 8), for appointment of committee for new City Hall.

Order (referred last year), accepting act concerning India, Commercial and Cross Sts.

Order (referred May 15), that receipts for street department permits be refunded.

Order (referred March 27), amending revised Regulations of 1898 in regard to minors' licenses.

Severally accepted.

(8) Report on messages, etc.—That the same be referred to the next City Government, viz.:

Message of Mayor (referred today), concerning deficits in appropriations, caused by executions of court.

Message of Mayor (referred Oct. 30), in favor of sale of old lamps replaced by new ones.

Message of Mayor (referred Dec. 4), relative to surrendering lot of land on Paul Gore St. to School Committee.

Message of Mayor (referred Dec. 13), in favor of an appropriation for snow dump at Warren Bridge.

B. H. Benton (referred today), for license for vaudeville and wrestling entertainments.

Severally accepted.

(9) Reports on messages, communications, etc.—that the same be placed on file, viz.:

Minority report of Committee (referred today), on Investigation of Rainsford Island.

Acceptance of location (referred today), by Jones & Mehan of temporary tracks in East Boston.

Mayor's message (referred today), concerning Street Dept. finances.

Message of Mayor (referred Dec. 27), vetoing order authorizing office expenses

for medical examiner, North Suffolk district.

Communication from School Committee (referred June 29), requesting transfer to it of Austin schoolhouse in East Boston.

Message of Mayor (referred Dec. 27), relative to expediting work of widening Rutherford Ave.

Appointment of Edmund Billings (referred Dec. 13), as Overseer of the Poor.

Corporation Counsel's opinion (referred April 12), in matter of providing rifle range for militia.

Resignation (referred Sept. 25), of J. M. Galvin as City Clerk.

Order (referred June 12), rescinding appropriation for rifle range for militia.

Preamble (referred today), in favor of Cove-St. extension.

Severally accepted.

(10) Reports on petitions—that the petitioners be given leave to withdraw, viz:—

William H. Devine (referred Jan. 23), for compensation for damages to estates on Quincy St. caused by change of grade.

John Daniellion (referred Oct. 16), for leave to erect a box sign on sidewalk at 1929 Tremont St., Wd. 13.

Edward Waters (referred Dec. 13), for leave to stand a night lunch wagon at corner Summer St. and Atlantic Ave.

Frank W. Simonds (referred Nov. 27), for leave to stand a night lunch wagon on Summer-St. extension.

Severally accepted.

(11) Report on report and order (referred today), to erect poles on Parker and other streets—that the order ought to pass.

Report accepted; order passed.

(12) Report on report and order (referred today), for erection of poles in Waumbeck and other streets—that the same be recommended to the Committee on Electric Wires.

Report accepted; said reference ordered.

(13) Report on message of Mayor (referred today), vetoing order for removal of poles on Bennington St.—that the veto be sustained and the message placed on file.

Ald. DAY—Mr. Chairman, I would like to say that in taking this action I think the Board of Aldermen stultifies itself. It is notifying the people of East Boston that it will not accord to them the same treatment it has already accorded the people of Dorchester and of South Boston. The Mayor's message vetoing this order for East Boston was identically the same as the message by which he vetoed an order for the removal of poles in South Boston. But the people of Dorchester came in and the Board listened to them, upon the order affecting Dorchester, and passed the order over the Mayor's veto by a vote of 11 to 1. The Secretary of the Democratic State Committee came here and asked for the removal of three poles in South Boston, and you passed an order for their removal over the Mayor's veto, by a unanimous vote. Now you notify the people of East Boston that they cannot receive the same treatment. You notify them that their aldemans, when he comes here backed by precedent and by a petition signed by a score of influential leading people over there does not have as much influence in this Board of Aldermen as the representative of this corporation has.

Reconsideration of the previous action of the Board was had, and the Board refused to pass the order over the Mayor's veto, yeas 2, nays 7:—

Yeas—Ald. Colby, Day—2.

Nays—Ald. Adams, Barry, Berwin, Brick, Doyle, McDonald, Presho—7.

(14) Report on resolution (referred today), concerning Museum of Fine Arts—that the same should pass.

The question came on the acceptance of the report and passage of the resolution.

The report and the resolution were rejected, yeas 4, nays 5:—

Yeas—Ald. Barry, Brick, Doyle, McDonald—4.

Nays—Ald. Adams, Berwin, Colby, Day, Presho—5.

Ald. COLBY moved a reconsideration, trusting it would not prevail.

Ald. Brick called for the yeas and nays. Reconsideration was lost, yeas 4, nays 5:

Yeas—Ald. Barry, Brick, Doyle, McDonald—4.

Nays—Ald. Adams, Berwin, Colby, Day, Presho—5.

SYMPATHY FOR JOHN T. PRIEST.

Ald. ADAMS offered the following:—

Resolved: That the sympathy of the Board of Aldermen be extended to Mr. John T. Priest, Assistant City Clerk, in his illness, and that the City Clerk be directed to transmit a copy of these resolutions to Mr. Priest.

Passed by a unanimous vote.

GENERAL RECONSIDERATION.

Ald. Brick moved a general reconsideration, hoping the same would not prevail. Lost.

REFERENCE OF UNFINISHED BUSINESS.

Ald. McDONALD offered an order—That all matters of an unfinished nature in the hands of the several standing and special committees of this Board be referred to the next Board of Aldermen.

Passed.

CLOSING PROCEEDINGS.

Ald. PRESHO offered the following:—
Resolved: That the Board of Aldermen of 1899 take this opportunity to inscribe upon the record their appreciation of the fairness and impartiality displayed by Chairman David F. Barry during the past year.

He assumed his duties at the beginning of the year with an extensive and thorough knowledge of municipal affairs obtained by long and earnest service in the City Council and by his exceptional ability he has materially aided the Board in the discharge of their manifold duties.

We desire to thank him for the courteous treatment we have received at his hands and to extend to him our best wishes for his future prosperity and happiness.

Ald. Presho said:—

Mr. Clerk: This is a peculiarly impressive moment for me after 6 years of service in this body to bid farewell, the senior member of this board. Five times before I have taken part in occasions of this kind, and looking back I am reminded of the many prominent men I knew in this board and the many delightful acquaintances I have made.

Legislatures, not remarkable for despatch of business, for soundness of ideas, or disinterestedness of motive, have thoroughly padded the blue books with useless changes. Vast monied powers have been able to secure passage through the legislature of great schemes involving immense public interests, which must be accepted or rejected as a whole, or would at the end of a very limited period become laws or pass from the control of the city government to state commissions, practically allowing the municipal councils no choice in the matter. This was done under the plea that great corruption existed in municipal councils, but was in fact an evidence of the immense influence of corporations in the State Legislature. It is very fortunate that the attention of the legislature has been aroused to the speciousness of many so-called reforms, and it is equally fortunate that the supreme court of the Commonwealth has stood as a defender of the people of our city against that most remarkable specimen of freak legislation in the history of the city—the sewer assessment law.

The attempt at concentration of power in the hands of the mayor and at the complete demolition of the legislative branches of the city government in the form of the board of apportionment act has been relegated to the depths of obscurity by reason of its only too evident absurdity, and its inconsistency with popular form of government.

It seems hard to realize that in the short space of my aldermanic career the city has passed to the very verge of bankruptcy, with the result that a mayor has recently been elected solely on the issue of financial reform. The period has been to me one of mingled regrets and pleasure as regards the personnel of the members and officers of the Board. In no way could the swift changes of time more impress me than in the thought that but a single member of the Board of 1894, the first to which I was elected, now remains; and not one of the prominent officers of the Board is with us now. And yet we cannot say that the character and standing of the Board has deteriorated in any respect by reason of these changes. I have served under three mayors, with all of whom I have had the most pleasant personal relations. The social relations of the members of all the Boards have always been pleasant. We have always realized that the fierce attacks and severe personalities in debate have been, like many of the high-sounding resolutions offered, intended merely for stage thunder for the benefit of our various admiring constituents. Just a majority of the Board retires this year—a very large number. First comes my honored associate, the Chairman of the Board, who began his aldermanic career at the same time with myself. The Board will suffer a severe loss in the withdrawal of the great energy, the indomitable perseverance and the great resourcefulness which has made David F. Barry the leader of many successful movements in this Board.

Oftentimes it has been the fact that a man would be nominated and elected from a ward he had served faithfully in some other capacity, and a cry would arise that small men were going into the Board of Aldermen; but his unanimous re-nomination and his election by an increased majority would show that the people found out that he was worthy of their selection. When I first entered the Board the at large system was in vogue. That was succeeded by an amendment which made the act perfectly ridiculous and I consider the present act the height of absurdity. I believe that the aldermanic term should be of two years duration for the reason that it takes a man fully a year to become acquainted with the duties, and if he has to look for his re-election he is obliged to devote time and energy that ought to be given to his people, and there are so many demands upon a man's time that it is impossible for him to do justice to his constituents when he is obliged to seek a re-election the same year.

Ald. Wm. Berwin, keen, suave and polished, mellow as the breeze from the sunny south from which he came, adroit, witty and fluent of speech, he has been one of the most active forces on the Board. Ald. B. though unsuccessful as a mayoralty candidate has a firmer grip on his ward and will be heard from at the proper time.

We rejoice that the voters of Ald. Colby's ward have tendered an appreciation to his able services by promoting him to the State House, where his striking eminent legislative and oratorical abilities will find more fitting scope.

In the fiery moments of debate we were led to fear that terrific lyddite shells, in the shape of explosive disclosures of corruption were suffocated into political oblivion, and that awful rumors, like Banquo's ghost, stalked about the board. But we soon learned that these were part of Ald. Colby's parliamentary arsenal, and

that as soon as he had gained or lost his point his good nature quietly laid them aside for future occasions.

Then comes Ald. Codman, the active Commodore, whose pleasant yacht trips are so seductive that Dorchester admirers will ensure his re-election far into the next century.

His sensitive olfactory nerves can endure the odor of many sorts of plants, but at the garbage plant his soul and nostrils revolt. Alert, persistent and persuasive, he has brought forth so many needs of streets for Dorchester during my acquaintance with him, that as I enter upon my duties as Street Commissioner and compare Dorchester's needs as presented by Ald. Codman, and the annual appropriation, I shrink with terror.

Worthy namesake of glorious personality, Sam Adams, leader of the Boston town meeting 100 years ago. In this assembly, the successor of the early town meeting, we have another of that name, and from my experience with this later Adams, I find the Adams stock has not degenerated.

Ald. Dixon, another follower of the briny deep. Enshrined in the hearts of the people of the Old North End, he can well afford to be independent and fearless, and like Ajax, defy the lightning of the Strategy Board. Extremely warm hearted and generous with his sympathies and finances almost to a fault, he is universally beloved by his associates.

Happy is Dorchester who is so well and eloquently taken care of by her doughty triumvirate, each of whom, Jack-in-the-Box like, does his best to anticipate the other two in rising to proclaim her interests. Alderman McDonald is confessedly the orator of the trio. His burning affection for the firemen has filled me with envy and jealous fear that he will rob me of the title of Fireman's Friend. All who come in contact with Ald. McDonald are convinced of his sterling integrity and his determined purpose to do his whole duty.

Mr. first impressions of Ald. O'Toole were somewhat obscured by the idea, arising from the party feeling in the "six to six" strife of last year, that he was going to be a fierce partisan; but I now bear testimony to the fact that he has been one of the fairest men in the Board, and I congratulate him on the independence he has shown.

Alderman Doyle, with his able and unique lieutenant, Jerry Watson, form a campaign combination which is perfectly irresistible. His serenity of temper is proverbial, and it is reported that the only thing that ever ruffles him is the fact that he could not procure the laboring men \$3.00 a day.

We are so firmly convinced that Ald. Day is so much in earnest in beating down the barriers of opposition and delay on the part of the opponents of the tunnel, that if something is not done soon he will take a spade and dig the tunnel himself. Never has a new member of the Board made a more pleasing impression for absolute fairness of spirit and uniform courtesy.

Ald. Brick might be termed a real brick and not a gold brick. The chamber would have many a dull moment were it not for the oratorical surprises of Ald. Brick. He fears not to be in a minority, even in a minority of one. Ald. Brick's legal ability and attainments have made him a valuable member of the Board this year.

Ald. BERWIN said:—

I consider it a rare pleasure to have the pleasant privilege of seconding the resolutions—which have just been read.

I assure you Mr. Chairman—that the endorsement of the resolutions is no perfunctory task—but that it represents the deep sentiments of my associates and myself. The long career of public service which with your retirement—is suspended—but I trust not ended—has been a recognized benefit to our community and I am

sure has been universally appreciated.

I can not take my seat without a deserved reference to the nestor of the Board our friend from Charlestown—who retires from service here—to service still more responsible, as a member of the Board of Street Commissioners, while I sincerely congratulate him upon his merited good fortune—I can not but regret that at least for the next 3 years we will not hear the familiar refrain

"Mark your ballot slowly,
Scan the list with care,
Presho's name is near the foot,
Don't forget its there.

Nor can I yield the floor, until I have said something about our worthy associate on my right, the Alderman from Wd. 12 (Ald. Colby) who throws off the toga of municipal responsibility only to enter the service of the Commonwealth, in the shaping of the laws for the government of the state of which even our large City forms but a part—I am certain that in such a broad field for reform, as our State Legislature will afford him, we can not fail to hear from him on the Hill, in a manner that will reflect credit upon him and bring to him the plaudits of an admiring constituency and the appreciation of posterity.

I wish that I could say, that all my associates who retire with myself from the Board, with the close of the year, were being transferred to better and higher service like our friends Presho and Colby, but as I look about me, I find three others, who like myself are leaving the Board to enjoy for a time at least, the blessings and quiet of private life. Organized labor is losing its staunchest friend and defender in the Board, in the retirement of my friend from Roxbury, and neighbor of Jerry Watson. His devotion to the public interests can always be remembered by his associates with the keenest satisfaction.

Now for the Alderman from my own section of the city, who has always come to the Board fresh from the borders of Charles River, always prepared to go through the process of Municipal Legislation, or the process at the Garbage Plant; while he has not fully confided to me his plans with respect to the future, I have already learned enough to satisfy me that he will mainly devote his spare time to the Presidential Campaign of his friend Admiral Dewey.

In the retirement of Alderman McDonald Dorchester loses one of its most loyal and representative advocates.

To those whose continued service in the Board during the next year is a part of the good fortune of our community, I am sure I but express the sentiments of all who now retire, when I tell them that I leave these pleasant associations with the profoundest regret and with the most heartfelt good wishes and the earnest hope that the friendly attachments which we have formed may continue and grow until the end of time.

To the City Clerk, who retires after his long and faithful service to the city, to his worthy assistant, who lies at his home suffering from his brave service in his country's cause—to the Clerk of Committees, genial, accommodating and always courteous—to the City Messenger, ever anxious and willing and prompt—and to the assistants in all of these departments, and last to the energetic, alert and congenial representatives of the press—I extend one and all my thanks and a most sincere desire that they will enjoy a happy New Year and many of them.

Ald. McDONALD said:—

Mr. Clerk, my associations of one year with members of this Board have been very pleasant. Our weekly meetings brought us together early in the year, so that we became very well acquainted, and the legislation which we have proposed and passed here will bear fruit. It is too

early as yet to pass judgment upon it. Of the Chairman of the Board, whom it has been my privilege to know for more than twenty years, I can say that he has always been a good friend of mine. He has acted fairly and justly in the position which he has occupied, and every member of the Board has had a fair opportunity to discuss every question that was presented. He has been sustained in all his rulings, and, as the years roll by, he can point with pride to his occupancy of this chair. Our City Clerk, who left us for a short while to embark in other enterprises, has occupied the position for nine years, and his management of the affairs of that office has made for him a host of friends in this city.

Strangers entering his door were treated fairly, politely, and no man ever came out from his office without saying to himself, "There is a faithful public servant." I am pleased that he is succeeding beyond his expectations in the new enterprise upon which he has embarked. I am sure that the members of the Board wish him every success. To the Assistant City Clerk, Mr. John T. Priest, who faced the rebel bullets in the Civil War, I send my greetings and best wishes for his speedy recovery. John F. Dever has certainly attended to his business faithfully, as has also his assistant, Mr. Doyle, who has served as Clerk of Committee on Claims for almost the entire year. Mr. Leary, the City Messenger, has attended to his duties faithfully, as have his assistants, Mr. Charles Murphy, Mr. Fred Robinson, Mr. Silloway and the others in that office. To our stenographer, E. W. Harnden, I certainly am exceedingly obliged for his kindness to me, and also to Mr. Frank X. Chisholm, who has always been accommodating. To the press I wish to return my best regards. While I have not had occasion to call over and see them very often, still I believe they have attended to their duties faithfully, and I will say of the reporters what Arthur Lincoln once said in the Chicago Herald, writing of the reporter in verse:—

'He loves to write of others, in whose glory he delights;
He oft-times makes them famous 'twixt darkness and daylight.
He loves to write in detail on the rolling scroll of fame
The way that they won glory. But he never tells his name.
He would die to serve his paper, his life is the price of news;
There is no one to sing his praises, and few can fill his shoes."

Alderman Presho certainly has the confidence of the voters of this city, as proved by his election to the Street Commissionership. He has the faculty of making and keeping friends. As for Alderman Berwin, it has been a pleasure to me to listen to him attentively during the year upon subjects we have had before us for debate. Alderman Colby I esteem very highly, and I am pleased that he has been promoted to the State Legislature, for I know of no man who is better able to look after the interests of the city in the Legislature than he. Ald. O'Toole has faithfully represented his district here in the Board, and I am sure that he will be remembered in the future. As to Ald. Adams and Ald. Codman, from Dorchester, we have been on the best of terms during the year. There is one fact that we have agreed upon, and that is that there is no place in all the world like good old Dorchester. I am pleased to say that Alderman Day will be back again in the Board. East Boston should be proud of him. Ald. Doyle has debated considerably during the year, and I shall be pleased to call here next year and listen to him, because, with the good voice he has, he has the makings of a good debater. Ald. Brick has been ready at all times to debate questions logically in this Board, without any preparation. As for Ald. Dixon, I am sorry that he is absent today,

but am glad that he is coming back to the Board, like the eagle, stronger than ever. As I said before, Mr. Clerk, my associations in the Board during the past year have been very pleasant, and as the years go by I shall look upon this year as one of the pleasantest in my life. May the friendships formed here long continue after we have left this Board.

Ald. BRICK said:—

Mr. Clerk, the valedictory exercises are drawing to a close, and several of the members about to retire have had their last say. I at this time wish to say that I leave the Board with relief and regret—relief, that many of the harassing details incident to the work of this Board, which have been an annoyance and an interference with my business, are to be discontinued; regret, that I am to part with the pleasant company in which I have been placed during the year. There have been times during the year, in the course of debate and in the consideration of various questions before the Board, when my position here, perhaps of a more or less obtuse and stubborn character, has excited feeling against me on the part of other members. I hope they will forgive me and will have for me, as I part with them, the same kindly feeling that I have for them now. I feel in such good humor that I can forgive almost anybody with whom I have been associated here for anything unpleasant that has happened. I can even forgive the representative of the Boston Journal (Laughter.) I extend my felicitations and hearty good-will to the Chair. There have been times in the year when I have differed with him. There have been times when I have thought he did not use me as I felt my position, as the only democratic lawyer here, deserved. Still, that is a matter of which different men take different views; and I wish to extend to him my hearty regards and hopes for his success in the future.

Ald. DOYLE said:

Mr. Clerk, I am pleased to be permitted this afternoon to say a few words in parting with our esteemed Chairman. It has been my pleasure, as his nearest neighbor among the members of the Board, to have agreed with the Chairman on almost all questions that have come up during the year, and I desire to say that my long acquaintance with him has made it seem almost necessary to me that I should agree with him, because of his long experience with matters relating to the city's welfare and his long connection with political life. While he has decided to throw off the cares of state for awhile, I hope that at some time in the near future he will be permitted to return. To the officers and members of the Board, particularly those members who are about to retire, I extend my cordial feelings of kindness. To those who are to remain in the Board with me for another year, I simply say that I hope our relations will be as friendly in the future as they have been in the past.

Ald. DAY said:—

Mr. Clerk, I would also like to second the resolutions. I think the Chairman of this Board has added to the great fame he already had as a presiding officer by the manner in which he has guided our proceedings this year. He certainly has been able and impartial in presiding over the body, and I feel that I owe to him a personal debt of gratitude on account of the manner in which he helped me, as a new member. I found him always ready to assist me in anything I desired to obtain for my district, and I assure him that I feel grateful for it. As to the retiring member from Charlestown, I will simply say that I don't feel exactly that he is retiring. He is going on the floor above, where we can very easily get at him, and I am going to presume on the pleasant relations that have existed between us during the present year to visit him many times in behalf of my district. I only hope that his right-hand neighbor from

Wd. 6 (Ald. Berwin) will also be found on that same floor, in the opposite corner, where we can get at him. I assure him that when he called me a tool of the Board of Strategy he did not make me feel badly. I forgive him freely, and I know that if he thought it would make me feel badly he would not have said it. The alderman from Wd. 12 (Ald. Colby), who is about to retire, is going to assume other duties; but I feel that the loss of his services will be a distinct loss to the City of Boston. I am willing to admit that I have been governed here this year very largely, outside of political matters, by his influence and advice, and the only question during the whole year upon which I feel like apologizing for the stand I took was a question upon which he and I were on opposite sides. The Boston Journal had an article a short time ago, written in a jocose spirit, referring to the gentleman from Wd. 12 as "the first angel" and referring to me as "the second angel." It will be the source of a great deal of pride and satisfaction to me in the year to come to feel that I may at least endeavor to merit promotion to the place occupied this year by the retiring alderman from Wd. 12. (Laughter.) It is not at all settled whether the alderman from Wd. 13 (Ald. O'Toole) is going to retire or not. If we could only find the Commodore and get him to call a caucus, we might get a line on him. (Laughter.) I am sure our relations have been very friendly and pleasant, and, whatever the outcome of that contest may be, I hope we will maintain our friendship during the year to come. The alderman from Wd. 3 (Ald. Brick) is the only member who has made a national reputation (laughter), and I really think myself that subsequent events justify him to a large extent in the stand he took. As for the alderman from Dorchester (Ald. McDonald), I am very sorry that he is going to leave the Board. Perhaps, on account of our political affiliations being the same, I got better acquainted with him and had closer relations with him than with the other two aldermen from Dorchester. But I can assure him that the garbage plant is going to be taken care of in the next Board. I have already been told that, as a punishment for my vote on the question, they are going to put it over in my district, on Apple Island. (Laughter.) To all the officers who have served the City Council I want to give my hearty and sincere thanks for the services they have rendered to me. I can only reiterate what has already been said, and I think they understand that I feel grateful for the aid they have given to me in my work. As far as the members of the body who are to return and who will serve with me next year, are concerned, it is useless for me to say anything except that I really do think the ablest members of the Board are going out of it.

Ald. O'TOOLE said:

Mr. Clerk, I want at this time to extend my sincere thanks for the courteous manner in which our Chairman has treated me during the year. The position of Chairman of any legislative body is very trying, but I think he has used a great deal of tact throughout the year and deserves a great deal of credit for it. It is with sincere regret that I am leaving today members with some of whom I have been associated for two years. I have always had the kindest feeling towards them, irrespective of politics. My friend on the left, from Charlestown, (Ald. Presho), said that when I came into the Board in 1898 and stood on this floor, he thought I was going to be a partisan. But in the next breath he pays me a high tribute. I consider it a very, very high tribute, irrespective of any man's political associations, to do him the honor to say that he has been independent in his action. I believe the City of Boston demands from the republican and democratic members certain

things, that upon certain measures political feelings shall be cast aside for the best interests of Boston, and that each member, irrespective of party, shall vote as his own convictions tell him is right. I have had pleasant relations with both the republican and the democratic members of this Board. While on the impulse of the moment, in the heat of debate, I have always tried not to indulge in personalities. I believe gatherings of this sort, small representative bodies, should be conducted in a way, as family gatherings. I want to thank the City Clerk, City Messenger, the Clerk of Committees, the different attaches of the Board of Aldermen, for their kind efforts in my behalf, and to wish them all a happy and a prosperous future.

Ald. COLBY said:—

Mr. Clerk, I desire to say just a word. It is past my lunch hour and about all has been said that can be truthfully said—and perhaps some things that would hardly be called the truth. I am very glad to second the resolutions as offered. I think the members of the Board feel that, while they may have differed with the Chair on certain points at different times, on the whole the presiding officer has done credit to himself and justice to the members. I know of no greater praise that can be given to a man than to say that he has filled to the best of his ability the position in which he has been put.

I think the Chairman may feel that he has served not only faithfully, but well. I am also glad to extend my thanks to the various officers in City Hall—whom I will not undertake to enumerate—and also to the members of the press. I think that I, in common with my fellow members, am indebted to them for favors shown and for courteous and fair treatment. I am not able to say absolutely with honesty that I feel any very deep regret at leaving, because I am not positively sure that I am not pleased to go—not that I consider, perhaps, that it is any promotion to go from the Board of Aldermen of Boston to the State House. I rather think it is possible for a man to wield a great deal more influence, if he has the time and ability, at City Hall, than it is to do anything of consequence at the State House. At the same time, I have to be honest and to say that there have been certain things which have made more or less friction, and that the work here has not always gone altogether to my satisfaction. At the same time, I don't know that I regret the time spent. I have had some experience and have had a great many pleasant times. My brother lawyer opposite (Ald. Brick) knows that we are here at some pecuniary sacrifice, to say the least, and we hope we can make it up by the experience we have had, which will be of assistance to us in our later lives. Certainly to be brought in contact with so many men in different lines widens our field of experience and knowledge, and I suppose any professional man is indebted to experience for his training. We have now had the experience, and let us go out and see if we cannot profit by it. I hope the pleasant personal relations that have existed between us will, as far as possible, be continued in the future; because, while we have differed on matters of politics and business, I am very glad to say that our personal relations have always been very pleasant.

Ald. ADAMS said:—

Mr. Clerk and fellow members of the Board of Aldermen, perhaps if I had spoken earlier in the session I might have been able to say something which would be of interest to you. But, as it has been my privilege throughout the year to vote first on all roll calls, I decided today that I would wait until others had spoken. The wants of his constituents have been well taken care of by the alderman from Wd. 20 (Ald. McDonald), who retires, and I wish to say that I regret very much his

leaving the Board. He has always worked cordially and heartily with me on all matters for the interests of our section. I know of no occasion when he has tried to block matters or throw anything in my way, even although we have been opponents in the election which has just closed. I have attended, I think, every meeting of the Board this year, and have enjoyed every meeting. But I am frank to say that I have enjoyed none as I have the meeting of today—not because of the fact that so many of our older and able members are retiring, but because I have listened with great pleasure to the honest and sincere remarks from the heart of all the members around this chamber. I am coming back to represent in part my district for another year, with great pleasure. I feel, however, that we will be somewhat handicapped, inasmuch as we come back here this year with only two representatives in the Board, whereas this year, according to Ald. Day, we have had four representatives. I don't think it would be right for me at this hour to take the time to cover the ground as thoroughly as have some of the members who have preceded me; but I wish to say before I sit down that I feel that you, Mr. Chairman, have certainly been the fairest presiding officer that I have ever had anything to do with. I always had some sort of fear and apprehension of Mr. Barry before I became a member of the Board of Aldermen, but I have found from close affiliation with him in matters of business which have come up here, that he is a man of very broad calibre and that he has filled the position to which he was elected, to my mind, with great ability and fairness. I doubt if any member of this Board in retiring can say that he has taken the slightest advantage of his office in any of his rulings. To the clerks, the reporters, the City Messenger, the Clerk of Committees, all officers and officials connected with this body, I wish to extend my cordial thanks for the courtesy which they have invariably extended to me whenever I have asked for any information or any favors.

The resolutions were read a second time and passed by a unanimous rising vote.

Chairman BARRY said:

Gentlemen of the Board of Aldermen:

Recognizing the formality of a vote of thanks, I cannot flatter myself that I am wholly deserving of the tribute paid me by the resolutions which you have just adopted. Nevertheless I accept this testimonial as an indication of your generosity and friendliness, and as a mark of your appreciation of my efforts to serve you with fidelity and to the best of my humble ability. My relations with each and every one of you have been of the most pleasant character, and I shall retire from the Board of Aldermen of 1899 feeling that I have eleven friends who will be dear to me as long as I live.

If anything has occurred in the heat of discussion, if any act has been done, or word spoken, which has marred our companionship, I trust that the same will now be forgotten and that we will remember each other, only as associates who were united with the common purpose of conducting the affairs of our beloved city honestly and conscientiously, in so far as we had it within our power to do so.

For nineteen years it has pleased my constituents to delegate me as their representative to the City Government; and to my fellow-citizens I now wish to make public acknowledgment of the confidence which they reposed in me. I have tried to do my duty towards them, and with the kindly assistance which has always been given me by my associates in this Board, and in the Common Council, I feel that I have accomplished much that has redounded to the improvement of the district which I have represented. My work speaks for itself, and those interested are free to

examine the records of the city departments to learn what I have been instrumental in obtaining for the accommodation, comfort, and education of my people.

I consider myself under deep obligation to the Common Council for electing me five different times as its President, thereby enabling me to claim the honor of having held that office longer than any other incumbent; and I shall always feel indebted to you, gentlemen, for choosing me as the Chairman of the Board of Aldermen, a distinction enjoyed by predecessors who were among the first citizens of Boston.

Under the provisions of the City Charter I have many times been called upon to perform the duties of Acting Mayor of Boston, and to have served in this capacity will ever be to me a pleasant memory.

Entering upon the service of the city when little more than a boy, I feel that I am retiring while still a young man; but I do not wish to have it understood that I am closing my career, for I mean to live in hope that my constituents will see to it that I am again returned to labor for their welfare and for that of the entire City of Boston; I am confident that I still have it within my power to do much more for those who have honored me in the past, and I am sure that my temporary absence from office will convince them of this fact.

My lengthy experience in municipal matters urges me to make this claim; aside from that I do not wish to boast. I have often wished that I had the ability to do more than I have done, but I always felt that I was handicapped by the want of the advanced education now, in our day, so easy of acquirement. Leaving the public school at an early age, I was obliged to go to work; and had it not been for the opportunity afforded me by a private evening school, conducted by a generous-hearted man, I fear that my school training would be hardly worth mentioning. The children and young people of the present day have much to be thankful for, as Boston, first in almost all that goes to make up a progressive city, furnishes without cost every advantage, for those obliged to work, or not so obliged, to obtain an education sufficient to carry them through any ordinary walk in life.

Our Grammar and High Schools for day and evening pupils are without rivals in this country, and hardly any one in the community is under the necessity of being uneducated or untrained.

I trust, gentlemen, you will pardon me for these personal illusions; my apology is that they force themselves on my mind on this occasion when I reflect on the success which has attended me through the kindness and consideration of those with whom I have come in contact during my life. I would gladly pass in review the business which we have attended to during the present year, but I fear that it would be tiresome to you, as you are just

as familiar with it as I am. You will pardon me, however, for alluding to the receptions tendered to Admiral Dewey, and to the Lord Mayor of Dublin and his companion, Mr. Redmond.

These receptions were a credit to the City of Boston, and were an advantage to it also. The presence of Admiral Dewey was an inspiration to patriotism for all who had the pleasure of greeting the noble hero, and the reception to the Lord Mayor and Mr. Redmond did much to continue the friendly feeling which always exists between this country and poor suffering Ireland.

Before vacating the chair I wish to express my regret that City Clerk Galvin has found it necessary to sever his connection with the office which he has so faithfully filled, and to thank him for the courtesy and assistance which he has rendered to me in the performance of my duties as presiding officer of this Board, and I can assure you, gentlemen, that it is a source of pleasure for me to see him acting in his old position today, as City Clerk, which he filled for several years with entire satisfaction to the citizens of the City of Boston. I am grieved at the serious illness of Mr. Priest, the Assistant City Clerk, who has also been of great service to me in my official connection with him; I hope he will soon be restored to perfect health, and will long be able to hold office, the performance of whose requirements has become to him a second nature.

Mr. Dever, the Clerk of Committees, and Mr. Leary, the City Messenger, are worthy of my heart-felt thanks for all they have done for me, as are also the City Hall police officers. The kindness extended to me by the City Hall reporters, and the papers they represent, is fully appreciated, and they have placed me under lasting obligations.

And now, gentlemen, as we are about to separate, I offer you my best wishes for your future success and happiness, and I hope that the official relations which we have had in this Board will be succeeded by an esteem and friendship for each other which will endure throughout our lives.

PRINTING OF PROCEEDINGS.

Ald. McDONALD offered an order—That the opening and closing proceedings of the Board of Aldermen for the year 1899, together with the opening and closing address of the Chairman, and the photographs of all the members, be printed as a city document, and that the Superintendent of Printing be directed to have one hundred copies thereof printed and sent to the present Chairman, David F. Barry, for distribution among the members of the Board; the expense thus incurred to be paid from the contingent fund, Board of Aldermen.

Adjourned, sine die, at 2.17 o'clock, P. M., on motion of Ald. Berwin.

The first part of the report deals with the general conditions of the country during the year. It is noted that the weather was generally favorable, with a few exceptions. The crops were good, and the stock raising industry was prosperous. The people were contented, and there was no serious trouble of any kind.

The second part of the report deals with the progress of the various departments of the government. It is noted that the executive department has been successful in carrying out its policy, and that the legislative department has passed several important laws. The judicial department has also been successful in its work, and the people are satisfied with its decisions.

The third part of the report deals with the financial condition of the country. It is noted that the government has a large surplus, and that the people are able to pay their taxes without difficulty. The banks are strong, and the currency is stable. The government is able to carry out its policy without any financial difficulty.

The fourth part of the report deals with the military and naval forces of the country. It is noted that the army is well equipped, and that the navy is strong. The government is able to defend its territory, and the people are safe from any foreign attack.

The fifth part of the report deals with the education of the people. It is noted that the government has made great progress in this field, and that the people are becoming more educated. The schools are well attended, and the teachers are doing their best.

The sixth part of the report deals with the health of the people. It is noted that the government has made great progress in this field, and that the people are becoming healthier. The hospitals are well equipped, and the doctors are doing their best.

The seventh part of the report deals with the social conditions of the country. It is noted that the government has made great progress in this field, and that the people are becoming more civilized. The laws are being enforced, and the people are becoming more law-abiding.

The eighth part of the report deals with the foreign relations of the country. It is noted that the government has made great progress in this field, and that the people are becoming more friendly with their neighbors. The government is able to carry out its policy without any foreign difficulty.

The ninth part of the report deals with the general progress of the country. It is noted that the government has made great progress in all fields, and that the people are becoming more prosperous. The country is becoming more civilized, and the people are becoming more happy.
